THE LEGION AND ITS WORK

Citizens of Iosco county will not forget the stirring days when our young men left their homes and families to go to the training camps and from there across the seas. The records of her sons are written in blood and sacrifice.

November 11th, 1923, will be five years since November 11th, 1918, when the order "Cease Firing" was given at eleven o'clock a. m. and the greatest celebration in the history of our nation took place, to commemorate the victory of the allied nations.

The veterans of the World War, shortly after the Armistice, organized the American Legion, an organization of the fighting units of our nation. The preamble to their constitution sets forth their aims and ideals and bears repetition here.

For God and Country, we associate ourselves together for the following purposes:

To uphold and defend the constitution of the United States of America, to maintain law and order, to foster and perpetuate a one hundred per cent Americanism, to preserve the memories and incidents of our Association in the Great War, to inculcate a sense of individual obligation to the community, state and nation, to combat the autocracy of both the classes and the masses, to make right the master of might, to promote peace and good will on earth, to safeguard and transmit to posterity the principles of justice, freedom and democracy, to consecrate and sanctify our comradeship by our devotion to mutual helpfulness.

There are three posts of this organization in the county, located at Tawas City, East Tawas and Oscoda. Each one of these posts has been very active since its organization. They have sent representatives to each of the conventions, and several of their members hold positions of trust in the 10th District organization.

The Ladies' Auxiliary has also been very active in the county.

The Legion of Michigan has a children's billet at Otter Lake for the care of children of dead and disabled war veterans. This is financed by the Legion. The Roosevelt Memorial hospital, one of the finest in the country, is another worth while project of the Legion in Michigan. It is pointed out as a model by all the state departments of the Legion in the United States.

The Legion through its organization has been looking after the welfare of all ex-service men and a great deal of good has been accomplished in this respect. The national organization is very strong and has always been under the guidance of well qualified officers.

The posts of the county are doing all they can for the welfare of their buddies in the county, state and nation and have donated liberally in different ways where it would do the most good. They have received fine support from everyone in the county in any affair that they have promoted.

The Audie Johnson Post of East Tawas held their first annual Armistice Party in 1920 and since that time each season has found them making preparations for something better. This year the party will be held at the Community building in East Tawas on Monday night, November 12. A fine orchestra has been engaged and they will also entertain with a carnival and a number of vaudeville acts. This has always been the big party of the year.

WOMEN VOTERS ORGANIZE IN IOSCO COUNTY

The women voters of Iosco county have organized a Local League of Women voters at Tawas City.

The Michigan League of Women Voters is an all-partisan organization for education in citizenship, improved legislation, law enforcement, and efficiency in government. It is not a woman's party nor a political party, but urges members to join party of their choice. It works through a study of government and politics and through investigation, education and co-operation with other organizations.

DEPARTMENT ASKS THAT MAIL BOXES BE PAINTED

The special attention of patrons of rural delivery routes is invited to the need of improving the appearance of mail boxes on these routes. These boxes at the present time, as a rule, present a very unsatisfactory appearance due to the fact that the galvanized or aluminum finish has worn off on account of exposure to the elements to such an extent that the base metal has been exposed and in many cases has rusted. It is the purpose of the department to improve the general appearance of rural mail boxes throughout the country, so that they may be a credit not only to the Postal Service but to the community through which the rural delivery route operates.

It is desirable that the boxes be painted white with the name of the head of family receiving the mail in the box painted on both sides of the box in neat black letters 1 inch in height; also that the painting be done at least once each year. It is requested also that the posts or supports to which the boxes are attached be painted white. This will improve not only the appearance of the boxes but will add materially to the life of the boxes and posts.

It must be distinctly understood that the department will not permit the withdrawal of service from a rural mail box which the owner refuses to paint so long as the box remains weatherproof and a fit receptacle for mail.

RED CROSS ROLL CALL

On Armistice Day begins the enrollment of members in the world's greatest humanitarian organization, the American Red Cross. Armistice Day is Red Cross Sunday, a day when every American citizen should seek the privilege of renewing his membership or of enrolling as a new member of the Red Cross. No better way could be found to express appreciation of this sacrifice made by our service men during the war and since.

The American Red Cross knows better than any organization or individual how many of these men are still making sacrifice through the loss of health, mind and occupation. Caring for these men has been a duty must continue to be one of the chief responsibilities of the organization. Thousands of these men and their families need help, comfort and advice now even more than they did during the war period and the Red Cross is offering you the opportunity through membership of helping them return to normal health and living conditions. The Red Cross needs you because its normal strength lies in its numbers. Therefore when the roll is called in your community, add your name to the Red Cross Roll of Honor to serve humanity. The Roll Call will continue from Armistice Day to Thanksgiving.

TWENTIETH CENTURY CLUB

The 20th Century Club met at the club rooms Saturday, November 3rd. Interesting current events were given in response to roll call. After the singing of "Michigan, My Michigan" by the club, the president, Miss Robinson gave her report of the State Federation, which was enjoyed by all present. Absent members missed a good meeting and very instructive paper.

Next meeting at school house in conjunction with Parent-Teachers Association on Monday, November 12th. Let us show our interest and appreciation by attending.

Something to Think About

By F. A. WALKER

WITH FLYING COLORS

IF YOU wish in your particular sphere of endeavor to reach a destination of more than ordinary importance, press untiringly forward in all kinds of weather.

Let neither heat nor cold deter or swerve you from your purpose when once you have decided your course. Pay no attention to the sneers of the frivolous. Keep your mind firmly fixed on your resolve and march resolutely ahead.

There will be times when you will be exhausted, footsore and discouraged; when opposing winds beat furiously and you seem to lack sufficient strength to make another step forward. When these depressing periods overtake you, sit down and rest awhile.

Ever remember that to get the best it is necessary to give the best. Do not offend those beneath you with gruff words. Be uniformly courteous. Break no promise. Withhold judgment. Be fair in business and keep off the velvet grass-grown plot of your neighbor.

The perplexities that vex your spirit are familiar to all humanity in all walks of life. No one by any manner of means can escape them, but it is possible for anyone to overcome them.

Use your mind. Be a rational being. By patience, well-doing and faith, turn your threatened defeat into victory. Thousands of noble men and women who have passed this way before you, thus obtained mastery over themselves, scarred outwardly with the wounds of battle, but unblemished within.

Use your hands in righteous work; your eyes to look up to the beautiful arch overhead; your ears to hear good; your tongue to praise God and to cheer and encourage others less fortunate than yourself.

Rather than condemn, hold your peace.

Purge your heart of covetousness and hate.

Envy is a useless waste of energy which produces only mischief and misery. The combined envy of the whole world cannot remove a grain of sand or grow a blade of grass.

Be charitable, kindly and industrious in whatever field you may be sowing or reaping.

Nothing is impossible to the man or woman who elects to do these things; and he and she will eventually surmount every obstacle and march triumphantly with flying colors to the long-sought destination.

Mother's Cook Book

Ah! what would the world be to us, if the children were no more? We would tread the desert behind us worse than the dark before.

DISHES FOR THE CHILDREN

THE food that is good for us is not always the kind we like; but the following will be found acceptable to most of the youngsters:

Luncheon Bread.

Mix two cupsful of cooked, warm wheat cereal with a teaspoonful of salt, one-fourth of a cupful of brown sugar, one tablespoonful of shortening, one-half of a yeast cake, mixed with one-half cupful of milk scalded and cooled to lukewarm; mix with the cereal, add three cupsful of whole wheat flour and put another on the molding board. Knead until smooth. Put into a greased bowl and set to rise. When double its bulk cut down and let rise again. Then cut down and add one cupful each of raisins, dates and nuts broken into bits. Shape in loaves, put into two bread pans and let stand until light. Bake 45 minutes. Let stand for 24 hours before cutting.

Rice Pudding.

Take a cupful of cold-boiled rice, two tablespoonfuls each of honey and shortening, one egg yolk and four tablespoonfuls of cold water. Mix well, then add one cupful of pastry flour, two teaspoonfuls of baking powder, a little salt, one-half teaspoonful of almond extract and one-fourth of a cupful of currants. Dust the currants with a little flour. Beat well and bake in greased muffin pans for 25 minutes. Serve hot with honey.

Fruit Cookies.

Take three-quarters of a cupful of shortening, one cupful of sugar, two egg yolks and one-half cupful of milk, one teaspoonful of soda, a little salt, one cupful of seeded raisins plumped in steam, one-half cupful of peanuts chopped, the same of currants, candied cherries and two cupfuls of rolled oats, the whites of two eggs stiffly beaten, and two cupfuls of pastry flour. Mix in the order given out in fancy shapes, decorate with currants and candied cherries and bake in a moderate oven.

Buttermilk Candy.

Mix two cupfuls of sugar, one-half cupful of buttermilk, one tablespoonful of butter, cook to a soft-ball stage, add one-half cupful of nutmeats and beat until thick. Pour into a greased dish and mark off into squares.

RED CROSS HELPS WAR'S SUFFERERS

Aids 200,000 Veterans and Their Families—27,000 Disabled Still in Hospitals.

SPENDS \$5,866,255 IN YEAR

Individual Attention Assured to All Physically Ailing or in Distress.

Washington. — War service five years after the armistice, which on November 11 the American Red Cross marks with the opening of the annual membership canvass, shows that during the past year assistance was extended by the Red Cross to some 200,000 ex-service men or their families. To 130 hospitals throughout the country approximately 75,000 ex-service men were admitted for treatment, and to 63,296 of these men definite and specialized service was extended, the Red Cross annual report discloses. In all hospitals under government operation a total of nearly 27,000 disabled veterans were reported by the Surgeon General of the Army.

These facts of the aftermath of physical and mental disability five years after the World War, and the burden resting upon the relatives and dependents of the ex-service men, show conclusively the great need of the Red Cross to act as a supplementary arm of the government in service to these many thousands of men who wore the uniform of the United States. It should be emphasized that government assistance is necessarily standardized along specified lines affecting them as a whole. The Red Cross service is to the individual man and the solution of his problems. This the Red Cross designates "home service" for its aims to give the loving care and interest of the home to these men undergoing physical reconstitution far from their actual home influences.

Year's Expenditures \$5,866,255

In the year ended last June 30 the Red Cross reports \$3,920,000 spent by its Chapters in extending individual attention to the ex-service men and \$1,946,255 spent by National Headquarters of the Red Cross, a total of \$5,866,255. In behalf of the men called to duty in the World War the Red Cross since July 1, 1917, has spent nearly \$164,000,000. Today there are 2,608 Chapters in as many localities carrying on this work, aiding the individual veteran, assisting his family, furnishing creature comforts and funds to tide over troublesome periods.

The strong connecting link between the Red Cross and the United States Veterans' Bureau takes the complications out of difficult cases of claims. The Red Cross in this work requiring personal representation of the ex-service man has acted in appeal cases, insurance matters, personal and family problems, camp and hospital activities, and in cases of death. This service handled nearly 12,000 compensation and insurance claims, and 2,225 allotment and other claims.

Solves Serious Problem

The financial problem of the ex-service man when traveling to and from hospitals is a serious one, and in meeting this constant demand the Red Cross expended \$138,334.17 during the year. For extra recreational equipment in Veterans' Bureau training centers \$14,306 was spent, and for the blind veterans in the government school funds were supplied to enable some of these unfortunate men to enter business as storekeepers and poultry raisers.

In Veterans' Bureau hospitals the record of a single month illustrates the large service rendered by the Red Cross. For example, 15,504 new cases required attention, and a total of 25,007 cases were acted upon; 49,365 letters and 1,868 telegraph messages written, and more than 1,800 entertainments given in recreation houses for the benefit of the patients.

Authorities declare that the present is a critical time in the lives of many of the disabled ex-service men who during the five years since the armistice have developed misgivings of recovery.

Work Among the "Regulars"

Service to the enlisted men of the Army, Navy and Marine Corps is a charter obligation of the Red Cross, which in the last year recorded over 200,000 cases of assistance extended and 834,420 visits to the sick and disabled. Inquiries by the Red Cross at the request of Government authorities into the home conditions of soldiers, sailors and marines aggregated 17,714, and there were nearly 6,000 instances where the Red Cross located men for their families.

All these activities constituting a single responsibility of the American Red Cross demonstrated during the year that its "war service" in behalf of the veteran and the man enlisted in the nation's defensive arms must go forward unflinchingly and without stint of funds. The work of the last five years has welded a close bond of regard between the men who sacrificed and the Red Cross, whose efforts are praised and indorsed by the veterans' organizations. To do all that can be done to soften the consequences of the hard blows of war is the supreme duty of the Red Cross, to which it is giving its best work and most liberal service.

RED CROSS PLANS FOR COMING YEAR
 Over \$2,000,000 in Fund for War Sufferers—National Budget Is \$5,543,077.

AID TO VETERANS STANDS FIRST
 Expended \$9,738,448 in Services to Mankind Last Year at Home and Abroad.

Washington.—With a budget of \$5,543,077.31 for carrying out the program of service during the current fiscal year, beginning July 1, the American Red Cross announces that this amount was \$4,195,370.41 less than was expended during the fiscal year ended last June 30. During that year expenditures reached a total of \$9,738,448.22, of which amount \$2,605,696.09 was devoted to relief of refugees in Greece who had been driven out of Asia Minor. In announcing the budget for the year, the statement from National Headquarters emphasized the fact that its extensive work at home and abroad depends almost wholly upon the nation-wide support of the organization through enrollment of membership in large numbers during the annual roll call, which will be in progress from November 11 to November 29 under the auspices of the 3,600 Chapters in the United States and throughout the world. These Chapters, it is pointed out, during the last fiscal year expended of their own funds approximately \$3,920,000 in work for the men who wore the United States uniform during the World War, so that the estimate of some \$15,000,000 expended during twelve months by the American Red Cross as a whole is considered conservative.
Soldier Service Stands First
 From July 1, 1917, to June 30, 1923, the American Red Cross spent nationally and through its Chapters close to \$164,000,000 in behalf of American soldiers who served in the war and their families. During last year the figure alone mounted to more than \$5,566,255, and for the current fiscal year National Headquarters has set aside under the heading, "Assistance to Disabled ex-Service Men and Women," \$2,065,834.20. The Chapters will continue to do their part, so that it may be predicted with confidence that again more than \$5,500,000 will be disbursed in the large variety of services to the disabled men and women and their families—services for which the Government cannot provide and which reach the individual case with the sympathy and understanding only actual contact can insure. This work of the American Red Cross approaches the fifth anniversary of the Armistice, which ended the World War with only slight decrease in calls for service in the interest of the welfare and rehabilitation of those who suffered physical disability in the service of their country.
 In the interest of the enlisted men serving in the Army and the Navy the budget provides \$309,020 for the current year. This is obligatory under the Red Cross charter, for the organization must act in matters of voluntary relief and as a medium of communication between the people and their Army and Navy.
Domestic Program Extensive
 The domestic operations of the American Red Cross comprise an accurate indicator of the continuing calls for expansion in all the established and authorized services. The budget aggregates \$4,636,449.70, as against expenditures during the last year of \$4,452,066.20. The abnormal demands in the foreign field in the last several years, however, have largely subsided, and in consequence \$906,628.11 has been set for the 1923-24 budget under foreign operations. On this amount \$394,303.91 is set aside for engagements which will close the work for the refugees in Greece, for whose amelioration \$2,605,696.09 was expended up to June 30, when the American Red Cross withdrew, and the work was taken over under the control of the Greek government. For liquidation and completion of general relief in Europe the budget provides \$100,000, and for American Junior Red Cross projects, foreign and insular, and assistance to Chapters listed under foreign operations.
Ready for Emergency Calls
 The readiness of the American Red Cross to answer immediately with effective service in cases of emergency is an outstanding feature of its program that is universally recognized. During last year \$525,000 was spent for relief in 110 disasters, which was \$207,500 in excess of budget provisions. This year \$400,000 has been appropriated for this service. Since 1881 the Red Cross has administered more than \$20,000,000 in relief work following disasters.
 Other budget items in the schedule for domestic operations include \$1,232,524.20 for service and assistance to the 3,600 Chapters and their branches; \$80,000 for assistance to other organizations, particularly stressing child health activities; \$194,600 for Junior Red Cross projects and service; \$10,824.20 for assistance to Nurses' Training Schools, and for other activities \$111,456.80. For supervision of service activities and general management of the entire American Red Cross less than \$225,000 is allotted.

Have Firm Belief in Devils.
 The natives of Fiji believe firmly in ghosts or devils, pointing in proof to huge indentations in the rocks resembling footprints. Some devils are good, they say, and some are bad. One native told me that the devil on his island was an old man with a white beard, a harmless or good devil, who came out at nights to get plantains. Probably the native had seen some old goat, hence the beard.—New York Tribune.
