MRS. ELLEN DAUGHARTY

Death claimed another one of our pioneers Tuesday, March 3, when Mrs. Ellen Daugharty was called to her eternal rest after a patient suffering of nearly a year.

April 14 she was stricken with paralysis at the home of Rev. and Mrs. Grabbill from which she never recovered and death came as a welcome relief after long weeks of suffering.

Ellen Jane Shortt was born near Toronto, Canada, August 28, 1858 and died at Rogers City, March 3, 1925, age 66 years, six months and three days. December 11, 1879 she was united in marriage to James M. Daugharty, to this union two daughters and one son were born, Mrs. Andrew Cooper and David Daugharty of Rogers City, the daughter, Mrs. Will Carroll, and her husband proceeded her in death three years ago.

In the spring of 1883 she came with the family to Michigan and settled in Reno township and the most of her time since has been spent in this vicinity. After her affliction she was taken to Rogers City to be near her children.

In her girlhood she was converted to the Christian faith and united with the M. E. church and later she united with the Free Methodist church and was a faithful member to the end.

The remains were accompanied from Rogers City Wednesday by Mr. and Mrs. Andrew Cooper and Mr. and Mrs. David Daugharty and son, James, and taken to the home of her nephew, Robert Shortt.

The funeral was held at the Baptist church Friday afternoon, Rev. Grabbill, pastor of the Free Methodist church of Nester, officiating and the remains were laid to rest in the family lot in Reno cemetery.

There are left to mourn her demise, one daughter, Mrs. Andrew Cooper, one son, David, ten grandchildren and six great grandchildren, two sisters and five brothers and a host of other relatives and friends.

Manager "Roxy" Roach has issued a call to the several ball players asking their attendance at a meeting to get started. He expects to have a ball team that will be able to win a great majority of their games this season. His success as a professional manager coupled with his fondness for working with boys should easily bring that result.

LOCAL SPORTSMEN ORGANIZE CLAY-BIRD CLUB

Local sportsmen are organizing a gun club. About 25 members have been signed up so far. Ernest Cecil has furnished the grounds for the club meets at the Tawasville inn. An up-to-date trap has been purchased.

It is worthy of note, that one of the members of the new club, Wilbur C. Roach, won the grand-championship of Pennsylvania in last fall's trap shooting and is rapidly becoming a figure of note in Michigan gun circles.

The Johnstown Daily Tribune, published at his former home town, in speaking of Mr. Roach as a sportsman said: "In all lines of sport, but especially in baseball and trap shooting, Roach has been a leader in the Johnstown-Windber district; a leader whose influence will be felt for a long time to come. He not only has been a leader in the field of competition in sports, but also a leader in organizing and boosting athletics. Roach has been the most active of the group of sportsmen who organized the local trap-shooting association and placed it on a sound basis after the organization was effected."

With a member of the caliber, of Mr. Roach as a sportsman in the organization, the local club can look forward to a successful future.

ARENAC INDEPENDENT TAKES OVER TIMES AN NEWS

Last week The Arenac Independent of Standish took over the subscription lists of the Tri-County Times published at Turner and the Arenac County news published at Omer. E. A. Hull, the publisher of the two papers will eventually locate in the southern part of the state. He has not decided just what place. He said he felt that the Arenac county territory was too small for more than one paper.

The Arenac Independent, published by H. M. Myers and F. E. Perleberry, is one of the best small town newspapers in the state.

FORMER EAST TAWAS GIRLS BECOME FAMOUS

The Whaler sisters, formerly of East Tawas, now of Washington, D. C., have become famous in Washington as swimming stars. Recently their pictures appeared in Washington papers, announcing that the Stars of the canal zone would be seen in action in Washington, and were joining the capital ranks.

The Washington papers quote, "Washington will see in action for the first time since they arrived to take up their residence here, three youthful athletes just separated from the famous Red and Blue troupe of Panama Canal zone swimmers. These three, the Whaler sisters will swim in three different races and are expected to form the nucleus of the relay team. In the 440 yard swim and back stroke, Florence Skading, captain mainstay will be forced to extend herself to keep pace with Ione Whaler, the youngest of the sisters.

"New comers to Washington who will offer strong competition for the honors which the capital team seeks are the Misses Whaler, three sisters, who have been members of the famous Red, White and Blue team of the Panama Canal zone. The first appearance of the Whaler sisters will be in the Y. W. C. A. pool next Wednesday night. They have joined the ranks of the All-Comers team and are out to help defeat the Capital team, hitherto, undisputed girl champions of the district. On Thursday night the Capital A. C. and the Red, White and Blue team will appear again at the second of the tri-club swimming exhibitions at the Congressional Country club.

In the meet last Wednesday Alma Whaler took first place in the 40 yard back stroke and first place in the 40 yard crawl stroke. She also took second place in the free style.

Ione Whaler defeated the South Atlantic champion in the 100 yard back stroke. The girls will take part in exhibition in Washington Thursday evening of this week."

The band and glee club have given concerts at different points in the state this year and are heard over radio every week. The band has been termed, "The Paul Whiteman's of Michigan, by radio fans in the country.

The people of the Tawas will soon have the opportunity of hearing the M. A. C. Glee club as they will be in this city the latter part of March and will give a concert in the Community house.

RE-ELECTED PRESIDENT EAST TAWAS BOARD OF COMMERCE

BOARD OF COMMERCE REELECTS OLD OFFICERS

At the meeting of the East Tawas Board of Commerce held last Monday evening the following officers were unanimously re-elected:

H. N. Butler, president
W. H. Price, vice-president
R. G. Schreck, secretary-treasurer
H. N. Butler and R. G. Schreck have each held their office for four years, and W. H. Price two years.

This meeting proved to be an enthusiastic one. About 50 members were present. Various phases of the work for the coming year were discussed. The organization decided to do some extensive advertising this year relative to the merits of this section of the state as a place for recreation. The new state normal school proposition was discussed. Plans for entertaining the Tri-County Sportsmen's club were worked out. The proposed Huron Shore road was discussed. The highway department has given assurance that the road will be constructed.

The annual reports of the secretary-treasurer were very favorably received. No one realized the amount that has been accomplished by the Board of Commerce during the past year.

In an interview, R. G. Schreck, secretary-treasurer, said that the Board of Commerce never had a brighter future. With over 80 enthusiastic members much progress will be made during the coming year. He said that the Board of Commerce was not only working for the good of East Tawas, but her sister cities and this whole section.

He said that greatest good could come to this section only by co-operation and this the Board of Commerce hoped to receive.

Several business men from Tawas City have become members of the Board of Commerce.

HARRISVILLE WINS FROM EAST TAWAS; SCORE 13-12

In the deciding game between the high schools of East Tawas and Harrisville on Saturday evening, the Northern boys turned back East Tawas by a score of 13 to 12. The game was played at the Oscoda Auditorium and a large crowd followed their favorites to the game. The score was low on account of the close guarding.

Harrisville took the lead in the first half by fast playing and team work. The half ended with Harrisville leading 11 to 8. Although East Tawas held Harrisville to one basket the last half, they were having hard luck with foul baskets and long shots. Siglin was the star of the East Tawas boys, covering all the plays and played hard all the time. Chief Nevitt of Bay City blew the whistle for the boys.

The Why of Superstitions

By H. IRDING KING

THE SPILT WINE

IF WINE is accidentally spilt on the table touch it with your finger and apply the finger to your forehead. It will bring you luck. This could not happen in these days of course. But it might! It is well to be prepared. Anyway it is an old and popular superstition of pre-Volstead days. The superstition is, of course, an inheritance from the days when our pagan forefathers used to begin their feasts by pouring a "libation to the gods." A cup of wine was thrown on the floor, or tossed high and fell back on the table, as a preliminary to the business of eating. It was an offering, a sacrifice, to the gods begging them to be propitious to the feast—a pagan grace before meat. The wine accidentally spilt upon the table represents this "libation to the gods" and by putting your finger in the wine so spilt, and touching your forehead with it, you, by magic of contact, more personally implore the gods for good luck.

"What's in a Name?"

By MILDRED MARSHALL

Facts about your name; its history; meaning; whence it was derived; significance; your lucky day, lucky jewel

PAULINE

PAULINE is a musically pleasing feminine name which is really of itself a diminutive and an endearment. It means little and has a quaint origin, in that it is said to be derived from Paulus or Paulus, the name given to one of the Aemilian gens of Rome, who was small in stature. In Europe, this straightway became Paul, a name made immortal by the splendid saint of that name.

Paula was honored as the feminine of his name and also as the name of the friend and correspondent of Saint Jerome, the mother of Eustochium. Paula is consequently found in Italy and named the heroine of one of the most exquisite romances of history, that of Paula and Francesca.

Paulina is the diminutive of Paola, and Paulina and Paolina are favorite forms everywhere. Spain has always retained Paula and, curiously enough, the Teutonic version is identical with the soft vowel formation of the Spanish. Pauline became more popular than any other form in France for the sake of that favorite grandchild whose Christian name is almost the only one mentioned in Madame de Sevigne's letters. In fact, it is the only form commonly recognized in France, though the sister of Napoleon was called Paulette by her own family. Italy has evolved another form from Paola, which it calls Paolino and the Slavs change the "o" to a "y" and call it Pavlina.

Pauline's jewel is the pearl, which promises charm and goodness and popularity to its wearer. The gem brings good luck and insures friends. Sunday is her lucky day and 4 her lucky number. Her flower is the lily, signifying purity.

CITIZEN'S MILITARY TRAINING CAMPS PREPARING FOR SUMMER TRAINING

Brigadier General Benjamin A. Poore at Headquarters Sixth Corps Area announced the allotment of candidates for the Citizens' Military Training camps to be held in the Sixth Corps Area, which comprises the states of Illinois, Michigan and Wisconsin. Under instructions from the War Department 5600 applications must be secured from the states of Illinois, Michigan and Wisconsin.

Two C. M. T. camps will be established, one at Jefferson Barracks, Mo., for young men from southern and central Illinois, and one at Camp Custer, Mich., for young men from northern Illinois, Michigan and Wisconsin. Four thousand four hundred young men will be trained in these two camps.

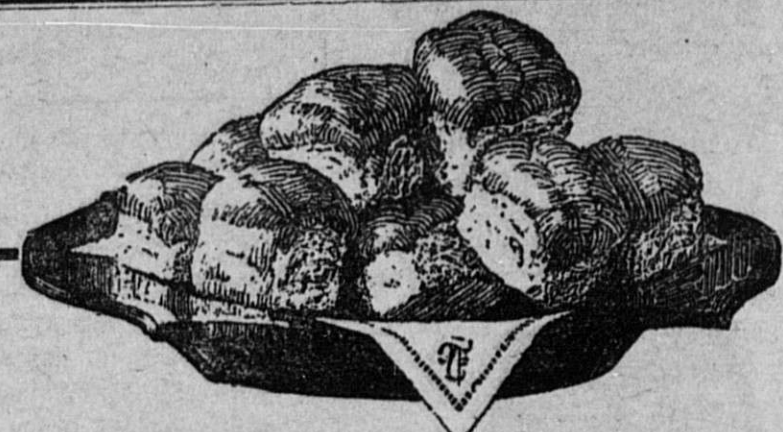

The purpose of these camps is to bring together young men of high type from all sections of the country on a common basis of equality and under the most favorable conditions of outdoor life; to stimulate and promote citizenship, patriotism and Americanism; and, through expert physical direction, athletic coaching and military training, to benefit the young men individually and bring them to realize their obligations to their country. Any healthy, normal young man between the ages of 17 to 24, who is of good character, may attend the camp. The government will pay expenses for young men attending camp, transportation from their home to camp and return, and will provide uniforms, food, medical attention, housing and laundry while at the camp.

This is the fifth year for the Citizens' Military Training camps, which are becoming increasingly popular with young men and their parents, so much so, in fact, that even with the increase in numbers that can be trained, made possible by increased appropriations by congress for this purpose, places for all applicants cannot be provided. It therefore behooves young men who wish to be assured of an opportunity to avail themselves of this privilege to make application at once.

Hard-Working Burglar Forced to Draw Line
Bert met his old friend Bill the Burglar and the two got chatting about things in general.
"I hear you've left your wife," remarked Bert presently. "Why did you do that?"
"Because she was always wantin' me to do somethin'," snarled the burglar moodily.
"What do you mean?" asked his friend.
"No matter how busy or tired I was, she was always naggin' me to do somethin' for her. At last, one night, it was too much."
"How was that?" said the other, interested.
"Well, I came in about three o'clock in the morning," explained Bill, "all worn out from doing too much work. I had opened two strong boxes and finished up by forcing a couple of safes, to say nothing of a vault I cracked earlier in the evening. An' then, when I got in, what do you suppose that woman wanted me to do?"
"What?"
"As I stand here, it's true!" growled Bill the Burglar. "She wanted me to open a box of sardines for her."—London Answers.

Earthworms Valuable
Earthworms play a very important part in the formation of soil. Indeed Charles Darwin demonstrated that they are of incalculable value to agriculture. Angleworms feed on vegetable matter exclusively and in burrowing they take more or less earth into the alimentary canal where it is mixed with the vegetable food of the worm. Nearly all of this passes out with the castings which are always voided on the surface. Thus the worms are continually engaged in spreading a "natural compost" over the land. The process is called the formation of vegetable mold which is fertile both because of its composition and because the worms keep it stirred up and well aerated. Of course many other creatures are beneficial in the formation of soil, but the earthworms are the most important.—Pathfinder Magazine.

Polo Has Long History
There is no game today, with a longer history and one so consistently romantic as that of polo. Over 100 years ago polo was first observed in Persia by early European travelers, like Sir William Ouseley and Sir Anthony Shirley. The latter quoted his forerunner, the Italian Pietro della Valle who, in 1618, had found polo under the patronage of Shah Abbas, and remarked that "It was a favorite recreation of kings and chiefs, and originally, I believe, considered as almost peculiar to illustrious personages." The French traveler Chardin says the Persians played with 30 or 40 on a side, though the Persian miniatures remind us that even three or four-sided teams were common. Another traveler calls it "the game of Canes."

Evening, 7:30, Tawas City. Subject: "Playing Hide and Seek with God."

Thursday, 7:00, Tawas City—Bible study and training class.

Thursday, 8:00, Tawas City—Epworth League.

These are the services for the people and we want you to come and take a part in them. The morning sermon is another one in the series of the "Life of Christ." These services are certainly helping the people to know their bibles better, according to the many words from time to time spoken to the pastor by the people attending these meetings, and this certainly makes one feel that he must give one better every time, and we endeavor to do it.

The evening sermon, you just take particular notice of the subject above for the evening service, and I am sure that it will speak for itself. If you have never heard anything like it before then you cannot do better than be sure and come to the Methodist church next Sunday night. These services are planned for the encouragement of lonely, hardworking people. Discouraged, lonesome, or hard working folks will find a cure for the blues in these meetings. An hour of worship of good cheer, happy singing, cheerful crowds and heartening sermons. Come, and bring your friends.

Young people, don't forget the Friday evening, the 20th inst., because that is the night of our monthly social, therefore, we want you to be present at the young people's meeting on Thursday at the church, and then you will be sure to get in on all these good times that we are having. Remember, we had over 70 out to our last one, and we want this one to be better.

The revival services will commence on the Monday with our week of special prayer. Oh! what a great and splendid opportunity these services will give to every christian to bring one to the Master. Will you please help us?

Rev. George Smith, Minister.
