Off The Beaten Path

The real charm of touring lies in leaving the main-travelled highways and exploring the thousands of alluring side-paths. These dirt roads and trails lead to spots of rare beauty unvisited by the throng—where better camp-sites may be found—finer fishing and lovelier scenery.

In a Ford car, you can enjoy the thrill of exploration and discovery. It is the one satisfactory means of travel for these narrow roads-light —yet so powerful that it will bring you through -easy to handle-sturdy and economical.

It will carry the whole family and the saving in cost often pays for the entire vacation.
