## FIRST LYCEUM NUMBER NEXT FRIDAY EVENING

Tawas City will be favored with high class Lyceum entertainment again this year and will enjoy the program during the winter months through the efforts of the Twentieth Century club. The opening number of the course, sent here by the well known Redpath organization, will be given Friday evening, October 16. It will consist of the American Entertainers.  
This company is composed of Corine Jessop, mezzo-soprano, pianist and reader and Melen Portune, coloratura soprano and violinist. Both are artists of splendid attainments who have had many seasons of Lyceum experience and are known to admirers the country over.  
Their program includes vocal solos and duets, violin solos, costumed sketches, readings and musical monologs. The selections range from strictly classical numbers to the latest popular airs. One of the most popular numbers is the duet, "Indian Love Call," from "Rose Marie." Three numbers from current light operas are given, including songs from "The Student Prince" and "Topsy and Eva."  
The entire course consists of four numbers including the one described above. Now here is your chance to have four evenings of splendid entertainment. **D. & M. MAKES IMPROVEMENTS IN TAWAS CITY**  
The construction crew of the Detroit & Mackinac Railroad company are laying four tracks at the old chicory weighing station for a new car storage yards. The yards when completed will have a 400 car capacity.  
The company has made an excellent improvement on Lake street by constructing a cement sidewalk along their property in Tawas City.

**SUNDAY SCHOOL GATHERING IN DETROIT NOVEMBER 3-5**  
Dr. Daniel Webster Kurtz, president of McPherson, Kansas, is to be one of the chief lecturers at the great state wide Sunday school gathering to be held in Detroit, November 3-5, under the auspices of the Michigan Sunday School Council of Religious Education. Four thousand Sunday schools from all parts of Michigan will be interested in this event, and in this important announcement.  
Dr. Kurtz won 2500 friends in Michigan at the time of the Kalamazoo State Sunday School convention in 1921, at which time he gave a series of lectures on Christian Doctrine, concluding with his most popular message, "The Symphony of Life."  
Included in his Detroit lectures will be "The Problem of Peace" and "The Symphony of Life."  
Dr. Kurtz will not be alone. He is paralleled in the realms of the spiritual messages by Dr. Charles R. Erdman, National head of the Presbyterian church in the United States. A man of unusual spirit and a spokesman of the great church he represents.  
Plans are now well laid by the Detroit committee for a creditable entertainment of the big meeting. It is expected that at least 1500 will attend from outside of Detroit. Seventeen Protestant Evangelical denominations are cooperating in the council and its activities.  
Each county has a convention booster and a quota of delegates to secure. Iosco county's booster is J. H. Nisbet, of Tawas City. All registrations, requests for lodging and reduced railroad rates must pass through this person's hands. Mr. Nisbet says that this convention will provide an abundance of help for all Sunday school leaders in the county, and that it is his purpose to have a full quota present so that the benefits may be obtained for local use.

## They're Not All in Pittsburgh

## SUPERVISORS TO MEET MONDAY

The members of the board of supervisors for Iosco county will meet Monday, October 12, for the regular October session. The principal business of this session will be spreading the 1925 taxes.  
Act No. 69, Public Acts of Michigan, session of 1925 contains a provision that the board of supervisors shall not audit or allow any bill claim or charge which shall not have been filed with the county clerk on or before noon the first day of any regular meeting of the board.  
This appears to be for the purpose of avoiding the hurried or careless consideration of bills which in the past have sometimes been submitted just before the adjournment of the body.

## COUNTY SUNDAY SCHOOLS HOLD EXCELLENT RALLIES

Two splendid Sunday school rallies were held in the county last week, one in Wilber on September 29 and one in Alabaster.  
Eleven schools of the county were represented. The afternoon work was presented by the heads of the departments in a very creditable manner. The representatives of the schools seemed deeply interested in this phase of the work. In the evening two addresses were given, one by Rev. C. E. Edinger on "Jesus, the Master Teacher," and the other by Rev. Joshua Roberts on "Educational Evangelism." In Alabaster the same program was carried out, only the evening addresses were given by Rev. H. Z. Davis, on "Community Sunday School Spirit," and Rev. J. J. Strike, spoke on "Value of Christian Education to a Community."  
The ladies of Wilber and Alabaster served supper in their churches to the delegates.  
These were the most successful rallies ever held in the county. The quartette from the M. E. church, Tawas City, sang at Wilber and was greatly enjoyed.

## TAWAS CITY SCHOOL NOTES

There was an error in the paper last week in regard to enrollment. It should have read 53 instead of 33. This is test week and everyone is busy. Our new song books to supplement the old ones have come and all the students enjoy singing.  
Mrs. Moeller was absent a part of this week as she accompanied her husband to Ann Arbor.  
Listen parents, perhaps you may hear the strains of Orpheus coming from the high school. If our much talked orchestra can be put across. Every parent ought to boost this plan, who knows but what there might be a Sousa in our high school. We already have four students with violins and one with a horn. There are four students who wish to buy or rent.  
Seventh and Eighth Grade  
This being the fifth week of school we have been taking our examinations. The results make it plain to some of us that we must work harder in order to pass.  
Mrs. Bigelow visited our room on Wednesday afternoon but we were taking examinations. We extend an invitation to all parents and others to visit us.  
In the department contest which began between the fifth and sixth and seventh and eighth grades, we are taking the lead at present but we realize that we must work to keep it.  
In the attendance contest which began Monday between the same two rooms, we are ahead as we have had no absences as yet. We ask the cooperation of our parents in order that we may keep this record if possible.  
We went on the hike we planned for Saturday. We expected to go to Lake Solitude but it was farther than we expected. Everyone had a good time and we expect to take another soon.  
The new song books have arrived and everyone has a copy now.  
Fifth and Sixth Grade  
We are having our examinations this week. Some of us have found out that we need to study more if we want to pass.  
Report cards will be given out next week. Each pupil is asked to get his report card signed and to return it the following day.  
Our contest in attendance started last week. So far the seventh and eighth grades have had no absences while we have had two, both on account of illness.  
We have organized a "Wide Awake Club" in our room. Our aim is to promote better health. We have decided that poor health is a great hindrance to us in our school work. The following officers were chosen: President, Ellwood Daley; secretary Sarah Brown; treasurer Junior Mark. Third and Fourth Grades  
Ernestine Cecil is back in school after a weeks illness.  
Mrs. Lloyd Van Horn visited our room Wednesday morning.  
We have been reviewing our first (Continued on last page)

### Got Idea Worth While

The saw is said to have been invented in ancient Rome by a man named Talus. He came upon the jawbone of a large snake, and employed it to cut through a piece of wood. He then formed an instrument of iron similar to the snake's jawbone and this was the first metal saw. Sawmills came into existence in central Europe early in the fifteenth century.

#### Cats Without Tails

In most Manx cats the tails are re-  
presented merely by a tuft of hair with-  
out any remnant of bone. This strain  
is met with in many parts of Russia  
and there is a very general opinion  
that it originally came from Japan.  
Unless the jungle cat which is a nearly  
whole-colored species, can claim the  
position, the ancestry of these Manx-  
Malay cats is still unknown.

### The Planet Mercury

Mercury is the smallest planet, and  
the nearest to the sun. Owing to its  
proximity to the sun it is difficult to  
see it with the naked eye. Its mean  
distance from the sun is 36,000,000  
miles, while that of the earth is about  
94,000,000 miles. Mercury completes a  
revolution of its orbit in 88 days;  
it is about 3,000 miles in diameter;  
and its mass is only about one-eigh-  
teenth that of the earth.

Night driving strain, the blind insecurity

Daytime visibility every inch of the way!  
Bright light all the time! A simple control
