This is one of the finest high schools in the state. It has a seating capacity of 2,000 and costs one million and one-half dollars. We congratulate Miss Nickless.

HENRY KANE SUCCUMBS TO LONG ILLNESS

Henry Kane died at Harper hospital in Detroit at 8:00 o'clock on Wednesday morning, October 14, after a six months illness. Mr. Kane contracted a heavy cold in Washington enroute from Florida where he and Mrs. Kane had spent the winter. In April he suffered an attack of pneumonia after which he had a relapse but was unable to overcome the disease. Mr. Kane has been a patient in the Henry Ford hospital and Harper hospital ever since he went to Detroit a couple months ago.

Henry Kane was born August 15, 1863 in Canada. He was united in marriage to Veronica Palms at Harbor Beach about 37 years ago. One daughter, Pearl, was born but died when she was seven years old. He is survived by his wife, four sisters, Mrs. Collie Johnson of this city, Mrs. Mary Gillem of Detroit, Mrs. Delia Frieze of Detroit and Mrs. John Kelly of this city and one brother, Chas. Kane, also of this city.

Mr. Kane was well known throughout this section of the state. For the past 28 years he has conducted various businesses in this city. At one time Mr. Kane and Collie Johnson ran a meat market in the brick store which was destroyed by fire several years ago.

He conducted the old Bay Side hotel for several years and in 1909 he purchased the Darling building and remodeled it into the present Hotel Iosco. After seven years he sold the hotel to Wm. Allen.

Mr. Kane was a pioneer in the auto sales business from which he retired a year ago, disposing of his garage and business to W. C. Roach.

Funeral services will be held at 9:00 o'clock Saturday morning from the St. Catherine's church in Detroit.

Mrs. Kane and other relatives have the sympathy of their many friends in their sorrow.

ROACH AND MAIN PURCHASE ALCONA FORD AGENCY

W. C. Roach and Miles Main have purchased the stock and business of the Alcona Ford Agency of Harrisville from Carl M. Lund. The deal was consummated last week. They have leased the building until spring, when a new 50x100 building will be erected either at Harrisville or Lincoln for the agency. The business under the new management will be known as the Alcona Ford Sales. Miles Main has taken charge of the plant.

The acquirement of this property gives Mr. Roach a Ford sales territory of about 50 miles. Five Ford service dealers have been established in this territory for the convenience of Ford owners. They are: Carl Reibow a Glennie, Chas. Hennigar at Oscoda, Peter Medor at Lincoln, W. H. Pringle at McIvor and R. D. Brown at Hale.

Mr. Roach says that the New Ford is proving very popular with car purchasers, especially the new closed bodies and that prompt deliveries are assured.

MR. AND MRS. M. E. FRIEDMAN TO RESIDE IN DETROIT

M. E. Friedman announces this week that he is retiring from active participation in his business at Tawas City. Mr. and Mrs. Friedman will go to Detroit where they will reside for the future. Mr. Friedman is interested in Detroit real estate.

Jas. Leslie, owner of the Jas. Leslie Oil Co., has been engaged by Mr. Friedman, and he with Hymie Friedman will conduct the Friedman store. The Leslie family will occupy the Friedman residence. Henry Thompson of Whittemore will manage the retail station of the Jas. H. Leslie Oil Co., otherwise the ownership and management will be retained by Mr. Leslie.

Mr. and Mrs. M. E. Friedman have been in the mercantile business at Tawas City for forty years. During this long service they have made many friends throughout the county who regret to see them leave the city. Many of these friends have been continuous patrons of the Friedman store during the forty years.

Mr. Friedman says, "At this time I wish to thank our friends throughout the county for their patronage during our long period of business at Tawas City. We regret to leave our many friends. The Tawas and Iosco county will always have a warm spot in our heart."

Mr. and Mrs. Friedman leave for Detroit the first of next week.

EMIL KRUEGER DIES; WOUNDED BY SILO FILLER

Emil Krueger, 24 year old son of Mr. and Mrs. Carl Krueger of Baldwin township, died Wednesday as a result of injuries received when the fan wheel broke on an ensilage cutter Tuesday afternoon.

The young man was feeding the ensilage cutter while filling a silo on his father's farm. The tractor running the cutter appeared to be lagging and he walked back to the side of it to make adjustments. The idling machine gained momentum and the fan wheel broke, a piece crashed through the tractor wheel near which he was standing, hitting his legs. One leg was broken and mangled and the other badly injured. Mrs. Krueger applied a tourniquet to the broken leg and he was rushed to Dr. J. W. Weed's office at East Tawas. Dr. R. C. Pochert was called and the leg was amputated and the wounds dressed. Although the loss of blood was great it was thought he would live.

He was taken to the home of Mrs. August Brown. He passed away at about nine o'clock Wednesday morning.

This came as a great shock to the parents and many friends of the young man. The father had been in Detroit. While there he became unwell and hurried home. The car bringing Mr. Krueger home passed the one carrying the wounded boy to the doctor's office a short distance from the Krueger home. When Mr. Krueger arrived at the house he found Mrs. Krueger had collapsed from the terrible nervous shock.

Emil Augustave Krueger was born August 30, 1901. He was an electrician and had been employed at the Buick factory at Flint for the past three years. He came home a week ago to spend his vacation and help with the farm work.

He is survived by his parents, five brothers, Albert, Leo, Louis, Harry and Clarence and one sister, Beulah.

The funeral services will be held at one o'clock Sunday afternoon at the home and at two o'clock at the Emmanuel Lutheran church, Tawas City.

The many friends of the bereaved family sympathize with them in their sorrow.

CHRIST EPISCOPAL CHURCH REMODELED

The friends of Christ Episcopal church will be pleased to know that there have been many improvements made upon the church property during the past summer. The building like many others in Northern Michigan, sat upon cedar posts. The extension of the sewer west on West-over Street made possible the utilizing of a basement story under the entire structure.

Last spring the cement contract was let to Leslie Nash and a fine 8 foot basement under the Auditorium part and 10 feet high under the Chancel part of the church is now complete. For the present the Guild hall will be in the 10 feet end of the hall. At a future date when the present hot air plant is changed for a steam plant, another commodious room will be added to the Guild hall. The plans provide for a kitchen, Guild room, chair room and church parlors with equipment for a modern Sunday school. All will come as rapidly as they can be financed. The parish is happy that it has already done what it has.

The new Guild hall is to be named in honor of the Rector, who worked so nobly for the building of the church. It is to be called the R. T. W. W. H. Memorial Guild hall.

The heating plant is reinstalled and services will be resumed this coming Sunday as usual. The Woman's Guild announces the "Hallow'en" supper this year as usual.

All members of the congregation are urged to attend divine service at the official "Home-Coming" service next Sunday at 10.30 a. m. Those having no church home in the Tawas will find a hearty welcome awaiting them at Christ Episcopal church.

Deceptive Grades
 The Los Angeles chamber of commerce says that the grade at the Magnetic Hill near Hollywood is an optical delusion. While it appears that it is an upgrade, it is in reality a 2 per cent down grade. Such cases of deceptive grade are common in mountainous country. Irrigation ditches viewed from a distance some times appear to run up hill.

Animal Species
 The biologist, Hunter, estimated that there were 518,000 species in the animal kingdom divided into 18 classes. The different insects are numbered 800,000 or over two-thirds of the total number of species in the animal world. There are 13,000 fishes, 1,400 amphibians, 3,500 reptiles, 13,000 birds and 8,500 mammals.

Offensive Gases
 Strictly speaking there is no such thing as sewer gas. The principal gases formed by the decomposition of sewage or other organic matter are methane, carbon dioxide, nitrogen and sometimes hydrogen sulphide in varying proportions. Most of the gases are inodorous, but hydrogen sulphide even in small quantities is offensive.

Lunatic an Author
 A series of short stories, said to be exceptionally clever in their human appeal, which are to be published soon in England were written by a woman inmate of an insane asylum. Authorities at the asylum said the woman appears normal when writing fiction but that when not thus engaged she is violent on subjects her friends consider serious letters. Her name was not disclosed.

Inspiration From Prayer
 On all my expeditions, prayer made me stronger, morally and mentally, than any of my nonpraying companions. It did not blind my eyes or dull my mind, or close my ears; but, on the contrary, it gave me confidence. It did more: It gave me joy, and pride, in my work, and lifted me hopefully over the 1,500 miles of forest tracks, eager to face the day's perils and fatigues.—Henry M. Stanley.

MORTGAGE SALE

Default having been made in the conditions of a certain mortgage made by Andrew Neil Crosbie (sometimes spelled Crosby) and Bertha E. Crosbie, his wife, to Baly McKay & Company dated the 20th day of April A. D. 1922, and recorded in the office of the Register of Deeds for the county of Iosco and state of Michigan, on the 27th day of April A. D. 1922, in Liber 21 of Mortgages, on page 428, which said mortgage was duly assigned on October 23rd, 1924, to Simon N. Pratt, said assignment being recorded in Liber 26 of mortgages on page 295 on which mortgage there is claimed to be due at the date of this notice, for principal and interest the sum of nine hundred eighty-nine and sixty one hundredths dollars and an attorney's fee of twenty-five dollars, as provided for in said mortgage, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage, or any part thereof.

Notice is hereby given, that by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, on Saturday the 12th day of December A. D. 1925 at 10 o'clock in the forenoon, the undersigned will, at the court house in the city of Tawas City that being the place where the circuit court for the county of Iosco is held, sell at Public Auction, to the highest bidder, the premises described in said mortgage, or so much thereof as may be necessary to pay the amount so as aforesaid due on said mortgage, with seven (7) per cent interest, and all legal costs, together with said attorney's fee, to-wit: The north half (1/2) of section thirty-four (34), township twenty-two (22), north range five (5), east, containing eighty (80) acres of land more or less.

Red Indian Chemistry

The Indians are said to have been the first chemists in America. They had wonderful methods of making flint arrow heads, spears and knives by using a piece of bone scoured or soaked in ashes and water. They tanned hides, made glue from fish scales, waterproofed canoe seams with pitch, tempered clay for pottery and dyed clothing.

This is report card week, parents. Did you see your child's card?

At baseball practice Monday, the ball slipped through Martin Schlechte's glove finding a resting place on his eye. Looks bad for Martin.

Seventh and Eighth Grades

The report cards have been given out for the first five weeks.

Dorothy Cooke, who has been in our room for the past three weeks, has returned to Holland.

We are pleased to have our new globe and maps up. They will be a great help in our room.

The seventh grade pupils are making bird books. We expect this to widen our knowledge of birds besides giving us some subjects for composition work.

We are making Hallowe'en posters which we expect to use in our room for our Hallowe'en party.

Fifth and Sixth Grade

We have a new set of "Compton's Pictured Encyclopedias for our room. We have always enjoyed Compton's Pictured Newspaper, so we all feel sure that these new books will be very interesting and useful.

We are making Hallowe'en posters. Some of the boys and girls are proving to be real artists.

Report cards were given out on Wednesday. The marks were not as good as we would like them to be. We are all determined to do better this month.

We have a new globe. It proved to be very useful the first day it was put in the room.

Third and Fourth Grades

Lois Cooke, who has been in our third grade, has returned to Holland.

We are very much pleased with the new globe which has been placed in our room.

Marion Benson entered the fourth grade Monday.

There are now 28 in the fourth grade.

Primary Room

Report card week. The following children being neither absent or tardy since school started are: Beginners—Isabel Dease, June Holloway, Betty Mark Holland, Harvey Hempert, Doris Webb, Golden Zeihl. First grade—Phyllis Bigelow, Laurine Frank, Laurie Frank, Walter Zollweg. Second grade—Reta Koepke, Gordon Myles, George Tuttle, Arthur Zeihl.

WARD SCHOOL NOTES

This is report card week. The third grade had their first examination last week.

George McDonald, Mina Brown, Allen Rouiller and Willard Wright visited our school last Thursday morning.

We have been learning songs about Columbus and Jack Frost. The second grade are learning the poem "October Party."

The hygiene class made posters. The First B's started on their third story Monday.

We are busy making Hallowe'en decorations for our room.

We started out with several tardy marks this month. We hope we will have no more.

Where "Tabby" Comes From

It may interest your readers to know the derivation of "tabby." It was a name first given to watered silk which came from the town of At Tabbi in Arabia. Tabby cats were so called because of the resemblance of the markings on their coats to the "watering" on the silk.—Letter to the Spectator.

French Literary Feast

Peter of Ilga, a noted French churchman of the Twelfth century, made a summary of the Bible in 15,000 verses, divided into 23 sections, in each of which he eliminated one letter of the alphabet.

Use Old Newspapers

Newspapers make an excellent crack filler. Cut the papers fine and soak them. Make a paste by boiling one pound of flour in three quarts of water and add one teaspoonful of alum. Roll the shredded newspaper in this mixture until it becomes the consistency of putty. Force this into the cracks with a blunt knife. When it becomes dry stain or paint it to match the boards and you will have a smooth surface.

He Puts 'Em to Sleep

An inventor in Cheshire, England has produced a machine which is said to be a sure sleep producer. The machine throws a series of 12 different colored light rays across the insomnia victim's face, putting him to sleep in fifteen minutes, the inventor claims.

Lamp Burned Long

A funeral lamp placed, in the year 15 B. C. in the tomb of Tullia, daughter of the great Roman orator Cicero, and wife of Diabella, is said to have been kept burning constantly for 1,500 years.

Wondrous Gold

"Gold is a wonderful theater of the understanding. It dissolves every doubt and scruple in an instant. It accommodates itself to the nearest capacity, silences the loud and tremulous and brings over the most obstinate and inflexible."—Addison.

Frogs and the Weather

As long as frogs remain yellow in color nothing but fine weather may be expected. Should, however, their coats begin to assume a brown hue it is a sign that bad weather will shortly arrive.

Largest Snake

So far as we can ascertain, says the Washington Star, the largest snake exhibited in the New York Zoological park was one shown about ten years ago. This was a python from the Malay peninsula, weighing 265 pounds and measuring 24 feet in length. At the present time the Washington Zoo is exhibiting a 25-foot python but weighing less than the one mentioned.

Real Economy in Transportation

for Economical Transportation

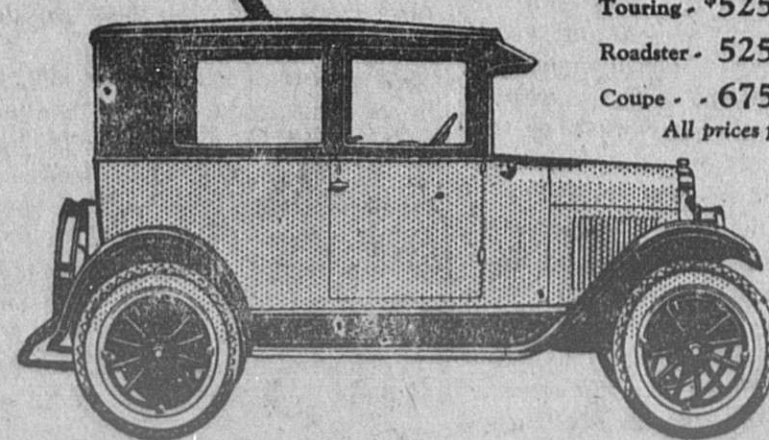

Quality is the biggest factor in economy;
 Quality determines the pride you take in your car;
 Quality determines whether the price you pay is economical or uneconomical;
 Quality, the finest you can buy in a low priced car, is provided by Chevrolet.

The quality built into a Chevrolet assures economy from the time of your purchase through the entire life of the car.

Study Chevrolet quality in relation to Chevrolet cost—then you will realize that Chevrolet prices are unusually low. The experience of over two million owners has proved that Chevrolet cost of operation is small—that the motor gives a high mileage with a low consumption of gasoline and oil. Come to the Special Exhibit this week! It shows how quality is built into Chevrolet. Come—and find out for yourself how remarkable a value you obtain in a Chevrolet because of its "Quality at Low Cost."

The Better Buick is a Man-sized Motor Car

The 3-Passenger Country Club Model

People appreciate a smart-driving, easily-handled, but full-sized, man-sized car. The Better Buick for instance.

Each Buick model seats its capacity of full-grown people—in relaxed ease—without cramped legs or necks. Tall people, especially, enjoy its extra head-room and leg-room.

American men and women are above the average stature. And a smaller car than Buick is apt to be tight-fitting, low-ceilinged, crowded!

Drop in and try the ample, arm-chair comfort of a car that is right in size. Bring some of your six-footer friends. You will find another big reason why Buick is so widely considered a better motor car—another reason why there are a million and more enthusiastic Buick owners.

Or telephone, and we will send a Better Buick to your home, or office for you to try.
