EMIL KASISCHKE

Emil Kasischke, for 40 years a resident of this city, passed away Wednesday morning, January 4, at 11:30 o'clock, after an illness of about two and one-half months. He had been failing in health for some time, dating back to an operation about one and one-half years ago. After another operation on October 20th last, his condition became critical, gradually resulting in his death. Cancer was the cause of death.

Emil Albert Kasischke was born February 10, 1880, in Pommern Germany, and was 47 years, ten months and 25 days old at the time of his death. In the spring of 1888 he came to America with his parents, who located at Tawas City, where he spent the remainder of his life, with the exception of five summers spent at St. Joseph, Michigan. He was united in marriage on May 15, 1904, to Emma Timreck of Tawas township. To this union five children were born, Emil, Jr., Walter, Doris and Martin, the fifth, a daughter, having passed away in infancy. He had been an employe of the Detroit & Mackinac Railway company for approximately 25 years.

He is survived by the wife and four children; three brothers, Charles Kasischke of East Tawas, Otto Kasischke of Cincinnati, Ohio, and Ernest Kasischke of this city and one sister, Mrs. Otto Look of Tawas City.

The funeral services will be held Sunday afternoon at two o'clock from the Emmanuel Lutheran church.

GROFF—HASS

A pretty wedding took place on Thursday evening, December 29th at 7:00 o'clock, when Miss Ella Johana, daughter of Mr. and Mrs. Gustav Groff, and William Hass, son of Mr. and Mrs. Julius Hass of Pembroke, Canada, took their marriage vows. Rev. Frederick Kolch of the Grace Lutheran church performed the ceremony.

They were attended by Mrs. Minnie Hill of Akron, Ohio, sister of the bride, and Arthur Hass, brother of the groom. The bride wore a gown of white taffeta and chiffon, silver slippers, with hat to match, and carried a shower bouquet of brides roses and lilies of the valley. Mrs. Hill was attired in a gown of pink georgette, with hat to match, and carried a bouquet of American Beauty roses.

After the ceremony, a reception was held at the home of the bride's sister, Mrs. James M. Lee, to immediate relatives and friends. Dinner was served at 8:00 o'clock, the table being tastefully decorated with flowers and silver streamers, and centered with a large wedding cake.

After a most enjoyable evening, the guests parted at a late hour, wishing the newlyweds a long and happy married life. They will make their home in Detroit.

SCHOOL NOTES

High School

During the last month the Juniors again led in percentage of attendance, followed closely by the Sophomores and Seniors. The Juniors had a percentage of 97.8, Sophomores 97.3, Seniors 97.2, while the Freshmen were last with 95 percent. The percentage of the entire high school was 96.8.

The following students have a perfect attendance record to date, being neither absent nor tardy this school year: Ferris Brown, Elvera Kasischke, William Leslie, Martin Mueller, Luanna Phelan, George Roach, Howard Swartz and Beulah Wojahn.

The Senior class has begun practice for a class play, "Deacon Dubbs" which will probably be given the last of February.

All of the teachers, and most of the pupils, were on hand when school resumed Tuesday morning, January 3. The members of the faculty spent the vacation in the following places: Miss White with relatives at Holland; Mrs. Anschuetz at her home in East Tawas; Miss Hardies at her home at Rogers City; Miss Frazier at her home in Lowell; Miss Terwilliger at her home in White Cloud; Miss Crosby at her home in Owenton; Miss Williams at her home in Owosso; Mr. Forsten at his home in Holland; Mr. Giddings with relatives at Woodland and Hillsdale.

We desire to suggest that parents cooperate with the school in order that the pupils who live in the city do not unnecessarily carry their dinners. We realize that it may be necessary for small children, who live at a distance from the school building, to carry their dinners in cold weather, but the walk home at noon is certainly good exercise for the healthy boys who are eight or nine years of age and above. We believe too, that a well cooked dinner is of more benefit than a lunch. Last, but not least, if the pupils go home for dinner they are not causing a disturbance during the noon hour while the teachers are away from the building.

Seventh and Eighth Grades

Most all of the pupils were at school Tuesday morning to begin work after the vacation. Orval Brown did not get back until Wednesday and Rose Watts has not joined us yet.

The pupils of the eighth grade are drawing maps illustrating the different campaigns in the Civil war.

Fifth and Sixth Grades

The sixth grade began the new year with 100 per cent attendance.

Nyda Moore is the only one absent because of illness, since vacation.

Arlene Leslie and Erma Ziehl are the only two of the fifty-seven in our room who earned spelling prizes. Each had a perfect record during the month of December. Geraldine Fox missed but one word.

We are sorry that Raymond Yanni is leaving.

Clifford Boomer says it isn't necessary these days to go to South America to get Chile.

Reta Hosbach, Janet McLean, Kathleen Davis and Buddy Leslie attended our Christmas party.

My New Year's Resolution
Are to help people in distress,
And not go stealing and swearing,
Or get in any mess.

I'll help my mother always,
I'll help my father too,
I'll save up all my pennies
And buy me something new.

I'll keep as clean as possible
With my clothes all brushed so neat,
And be as polite as can be
When I am on the street.

I'll be kind to all my playmates,
And my brothers and sisters dear,
I'll try to keep these resolutions
Throughout the long, long year.

This poem was written by Kenneth Frank who is ten years old and a member of the sixth grade of Tawas City high school.

Third and Fourth Grades
Four new pupils entered school Tuesday. Alberta and Vera Herman from Oseoda are in the fourth grade. Billy Scrivner from Flint and Delbert Monroe from Millington are in the third grade.

The third graders won the arithmetic contest which we were working on during December.

We are sorry to say that Lyda Moore and Patricia Braddock have been kept out of school on account of illness.

Primary Room
We are sorry to have Bilinda Yanni leave us. She moved with her parents to Bridgeport.

Thelma Herman entered the second grade, Martha Herman and James Scrivner entered the first grade on Tuesday. That makes our membership 39.

Old Marine Policy

Marine insurance is really older than the Christian era. Lloyds still possesses a copy of a policy (not its own, of course) dated 1680. This was believed to be the oldest marine policy in existence until, six years ago, a document dated 1536 was found.—Exchange

GOOD THINGS TO EAT
THE time was when the prune was considered beneath the notice of any but the very poor. Times have changed all that, and now the prune is well-established as a choice fruit with the high price.

One reason for the old idea of prunes was the manner in which they were served—carelessly cooked and served.

As the price is higher, the fruit is better appreciated and we are learning how to bring out all the flavor and deliciousness.

The long soaking and then slow cooking in the same water, washing them well first, results in a flavor and sweetness that needs no sugar for the real prune lover.

After they have been thus prepared serve them (three or four) in a nest of lettuce with a sprinkling of nuts if desired, and a good French dressing. Such a salad is so easy to prepare and so well liked that it will be often served, when once tasted.

Announcing The VICTORY SIX BY DODGE BROTHERS

The Victory is radically new, radically different and thoroughly original—is literally years ahead of its time in many vital features.

It compares with no other car or class, because NO car, either here or abroad, provides features that are comparable. To enjoy these advantages you must buy THIS car, for elsewhere they simply do not exist.

Revolutionary New Principles of Design

1. For the first time since the invention of the automobile, the chassis and body of The Victory are a single integral unit—the wide, deep Victory chassis frame, flush with the lines of the body, replaces the customary body sills. (Heretofore, the body was mounted on a sill and both in turn mounted on the chassis.)

2. For the first time in history, battleship construction (i. e., double steel walls) is here applied to the motor car.

Spectacular Performance

The results of these, and other basic innovations are astonishing in their effect on every phase of motor car value; beauty, comfort, safety, strength and most impressive and important of all—performance itself.

With chassis and body a single unit, there are 330 fewer parts—175 pounds less weight—and an extremely low center of gravity.

The results are greater motor efficiency—increased power—quicker pick-up—reduced fuel consumption—greater stability and flexibility in relation to load—an easier car to handle—a faster car to drive!

Drive over cobbles and await the usual discomfort—it will never occur! The Victory is the smoothest riding car, for its type, ever built.

\$1095

4-DOOR SEDAN, F. O. B. DETROIT

Safe, Strong and Stable
Because the chassis frame conforms precisely with the body lines—and because of the car's low center of gravity (weight close to the ground) The Victory is remarkably stable—tipping, skidding and swaying are reduced to a point positively negligible!

And the double steel walls mean double protection in case of accident—double the safety of any type yet known. A staunch body, with doors that close with a substantial and non-metallic snap.

Quiet and Comfortable
The aim of all engineering is simplicity, for simplicity means economy—strength—SILENCE. There are only 8 major parts in The Victory body—and they are welded into a single unit. Not a joint to squeak or rattle. A silent body.

And Dodge Brothers powerful new six-cylinder motor—specially engineered for The Victory—preserves this luxurious quietness at all speeds.

A Car of Striking Beauty
Body and chassis built as a single unit—without the customary body sill—permits lower over-all height with liberal headroom and road-clearance.

Splash shields, a constant source of noise, are replaced by the wide, deep Victory chassis frame. Upholstery, hardware, instruments, color combinations and other appointments satisfy the most exacting demands of style and good taste.

Indeed, you have a distinct and thrilling impression that the car in which you are riding is long, low, swift and safe—a car of surpassing originality and smartness down to the smallest detail.

Join the "Enjoy-It-Now" Club and bask in balmy, healthful Heatrola warmth. Read the most liberal home-heating offer ever made

YOU join the "Enjoy-It-Now" Club and down comes your old-time, inefficient, overworked stove. We install your Heatrola immediately—the change can be made in less than an hour. Within a half hour from the time the first fire is lighted in your Heatrola, the whole house will be flooded with cozy, healthful warmth!

AN astounding offer. No Wonder thousands of people all over the United States took advantage of it last year and that many more thousands will do so this year—exchanging old fashioned stove heat for Heatrola's luxurious warmth, cleanliness and convenience.

Remember, the heater which we offer you is not an imitation. It is the genuine Estate Heatrola—the original first floor, warm air heating plant, nationally advertised, nationally-known, favored everywhere by people who want the best. Looks like a handsome mahogany cabinet—works like a furnace, keeps all the rooms uniformly warm. And only the Heatrola has the Intensi-Fire Air Duct, that ingenious device which practically doubles the air-circulating capacity without using a single additional pound of coal.

Strait Famous in History

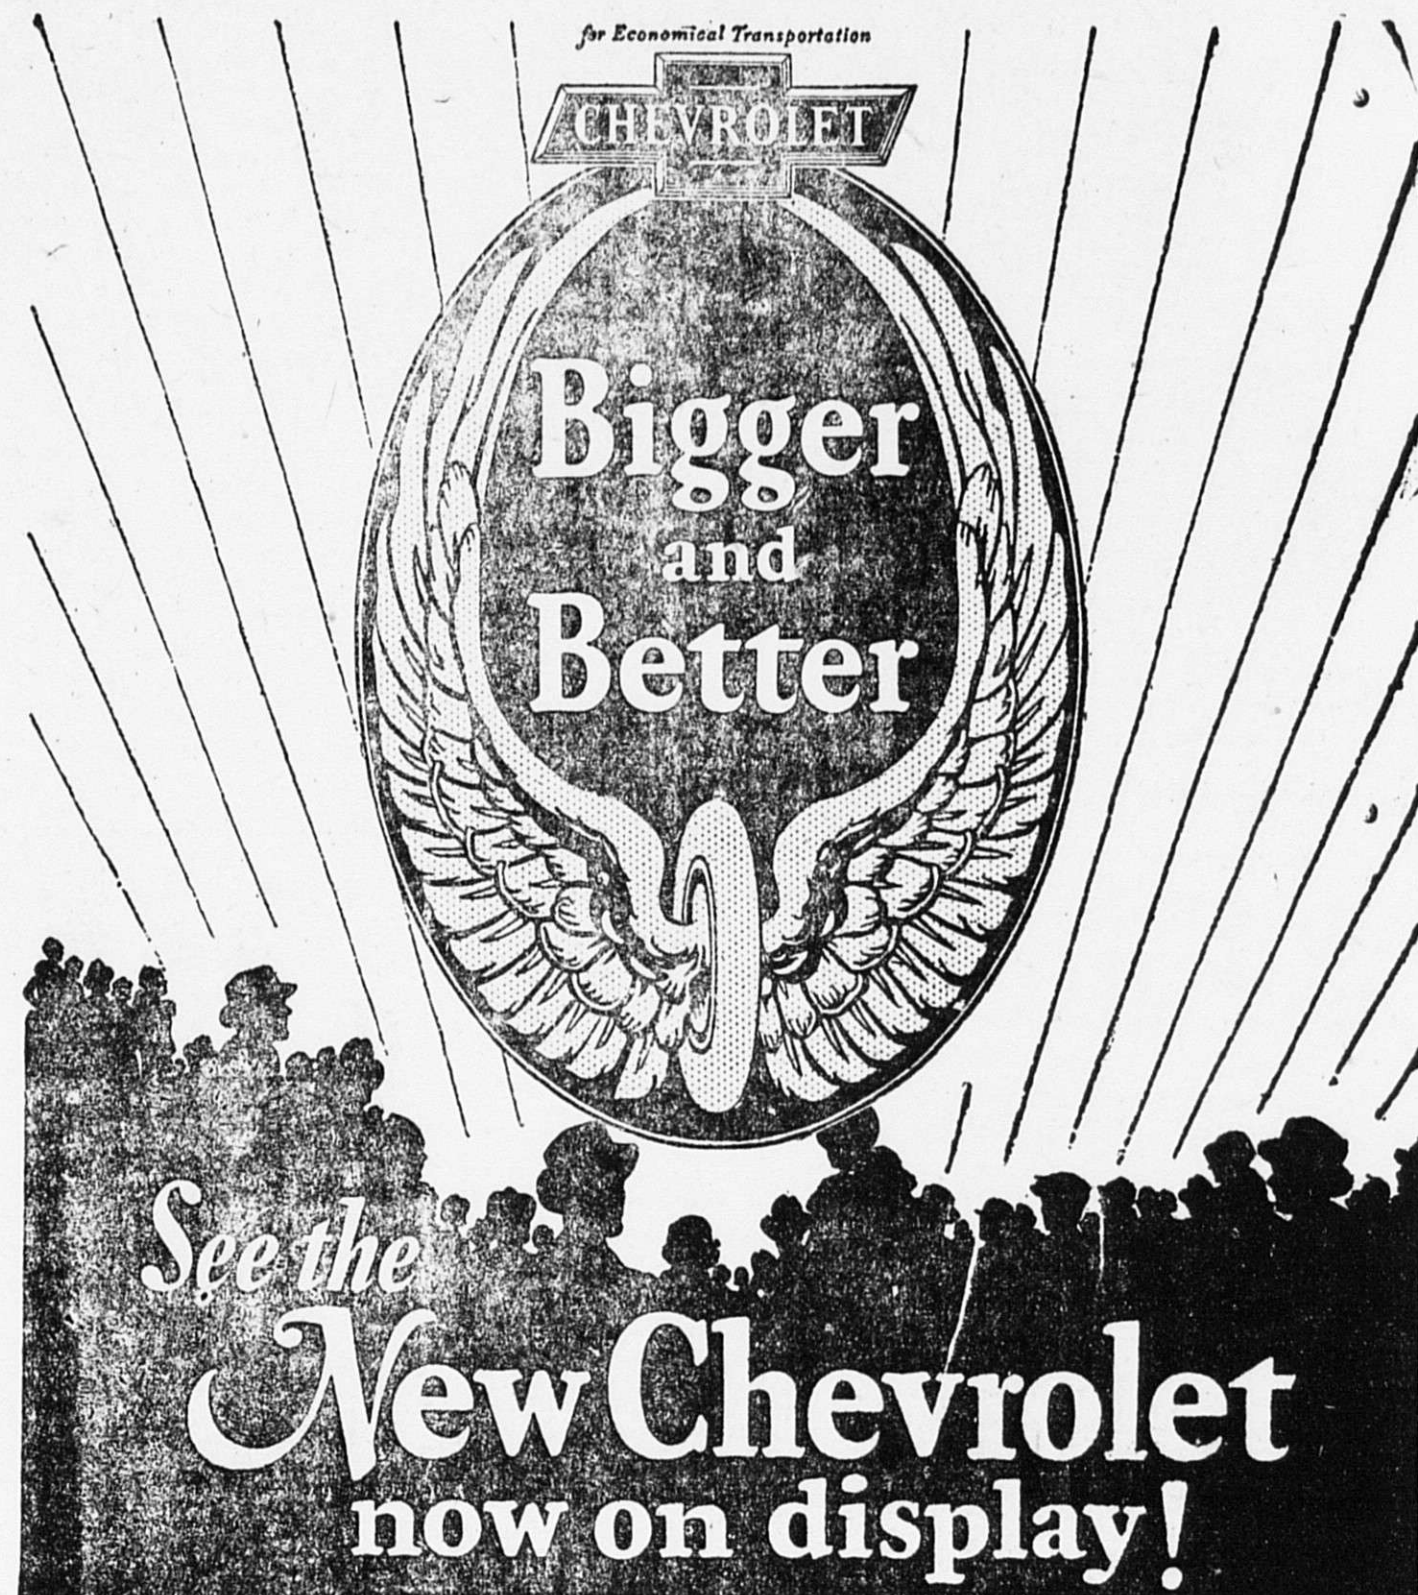

The strait leading from the sea of Marmora to the Black sea, on which stands the ancient city of Constantinople, is called the Bosphorus, also written Bosporus. The name means "ox-ferry." On the north side is a gulf known as the Golden horn, and this body of water forms the harbor of Constantinople.

Unreliable

A "quarter horse" is a term applied to an individual who can make spectacular records but cannot be relied upon for a good, steady pace in his undertakings. The term was originally used on the race course, meaning a horse in a race which was capable of terrific speed for a short distance, such as one-quarter of a mile, and which ended the other three-quarters of the mile at greatly reduced speed.

Some Boss

Occasionally you find a mule who is boss of the house, but he isn't five years old yet.

Today, Chevrolet presents the crowning triumph of sixteen years' continuous progress—a great new automobile so impressive in appearance, performance and staunchness that it marks the opening of a new era of luxurious transportation at low cost!

Built on 107" wheelbase—4" longer than before—the Bigger and Better Chevrolet is impressively large, low and racy. Fashionable new colors in genuine Duco, rich new upholstery and handsome appointments lend an air of notable distinction; while a type of big car performance, once thought impossible in a low-priced car, has been achieved by numerous engineering advancements.

The Bigger and Better Chevrolet is powered by an improved valve-in-head engine with such impressive features as alloy "invar strut" pistons, hydro-laminated camshaft gears, mushroom type valve tappets, AC oil filter and AC air cleaner.

The chassis has been redesigned. And as a result, the new Chevrolet provides delightful smoothness—click-of-the-heel acceleration—the ability to maintain 50, 55 and 60 miles an hour—the safety of four-wheel brakes—the steering ease that can only result from a ball-bearing worm and gear steering mechanism—and comfort over all roads at all speeds, due to semi-elliptic shock absorber springs—84% of the wheelbase.

We urge you to come in—see this beautiful new car—and learn how Chevrolet has again electrified America by creating a Bigger and Better motor car and offering it at a price so low as to be actually amazing.

Features of advanced design and the completeness of detail demanded in the finest cars now offered in the New Chevrolet!
