SETS TWO BARNES ON FIRE; SAID HE WAS COLD

Andrew Silenski, charged with starting a fire on the floor of Harry Goodale's barn in Wilber township, on being taken Tuesday before Justice W. C. Davidson by Sheriff Charles Curry, said that he was cold and was trying to get warm, when asked the reason through an interpreter. He could not speak English. Silenski claimed that he had been working in a lumber camp near Alpena and was on his way to Detroit, where he has two sisters living. He was released on Wednesday morning.

Sheriff Curry was again called late Wednesday afternoon to National City on the complaint that a fire had been started in the barn on the Blumenthal farm. Silenski had started another fire to get warm and was again brought before Justice Davidson. As no warrant was asked, he was released and was given a ride as far as Pontiac.

LEADERSHIP TRAINING CLASSES—WHAT ARE THEY?

The International Council of Religious Education officially represents thirty-nine Protestant denominations. It is the belief of the Council that the teachers and leaders in our church schools should be as well prepared, grade for grade, as are the teachers in the public schools. The Iosco County Sunday School Association is affiliated through the Michigan Council with this International work. To meet this challenge of the educational responsibility of the church, Leadership Training Classes are being organized throughout the county, that our Sunday school workers may secure the training represented by a Standard Training Diploma which is issued by the International Council to students when they have secured twelve units of credit. Each unit requires not less than ten class periods of fifty minutes each.

In a later article the classes now being taught by Rev. Hagle of East Tawas and by Rev. Metcalf of Tawas City will be more fully reported.

IOSCO CHAPTER RED CROSS RECEIVES HONOR FLAG

Iosco County Chapter of the American Red Cross received the honor flag in its membership drive for 1928, states F. F. Taylor, secretary.

Iosco County's membership quota was 150 and 157 members were secured. Much of the success in this drive can be attributed to Mr. Taylor. Mr. Taylor has been instrumental in keeping a working organization in the county for the past ten years and during that time the Chapter has been of considerable benefit to the county.

Stands the Test of Time

MANY ENJOYING WINTER SPORTS

Tourists and visitors to Tawas Bay who are always delighted with the boating, swimming, fishing and camping here during the summer months, may think that our only sport in the winter is watching the great Marathon race of mercury to the bottom of the thermometer.

But a short time spent in watching the activities on the bay would quickly change this opinion. Every day dozens of ice boats are in evidence. Even late in the evening, the merry click of the runners can be heard as the ice fleet skims the bay, guided by the fires on the shore. The ice is dotted with scores of fish houses where several hundred keenly enjoy the sport of winter fishing.

The past few years have witnessed an increased interest in ice boating, and many new boats have been built this season. More are contemplated or are under construction.

"THE LOVELORN" EXPRESSES SPIRIT OF MODERN YOUTH

"The Lovelorn," a Metro-Goldwyn-Mayer picture which comes to the State Theatre Sunday and Monday, is a great story of modern youth. It is a truly wonderful picture, packed with a thousand thrills, expressing the spirit of today, with its jazz, its fearlessness, its romance—and its heartaches.

The story, taken from real life, was written by the world-famous writer, Beatrice Fairfax, and was a recent serial sensation in The Detroit Times. The thrilling screen play of this story stars Sally O'Neil and Molly O'Day.

HOLD FIRST OF SERIES OF COMMUNITY GATHERINGS

The Red Hall at Wilber was the scene of a very pleasant gathering Friday evening, January 27. The occasion was the first of a series of community gatherings. The first part of the evening was spent in sport and judging by indications, was enjoyed by all. This was followed by a short address on soil improvement by Mr. Sutcliffe, teacher of agriculture in East Tawas Public Schools. The evening's programme closed with a very popular number, namely, a splendid lunch served by the ladies.

The tragedy of many rural communities has been a lack of a community interest. There have been many interests to cause a division into little groups, but none to bring about a union. Through these meetings it is hoped to improve this condition.

STATE FAIR SECURES SOUSA'S 70-PIECE BAND

G. A. Prescott attended a meeting last week Thursday at Detroit of the Board of Managers of the Michigan State Fair.

Mr. Prescott states that Sousa's world famous band of 70 pieces and soloists has been secured for the entire week of the 1928 fair. The management has decided to hold a seven-day instead of a six-day fair this year, and the gates to the fair grounds will be open to the public on Sunday, September 2. The grandstand, midway and attractions will be closed, but the coliseum will be open and Mr. Sousa and his band will give a sacred concert.

This great band has been secured at a considerable cost, but gives the people of Michigan a wonderful opportunity to see and hear it at a nominal price. The admission at the gates will be 25c.

RECENT DISCOVERY RECALLS LINCOLN THE LEGISLATOR

Abraham Lincoln, the "Rail Splitter," the circuit-riding lawyer, the debater and President, are familiar figures to all Americans, but Lincoln, the legislator, is not so well known. This period in his life has been recalled recently by the discovery in the Illinois archives of a document in his handwriting which was one of the few pieces of legislation which he sponsored while a member of the Illinois legislature.

This document is reproduced for the first time in an illustrated feature article by Elmo Scott Watson in this issue of The Herald. Be sure to read "Lincoln, the Legislator" in this issue and learn something about this little-known period in Lincoln's life.

SCHOOL NOTES

High School

The Sophomores are giving a Valentine box social Friday evening (tonight) at the high school.

Plans are being made for our local oratorical contest which will be held the last of February.

The following students have been neither absent nor tardy during the first semester: Elvera Kasischke, William Leslie, Martin Mueller, Luanna Phelan, and Beulah Wojahn.

Our Honor Roll consists of the following students: Irvin Burtzloff, Alvera Goedecke, Beulah Mae Hilt, Elvera Kasischke, Delta Leslie, Marcella Low, Bessie Metcalf, Willard Robinson, Jr., Beulah Wojahn, Clara Zollweg, and Theodora Look.

Report books were given out Monday in all six departments. These books contain the grades given each six weeks in each subject, the grade obtained on the final examination, and the final grade for the semester. It is for the welfare of the pupil that the parents examine these reports carefully. If they are all that one should expect, a word of commendation is surely not out of place. If, on the other hand, low grades and neglected lessons are reported, the fact should be noted. These report books now become the property of the pupils.

Seventh and Eighth Grades

Those who received an "A" average for the first semester were Dora Mark in the seventh grade and Viola Burtzloff in the eighth grade. Robert Hamilton, Ernest Wegner, Clair Thompson, Ila Sims and Ruby Tinglan were the "B" pupils of the seventh grade. Bessie Brown, Elsie Mueller, and James were the "B" pupils of the eighth.

We are very much pleased with the new encyclopedias which we have in our room.

The eighth grade had 100% attendance last week.

Fifth and Sixth Grades

The following pupils have perfect attendance records for the first semester: Geraldine Fox, Melvin Groff, Jack Mark, Arnold McLean, Harold Moeller, Dorothy Ulman, Vance Webb, George Cholger, Ray Cox and Agnes Roach.

Arlene Leslie, Jack Mark, Irvin Wegner, Arnold McLean, Edward Ulman and Geraldine Fox of the sixth grade have "A" or "B" averages for the first semester's work.

The fifth grade "A" pupils are: Vernon Davis and Nelda Mueller. Thomas Thompson, Mildred Quick, Norma Kasischke, and Nyda Moore had an average of "B."

The sixth grade won the "spell-down" Wednesday.

We are making February spelling booklets.

Two interesting facts learned during our review are: Benjamin Franklin was born in 1719 and died in 1796; A direct quotation is one (continued on last page)

WHITTEMORE SCHOOLS PLACED ON U. OF M. LIST

Word has just been received from Dr. Edmonson of the High School Division, University of Michigan, that the Whittemore School has been placed upon the Accredited List. This good news has come as a surprise to many who have not been following the progress of the school closely.

About a year ago the Parent-Teachers' Association joined hands with the Board of Education in working for a twelve-grade system in the Whittemore school. At that time it hardly seemed possible for the school to be accredited in one year.

The Association discussed the advantages and disadvantages of a twelve-grade school at several meetings and found advantages far outnumbering the disadvantages, the cost being the only objection.

With the facts at hand the Association petitioned the Board of Education to hold a special election. The election was held and the proposition carried by a small majority.

Following the election, the Board began to investigate the requirements and found that with one more teacher than the first plans had called for the school could be accredited the first year.

Whittemore being an ideal geographic location for a high school, the possibility of growth in the town, gravel roads in all four directions, no accredited school between Tawas and Standish, the Board thought it advisable to fulfill this teacher requirement.

The Board then selected Caius A. Gordon, who had been active with the P. T. A., to organize and pilot the new high school through its first year. Mr. Gordon recommended the following to the Board as his helpers in the constructive project: Floyd L. Stelter, high school principal; Florence B. Moeller, Latin and English; Rosetta Lietz, Junior high school principal; Russell R. McKenzie, intermediate; Jennie Valley, primary.

Many functions and organizations are necessary in a four year high school, so the faculty started out on their project. Along with a full teaching load each found it possible to take the lead in some extra curricular activity.

The library was classified in 1927. A Sewing class has been organized for some time and Mrs. Valley boasts of a 100% class and the largest in the county. The high school is a member of the senior group of the Bi-County Athletic Association, with Mr. Gordon coaching the boys and Miss Lietz the girls. The boys' basketball team has won three and lost four and the girls won two and lost three of their association games thus far this season. Mr. Gordon is also starting a manual training department.

Mr. Stelter is busy with the organization of the new science department, but finds time to assist in the coaching. Reed work is being taught the second semester by Solomon Humerickhouse, a Junior. A Glee Club is well under way under the direction of Florence Moeller. Oratory and declamations will also be given the second semester under the guidance of Mrs. Moeller, with the hope of being able to enter the state Oratorical Contest in another year. Piano is also given in the school one day a week by Miss Stang.

With this splendid record of the first year's achievement the Board of Education is striving to keep the Whittemore school on the Accredited List.

Strait Famous in History
The strait leading from the sea of Marmora to the Black sea, on which stands the ancient city of Constantinople, is called the Bosphorus, also written Bosphoros. The name means "ox-ferry." On the north side is a gulf known as the Golden horn, and this body of water forms the harbor of Constantinople.

Not only does the New Series Pontiac Six introduce superb new body creations by Fisher. It also offers the added value of many new engineering features and the added safety of four-wheel brakes—at no increase in price... Among its advanced features are the famous GMR cylinder head, the cross-flow radiator with thermostatic control, AC fuel pump with gasoline filter, coincidental (transmission-ignition) lock, gasoline gauge on dash, new carburetion and manifold systems and others actually too numerous to mention... See the New Series Pontiac Six. Drive it. And you will pronounce it the biggest, staunchest and most modern six-cylinder automobile ever offered at \$745!

PRICES: 2-Door Sedan, \$745; Coupe, \$745; Sport Roadster, \$745; Sport Cabriolet, \$795; 4-Door Sedan, \$825; Sport Landau Sedan, \$875. The Oakland All-American Six, \$1045 to \$1265. All prices at factory. Delivered prices include minimum handling charges. Easy to pay on the liberal General Motors Time Payment Plan.

In feeding Hexite four quarts to the feed, twice a day, is recommended and gives the best results.

Indignant Citizen: "Officer, stop that man!"

Officer: "What for?"

I. C.: "Why, he is a bootlegger!"

O.: "Don't you get so excited—there'll be another one along in a minute."

Mr. Schmalz says this is his second half ton of Hexite and it is the best he has ever used.

Said the small boy: "My maw and paw had an awful time getting married. Maw wouldn't marry paw when he was drunk and paw wouldn't marry maw when he was sober."

Our Hexite is going strong. All the local dairies recommend it as a No. 1 milk and cream producer.

Their Work Well Done

It is not only in finished undertakings that we ought to honor useful labor. A spirit goes out of the man who means execution, which outlives the most untimely ending. All who have meant good work with their whole hearts have done good work, although they may die before they have the time to sign it.—P. L. Stevenson.

Rheumatics and the Mind

Rheumatism is due to excess uric acid in the system, and tests have proved that the acid is formed in large quantities by the cynically minded, and hardly at all by the kindly minded. That is not to say that all sufferers from rheumatism are bitter cynics, for exposure to damp will produce the disease. But for every twelve cases of "damp" rheumatism there are eight-eight of the other sort.—Exchange.

Long Distance Rates are Surprisingly Low . . . For Instance

for **70¢**

Or Less, After 8:30 P. M.,

You can call the following points and talk for THREE MINUTES at the rates shown. Rates to other distant points are proportionately low.

FROM TAWAS CITY TO

Station-to-Station Rate	Night Station-to-Station Rate
EVANSTON, ILL.	70c
TOLEDO	55c
MILWAUKEE	70c
SANDUSKY, OHIO	60c
TORONTO, ONT.	65c
FORT WAYNE, IND.	70c
CLEVELAND	65c
SOUTH BEND, IND.	65c

The rates quoted above are Station-to-Station night rates, effective from 8:30 p. m. to 4:30 a. m.

A Station-to-Station call is one that is made to a certain telephone, rather than to some person in particular.

If you do not know the number of the distant telephone, give the operator the name and address and specify that you will talk with "anyone" who answers at the called telephone.

Day rates, 4:30 a. m. to 7 p. m., and evening rates, 7 p. m. to 8:30 p. m., are higher than night rates.

A Person-to-Person call, because more work is involved, costs more than a Station-to-Station call. The rate on a Person-to-Person call is the same at all hours.

Additional rate information can be secured by calling the Long Distance operator

SCHOOL NOTES

whose value is less than a whole thing.

Third and Fourth Grades

Laurine Frank, Jean Robinson, Walter Wegner, Hugo Keiser and Arthur Ziehl have perfect attendance records for the first semester.

Betty Holland received "A" in spelling every day last week.

The third grade is making booklets in which they will write stories of Lincoln and Washington.

Primary Room

We have nine pupils in our room with perfect attendance for the first semester: Clair Ulman, Joy Smith, Marguerite McLean, and Mable Brown in the second grade; James Brown, Anna Louise Burr, Ruth Clark, Beatrice Stark, and Betty Ulman in the beginners' class. We hope to do better this semester.

We have been making couplets for language work. Some of the best are as follows:

I have a little tree,
It isn't tall like me.—Joy Smith.
I had a little dolly,
And her name was Polly.

—Mildred Cholger.
A snowflake all dressed in white,
Came falling from the sky one night.—Golden Ziehl.

Ward School

Ila Sims, Evelyn Bigelow, Dorothy Roach, George Roach and James Anschuetz visited school last week.

Our new semester started out with only one absence and no tardy marks.

Effie Prescott was absent Monday.

The third grade arithmetic class is reviewing subtraction and the second grade is beginning work in subtraction.

Jack Swartz and Janet Keiser are absent due to illness.
