# ANNUNCEMEN

It is with pleasure that we announce to our patrons that we have purchased one of the famous Gardiner Velvet Gold Fibre Screens, the same quality that is used in the finest theatres throughout the world.

We have also purchased the new Gardiner Reflector Arc Lamps---which equipment is the most advanced improvement in electric lighting for projecting motion pictures.

When you come to our theatre, you will see the most beautifully projected pictures that science has made possible. It will be an added pleasure for you to view our pictures from this date on, as the pictures will show natural color-tones, depth of perspective, finer definition, increased illumination, and as near perfect as can be produced.

We cordially invite your attendance. Bring the whole family and enjoy a wonderful evening at

## MICHIGAN BELL

Long Distance Rates Are Surprisingly Low For Instance:

TELEPHONE CO.

or less, between 4:30 a.m. and 7:00 p.m.,

You can call the following points and talk for THREE MIN-UTES for the rates shown. Rates to other points are propor-

FROM TAWAS CITY TO:

MT. PLEASANT, MICH. .....60c WEST BRANCH, MICH. .....35c BLACK RIVER, MICH. .....35c

The rates quoted above are Station-to-Station Day rates, effective from 4:30 a. m. to 7:00 p. m. Evening Station-to-Station rates are effective from 7:00 p. m. to 8:30 p. m., and Night Station-to-Station rates, 8:30 p. m.

A Station-to-Station call is one that is made to a certain telephone rather than to some person in particular. If you do not know the number of the distant telephone, give the

operator the name and address and specify that you will talk with "anyone" who answers at the called telephone... A Person-to-Person call, because more work is involved, costs more than a Station-to-Station call. The rate on a Personto-Person call is the same at all hours.

Additional rate information can be secured by calling the Long Distance operator
