## THIEVES ALLOW 9000 GALLONS GAS AND KEROSENE RUN INTO RIVER; ROB HARDWARE STORE

Early Thursday morning, after breaking into the Prescott hardware and taking guns, ammunition, fishing tackle and flashlights, thieves broke the lock on the pumphouse door at the Jas. H. Leslie Oil company storage station, helped themselves to gasoline, and not closing the valves, allowed about 5000 gallons of gasoline and 4000 gallons of kerosene to run into the ground and into the Tawas river.

August Luedtke, while on his way to work, noticed the oily appearance of the river and upon investigation discovered its source. He at once notified Mr. Leslie. This was at about 5:30. Gasoline was still running from the outlet.

Entrance was gained to the Prescott building by opening a small window at the rear of the hardware department. The heavy bar which secured the rear door was then lifted with a pry pushed through the window, and being a double door, was then easily forced open.

Among the articles taken were: Winchester repeating shotgun, Ithaca double barrel shotgun, Winchester 32 special carbine, 38-55 Marlin rifle, 22 calibre repeating rifle, ammunition, several flashlights, hunting knives, fishing reels, lines, a Bristol telescope pole and DeLuxe Baby Ben clock.

### BAPTIST BOY SCOUTS HOLD CAMP AT PIKE FARM

The Baptist Boy Scouts Troop 77 spent four days in camp at Pike Farm last week. During the time some of the boys passed some of their first class tests on 14 miles hike, 50 yard swim, Signaling, First Aid, Nature Study and Cooking.

14 mile hike—Wojahn, Frank, McDonald, Hamilton, Daley, Leslie, Colby, Boomer, Mark, Groff, Cholger, M. Webb, V. Webb.

50 yard swim—Wojahn, Frank, McDonald, Daley, Leslie, Colby.

Signaling, 16 words per minute—Hamilton, Daley, Wojahn, Leslie.

First Aid—Wojahn.

Nature Study and Cooking—Wojahn, Colby, Hamilton, Leslie, Cholger, Frank, McDonald, Boomer, Daley, Mark, M. Webb, V. Webb.

Frank Dease came out one night and had supper with us. The watermelon he brought out was much enjoyed by the boys. Several of the boys' parents gave us a visit in the evenings and enjoyed watching the boys play around the campfire.

The troop returned home last Thursday, after having a splendid time.

### MARION DAVIES SHOWS HER ABILITY AS A MIMIC

Marion Davies' ability as a mimic is one of the features of her new picture, "The Patsy," which comes to the State Theatre Sunday and Monday.

In one sequence of the picture, Miss Davies, to attract the marriage heart, dresses and disguises herself as various motion picture stars. Included in the list are Pola Negri, Mae Murray and Lillian Gish. Her take-off on each of those famous screen ladies was a gem of its kind.

In make-up, mood and gesture she catches the spirit of her sister stars. When the picture was reviewed in Hollywood, these stars attended and declared that the characterizations were perfect.

Miss Davies is supported by a wonderful cast. King Vidor directed. "The Patsy" is an entertaining comedy-drama, taken from a famous stage play that amused Broadway for more than a season.

Circuit Court Commissioner—Nicholas C. Harting.

County Drain Commissioner—Robert C. Arn.

Coroners—Louis N. Gagnier, John Preston.

Surveyor—John W. Applin.

County Road Commissioner—Wm. J. Grant, Howard M. Belknap.

### HEARING ON TAWAS DRAIN TO BE HELD AUGUST 6th

County Drain Commissioner R. C. Arn has made application to the probate court of this county for the appointment of three special drain commissioners to act with other special commissioners appointed in the counties of Arenac and Ogemaw, who would determine the necessity of the proposed "Tawas" drain. A hearing of the petition will be held before Judge of Probate David Davison on August 6th.

The so-called "Tawas" drain would traverse Sherman and Alabaster townships in this county and would be constructed with the object of relieving the Au Gres river flood district in Arenac county. The district upon which taxes in this county would be levied includes Plainfield, Reno, Burleigh, Grant, Sherman and Alabaster townships.

Application for the drain in question was made in 1920. Shortly after the petition was filed the drain commissioners met and a majority decided that the drain was not a necessity.

### MILLS STATION

Mr. and Mrs. A. E. Morley called at the McMurray home on Wednesday evening.

Mr. and Mrs. James Partlo of Akron are visiting Elmer Partlo.

Mr. and Mrs. Geo. Christie of Prescott, and some friends from Detroit visited at Hills ranch one evening last week.

Mr. and Mrs. Claude Crane of Long Lake called on Mr. and Mrs. Harold Black Tuesday.

Roy Walters motored to Tawas on business Wednesday.

## LOCALS DROP ANOTHER TO WHITE CITY

Tawas City went to Alabaster last Sunday, where it met with a crushing defeat at the hands of the Alabaster nine by a score of 9 to 2.

Errors at the most critical times were responsible for a number of the Alabaster runs. The game was largely a free-for-all hitting contest, the White City boys getting a total of 17 hits to Tawas City's 10. The Alabaster hits included three triples and a home run.

C. Tate was the moundsman for Alabaster, while Boulder threw for the Tawas City team.

Next Sunday Hale comes to Tawas City. The game will be played at the athletic field. Come.

## HALE

Friends of Mrs. J. C. Goodall will be sorry to know of her death the past week at her son's home in Freeland, Mich. Mrs. Goodall has been ill almost a year and her son, J. B. Steinhouser, took her to his home over two months ago that he might better care for her. Funeral services were held in Freeland. Mr. and Mrs. Goodall have been Hale residents for over ten years and friends here will regret her demise.

Duell Pearsall was taken seriously ill last Saturday and was taken to the Samaritan hospital, Bay City, at once for treatment. An operation was performed on Tuesday of which favorable reports have been received and it is expected he can return home within a week. Mrs. Pearsall and little son are with him.

Gilbert Dorey was operated on Monday by Dr. J. Weed of East Tawas and his tonsils removed. He is at home and his condition is favorable.

The writer of these items received a letter from Mr. and Mrs. L. A. Howe a few days ago and requested that the following letter of greetings to their Hale friends be published in the Herald.

We wish to tell you something of our travels since we left you early in July. We are having a pleasant trip that has led us through Upper Michigan, Wisconsin and we are now partially through Minnesota. The roads have been as good as we expected and we have found the people we met very pleasant to travellers. The mining towns we have passed through have been interesting to us. As we were entering Wisconsin we stopped at an Indian village on a reservation about 20 miles square. During the four days we spent there they had their annual Pow-wow or Jubilee as they called it. At night they had a campfire and danced to music from drums. This was also very interesting to us. We stopped over for our program of moving pictures at Brule, Wis., a short distance from Michigan, Wisconsin and we are now partially through Minnesota. **Women Delight  
 in its marvelous handling ease**

Offering smartness and distinction never  
 before attained in any low-priced six and  
 reflecting exceptional good taste in appointments  
 and upholstery, the Pontiac Six is a car which  
 invariably wins feminine admiration. And  
 that admiration turns to sheer delight when  
 they leave the back seat and drive the car them-  
 selves.

They know the Pontiac Six is a dependable  
 car. And they quickly discover an ease of  
 handling that makes every mile a pleasure.  
 The powerful four-wheel brakes answer the  
 lightest touch. The big motor is smooth, quiet  
 and responsive, and the clutch and transmis-  
 sion are exceptionally easy acting.

Every day you see more and more women at  
 the wheels of Pontiac Sixes—because Pontiac  
 provides at a price within reach of almost  
 every purse, everything that women demand  
 in a motor car of their own.

## CITATION OF PROBATE COURT TO NON-RESIDENT OWNERS OF LAND STATE OF MICHIGAN, County of Iosco, ss.

At a session of the Probate Court for the said County of Iosco held at the Probate office in the City of Tawas City on Tuesday the 17th day of July, A. D. 1928.

Present: Hon. David Davison, Judge of Probate.

In the matter of the application of the County Drain Commissioner of the County of Iosco; in said State, for the appointment of three disinterested Special Commissioners, to determine the necessity for a drain known as the "Tawas Drain," and for the taking of private property for the use and benefit of the public for the purpose thereof; and the just compensation to be made therefor.

Whereas, on the 6th day of July, A. D. 1928, an application in writing was made to this Court by the said County Drain Commissioner for the appointment of three disinterested Special Commissioners, to determine the necessity for said drain and for the taking of private property for the use and benefit of the public for the purpose thereof; and the just compensation to be made therefor;

And whereas, this Court did, on the 17th day of July, A. D. 1928, upon a due examination of such application and of all the proceedings theretofore taken in the premises, find and declare the same to be in accordance with the Statute in such case made and provided, and did thereupon, by an order entered therein, appoint Monday, the 6th day of August, A. D. 1928, at 10 o'clock in the forenoon of that day as the time, and the office of the Judge of Probate in the City of Tawas City, in said County as the place when and where a hearing upon such application would be had, and did then and there order that all persons whose lands were to be traversed by such proposed drain, and who had not released right of way and all damages on account thereof, to appear at the time and place designated, and to

be heard with respect to such application, if they so desire, and to show cause, if any there be, why said application should not be granted.

And whereas, there is now on file with this Court a description and survey of such proposed drain, from which said description and survey it appears that the land to be traversed by such drain, and the commencement, general course and terminus of such drain are as follows, to-wit:

Total estimated cu. y. 1,872,150

In addition to having this drain surveyed and planned by George H. Hollister, County Surveyor, Arenac County, and a registered surveyor for the State Highway Commissioner, Frank F. Rogers, C. E., reports in part as follows:

"The construction of the Tawas Drain would involve a considerable expense and as there was a question as to the practicability of the grade shown on the profile submitted with the appeal it was deemed advisable to have a thorough investigation made before making a determination. In addition to making a personal inspection I have had separate investigations and reports made by T. H. Harrod, registered civil engineer, one of the foremost drainage experts of the state, and S. H. McCrorv, Chief Division of Agricultural Engineering, U. S. Department of Agriculture. Both of these experts agree that the drain is practicable on the basis of grades and cross sections revised to make a uniform velocity of flow."

And Whereas, It also appears that the following described tracts of land are owned by persons who are non-residents of the townships of Whitney in Arenac County and Alabaster and Sherman townships in Iosco County, the execution of a release of the right of way which has been neglected or refused by them, will be traversed by said drain to-wit:

**AMERICAN Twin Shingles**

Bird's American Twin Shingles are 20" wide by 10" deep.

1. They have a smooth surface of natural Red, Green, Blue-black, or Art-Blende (a combination of russet tints) crushed slate that will not fade in color and an extra wide butt.
2. Have the distinctive, arched cut-out that gives a decorative appearance to the roof.
3. They are permanent and spark-proof.
4. Are one-man, one-hand shingles, packed in easy-to-handle bundles. For new work or right over the old shingles.

American Twin Shingles are made by Bird & Son, Inc. (Est. 1795), manufacturers of Neponset Twin Shingles, Bird's Shingle Design Roofing, Art-Craft Roofing, Paroid Roofing, Neponset Black Building Paper, Bird's Insulating Blanket and Neponset Board. There's a Bird product for every sort of building!

We are headquarters for Bird's roofings, building papers and wall board.

**Calls Attention to Northwestern MICHIGAN**

(In the Lower Peninsula)  
 Hundreds of miles of sandy beach washed by the waters of Lake Michigan beckon the summer vacationist to Northwestern Michigan in the Lower Peninsula. Not only Lake Michigan, but a myriad of inland lakes offer the lover of angling, swimming and other water sports a most satisfying summer haven.

Nature has expended her utmost to furnish a place for recreation, rest and happiness in Northwestern Michigan. The section is the home of many boys' and girls' camps, state parks and tourist camps. There is every advantage in the form of good roads, and excellent hotels. The traveler in this section is only as far from home as the nearest telephone. And Long Distance Rates Are Surprisingly Low! Note the rates for a three-minute conversation between 4:30 A.M. and 7:00 P.M. to the following Northwestern Michigan points:
