A Day at the Fair Grounds

PINCONNING DEFEATS TAWAS CITY TEAM

Tawas City went to Pinconning last Sunday, where it was handed a defeat by the southern league leaders by a score of 7 to 4.

Minor Main, throwing for Tawas City, pitched brilliant ball the entire game. He held the Pinconning boys scoreless until the sixth inning, when three hits, a walk, helped along by four errors on the part of his teammates, gave Pinconning seven runs. The locals pounded Kruger for three runs in the first inning, but failed to score again until the ninth, when Roach tripled and Main sacrificed for the fourth run.

The locals outhit Pinconning, 8 to 5, but the Pinny team, with two errors, outfielded the Tawas City boys. Four of the five Tawas City errors were made in the sixth inning, which resulted in a majority of the Pinconning runs.

The locals are in hopes of having a return game with Pinconning this fall. Next Sunday, September 16, the Schust team of Saginaw meets Tawas City at the local diamond. A fast game is assured. See it!

After defeating Alabaster for the championship in this league, East Tawas last Sunday nosed out Alpena for the Northeastern Michigan championship. The game was played at the Tawas Beach diamond. The score was 5 to 4.

SCHOOL NOTES

High School
Forty-six students enrolled in the High School Tuesday, September 4. Of these seven are Seniors, twelve are Juniors, eleven are Sophomores, while sixteen are Freshmen.

The Senior class chose the following officers for the coming year: President, Robert Bruce Myles; Vice-president, Bruce Carl Babcock; Secretary, Wallace J. Leslie; Treasurer, Howard E. Swartz.

The first baseball practice was held last Thursday with about 30 boys out for the team. Of these, only five are regulars from last year's team.

We have again started work on the tennis courts that are being built at the new Athletic Field. We hope to put on the clay this fall so that the courts will be ready to play on in the spring.

The officers for the Junior class are: President, Irvin Burtzloff; Vice President, Harold Hartman; Secretary, Herbert Wendt; Treasurer, Stewart Roach.

English literature this year will be offered to the Juniors and Seniors in place of American literature of last. Other changes in the same grades are physics for chemistry and algebra. The alternating of these classes from one year to another permits a wider selection of subjects than otherwise would be possible.

Both first and second year sewing will be offered in the High School if the girls are interested in the work. The first year's work includes machine and hand hemming, cutting and fitting simple garments, darning and patching.

In the second year's work a complete outfit of undergarments and dress is made and appropriate accessories such as hosiery and shoes are purchased. The materials must be furnished by the pupils. The materials required for first year's work are one and one-half yards of toweling, one and one-half yards of sateen or long cloth and two and one-half to three yards of gingham or print; for second year's work two yards of slip material, one and one-half yards of sateen or cambric and two and one-half to three yards of dress goods. The hosiery and shoes need not be purchased especially for the club work but their color and style in relation to the finished outfit will be noted in judging. If the mothers desire the girls to take this work their cooperation is asked to see that the girls do their own sewing and carry the course to completion.

Visitors in the High School this week were Isabelle King, Walter Laidlaw, Violet Brown, Gerald McIntyre and Roland Curry.

Due to the large enrollment in the seventh and eighth grade room some of the pupils are using the high school study hall.

The High School classes have chosen their advisors as follows: Seniors, Mr. Giddings; Juniors, Mr. Forsten; Sophomores, Mrs. Forsten; Freshmen, Miss Crosby.

Fifth and Sixth Grades
Twenty-five children enrolled in the sixth grade and twenty in the fifth, making a total enrollment of forty-five. This is thirteen less than the number enrolled in our room last year.

Norton Ulman and Doris Brugger have bought some beautiful plants which help to brighten up our room.

We are using the plan brought by Norton in spelling. The grade having the higher spelling average

TEMPLE CHAPTER GUEST OF LOCAL O. E. S.

On Thursday of last week, September 6th, Temple Chapter No. 125 O. E. S. of Bay City was the guest of Tawas City Chapter in the local Temple and the occasion will long be remembered by the members attending. Thirty-one members of Temple Chapter drove up in the afternoon and at 6:30 everyone sat down to a bountiful dinner served in the enlarged dining room of the Temple. The tables were very prettily decorated in a different color and in the form of a star, taking up the center of the dining room, with the remaining tables arranged around them.

In the evening the initiatory work was very impressively given by Temple Chapter to two candidates of the Tawas City Chapter.

Temple Chapter members are proud of the work of their officers and the members who saw the work carried out by those officers were quick to inform the members of Temple Chapter that they had a perfect right to be proud of them.

After the work, gifts were presented by Tawas City Chapter to Mrs. Willena Wiles, Worthy Matron of Temple Chapter, and by Temple Chapter to Mrs. Emmelle Mark, Worthy Matron of Tawas City Chapter. Short talks were given by C. H. Downer, who was Patron of the local Chapter for nine years.

Mrs. Downer, a Past Matron of the local Chapter, Mr. Hicks, Past Patron of Temple Chapter, Mrs. Wiles, Mrs. Mark, Lawrence Eschliessen, Worthy Patron of Temple Chapter, and J. F. Mark, Worthy Patron of Tawas City Chapter.

A tentative date has been set for a visit by Tawas City Chapter to Temple Chapter during the month of October.

RUSSIAN REVOLT SHOWN IN BARRYMORE MOVIE

The outbreak of the Russian revolution a decade ago recently was re-enacted so realistically at the United Artists studio in Hollywood that residents thought the film city was being bombed.

All afternoon and far into the night rifle and machine gun fire, shouts of thousands of people and the clatter of Cossacks as they rode through the streets of the motion picture Petrograd could be heard over an area of several blocks. At night the huge searchlights and flares used in the scene provided a pyrotechnical display that was visible for miles.

Hundreds of people, including some former members of the Russian cavalry who had fought in the late Czar's armies in the days before the revolution, were recruited for the spectacular action, part of John Barrymore's latest motion picture, "Tempest," which comes to the State Theatre Sunday and Monday.

Barrymore's new picture numbers among its supporting players Louis Wolheim, Camilla Horn, the European star who was brought to Hollywood to appear in the chief feminine role; George Fawcett, Ullrich Haupt, Boris De Fes, Lena Malena and Albert Conti.

PLAN FINE PROGRAM FOR KIWANIS MEET

September 22 and 23 Kiwanians from every part of the state will gather at the McCullom banks to dedicate the Kiwanis forest. An excellent program has been arranged for the event.

Thus far, the program for this outdoor meeting will consist of selections by the Saginaw Male Quartette, the Kanotin Club, the High School Band of East Tawas, and other forms of entertainment that at this time have not been completely worked out. Major R. Y. Stuart, United States Forester of Washington D. C., and Colonel Allen S. Peck, District Forester of Denver, Colorado, will be present. Archibald N. Case, Governor of the Kiwanis Clubs of Michigan, will also be present. Mr. Case has had a special tool built for him so that he can plant one acre of trees on the Kiwanis Forest.

The McCullom Banks camp ground is being put in condition to take care of the great number of Kiwanians that will bring their families to camp during the two days' meeting. A large platform will be constructed at this camp ground, and bonfires will furnish the light for this open air meeting. Cribbage, pitching horseshoes, goofy golf, and various other means of entertainment will be carried on during the stay of the Kiwanians.

A list of those people in East Tawas and Tawas City that are willing to open their homes to the Kiwanians is needed to properly take care of the visitors, since it is expected that the hotels will be overcrowded. Of course, a great number will camp at the State Park and the camp grounds on the Forest.

An information desk will be available at the Holland Hotel and from this point Boy Scouts will direct guests to rooming houses in the two towns. Signs are being printed to be placed along all traveled routes leading to the McCullom Banks Camp Ground. This will direct the Kiwanians and other visitors so that there will be no possibility of anyone's getting lost.

The fact that the United States Forester is to be present, and one of the speakers in the program, is adding a great deal to the interest of the occasion. Everyone realizes that September is one of the most ideal months in this part of Michigan, and this occasion will mark the beginning of one of the greatest monuments ever built.

The Kiwanis forest consists of 5000 acres and covers approximately eight square miles. It will be established along the river road that skirts the high bluffs of the AuSable river within the Huron National Forest. Appropriate signs will always be present to mark this Forest, and it will be visited year after year by Kiwanians, their relatives and friends. It is surely a worthwhile project, and one that will always mark the sincere efforts of the Kiwanians in doing something noble and constructive for conservation.

WHITTEMORE SCHOOL HAS RECORD ATTENDANCE

Last Tuesday was a red letter day in Whittemore school history. School opened with an enrollment which was greater than even the hopes of the most enthusiastic of the school's boosters.

The growth of this school has been remarkable. Two years ago there was only a ten grade high school in this progressive town. Today it boasts the only first class high school between Standish and Tawas City. In but a single year a twelve grade high school was introduced and placed on the University Accredited List. This is a striking example of what can be done when teachers and community work together.

Enrollment is greater in the grades as well as in the high school. The primary room this year, taught by Mrs. Jennie Valley, has fifty-one pupils. New equipment and materials have been added to the room, making it one of the finest rooms in this region. With these surroundings and Mrs. Valley's splendid teaching record, Whittemore's younger school population is certain of the best of early training.

The Intermediate room has an enrollment of forty-nine at present. Several more will return to this room as soon as they recover from illness, bringing the total enrollment for this room well over fifty. Mrs. John Earhart has charge of this room, so much is expected of the pupils in this group for Mrs. Earhart has a most enviable record as a teacher as many of the readers know. She has taught in many of the schools of this vicinity, always leaving a mark for future teachers to strive for, as well as a host of friends who respected her as a woman and as a teacher.

The Junior high school has an enrollment of thirty and the senior high school students number forty-eight, many of the latter coming from Hale, Tuner, Twining, Omer and Standish. A large number also comes from the rural schools, surrounding Whittemore.

Several new teachers are on the list. Continued on last page

BIRD'S ROOFS

The one man one hand shingle!

Bird's Neponset Twin Shingles are 20" wide and 12 1/2" deep, and are surfaced with natural slate in colors of red, green, blue-black or art-blende.

1. Are packed in easy-to-handle bundles.
2. Are double shingles and cover twice the area of ordinary shingles—save labor and nails.
3. Are self spacing, easy to lay, with wide butt and extra smooth slate surfacing and give three layers on the roof.
4. Will not catch fire from flying sparks.
5. These shingles are for new work or right over the old shingles.

Neponset Twin Shingles are made by Bird & Son, Inc. (Est. 1795) manufacturers of Bird's Shingle Design Roofing, Paroid Roofing, Neponset Black Building Paper, Bird's Insulating Blanket and Neponset Board. There's a Bird product for every sort of building!

We are headquarters for Bird's roofings, building papers and wall board.

STATE OF MICHIGAN

In the Circuit Court for Iosco County, in Chancery.

Jacob Davis, Plaintiff, vs. Henry P. Smith, Byron B. McVey and their unknown heirs, legatees, devisees and assigns, Defendants.

Before Nicholas C. Hartingh, Circuit Court Commissioner for Iosco County, August 31st, 1928.

In this cause, it appearing by affidavit on file therein, and by the bill of complaint verified and filed herein, that the Plaintiff and the affiant by whom said bill of complaint is verified, do not know, and have been unable, after diligent search and inquiry to ascertain whether said defendants are living or dead, or where they may reside, if living, or whether the title, interest, claim or possible right acquired by said defendants has been assigned by them in said premises or conveyed to any other person or persons; or, if they be dead whether they have personal representatives or heirs living, or where they may be living, or whether the title, interest, claim or right in said premises has been disposed of by will, and do not know, and have been unable, after diligent search and inquiry to ascertain the names of the persons who might claim under the said defendants, and who are included as unknown and unascertained defendants herein, or where their residence or present address may be.

On motion of John A. Stewart, attorney for Plaintiff, it is ordered that the appearance of each and all of said defendants above named, and their heirs, devisees, legatees or assigns be entered in said cause within three months from the date of this order; and in case of such appearance, that they respectfully cause their answer to the bill of complaint in this cause to be filed therein, and a copy to be served upon Plaintiff's attorney within fifteen days after service of a copy of said bill of complaint and notice of this order, and that in default thereof said bill be taken as confessed by them.

Further ordered that within forty days from the date of this order Plaintiff cause a copy thereof to be published in the Tawas Herald, a newspaper printed, published and circulated in Iosco county, for six weeks in succession, once each week; or that Plaintiff cause a copy of this order to be personally served upon said defendants at least twenty days before the time above stated for their appearance, or cause a copy of this order to be mailed to each such absent, concealed or non-resident (except such unknown heirs and other unknown defendants) at his or her last known postoffice address by registered mail.

This suit is brought to quiet title to the South quarter of the northwest quarter of Section 23, Town 22 North, of Range eight east, Iosco County, Michigan.

Nicholas C. Hartingh, Circuit Court Commissioner for Iosco County

Countersigned, Frank E. Dease, County Clerk.

Designed Nation's Seal

The seal of the United States was designed by a young student of Philadelphia named Will Barton, the brother of Dr. Benjamin Barton. He made various designs before the seal in its present form was finally accepted.

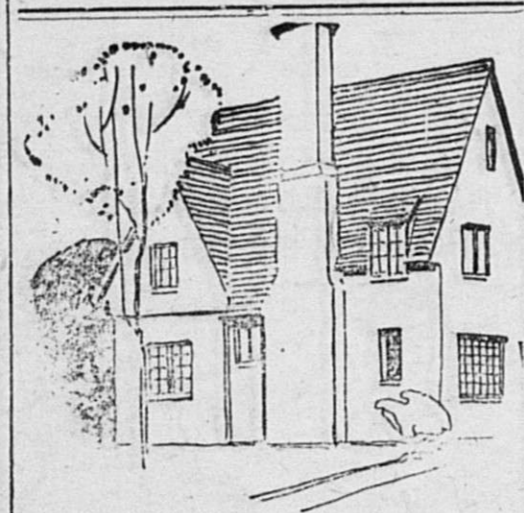

The designs were presented to a committee consisting of Charles Thomson, secretary of the Confederation congress; Dr. Arthur Lee and Elias Boudinot, who in turn reported to congress.

Death Penalty Shelved

There are now 16 countries where there is no death sentence. The death penalty has been abolished in Holland, Norway, Sweden, Portugal, Rumania, Austria, Latvia, Lithuania, Argentina, Brazil, Colombia, Honduras and Uruguay. It has been abrogated by disuse in Denmark, Belgium and Finland.

Hours of Prayer

The canonical hours are matins, lauds, prime, terce, sext, none, vespers and compline. These are the stated times of the day fixed in the Sixth century by the Christian church for the offices of prayer and devotion.

The NEW BUICK is the NEW STYLE

A triumph in individual beauty ... a refreshing and radical departure from the tiresome commonplace ... a new style, a richer style, a more alluring style than the world has ever known!

Only one completely new motor car style in the past twenty-four months—only one truly original and beautiful development in body design—and, as the whole world realizes, it is the Silver Anniversary Buick with Masterpiece Bodies by Fisher!

Here is an entirely new scheme of body lines and contours—arresting new color combinations—matchless new interiors—new appointments of comfort and convenience unapproached by any other automobile of the day!

Here is a true distinction wedded to genuine good taste. Here is a new style—a richer style—a more alluring style—than the motor world has ever known. And here, too, is tremendous increase in power, in flexibility, in responsiveness—so outstanding as to amaze even those motorists who have long been familiar with Buick's superior performance.

That is why America is according the Silver Anniversary Buick the most enthusiastic reception ever enjoyed by any fine car. That is why this beautiful new Buick has already become a nationwide vogue!

WHITTEMORE SCHOOL HAS RECORD ATTENDANCE

high school staff this year. Miss Margaret Kennedy of Kalamazoo, who holds an A. B. degree from Western State Teachers College, and who has previously taught in the schools at Coldwater and Muskegon, has charge of History. She also has classes in English and has charge of girls' athletics. She already won the friendship and esteem of students, fellow teachers and townspeople.

Howard Switzer of Shepherd has charge of boys' athletics. In college at Central State Normal College, Mr. Switzer participated in all forms of athletics in Varsity squads and promises to give the boys in his squads all the benefits of his training. Whittemore will have teams this year that will make a strong bid for the first position in this region's athletics. Besides athletics Mr. Switzer teaches all mathematics and a course in mechanical drawing.

Mrs. Florence Moeller of Tawas City has the Latin and English classes as she did last year. She is continuing the work in Oration and Declamations which she started last year. Much of Whittemore High School's success can be attributed to Mrs. Moeller's efforts. It was largely because of her expert coaching that the Senior play of last year was such a huge success. Whittemore's English course is as good as any in this vicinity because of her efforts. This year new texts throughout have been purchased which will make the English course in this school superior to most schools of this vicinity.

F. L. Stelter of Bridgman, Michigan, who was principal last year, takes the place of C. A. Godden as superintendent. Mr. Stelter is a graduate of Michigan State Normal College, holding an A. B. degree. He was formerly superintendent at Kingston, Michigan. Mr. Switzer takes the principal's position.

Last Friday the classes of the high school met for the election of officers. The Seniors chose the following: President, Ted Jacques; Vice President, Vernetta Bowen; Secretary and Treasurer, Lois Leslie; Class member of Student Council, Lois Leslie. The class voted to give a High School Fair which they hope will become an annual affair. The date of the "Fair" will be given out later. Mr. Stelter is the Senior advisor.

The Juniors chose the following officers: President, Ross McMan; Vice President, Leslie Church; Secretary, Ella Fuers; Treasurer, Denulga Lall. The Junior class is one of the largest classes Whittemore has ever boasted. Many new students have boosted the enrollment until the class now numbers nineteen. Nothing has yet been said as to class activities, but judging from last year, they will soon find something to do. Mrs. Moeller is Junior class advisor.

The Sophomore officers are: President, Leo Ridgley; Vice President, Ruth Schuster; Secretary, Marion Jacques; Treasurer, Muriel Smith. The Sophomore class is the largest class in the entire school. It has an enrollment of twenty-one. Last year it was quite active and has quite a sum of money in its treasury. They are going to increase it this year. Miss Kennedy is the class advisor.

Freshman officers are: President, Glade Charters; Vice President, Howard Collins; Secretary and Treasurer, Willie Fuerst. As this is this class' first attempt at organization, the upper classes are watching to see what is going to happen. We are certain that this class will make themselves known before long. Good luck to them.

Material for Bunting

Bunting is usually a woolen fabric loosely woven from long staple wool. It is much used for flags and other trimmings which are exposed to the weather. There is an imitation fabric also called bunting made from cotton, but this does not withstand weather as does the woolen material.

Egyptian Color Schemes

In the color scheme used by the early Egyptians prisoners were painted yellow, birds were blue and green, water was blue, men and women were painted red, the men being redder than the women.

If you drove a car costing \$3,000..you would find the same vital elements of quality

The only Essex point in common with cars in its price field—is price. Come see the most important part of your Essex and the way it is built in this special chassis display. It will explain why Essex is the largest selling "Six" in the history of the industry.

ROACH MOTOR SALES

The finest of fall coat fashions are revealed to you today

When you view what we have so assiduously sought, compared and selected for you---to save your time---you will see a most remarkable gathering of unmistakably right coats for every dress purpose and for every type of figure. The magic touch of Lucile, the keen surety of Redfern, the best models of authorities, are here.

You will find something more than style, supreme as that may be. You will discover also that even fine coats may be priced very reasonably. And that, to our matter-of-fact minds, is specially important. The fountain-head for fashions, yes, but also the first store for values.
