TRI-COUNTY O. E. S. MEETS WITH LOCAL CHAPTER

On Thursday of last week Tawas City Chapter No. 303, O. E. S. entertained the several chapters of the counties of Alcona, Isosco and Arenac at an afternoon and evening session, and, in spite of the inclement weather, the chapter room was filled to its full capacity at both sessions.

The afternoon meeting was opened by Mrs. Opal Whiting of Standish, the President of the A. I. A. Association, and the following program was given:

Prayer, Mrs. Hunter of Oscoda, Association Chaplain; Presentation of the flag; Introduction of guests; Address of Welcome, Mrs. Emmelle Mark; Response, Mrs. Amanda McGilvary; Quartette Tawas City M. E. Quartette; Memorial service, Grace Chapter of Omer; Solo, Norman W. Salsbery; Drill, Twenty-four children of Tawas City Eastern Star members, directed by Miss Helen Applin.

There was one other item not on the program, a presentation of a basket of beautiful flowers to Mrs. Whiting. The presentation speech was given by Arthur Elwell of Standish in a very pleasing manner.

Upon inquiry it was learned that the assembly was unanimously in favor of continuing the practice of having two meetings per year instead of one only.

Grand Chapter rulings were then discussed, the discussion being led by Mrs. Florence Curtis of Whittemore, after which the meeting was called off for dinner.

The ladies in charge of the dinner are to be congratulated on the bountiful repast served and the many compliments given them were rightly earned.

In the evening the Chapter was opened by the officers of Tawas City Chapter and then turned over to the officers appointed by Mrs. Whiting, as follows: W. M., Emre

MRS. JOHN OWEN

Mrs. John Owen, age 58 years 11 months and two days, died at her home in East Tawas Monday, October 22.

Margaret Elizabeth Glover was born November 20, 1869 in York county, near Caledonia, Ontario, Canada. She was united in marriage on February 1, 1894 to John Arthur Owen, and came directly to Michigan, moving to East Tawas in 1904. To this union five children were born. Two having died in infancy, the surviving three are, Mrs. S. E. Somers of Detroit and Orlov Glover Owen of Plymouth. She is also survived by eight brothers and sisters, Mrs. Chas. Jackson and Mrs. Angie Foy of Chatham, Ont., Mrs. Frank Ward of Buffalo, N. Y., John Glover of Toronto, Ont., Harry Glover of Calgary, Alberta, Canada, William Glover of Wallaceburg, Ont., Albert Glover of Detroit and James Glover of Pontiac.

The funeral services were held Wednesday from the home Rev. Hagley, assisted by Rev. Le... officiating. Burial was made Thursday at Chatham, Ontario.

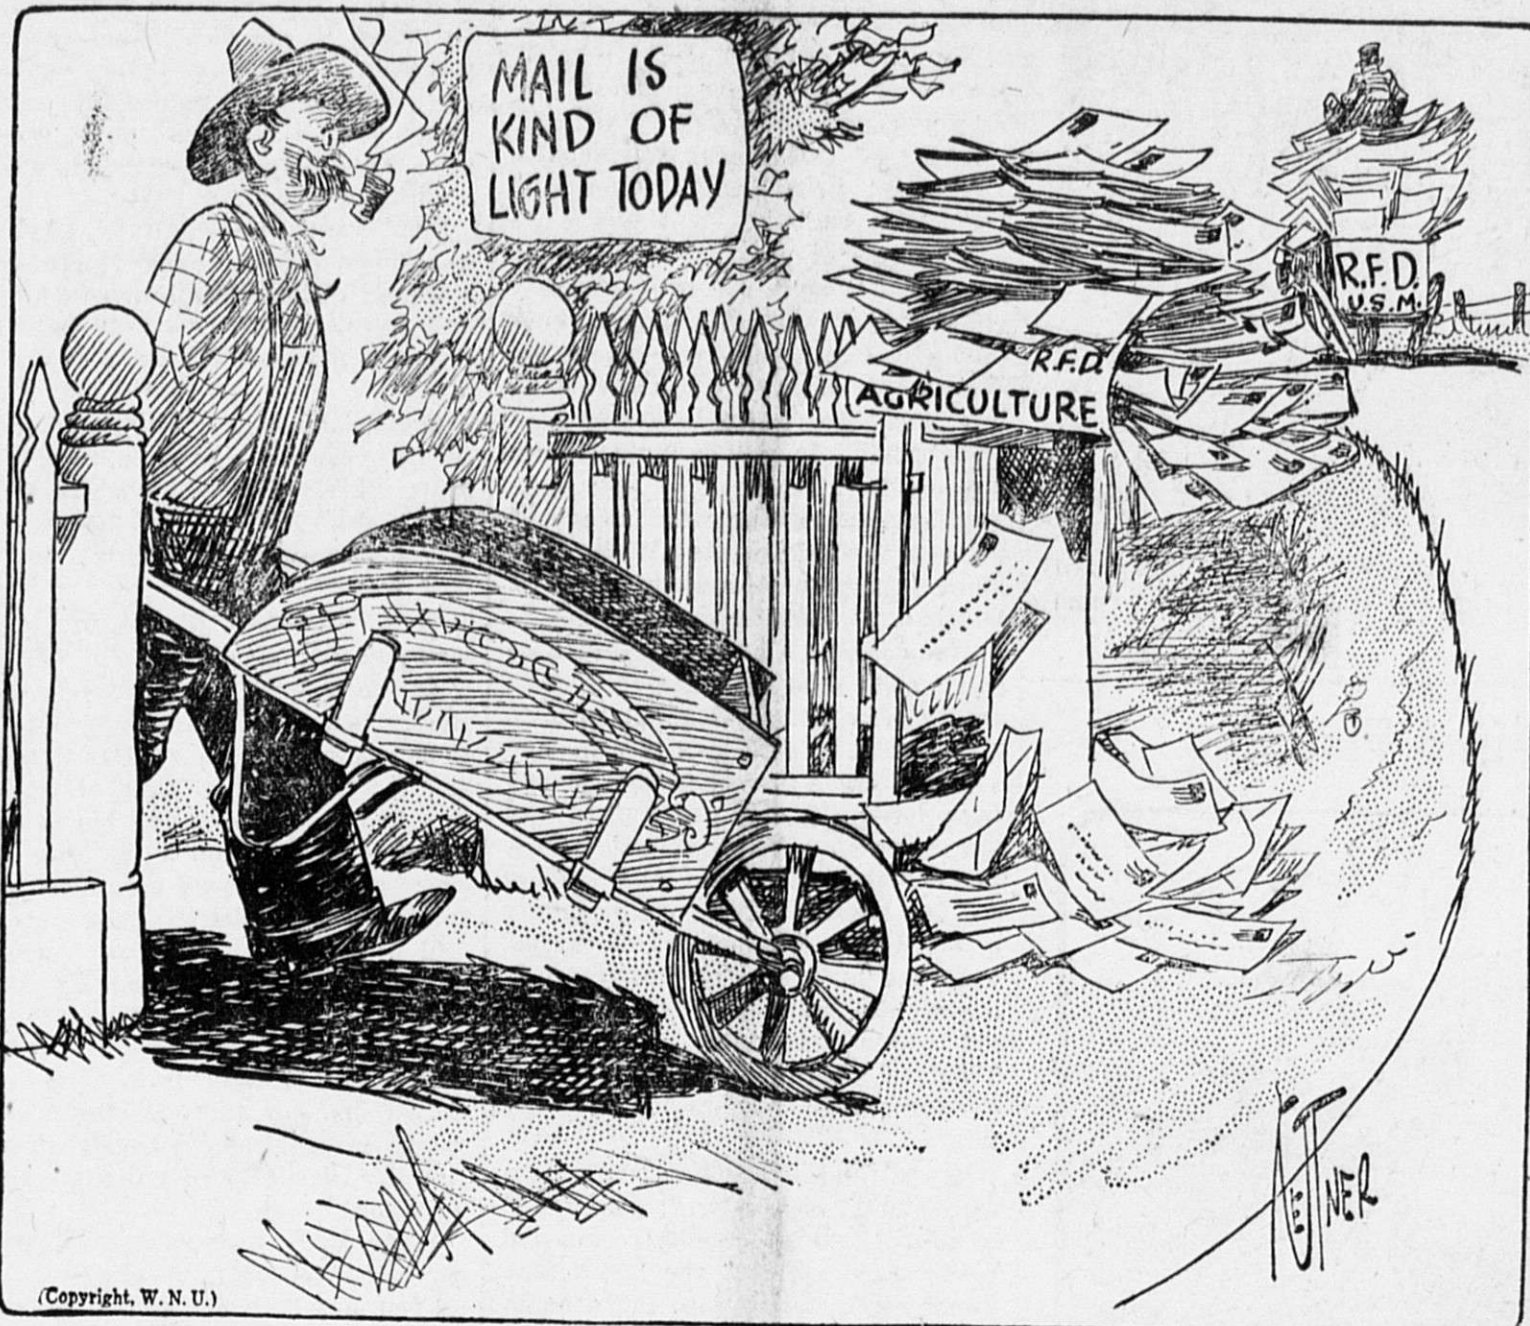

Out of town relatives and friends who attended the funeral were, Orlov Owen of Plymouth, Mr. and Mrs. A. E. Somers, S. E. Somers and Chas. Anderson of Detroit, Miss Eggerberger of Northville, Mr. and Mrs. John Glover, Mr. and Mrs. B. Nairn and Mrs. Jay Ballagh of Pontiac, Mr. and Mrs. D. Leitch of Alpena, and Mrs. H. Hill of Flint.

The two daughters have been with their mother all summer during her illness. Mrs. Owen was a very active member of the L. L. C. for 20 years, a member of the Eastern Star, and a lifelong member of the M. E. church. A true friend to all, Mrs. Owen will be sadly missed by her family and many friends.

VAN ETTAN LAKE TO HAVE NEW STATE PARK

East Michigan's 35th state park will be established on the shores of Lake Van Ettan in Isosco County. The state only recently discovered that it owned 2,355 feet of shore on this beautiful lake which was being utilized by squatters for summer resort purposes. This area has been taken under the administration of the conservation department and with a large adjoining acreage will be opened as a state park next year. This park will make the total of the state parks in Michigan 64.

REPUBLICANS WILL HOLD BIG RALLY OCT. 27

The Republicans of Isosco county will hold a big rally Saturday evening, October 27, at the Community building, East Tawas. Hon. C. Lew is Green of Indiana will be the speaker of the evening. Other speakers will be Congressman Roy O. Woodruff and Hon. Jas. C. Davidson, Republican National Committeeman, of Bay City. A large number of citizens is expected to be present to hear the political issues of the day discussed by these excellent speakers and party leaders. The program will start at eight o'clock.

TWENTIETH CENTURY CLUB

Mrs. J. Harrington of East Tawas, who was a delegate to the State Federation of Clubs held at Sault Ste. Marie, visited the Twentieth Century Club on Saturday last. After the business of the day was taken care of, Mrs. Harrington gave a report of the Federation. Her report was very interesting and enjoyed by everyone. Many new points were brought out which were of benefit to the club. Next Saturday, November 3, the meeting will be of a political nature. Mrs. Sarah Brown will speak on "Woman's Duty in Politics," and Mrs. Annabel Davidson on "Better Citizenship." Roll call—"A Late Michigan Law."

ROAD COMMISSIONERS MEET AT EAST JORDAN

The North Michigan Road Commissioners Association met at East Jordan on Thursday, October 18, to make out its road program for 1929. This program will be sent to the State Highway Department, asking them to build roads from state funds.

Isosco county asks for 12 miles of road from Hale to Five Channels dam. The 12 miles will reach four miles on the north side of the Au Sable river, connecting Glennie and the surrounding settlements to U. S. 23, giving them a direct road to the south. As there is no railroad to Glennie and everything has to be trucked in, this road will be a big benefit to both Isosco county and Alcona county. We are also on the program for 1929 for the shore road from Omer to Tawas City. This association has in the past secured 75 per cent of all the roads asked for from the state.

Last year Isosco county asked for the seven miles on the Tawas-Manistee road which is now under construction and will be finished next summer, giving the public a direct road from Tawas Bay to Lake Michigan. This road when completed will carry a heavy traffic.

There were three state senators at this road meeting. Each in addressing the commissioners said they would try to get a larger per centage of the gas tax for county roads. The next meeting of this association will be held at Ludington some time next summer.

HARRY VAN PATTEN, County Road Commissioner.

RENO PEOPLE WILL GIVE BASKET SOCIAL FOR PORTO RICAN RELIEF

Reno township, on account of Miss Florence Latter's five years' residence as missionary in Porto Rico, has been specially interested in the work on the island, and after learning of the disaster, it was decided to hold a basket social at the Reno Town Hall on Friday evening, November 2nd, the proceeds from which shall be devoted to this relief work, and an earnest request for co-operation is extended to all.

Most of these people are always poor, living where money is scarce and population dense. Yet owing to the mildness of the climate and the simplicity of their style of living, they manage ordinarily to live with some comfort and much contentment. But the recent hurricane struck them heavily and left them in a most pitiable plight—homeless and foodless. Thus it is declared to be "the greatest calamity that ever visited our island." The Northern Baptists, who are solely responsible for the maintenance of mission work in a large section, were wired, "Seventeen of our chapels and two parsonages have been totally destroyed. Our rest home was simply wiped out of existence with all its furnishings." Their total loss is estimated at more than one hundred thousand dollars.

SERG. CHASE IS MADE CAPTAIN OF OWOSSO POLICE

Serg. Ernest Chase of the police department, who has been acting captain since the late William Robertson was taken sick ten days ago, will become captain November 1. It was announced this morning by Chief E. C. Whitehorse. Who will succeed Chase as night sergeant is not yet certain.

The new police captain has been a member of the department about seven years and has been sergeant for the past 18 months. He is regarded by the chief as a very efficient and conscientious officer.—Owosso Argus-Press.

ST. JOE BEATS FAST STANDISH ELEVEN, 19-12

The fast St. Joe football team won its third game of the season by defeating the heavy Standish eleven last Friday by a score of 19 to 12. The game was played at Standish on a muddy field, which greatly hindered both teams.

Touchdowns for St. Joe were made by Coyle, Halleck and J. Mueller. The feature of the game was Halleck's run of 45 yards for a touchdown after intercepting a forward pass during the third period of the game.

Next Friday, November 2, the local eleven will clash with Essexville, and on the Friday following November 9, with Standish. Both are home games for St. Joe.

LON CHANEY HAS MADE A VERY ACTIVE LIFE

Perhaps one reason that Lon Chaney can play many parts in pictures is that in real life he has played just as many. Chaney's career includes a wide range of activities—from page hanging to mountain guide; from stage director to the premier character actor of the screen. Born in Colorado Springs, Chaney first became a guide, taking tourists up Pike's Peak. Later he became property boy in his brother's theatre in Colorado Springs, then worked for a firm of interior decorators in Denver. He returned to the stage to produce a comic opera, and after that was for years stage manager, comedian, and dancer with musical comedy shows, including Kolb and Dill and other organizations.

His first experience in pictures was as a Western rider, at Universal City, when musical comedy business was slack. He was then cast in villain roles and won his big chance to demonstrate what he could do as a character actor in "The Miracle Man." This launched his fame and "The Penalty" and others confirmed it. His latest hit, "The Big City," in which he plays a gangster leader in a romance of New York night life, comes to the State Theatre Sunday and Monday.

JURY DISAGREES IN CHRISTMAS TREE CASE

In the case of the People of the state vs. Wm. Squires of Ann Arbor, the only jury case at the session of circuit court closed Wednesday, the jury disagreed after being out about five hours. Squires was accused of cutting down a quantity of small trees on land belonging to Harry Kooperman in Alabaster township without permission. The trees were sold for Christmas decoration purposes. The defendant claimed that he had secured permission to cut the trees from Mr. Kooperman.

The jurors on this case were, Ferdinand Anschuetz, Wm. O'Brien, Sherman Johnson, Alex Herman, John Scarlett, Henry Smith, Ed. Moeller, George Stang, George Partlo, Ed Schanbeck, Chas. Timreck, Mrs. Frances Klenow.

Other cases which came up for this session of court are as follows: Civil Causes

William P. Kavanaugh vs. George E. Colbath, replevin—continued. William Clarence Fowler, Exr. vs. Geo. Redman, et al, assumpsit—Judgment of \$1246.53 given defendant.

Isosco County Elevator Co., a corporation, vs. Ross Bernard, assumpsit—Two motions heard in case, one decided in favor of plaintiff and one in favor of defendant. An appeal may be made in both orders.

Clarence Westfall vs. Otto Berg, writ of attachment—Continued.

Maude Becker Russell vs. Chris Arnstead, replevin—Held open.

Henry Leitz vs. Fannie Alstrom, appeal from proceedings of Tawas township Highway Commissioner—Held open.

Glennie Bank of Glennie vs. Forest Streeter and Otto W. Rahl, assumpsit—Discontinued.

Radio Distributing Co., a Michigan corporation, vs. Roy A. Robey, doing business as Roy's Tire Shop, assumpsit—Continued.

Fred T. Luedtke vs. Charles Bischoff and Mrs. Charles Bischoff, assumpsit—Not at issue.

Chancery Causes

First National Bank of Bay City vs. Ralph Anderson, Maud Anderson, and Hugh Anderson and Ella Anderson, foreclosure—Decree ordered.

Otto Bates vs. Venice Martin, bill to set aside deed—Discontinued.

Mack H. Gorsuch vs. Elgie Gorsuch, divorce—Divorce granted.

George LaPere vs. Amanda LaPere, divorce—A portion of the evidence taken.

Standard Oil Co. vs. Court H. Reardslee, bill to quiet title—not at issue.

SCHOOL NOTES

High School

The people of Michigan will be interested to know that the Michigan State Normal College of Ypsilanti has been selected as the best school of its kind in the United States. A list of seventy-seven outstanding normal colleges was selected from a directory of the United States Bureau of Education, and sent to each of thirty-three leaders in education, most of whom were nationally known. These thirty-three educators listed twenty of these colleges, placing the ones that they considered best first on the list. The Ypsilanti college was given first by this system of ranking. We should also add that the Western State Normal College of Kalamazoo was given sixth place. These facts would seem to indicate that our state is above the average in teacher preparation.

The University Committee on Accredited Schools has adopted the following new standard governing the preparation of the superintendent in an accredited school: "After January 1, 1930, a person elected to the office of superintendent of schools will be expected to possess a degree from a university, a standard college, or a standard teachers' college, representing the completion of the requirements for the Bachelor's Degree; to have completed at least fifteen semester hours of work in professional training, including courses in supervisory and administrative fields, and to have had two or more year of teaching experience."

DANGER TO GIRLS IS SUBJECT OF NEW FILM

With the growing independence of the modern girl, the number of girls reported missing has increased to an alarming extent. More than 75,000 girls were reported missing during the past year. In "The Port of Missing Girls," an eight-reel sensational film production being shown at the Family Theatre, East Tawas, October 27 and 28, the dangers that beset the young girls who run away from home are graphically depicted. Barbara Bedford has the leading role as the rich young college girl who runs away from home, and the principal male role is interpreted by Malcolm McGregor.

NOTICE

Proposed Amendments to the Constitution
 Notice is hereby given to the Qualified Electors that at the time and places of holding the next General Election in each of the several voting precincts of the county on Tuesday, Nov. 6, A. D. 1928 There will be submitted at said election, three proposed Amendments to the Constitution of Michigan as follows:

Relative to Fixing legislative territory and districts.
 Amendment to Section 3 of Article V of the Constitution relative to fixing legislative territory and districts.
 Sec. 3. The house of representatives shall consist of not less than sixty-four nor more than one hundred members. Representatives shall be chosen for two years and by single districts, which shall contain as nearly as may be an equal number of inhabitants and shall consist of convenient and contiguous territory; but no township or city shall be divided in the formation of a representative district, except that when a city is composed of territory in more than one county, it may be divided at the county line or lines; and provided, that in the case of cities hereafter organized or created or territory annexed to an existing city, the territory thereof shall remain in its present representative district until the next apportionment. When any township or city contains a population which entitles it to more than one representative, then such township or city shall elect by general ticket the number of representatives to which it is entitled. Each county, with such territory as may be attached thereto, shall be entitled to a separate representative when it has attained a population equal to a moiety of the ratio of representation. In every county entitled to more than one representative, the board of supervisors shall assemble at such time and place as shall be prescribed by law, divide the same into representative districts equal to the number of representatives to which such county is entitled by law, and shall cause to be filed in the offices of the secretary of state and clerk of such county a description of such districts, specifying the number of each district and population thereof according to the last preceding enumeration.
 Relative to Acquiring land and property for boulevards, streets and alleys.
 Amendment to Article XIII of the Constitution relative to acquiring land and property for boulevards, streets and alleys.
 Sec. 5. In exercising the powers of eminent domain and in taking the fee of land and property that is needed for the acquiring, opening and widening of boulevards, streets and alleys, municipalities shall not be limited to the acquisition of the land to be covered by the proposed improvement, but may take such other land and property adjacent to the proposed improvement as may be appropriate to secure the greatest degree of public advantage from such improvement. After so much of the land and property has been appropriated for any such needed public purpose, the remainder may be sold or leased with or without such restrictions as may be appropriate to the improvement made. Bonds may be issued to supply the funds to pay in whole or in part for the property so appropriated, but such bonds shall be a lien only on the property so acquired and they shall not be included in any limitation of the bonded indebtedness of such municipality.
 Relative to Compensation of members of the legislature.
 Amendment to Section 9 of Article V of the Constitution relative to compensation of members of the legislature.
 Sec. 9. The compensation of the members of the legislature shall be three dollars per diem during the term for which they are elected, and they shall receive no further compensation than as specified in this section for service when the legislature is convened in extra session. Members shall be entitled to two cents per mile and no more for one round trip to each regular and special session of the legislature by the usually traveled route. Each member shall be entitled to one copy of the laws, journals and documents of the legislature of which he is a member, but shall not receive, at the expense of the state, books, newspapers or perquisites of the office not expressly authorized by this constitution.
 NOTICE is further hereby given that the place for voting upon the above amendments to the Constitu-

tion in each of the several Wards and Precincts of the City will be the same as for the General November Election, and the hour for voting upon said amendments will be the same as for voting upon all other matters at said election.
 Will C. Davidson,
 Clerk of Said City.

Long Distance Rates Are Surprisingly Low
 For Instance:

for \$1.00

or less, between 4:30 a. m. and 7:30 p. m.,
 You can call the following points and talk for THREE MINUTES for the rates shown. Rates to other points are proportionately low:

From Tawas City to:	Day Station-to-Station Rate
GRAND RAPIDS, MICH.	\$.95
DETROIT, MICH.	.90
ANN ARBOR, MICH.	.95
JACKSON, MICH.	.95
ALBION, MICH.	1.00

The rates quoted are Station-to-Station Day rates, effective 4:30 a. m. to 7:00 p. m.
 Evening Station-to-Station rates are effective 7:00 p. m. to 8:30 p. m., and Night Station-to-Station rates, 8:30 p. m. to 4:30 a. m.
 A Station-to-Station call is one made to a certain telephone rather than to some person in particular.
 If you do not know the number of the distant telephone, give the operator the name and address and specify that you will talk with "anyone" who answers at the called telephone.
 A Person-to-Person call, because more work is involved, costs more than a Station-to-Station call. The rate on a Person-to-Person call is the same at all hours.
 Additional rate information can be secured by calling the Long Distance Operator

BEAUTY and REAL heatability!

The Globe RAY-BOY is far more than a stove—it is actually a furnace. It is more even than a furnace—it is a thing of beauty, an ornament for the best of homes.

Built like a basement furnace throughout—like a basement furnace, it will heat your house thoroughly and evenly.

And yet, the RAY-BOY, for all its artistic and durable construction and its proved heatability, is moderately priced and economical of operation. By all means, see this newest development in above-the-floor furnaces before you decide upon your next heating system.

You can own one of these for your home. Our payment plan without interest or our cash discount will give you the opportunity you have been looking for.

Barber: You say you have been here before? I don't seem to remember your face.
Victim: Probably not. It's all healed up now.

Just received another car of Hexite yesterday. Louis Phelan bought two tons to start in with, Theodore Anschuetz one ton and Harry Goodale one ton. These men say they can't do without it as it keeps their stock in good condition and produces lots of cream and milk.

We will have a car of Kentucky block coal in the week.

We will sell it at \$8.00 per ton off the car.

Waiter: Would you like to drink Canada Dry, sir?

E. Bracken Bracknavitch: I would love to, but I'm only here for a week.

G. E. Olson of Wilber buys \$55.00 worth of chicken feed every two weeks and is making it pay a good profit.

Daddy! A boy at school told me that I looked just like you!

That so? And what did you say? Notin'. He was bigger'n me.

Just received a car of chicken wheat which we will sell for \$2.30 per 100 lbs.

Our Hexite and all kinds of feeds are going strong. The reason why— We make the very best of feeds, using only clean, high quality grain.

"Do you care for dancing?"
"No."
"Why not?"
"It's merely hugging set to music."
"Well, what is there about that you don't like?"
"The music"

Just received a car of Huron Portland cement. This will be the last car this season.

HALLOWEEN

Halloween
TIS the night when small folk walk
Happy in disguise
Tis the night when wan ghosts stalk
With their glowing eyes!
From the fence, the black cats scream
In the moon's pale light.
It is like a fairy dream:
Halloween tonight!
Pumpkins, yellow, than gold;
Spool-tacks on the pane;
Devils dashing thither, bold;
Maidens in their train!
Bells and whistles ring and roar
On the still night air.
Of such fun, could Saints of Yore,
Then have been aware?
Much confetti whirled like snow—
What a mimic war!
Dancing, yelling, on they go,
On, parading more!
Masked and painted to the ears;
Blackened, daring eyes!
Halloween can hold no fears
If you are in disguise.
—George Seldon Miskimin in Poetry.

still cling to Halloween. Thus the lighting of bonfires serves the double purpose of keeping away devils, witches and other mischief-making beings, in accordance with the belief of the early Christians, and it also perpetuated the druidical custom of lighting fires in honor of the sun god in thankfulness for the harvest. The use of apples and nuts in our present Halloween celebrations is a survival of the druid ceremonies in which these edibles represented the winter store of fruits for which the sun god was thanked. They were also used in the divinations and consulting of omens which gradually became a part of the celebration of this festival which was so tinged with superstition by the early Christians. Indeed, in some countries, Halloween is also known as "Nutmack Night" because of the custom of using nuts as a means of discovering the course love affairs will take.

In regard to the use of nuts in the Halloween festival an early writer observes: "The first of November seems to retain the celebration of a festival to Pomona, when it is supposed the summer stores are opened on the approach of winter. Divinations and consulting of omens attended all these ceremonies in the practice of the heathen. Hence, in the rural sacrifice of nuts, propitious omens are sought touching matrimony; if the nuts lie still and burn together, it prognosticates a happy marriage of a hopeful love; if, on the contrary, they bounce and fly asunder, the sign is unpropitious. I do not doubt but the Scotch fires kindled on this day anciently burnt for this rural sacrifice."

Apples are used in various ways in the divination ceremonies. It was believed that if a maiden ate an apple before a mirror, brushing her hair the while, the face of her future husband would be seen in the mirror peeping over her shoulder. Among the Irish here were certain conditions attached to this ceremony. The girl must steal an apple for use in the ceremony and also steal a knife with which to pare it. Then, standing before the mirror at midnight she would repeat "With his stolen knife, I pare this stolen apple and as I cast the paring over my life shoulder I command that the face of my lover appear." It was also believed that if man or maiden at Halloween time should throw the paring over the shoulder upon falling to the ground it would form the letter of the name of the future husband or wife.

In Scotland was observed the ceremony of pulling kale stalks, or stalks of colewort. Young people were led hand in hand, blindfolded, into the sleyard, or garden, and each pulled the first stalk he met with; they then returned to the fireside to inspect their prizes. As the stalk was big or little, straight or crooked, so should be the future wife or husband; the quantity of yird (earth) clinging to the root indicated the tocher (wealth), or dowry; the taste of the pith or custock indicated the temper. Then the runts, or stalks, were placed over the door, and the Christian names of the first to enter thereafter were those of the individuals whom the respective parties were to marry.

Census Shows U. S. Growth
In the first census in 1790 the population was only 3,929,214. In 1920 the enumeration showed there were 105,710,620 inhabitants in the United States. In 1910 the total was 91,972,266, making an increase for the decade from 1910 to 1920 of 13,738,354. If, as has been estimated, the total for the continental United States during the coming census passes the 120,000,000 mark, the increase for this decade will be slightly greater.—Washington Star.

Song Birds Used as Food
The tiny song birds, ortolans, are still considered as great a dainty as they were in the time of the Caesars. They are kept in confinement until very fat. They are usually served roasted, preferably in egg shells. They are also spiced and pickled.

IMPORTANT TO MOTHERS OF UNDERWEIGHT CHILDREN

"Two Tablespoons of Karo in a Glass of Milk doubles its Food Value!"

THIS statement is made by one of America's greatest child specialists.

"Karo", says this physician, "is not only a delicious sweet, but the ideal food for the underweight child. Karo can be added to the diet without spoiling the appetite for other foods—and it improves the taste of milk."

Karo has a high energy value—there are 120 calories per ounce in it—almost twice the energy value of eggs and lean beef, weight for weight.

Further—Karo is easily digested—giving children muscular energy immediately.

Serve the kiddies plenty of Karo in milk, on cereals, on sliced bread—and watch their weight improve.

Economy—compare Karo, pound for pound, with the price of other staple foods. Isn't Karo economical?

What Does Your Wife Think?

If your wife is left a widow, will she prefer to have your insurance money in one lump sum or in instalments every month as long as she lives?

A woman's judgment is seldom wrong on a question like that. She usually senses the security and certainty that attach to an unfailling income.

Ask her which she prefers—and ask yourself which you should prefer.

SCHOOL NOTES

ence, preferably in an accredited school system. The foregoing requirements shall not be construed as applying to a person who has served successfully as a superintendent of schools prior to January 1, 1930, in a system maintaining an accredited high school."

Report books will be given out in all departments next Wednesday. These books will be sent out each month this year, rather than each six weeks. The grades for the first two months will be recorded on them this time, as they were not received from the printer in time to give out at the close of the first month. The state system of grading for the subjects will be used. This system uses the letters A, B, C, D, and E, meaning excellent, above average, average, below average, and failed, respectively. All pupils will also be graded this year in school citizenship. This will take the place of what has commonly been termed "department." School citizenship, as defined by the state Manual and Course of Study, is the following: "It is the teacher's estimate of the individual student's general attitude toward the social institutions in his school life with which he comes in contact. The good school citizen is highly co-operative, helpful and useful, enthusiastic for the best welfare of his school, a good sportsman, trustworthy, self-sacrificing, and loyal to the school's ideals and traditions." In the grading of school citizenship, as suggested by the same manual, the Arabic numerals 1, 2, 3, 4 and 5 will be used. The meaning is superior, above average, average, below average and poor, respectively.

In the grades below the ninth, the mark for school citizenship will appear at a special place in the report book. In the ninth grade and above, the teacher of each subject will grade the student's citizenship for each class. Thus, a mark of A-1 in history will signify that in the teacher's opinion the student is excellent in both subject matter and conduct, while a mark of A-4 will signify that the student is excellent in the subject matter, but below average in conduct. The general average of the high school student's citizenship will be placed at the special place on the report book as indicated above for the grades.

School was resumed Wednesday after being closed for two days to enable the teachers to attend the convention of the Michigan Education Association. Noted educators and business men from different sections of the United States spoke before the general assembly of the convention. Among these was William McAndrew a former assistant superintendent of schools of New York City and superintendent of schools of Chicago. Mr. McAndrew is a graduate of the Michigan State Normal College and of the University of Michigan.

Seventh and Eighth Grades
The two days of vacation were enjoyed by most of the pupils. Perhaps Dorothy Davison did not pass the time as pleasantly for she had her tonsils removed. We hope she will soon be back in school.

Fifth and Sixth Grades
The fifth grade won the spelling contest last week.

Bobby Mark "spelled down" the entire fifth and sixth grades Friday afternoon.

We are planning a Halloween party for next Wednesday.

We are reading "The Cuylytop" series for "opening exercises." We are anxious to hear the two new books which have been published recently.

TRI-COUNTY O. E. S. MEETS WITH LOCAL CHAPTER

Le Mark, Tawas City; W. P. Arthur Elwell, Standish; A. M. Alma Christeson, Oscoda; Secretary, Sarah Chase, Whittemore; Treasurer, Libbie Tovatt, Standish; Cond., Myrtle Hatcher, Omer; A. C. Etta Baikie, Omer; Marshal, Hazel Leonard, Harrisville; Organist, Mildred Mulsolf, Tawas City; Chaplain, Bess Mackenzie, Omer; Adah, Elsie Adams, East Tawas; Ruth, Nellie Robinson, Oscoda; Esther, Ruth Vahay, Whittemore; Martha, Anna Carpenter, East Tawas; Electa, Maggie Briggs, Standish; Warder, Charlotte Hennigar, Oscoda; Sentinel Carl Siegrist, Whittemore.

Mrs. Mary Covei, Grand Conductress of the Grand Chapter of Michigan, then conducted a School of Instruction, and her pleasing manner and words in explanation of the work gained her a host of friends in the Association. After the presentation of gifts from Tawas City Chapter to Mrs. Covei and Mrs. Whiting and their pleasing responses, the Chapter was closed by the Tawas City officers.

Mrs. Whiting then appointed Mrs. Amanda McGillivray of Osco-

da, Mrs. Dora Mark of Tawas City, and Mrs. Sarah Brown of Hale as a committee on revision of the By-laws; the committee on courtesies and invitation gave its report, and the fall meeting of the A. I. A. Association was closed to meet in the month of May, 1929, at Standish.

The many expressions of thanks and congratulations from the visitors to the officers of the local chapter showed that the meeting was a decided success.

Blood Temperature

In warm-blooded animals the temperature of the body is kept approximately at a fixed point, generally higher than that of the surrounding medium. In animals which are called "cold-blooded," the blood has no fixed temperature, but varies with the temperature of the medium in which the animal lives.
