## HELD FOR TRIAL IN LAND RACKET

Porter Chadwick and William Ahlborn of Highland Park were examined Tuesday in the justice court at that place charged with selling worthless titles to land in Iosco county. The two men were bound over to circuit court.

The land which Chadwick and Ahlborn sold is located several miles from Van Ettan lake in Escoda township and is owned by Henry N. Loud. A number of lots were sold and it was claimed that they fronted on Van Ettan lake.

They were arrested October 19 on complaint of Frank Martuch of Highland Park.

Martuch alleges the two men on October 9, traded "warranty deeds" for several pieces of northern Michigan property for store fixtures valued at \$2000. Investigation disclosed the deeds were worthless in that the two defendants had apparently sold land that did not belong to them.

At yesterday's examination, Assistant Prosecutor John D. Watts introduced N. C. Hartingh, Tawas City, who appeared as expert witness for the state.

He said the two defendants did not possess title to the land in question, nor had they been authorized to sell the property by the rightful owners.

## FOUR YEARS OF WORK FOR TWO HOURS OF FUN

One may attend the State Theatre and see Universal's spectacular \$1,500,000 production of the Victor Hugo classic, "The Man Who Laughs," within a period of two hours.

But the actual production and making of the picture took one month less than four years from the time Carl Laemmle projected plans for the picture until it was finally edited and titled, ready for release.

Three years were spent in research in the United States, England and France. Research men amassed all available information concerning life in England in 1707, customs, clothing and physical descriptions of ships, London streets and fairs of that era. The activities of adapting the story for the screen, preparing it in scenario form, designing and erecting the sets and the actual filming overlapped to an extent that it took 47 months before being completed.

Mary Philbin and Conrad Veidt are co-starred in "The Man Who Laughs," which comes to the State Theatre Sunday and Monday.

## MRS. MARY J. MOUNT

Mrs. Mary J. Mount, 69 years old, died Wednesday morning, October 24, at the home of her daughter, Mrs. Richard G. Hartingh, with whom she had made her home for the past five years. She had been ill eight months.

Mrs. Mount was born in Canada and came to Michigan when a young girl, later settling with her parents in Tawas City. Here she was married to George W. Mount, who preceded her in death about eight years ago. To this union two children were born, one dying in infancy.

Mrs. Mount was a charter member of the Eastern Star, and also a past matron of the local chapter.

Besides the daughter, those surviving are a sister, Mrs. James Hamilton of this city, and a brother, Mose Minor of Chicago. The body was taken to Tawas City on Friday where Eastern Star burial services were given at the grave. Prayer was offered by Rev. Le Van.

## BENJAMIN F. BRONSON

Benjamin F. Bronson, age 74 years, 11 months and 7 days, died Friday, October 12, at his home in Reno township.

Benjamin Franklin Bronson was born November 5, 1853, in Pennsylvania. He lived with his parents there and in Canada until 1874, and in 1876 moved with his parents to Michigan, where he worked in the lumber camps and on a farm in Burleigh township for several years.

In 1884 he went to Canada, where he was united in marriage to Catherine Shaw, eldest daughter of Martin Shaw, returning to make their home on their farm in Burleigh. In 1898, with his wife and two sons, he moved onto a farm in Reno township, where he worked at the lumbering industry. In later years he devoted his time to raising live stock. In 1900 he was elected director of the Corrigan school, which position he held for 15 years. He also served several terms as justice.

He leaves to mourn, an aged widow, two sons, Ethyl A. Bronson of Whitefish, Montana, and Alva J. Bronson of Reno, three sisters, Mrs. Orillia Thompson of Edward, Mich., Mrs. Maggie Near of Prescott and Mrs. Phoebe Crego of Hale. One brother, Wm. E. Bronson of Durand, two grandchildren, Ferdinand and Lawrence Bronson of Whitefish, Montana, and a number of other relatives and friends.

The funeral was held from the Reno Baptist church Friday afternoon, Rev. Roberts officiating. The remains were laid to rest in the Saints cemetery in Burleigh.

## TO THE VOTERS OF IOSCO COUNTY

William H. Grant  
Dated October 29, 1928.

## IN MEMORIAM

In memory of my husband who passed away four years ago, November 4, 1924.

When the evening shades are falling  
And we're sitting all alone,  
In our hearts there comes a longing  
If you only could come home.  
Oft my heart does wander  
To that grave not far away,  
Where we laid him just four years ago today.

Mrs. Tillie Stevens Robinson.

## RED CROSS ROLL CALL NOV. 11

The Annual Roll Call of the American Red Cross is soon to be taken and it is not too early to begin making plans for assisting in the work of the greatest charitable organization in the United States. November 11, the day on which the armistice ending the World War was signed, is the date on which the National Red Cross effort will begin.

Most every American citizen fully realizes how much the Red Cross means to this country and even to civilization itself. In time of disaster, after storms, hurricanes and other forms of calamity have visited themselves upon the helpless community whether large or small, the Red Cross is among the first to begin the work of relief. The dead are buried and survivors are fed, clothed and given medical treatment without cost by this great organization.

Most of us still remember the great work of the Red Cross in the Mississippi flood last year and more recently the Florida and Porto Rico hurricane disaster in which the Red Cross performed notably.

One hundred fifty dollars was asked of Iosco county for Mississippi flood relief and same was sent them immediately. One hundred dollars was asked for the Florida-Porto Rico hurricane and check was sent them immediately also.

Naturally, the Red Cross cannot function without financial means. In times of great disasters contributions are sought from the nation as a whole. Therefore, it is exceedingly proper that all citizens be encouraged to subscribe to Red Cross membership, the cost of which is only one dollar. Iosco county is asked to furnish 200 memberships. Certainly there are that many people in Iosco county who can easily afford to part with this trivial sum to renew their membership.

We doubt if there is another charity so deserving that can be taken care of for the sum of \$1.00 per person. The roll call is about ten days off, so please lay aside in the next few days one dollar for the membership campaign which it opens November 11th, so that we can always meet our quota when called upon in the future, the same as we have been able to do in the past. Iosco County American Red Cross have always been able since its organization to meet every demand made upon them.

## SCHOOL NOTES

### High School

Report books were given out in all the departments of the school Wednesday. We hope that the parents will inspect these reports with great care, as this is the only way the teachers have in reporting the progress of the students.

The following students, having received no mark lower than a "B" during the past school month, are placed on our Honor Roll: 12th grade, Theodora Look and Onalea Main; 11th grade, Elvera Kasischke, Stewart Roach and Myrna Sommerfeld; 10th grade, Beulah Hiltz and Delta M. Leslie; 9th grade, Viola Burtzloff, James Mark, Elsie Mueller, and Leona Ulman.

The following pupils have been neither absent nor tardy this year: Glen Barnes, Orval Lee Brown, Viola Burtzloff, Alvin Cholger, Herbert Cholger, Alvera Goedecke, Harold Hartmann, Beulah Hiltz, Arnold Hosbach, Elvera Kasischke, Lucille Krumm, Delta Leslie, William Leslie, Elsie Mueller, Martin Mueller and Leona Ulman.

We desire again to call the attention of pupils and parents to "School Citizenship." School citizenship takes the place of what was formerly known as deportment, and includes much more. We take this opportunity to repeat the definition which was given last week. "School citizenship is the teacher's estimate of the individual student's general attitude toward the social conditions in his school life with which he comes in contact. The good school citizen is highly co-operative, helpful and useful, enthusiastic for the best welfare of his school, a good sportsman, trustworthy, self-sacrificing, and loyal to the school's ideals and traditions." This definition is taken from the 1928 manual and course of study which is issued by the Michigan Department of Public Instruction.

### Seventh and Eighth Grades

Report cards were given out on Wednesday. Those who received a "B" average in the eighth grade were, Martin Zollweg, Dora Mark, Ernest Wegner, and Clair Thompson, and the pupils in the seventh grade were, Arthur Wendt, Irving Work.

### Work Not Always Toil

The one thing harder than hard work is to be denied all privilege of toil. When the misfortune of illness takes us away from our work we begin to appreciate the blessings of work.

## VOTERS ATTENTION!

There have been so many requests come to me from voters in every part of Iosco County that I have finally consented to be an independent candidate for County Treasurer on November 6.

The vote in September was about 50% of the registered vote and was divided among three candidates, so the winning candidate had a small percentage of the registered vote.

Voting with a slip is very simple. All you have to do is place the slip under the head of the ticket you are voting and opposite the office of County Treasurer. It is not necessary that you cross out the name of the other candidate.

If you do not have a slip, you can get one in Tawas City at Iosco Hotel, in Grant township at Fraser's store or in Whittemore at M. McLean's office.

W. H. Price.

## AMERICAN EDUCATION WEEK, NOVEMBER 5-11

The Federal Bureau of Education in 1920 inaugurated an annual American Education Week dedicated to the democratic task of universal education. The well-rounded, all-embracing program presented below is arranged by the National Education Association, The American Legion, The Daughters of the Republic and the American Bar Association.

PROGRAM—Monday, November 5, Health Day; Tuesday, November 6, Home and School Day; Wednesday, November 7, Know Your School Day; Thursday, November 8, School Opportunity; Friday, November 9, Citizenship Day; Saturday, November 10, Community Day; Sunday, November 11, Armistice Day.

American Education Week places on you a responsibility and also affords you the privilege of acquainting the public with the work of the schools, their ideals, their achievements and needs. A little expended in education saves much expended on poverty, disease and crime. The school teaches children how to learn, to think, to develop vision, to judge, to do, and gives them an appreciation of the spirit of learning.

What Education Week means: To the Child—Appreciation of his obligation to match the privilege of free schooling with good spirit and hearty endeavor.

To the Teacher—A call to serve the children of the community and to work on the problems of his profession.

To the Parent—A fuller understanding of the great adventure of parenthood—its duties, privileges and opportunities.

To the Citizen—Intelligent faith in the school as our greatest collective enterprise, the foundation of our liberties, the protector of the achievements of our glorious past, and the promise of fuller life tomorrow.

Visit your school. See it in action. Whether you are a parent or not, you will be welcome.

## WARNER AN ARTIST IN "THE KING OF KINGS"

Among those who see Cecil B. De Mille's "King of Kings" when it is presented at the Family Theatre, East Tawas, on November 4, 5, 6 and 7, H. B. Warner's remarkable impersonation of the Christ is bound to be widely discussed. Comparison inevitably will be made with the actor of Christus at the famous de-cennial spectacle of Oberammergau in Germany, and the work of Mr. Warner will not suffer thereby.

One of the most distinguished actors of the English-speaking stage, H. B. Warner was born in England, and for two decades starred in the "flesh-and-blood drama. He is the son of Charles Warner, the celebrated English star of "Drink." Now in middle years, he is lean, powerful, boy-like in his vigor. His eyes are lustrous. His acting methods are simple and straightforward. Of his impersonation of the King of Kings.

Don't miss seeing this, starting Sunday, November 4th.

## CARD OF THANKS

We wish to express our sincere thanks to our many friends who assisted us in our sorrow, also to those who sent the beautiful flow-ers and those who loaned cars.

The new Buick is the new Style

Men and women on every street--in every city and town-- are pronouncing the new BUICK with Masterpiece Bodies by Fisher, the most beautiful automobile of the day--

Never before in the history of motor car manufacture have the motorists of America welcomed any new automobile as they are welcoming the Silver Anniversary Buick with new Masterpiece Bodies by Fisher!

Sweeping into the market at a time when motor car lines were practically standardized--when imitation was destroying individuality--these epic Buick creations introduced an entirely new mode--

A mode of body-symmetry--of size and magnificence--of soft contours instead of straight lines--of embossed side and hood panels involving the most costly steel paneling work employed on any car in the world!

And as the weeks have passed--and the full significance of Buick's achievement has become apparent to the public--enthusiasm for this car has swelled and grown to unprecedented proportions!

Buick sales records have been broken! Production schedules have been increased again and again! The great Buick plants are working to the limit of their capacity to supply the demand.

### The Speed Age

This is the age of speed. People want to get things done in a hurry. A doctor says it is a fact that people of today are so anxious to get things done that many of them want operations performed on themselves before surgeons think it wise to operate.—*Atchison Globe*

### Toy Balloon's Long Trip

A toy balloon, released twenty-two hours earlier from Staveley, in the English Lake district, was picked up at Leisn, Poland. The distance covered was about 1,000 miles, and the average speed between forty and fifty miles an hour.

### Heraldic Devices

The origin of heraldic arms is by general consent attributed to the necessity which arose during the Crusades of distinguishing the leaders of the numerous bands of warriors which constituted the Christian armies.

# New models and THE OPEN MIND

THE public, with its healthy desire for the new and the better, insists upon continuous improvement, and will withdraw its patronage from any product or service which stands still.

Nowhere is this more true than in the automobile industry. The car is more than a utility. It is a personal thing, involving your convenience, your comfort, your safety, your sense of beauty and color, your pride of ownership, your complete environment for many hours of your life. Customs and habits of living change fast; and the past holds many warnings of how quickly your favor can shift when an automobile, for even a single year, fails to show progress.

So continuous improvement is more than a policy with General Motors. It is a vital necessity.

### THE PUBLIC DEMANDS NEW MODELS

And the public is right. Out of that demand have come electric starting and lighting, the closed body, Duco finish, four-wheel brakes and hundreds of refinements, big and little. Improvements that might have taken a generation have been born within a few years because people want greater performance, beauty and comfort.

Equipped with the largest research laboratories, proving ground and body building plants, and guided by an Open Mind which is ready to revise its thinking in response to new facts, General Motors believes that it is peculiarly fitted not only to sense but to anticipate public demand and to give the people better automobiles at better values year after year.

As evidence of that faith we presented some months ago the New Chevrolet, the New Pontiac, the New Oldsmobile. And now we offer, with equal pride, the New Buick, the New Cadillac, the New LaSalle and the New Oakland.
