Rev. Joshua Roberts, of this city, who has retired from active service, was honored for his 28 years of distinguished work by Michigan Baptists at their annual convention held at Flint in October.

Rev. Roberts' services in the Michigan Baptist field are as follows: 1908 to 1914—general superintendent of state missions. When the field was divided into districts, on account

of his deep interest in the small churches of Northern Michigan, he was appointed superintendent of Missions for Northern Michigan, and acted in that capacity from 1914 to 1921. From 1921 to 1928 he was superintendent and pastor in the Alpena association. He was under commission continuously for 20 years. Prior to being general superintendent of state missions, he had been pastor at Grand Rapids and Howell for eight years.

In speaking of Rev. Roberts' long service and the action taken at the Flint convention, The Michigan Baptist, the official Baptist magazine of Michigan, said:

The Annual Sermon had just been preached to a convention audience that packed the Flint First church, and Brother Roberts, "Your Joshua," as Dr. Duke of Tampa, Fla., designated him, turned from the pulpit and took his seat on the platform. Then our Acting Executive Secretary, John C. Austin, came to the platform and in a fitting little speech in which he pictured the picture of the man on the last page

The bride was attired in a dress of blue georgette and carried a bouquet of white chrysanthemums and pink carnations. She was attended by the Misses Erma Bischoff and Catherine Clary. Herman Bischoff, Jr., and Gustave Karus attended the groom.

After the ceremony, a wedding supper was served, which was followed by an evening of dancing and card playing. A dainty mid-night lunch was served.

NOTICE

I wish to thank the people of Isoco county for the support given me in the recent election and especially the townships of Plainfield, Reno and Burleigh for the splendid majorities I received. In the face of the large straight Republican vote and the very small vote received by other slip candidates in the state, I can only feel grateful for the vote I received, although not enough to win, and take this opportunity to thank the many people who worked so loyally for me. Sincerely, W. H. Price.

CARD OF THANKS

We wish to thank the many friends and neighbors for the kindness extended to our mother during her illness, and to us after her death. The Marsh Family.

SMITH-BELLEN

The home of Mr. and Mrs. Andrew Smith was the scene of a very pretty home wedding on Thursday, November 1, at twelve o'clock, when their daughter, Joy Eleanor, became the bride of Gerald L. Bellen, son of Mr. and Mrs. Ernest Bellen.

Under a canopy of pink and white streamers and flowers the ceremony was performed by Elder M. A. Sommerfield of the L. D. S. church.

The bride wore a dainty gown of blonde georgette crepe and carried an arm bouquet of white chrysanthemums, while the groom was attired in the conventional black with a white boutonniere.

The bridesmaid, Miss Muriel Smith, youngest sister of the bride, wore pink satin and carried an arm bouquet of chrysanthemums. Lowell Bellen, brother of the groom, acted as best man.

A pink and white color scheme was also carried out in the dining room where a bounteous wedding dinner was served to twenty-eight immediate relatives and friends. Among those present were, Aaron Brintnell of Midland, Mrs. Chas. Ward of Saginaw, Mrs. J. E. Smith and two children of Lansing, Mrs. Minor Watkins and daughter, Donna, of Flint and Mr. and Mrs. Robert McLaughlin of Ann Arbor.

The happy couple left amid a shower of rice and good wishes for a short honeymoon in southern Michigan. On their return they will reside in Whittemore.

ST. JOE ELEVEN IS HANDED FIRST DEFEAT OF SEASON

Though fighting gamely to the final whistle, the St. Joe huskies went down to defeat for the first time this season before the fast Essexville squad by a one-point margin, 13 to 12.

The home team's running attack was decidedly superior to that of Essexville, but lost because of its failure to break up the brilliant aerial attack of the downstate eleven, which netted them both of their touchdowns.

Both touchdowns of the Green and White were made by J. Mueller, the St. Joe quarterback. One of these resulted from his sensational 80-yard run after intercepting a forward pass.

Today the local team encounters the heavy St. Joe eleven at the Tawas Beach grounds and a hard, close game is expected.

HEAVY ACTION FILM**HAS U. S. EX-MARINES**

Apparently Director James Cruze took no chance for a slip-up during the filming of "Old Ironsides," the gigantic historical and romantic photoplay which shows at the Family Theatre Sunday and Monday, November 11 and 12.

Five hundred ex-marines, most of whom had seen service in the late war, were engaged to play the roles of sailors on board the frigate "Constitution" during the recording of the stupendous battle scenes.

When production started upon "Old Ironsides," Mr. Cruze had his agents advertise for and selected five hundred ex-marines from all sections of southern California. Each was required to prove his honorable discharge from the service.

The marines are probably the oldest branch of military service in the United States, being active as early as 1780. While their drill rules have been almost completely changed by modern warfare, these men proved invaluable to the production not only because of their physical and moral training but because of their ability to obey orders upon a moment's notice in true military fashion.

The story is taken from the poem "Old Ironsides," by Oliver Wendell Holmes. Be sure to see it—November 11 and 12.

Red Cross Membership Is Sound Investment, Business Leader Says

"We believe that individual membership in the American Red Cross is a sound investment, yielding the investor tremendous returns in personal satisfaction," is the statement of William Butterworth, president of the Chamber of Commerce of the United States, in endorsing the twelfth annual roll call of the American Red Cross, Nov. 11-29. Mr. Butterworth's statement follows:
 "The men engaged in carrying forward the business and industry of this nation are quick to respond, and respond generously, when human suffering calls for their assistance. They welcome the existence of an organization authorized by international treaty and congressional charter to act as their agency, and the agency of all the people, in providing relief in disaster and promoting their beneficial services to humanity. The nation's business men take particular pleasure in supporting the American National Red Cross because it has applied sound and efficient business technique and administrative methods without sacrifice of sympathy and understanding in the prevention and mitigation of human suffering.
 "The Chamber of Commerce of the United States, as representative of the nation's business, has such confidence in the American Red Cross that it calls upon its member organizations to contribute to relief in disaster only upon Red Cross assurance that an appeal is necessary.
 "We believe that individual membership in the American Red Cross is a sound investment, yielding the investor tremendous returns in personal satisfaction. The Red Cross is seeking to increase its membership to five million; the opportunity to join its ranks is presented by the Red Cross Chapters throughout the nation from November 11 to 29. It is good to be a link in this great chain of service reaching around the world."

Labor Head Asks Nation's Workers to Support Red Cross

William Green, president of the American Federation of Labor, in Washington, calls upon the workers of the nation to support the twelfth annual roll call of the American Red Cross, November 11-29, in the following statement:
 "Through the American Red Cross we find expression for some of our noblest ideals. It is an effective instrument for magnifying many times our personal service to humanity.
 "In the face of great disasters, when the injured and homeless run into the thousands, there is little we can do individually. Consolidating our strength through membership in this great organization, our opportunity for service is unlimited.
 "We must not forget that every day is a day of disaster to thousands. Into homes where disaster strikes your Red Cross goes in your name to be friend and counselor to those upon whom misfortune has laid her heavy hand.
 "As President of the American Federation of Labor, I hope and feel confident that the workers of the nation will respond to the Red Cross Roll Call and have a part in this organization's great work."

THE HAPPY FAMILY

"They do have such good times together!"

Little Mrs. Turner's eyes followed wistfully the disappearing figures of the MacDougalls, her neighbors across the way, Lurch and camera and sweater-laden, with the dog bounding joyously before them, they were off—father, mother, and the three young MacDougalls—for a Saturday tramp in the woods.

"I was asking Mrs. MacDougall only yesterday," little Mrs. Turner went on, "how it is that although they all have special friends and

hobbies of their own, they still manage to work and play and plan together so many good times. And do you know what Mrs. MacDougall answered? She laughed and said, 'Well I really think more than anything it's The Youth's Companion!' In fact, I'm so sure of it that I should like to order it for a year as a present from our family to yours. Six months from now you can tell me if I wasn't right."

The MacDougalls are just one of thousands of households where The Youth's Companion is bringing not only entertainment in its fine book-length novels, serials and short stories, but fresh interests, new ambitions, and deeper understandings through its feature articles and many special departments. **MICHIGAN BAPTISTS
HONOR REV. ROBERTS**

once missionary service and heroic leadership of Brother Roberts going about among the needy churches of northern Michigan "like a Viking of old as he made his way through deep snows dressed in cowhide coat and covered with icicles, yet bringing good cheer and helpful counsel from the heart of a true evangelist of Jesus Christ."

"On behalf of the ministers of Michigan," Secretary Austin continued as the expectant audience listened and watched the noble face of the missionary, "I present to you this token of love and affection." The package was daintily wrapped and tied with pretty ribbons, and without unwrapping it, Mr. Austin explained that the gift was a seventeen jeweled Waltham watch on the back of which was engraved

"To Joshua Roberts from Michigan Baptist Ministers as a token of love For services from 1900 to 1925."

Brother Roberts accepted the gift with deep appreciation and concluded a little speech with "I very much appreciate and thank you all for this token of your affection, in my own name and in the name of Mrs. Roberts."

Perhaps it is not out of place for the Editor to add a glimpse of the records of past years as he has been able to snatch it from office files in the rush of many other duties. Someone might well have been delegated many weeks ago to write the story, but here are some facts to stimulate your imagination for vivid picture.

Brother Joshua came to Michigan in the youthful vigor of his thirties after having the experience of successful pastorates in Ontario at Port Arthur, 1891-1893 and Woodstock, 1893-1899, followed by a part of a year in travels abroad. He began work in our state at the old Second Baptist church of Grand Rapids where he served for five years, and then was called to the pastorate of the Howell church in 1905. During these first years with us the records show that he was keenly interested in Michigan Baptist work, and was speedily elected to the chairmanship of important committees in our state organizations. His missionary passion together with well proved qualifications in the pastorate brought him the call to become the General Superintendent of State Missions and after prayerful consideration he accepted the challenge of this work and began his service January 1, 1908.

We read in the Michigan Baptist Annual for 1908 his first report given before the assembled Convention in the Flint First Church. It expresses vision of the great need in our churches, and grasp of the situation in masterful grip. Under Brother Joshua's direction are 83 missionaries that year, and as superintendent during those first nine months of service he traveled 14,125 miles, visiting 107 churches in 12 associations. And travel was not so easy then with poor roads and undeveloped motor cars. Horses and saddle bags were still popular and buggies were in style. The bigness of the work demanded division into districts and the appointment of district missionaries. Thus the work was encouraged and supervised in methods of Christian statesmanship until the days of reorganization and co-ordination when Rev. E. M. Lake was chosen General Superintendent January 1, 1913, and new policies and programs were introduced.

And in these days of transition Brother Joshua graciously accepted appointment as Superintendent of State Missions under the supervision of Dr. Lake, and answered increasingly the call of the little churches struggling in isolation in the vast northern and eastern sections of the state. The story of his life ever since the writer has been privileged to know him is a story of shepherding the work in many small fields, getting along on a very limited salary and spending his years where the sands drift in heaps and old pine stumps are monuments of a life that has passed and left little hamlets of folk who must struggle for a fair measure of life. Here is a picture of heroism and service in far away lands; and the Lord's work is glorious everywhere. Our deep concern just now, as a noble pioneer retires for a crown of rest and reflection of happy memories, is what youthful leaders in Michigan or soon to enter our fellowship shall manifest the spirit of a Joshua or a Caleb.

SCHOOL NOTES

High School
Mr. Forsten gave a very entertaining and instructive lecture before the high school Wednesday morning. His subject was the program of sports at the University of Michigan. He brought out the wonderful record of Michigan's football teams and the very modern equipment with which they are furnished. He told about the Michigan-Illinois game at Ann Arbor Saturday, the first game which Michigan has won this season. Incidentally he warned the boys against taking their girls and especially their wives to any such place.

The typing classes are keeping graphs showing their advancement in speed and accuracy.

We are glad to announce Hoover was elected! At an election held in the high school Tuesday morning after a period of instructions of voting, Hoover received 43 votes and Smith 0.

All should have in mind the school entertainment which will be held at the State Theatre Thursday evening, November 22, at 8:00 o'clock. The proceeds will be used to secure athletic material for the school. All are welcome.

The Sophomore class had the best attendance record during the past month with an attendance of 98.8%; the Juniors were next with 88.3%; the Freshmen class next with 97.7% and the haughty Seniors last with 92.5%.

Some of the students of the high school are wearing new sweaters. The sweaters are in the T. C. H. S. Athletic Association colors of maroon and white. The boys of the baseball team are wearing an 8-inch white letter "T" on their sweaters while the rest of them will have a maroon and white monogram.

Fifth and Sixth Grades
Those having a perfect attendance record since the beginning of school are: Norma Kasische, Annie Metcalf, Nelda Mueller, Albert and Mildred Quick, Agnes and Billy Roach, Willard Wright, Ottilia Ziehl, Walter Wegner, Norton and Murrel Ulman, Junior Tanner, Jean Robinson, Gordon Myles and George Laidlaw.

Our percentage of attendance for last month was sixth grade 91.2; fifth grade, 98.6.

Norton Ulman and Jessie King were the only two who received an "A" on their geography notebooks.

John Brown has left school and Elizabeth Lenchan has moved to East Tawas.

Having secured more than twelve subscriptions for the "Farmer's Wife," we have earned a framed picture of Col. Charles Lindbergh and His Plane, for our room.

House Made Famous

The location of the house in which Jefferson wrote the Declaration of Independence was on the south side of Market street, Philadelphia, between Seventh and Eighth streets. The house is no longer standing, but the desk upon which he wrote has been preserved and is the property of the federal government.

Preserving Railway Ties

Coal tar creosote and zinc chloride are the two most widely used preservatives common in treating railway ties, posts, poles and piling, etc., to prevent decay, but others have been found that are good for special uses.

Three Widely Read Books

It has been estimated that there are only two books in the world that have exceeded the circulation of "Pilgrim's Progress": these are the Bible and the Koran.

Favored by Nature

It is said of southeastern Missouri that it is the only district in the world where corn, wheat and cotton grow side by side to capacity yield.

**RED CROSS FIGHTS
DEATH AND DISEASE**

Four Nation-wide Services Promote Health Preservation and Accident Prevention.

A nation-wide program for preservation of health and prevention of accidental death is one of the great services of the American Red Cross. Four bureaus, manned by experts, direct this work. They are the Public Health Nursing Service; the First Aid and Life Saving Service; the Home Hygiene and Care of the Sick Service, and the Nutrition Service.

These services aim at preservation of health through skilled nursing care; prevention of loss of life in accidents; prevention of illness, through cleanliness in the home and knowledge of methods of care of the sick; and raising the standard of physical efficiency through proper eating.

This nation-wide campaign against disease and accidental death is conducted through a majority of the 3,532 Chapters of the Red Cross. It is a community campaign, fitted to the health problems of each section.

The Red Cross, through its Chapters, is the largest employer of trained Public Health nurses in rural work in the United States. In its campaign for preservation of health and prevention of disease it has aided in establishing 2,000 or more community nursing services.

At the national headquarters an enrollment of nurses is maintained, which forms a great nursing reserve. Under its Charter from Congress this Red Cross Nursing Service is the official reserve for the United States Army and Navy Nurse Corps. In addition, these nurses are available in time of disaster or epidemic. This reserve list of trained nurses has in 1928 reached its peak in number enrolled—there being now 47,000 nurses qualified under Red Cross regulations who may be mobilized in time of emergency.

The comprehensive, nation-wide program of instruction in First Aid and Life Saving maintained by the Red Cross is in answer to the appalling total of accidental deaths each year in the United States.

In its First Aid instruction among firemen and police forces, in factories, railroad centers, great industries, and public utilities, the Red Cross annually reaches more than 160,000 men and women, whom it teaches to be alert, ready in case of accident, to apply first aid treatment.

The campaign against accidental deaths through drowning has been carried throughout the country, and there now are 173,506 men and women, boys and girls, qualified as Red Cross life savers.

CONSTANT EXPANSION

-to serve Chevrolet owners better

SINCE January 1st more than a million new Chevrolets have been delivered to owners—making the Chevrolet Motor Company, for the second consecutive year, the world's largest builder of automobiles!

under the supervision of Chevrolet engineers. This equipment definitely assures maximum speed and precision and the lowest possible cost in the performance of every Chevrolet service and repair operation—which are charged for on a flat rate basis.

This outstanding achievement has been attained not only because of the quality and value of Chevrolet cars—but also because there has been a constant expansion of Chevrolet service facilities.

Furthermore, all of these tremendous facilities have been made available to 15,000 authorized service stations manned by skilled mechanics, over 25,000 of whom have been factory trained to efficiently handle every repair operation on a Chevrolet car. In addition, there are over 4,000 other points where genuine Chevrolet parts may be obtained.

In order to bring these mammoth facilities of the Chevrolet factories to Chevrolet dealers and owners everywhere, there have been erected 26 huge parts warehouses in the principal centers of distribution. This expansion program is continually going on—for four great additional warehouses will be in operation by January first and seven more by the summer of 1929.

Uniformly efficient, uniformly reliable and within easy reach of everybody everywhere—this great service organization is maintaining at peak efficiency the fine performance for which Chevrolet cars have always been renowned.

Into the service departments of all Chevrolet dealers, Chevrolet has brought special tools and shop equipment—designed

We cordially invite you to come in and see how our service facilities reflect the influence of this great national service program.
