NO EASY TASK TO "PLACE" MAN

Many Theories as to Cradle of Race Advanced.

Anthropologists seem bent on demolishing the Biblical story that the Garden of Eden, supposed to have been situated in Asia, was the cradle of the human race. In recent years they have placed the cradle in the Gobi desert, also in Siberia and in northern Africa. And now comes Dr. A. V. W. Jackson of Columbia university to say that fifty years of research in various parts of the world have led him to the conclusion that human life began simultaneously or nearly so at different places on the planet.

Doctor Jackson, who was recently in Los Angeles, says he believes that the Indic people came out of Central Asia, but that between them and the Mongol races of Asia there is absolutely nothing in common, which fact goes to show their different derivation.

So also, according to this distinguished authority, the various negro races of Africa have no common tie, and when one looks at an American Indian or a Polynesian, one does not see a descendant of the first Biblical family, but one whose first ancestors were of a wholly separate and original race.

Ethnologists who have pictured the red Indian as having descended from some mute, inglorious Columbus who sailed from Asia across the Bering strait may reject the theory of Doctor Jackson that our dawn man came into existence on this hemisphere entirely apart from the beginning of the race in any other part of the world, but there it stands, and fifty years of research are behind it.

Those who accept the Columbia professor's conclusions should never again speak of "the cradle of humanity," but of a world nursery full of such cradles all rocking in time and tune with the infinite.—Los Angeles Times.

A Little Bit Humorous

The Right Place
"Is this a second-hand store?"
"Yes."
"Well, I want one for my watch."

What Makes Men Bald
"You admit tearing a handful of hair from your husband's head?"
"Yes. I wanted it for my locket."

Some Consolation
She—Mabel has invited us to her fourth wedding, and that means another present for her.
He—Well, thank goodness we at least don't also have to give her one every time she gets a divorce.

Defies the Boss
First Clerk—I thought Jenkins had started on his vacation.
Second Clerk—He has. He's coming in late mornings, taking all the time he likes for lunch and generally enjoying himself.

Two of my children are boys, and I have tremendous washes. Those youngsters just will sit on the bed with their shoes on, they leave grime on face towels, they play in dirt all day. I could never get the clothes clean. They looked so grey I was ashamed to hang them out. Then I tried Fels-Naptha Soap and what a surprise! My clothes were whiter and sweeter each time they came from the tub.

You bet it's easier to wash clothes clean with Fels-Naptha Soap. It brings two dirt-looseners to the job—good golden soap and so much naptha you can smell it! Together, they give you extra help—they loosen the grimest dirt—without hard rubbing.

Pan-American Exposition
The Pan-American exposition was held at Buffalo, N. Y., from May 1 to November 2, 1901, in celebration of the progress of the entire western hemisphere during the Nineteenth century which had just come to a close. All the countries of North, Central, and South America were represented in the exhibits. The festivities of the closing month of the fair were cut short by the assassination of President McKinley on September 6, 1901.

School Notes

High School
Our baseball team won two games the past week, defeating St. Joe 15 to 6 and winning from Alabaster 11 to 5. Bill Mallon allowed St. Joe only three hits while he struck out 14 of their men, while our boys pounded out ten hits for a total of 16 bases.

Dave Ringle started to pitch against Alabaster but, due to wildness, was relieved in the third inning by Bill Mallon. Alabaster only got three hits, but walks and errors were responsible for most of their runs. Albert Quick was the batting star of the day, getting two doubles and a home run in four trips to the plate.

We hope to play East Tawas at East Tawas Friday, September 29. The Junior class is giving a benefit show at the Rivoli Theatre next Wednesday and Thursday, October 4 and 5. Gary Cooper, Fay Wray, and Neil Hamilton are the leading characters in "One Sunday Afternoon." Come and see it. Regular admission.

Six new seats have been installed in the assembly room to accommodate the increased enrollment. There isn't room for many more seats.

The Seniors are giving the Juniors a party at the City Hall on Friday evening. There will be dancing from 8 to 11 o'clock, and refreshments will be served.

Several of our faculty attended the county meeting of the Parent-Teacher association at the Community House in East Tawas on Monday evening. It proved to be a worthwhile session.

Seventh and Eighth Grades
We are enjoying Tabor's "Breaking Sod on the Prairies," which Mrs. Bigelow is reading to us. This is a story about the early history of the Dakotas.

We have been measured and weighed and find, in comparing this year's data with last year's, that we have all grown in both height and weight.

The following in the eighth grade have had perfect spelling all this year: Thelma Herman, Myrton Leslie, and Dorothy McDonald.

Fifth and Sixth Grades
Marjorie Musolf, Junior Musolf, Betty Rapp and Harold Wegner received 100% on an arithmetic speed test in multiplication Friday.

Book reports were given for reading Friday by Marion Musolf, Eugene Lickfelt, Hugh Prescott, Junior Musolf, Margaret Davis, and Allan Miller.

Third and Fourth Grades
The third grade dramatized "The Larks in the Wheat" in their reading class Wednesday.

Betty Jane Ferguson is back in school after spending a few days in Chicago.

We had nineteen silver stars on our attendance chart last week. Next week is report card week.

Primary Room
Gilbert Sievert, Dorothy and Wayne White were absent several days this week.

The first grade dramatized the story of "The Old Woman and Her Pig" for language this week.

The following second graders have one gold star in spelling: Willard Musolf, Harry Rollin, Richard Clark, Neil Libka, James Prescott, Wayne White, Rosalie Groff, Leland Britting, Dora Fughes, Hugo Wegner and Maxine DePotty.

Those having earned two gold stars are: Lou Libka, Norma Lou Westcott, Henry Brown, and Evelyn Colby.

Hale News

The National Sunday School Rally Day will be appropriately observed in both Sunday schools next Sunday morning. A cordial invitation is extended to all.
Rev. H. E. Davis, the new M. E. pastor on this circuit, will preach in the church next Sunday evening. Services start at 8:00 o'clock. You are invited to attend.

Mr. and Mrs. Ellory Kimball of Berkey, Ohio, are guests this week of Mr. and Mrs. E. O. Putnam.
Frank Nichols and daughter, Mrs. Newcomb, and her son of Sylvania, Ohio, were guests of Mr. and Mrs. Elmon Bills from Sunday until Wednesday of this week.
The Dorcas Society was delightfully entertained by Mrs. Mortenson of Long Lake at the Kokosing Hotel on Thursday of last week. The rooms were beautifully decorated with autumn leaves and 44 enjoyed the bounteous dinner served at noon. A pie with gifts enclosed was part of the afternoon's entertainment. Mrs. Moss of East Tawas was an out of town guest.

Mrs. S. B. Yawger, who was operated on at the General hospital in Saginaw several weeks ago, is able to be home again and is slowly regaining her strength.
Mrs. Fred Livingstone left on Sunday for Detroit for an extended visit with her daughter, Mrs. C. V. Davis.
Mr. and Mrs. L. Steinhoff entertained their daughter and her family from Detroit over the week-end.
Mrs. Nellie Jennings had as her guests over the week end, her daughter, Marion, Mrs. Smith and Harold Parkin, all of Royal Oak, Mich.
Mr. and Mrs. C. Roberts of Berkey, Ohio, are guests of Mrs. Roberts' daughter, Miss Edna Shattuck.
Mr. and Mrs. S. J. E. Lucas and family are moving to Mio this week, where Mr. Lucas has the position of county surveyor for that county.
Mr. and Mrs. Lucas have made their home here for the past ten years and will be missed in the social and business life of the community.
The Ladies Aid gave a farewell party for Mrs. Lucas, who is leaving for her new home at Mio early next week, at her home here on Wednesday evening.

Harold Parkin of Detroit, who sings over WWJ, WJR, and WJBK, sang two selections at the M. E. church last Sunday. The songs, "Open the Gates of the Temple" and "Rock of Ages," were greatly enjoyed by the congregation. He was accompanied by Mrs. Otto Rahl at the piano. Mr. Parkin has been an instructor of music in the public schools of Detroit and a principal of the Harding school, Detroit. We hope that he might be with us again.
Earl Bjelby, Melvin Dorsey, and Mr. and Mrs. Otto Rahl attended the all-county P. T. A. meeting at East Tawas Monday night. Mr. Elliott of the state department, Dr. M. L. Smith of Central State Teachers College, Representative F. C. Holbeck, Senator Ben Carpenter, and County School Commissioner Miss Margaret Worden gave very interesting talks relative to the financial distress of the Michigan schools.

Most of the teachers of our school system are planning to attend the World's Fair at Chicago. They expect to travel via auto and to spend one week at the Exposition.
Mr. and Mrs. Box of Turner were guests at the home of Mr. and Mrs. Otto Rahl on Sunday. Mr. Box is an employe of the Timpken Axle company of Detroit.
It was necessary for Frank Wilson to return to the Tolfree hospital at West Branch last Sunday. We are glad to hear that he is improving.

The Hale high school baseball team defeated the ninth and tenth grade team Friday afternoon at Whittemore by the score of 8 to 4. This is the second game that we have won from this team. We expect to have a game with the Lupton school team this week.

Several from here expect to attend the County Sunday School Convention at the Reno Baptist church this week Friday.
The M. E. Sunday school conducted Rally Day services and installed officers last Sunday. A large crowd was in attendance. Another Rally Day will be observed Sunday, October 1. It is hoped that we will have many visitors and that we might add more members to the school. Rally Day for October 1 is being observed throughout the state.

Next Monday morning the high school will present a short program at general assembly. These programs will be given every other Monday. The respective rooms of the school will alternate in the rendition of the entertainments. It is hoped that each child in the school will some time during the year take part in one of these programs. Visitors are always welcome.

Trade-Marking P. O. Stamps
The word "cave" overprinted on the postage stamps of Ceylon is the name of a large mercantile firm in that colony and is placed on the stamps to prevent theft by employees. Such practice is not allowed in the United States, but similar control is effected by allowing concerns to perforate their initials or monogram in the stamps.

How I Broke Into The Movies

Copyright by Hal C. Herman

BY WILLIAM BOYD

POSSIBLY I would never have faced a motion picture camera if I hadn't arrived in Orange, Calif., with only 35 cents to my name.

My parents had died in my early teens, so I was obliged to shift for myself. For some undefinable reason I always had wanted to go to San Diego, and I left high school in Tulsa, Okla., with that idea.

My first job in Orange was quite a natural one for a hungry kid. It was as a grocery clerk. I was standing in front of a window filled with edibles, thinking how good any portion of the display would taste.

While I was saving money to journey on to San Diego, I met some fellows working with a motion picture company on location near Orange.

They insisted I would screen well and should come to Hollywood. I was young and my ambitions easily diverted.

However, it was more than a year before I tried to make the grade in motion pictures. I had sense enough to know I probably would not set the world on fire overnight, so I determined to save enough money to keep

Dresses of Spun Glass Now Costume Novelty

Glass slippers are not new, but it has been left to 1933 to produce an evening gown of the same material. Dressmakers like to experiment with new fabrics, and this latest one certainly gives them plenty of scope.

And the dresses made from it? They are no heavier to wear than a good taffeta, and their shimmering surface makes them fascinating to look at. They can even be washed, though naturally not quite in the ordinary way.

Will they catch on? That, perhaps, is not so easy to answer. Women are always interested in dress novelties, but that doesn't necessarily mean that they want to buy and wear them.

Erect Station to Study Stars on Peak in Texas

Eccentric's Will Provides for Observatory.

Pecos, Texas.—Science soon will command the roof of Texas. Contract has been let and construction will start September 15 upon the \$400,000 McDonald astronomical laboratory to be operated jointly by the universities of Texas and Chicago and to be located 60 miles from here in the midst of what is now some of the wildest country in the southwestern United States.

An eccentric old gentleman of Paris, Texas, W. J. McDonald by name, passed on to the great beyond some years ago and, much to the dismay of relatives, bequeathed the bulk of his estate to the University of Texas for an astronomical laboratory.

The University of Chicago was invited to join the University of Texas in the project and the Chicago institution is to pay the bulk of maintenance costs for the plant.

Regents of the Texas school selected as the site, Mount Locke, cone-shaped peak in the Davis mountain range, which pokes its pine-covered sides some 6,850 feet into the heavens.

Until recently no highway worthy of the name ventured closer than 200 miles to the site, but in recent months the state of Texas has built a road to the base of Mount Locke.

Ten Buildings Planned. Some ten buildings will be erected atop Mount Locke to house telescopes and instruments and to serve as dormitories for scientists and their families.

Neighboring ranchmen, accustomed to the wilderness, are viewing this invasion of the primeval with a great deal of wonderment. Heretofore there have been no aspects of the world of culture. Heretofore the lore of the cowboy has been that of the region.

Already tourists in large numbers are inspecting the site of the observatory and once it has been completed it will be an attraction of the first magnitude for the thousands who take the road each summer.

Interest continues to accrue on good notes, and income, therefore, exceeds expenses, leaving a margin of profit.

Restoring the Past

By LEONARD A. BARRETT

The tendency of much of the present-day thinking is to disregard the past. Many persons would like to eliminate it altogether.

dead languages, like Latin and Greek, are no longer required courses, but are made elective for the benefit of those who care to choose that line of study.

The past fails to interest some persons because of their lack of a cultural background. All efforts to restore the past is to them wasted effort. The argument runs something like this—the wherewithal essential to food, shelter and pleasure is procured from the present and not the past.

forward, not backward. The past is like water over the dam, we cannot change it, therefore forget it.

Let it be confessed that it is absolutely impossible to eliminate the past. Whether we like it or not, the past is continually exercising an influence over us. But suppose it were possible to completely do away with the past, what are some of the things we would lose?

Her theory was that the first commandment of a politician's wife should be: "Thou Shalt Not Talk Politics." Mrs. Coolidge did, occasionally, see writers for newspapers or magazines and was most gracious in helping them with their stories, but never as coming from her.

Some stains are sure to get on nappy during ripe fruit seasons. Fortunately most of them can be removed although certain fruit stains are stubborn.

After treating the stained nappy to the boiling water from a height, hang the article in the sun for its rays to bleach the spotted place. In the hot water treatments given above, white linen or cotton goods only are included.

Unhappy Marriages One of the great causes for unhappy marriages is the idea that it is one continual state of courtship. Any thinking person must realize that this would be impossible, and actually undesirable.

Mrs. Coolidge Also Known for Silence

Washington.—While Mrs. Calvin Coolidge was noted as one of the most brilliant conversationalists who ever graced the position of First Lady of the Land, she was also as silent as President Coolidge from a public point of view.

During the years she was in the White House and as wife of the Vice President of the United States, Mrs. Coolidge never made a public speech or allowed herself to be interviewed on a public question.

Why Liquid Laxatives are Back in Favor

The public is fast returning to the use of liquid laxatives. People have learned that the properly prepared liquid laxative will bring a perfect movement without any discomfort at the time, or after.

Doctors are generally agreed that senna is the best laxative for everybody. Senna is a natural laxative. It does not drain the system like the cathartics that leave you so thirsty.

Dr. Caldwell's Syrup Pepsin is a liquid laxative which relies on senna for its laxative action. It has the average person's bowels as regular as clockwork in a few weeks' time.

You can always get Dr. Caldwell's Syrup Pepsin at any drugstore, ready for use. Member N. R. A.

"I voted against concurrence in this amended sales tax bill, first, because it leaves the schools out entirely, and second because it goes the extreme limit in taxing the poor man."

"To my mind this is a bad, vicious piece of legislation, and the only hope of the common people is that in all probability the Supreme Court will rule it unconstitutional."

Again on the last day of the session, namely, July 18, I am recorded with 11 others who voted in favor of a resolution calling for the suspen-

sion of the sales tax law until the Supreme Court could rule on its constitutionality.

I have been receiving a large number of letters with reference to this law and I feel that I want the citizens of this district to know my exact position with reference to this piece of legislation.—Fred C. Holbeck.

then breezed one through for a called strike. Bob tried to sneak another one by "Stan" but he smacked it for two bases, M. Zollweg walking home with the run that eventually proved to be the winning one. Moeller settled down and retired the side in one-two-three fashion in the third, fourth and fifth innings and only a hit batsman in the sixth spoiled the perfect run. After two men were out in the seventh, Tawas City scored their final two runs. Main singled and took second on a passed ball. Noel doubled, scoring Main, and Noel scored on Musolf's single through the box. The Standish lads tallied their final run in the ninth. Moeller tossed out Zinnegar. Lucas hit a high fly into deep center. Noel made a valiant effort to catch it and perhaps would have had he not fallen in a hole just as he was about to catch the ball. Lucas made third on the hit and scored as Boudler threw out B. Christie. D. Christie ended the game with an easy roller to Musolf.

to second. He moved to third as Lucas threw out Main, and scored on Noel's single into center. Noel stole second and scored the second run when Musolf slashed one between short and third. The Arenac boys never overcame this lead although they threatened in their half. E. Christie fled to Main for the first out. Warren then received the only pass Moeller issued. Zinnegar hit one back to the box but M. Zollweg missed the bag and both runners were safe. They advanced on a passed ball. Lucas then topped a pitch toward the box, Moeller deflected it to M. Zollweg and Warren was trapped between third and home and run down. Noel then made a sensational catch of B. Christie's high fly in deep center. After Tawas was set down in order in the second, Standish reduced the two-run advantage by tallying a run on D. Christie's triple and Orr's single. The champions immediately got back that run in their next turn at bat. M. Zollweg was hit by a pitched ball. Roach again sacrificed, and Lucas again threw out Main. B. Christie pitched three straight balls to Noel,
