

NEW "KLAN" TERRORIZES MIDWEST

Authorities Say Membership May Run Into Millions; Killing in Detroit Arouses Public Indignation; Gang on Way Out.

By WILLIAM C. UTLEY

A NEW "masked menace" has been discovered lurking behind every other rock in the Middle West. It is the kind of masked menace which springs up every decade or so to strike fear into the hearts of the lawful and fire the imaginations of those who retain enough of their boyhood romanticism to "eat up" stories about secret and terrible organizations which ride the night in ghastly masks and fearsome ceremonial robes.

No doubt the Black Legion is already being used as a threat to scare little children into eating their spinach or practicing their music lessons. But the law, inclined to scoff at first, has decided that it is high time the outlaw order be taken in deadly seriousness. Authorities, it is reported, are even ready to believe that the secret members of the Black Legion and its affiliations may number 6,000,000 persons.

There are today even reasonable grounds for suspicion that the organizations may have roots in other sections of the country. In many localities there are movements to demand the truth about secret, robed organiza-

Black Legion claims that he was forced to accompany members to a formal meeting, a sternly costumed gathering that awed him completely. He is a small employer. He claims that he was threatened with being flogged to death if he did not return to work two members of the Black Legion whom he had discharged. He returned them to work forthwith. Police, in their questioning, have noticed that a high per-

South has had its Night Riders or "White Caps." And the coal fields of Pennsylvania once quaked in fear of the Molly Maguires. All of them were brought into being to create a need and disappeared when the need disappeared.

The Vigilantes arose to defend the weak and law-abiding in the days when men of the pioneer West lived by the celerity of their gun hands. They saw that justice was meted out in trials where the murderer would have ordinarily been acquitted through fear or admiration in ridiculous court proceedings. They cleaned up the West and made it a safe place in which to live, even in the early days. But they were unlike other organizations in that they were not masked and their membership rolls were no secret.

KKK Born in South.

The Ku Klux Klan first gained prominence, and was probably born, in the reconstruction period following the Civil war. Its methods were ruthless, but were at that time probably justified as the only means of protecting the South against the army of carpetbaggers and villains who sought to control the government of the South at that time.

The theatrical costumes and the dramatic rites of the KKK were aimed primarily at negroes who sought political superiority to whites after gaining their freedom. It was not hard for the blacks to believe that the white-robed Klansmen were the ghosts of Confederate soldiers returned to haunt them. To have discouraged the superstition would have been to contribute to the defeat of the Klan's purpose, so the members wisely encouraged it. If they lynched occasionally, it was at that time defensible on the grounds that it was the only protection the South had against the abuses of the northern carpetbaggers.

As the need for the Klan began to vanish, it turned its energies toward personal grudges and exaggerated causes. As a result it finally died out for an extended period.

Within the memories of most readers the Klan was revived by William Joseph Simmons and his crowd in the days following the World war. But its purpose was not confined to political injustices. It aimed at alleged intolerances of religion as well as race. At its height, this second edition of the Ku Klux Klan was said to have had more than 9,000,000 members. Its treasury was believed to have boasted, at one time, a sum of \$90,000,000.

The Molly Maguires Appear.

The new Klan died from many causes, most of them relating to its absence of weighty purpose. But the death blow was really struck when D. C. Stephenson, who had been Kleagle of the district of Indiana, abducted a young Hoosier girl, mistreated her and failed to get her medical attention, leaving her to die when she took poison in her shame. His acts had nothing to do with the Klan itself, but so aroused public opinion that the Klan has been little heard from since. Stephenson was sent to the state prison in Michigan City.

The Molly Maguires sprang up in the Pennsylvania coal fields in the '70s, and their stamping out established the fame of the Pinkerton Detective agency. The

tions which, under the guise of "true Americanism," allegedly seek to grasp political power by terroristic methods.

Find State Employees Members.

Positive proof of the existence of such a band seems to have been uncovered in Michigan, where thirteen men, allegedly members of the Black Legion, were held in the murder of Charles Poole, a twenty-two-year-old WPA worker of Detroit. Authorities there claim that in a district of 135,000 persons there are at least 3,000 and possibly 40,000 Black Legionnaires. Three state employees have been dismissed because of their membership, and twelve others have been suspended from state, city and county pay rolls.

In some 15 or 16 states, investigations are now under way, probing into past, unsolved cases of mob violence, and into complaints by citizens that they are being terrorized.

Detroit's own case probably began last August, when a ballot box scandal reeked with charges of terrorism by a secret masked brotherhood; but police laughed at the idea. When Poole was killed, however, the police, in seeking some clue to the murder, discovered that he had been a member of a club which met in a little meeting hall and celebrated weird rites. Dozens of witnesses questioned revealed that the Black Legion had existed since 1933, at least, although there were a few who insisted that it dated from the Mayflower or from the Boston Tea Party.

It is considered possible that the organization may have been an outgrowth of the Ku Klux Klan. The officers dress in white garb somewhat similar to that of the KKK, and the ritual is said to be similar. Detroit authorities are inclined to believe the story of Dr. William Jacob Shepherd of Bellaire, Ohio, who claims that he was an Exalted Cyclops of the KKK, and organized a Black Guard which developed units in Ohio and Indiana and then spread like wildfire.

"Provided Interest in Life."

There were many groups who were attracted by the black robes and mystery of the new offspring, Doctor Shepherd said. Arthur Lupp of Detroit, who seems to have been the chief recruiting officer of the Black Legion, insists that it never countenanced violence of any sort. He explained its growth by declaring that, during the depression, it gave thousands of men an interest in life that they would not otherwise have had.

Other witnesses claimed that the primary purpose of the organization was the securing of jobs for its unemployed members, and to keep employed members in their jobs. Each member was "sworn by holy and terrible oath" to do his best to secure a job for another member in the place where he worked.

One of the complainants against the

centage of employment exists among the witnesses charged with being members.

The principal fear which was instilled into the hearts of honest citizens by the Black Legion was the possibility of there appearing at some time a great leader able to organize the Legion to transcend regional boundaries and make of the order a general Fascist movement, difficult to measure or control because of its under-cover operation.

Precedent in History.

Authorities are virtually certain that members, wherever they are, are burning their hoods and robes at a rapid rate, and that the organization will die as others before it have, in

the light of public discovery and disapproval.

The United States, like many another country, has in its diary many records of secret fraternal orders whose members cloak their identity. Indeed, what group of small boys has not formed its "secret and fearful society, like that of Tom Sawyer and his friends, signing covenants full of misspelled words in blood painfully pricked from their little fingers?"

Every section of the land has had its secret orders which were an important phase of its history. The West was saved from "bad" outlaws largely by a band of "good" outlaws, the Vigilantes, who took the suppression of crime into their own hands when the law proved inadequate. The Ku Klux Klan has seen two periods of activity in the South and Middle West. The Middle

Mollies fought the introduction of foreign miners into their area and stopped not even at murder to achieve their cause. But in time the outfit, its need outgrown, became nothing but a great extortion ring.

One of the principal figures in the breaking up of the gang, Charles A. Wingert, died only three years ago. Upon his death the New York Sun carried the following editorial (in part):

"The Molly Maguires had long before abandoned the original philanthropic purpose of its organizers and had become known, early in the 70s, as a system of extortion. . . Its method of operation has been copied, perhaps somewhat unconsciously, by some of the modern racketeers."

Uncle Phil Says:

Work First, Then Play
Play is an important part in the program of life, but work must be done before we can afford to play. You never can tell. Reform sometimes gets no farther than stirring up the mud.

It isn't necessary to be forward to make progress.

Somewhat or other it seems so much easier to profit by the mistakes of others than by our own.

Since there are so many mistakes to make, what's the use of making the same one twice?

Reliability First

The worst thing that can happen to a man is to lose his reputation for reliability. Nothing can square him. Indiscretion causes about as much mortification as sin.

It is not a few faint wishes, but a lifelong struggle, that makes us valiant.

Most men who complain that the world does not understand them ought to be glad of it.

He's a Philosopher

What is a confirmed bachelor? A "confirmed" bachelor is one who has quit kicking about his food, his company, his shoes and his amusements.

If a man is right he doesn't have to get mad about it.

Cast your bread upon the water. It certainly has a softening influence.

NEW KITCHEN STOVE MAKES ITS OWN GAS

Housewives Marvel at Coleman Range That Lights Instantly Like City Gas—Cooks a Meal with 2c Worth of Fuel

A new kitchen range that offers every cooking convenience of the finest city gas range is now available to housewives, wherever they live.

W. C. Coleman, pioneer inventor of gas-pressure appliances, brings to a lifetime of inventive genius his crowning achievement in this amazing new Coleman Safety Range. This new stove makes its own gas from ordinary, lead-free gasoline. A patented method of carburization converts liquid fuel into gas, much the same as in present day automobile engines.

The Coleman Range lights instantly, like city gas. Its fuel-saving Band-A-Blu Burners, another of Mr. Coleman's outstanding developments, produce a clean, clear-blue flame, so hot that a low flame does all ordinary cooking. Tests show an average family meal for five takes about 2c worth of fuel.

Coleman Ranges are finished in gleaming porcelain enamel. Their pleasing colors combine outstanding beauty with unequalled performance.

Readers of this paper wishing full information about these wonderful new Coleman Ranges will receive beautifully illustrated literature and a valuable stove check chart by simply addressing a postcard to Mr. W. C. Coleman, Dept. WU-236, Wichita, Kansas.—Adv.

Blemishes Made Her Old Looking

Face Clear Again with Cuticura Soap and Ointment

Here is a letter every skin sufferer should read. Its message is vital. "There were blemishes on my face, of external origin, and they made me look old and haggard. They were red, hard and large. They would hurt, and when I scratched them the skin would become irritated, and I would lie awake at night and start digging at my face.

"But after using two cakes of Cuticura Soap and one tin of Cuticura Ointment my face was cleared again." (Signed) Mrs. L. Wietzier, 2nd St., Florence, Pa., Jan. 15, 1935.

Physicians can understand such letters. The Cuticura formulas have proved their effectiveness for over half a century. Remember, Cuticura Soap and Ointment are also for pimples, rashes, ringworm, burning of eczema and other externally caused skin blemishes. All druggists. Soap 25c. Ointment 25c.—Adv.

Rid Yourself of Kidney Poisons

Do you suffer burning, scanty or too frequent urination; backache, headache, dizziness, loss of energy, leg pains, swellings and puffiness under the eyes? Are you tired, nervous—feel all unstrung and don't know what is wrong?

Then give some thought to your kidneys. Be sure they function properly for functional kidney disorder permits excess waste to stay in the blood, and to poison and upset the whole system.

Use Doan's Pills. Doan's are for the kidneys only. They are recommended the world over. You can get the genuine, time-tested Doan's at any drug store.

The Statue of Freedom

The Statue of Freedom surmounting the Capitol at Washington is the work of Thomas Crawford, an American artist. The modeling was done in Rome, and at the time of his death, in 1857, he was endeavoring to secure the necessary funds for the casting of it at the Royal foundry at Munich. On April 19, 1858, the plaster model was shipped from Leghorn, Italy, to this country. The casting of the statue was by Clark Mills.
