SAW TIMBER of all kinds wanted. Highest possible price. James H. Leslie, Tawas City.

The Tawas City baseball team, accompanied by a large number of loyal fans, motored to Turner last Sunday where they set back the Arenac county boys 4 to 3, and are now in the thick of the fight for division title. By virtue of this victory, four teams are in position to grab top honors in the American loop, Turner, Tawas City, Whittemore and Harrisville.

With both teams fighting to win, the game was packed with action as fielders used every ounce of energy in trying to stop base hits, and batters and baserunners made the best of every break to get nearer or across the tally station. Each team used two pitchers in trying to win this important game. A Turner victory would have given them a stronger hold on first place, and Tawas City needed the game to stay in the running.

Bill Mallon was Manager Forster's choice for mound duty. Bill set the opposition down in order in the first inning on three ground balls. Turner scored a run in the second, Whitehouse hit an easy fly to Scholtz in center for the first out. McPherson hit a ground rule double to right and went to third on Stanyo's infield out. Zollweg to Kussro. Malln then uncorked a wild pitch and McPherson scored the first run of the game. Warren walked and stole second. Snyder ended the inning with a pop fly to Kussro at first base. Turner went out in order in the third. The first man up lined to Katterman, who split a finger making a catch. The next two batters struck out. Turner scored two more runs in the fourth to increase their lead to three runs. Newton grounded out, Kussro unassisted. Whitehouse singled, McPherson was out on a fly to Quick in left field. Stanyo stepped into one of Mallon's.

Production Credit Association Reports

Believing that members of a co-operative ought to be kept informed about their organization, the Bay City Production Credit Association is sending to all its 582 voting members in this and eight other counties a mid-year statement of business and membership. This is establishing a new precedent, such reports generally being made only at the annual meeting.

According to Secretary-Treasurer Harold R. Jervis the association has loaned its members \$148,908.03 in the first half of the current year, and now has \$180,924.44 in loans outstanding.

The members own \$16,960 in voting class stock and there is \$144,594 of class A, or non-voting stock held by farmers of this section, mostly by former members who are not now active borrowers.

During the first half of this year, the association has added \$1,486.94 to reserves. Repayments during that time including renewals, amount to \$135,219.83.

Special Circus Price To Iosco Children

The Tawas Herald takes pleasure in announcing that it has made arrangements with Lewis Brothers Circus Menagerie and Trained Animal Show whereby all the kiddies in this community may see this high class circus for only 15cents, Lewis Brothers Circus is an established show and is bigger and better than ever before, and has traveled in many states in the past 20 years. We have investigated this circus and while it is not the largest show on earth, we have found that it is honorably conducted, and it presents a highly interesting and varied three ring performance of real merit, with many unusual features in its program. We are confident it is just the kind of a circus this community would like to patronize.

Lewis Brothers Circus will exhibit at East Tawas, Wednesday, August 9, and in to-day's issue of the Herald a coupon is printed which will admit one child to the big show of the circus when presented with 15 cents at the ticket wagon at the Berube show grounds, where the circus will give two performances, at 2:00 p. m. and 8:00 p. m., rain or shine.

### Jesse C. Hodder Post Elects New Officers

Jesse C. Hodder Post, American Legion, held its annual meeting Monday evening and Ernest Burtzloff was elected to succeed Fred T. Luedtke as post commander. Under Luedtke the post has installed a new modern heating plant and modern plumbing conveniences have been put in the post building. Burtzloff, who will be installed at the next regular meeting, during the past 20 years has served eight years as commander. During the time he was in office the post secured the ward school and remodeled it into a fine post building. While other commanders and members gave liberally of their time toward the project, much of its success was due to Commander Burtzloff.

Other officers elected Monday evening were: Fred T. Luedtke, vice commander; Robert Murray, adjutant; H. E. Friedman, finance officer; Wm. Fitzhugh, chaplain; Fred Marsh, Sgt.-at-arms; A. E. Giddings, service and child welfare officer; H. Reid Smith, Americanization chairman.

### Many Improvements Made to Zion Church

During the past week Zion Lutheran church has been rewired and an adequate lighting system installed which includes handsome modern fixtures throughout the building. New concrete steps and landing have been constructed at the church entrance.

This is a part of an extensive program which has been underway during the past year in anticipation of the Golden Jubilee celebration which will be held in 1940. Among the improvements now completed are the new tile roof, the redecoration of the interior and a new heating plant.

## DETROIT MAN ACCIDENTALLY DROWNED

### Tragedy Occurs at Old Orchard Park Saturday

Kenneth B. Corbin, of Detroit, was accidentally drowned late Saturday while swimming in the Au Sable river at Old Orchard park. Corbin was 36 years old.

The body was not found until six o'clock Tuesday evening, although thorough search had been made by the sheriff's department, state police and coast guard. The depth of the water, 40 feet at that point and the large number of sunken logs hampered the work of dragging the river. The body was located by Otto Adomeit, caretaker of the park. The remains were taken to Detroit by E. D. Jacques of the Jacques Funeral home.

Vacationing for the past week at the park with his son, Kenneth, and other relatives, Corbin, who was a good swimmer, was enjoying a swim in the river. He dove off a boat about 100 feet from the shore and while under water a shap stick injured his eye. Apparently confused by the pain he was unable to regain the side of the boat. There were eye witnesses to the tragedy and help started immediately to his aid, but were unable to reach him in time and unable to locate his position in the water.

## Plainfield School Reunion Held at Rollways Camp

Sunny skies and gentler breezes greeted those who attended the Plainfield school reunion last Sunday at Rollways camp. While in the large crowd, many familiar faces were missing, several who had never attended before, came to renew old friendships. A bountiful pot-luck dinner was served, and after the tables were cleaned, the business meeting was called to order by the president, Mrs. Cora McKee Johnson, and the minutes of the last reunion were read by Francis Gardner, secretary.

The following officers were elected for the coming year: George G. Webb, president; Mrs. Addie Waite Scofield, vice-president; Mrs. Helen Nichols Shattuck, secretary-treasurer. Mrs. Florence Graves Dooley, Mrs. Bertha Graves Webb and Lewis Nunn were committee.

The date for next year's reunion was set for the last Sunday in July, and it was voted to hold the meeting at the Rollways, if the weather permits, otherwise, at the Hale community building.

Interesting letters were read from Mrs. Anna Frank Traub, of Pontiac; Mrs. Huldah Nunn Doucette, of Port Washington, Wisconsin, and Miss Ida E. Scofield, of Toledo. Miss Scofield sent a special request for a song by Leo Webb, but Leo made his escape in plenty of time. Letters from Claude Love, of Manistee, Mrs. Pearl Glendenning White, of Cincinnati, arrived to late for the reunion.

James Monroe, of Midland, told amusing incidents of Hale school days; Mrs. Ora Putnam Van DeWarker, of Gull Lake, gave a humorous recitation; Lewis Nunn told of the qualifications of teachers and school discipline in the days of the hickory stick; Francis Gardner entertained with anecdotes of boyhood violence; Mrs. Ruby O'Brien Lydy voiced her appreciation of the reunion; and Norman Van Wormer sang two requested songs.

A reunion would not be complete without some member of the Gardner family being present. The first meeting of District No. 4, which contains the present Hale school, was held September 5, 1880, at the home of F. F. Gardner. The first school house in this district was located near Hale lake and was known as the Gardner school. Leander Gardner was one of the members of the first school board and continued to serve in that capacity after the old school house had been sold and a new built in the village of Hale.

Other members of pioneer families who organized schools in Plainfield township, were: Mrs. Ferne Streeter and Mrs. Faye Johnson whose grandfather, E. V. Esmond, in 1875 organized the first school in the township;

## Culham Cousins' Reunion Held in Tawas City Park

The Third Annual meeting of the Culham All-Stars managed by Archie Culham Cousins Reunion was held at the Tawas City Park, Sunday July 30.

A bountiful chicken dinner was served to 61 guests from Decatur, Illinois, Lansing, Pontiac, Hazel Park, Milford, Gaylord, Saginaw, Flint Bay City, Whittemore and Tawas City.

A most enjoyable afternoon was spent in swimming, sight seeing trips and reminiscing, however, the principal feature was the ball game between the "Culham Scrubs" managed by Harry Graham, and the "Cul-

ham All-Stars" managed by Archie Culham which was won by the Scrubs 24 to 12 after many protested decisions.

After the evening meal a business session was held at which time the following officers were elected for the coming year: President—J. Culham, Milford; Vice President—Margaret McLean, Saginaw; Secretary, Stella Campbell, Gaylord; Treasurer, Harry Graham, Bay City; Arrangement Committee, Mae Dease, Bay City, and Margaret McLean.

The 1940 reunion will be held at Lansing.

2 IOSCO LADIES ATTEND M.S.C. LANSING MEET

Mrs. Victor Herriman and Mrs. August Lorenz Were Representatives

Mrs. Victor Herriman, of Grant township, chairman of the Iosco County Home Extension Groups, and her first lieutenant Mrs. August Lorenz, of Tawas, township, spent the past week at Michigan State College. These ladies represented Iosco county at the Annual Farm Women's Week which has been held during the last week of each July for nearly 20 years.

With the establishment of home extension work in this county during the past winter months under the direction of District Home Extension Agent Miss Alice Hertzler interest was created in this event which brings interested home makers from all parts of the state to the college for a week of education, recreation and rest. Over 750 women attended the event.

The hobbies offered each morning included landscaping, literature, history, news-writing, entomology, vegetable gardening, floriculture, parliamentary usage, speech, foods and nutrition, home management and child development, clothing and home furnishings, recreation and nature study.

Somewhat in contrast, each afternoon in addition to other daily features, clinics were held to more intensely study such subjects as food, clothing, the home, poultry, child development and home furnishings.

Devotionals, rest periods, get acquainted sessions, meals, recreation and summer school plays were other interests which helped these home makers complete a week of value and interest.

The week was closed on Friday by stating what is known as Farmers' Day when not only the women were invited to attend but all other people of the family attended the day's program. During the morning the various agricultural departments including agricultural engineering, animal husbandry, dairy, farm crops, farm management, forestry, horticulture, poultry, veterinary and entomology, held open house and discussed with those attending new methods and procedures which have been developed during the past year.

Plainfield Votes To Complete Auditorium

To finish their new auditorium and township hall, the people of Plainfield township voted Saturday to increase the tax limitation three mills. The proposition carried by a vote of 82 to 52.

The building is now enclosed, with roof and exterior walls complete. The money which will be raised as a result of Saturday's election will be used for interior walls, floor, finish, electrical fixtures and wiring, and heating plant.

When the structure has been completed Plainfield will have a very fine community building. The auditorium proper will seat 500 people. It has a large stage, and lobby and clock rooms with balcony above. In the full basement will be located the fuel room, heating plant, kitchen and large dining room.

Will Give Recital

Next Sunday evening, August 6, Nyda Campbell Leslie will present eight young people at a musical recital at the Baptist church, Tawas City, to which the public is invited. The recital will begin at 8:30 and those take part are:

NORTHERN LEAGUE

Hale handed Oscoda a 10 to 5 defeat last Sunday at Hale and thereby revenge themselves of the 19 to 9 setback suffered at Oscoda the week previous. Shellenbarger, was on the mound for Hale with Bloomfield and Chivis, doing the receiving. Shellenbarger allowed eight hits and struck out five of the opposing batters. Five errors were committed by the team-mates. Hale collected 15 hits. Five of the Hale batters went down swinging. Oscoda committed 10 errors.

Whittemore defeated Wilber on the latter's diamond 23 to 7. Whittemore collected 23 hits, Wilber 9. Tall grass in the outfield made it difficult to field the ball. With the completion of several planned improvements, Wilber will have one of the best diamonds in the circuit.

The East Tawas Buckhorns and Silver Creek battled for eleven innings with East Tawas coming out on the long end of a 13 to 12 score. Errors played a big part in running the game into extra innings. Feathering went the full route on the mound for East Tawas with Wickert catching. Silver Creek used three pitchers DeMott, Laverne and Schroeder.

Next Sunday, August 6, the Hale team will play at Mackinac Island. Whittemore will have an open date in order to allow Hale to make the trip. Other league games will be East Tawas Buckhorns at Silver Creek; Wilber at Oscoda.

WEEKLY NEWS ANALYSIS BY JOSEPH W. LaBINE

# U. S. Rupture of Japan Treaty Seen as Isolationist Decision In Wake of British Surrender

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)  
Released by Western Newspaper Union.

## INTERNATIONAL: Focus on Japan

The word "defeat" laid heavily on Neville Chamberlain's brow. In Tokyo, his British Ambassador Sir Robert Leslie Craigie had signed peace terms with Japan in which Mr. Chamberlain's government promised not to obstruct the Japanese army in its war with China.

But first guesses are sometimes wrong. Though Berlin's *Voelkischer Beobachter* sneered "Very Disagreeable, Mr. Chamberlain," and though Secretary of State Cordell Hull warned this meant the end of U. S.-British "parallel action" in the Orient, Britain herself felt satisfied. To Shanghai's British chamber of

field to plump for Ohio's Sen. Robert A. Taft, who simultaneously notified his supporters to start digging up Taft-pledged delegates.

But Democratic politicians had even more interesting—if more puzzling—news about 1940. Off to Europe (on the same boat with G. O. P. Chairman John D. M. Hamilton) sailed Postmaster General James A. Farley after a mystifying conference at Hyde Park with President Roosevelt. Only after-conference word to reporters was Mr. Roosevelt's remark that such talks had been going on for years, and were "fairly effective."

But everyone knew the subject of 1940's presidential election had been broached, most observers thought Jim Farley had pressed his boss for an announcement regarding his third-term candidacy, and a few thought there was a definite rift between the two men which will not break into headlines until October or later.

Reasons: Mr. Farley is a potential candidate who cannot risk an announcement until after the President himself speaks. Otherwise he would lose much New Deal support. Even so, bad blood began simmering during the Supreme court fight, boiled during last year's "purge" and boiled even harder when Farley's enemy, Paul McNutt, got a fat administrative job. Good Democrats are wondering if these rifts will ever be healed.

## ENGLAND: Irish Wit

Commuters at London's King's Cross and Victoria stations shuddered as bombs exploded. Forty were hurt, one killed. At Liverpool the Mount Pleasant post office and a wooden bridge were blown up. Wreckage blocked the Liverpool-Leeds canal and parliament shivered when someone discovered its historic building might be blown up next.

Next morning commons hastily passed and sent to the house of lords a bill to give police special powers. Immediately 15,000 bobbies went to work looking for the phantom Irish republican army responsible for this mess. Reason: They want Britain to evacuate soldiers and officials from northern Ireland.

## MEDICINE: Victory

Last summer Trust Buster Thurman Arnold obtained indictments against the American Medical Association, three other lesser medical groups and 21 physicians on the ground that they had conspired to restrain trade under the Sherman anti-trust act. Specific case: Group Health Association, Inc., a low-cost medical group formed by government employees in Washington, charged that certain hospitals and doctors refused to accept patients referred to them by the association's doctors.

Best guesses last summer held the indictments were a weapon over A. M. A.'s head to force modification

A. M. A.'s FISHBEIN  
No program, no need of it.

of its Gibraltar-like stand against socialized medicine. A few weeks later A. M. A.'s board of governors actually did modify this stand and observers thought the case would be dropped.

Late July found A. M. A. scoring a victory. At Washington's District of Columbia federal court, Justice James M. Proctor dismissed the proceedings on ground that the practice of medicine is a profession, not a trade, therefore does not fall under the Sherman act.

While Wendell Berge, Mr. Arnold's assistant, told reporters that a government appeal "seems to me a foregone conclusion," A. M. A.'s *Journal* editor smiled over his victory at headquarters in Chicago. Said he, expansively: The A. M. A.'s principles and policies neither forbid nor ever have contemplated "any opposition to a well-considered expanded program of medical service, when the need can be established." Thus far, evidently, A. M. A. thinks the U. S. has found neither a fit program nor sufficient need for it.

AMBASSADOR HORINOUCHEI  
More bad news is coming.

commerce, which protested vehemently, Mr. Chamberlain gave an explanation something like this:

The U. S. was to blame, since she refused to raise a finger to protect occidental influence in China against Jap aggression. But by granting Japan rights in China, Britain satisfied Tokyo's grievances against western democracies and thus "detached" her from the threatening Rome-Berlin axis. Moreover the European tension made such a settlement unavoidable, since Britain could not protect both her Asiatic and European interests. As a result, full emphasis can now be placed on blocking Hitler and Mussolini; Britain's worries in the Orient are over.

But were they? Critics warned Mr. Chamberlain that U. S. isolation might result from this unprecedented surrender. That very thing looked possible a few days later when Cordell Hull flatly terminated the 28-year "treaty of general commerce and friendship" with Japan. Though Jap Ambassador Kensuke Horinouchi got a formal explanation that certain provisions of the pact "need new consideration," he knew it was but the first of several slaps. A few months from now the U. S. will probably notify Ambassador Horinouchi of an arms embargo against Japan. Meanwhile, Japan turned the tables by announcing its price for a new treaty would be U. S. recognition of a "new order" in China.

As for Britain, there was growing opinion in Washington that Neville Chamberlain is to be trusted no more than Japan. Having sold British interests in China down the river, having violated both the nine-power and Kellogg pact, he probably winced at the next news: Japan got an inch and took a mile, announcing all foreign shipping would be banned from Canton.

## POLITICS: Rift

Interesting to Republican politicians was the announcement that Ohio's Gov. John W. Bricker would seek another term, and not run for the G. O. P. presidential nomination. This left convention delegates from Mr. Bricker's state a clear

## PUZZLERS

## CONGRESS: 'Splending'

By the time it reached the senate floor, President Roosevelt's \$2,490,000 spend-lead bill had become a personal headache to Majority Leader Alben W. Barkley, a scorn-center of scoffing Republicans (who called it "splending") and a catch-all reservoir into which were dumped such irrelevant riders as that of Montana's Democratic Sen. James E. Murray, who sought to restore old prevailing WPA wages.

By cautious elimination, Leader Barkley was removing every possi-

ble obstacle to passage by the time-honored method of modification. By this time it was a matter of face-saving, for any sort of a bill at all would be better than utter defeat. Major modification was elimination of the toll provision on the projected \$500,000,000 road-building program. Then Leader Barkley held his breath while the senate downed an amendment to eliminate \$350,000,000 in public works loans and substitute the old PWA setup. By an even closer margin, 40 to 38, the road-building program was saved.

Mr. Barkley also took scorn from Michigan's Sen. Arthur Vandenberg ("Another tug at boot-strap lifting") from Virginia's Harry Byrd ("The whole scheme is devised to evade the debt limit") and from Georgia's Walter F. George ("A palpable fraud on its face"). Besides the public debt issue, opposition centered around the impossibility of hiking bonded indebtedness in already hard-pressed states and cities. Moreover, spend-lead philosophy failed in last year's election. But with adjournment hanging on the measure, Leader Barkley stuck to his guns and awaited the propitious moment for a vote.

Also in congress:  
 1. Passed by the senate, the general transportation bill of Montana's Sen. Burton K. Wheeler was shelved for this session because the house made so many changes that immediate compromise was impossible.  
 2. Nomination of Francis B. Sayre, undersecretary of state, as high commissioner to the Philippines was received from the White House.  
 3. Middle-west congressmen sought discussions with Secretary of State Cordell Hull and Secretary of Agriculture Henry Wallace on a proposal to barter lard to Germany in exchange for products now on the U. S. tariff free list.

## Answers to Puzzlers

1. Argentina claims sovereignty over this land, disputing U. S. and British claims, especially those to be made by Rear Adm. Richard E. Byrd in forthcoming U. S. Antarctic expedition.
2. True: Reverend Goldner and his captors kissed and swore "eternal friendship."
3. Northwest.
4. Questions to be asked in 1940 census will be tested there.
5. Made unauthorized offer of huge loan to "buy" peace from Germany.

## Justice Makes Its Yearly Trip to River Thames

This most unusual scene is duplicated on the River Thames in Rochester, Eng., but once a year, when the mayor of one of the five so-called "Zinque cities" presides as admiral over the admiralty court. The court convenes once a year on a barge. All squabbles which have arisen during the past year among those who make their living on the river are brought up and ironed out. This year the mayor of Rochester presided, and is seen seated in the hold of the barge, surrounded by his aldermen. Waiting on the barge are the complainants and defendants who have waited one year for justice to be meted out.

Center: This lone traveler, Francis van Vedergraven, eight, completes the first leg of his California-to-Holland flight in Newark, N. J. In Holland he will visit his father. Right: Nancy C. Kennickell's happy smile won the heart of Mrs. Mary Adamson, wealthy Miami, Fla., widow, who adopted her so she could inherit legally a \$100,000 estate. Nancy is 15 years old.

## 'Welcome Home, Daddy,' Music to Jack

Jack Dempsey, former heavyweight champion of the world, received a warm welcome from his daughters, Joan, left, and Barbara, when he returned home to New York after convalescing from an appendicitis operation at a seashore resort. His roadwork so far has consisted of a few turns around the block. His daughters made sure of his welcome by inscribing it on their playroom blackboard.

## 'Nudity Show' Brings Police by Carload

It all sounded pretty awful when Boston police were notified by an indignant woman that a "shocking" display of nudity was taking place at the Russell Dorr home. A careful of husky cops sped to the scene to protect the community's morals—and found 11-months-old Bruce Bugbee Dorr taking a sun bath in his "birthday" suit. The police hastily ruled that Master Bruce could play in the sun, without clothing, any time he pleases. Mrs. Dorr has her own ideas about neighbors who complain.

James R. Sadler, newly conscripted militiaman at Hounslow, Eng., barracks, faces quite a problem. Only four feet, six inches tall, Sadler found the rifle with fixed bayonet taller than himself. However, he'll soon become accustomed to it.

Hot weather hint: This resident of Kent, England, attached the blades of an old electric fan to the lawn mower. By means of a few gear wheels the fan revolves, blowing a cooling breeze as soon as the machine is pushed along the grass.

## WHO'S NEWS THIS WEEK

By LEMUEL F. PARTON

NEW YORK.—One day, a long time ago, a 17-year-old girl, Janet Lord, was walking along Hanover street in Boston, a place where you meet seafaring men from all ports of the civilized world. Attracted by a hymn tune, she stopped before a building, listened to the music of a melodeon, the lusty chorus of men's voices, and, at length, drawn by a power greater than her girlish timidity, she mounted the steps and so entered the headquarters of the Boston Seamen's Friends society. Thus destiny took hold of Janet's life and showed her the way to go.

Now Janet Roper, house mother of the Seamen's Church institute on South street, New York, is observing the fiftieth anniversary of her work among sailors, and there is hardly a forecandle from the Cape of Good Hope to Cairo, from John O'Groats to the Ambrose Light which does not contain at least one shellback beholden to her in any one of an infinite variety of ways.

She is slender, almost frail of physique. There are only a few traces of gray in her hair for all her 66 years, and her eyes snap with intelligence, vitality and kindly humor.

Several years ago Mother Roper devised the idea of publishing lists of missing seamen, copies being sent to seamen's homes throughout the world for display upon bulletin boards. The service has obtained extraordinary results. Sailors out of touch with their families for years have been located and contacts restored, brothers have been reunited in far-flung ports; all sorts of happy things have been effected. In all, to date, 5,327 sailormen supposedly swallowed in the sea or forever merged in the melting pots of alien ports, have been recovered from oblivion.

While in Boston, Mother Roper met and subsequently married a Congregational clergyman, engaged in similar service. They worked together in Gloucester, in Canada and in Oregon until her husband's death in 1915, when she came to the Seamen's institute on South street. She has no illusions about sailormen, holding them to be no better and no worse than other men. Her work, and her three daughters, living with her in Brooklyn, comprise her enthusiasms.

JUDGE MANLEY O. HUDSON of the Permanent Court of International Peace at The Hague, recently arrived here, is, characteristically, spending his vacation at Cambridge, Mass., looking into things of international juridical import. He was once Bemis professor of international law at Harvard, a post he took, somewhat in discouragement, when his career was diverted by the refusal in 1928 of the United States to join the League of Nations.

The world's leading authority on all questions pertaining to comity among nations, this world to him is no abstract thing, no matter of geographical division. Human affairs and relationships are his passion. A Missourian—he was born in St. Peters in 1886—he reverses an attributed reaction of citizens of his commonwealth in that far from asking to be shown, he is at all times willing, nay eager, to demonstrate.

Genial, incurably optimistic, mentally brilliant, he enjoys nothing so much as to stand at bay in intellectual combat, indulging with D'Artagnan's ardor in sword-play, in thrust and riposte, until his opponents are either convinced or, at any rate, silenced. He will plunge into contest, or, if no struggle is waging, he is very likely to start one.

Now 52 years old, Judge Hudson entered the League of Nations secretariat with its origin in 1919, and ever since he has been attached to it. Two years earlier, he was with the inquiry and peace terms commission established by the state department and later, in Paris, was a member of the international law division of the committee to negotiate peace. Work then begun led directly to the World court bench when the league assembly gave him the second highest vote—48 out of 50—ever received by a candidate.

William Sewell college, Liberty, Mo., is his alma mater and Harvard, where he took post-graduate courses, his alter mater.

## COTTON

IN NEW YORK: Since Britain agreed in her Anglo-American barter plan to take additional cotton for whatever subsidy was established, the 1½ cents per pound rate recently announced will give her roughly 100,000 additional bales, or a total of 700,000 bales.

IN WASHINGTON: The U. S. and Japan agreed to extend for one year their Philippine islands cotton pact, under which Jap exporters of cotton piece goods agree to limit the annual Philippine importation of Japanese cotton piece goods to 45,000,000 square meters.

IN MEMPHIS: Pres. Oscar Johnston of the National Cotton council planned a conference with Secretary of Agriculture Henry A. Wallace to improve consumption and price of cottonseed, thus averting "threatened disaster."

## Lights of New York

by L. L. STEVENSON

Not so long ago, Arthur French played before 50,000 persons. Now he often watches 50,000 persons at play. Back in 1928 he was captain of the Harvard football team and just about single-handedly defeated Yale in the traditional game. Two days after his graduation, he had a job. Punching tickets at Manhattan beach. Since then, he has done just about every chore, except chef in the kitchen about the resort. Now he is general manager and holds the rank of vice president of the Joseph P. Day Enterprises. He married Mr. Day's daughter and lives a happy home life over in Short Hills, N. J. He still keeps up with athletics to a certain extent. Manhattan beach is two miles long. At least 10 times a day, he travels the entire length. Then, too, in his spare time, he invented a football and basketball, one-third regulation size, to train youngsters for those games when they grow up.

Instead of being stranded, vaudeville is now sanded. At least it is out at Manhattan beach. To house the week-end performances, which read like the bills of the old Palace, Mr. French has constructed a modern amphitheater with a seating capacity of 10,000. The stage resembles the Hollywood Bowl but is of original design. It has private offices and dressing rooms for the stars and a private sun porch where the artists can enjoy a day at the beach out of reach of autograph hounds. John Philip Sousa III, grandson of the great bandsman, who opened the old Manhattan beach bandstand, is the band leader and he swings the marches of his famous grandsire. Recently he announced his engagement to Miss Jean MacDonald of Hazleton, Pa.

Getting back to General Manager French, the Harvard star of other days. He has still another connection with athletics. Under his supervision are 82 handball courts, 22 tennis courts, 15 basketball courts, several championship swimming pools and numerous other activities, including bridge classes.

In the opinion of Earl Robinson and Alex North, composers for the Federal theater production, "The Life and Death of an American," it is easier to compose a new song than to find an old one, especially if the latter happened to be a national hit. Among the recordings called for by the script are "Yes, We Have No Bananas," "Missouri Waltz," and "Turkey Trot." In the first music shop visited, Robinson and North encountered a girl of about 18. She had never heard of "Yes, We Have No Bananas," but thought it was a swell title. The composers went out feeling like Rip Van Winkles.

The Columbia university library finally yielded "Yes, We Have No Bananas," but could do nothing about "Turkey Trot" or "Missouri Waltz." From the New York Public library came the sheet music of "Turkey Trot" and when the play opened, a pit orchestra had to be substituted for a gramophone. The grandmother of a member of the cast donated the "Missouri Waltz" record. Then it was learned that there was no "Over There" record. A long search disclosed one at the bottom of a pile of old records in a Ninth avenue second-hand furniture store.

In the old days, it used to be the cellar. Then it was the basement. Now, according to what I was told at the Court of Flame at the World's fair, it is the "Rumpus Room." It seems that the "Rumpus Room" is a place where you can have a lot of fun and make a lot of noise. The one at the fair has just about everything in the way of athletic apparatus except a bowling alley. And there's an easy chair and book table, too. Curiously enough, it's heated with a gas furnace. And there was a time when I was punished by being sent down to the cellar. That wasn't all there was to it, however. When I got down there I had to sort potatoes.

**Asleep 25 Years**  
JOHANNESBURG, SOUTH AFRICA.—Anna Swanepoel, a South African woman who has been almost continually asleep for more than 25 years, has been moved from her bed in the chronic sick home, Rietfontein, to the Johannesburg general hospital. She had occupied the bed for 19 years.

**Old School Photograph**  
Reflects Judge's Regret  
MONTEREY, CALIF.—After imposing a fine of \$25 on Ralph Small, of Stockton, for reckless driving, Police Judge Monte Hellam drew a mangled grammar school picture from his wallet, and beckoned the prisoner to his side. Pointing to a small boy in the first row, he said:  
"Isn't that you?"  
"Yes—that's me, all right," the prisoner replied.  
Then, pointing to a tall lad in the back row, Judge Hellam said: "And that's me. Sorry I had to do it, but it's the law."

## Mining Town Is Ghost at Last

### Only Shacks Are Reminder Of Old Boom Days in Wyoming City.

SOUTH PASS CITY, WYO.—Wyoming's newest ghost town, South Pass City, has only a few weather-beaten frame shacks to remind visitors of the days when it boasted of a population of 5,000 gold-hunters, pioneers and gamblers.

Abandoned more than 30 years after the rest of the state's famous early-time mining camps were deserted by their nomadic settlers, South Pass City is surrounded by several booming modern mining camps. It lies near the crest of the Continental Divide on the old Oregon Trail, 60 miles northeast of Rock Springs.

In 1860 when the gold rush began, Easterners and Mid-Westerners flocked to the almost-untouched wilderness of Wyoming. Ore was found in large quantities, and the rapid influx of gold-seekers continued.

**Wind All That Remains.**  
Gamblers, bartenders and dance hall girls followed so that by 1865 South Pass City was one of a score of rip-roaring mining towns, echoing to the clink of picks and shovels on rock, the blaring music of honky-tonk dance halls, the bark of six-shooters and the whine of the wind. The wind is all that remains to disturb the quiet of the hastily-constructed boom town.

In 1878, with the decline of metal markets, the rest of the roaring frontier communities became ghost towns. The miners, gamblers and entertainers moved on to more lucrative fields.

South Pass City, however, survived, although most of its residents departed. When modern methods were introduced in the 1920s, several large mining firms established themselves near the once-famous town to extract an estimated \$500,000 in gold ore from the surrounding hillsides.

**Hung On for Time.**  
The little town retained its post office and place on the map while other communities of its kind were remembered only in name.

Other ghost towns of the state, some marked by a few staggering frame shacks, still others torn down by the elements and settlers, include Cambria, in northeastern Wyoming near Newcastle; Battle, south of South Pass City in the Medicine Bow National forest; Rambler, two miles south of Battle; Eadsville, atop scenic Casper mountain, and Lavoye, in the Salt Creek field in Natrona county.

**National Parks to Offer More Camping Facilities**  
SAN FRANCISCO.—Americans are rapidly becoming camping-conscious, according to Julian H. Salomon, national park service camping specialist of Washington.

On a tour of the California camping sites, Salomon explained this phase of the national park service's work as follows:  
"It was assumed," he said, "that there were numerous agencies in the country interested in camp operations if they could be assisted in obtaining suitable sites and facilities."

"It was also thought that smaller agencies operating camps would be able to pool their efforts if offered improved facilities to encourage better service."  
"As a result, through consultation with local agencies, camp development was studied thoroughly from the viewpoint of the committee's needs. Out of these consultations came organized camping for family boys, girls, educational and other groups utilizing facilities carefully planned to provide the greatest use at a minimum cost."

Salomon said that in 1936 there were only nine camps in operation in the United States with a total of 37,310 camper days.

For 1938 these figures were increased to 49 camps with a total of 376,173 camper days.

The service expects to have at least 60 camps in operation with a probable total of 60,000 camper days for 1939.

**Matrimonial Agency Is Operated From Prison**  
COLUMBUS, OHIO.—The operation of a matrimonial agency known as the "Idealist club," from Ohio penitentiary, was disclosed today with suspension of S. M. Current, a Bertillon officer.

Current, whose job it was to take photograph, fingerprints and measurements of prisoners, had been engaging in the matrimonial enterprise on his employers' time. Acting Warden William F. Amrine said. He was suspended 30 days.

One of Current's matrimonial circulars read:  
"Our sole aim is to help you find your ideal and we do not cease in our efforts until the desired goal is reached. Send in the enclosed membership application today and let us start working for your happiness at once."

**Double Play**  
BELLINGHAM, WASH.—Outfielder Ed Stewart, of Vancouver, swung so hard at a fast one that he knocked himself out Tuesday night. He missed the ball, hit himself in the head.

PICNIC BASKET A PASSPORT TO FUN (See Recipe Below)

### Let's Have a Picnic!

When skies are blue and cloudless and the weather's warm, a picnic basket is the passport to fun. It may be a spur-of-the-moment picnic with a simple lunch prepared from supplies on hand in pantry and refrigerator; or it might be a steak fry or barbecue with the food cooked on the picnic grounds; but it's more likely to be an old-fashioned "family style" picnic for a half-dozen to a hundred hungry guests with plenty of good-tasting food of delicious variety.

Whether your picnic is planned for a family, a Sunday school class, or a lodge, you'll find these foods prime favorites with the guests. Recipes are given here in quantities to serve a family; for a larger number the differentiation is a simple process of multiplication.

#### Cream Salad Dressing.

- 1 teaspoon mustard
- 1 teaspoon salt
- 2 teaspoons flour
- 1 1/2 teaspoons sugar
- Dash cayenne pepper
- 1 teaspoon butter
- 1 egg yolk
- 1/2 cup vinegar
- 1/2 cup heavy cream

#### Baked Beans

(Serves 6)

- 1 pound navy beans
  - 1/2 pound pork (from the shoulder)
  - 3 cups water
  - 3/4 cup brown sugar
  - 6 tablespoons molasses
  - 1 teaspoon salt
  - 1 teaspoon dry mustard
- Soak the navy beans over night in water to cover. In the morning cut the meat into 2-inch pieces and brown well. Add the 3 cups water, and cook slowly for about 1/2 hour. Add beans and continue cooking for 2 hours, or until both meat and beans are tender. Add remaining ingredients. Place in a baking dish, and bake in a moderately slow oven (325 degrees) for about 1 1/2 hours. If necessary, add more water to the beans while cooking.

#### Camp Coffee.

Early in the day measure the coffee into a sugar bag, allowing 1 tablespoon per cup. Place this in the coffeepot with a little cold water and let it stand all day. Then when nearly time to serve, pour boiling water, which has been previously measured, into the pot. Boil 5 minutes, remove the bag, and your coffee is ready to serve. It will not harm it to let it stand for a while. You will find that this unusual way of making coffee will give you a most delightful, full-flavored beverage, and at the same time saves considerable measuring and pot-watching when

#### Fresh Peach Ice Cream.

- 1 1/2 cups granulated sugar
  - 1 tablespoon flour
  - 1/2 teaspoon salt
  - 1 egg (slightly beaten)
  - 2 cups milk (scalded)
  - 1 teaspoon vanilla extract
  - 2 cups coffee cream
  - 2 1/2 cups crushed peaches
  - 1/2 cup confectioners' sugar
- Mix sugar, flour and salt thoroughly. Add the beaten egg and blend. Add the scalded milk and cook as a custard in a double boiler until the mixture will coat the spoon. Add vanilla extract and cool. Add cream and the crushed peaches, which have been mixed with confectioners' sugar. Pour into container of ice cream freezer and freeze, using 3 parts ice to 1 part salt.

#### Cup Cakes.

(Makes 18 small cakes)

- 1/2 cup water
  - 1 1/4 cups sugar
  - 2 eggs (separated)
  - 2 cups cake flour
  - 2 teaspoons baking powder
  - 1/4 teaspoon salt
  - 3/4 cup cold water
  - 1 teaspoon vanilla
- Cream the butter, and gradually add about half of the sugar. Beat the egg yolks until very light, add remaining sugar, and beat well. Combine with the first mixture. Sift together the flour, baking powder and salt, and add to the batter alternately with the water. Beat egg whites until stiff, but not dry, and fold into the batter. Add vanilla. Bake in well-greased muffin pans in a moderately hot oven (375 degrees) for about 25 minutes. Cool and frost with boiled icing sprinkled generously with coconut.

#### Cabbage Salad.

(Serves 6)

- 2 cups cabbage (shredded fine)
  - 1 stalk celery (cut fine)
  - 3 apples (unpeeled, diced)
  - 2 to 3 green onions (sliced)
  - 1/2 teaspoon salt
- Mix all ingredients in order given. Add cream salad dressing and garnish with paprika.

### Grand River Dam Authority Is Victorious in Storage Plea

WASHINGTON.—The federal power commission granted an amended license to the Grand River Dam authority authorizing construction of the Grand River dam project with water storage to 745 feet above sea level. This permits construction of the project without changing present plans.

Army engineers had recommended that the water storage requirement be fixed at a 755 foot level

## A President's Attendance Caused Flurry of Excitement in Church

One Sunday during the summer of 1917 the President suggested that we drive quietly over to Virginia and attend the service at the Pohick church, which was the place of worship of George Washington. When we arrived, the little edifice was well filled. Mr. Wilson, my brother Randolph and I were escorted to the Washington pew, given prayer books and left to ourselves. The service over, we were accompanied to the door by a member of the vestry and permitted to depart without any of the crowding about which usually attends the appearance of a President in public. Also I was impressed by the large congregation, for it was raining.

Afterwards Mr. Jervis, one of the secret service men, asked:

### "M" for Noon

According to the United States Naval Observatory 12:00 M is almost universally used to designate 12:00 o'clock noon. M in this connection is an abbreviation of "Meridien," the accusative of the Latin "meridies," meaning mid-day.

"May I tell you a story?" This is the story:  
Knowing our plans, Mr. Jervis had reached the church at 9:30, finding it closed and not a soul about. At the nearest house he inquired whether there was to be a service. The man did not know, but said that the preacher was holding Sunday school at his own home and that Jervis might inquire of him. At the minister's house Mr. Jervis found a young man instructing a group of barefoot girls and boys. Jervis asked the man whether there would be a service at the church, because the President had intended to come. "The President of what?" asked the clergyman. "Of the United States," replied Jervis. The minister looked at his caller sorrowfully. "Young man, are you ill?" he asked.  
Jervis showed his badge, adding that the President and Mrs. Wilson were due in an hour. The minister clapped his hands. "Children, Sunday school is dismissed. All of you run home and tell your fathers and mothers the President is coming to church and I want a good congregation to welcome him." Then he turned to Jervis.

### Wise and Otherwise

If your garden is fooling you, give it a few digs in return.  
Women can give everything with a smile and take everything back with a tear.  
Every dog has his day, says the proverb. And, judging by the row in my back garden, every cat has her knight.  
"Parents are often a hindrance to children in a career," says a judge. Perhaps—but the children could hardly start a career without them.  
A seaside worker tells me he gets \$2.50 a day for picking up litter. A tidy sum?  
Did the guy who said "honesty is the best policy" ever try telling the boss what he really thought of him?  
Hank says his wife's new diet has fairly took her breath away!

"Young man, I must shave. You run over to the church and tell the sexton to ring the bell—vigorously." At the church Jervis found the old sexton opening the door. He gave the minister's message. The sexton's mouth stood open for a minute. Then he said: "Here, you ring that bell. It's just outside in a tree. I got to go home and shave."—Edith Bolling Wilson in the Saturday Evening Post.

**City of Jeanne d'Arc**

Rouen, France, a busy center for weaving, spinning and the manufacture of handkerchiefs, is the city of Jeanne d'Arc. There is the old castle in which she was imprisoned while she awaited trial; a tablet on the archbishop's palace states that she was tried there, and a slab in the marketplace marks the site of the stake where she was burned.

**He Weighed Half a Ton**

The United States has its fair share of fat men and giants. Miles Darden was both. He was 7 feet 6 inches and weighed a little better than half a ton. He was born in 1788 and lived until 1857, was married, a father, worked all his life, and was a pretty normal individual in spite of his size.

**Few Eskimo Dogs Here**

Exceedingly few Eskimo dogs are found in our native communities, for there are so many other breeds that take more kindly to our climatic conditions, and congested civilization that dog fanciers have been content to let this animal rule the north where only the hardest of canine breeds can thrive.

**Wedding Cake for "Good Luck"**  
The practice of guests at the wedding taking home their slices of the cake to keep for good luck has its counterpart in many customs in barbaric lands. Among the Chuncho Indians of Peru, for instance, wedding guests carry home bits of a piece of pottery broken by the chief of the tribe in performing the marriage ceremony. They believe these fragments of a shattered pot bring them good fortune.

**Britain Traces 1776 Failure**  
The British attribute their failure in our Revolution to the fact that, according to them, it was largely a naval war and the English fleet lacked its usual dash and enterprise. Their armies failed on land for want of proper support from the sea and Yorktown's surrender was due to the actual, if temporary, loss of the command of the sea, with Paul Jones harrying the English at their own doors.

In 1884 Robert Morrison Stults resigned as musical instructor in the Long Branch, N. J., high school and moved to Batimore, Md., where he opened a piano and sheet music business. For some time he had been obsessed with the idea of writing a popular sentimental ballad. Mira Mirella, a comic opera star, was in search of such a song and Stults promised to write one for her. Going home one evening his wife, who had been reading "The Birds' Christmas Carol," remarked, "Well, that's the sweetest story ever!" He immediately supplied the word "told" and in two hours the song was finished.

WATCH any class of kindergartners cutting patterns from colored paper, and your fingers will itch to pick up the scissors and try it yourself. Why not? The luncheon mat and napkin shown here offer a suggestion for a way to use your cut-out designs for simple but effective applique work.

The long sides of the mats are hemmed and the ends faced with one-inch bands of green, as at A. The napkins are also hemmed on two sides and faced with green bands on the other two. The stem for the bright red cherry follows a circular line embrodered in green outline stitch. The leaf is of the green material.

Experiment with cutting the cherry and leaf in paper. When you have cut a design that pleases you, make a pattern in lightweight cardboard. Cut the fabric a little larger than the pattern, clip the edge as at B; then press it over the pattern with a warm iron as

fast balls and drove it over Scholtz's head in center field for three bases. Fast work on the part of Scholtz in retrieving the ball prevented Stanyo from running the circuit. Bill then cut loose another wild pitch allowing Stanyo to score the third Turner run. Warren walked, Snyder singled. Gardner then hit one into deep right-center which Scholtz gathered in after a long hard run, ending the inning. Kussro relieved Mallon at the start of the fifth inning and held Turner unless the remainder of the game. Two hits were made off his delivery in the five innings he pitched.

Tawas City was meeting the ball hard at the start of the game, but were unable to bunt their hits to score runs. Quick opened the first inning with a fly to right center for the first out. Katterman grounded out short to first. Zollweg hit a ground rule double to left and was left stranded as Newton took Mallon's line drive in left-center to end the inning.

Laidlaw singled to open the second inning but no good came of it as the next three went out on two ground balls and a fly to center. Scholtz opened the third by striking out. Quick singled and stole second. Katterman was out on a fly to left. Quick stole third where he was left as Zollweg hit a pop to short.

Laidlaw singled in the fourth after Mallon grounded out pitcher to first. Moeller flied to short and Kussro forced Laidlaw at second to end the inning. Smith golfed one over the trees in left field for a ground rule double to open the fifth. Scholtz sacrificed him to third. In an attempted sacrifice, Quick beat out an infield hit, scoring Smith. Katterman hit into a snappy double play, McPherson to Snyder to Whitehouse, ending the inning. Zollweg grounded out to open the sixth. Mallon was safe when Warren dropped his fly in right field.

Laidlaw went out second to first. Moeller singled and was trapped off first and tagged out in a run-down. The seventh opened with Kussro grounding out second to first. Smith hit a high fly in short-left which fell between Newton and Snyder for a double he continued on to third on McPherson's error on the throw from the field. Scholtz struck out and was safe at first when the third strike got by Stanyo. Scholtz stole second. Quick sacrificed Smith home. Second to first, Scholtz taking third. Katterman ended the inning by grounding out, third to first. Zollweg opened the eighth with a towering fly to left which Newton dropped. Mallon then leaned against one of Gardner's slants and drove it into right-center for three bases scoring Zollweg with the tying run. Gardner was taken out of the box at this stage and McPherson took over the mound duties. Gardner going to right field and Warren to second base. Laidlaw, the first man to face McPherson, dropped a bunt down the first base line scoring Mallon with the fourth and winning run. Moeller singled and was thrown out on an attempted steal as Kussro struck out ending the inning.

The Tawas City team showed championship caliber all during the game with good fielding behind good pitching. One error was chalked up against the local team. In the ninth inning Stanyo opened with a base on balls and was out stealing. Laidlaw to Katterman, Warren hit a bounding ball to Katterman which hit him on the knee giving Warren a life at first

base. Rahl batted for Snyder and forced Warren at second. Zollweg to Katterman. Gardner ended the game with an easy ground ball to Katterman.

The team showed a lot of fight and pep all through the game and each one deserves a lot of credit for the victory. Kussro did an excellent job of relief pitching, allowing Turner two hits and no runs, he issued one base on balls during the five innings in which he pitched. Scholtz took care of the center field position like a veteran, getting everything within reach and some that looked like they might be out of reach. Zollweg looked good at short and Smith played a bang-up game at third. Katterman had a busy day around the keystone with four putouts and five assists.

Prescott will furnish the opposition at the Tawas City Athletic Field Saturday. Another good game is looked for a both teams will be out fighting to win. Tawas City to keep within grasp of first place, and Prescott to get back in the running. The way the games stack up there should be some heated contests in this division between now and the close of the season. Compare the team standings with the balance of the schedule: Sunday, August 6—Prescott at Tawas City; Turner at Whittemore; Harrisville at Alabaster; Hemlock at Twining. Sunday, August 13—Tawas City at Hemlock; Whittemore at Harrisville; Alabaster at Turner; Twining at Prescott. Sunday, August 20—Twining at Tawas City; Harrisville at Turner; Whittemore at Alabaster; Prescott at Hemlock. On August 27, Harrisville will play the rained out game of July 9 with the local team. Prescott and Whittemore have a protested game to play. There is the remaining hope. Can you name the winner? All you Tawas City fans let's back "our" team and help them win another championship. The game is scheduled for 2:30 p. m.
