Hunting Notes

Trooper Howard Smith, who is a busy man at this time of the year, took 15 minutes off duty Wednesday morning, and shot his buck a few blocks from the post building.

You have to get up in the morning to beat a farmer. Waldemar Bischoff of Baldwin got his deer at 7:30 Wednesday morning. However he didn't have much on Bill Wegner of this city who brought one down at 7:45.

Fred Remport secured a thorough physical examination from Dr. Austin about two weeks ago. "Don't miss a thing, Doc," said Fred. "Last year I had to go to the hospital the first day of hunting season, and I don't want to lose out in my hunting this year."

Hard luck and disaster came to three Walled Lake hunters camped on a tower line in the Wolf creek district near here. Elmer Dettelle, a Detroit attorney, Wm. Potts and Jimmy Cooper, 11 years old, had gone to bed Tuesday evening anticipating an early start Wednesday morning at hunting. At about 11:30 they were awakened by flames from their burning tent. The three escaped with only the burning clothing which they had on their bodies. They suffered severe burn about the face and hands. Potts with one hand uninjured, was able to drive to East Tawas where they reported it to the State Police post and then secured medical attention. After Sheriff Moran furnished them some clothing, the three returned to Walled Lake about 2:00 Wednesday morning, without a shot at a buck. With the exception of the car which Potts had been able to drive away from the burning tent, the men lost their complete tent. (Turn to No. 1 Back Page)

Mr. and Mrs. H. B. Brockenbrough returned home from a month's visit in Virginia. While there Mrs. Brockenbrough's sister, who is a missionary in China, was also home on a furlough. They had not seen each other for twenty-one years.

Mr. and Mrs. Henry Hill and son, of Muskegon, is visiting relatives here. Harry accompanied Ed Louks and W. T. Hill north deer hunting.

Mr. and Mrs. Fred Morin left Tuesday for Luzerne to hunt deer.

Mr. and Mrs. Henry Ranger left Monday for their camp near Curran to hunt deer.

Mrs. Arden Charters is spending a few days at West Branch.

FORMER TAWAS RESIDENT DIES AT DETROIT

Erastus Babcock One Time Detroit and Mackinac Employee

Erastus Babcock, former resident of Tawas City and Detroit & Mackinac railway employee for a number of years, well known in this county, died Wednesday, November 8, at Ford hospital, Detroit.

Two weeks ago word came that Mr. Babcock was in critical condition from a ruptured gall bladder operation at the hospital. Every means was used to preserve life, but he succumbed.

Erastus Robbins Babcock, son of Robbins E. and Margaret Babcock, was born at Port Huron, March 20, 1880. In August of that year the family moved to East Tawas. He attended the public schools until the Junior year when in the spring of '99 his love of the water took him on the freight boats of the Great Lakes. His remarkable rescue in the terrific storm on Lake Superior from December 13 to 22 of that year when the whale-back barge No. 115 went on the rocks off Pic Island, is well-known here. Following this, he entered the employment of the D. & M. railroad.

July 3, 1904, he was united in marriage with Miss Winnifred Harting of Tawas City. In 1907 he moved to Tawas City where he resided until the death of his wife when he returned to East Tawas. In 1915 he went to Detroit where he soon entered the employ of the Ford Motor company.

In 1928, when the Ford Company started its rubber plantation in Brazil, he was one of the eight men chosen for the work and went to Boa Vista as mechanical engineer. There he contracted tropical dysentery and anemia and returned to Detroit in May of the next year. Months in Ford hospital put him in condition for work and he returned to the railroad department of that company where he was working at the time of his fatal illness.

Funeral services were conducted Saturday, November 11, by the Lincoln Park Masonic Lodge, at Nixon Funeral Home and Woodmere Chapel. In accordance with Mr. Babcock's request, the remains were cremated. The survivors are the wife, Edith Babcock; three sons, Harting W., of Detroit, Carl B. of Tawas City, Jack R., of Detroit; one daughter, Mrs. H. W. Hatton, of Tawas City; grandsons Richard H., of Detroit; and Carl B., of Tawas City; and two sisters, Miss A. J. Hamilton, of Tawas Point; and Mrs. J. L. Fraser, of East Tawas.

The Tawas City Recreation team will journey to Bay City Sunday afternoon and bowl a return match with the Broadway Stars on the Broadway alleys at 2:30; and the Garber Buick of Saginaw on the Hesse alleys in Saginaw at 9:00 in the evening.

East Tawas Recreation only at the East Tawas Recreation alleys Sunday evening when the colorfull E. & B. Brewing company team of Detroit met the East Tawas Recreation team in a specially arranged bowling match.

There were thrills enough for everyone as the five man combination of champions, Mowery, Sleaf, Novak Holmes, and Zion rolled new alley records for every division in this part of the state. The top five-man total for single game was in the second game with a count of 1112 which included Novak's game of 289. The team added scores of 979, 1112 and 1089 for a 3180 total, and that's good bowling anywhere. (Turn to No. 2 Back Page)

JUDGE DEHNKE SPEAKER AT P. T.-A. MEET

Tells About Modern Parole and Probation Methods

The regular meeting of the Tawas City P. T. A. was held at the school house Thursday evening, November 9. Miss Margaret Worden, the new president, presided.

After a short business session Supt. Giddings introduced Judge H. Dehnke, the speaker for the evening. Judge Dehnke presented in a very interesting and pleasing manner the common responsibility of all in dealing with criminals.

The first question to be solved after conviction is what to do with the criminal. As the one convicted generally comes back into society in a few years, the punishment should be such as to enable the person to fit himself or herself for this come back. This may be done through guidance, kindness and helping to proper adjustment.

The severity of the penalty usually depends upon age, previous record and the crime committed.

The largest proportion of criminals are under 21. History shows that this condition has always existed and that nine out of ten who went to the gallows were under 20 years of age. Some reasons for this condition are:

1. Curiosity, urge, drive of youth which they have not learned to control.
2. Parents have forgotten their own youth and that the ages between 15 and 20 is one of stress and strain.
3. It is a period in which youth is trying to decide what to do in life. They feel there is no chance for the young people today, that they are not wanted, and that parents consider them a burden. This is a time of falling out of love with the parents. Parents, be careful, and above all don't nag!

A more up-to-date method of dealing with criminals that is much used today is the probation and parole system. These are two different set-ups and should be handled by separate boards. The probation is more recent than the parole. The court and supervisors generally work out a probation plan and the sheriff may act as probation officer. Those out on probation are usually first offenders. It has been estimated that slightly over half convicted of felony are probationed and that less than five per cent come before the court again. This system is much better for the prisoners as he is not subjected to the influences of prison.

He has learned his lesson and is ready to obey. It is better for the state as it saves expensive upkeep. Judge Dehnke emphasized the fact that parents and teachers should be more concerned about the needs of the adolescent.

Mrs. Nyda Leslie, accompanied by Mrs. Giddings, sang a group of songs which was greatly enjoyed by all.

The hostesses were Mrs. George Myles and Mrs. R. Gingerich.

Two committees have been appointed: Program—Miss Doris Bourn; Mrs. Nyda Leslie, Mrs. Ernest Burtzloff, Mrs. Grace Mark and Mrs. Wm. Leary. Award—Mrs. Lois Giddings and Mrs. Chas. McLean.

Chairman of the social committee for the year is Mrs. Mildred Musolf.

Mrs. Mabel McMullen

Mrs. Mabelle McMullen of this city, wife of Patrick O. McMullen, Detroit and Mackinac railway train dispatcher, died Saturday morning at Mercy hospital, Bay City.

Mr. and Mrs. McMullen and family have been residing in the city for the past two months. The deceased was born November 21, 1892, at Lake, Clare county. In April, 1925, she was married to Patrick O. McMullen at Clare.

She is survived by the husband; her mother, Mrs. Flora Patnode, who resided here with her; two sons, Donald Melvin and Keith Melvin, Robert McMullen; four sisters, Mrs. Rena Beveridge, of Rhineland, Wisconsin; Mrs. Nettie Dore, of Port Huron; Mrs. Blanche Kelly, of Wayne; and Mrs. Alene Waybrant, of Harey, Illinois.

The funeral services were held Tuesday afternoon at Lake. Rev. Guilford of the Clare Baptist church officiated. Interment was in the Garfield cemetery.

Buy Auto License Plates In Your Home County

Isoco county residents are urged to purchase their license plates in this county. In case it is found more convenient to purchase the plates outside of the county when getting a new car local residents should be sure that Tawas City or some town in Isoco is given as the address on the application blank when filled out for the license. Most of your weight tax money goes to the benefit of the county in the county shown on the application as your address. The amount of road improvement possible is nearly in proportion to the amount of plates purchased in this way.

WHO'S NEWS THIS WEEK

By LEMUEL F. PARTON

NEW YORK—Somebody was always turning in a riot call when Igor Stravinsky's "Fire Bird" and "Sacre du Printemps" were first played. He was the Earl Browder of the salons and musical conservatories, but now he's as respectable as Nicholas Murray Butler, as he takes his post as professor of poetry at Harvard. As he writes his fourth symphony, he enjoys full and complete academic sanction for what were once considered the wild vagaries of his compositions.

In Russia, his parents wanted him to be a lawyer. Rimsky-Korsakoff was the Pied Piper who lured him from law books to outlaw music, but who unleashed his genius and himself profited as Stravinsky became one of his most knowing and gifted interpreters.

The frail person of Professor Stravinsky, as he may now be called, has been shaken and racked by the torrent of his genius, and every so often he has found it necessary to take time out in Switzerland for repairs. But, at 54, he still has furious vitality and is still at mid-way in his creative career.

With a sharp pencil he speaks supernal sounds. Marshaling them in a symphony, he looses demons, to slay them with his baton. This demonic dissonance caused riots in France when his compositions were first produced. It took quite a few years for discerning critics to discover that he "planned it that way," and that there was law and order in his music.

MUCH is being written currently in comparison of the intellectual climate of America today with that of the immediate pre-war period of 1917.

Vet Steel Maker Eugene G. Grace, president of the Bethlehem Steel corporation, offers something possibly worthy weighing in this balance in his vehement repudiation of any desire for war profits.

"We don't want any war to inflate Bethlehem's business," says Mr. Grace. "We prefer peace. We are in a position to be war baby number one, as in the last war, but I can tell you that our directors and associates don't want that kind of business. I'd like to see the war stop today. Bethlehem would be better off if it did."

In contrast are the words of another great industrialist, now dead, who, at a New York luncheon club in January, 1917, spoke as follows: "America has come of age. Its ships cannot be driven from the seas; its citizens will go wherever their trade or business leads them. No insolent challenge to our enterprise will stay us in our peaceful pursuits whenever and wherever we choose to go. And I say to you that our great business establishment will remain world business for whatever profit may legitimately accrue. It is not only our right, but patriotic duty to seize opportunity to maintain the full solvency of this nation."

Mr. Grace, as president of both Bethlehem Steel and the Bethlehem Shipbuilding corporation, had special charge of all production of cannon, armor plate and munitions during the World war. Last summer, he rounded off 40 years with Bethlehem, one of the great steelmasters of the country. After his graduation in electrical engineering at Lehigh university, his first job at the company was operating an electric crane. He became general superintendent, manager and a director in 1911. He became president in 1913. He is 63 years old.

COMPARISONS are dangerous, but it would appear that Walter A. Wood, wearing the colors of the American Geographical society, has romped away with the mountain climbing sweepstakes.

His currently reported achievement in mapping the peaks of the Elias mountain range in the Yukon territory caps a list of hazardous assignments of the last six years, in most of which Mrs. Wood has shared.

Last March, he led several companions up a 19,000-foot peak in the Alpine jungles of the Sierra Nevada de Santa Marta range in Colombia.

With the Louis Boyd expedition to east Greenland in 1933, Mr. Wood has traversed many countries, in the last six years, on research missions for the American Geographical society.

STEEL MILLS BLOSSOM AT GARY, IND.
Some industries expand; neutrality stifles others.

TRADE & INDUSTRY

Repeal of the U. S. arms embargo, which keeps American ships out of combat zones and allows belligerents "cash and carry" rights, not only set off a partial business boom at home but also brought major repercussions in world diplomatic, trade and maritime circles. A survey by the Northwestern National Life Insurance company showed luxury and semi-luxury goods began moving swiftly in September, but Federal Works Administrator John Carmody spiked any boom hopes: Only 500,000 of the 9,000,000 unemployed can expect new jobs.

There was cautious expansion in U. S. industry, where building awards for October totaled \$49,910,000 against \$12,814,000 a year ago. Many firms announced stock dividends payable in December. Railroads, which coupled their expansion with a plea that they might be permitted to operate without government interference in times of emergency, were offered a new recovery program by Jesse Jones, federal loan administrator. This plan, used first by the Boston and Maine line, calls for postponing debt payments and reducing annual interest charges through a refunding program to be financed by Reconstruction

MAX TRUITT
"Completely sound."

EUROPE: Cause Celebre?

"This," said Prime Minister Chamberlain, "is not a state of war but a state of siege." He was not far wrong. The French claimed nine of their U. S.-made planes had downed one-third of a 27-plane German force over the western front. There was also a mysterious battle in the North sea from which the

WILHELMINA AND LEOPOLD
Their peace exploded.

Ark Royal reportedly limped home with a captured vessel. But, as usual, the biggest war news was made far from the front.

Some 20 Nazi divisions stationed on their frontiers worried Belgium's King Leopold and The Netherlands' Queen Wilhelmina. Moreover, they heard rumors that Adolf Hitler would invade on November 15, claiming as an excuse that the allies would do likewise if Germany didn't invade first.

Though steadfastly denying any German "ultimatum" for a statement of their positions, the king and queen held all-night consultations with their foreign ministers. Result: A peace appeal was dispatched to all combatants offering Belgian-Dutch mediation services. Britain rejected it politely.

Fuehrer Hitler was less polite. Not waiting to reply directly, he hastened to the beer hall at Munich where his notorious *putsch* took place in 1923. There, on Nazism's sixteenth birthday, he scorned peace: "There can be only one victor—that is we."

Hardly had Hitler left the beer

hall before a mysterious blast in the empty attic upstairs sent its heavy ceiling crashing on the hangers-on who had stayed behind. Next day, while the Nazi press railed at Jews and the British secret service as "instigators" of the plot, the Wilhelmstrasse offered a \$200,000 reward for capture of the perpetrators. While seers wondered if the Munich explosion might not prove another cause celebre like Sarajevo or the Peiping bridge incident, pro-Hitler sentiment began crystallizing in Germany. Dead as a dodo was the Belgian-Dutch peace plea; in fact, the Dutch opened their dykes in self defense following border clashes that smelled suspiciously like those before the Polish invasion.

Meanwhile, an inter-administration squabble flared over the U. S. maritime commission's transfer of more than 40 ships to foreign registry as a means of avoiding the ban on American shipping in belligerent zones. Secretary of State Cordell Hull objected, not because the step was illegal, but because it would violate the integrity and spirit of the neutrality law. Commented Maritime Commissioner Max O'Rell Truitt. "I don't see any element of a dodge at all; I think it's a completely sound, bona fide situation all around." President Roosevelt finally decided against the transfer, promising to change his mind later if tension eased. Meanwhile, C. I. O.'s maritime union estimated 10,000 U. S. seamen were thrown out of work by the neutrality provision banning nationals from combat zones. (At Washington, the President consulted A. F. of L.'s William Green and C. I. O.'s John Lewis on this problem, also discussing the chances for labor peace.)

Trade with belligerents zoomed. Even Switzerland, minus a navy, chartered two ships. The state department warned shippers to demand cash from their foreign customers, and the cash was apparently forthcoming because Britain's parliament rushed through a billion dollar fund to carry on the war.

Absent were all Supreme court justices, cabinet members, senators and high ranking state department officials. Only China, Turkey and Ecuador sent their diplomats. Only prominent New Dealers: NLRB's Edwin Smith, SEC's Leon Henderson, and Mrs. Thurman Arnold, wife of the assistant attorney general. Most beaming visitors: Hans Thomsen, German charge d'affaires, and his pretty wife, accompanied by four staff members. Next day observers noticed Franklin Roosevelt had sent the U. S. S. R. no message of congratulations.

POLITICS: No Ham, No Eggs

The tumultuous 1930s have brought an unprecedented thirst for security taking form in unorthodox pension schemes. Most schemes were born in California, like Townsendism and EPIC. In November's elections two more panaceas went down to defeat, but there were signs many a politician might follow them.

Ohio's Rev. Herbert S. Bigelow promised to "continue the fight" for his badly snowed-under plan to give all persons over 60 a pension of \$50 a month via state income tax and a levy on real estate.

In California died "ham-and-eggs," the scheme to give \$30 every Thursday to everyone over 50. It even trailed in Los Angeles county, its birthplace. One reason: Gov. Culbert Olson had fought ham-and-eggs by promising "useful and productive employment" to all who wanted it, as a reward for defeating the plan. As pension leaders began a recall move against Mr. Olson, the governor soothed them: "This defeat doesn't mean that California is against the further development of sound social security . . ."

Other results: In New York, voters ignored Mayor Fiorella LaGuardia's protest by legalizing pari-mutuel race betting. Tammany won most local elections, while Republicans won a single upstate congressional race. In Kentucky, New Dealer Keen Johnson succeeded Sen. A. B. Chandler to the governor's chair. In Pennsylvania, Boies Penrose II, a Republican, lost a congressional contest.

AGRICULTURE:

Cotton and Wheat

Three items made news for cotton and wheat farmers as November got underway:

(1) With 10,100,000 bales of surplus cotton stored under government loan, and with an 11,845,000-bale crop (slightly less than 1938) forecast for this year, the agriculture department announced loans based at 8.3 cents a pound on seven-eighths inch middlings would be available to 1939 growers who planted within their acreage allotments. A week earlier the loan program seemed stymied by increased cotton consumption thanks to the war.

(2) The bureau of agricultural economics forecast the same wheat acreage for 1940 as for 1939, i. e., 64,600,000 acres, which would produce about 760,000,000 bushels of spring and winter wheat. But next year's yield will be under par unless unusually favorable weather comes along. Reason: Drouth has already damaged much seeded winter wheat beyond recovery.

(3) Closing its first year, the federal crop insurance corporation was sad. Having taken 6,769,120 bushels of wheat as premiums from 165,551 farmers, the corporation had claims from one-fourth its customers. Indemnities paid, totaling 9,461,730 bushels, brought a loss of about \$1,885,000.

RUSSIA:

Unhappy Birthday

Twenty-two years ago a bloody revolution gave birth to the U. S. S. R. Only a month ago Soviet Premier Viacheslav Molotov showed Russia's strapping maturity by denouncing President Roosevelt's intervention in the Finnish-Russian scrap. When Moscow began its three-day anniversary celebration, Premier Molotov again slapped the

On that same day in Washington, the Soviet embassy decorated Lenin's statue with red roses, assembled Scotch whisky and Russian soda, green sherbet in crushed raspberries, and cakes smothered in rum sauce. Awaiting were the guests to help Charge d'Affaires Dmitri Chuvakhin celebrate. But he was embarrassingly disappointed.

Absent were all Supreme court justices, cabinet members, senators and high ranking state department officials. Only China, Turkey and Ecuador sent their diplomats. Only prominent New Dealers: NLRB's Edwin Smith, SEC's Leon Henderson, and Mrs. Thurman Arnold, wife of the assistant attorney general. Most beaming visitors: Hans Thomsen, German charge d'affaires, and his pretty wife, accompanied by four staff members. Next day observers noticed Franklin Roosevelt had sent the U. S. S. R. no message of congratulations.

POLITICS:

No Ham, No Eggs

The tumultuous 1930s have brought an unprecedented thirst for security taking form in unorthodox pension schemes. Most schemes were born in California, like Townsendism and EPIC. In November's elections two more panaceas went down to defeat, but there were signs many a politician might follow them.

Ohio's Rev. Herbert S. Bigelow promised to "continue the fight" for his badly snowed-under plan to give all persons over 60 a pension of \$50 a month via state income tax and a levy on real estate.

In California died "ham-and-eggs," the scheme to give \$30 every Thursday to everyone over 50. It even trailed in Los Angeles county, its birthplace. One reason: Gov. Culbert Olson had fought ham-and-eggs by promising "useful and productive employment" to all who wanted it, as a reward for defeating the plan. As pension leaders began a recall move against Mr. Olson, the governor soothed them: "This defeat doesn't mean that California is against the further development of sound social security . . ."

Other results: In New York, voters ignored Mayor Fiorella LaGuardia's protest by legalizing pari-mutuel race betting. Tammany won most local elections, while Republicans won a single upstate congressional race. In Kentucky, New Dealer Keen Johnson succeeded Sen. A. B. Chandler to the governor's chair. In Pennsylvania, Boies Penrose II, a Republican, lost a congressional contest.

HAPPY BIRTHDAY!

'Cactus Jack' Comes of Age; May Seek Presidency at 70

November 22 finds John Nance ("Cactus Jack") Garner, most un-Throtlebottomish vice president in U. S. history, celebrating his 70th birthday. The event is significant, because it calls attention to the age of a man who is yet spry enough to be presidential timber next year. Simple, close to common folks, he once said: "I deceive all of them by telling the truth." Immensely popular, he usually gives new congressmen their first lessons in statecraft. Above: Sporting his Texas sombrero, he leaves the White House with Alabama's Rep. William Bankhead and Kentucky's Sen. Alben W. Barkley.

Once a shortstop, baseball is his favorite diversion in Washington. Here he throws out the first ball at the season's start. He's nearly always sunny and unworried, which accounts for his good health.

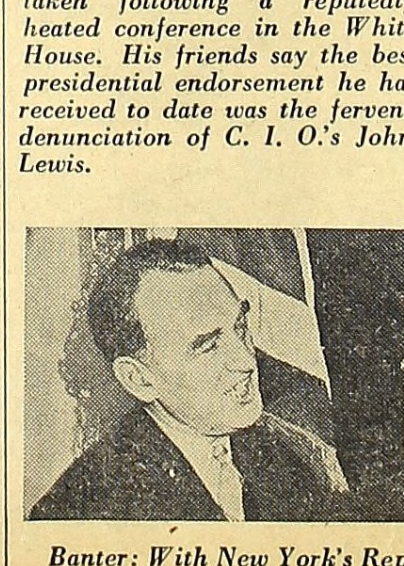

With Mrs. Garner at the one time each year when he dons formal dress—something he dislikes. He's bound for a White House dinner. The Garners retire at 9 p. m., arise at 6 a. m.

Back home in Uvalde, Tex., he loves to hunt and fish with a few old cronies, who probably know the real John Garner better than any of his Washington colleagues. Here he's fishing with Ross Brumfield, who operates a garage when the vice president isn't around.

The above picture may be symbolically significant. Awaiting the President, whose chair is vacant, Garner and Postmaster General James A. Farley drink a toast. Political wisecracks believe these men may get together in opposition to the President next year. But "Cactus Jack" won't talk. He just smokes in silence, as when the picture at right was taken following a reputedly heated conference in the White House. His friends say the best presidential endorsement he has received to date was the fervent denunciation of C. I. O.'s John Lewis.

Lights of New York
by L. L. STEVENSON

Like thousands of others in the city of the seven million, he was only a cog in a big machine. Clerk in a small office. Gray beginning to appear about his temples. His job and pay remained the same while younger men were promoted. Work that should have been done by others was shoved onto his desk. His linen was always neat and clean but he wore his clothes until they were as shiny as glass. Never patronized Tony, the office bootblack, who was supporting a wife and three kids. Avoided stenographers who went around with punchboards. Never took a chance in the office baseball or football pools. Instead of eating with the rest of the gang, he patronized a small cheap place known as the "Greasy Spoon." Just an aging tightwad in a stowaway job where he would potter around until the big boss found out he wasn't worth his pay.

His home was the fourth floor of a walk-up. An old cold-water tenement. No conveniences at all. Neither he nor his wife ever went anywhere. If a play or a movie were under discussion, he kept silent. So far as office associates could determine, the bright lights of Broadway had no attraction for him. All he wanted to do when he was through with his day's work was go home and read. Not the late books. One of the stenogs found that out when she asked him questions about a novel, which had so interested her that she spent her lunch hour poring over the pages. He did his work well. Even the office manager admitted that. But still, such a life! Instead of living in New York he might just as well have been buried out in the sticks somewhere.

The office manager frowned when he came up to him. No doubt he wanted a raise. Everyone who came into the private office wanted a raise. And at the moment, raises weren't in line. The old tightwad sure did have his nerve. But he didn't want a raise. Instead, he wanted to quit—leave right away if possible. The office manager could hardly believe his ears. In the passing years, the old tightwad had become a sort of fixture. But there wasn't any question about his meaning. If necessary, he'd stay the required two weeks. The office manager found it wasn't necessary. But he did shell out two weeks' pay.

City-bred, he didn't know anything about farming. But he did know much about chicken raising. The reason he hadn't had time for diversion of any sort was that there was so much studying to be done. Also saving, that he might purchase that little place upstate on which his wife and he had had their eyes for so long. He had learned in another way also. He hadn't relished the "Greasy Spoon" food. But each day he had met there men who were in the poultry business. So he prospered from the start. And his wife and he agreed that the stars over their little place were far brighter than the lights of Broadway. Those acres were the goal they had set for themselves on their wedding day.

A year passed. They didn't owe a nickel. Their bank book showed a most comfortable balance. There was just one drawback. Doctors couldn't discover why he suffered so severely from asthma. Various pollen tests brought only negative results. He grew more and more ill. So ill that it seemed as if his breath would surely stop, and to get around at all he had to crawl on his hands and knees. Then the doctors sent him to a hospital.

When he came home, he wrote a letter to the office manager inquiring whether his old job was still open. The answer told him he was welcome back at increased pay. Nevertheless, as he read the news, he sighed. He really loved that little place and the freedom that went with it. But it had been found that he was allergic to chicken feathers.

Old Coin of India Found in Rhodesia

SALISBURY, RHODESIA.—A bronze coin, 1,800 years old, which originated in northwest India, has been found by a native of southern Rhodesia.

How it got to Rhodesia is a mystery. The coin was identified by British museum authorities as belonging to the Kusham dynasty of northwest India. One side of the coin shows the image of Kusham, ruler of Havishka, who flourished about 150 A. D.

The coin was bought by a passing motorist from an aged native. So far as is known there are no Indians in the district who could have brought the coin in recent years.

Strange Facts

Jobs vs. Positions
New 'Antiques'
Taps for Evil Spirits

The captain of one New Yorker's private yacht draws a larger salary than the master of the Queen Mary, the colored manager of a Harlem dance hall is paid more than the governor of Pennsylvania, and a Midwesterner received more money as the president of a local musicians' union in 1938, than Mr. Roosevelt received as President of the United States.

For a number of years, at least three-quarters of all 'antiques' imported into this country have been fakes.

More Europeans are employed in a certain large industrial plant in Detroit than there were Americans employed in all the industrial plants in Europe before the outbreak of the present European war.

The three volleys fired into the air at military funerals were originally intended to frighten away evil spirits and, therefore, prevent them from entering the mourners' hearts, which stood ajar at the burial of a comrade.—Collier's.

Pensioners Defeated on 'Ham and,' '50 at 60'

Still smiling are the Allen brothers, Willis (left) and Lawrence (center), promoters of the "ham and eggs" pension plan which proved to be an unpalatable dish for California voters, who emphatically rejected the scheme in a special election. The plan called for the payment of \$30 in warrants every Thursday to each unemployed Californian over 50. Right: Rev. Herbert Bigelow, proponent of Ohio's pension plan, which, like California's, was flatly rejected by voters. Bigelow's plan called for an income of \$50 per month to Ohioans past 60.

Isn't This Why You Are Constipated?

What do you eat for breakfast? Coffee, toast, maybe some eggs? What do you eat for lunch and dinner? White bread, meat, potatoes? It's little wonder you're constipated. You probably don't eat enough "bulk." And "bulk" doesn't mean the amount you eat. It's a kind of food that forms a soft "bulky" mass in the intestines and helps a movement. If this is your trouble, may we suggest a crunchy toasted cereal—Kellogg's All-Bran—for breakfast. All-Bran is a natural food, not a medicine—but it's particularly rich in "bulk." Being so, it can help you not only to get regular but to keep regular. You won't have to endure constipation, you can avoid it. Eat All-Bran daily, drink plenty of water, and life will be brighter for you! Made by Kellogg's in Battle Creek.

MEMORIES OF THANKSGIVING PRICELESS HEIRLOOMS (Recipes Below.)

Cooking the Thanksgiving Dinner

Incredible as it may seem the calendar is bringing Thanksgiving time again and with it comes to every homemaker thoughts for the Thanksgiving menu—plans for its preparation and anticipation of the family's return.

Today, however, I want to reverse this whole situation. I want to suggest to you that enjoyment of your family on Thanksgiving day should be the keynote of every one of the plans that you make for the day. Now that does not mean for one minute that I am suggesting that the Thanksgiving dinner be slighted. I couldn't do that, for who of us for one minute would sacrifice those precious memories of Thanksgiving dinners at grandmothers that are really priceless heirlooms. No, I say—we won't sacrifice the dinner—but we will plan it so that you will be as free as possible on Thanksgiving day so that you too can enjoy the family and let the family enjoy you. A miracle you say? No—not really—just wise planning—plenty of work the day before perhaps—but time—no worry—and an easy dinner on Thanksgiving—and that's worth while isn't it?

How to do it? Well here are my suggestions. First, it is entirely possible to clean, prepare and even stuff the turkey the day before Thanksgiving morning. Then put it on a rack in an open roasting pan and store it in your refrigerator over night. If you have a mechanical refrigerator it will be running of course. If you have an ice refrigerator, be sure to get an ample supply of ice so that your refrigerator can really work for you over this holiday.

Vegetables—salads—relishes, including celery, radish roses, etc., even desserts, one and all can be gotten ready on Wednesday and as I say, then all that remains for Thanksgiving day is just the cooking, the table setting and later the serving of the viands.

Below I am including a number of Thanksgiving recipes which are all planned for just such Thanksgiving ease. And—a happy Thanksgiving to each one of you.

Roast Turkey.

Allow $\frac{3}{4}$ to 1 pound of turkey per person served. Dress, clean, stuff and truss turkey. Brush well with unsalted fat and place on rack in large open roasting pan. (Store over night in refrigerator if desired). Roast in moderate oven (325 degrees) allowing approximately 20 minutes per pound roasting time for a 12-pound turkey, 17 minutes per pound for an 18-pound turkey and 15 minutes per pound for a 22-pound turkey.

Brush with melted butter just before serving.

Dressing for Turkey.

10 cups soft bread crumbs
1 cup butter (melted)
1 tablespoon salt
1 cup chopped parsley
2 tablespoons poultry seasoning
Mix all ingredients thoroughly and use for stuffing the turkey. Note: This amount of dressing is sufficient for a 10-pound turkey. If a larger turkey is to be stuffed the recipe should be increased proportionately.

Giblet Gravy.

Pour off liquid in pan in which turkey has been roasted. From liquid skim off 6 tablespoons fat; return fat to roasting pan and brown with 6 tablespoons flour. Add 3 cups stock in which giblets, neck, and tip of wings have been cooked, or if preferred, 3 cups milk may be substituted instead of the stock. Cook, stirring constantly, until thick; then season to taste with salt and pepper. Add giblets (cut in

small pieces), heat well, and serve hot.

Oranged Sweet Potatoes.

(Serves 6-8)
Parboil 6 medium sweet potatoes, peel and slice lengthwise. (Prepare to this point on Wednesday and store overnight in refrigerator.) Arrange slices in baking dish and sprinkle with $\frac{1}{2}$ cup brown sugar, dot with 2 tablespoons butter and add 1 tablespoon grated orange rind. Pour over this $\frac{1}{2}$ cup orange juice and scatter 2 tablespoons brown sugar and a little paprika over top. Bake covered for 30 minutes in moderately hot oven (375 degrees). Uncover and bake approximately 15 minutes longer.

Creamed Onions With Cream Cheese.

(Serves 6)
2 pounds small white onions
3 tablespoons butter
3 tablespoons flour
2 cups milk
 $\frac{1}{2}$ teaspoon salt
1 block cream cheese
Boil onions until tender in salted water. (This can be done on the day before Thanksgiving and in this way the onions will be all ready for their final baking on Thursday.) Melt butter, add flour and stir thoroughly. Add milk and salt and stir until thick. Then add 1 block of cream cheese broken in small pieces. When blended, pour over onions in a baking casserole. Sprinkle with buttered cracker crumbs and bake in a moderate oven (350 degrees) until crackers are browned. Serve at once.

Cabbage-Pineapple Gelatin Salad.
1 tablespoon unflavored Gelatin
 $\frac{1}{2}$ cup pineapple juice (canned)
1 cup water (boiling)
 $\frac{1}{4}$ teaspoon salt
 $\frac{1}{2}$ tablespoons vinegar
2 cups cabbage (shredded)
1 cup pineapple (diced)
Soak gelatin in the cold pineapple juice. Add to hot water and stir until dissolved. Add salt and vinegar. Chill. Add remaining ingredients and pour into mold. Chill until set.

Pumpkin Pie.
(Makes 2 pies)
3 cups pumpkin
4 eggs
 $\frac{1}{2}$ cups brown sugar
 $\frac{1}{4}$ teaspoon salt
 $\frac{3}{4}$ teaspoon grated nutmeg
 $\frac{3}{4}$ teaspoon ginger
 $\frac{1}{2}$ teaspoon cloves
 $\frac{1}{2}$ teaspoon allspice
 $\frac{1}{2}$ teaspoon cinnamon
 $\frac{4}{2}$ cups milk (scalded)
To cold canned or cooked pumpkin add the eggs (slightly beaten). Blend salt and spices with the brown sugar mixture. Pour into pie plate lined with pastry dough. Bake 10 minutes in a hot oven (450 degrees), or until crust is set. Then reduce heat to a moderate oven (350 degrees), and bake until filling is firm—about 45 minutes. (These too can be baked on the day preceding Thanksgiving.)

Tailored, Practical; Smart and Youthful

IF YOU want a bright new every day dress that's tailored and practical, yet sufficiently youthful and gay so that you'll never tire of it even after constant wear, make it like No. 1850. It buttons down the front, coat style, is dart-fitted at the waistline and trimmed with contrast. If this is your first attempt at home dress-making, it's a simple pattern that goes very quickly and easily. It's especially pretty in plaid wool, velvet or challis.

Smart and Youthful. For large women, No. 1849 has beautifully slenderizing lines, and is expertly designed to give the

round-bosomed, slender-hipped effect that mature figures look best and most youthful in. A good style for card parties and luncheons because all the detailing is on the bodice. The neckline is particularly flattering. This dress makes up smartly in velvet, faille or thin wool.

The Patterns.
No. 1850 is designed for sizes 12, 14, 16, 18, 20 and 40. Size 14 requires $4\frac{1}{2}$ yards of 39-inch material with long sleeves; $4\frac{3}{4}$ yards with short; $\frac{3}{8}$ yard contrast.
No. 1849 is designed for sizes 36, 38, 40, 42, 44, 46, 48, 50 and 52. Size 38 requires $4\frac{7}{8}$ yards of 39-inch material with long sleeves; $4\frac{3}{4}$ yards with three-quarter sleeves; $\frac{3}{4}$ yard ribbon.

The State Tax Commission held a hearing and at 4:10 p. m. the Board was called to order by the Chairman Wm. Hatton, after an address by the Chairman of the State Tax Commission, it was moved by Black, supported by Bellville that the Board adjourn. Motion prevailed.

OCTOBER SESSION

Monday, October 9, 1939
The Board of Supervisors for the county of Iosco met at the Court house in the city of Tawas City, on Monday, the ninth day of October, A. D. 1939, regular October session.

Board called to order at 10:00 a. m. by Chairman Wm. Hatton, who ordered roll call. All Supervisors were present and answered to their names, with the exception of Harry Pelton, of East Tawas.

The Clerk of the Board read a communication from the East Tawas City Clerk authorizing the Board of Supervisors to permit E. F. Siefert to act on the Board in the absence of Harry Pelton, and upon motion by Black, supported by Burgeson and carried E. F. Siefert was given a seat on the Board.

Communications to the Board were read by the Clerk and referred to the proper committees by the Chairman for action.

In conformity with the communication from the State Board of Aeronautics, the Chairman appointed Supervisors Leaf, Burgeson and Siefert to act as the Aeronautics Committee.

The committees were ordered to their respective duties by the chairman, the balance of the Board to be at ease subject to the call of the Chair.

Board called to order at 11:45 a. m. by the Chair, at which time Welfare Administrator Kraus read his annual report, and it was moved by Black, supported by Burgeson and the motion prevailed that the report be accepted and placed on file.

Moved by Burgeson, supported by Cross and the motion prevailed that the Board recess until 1:30 p. m. same day.

Afternoon Session
Board called to order at 1:30 p. m. by the Chairman, who ordered roll call. All supervisors were present and answered to their names.

County Treasurer Grace L. Miller addressed the Board at this time concerning the designation of a County Depository, the purchase of insurance on the court house and buildings, a solution of the problem presented by the hospitalization and care of T. B. cases, and additional clerk hire for the County Treasurer. The first two matters were referred to the Official Bonds Committee, the third to the Welfare Committee and the fourth to the County Officers' Salaries Committee.

The committees were ordered to their respective duties by the Chairman, the balance of the Board to be at ease subject to the call of the Chair, and were called to order again at 3:00 p. m. by the Chairman.

Supervisor Black read the following report of the special committee appointed to investigate the new Welfare Bill and make recommendations:

Tawas City, Mich., Oct. 9, 1939
To the Honorable Board of Supervisors of Iosco County:
Gentlemen:

We, the members of the special committee appointed to investigate the new Welfare Bill and make recommendations, at this session, beg leave to report as follows: Some of the members of this committee attended the State Welfare meeting at Gaylord on the 14th of September, and at the recommendation of Mr. Gries, chairman, of the State Commission, our committee met on the following day, September 15, at the Courthouse and adopted the following resolutions.

Supervisor Black led a discussion pertaining to Welfare Organization. A motion was then made by Supervisor Burgeson and supported by Supervisor Schmalz that appointments be made by acclamation. Motion carried. Moved by Supervisor Anderson and supported by Supervisor Burgeson that John Henry be appointed from the Poor Board as a member of the County Welfare Commission. Motion carried. Moved by Supervisor Cross that nominations be closed and the clerk of this committee cast the unanimous ballot for John Henry. Motion carried. Moved by Supervisor Hennigar, supported by Supervisor Powell, that Edgar Louks be appointed from the present Relief Commission, to the County Social Welfare Commission. Motion carried. Moved by Supervisor Burgeson, supported by Supervisor Cross that nominations be closed and the clerk be instructed to cast the unanimous vote for Edgar Louks. Motion carried. Moved by Supervisor Hennigar and supported by Supervisor Powell, that Willis Kraus be recommended to the State Commission as the State's appointment to the County Relief Commission. Motion carried. Moved by Supervisor Schmalz, supported by Supervisor Burgeson that the rules be suspended and the clerk be instructed to cast the unanimous ballot for Willis Kraus. Motion carried. Moved by Supervisor Hennigar and supported by

Supervisor Hatton that this committee go on record, and do hereby recommend to the State Commission and the Board of Supervisors that the Social Security and direct relief categories be administered by and in one office in this county. Motion carried. Motion duly made and supported that we adjourn. Motion carried.

We, the undersigned members of the Special Committee do hereby submit the foregoing resolutions and recommend the adoption of the same by this Board, and that John Henry and Edgar Louks be duly appointed to the County Social Relief Commission at this time.

Respectfully submitted: Harold Black, H. C. Hennigar, Edward Burgeson, Harry W. Cross, Ferdinand Schmalz, Victor J. Anderson, Horace Powell, Lewis Nunn.

Moved by Black, supported by Cross that the report of the special committee be accepted and adopted. The motion prevailing unanimously, upon a call of the roll, all Supervisors being present and voting.

Probate Judge H. Read Smith addressed the Board at this time concerning the appointment of a County Welfare Agent, and other matters, and these matters were referred to the Finance and Apportionment and Welfare Committees combined. Their respective duties by the Chairman, the balance of the Board to be at ease subject to the call of the Chair, and were called to order again at 5:00 p. m., and it was moved by Laidlaw, supported by Van Patten, and carried that the Board recess until 9:30 a. m. next day.

Tuesday, October 10, 1939
The Board of Supervisors for the county of Iosco met at the Court house in the city of Tawas City, on Tuesday, the tenth day of October, A. D. 1939, in regular October session.

Board called to order at 9:30 a. m. by the Chairman Wm. Hatton, and roll call ordered. All Supervisors were present and answered to their names.

The minutes of the preceding session (10-9-39) were read and approved.

Moved by Van Patten, supported by Black that the terms of office of the members of the County Welfare Relief Commission be set as follows: the first member appointed, John Henry, three years; the second member appointed, Edgar Louks, two years; the third member appointed, Willis Kraus, one year. Motion prevailed.

The Clerk read the following communication:

Tawas City, Mich., Oct. 10, 1939
To the Honorable Board of Supervisors of Iosco County, Michigan: Gentlemen:

I hereby tender my resignation as member of the Iosco County Library Committee, trusting you will consider this act your earliest convenience.

Sincerely, Annabel Davidson.

Moved by Leaf, supported by Nunn that the resignation be accepted and adopted, and that the Chairman appoint a successor. Motion prevailed.

The Chair appointed Margaret E. Worden as the successor of Annabel Davidson.

The Clerk of the Board read the following report of the County Road Commission.

ANNUAL REPORT

October 1, 1939
Honorable Board of Supervisors, Iosco County, Michigan:

Gentlemen:
In accordance with Act 173 of the Public Acts of 1937 we are herewith submitting Annual Report for period ending September 30, 1939.

We wish to express to the members of the Board of Supervisors our appreciation for their cooperation during the past year.

Respectfully submitted, Board of Commissioners of the County of Iosco, Michigan: By Ernest Grego, Chairman; Frank Brown, Member; Elmer Britt, Member.

FOREWORD

Our betterment program this year, as in the past, has been operated as a WPA Project. This done by using the WPA Labor, whenever possible, on the program we planned to do anyway whether WPA was available or not.

Our stone plant has been operating almost every day since early in the summer and we have produced approximately 28,000 cubic yards of crushed limestone.

Our grading and dirt moving outfits have handled, this year nearly 60,000 cubic yards of excavation.

With the close of the season we will have completed about 15 miles of new grade in addition to several pieces improved by the WPA. One of the Bissonette road. That is being widened as a two lane road of boulevard type.

A new road from the Tawas Point road to Tawas Bay has been graded and stoned. This has not been completed. We plan to make a kind of park of this road which is about 100 feet wide at the bay. This is to be covered with clay and seeded and a roadside table put under the trees and a nice fence constructed on each side. Our new garage at Whittemore has been completed. This will facilitate operations and provide storage and it will not be necessary, so often, to bring in expensive equipment to the main garage to repair it or get it out of the weather.

Because of lack of funds it will be possible to improve only a very few miles each year. Assuming this experiment will meet the approval of all concerned. We have planned the black topping of several pieces next year. Our plan includes one mile through the village of Oscoda, on the River road, and one mile on the National City road.

We feel that since a lot of our mail routes have been made passable the year around it is time to start, even tho it has to be on a small scale, conserving the materials we have on our main county roads. Hundreds of thousands of dollars have been invested in this material, which in this county is none too plentiful, and it should be protected from constant destruction by wind and rain, at the same time eliminating dust and salt hazards as well as saving gas for motorists and adding to his pleasure.

In order to do some of this work each year we will not be able to do as much in the way of grading and surfacing as we have done heretofore, but we believe some long range plan of conserving our metal on our main roads is of vital importance.

We are experimenting with two different types of black top. The cost of this work runs between \$1,100.00 and \$1,200.00 per mile in addition to whatever work is necessary to bring the base to proper thickness to receive the surface treatment.

Our bridge work this season consists of two new structures, one a new concrete bridge of 10' span 19 roadway across Cold creek at Rempert's Hill, and a wooden cresote bridge across the East Branch of the Au Gres in Sherman township, a new floor and new steel stringers were placed on the Cold creek bridge in section 29 in Wilber township.

Our improvement program has been delayed considerably this year because of adverse weather conditions and it is possible that we will not be able to complete all of the work planned because reluctance to disturb more clay roadbed than we can cover with stone, however, the uncompleted work on the program will be first to be finished next season.

Very little work has yet been done on streets and alleys in plats outside of incorporated limits. There has been a great demand for such improvement during the past season. This presents a serious problem to the commission because the legislature failed to provide funds for this purpose. To hold up work on mail and bus routes to improve the plat streets does not seem advisable and in addition the McNitt law expressly states that mail routes and the heavily traveled roads shall have preference.

It is possible that long term planning may include some improvement on a few streets in certain plats but since many of these demands are of equal importance and without being unfair to a large number.

Moved by Seifert, supported by Brayman that the report of the County Road Commission be accepted and adopted. Motion prevailed. The clerk read the following report (annual) of County Drain Commission.

To the Board of Supervisors of County of Iosco:

Gentlemen:

In compliance with the provisions of Sec. XI of Chapter II, of Act No. 316, of the Public Acts of 1923, I have the honor to submit my Annual Report as County Drain Commissioner of said county of Iosco covering the period from the first day of October, A. D. 1938, to the first day of October, A. D. 1939.

1. The following drains were left unfinished at the date of my last report—None.

2. The following named drains have been begun, constructed and completed by me during the year, to-wit: By agreement with the owners of property abutting on Indian and Sand lakes, we have had a concrete sluiceway constructed at the outlet of Indian and Round lakes, at a level satisfactory to both the property owners of Indian and Sand lakes. Cost of construction paid for by the parties interested.

3. The following named drains have been begun by me, during the year, and are only partly completed, to-wit: None.

4. The following named drains have been applied for, but not established, during the year, for the reasons given in each instance, to-wit: June 12, 1939 received petition asking for the widening, deepening, straightening or extending and cleaning out the East Branch of the Au Gres river drain. Application was made by Arenac County Road Commission. This being an inter-county drain, at a meeting of the drainage board held in Arenac county, on the 13th day of July, 1939, it was held by said drainage board that said drain work as applied for was not necessary.

On August 5, 1939 I received petition for the cleaning southern end

of Pink drain and extending same east in Whitney A drain, to a sufficient outlet. This being an inter-county drain the drainage board composed of the drain commissioners of the counties of Ogemaw, Arenac and Iosco, with John Hudson, chief of drainage, chairman of said board, met in Whitney township, September 5, 1939 and did find said drain so proposed to be practical, and John Applin, is now making the necessary survey. This application was also made by the Arenac County Road Commission. At this time I would like to bring to your Hon. Board's attention the fact that there are so many persons of the opinion that the county drain commissioner has the authority to clean out creeks, swales or water courses that are not established drains, with WPA labor. For the benefit of those wishing to have this kind of work done the following is a letter from John Hudson, chief of drainage for the state of Michigan. Dear Mr. Schroeder:

We received your letter of January 18, and note that you refer to a letter I wrote to the former Iosco County Drain Commissioner in regard to WPA labor. The proper procedure in all cases is to lay out and establish a drainage district, but in some of the counties of the state of Michigan they have made short cuts to save the expense of advertising and the expense of the board of determination. However, this is not the proper procedure. Where no assessment is contemplated and the release of right of way is secured, the county would not be liable for any damage that might occur in the construction of the drain, but as you state in your letter, the county will have to pay ten per cent towards this work. You would then have to proceed the same as if you were going to let the drain by contract and have an engineer lay out your assessment district. Very truly yours, John Hudson, Chief of Drainage.

Another project that I wish to mention at this time, that is the opening of the outlet of Silver creek into Tawas lake. This creek has lost its course for a distance of about one and one-half miles before it reaches Tawas lake, its outlet, and without a doubt something should be done to relieve the situation there, as the water there lies in the swamp and becomes stagnant before it reaches Tawas lake and therefore is of very little benefit to Tawas lake if any. And some of the farmers living near where this condition exists will be compelled to leave their farms if they do not get relief from the overflow from this creek.

I have talked about the existing condition there with some of the residents and they feel that the cost of drain in the regular way would come too high for them to pay as a large share of the lands in the drainage district would be owned by the government and the state of Michigan.

And I do hereby certify, that the above embraces a full and true report of all the drains constructed,

finished or begun under my supervision, or applied for during the year now ending. All of which is respectfully submitted.

Dated at McVior, Michigan, this twenty-ninth day of September, A. D. 1939.

George W. Schroeder,
County Drain Commissioner of the County of Iosco.

Moved by Cross, supported by Van Patten that the County Drain Commissioner's Annual Report be accepted and adopted. Motion prevailed.

Supervisor Hennigar read the following report of the committee on county's officers' salaries.

Tawas City, October 9, 1939.

To the Honorable Board of Supervisors:

Your committee on county officers' salaries to whom was referred the request of the county treasurer for additional help, which is made necessary by certain new state requirements, have had the same under consideration and recommend that the treasurer be allowed \$15.00 per week for the balance of 1939 for clerk hire.

In making this recommendation the committee understands that the treasurer will keep account of the time spent on tax sale, and such other work for which the county would be entitled to reimbursement by the state.

Respectfully submitted, H. C. Hennigar, Harry Van Patten, E. F. Seifert, H. Klenow, Ferd. Schmalz.

Moved by Hennigar, supported by Leaf that the report of the County Officers' Salaries Committee be accepted and adopted. The motion prevailed unanimously upon roll call all supervisors being present and voting.

Supervisor Powell read the following report of the Judiciary Committee.

Tawas City, Mich., Oct., 10, 1939

To the Honorable Board of Supervisors:

The Judiciary Committee to whom was referred the resignation of Frank Brown, member of the Iosco County Road Commission, recommend that the resignation be accepted.

Committee: Horace Powell, Chairman; H. Klenow, James MacGillivray.

Moved by Powell, supported by Klenow that the report of the Judiciary Committee be accepted and

Bellville and the motion prevailed that the board recess until 9:30 A. M. next day.

Wednesday, October 11, 1939

The Board of Supervisors for the county of Iosco met at the Court house in the city of Tawas City, on Wednesday, the eleventh day of October, A. D. 1939, in regular October session, continued.

Board called to order at 9:30 A. M. by the Chairman, Wm. Hutton, and roll call ordered. All supervisors were present and answered to their names.

The minutes of the preceding session (10-10-39) were read and approved.

The clerk of the board read the following report and order of the State Tax Commission:

County of Iosco	ss
At a meeting of the Commissioners of the State Tax Commission held in the County Building in the County of Iosco, on Monday, the 2nd day of October, A. D. 1939. Present: Chairman Melville B. McPherson, Commissioner John W. Libcke and Commissioner Alven E. Richards.	

On reading and filing the petition of Victor J. Anderson, Supervisor of Alabaster township, County of Iosco, praying for a review of the equalization of the assessed valuations of the several assessing districts in said county of Iosco for the year 1939 as made by the board of supervisors of said county, and for an adjustment and revision of said equalization; and after hearing all testimony offered for and against said petition and after considering all information in their possession relative to said equalization, the said commissioners of the state tax commission decide that the valuations of said county of Iosco have been improperly equalized by said board of supervisors for the year 1939.

Now therefore, it is hereby ordered that said board of supervisors shall apportion the county taxes to the several townships and cities, in said county of Iosco, in accordance with the following equalization made by said commissioners of the state tax commission, to-wit:

Moved by Anderson, supported by Nunn that the matter of the appointment of a County Road Commissioner be made a matter of special business tomorrow, October 11, 1939, at 2:00 P. M. Motion prevailed.

Supervisor Hennigar read the following report of the committee appointed to attend the meeting of the State Association of Supervisors at Cheboygan on July 25, 26 and 27:

To the Honorable Board of Supervisors:

Your committee appointed to attend the meeting of the State Association of Supervisors at Cheboygan on July 25, 26 and 27 begs leave to report as follows: The meeting was called for the purpose of discussing the new welfare law and the powers and duties of the Board of Supervisors under the Act. The various sections of the act were explained by members of the State Social Welfare Commission, members of the legal division of the commission, representatives of the Attorney General's Department, and various other state officers. An opportunity was given to delegates to ask questions of any speaker and in this way considerable information was obtained which will be of value in setting up an organization for dispensing relief in this county.

Respectfully submitted: H. C. Hennigar, Theo. Bellville, Wm. Hutton.

Moved by Hennigar, supported by Bellville, that the report of the special committee be accepted and adopted. Upon roll call the motion prevailed unanimously, all supervisors being present and voting.

Upon motion duly made and supported, the board recessed until 1:30 P. M. same day.

Afternoon Session

Board called to order at 1:30 P. M. by the Chairman, and roll call ordered. All supervisors were present and answered to their names.

County School Commissioner Russell Rollin presented his department budget to the board at this time and it was turned over to the Finance and Apportionment Committee for consideration.

The Committees were ordered to their respective duties by the Chairman, the balance of the Board to be at ease subject to the call of the Chair, and were called to order at 2:00 P. M.

N. C. Hartingh addressed the board, presenting the bill of the Michigan Children's Aid Society for services rendered. The bill was referred to Committee on Claims and Accounts Number One.

Dr. Sue Thompson of the District Health Unit No. 2 addresses the board at this time, and it was moved by Leaf, supported by MacGillivray that the board appropriate 10 cents per capita or \$751.00 to the District Health Unit No. 2 at West Branch, in conformity with the request of Dr. Sue Thompson. The motion prevailed unanimously upon roll call, all supervisors being present and voting.

The committees were ordered to their respective duties by the Chairman, the balance of the board to be at ease subject to the call of the Chair, and were called to order at 5:00 P. M. by the Chair.

The Big Kick's in Not Being Rich

YES, it's nice to have a lot of money to spend. But don't forget there's also plenty of fun to be had "on the way up" to affluence.

There's the satisfaction of achieving something better than you're used to—stepping up, for instance, to this smart, swift, solid Buick after you've been driving run-of-the-mill cars.

Just you feel the silk-smooth surge of its great 107 horsepower micropoise-balanced straight-eight engine — and you know that all that went before was only preliminary to this big thrill.

You flip the firm, easy gearshift—and the click of its action under your hands says

HOUSEHOLD QUESTIONS

New Hot-Water Bottle.—Add a teaspoonful of glycerine to the hot water when filling a new rubber hot-water bottle for the first time.

When Glass Breaks.—A handful of moistened absorbent cotton will pick up bits of broken glass without endangering the fingers.

Care of Electric Cord.—Don't twist, bend or tie the so-called cord attached to your electric iron. It is not a cord, but two bundles of wires.

Removing Odors.—Odors can be removed from bottles by rinsing with cold water to which a little dry mustard is added.

Using Celery Tops.—Celery tops dried in the oven and then rubbed through the fingers to a powder, make an excellent flavoring for soups and stews.

Topping for Pork Roast.—For a tasty topping for that pork loin roast: when the roast is nearly cooked, spread generously with applesauce mixed with brown sugar and a little cinnamon and clove, then brown until a slight crust is formed.

Restoring Leather Bindings.—Equal parts of milk and white of egg beaten together will freshen leather bindings. Rub on gently with old flannel. Polish with an old silk handkerchief.

House Plant.—The philodendron or devil's try is a fast grower and is a most satisfactory plant to grow in vases on a mantel.

Stuff Fowl Loosely.—Stuffings in fowl or fish should not be packed too tightly because they expand considerably while baking.

Dr. Pierce's Pleasant Pellets are an effective laxative. Sugar coated. Children like them. Buy now!—Adv.

CHAPTER XIV—Continued

"My dear child," Mrs. Follette said, "have lunch with me. Mary has baked fresh bread, and we'll have it with your berries, and some Dutch cheese and cream."

"Oh, of Mr. Towne's big house, and—I think I'm a little bit afraid of him, too, Mrs. Follette."

"I looked well in pink," said Mrs. Follette, thoughtfully, "but the best picture that was ever done of me is a miniature that Evans has."

Jane passed her on the stairs, and was back again in a moment with the medicine, a spoon, and a glass of water. With her arm around the elder woman she held her until the color returned to her cheeks.

"Let me help you to your room," Jane said, "and you can lie on the couch—and be quiet—"

Jane crossed the hall to Evans' room. It faced south and was big and square. It had the same studied bareness that made the rest of the house beautiful.

the east window which overlooked Sherwood. It was a mahogany desk of the secretary type, and there was nothing about it to drain the color from Jane's cheeks, to send her hand to her heart.

Since her return from Chicago she had not been able to find it. Baldy had complained, "Sophy must have taken it home with her."

"I hope it won't rain," Edith said.

Edith was frank. "I should hate her. And so would he in a month. She's artificial, and you are so adorably natural, Jane."

Edith was frank. "I should hate her. And so would he in a month. She's artificial, and you are so adorably natural, Jane."

They were in Mrs. Follette's room. She had told her son about her heart attack, and he had been anxious. But she had been quite herself after and had made light of it.

CHAPTER XV

Lucy was still to Eloise Harper the stenographer of Frederick Towne. Out of place, of course, in this fine country house, with its formal gardens, its great stables, its retinue of servants.

"What do you do with yourselves?" she asked her hostess, as she came down, ready for dinner, in revealing apricot draperies and found Lucy crisp in white organdie with a band of black velvet around her throat.

They fed the pigs, it seemed, actually. "Of course not the big ones. But the little ones have their bottles. There are ten and their mother died. You should see Del and me. He carries the bottle in a metal holder—round,"—Lucy's hand described the shape,—"

tered her weak husband beyond anything he had ever known in his drifting days of bachelorhood.

Delafeld, coming up, said, "They are Lucy's roses, but she says I am to do the work."

"Think of this," said Jane, "and Lucy's days at the office."

"I believe it. With a cottage, one pig, and a rose-bush, they would find bliss. It is like that with them."

"Do you know," Jane's voice was also lowered, "when I look at her, I feel that it is she who should marry your uncle."

"What do you mean?"

"Baldy can't be here until tomorrow noon. He had to be in the office."

people uncomfortable. She was uncomfortable herself. Jane, in billowing heavenly blue with rose ribbons floating at her girdle, was her youth that had attracted Towne.

Adelaide sat in a big chair with a back like a spreading fan; she was stately, and knew it, but she would have exchanged at the moment every classic line for the effect that Jane gave of unpremeditated grace and beauty.

Adelaide did not love the wind. It ruffled her hair. She felt spitefully ready to hurt Jane.

"But my dear, it is so very formal. And you are going to marry him."

"Who told you?"

"What are you going to do with yourself in the meantime, Edith?" Adelaide was in a mood to make

WARNINGS AND PROMISES

LESSON TEXT—Matthew 7:1-14. GOLDEN TEXT—And as ye would that men should do to you, do ye also to them likewise.—Luke 6:31.

"How to Win Friends and Influence People" may be worthwhile to study, unless it is done from a purely selfish desire to be popular so that one may make more money and get on in the world.

I. Avoid Judgment (vv. 1-5). By not judging others censoriously we escape such judgment of ourselves both by God and by our fellow man.

II. Be Reverent (v. 6). While we are not to judge others, we are not to go to the opposite extreme of being so lenient in our attitude that we permit ungodly men to profane and trample down sacred things.

III. Pray in Faith (vv. 7-11). Here is a straightforward promise from the lips of our Lord Himself, assuring us that prayer will be answered. It seems that He must have foreknown that some would feel that the promise was too good to be true, so He stated it in three-fold form and repeated it twice.

IV. Walk in the Narrow Way (vv. 13, 14). The road to heaven is really the fulfillment of the law and the prophets, but in the light of Christ's glory it is also a great principle of Christian love and consideration.

V. Full of Grace I will neither be content with that measure of grace I have, nor impatient of God's delay; but every day I will endeavor to have one drop added to the rest; so my last day shall fill up my vessel to the brim.—Joseph Hall.

The health meeting at Grant town hall on Monday was very good and all ladies should attend these meetings and the worthwhile pictures. We hope to see ladies present from all over the county next Monday afternoon at two o'clock.

Victor Herriman is driving a new Plymouth car.

Harvey McElvor was called back to Detroit to work.

Mr. and Mrs. Fisher, of Detroit, spent the week end here with their daughter, Mrs. H. McElvor.

Mrs. Raoul Herman and daughter, of Oscoda, spent a few days with her sister, Mrs. Russell Binder.

Mrs. Etta Frockins, of Flint, was called here by the illness of her sister, Mrs. L. D. Watts.

Miss June Erwin, of Flint, is spending some time with her grandparents, Mr. and Mrs. L. D. Watts.

Mr. and Mrs. Howard Herriman returned home on Thursday evening of last week after a three weeks' visit in Philadelphia and other points.

Mrs. Chas. McLean, of Tawas City called on her sister, Mrs. Victor Herriman, the past week.

Mr. and Mrs. Will White and daughter, Vernita, of Reno, were Sunday guests of Mr. and Mrs. Russell Binder.

On Wednesday evening of last week Greenwood Grange entertained 85 Grangers from five localities. A program was presented by each of the five units. Mr. Finley gave a talk after which a bountiful lunch was served. It was decided to hold a joint meeting each month during the winter. The next meeting will be held with the Wilber Grange December 15 with a pot luck lunch. Hopes are for a good attendance.

LOWER HEMLOCK

Mrs. Martin B. Long returned last week from a two weeks' visit with relatives in Flint and Detroit.

Mr. and Mrs. Wilfred Young entertained Mr. and Mrs. Raymond Warner, Mr. and Mrs. John McArdle and Mr. and Mrs. Clarence Curry at a semi o'clock dinner. The occasion being Wilfred's birthday.

The Ladies Aid met at the home of Mrs. Grace Long. About 23 ladies being present. After the business session a delicious lunch was served by the hostess.

Archie Graham and John McArdle left Tuesday for their hunting camp near Curran where they expect to get their buck. Good luck boys!

"How Life Begins" will be the subject of the meeting of the health class Monday at two o'clock at the Grant Township hall. A lecture will be given by Dr. Emily Ripka of the Michigan Department of Health. It will be illustrated by motion pictures on prenatal care.

Mrs. P. L. Owens and daughter, Janice, and Mrs. Jas. Queen, of Detroit, spent a few days at the F. J. Long home. Mrs. Long and daughter, Grace, returned with them for a week's visit.

Rudolph Schenkel and family, who have been farming the Alstrom place for the past several years, disposed of their farm stock and machinery at an auction sale Tuesday of this week. They will make their home at Drayton Plains, Michigan. We wish them good luck in their new home.

Mr. and Mrs. Gene Smith, who recently returned from New York and have spent the past two weeks with her parents, Mr. and Mrs. Waldo Curry, have gone to the Oasis which they will operate this winter.

Mrs. Joy Warner returned Saturday from a week's vacation in Detroit.

Wilber

Mr. and Mrs. Allen Schreiber and daughter, of Pontiac, spent the week end here.

Howard Gilleland, of Pontiac, is here for the hunting season.

Miss Helen Randall, of Five Channels, spent Monday evening with Miss Inez Simmons.

School Notes

HIGH SCHOOL

The botany class is making a study of the history and production of alfalfa. One important factor is why the variegated variety of the crop is more suitable for this section of the United States than the common alfalfa.

Monday, the Sophomores handed in their original short plays which they enact during their class period. The Latin students are learning the subjunctive mood which is used very often in the Latin language.

To learn the possessives is the goal the English III class are working for this year.

The Freshman find "Treasure Island" so interesting that they read their lessons before they are assigned.

The guidance class is reviewing an article this week from "The Educational Digest." This article, "The Menace of Commercialized Guidance," was written by the Dean of the School of Education of Boston University. It gives some practical advice in regard to the dangers of high school graduates being duped by quack guidance bureaus, which have turned a human service into a racket.

SEVENTH and EIGHTH GRADES
The seventh and eighth grade girls were asked to join the Girls Club. These are the girls names who joined: Gay Young, Lucille Malcolm, Ardith Lake, Marion Bing, Donna Moore, Maxine DePotty, Lou Libka and Evelyn Colby.

The eighth grade civics class had a test. As yet we don't know the scores.

We are receiving the "Current Events" weekly. This paper will keep us informed of world news.

Agnes Toms has returned to school after her absence because of a sore throat.

There was a tie between Miss Warden's room and ours at P.-T. A. Thursday evening, each room having eleven parents present. Just who will receive the book has not been decided.

FIFTH and SIXTH GRADES
Books entitled "Facts First" and "Uncle Arthur's Bedtime Stories" have been added to our library.

Dearborne arithmetic tests were given in the room last Friday. Beverly Bigelow, Betty LaReau, Ruth Ullman and Jean Pfeifer were high in the sixth grade and Margaret Christopher and Janet Musolf were high in the fifth grade.

THIRD and FOURTH GRADES
The fourth graders have begun the making of geography notebooks. The first picture is one of an Eskimo throwing a harpoon. We plan to write stories about him.

Last week we made Thanksgiving window decorations of Pilgrim boys, turkeys and horns of plenty. Yesterday we put them on the windows and were very pleased with the results.

PRIMARY

The second grade are getting ready for their first test in their arithmetic workbooks.

Betty Jean Lossing, one of our beginners, is ill with the mumps. We hope she will be back soon.

The beginners are learning a Thanksgiving poem.

outfits of hunting equipment, blankets and clothing. Deiteile was attired in his pajamas when he appeared at the State Police post. In addition to his outfit Cooper lost a wallet containing about \$50.00 which he had saved for this hunting trip.

Wesley Groff appeared a little before ten o'clock Wednesday morning at the G. H. Q. service station. He was pretty well disgusted. "How long is it going to take that boy to get a deer," he grumbled. "Here it is ten o'clock and—" but just at that minute Bill drove into the yard with a buck on his running board. Bill usually gets in with his venison by nine o'clock and his father could well grumble at this belated return from the woods.

Dr. John LeClair has been searching for a good rack of antlers for the past two years. Last year he passed up several excellent shots before seeing a deer with the highly desired set of horns. He brought it down with the first shot, but, the beautiful antlers he had seen proved to be the branches of a shrub behind the buck at which he was shooting. The horns on his spike horn were just long enough to pass the legal limit. Tree branches and shrubs are a mental hazard for the doctor this season for he is still intent on getting that rack of antlers.
