

Swashbuckling General Cries

Photo shows that even Gen. George S. ("Blood and Guts") Patton may be overcome. At a reception given in his honor in Boston, at which time honor after honor was heaped upon him, General Patton responded with praises for his men and ended with: "We thank God such men were born, I can't say any more." At this point the photo was taken.

Twenty-Four Planes—25 Minutes

These marine pilots made aviation history off Okinawa by knocking down 24 Jap planes in 25 minutes. L. to R. in rear are: Maj. G. Axtell, Laguna Beach, Calif.; Col. W. E. Dickey, Du Bois, Pa.; Maj. J. Dorrah, Hood River, Ore.; Lt. E. Abner, Washington. Front row (L. to R.): Lt. W. L. Hood, Benton Harbor, Mich.; Lt. J. J. O'Keefe, Biloxi, Miss.; Lt. N. T. Theriault, Milford, Mass.; and Lt. C. Allen, Fort Worth.

Sketch of Jap Balloon and Bombs

Artist's sketch of the balloon, with bombs, which the Japanese are launching from their home islands against continental United States.

Big Four at Berlin Conference

Representing the Big Four at the Berlin conference, where the pact granting the Allies full supremacy over Germany was signed, are, left to right: Field Marshal Sir Bernard L. Montgomery, General of the Army Dwight D. Eisenhower, Marshal Gregory K. Zhukov and Gen. Jean De Lattre De Tassigny. They will be in charge of occupied Germany.

New One-Man Army

Pfc. Clarence Craft, Santa Anita, Calif., is credited with killing more than 30 Japs in a spectacular, and almost single-handed, rifle and grenade fight. He was exposed to enemy action during the entire time. It was his first time in battle.

Most Decorated G.I.

First Lt. Audie L. Murphy, Farmersville, Texas, is the most decorated American soldier. He has every decoration for bravery save the Legion of Merit. Murphy won the Congressional Medal of Honor by beating off 250 Germans and six tanks at Colmar.

First Postwar Cars

The first photos of 1946 postwar cars to be received shows, top: the 1946 Nash "600" passenger automobile. Lower, the "handmade" Ford passenger, to be known as the 1946 model. Motorists may have to wait from one to two years for these.

Propeller Cuts Jap

Marine 1st Lt. Robert Klingman, Binger, Okla., who knocked down a Jap plane at 43,000 feet by using his propeller as a carving knife. His guns had frozen because of cold.

Returns From a German Prison Grave to Health

You would never think that Pvt. Joseph Demler of Fredonia, Wis., shown above as he appears (left) at the Kennedy General hospital in Memphis, was the same man who is shown at right, a bag of bones, as U. S. troops found him when they captured a German prison camp where he was held. He weighed 70 pounds on March 29, 1945. On June 7 he weighed 124 pounds. He was fed a planned starvation diet while a prisoner.

Drums Furnish Home and Industrial Convenience

How empty oil drums are being used in the Pacific area is shown by these photos. Left, the drums were used in asphalt plant, as stacks, etc. Center, household use, wash sinks made from drums. Upper right, view of one of the oil drum farms. Lower right, used for barbecue. Other uses include bomb shelters, gateway arches, legs for water tanks, incinerators, sewer pipes and reflectors on light poles.

Coaches One-Armed Ball Players

Amputees at the Walter Reed hospital, Washington, watch Pete Gray, one-armed ball player of the St. Louis Browns, demonstrate how he can catch a ball, shake off his glove and throw the ball with the greatest of ease. Left to right are: Pvt. Steve Lawrence, T/5 Anthony Motyka, Pfc. Peter Brennan, Sgt. John Gallagher and Cpl. Harry Waters.

New Veterans' Head

Gen. Omar Bradley appointed head of the veterans' administration. "If I had a son I would like him to go to Bradley or Ike for advice," the late Ernie Pyle once said. Servicemen are backing the choice.

Army's Experimental Helicopter

What the helicopter of tomorrow may look like is pictured by this new army model. Seen in flight in Upper Darby, Pa., it looks like a giant bumble bee with its stubby fuselage. The craft is an experimental model and has been undergoing tests since August, 1944. Early tests indicate that it has merits not found in previous models.

Nelson Wins Again

Washington, D. C.

POULTRY BLACK MARKET.

WASHINGTON. — The black market in eggs and poultry is so bad that the War Food administration is seriously considering the freezing of all eggs in storage. Meanwhile J. Edgar Hoover's G-men have been quietly probing the poultry black market in the Delaware-Maryland area with startling results. Their findings will reach high into Delaware state politics and perhaps into the Washington headquarters of the War Food administration and OPA.

Already Clifford Shedd, Delaware WFA official, has lost the authority to release poultry for civilian consumption from the army's set-aside, but his chief in Washington, Gordon Sprague, says he is taking full authority for anything that might be found wrong with Shedd's administration. Sprague has taken over direct charge of all poultry releases, but claims that he knows of no irregular action by Shedd.

Meanwhile, black market operations along both the West and the East coast are so serious that legitimate poultry and egg dealers are being forced out of business. The situation in New England, New Jersey and North Carolina is especially bad.

Tim Stitts of the War Food administration told Congressman Anderson's food committee that OPA should suspend all price ceilings on eggs in an effort to channel eggs back into the legitimate market. This immediately caused dealers to hold onto their eggs for a price rise.

But what they did not know is that Stitts has not requested OPA to suspend or even raise the price ceiling on eggs. OPA, under the price control act, cannot raise these ceilings without formal request from the War Food administration, and this request has never been made.

Finally, the WFA may be forced to freeze all eggs in storage, permitting the army to take what it wants of them and release the rest for civilian market. Hundreds of thousands of cases of eggs are in private storage this year while their owners play for an eventual price rise. The black market on those eggs which do not go into storage is so bad that while creameries in Minnesota cannot get eggs, eggs from Minnesota farms are going via illegal channels as far as New York City.

U. S. PRESTIGE ABROAD
Hardboiled Republican Congressman Everett Dirksen of Illinois had a secret meeting with his GOP colleagues in a house lobby the other day following his 30,000-mile trip around the world. He gave them plenty of food for thought. Among other things, Dirksen said:

"Here's something you fellows may not agree with, but I want to tell you that the OWI (Office of War Information) is doing a great job for us abroad.

"I went into Turkey where 83 per cent of the pictures in the Turkish newspapers and 40 per cent of the lineage is supplied them by the OWI. In other words, they are telling the Turks what this country is like—selling the United States to Turkey.

"They're doing a great job and if it wasn't for OWI, American prestige wouldn't be half as high as it is today.

"In India, for instance, I met with a group of political leaders who began asking me about the Tennessee Valley Authority. I was surprised that they would know anything about it, and asked them how it happened; they replied that they had seen an OWI film showing TVA.

"I came to the conclusion," Dirksen said, "that OWI is something we've got to keep after the war."

RUSSIAN RELATIONSHIPS
Unless something unforeseen happens to upset it, Harry Hopkins has won a resounding victory for improved relations with Russia by ironing out the main points of the Polish dispute.

The agreement, hammered out in several intimate talks between Hopkins and Stalin, provided for an immediate meeting by three groups of Polish leaders in Moscow to set up a new Polish government representing all factions. This will include ex-Premier Mikolajczyk of the London government, who has been kept closely informed of all phases of the Kremlin discussions and has approved them.

CAPITAL TALK
Chicago's Mayor Ed Kelly still runs the most impressive servicemen's center in the world, has taken care of more than 15,000,000 G.I. visitors and served them more than 3,000,000 meals.

The state and interior departments both have their eyes on the Philippines. State's budget carries a salary allowance for a U. S. ambassador to the Philippines. Interior's budget carries a salary for a high commissioner. If there is independence, there will be an ambassador; if not, a commissioner.

YEARS OF PROVED PERFORMANCE

CAUTION:
JOHN DEERE TRACTOR OWNERS

You have a power farming unit second to none-- built to give you years of economical and satisfactory service.

Your tractor is provided with an oil filter--a safeguard which has been exhaustively tested by the John Deere engineering department and approved as the best for your tractor. Don't take chances and accept substitutes. And don't be fooled by the oil filter that may take out oil discolorations because it may leave in harmful abrasives that play havoc with bearings and other working parts. Remember, clear oil is not always clean oil. The genuine John Deere Purolator, built to factory specifications, will filter out abrasive particles in your John Deere Tractor better than any other filter element.

Don't gamble with your John Deere tractor investment-- get a supply of genuine John Deere Purolators today and use nothing else in your tractor. It's the economic thing to do.

Most Mammals Color-Blind
It is not true, says Author Roy Chapman Andrews, that bulls get mad when they see red--all mammals except monkeys and men are color-blind. Many animals can be taught to detect slight differences of shade, but when variously colored disks emitting the same intensity of light are presented, the animals are baffled. Thus a dog sees the world, including his master, in various shades of gray, as in a photograph. But birds, fish and insects can distinguish colors.

WAR LOAN

Bonds Over America

TENNESSEE'S CAPITOL
America's devotion to freedom, which the purchase of War Bonds directly helps to maintain, nowhere has a more exemplary shrine than the State Capitol at Nashville. The \$1,500,000 building memorializes years of struggles of sturdy folk. Tennessee's first Legislature met at Kingston and adjourned to Knoxville. Later it met at Nashville and Murfreesboro. Nashville became the permanent capital and the cornerstone of the present building was laid in 1845. It took 14 years to complete. The same love of freedom that inspired those early legislators in selecting a seat of government motivates the state's 186,000 men now in the U. S. armed forces.
