

TAWAS CITY

Tawas City One Game Down on League Leaders

Win From Whittemore In Last Sunday's 13 to 5 Game

Tawas City kept on their victory march with a 13 to 5 win over Whittemore last Sunday. Until the fifth, when Tawas staged their big uprising, it was an even battle with the locals holding a slim 3 to 2 lead.

Bill Mallon went the distance for Tawas, allowing seven hits, striking out eleven and walked three. Clare Herriman started for Whittemore and held the Tawas boys in check the first five innings, allowed five hits, one in each inning, two runs and struck out four. In the sixth the locals got to him for five hits and five runs, and he was then replaced by Barr. Tawas got their remaining four runs in the eighth, on three hits.

The Tawas City team continued to hold up their 300 team batting average, slugging out thirteen hits against Whittemore. Bill Mallon, besides pitching his usual fine game, lofted a home run over the left field fence and two singles for three hits in five times at bat. Katterman, Groff and Landon hit safely twice, with one of Landon's hits a double. Clare Herriman was the big gun of the Whittemore attack, with three bingos, a double and two singles. Kohn was the only other Whittemore player to hit safely more than once, with a pair of singles.

This Sunday, August 15, Tawas City will play at Prescott. Why not drive over Sunday afternoon, support the home team in their pennant drive.

Tawas City now stands second in the standings, with West Branch on top, one game ahead. Tawas City has only two more home games. Following is the schedule for the remaining games of the season. August 15, Prescott, there; August 22, Turner, here; August 29, West Branch, there; September 5, Alabaster, here; and September 12, Au Gres, there.

All Stars Defeated Twice During Week

The Gingerich All-Stars were defeated twice during the week by Sand Lake teams. Sunday, by the score of 15 to 11, and Tuesday, a 5 to 4 thriller.

Sunday's contest found the All-Stars facing overwhelming odds, as every player was no less than 18 years of age. George Migrants collected four out of five for Tawas, while Sanders had three for four, for Sand Lake.

Tuesday's game was a thriller, with Hill pitching for Tawas against Weber, for Sand Lake. Hill allowed only four solid hits, and three bunt singles, but costly miscues, spelled the difference between a win and loss. Don Westcott doubled three times and Don Pfeiffer had three singles to lead the All-Stars at bat. Driver singled twice for Sand Lake.

For some real fast action come out Sunday and see what the boys have been doing this summer, as well as part of the program to show better sportsmanship and combat juvenile delinquency in Tawas City.

ANNIVERSARY - AND PEACE

Construction Nearly Completed

New Log Office of Tawas Chamber of Commerce nears completion. Dedication will be announced soon.

Military Rites Given for William Goupil

Whittemore Man Gave Life in Normandy Invasion

Memorial services for William Goupil of Whittemore, who was killed July 29, 1944, in action in Normandy, were held Tuesday morning from St. James Catholic church at Whittemore. Rev. Glenn Gackstetter officiated. Military rites were given by Isoco Post, Veterans of Foreign Wars.

He was one of the first of Isoco county men to give their lives in the service of their country during World War II.

Born at Whittemore he attended the public schools there. He was interested in baseball and was well known throughout this community. For about a year previous to entering the service he had been employed at Detroit.

After induction he spent several months at Camp Grant and was sent overseas during April of 1944.

4-H Camp Established In Ogemaw

A tri-county 4-H camp has been established at Hardwood Lake in Ogemaw county. The participating counties are Isoco, Ogemaw and Arenac. Many agencies have made substantial contributions to the camp and have cooperated with the County Agricultural Agents; Ralph Coulter, Paul Pennock and Harold R. Clark and Club Agent, Alfred Hakola, in establishing a recreational camp of high rating.

A four day district camp will be held August 8 through 11. Isoco 4-H members attending are as follows: Boys; Orville Revord, Freddy Revord, George Smith, Norman Travis, Jerry McKenzie, Earl Edmonds, Ronald Norris, Bib Wiltse, Billy Gay, Girls; Patricia Bohl, Verda Sheffer, Ilene Ward, Shirley McKenzie, Florence Fraser, Dolores Cron, Beverly Pringle, Dolores Abbott, Bertha Johnson, Kay Soucie, Eva Welch, Elaine Farrand, Lorraine Kysch, Rebecca Moehring, Nellie Kysch, Rebecca Webb, Barbara Huber, Dorothy Ostrander.

CRACKED WHEAT FOR SALE—Good poultry feed. Robert Oates, 33-1b Alabaster.

PROCLAIMS V-J DAY

Early this week Governor Sigler issued a proclamation dedicating Saturday, August 14 as a day of solemnity in observance of the third anniversary of V-J Day. Special church services were urged and the citizens of Michigan were called upon to observe the day with solemn remembrance.

First Extension Course Meeting to be Held August 31

The first meeting of the fall Extension Class will be held in the Courthouse on August 31, at 4:00 p. m. W. C. Smith and J. D. Marcus will be at this first meeting and the class will be organized by them. We expect everyone who intends to take the course, to attend this organization meeting. Several new rules have been made, among them one pertaining to attendance at the first meeting. It is also a rule all the state teacher's colleges that a good sized down payment be made at the time of the organization.

Central Michigan College is again very anxious to cooperate with all of you in doing our part to supply you with instruction in order that you may fulfill standards for certification and in order that we may do our bit in helping to make the schools of the state of Michigan better. We hope that we are in position to be of service to you and we are looking forward to seeing you on the above date.

Office of Russell A. Rollin.

Garden Club Has Interesting Meeting

Last Monday the Garden Club of East Tawas met at the home of Mrs. Frank Wilkusi. Assisting hostess was Mrs. J. Butler. The ladies enjoyed a fine program on "Continual Bloom in our Gardens." Mrs. Wilkusi and Mrs. Butler were the speakers. After the program a luncheon was served by the hostesses.

Mrs. Lillian Dimmick was honored at the luncheon, the occasion being her eightieth birthday anniversary. A tiered birthday cake decorated with candles was a feature of the lunch. Mrs. C. J. Creaser presided at the table.

A Busy Day for Field Secretary

BY CHARLES HAMILTON
Field Secretary

The Press has been very kind in informing the public of the progress of the Memorial Hospital idea from the time when it was a mere dream until now—when it looms as an absolute certainty.

Not too many have any idea of the amount of energy that has been expended by those who conceived the idea and are still plugging away to the end that a hospital will actually be built.

Today, Monday, my first job was to address the Consumers Power Company employees before they started their day's work. The group numbered approximately fifty and the place of meeting was a store room that would ordinarily hold about half that number. It was the best place that could be found so each man did his best to make the event a pleasant one. The men were attentive, courteous and some of them had already signed the slip agreeing to support it financially before I left. Whatever the final result will be, this was a fine group of men. Mr. Jerome did all he could to help sell the idea and the various foremen as well as the men themselves aided in making the meeting a pleasant one.

Later 24 of the distribution construction and maintenance crew of the Consumers Power Company signed up to financially aid to the hospital. Twenty-nine of the 34 man crew were present at the meeting.

From this meeting I went to Hale and "nosed" around until I met the Adjutant of the American Legion post there. I explained to him the hospital set-up and urged that the Legion post there adopt it as a project and spark-plug the "Drive" there. He invited me to return this Wednesday evening to meet the Executive committee of the Legion and that invitation was gladly accepted.

From there I went to Whittemore and repeated the performance. No date was set there for my return but they will contact me when they lay their plans. While in Whittemore I made several other calls on men I know in the community.

These calls were my first in out-county towns. I was more than pleased at the way they have been following the project. All of those contacted admitted that the Hospital is a fine thing for this area."

I returned from Whittemore and met with the employees of Wm. Look in his garage and gave them the facts about the project which everyone wants to know who subscribes.

I had then a short conference with "Shorty" Ketcherside who is one of the hospital's most enthusiastic supporters—not with words only, but with financial support. "Shorty" is again on the prowl for the hospital with a project which is bound to add financially to the "Pot."

Returning to our office I called the Secretary of the Bay City Consistory, Charlie Sharp and put to him the idea of help from that district.

Alabaster Loses To West Branch

Alabaster dropped a game 10 to 4, to the league leading West Branch club last Sunday. B. Neubecker, held the Alabaster team to four hits, while his team mates got to Martin and Rollin for 12 hits. Neubecker fanned 11 Alabaster men and Martin whiffed seven Oil men.

Until the fifth neither team scored, but in the sixth, West Branch came through with one run, and in the eighth they put the game on ice with a six run drive, for a 10 to 0 lead. In the ninth Alabaster started a belated rally, that netted four runs, but wasn't enough to overcome West Branch's big lead.

Score by Innings: R H E West Branch 000 013 060—10 12 4 Alabaster 000 000 004—4 4 5

B. Neubecker and Reminder; Martin, Rollin and Wickert.

Hale Wins from Omer 6 to 4 with Splurge in Fourth
Hale came back after the fourth inning to take the lead away from Omer and go on to win 6 to 4. H. Roth, on the mound for Omer struck out nine, while Grant Shellenbarger, for Hale struck out seven and Perry Shellenbarger, eight. H. Roth and W. Walker collected three hits each. Extra base knocks were by Bernard, Boyer and Ruthruff, all being doubles.

Score by Innings: R H E Hale 000 042 000—6 9 2 Omer 020 001 100—4 10 2

G. Shellenbarger, P. Shellenbarger and Chrvia; H. Roth, Mel-zow, D. Warren and J. Ruthruff.

Stage AuSable River Canoe Race Sept. 11-12

Estimated 60 Canoes Will Take Part in Second Annual Event

The beautiful historic AuSable River, scene of great activity during Michigan's golden lumber era, will again be the stage for Michigan's largest sporting event of the fall season, the second Annual Michigan Canoe Championship Race, September 11-12. On September 11th, at 3:00 p. m. (EST) the first of an estimated 60 canoes will take to the water at Grayling (On U. S. 27) starting point for this gruelling 240 mile non-stop canoe race and head for the finish line at Oscoda-AuSable, near the shores of Lake Huron. At 10 second intervals other canoes participating in this big event will follow to compete for \$1,400.00 in cash awards and trophies. Time handicaps will be adjusted at the last portage so that the first canoe and team crossing the finish line will be declared the winner.

It's a far cry from Michigan's early days when stalwart braves traveled this scenic wilderness route in search of game and food. They made the hard trip in rough birch bark and dugout canoes. The present day "braves" equipped with modern, trim speedy canoes will be seeking glory and "cold" cash. The pagentry, rivalry and excitement will make this event a worthy one from a spectator's viewpoint.

Six portages over power dams are just a few of the hazards along this AuSable river course. The backwaters behind these dams proved a stumbling block for more than one entry in 1947, because most of these waters are traversed during the night. Lights will be permitted, though many of the contestants found them a handicap instead of a help, as they became accustomed to the darkness. Of the 46 teams that started the race, only 15 crossed the finish line.

At Grayling a program of entertainment will be staged prior to the start of the race. At Oscoda-AuSable, celebrating their Centennial year, additional attractions will be held to entertain the large crowd on hand for the finish.

General Chairman of the Race Committee, Ray Snider, of Grayling, announced that rules and regulations, map of the course and entry blanks are now available and can be obtained by writing to the Grayling and Oscoda Chambers of Commerce or to the Log Office in Bay City. Entries from Ohio, Indiana and Illinois are welcome to participate.

Prizes are as follows: First prize, \$600.00 and trophy; Second prize, \$300.00; Third prize, \$200.00; Fourth prize, \$100.00; Fifth and sixth prizes, \$50.00 each; Seventh, eighth, ninth and tenth prizes, \$25.00. In addition to the cash awards, medals will be presented as consolation prizes to all participants finishing the race within five hours of the winning team. Entries will be open to all men 18 years of age and over and all types of canoes will be permitted provided the craft entered is a canoe.

Social Security Manager Here Aug. 18

Paul M. Ellifritz, manager of the Bay City office of the Social Security Administration will be in East Tawas on his regular monthly visit on Wednesday, August 18, 1948 at 1:30 p. m. at the Post Office. At this time he will take applications and conduct any other business connected with the old-age and survivors insurance program.

Federal family insurance, which covers employees in industry and commerce, provides for the payment of monthly retirement and survivor's benefits to qualified workers and their families. Retirement benefits are payable to the employee and eligible members of his family when the worker reaches 65 and retires. Survivor's benefits are payable to eligible members of the insured person's family on his death at any age. Applications must be filed, at an office of the Social Security Administration, for all benefits paid under the program.

Gladiolus Society Holds 15th Annual Show

The Northeastern Michigan Gladiolus Society will hold their 15th annual flower show this Friday and Saturday at the Wenonah Hotel, Bay City.

FOR SALE—Coal or wood Circulator. Karl Cholcher, 212, 8th Ave.

WEEKLY NEWS ANALYSIS

Congress Fights Truman Proposals; High Crop Goals Set, Wheat Cut; Atomic Tests Assure New Power

By Bill Schoentgen, WNU Staff Writer

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

CONGRESS: Feudin' and Fightin'

Bitter recriminations resounded as the fight between President Truman and the GOP-controlled congress moved into a new round with convening of the extra session of the 80th congress.

In a dynamite-laden atmosphere, the President appeared before a joint session of the congress which he had labeled "one of the worst in history" to demand a sweeping anti-inflation economic program. The reception for both the President and his program was cool as Republicans launched their wrecking-crew tactics.

Defiant GOP leaders charged Mr. Truman with playing politics and prepared to play politics of their own. The net result, it appeared, would be a short special session.

Initial step in the GOP's program of obstruction was a decision that the extra session should consider only those recommendations made by Mr. Truman which could "pass a test." This test, established by the majority conference, set the qualifications for congressional action as follows:

Proposed legislation must be emergency in character. It must contain a problem of national importance. It must be a program which can be processed properly within the time available to an emergency session.

This available time for processing would be no longer than a period of congress which would not "interfere with the proper conduct" of the autumn campaigns.

No appropriation bills were to be considered, nor would any consideration be given to confirmation of nominations which might be sent to the senate by the President.

Over all hung the threat of a Dixie Democrat's filibuster against the anti-poll tax bill, which would widen the rift between Mr. Truman and the southern wing of his party.

There were no surprises in the President's recommended legislative package. He proposed a reimposition of the excess profits tax, limited restoration of price controls, even more limited wage controls and enactment of the Taft-Elliender-Wagner housing bill.

WHEAT: Goal Cut

As clogged elevators and enforced embargoes once again mark the nation's harvest of another bumper wheat crop, the department of agriculture recommends a cut of 8 per cent in wheat acreage in its preliminary recommendations for the 1949 crop year.

Although continued high production of other major grain commodities is recommended, a slight decrease is suggested for wheat acreage, which has increased sharply in recent years in response to war and relief needs.

Looking forward in a move to conserve the country's soil resources, the department points out that "a better balance between soil-conserving and soil-depleting crops will actually assure higher productivity over a longer period of years."

Farmers also are urged to provide for sufficient summer fallow and, in marginal areas, to plant grass seed on land which is not suitable for sustained production of crops.

Also considered in arriving at the wheat goal were this year's increased carry-over, prospects that the 1948 crop will be second largest in history and possibility of smaller demand because of improved crops in importing countries.

The department recommended wheat plantings for 1949 of 71.5 million acres which, with an average yield of 15 bushels an acre, would mean production of nearly 1.1 billion bushels. July estimate of 1948 wheat production was 1,241,751,000 bushels.

In setting another farm goal, the department recommended a beef cattle breeding herd of 15.5 million cows next January 1, a decrease of about 500,000 head. Better management, improved feeding practices and thorough culling, it was suggested, will "put the cattle industry in better position to supply the meat requirements of the increased population."

The recommendations are submitted to state agricultural councils for consideration. State goals and final national goals are determined on the basis of state review and recommendations.

PRECARIOUS PERCH

Americans Seek Economic Security

Increasingly aware of the need for economic security for themselves and their families, Americans will expend approximately 15 billion dollars for that purpose in 1948, the Research Council for Economic Security estimates.

The estimate covers payments made under private or government organized plans to meet in-

Hands in Pockets

Face to face with the congress he had labeled "worst, save one," in history, President Truman was greeted by one of the coolest congressional receptions ever accorded a chief executive when he appeared before the special session. Only polite applause came occasionally from the galleries and from administration followers; Republicans kept their hands in their pockets.

A-BOMBS: New Force

The veil of secrecy which has shrouded most of the post-war atomic energy experiments was lifted, a tiny bit at least, for the American public in the fourth semi-annual report of the atomic energy commission and an accompanying statement by President Truman.

Justifying the secrecy, the President contended that until controls are established on the international level to prevent use of atomic energy for military purposes "we cannot, as a nation, afford to disclose these secrets which make this new force the most deadly form of military weapon." With that statement, the American people, anxiously eyeing war clouds on the horizon, are inclined to agree.

Some measure of reassurance was contained in both reports, stressing the fact that the nation has gained new power in atomic weapons. Both disclosed that the secret tests of new type bombs at the proving grounds on Eniwetok island early this year were highly successful.

The commission's report, the fourth semi-annual summary to congress as provided by law, indicated there were three bombs used at Eniwetok in the spring project known as "Operation Sandstone." Principal study was "on the generation of nuclear explosion itself" rather than "on the effects of the nuclear explosion," as was the case in the earlier Bikini tests.

The report stressed developments of atomic energy research in medicine, agriculture, metallurgy, other sciences and industry. Radioactive materials have been given 229 institutions and commercial agencies for experimentation.

LIVING COSTS: Hit Peak

They changed the name—from cost of living index to consumers price index—but they still can't change the trend—upward and ever upward.

In fact, the index struck an all-time high on June 15, with food prices reaching record-shattered levels, the bureau of labor statistics reports.

The index, which represents retail prices of goods and services bought by moderate income families in large cities, registered 171.7 per cent of the 1935-39 average.

Further increases are inevitable, too, for wholesale prices hit an all-time high during the week ended July 17 and it takes about a month for their impact to be recorded in retail prices.

The new consumers price index is 9.3 per cent higher than a year ago; 28.8 per cent above June, 1946, when price controls generally were abandoned, and 74.1 per cent above the August, 1939, level. On V-J Day in 1945 the same index was 120.3 per cent of the 1935-39 average.

DRAFTEES: Old Pals

In an endeavor to make the upcoming draftee as happy as a khaki-colored lark, the army is removing its "petty annoyances" as it completes plans to process men inducted under the first peacetime draft in history.

On orders of Gen. Omar Bradley, chief of staff, to remove "the petty annoyances that sent many World War II veterans away hating the army," training officers prepared to greet the recruit like an old friend of the family.

Only the finest officers and non-coms will handle the draftee, training officers promised. The recruit will even be given a \$5 advance on his \$75 a month pay the first day in camp so he won't be broke. He won't even have to wait to "tell it to the chaplain," as he'll be taken to the chaplain during his orientation days and urged "to let his hair down."

All of this will take place at eight major training centers which have been set up to receive the draftees and give them their basic training. They are Fort Knox and Camp Breckenridge, Ky.; Fort Riley, Kans.; Camp Chaffee, Ark.; Camp Pickett, Va.; Fort Ord, Calif.; Fort Jackson, S. C., and Fort Dix, N. J.

The standard 13-week army training course has been condensed into eight "tough" weeks. Later draftees will be selected for specialist training or sent directly to duty. About half of the draftees will see overseas duty, probably in Korea, Japan, Germany, Alaska, the Canal Zone, Hawaii or Caribbean defense area.

It Might Have Been

Had there been no World War II, no abdication of the late King Victor Emmanuel and no dissolution of the House of Savoy by vote (taking the crown away from ex-King Humbert), then Victor Emmanuel, pictured here, third of the line, might have been fated one day to sit on the throne of Italy. Seemingly the least unhappy about the turn of affairs is handsome, blond Victor Emmanuel, now at Geneva, Switzerland.

GERMANY: Explosive

Germany remained an explosive issue in the strife-torn international picture.

As the titanic East-West struggle for Berlin continues, reports were current that four-power talks would be resumed in an attempt to settle the crisis there as well as to scan the entire European situation. The rumors circulated after top diplomats of the U. S., Britain and France were closed in a series of conferences.

In the biggest air lift in history, U. S. and British planes continued to transport food and fuel to the beleaguered city. The big planes averaged 4,500 tons of essential goods daily in their effort to break the Russian blockade.

Violence broke out in the Russian sector of the capital city as thousands of Germans jammed banks to exchange their money for new Soviet-sponsored currency.

Although she looks like a prim schoolmarm, Berlin's woman mayor, Socialist Louise Schroeder, courageously defied Russia's order to dismiss the anti-Communist deputy police chief.

Headliners

IN ANNAPOLIS... An 18-year-old plebe at the U.S. naval academy shouldered a heavy burden when he took his oath. The plebe is John Paul Jones of Piqua, Ohio, no descendant of his famous namesake.

IN FORT WAYNE... Joseph Neal, 48, survived by a nose when he was buried for 20 minutes in a collapse of a sewer trench. A fellow worker tore away some of the dirt to expose the tip of Neal's nose. Later, firemen and police dug the rest of him out.

IN SALLISAW, OKLA... E. W. Floyd, 40-year-old grocery clerk and brother of the onetime Public Enemy No. 1, Charles (Pretty Boy) Floyd, was elected sheriff in a bitterly-fought contest.

IN CHARLESTOWN... Farmer Eben Trussell drove his new car home, parked it in the barn lot. There a bull calf saw his reflection in the windshield, took a running leap, crashed through the glass and bounced back on the hood. A veterinarian stitched the bull together and a mechanic did the same for the car.

Washington Digest

Small Woodlots Hold Key To Future Timber Supply

By BAUKHAGE
News Analyst and Commentator.

WASHINGTON.—I have just had an interesting conversation with R. E. McArdle of the forest service of the department of agriculture, and I have discovered that I'm one of the people that the United States of America has to look to for its future lumber supply.

My father took up some of the last of the government forest land that was available in the Southwest. That little plot, along with the other privately-owned timberland straggling over the map of the U. S., makes up three-quarters of all the timber there is in the country. Only one-fourth of our forests are public property.

And three-fourths of this three-fourths is composed of small woodlots which average 60 to 70 acres. Furthermore much of it is not part of a farm being worked by an experienced farmer.

Baukhage

A great deal is owned by people who don't live on the wood lot or near it (like me), and many of whom (also like me) wouldn't be able to tell a toothpick from a telephone pole if it weren't for their size.

Worse still, many farmers owning woodlots with valuable stands of timber on them don't know how to get their money's worth from that land or how to keep the wooded acres contributing to their livelihood as the rest of their farmland does. In other words, growing timber in this country has become to a large extent a side issue.

I am glad to report, after telling you all this bad news, that both the government and the lumber industry are trying to do something about this situation for the general, as well as for the individual, good.

For example, in 1937, the Crosssett Lumber company gave the government 1,680 acres of typical second growth stands in southeastern Arkansas. I can't go into the program of experimental work that has been done there, but there is one item that affects our story.

R. R. Reynolds of the forestry service went to work on 40 acres of this area. He did the things any farmer can learn to do to a similar woodlot.

Last year Reynolds reported eight annual cuts which averaged a marketable value of more than \$580 a year, and he had as much volume as when he started!

Of course, everybody hasn't Reynolds' know-how, but the government is helping to spread that know-how through its representatives or through state organizations. So is private enterprise.

Florida Teaches Youth Forestry Fundamentals

Thirteen years ago, Florida for example, began a forestry training camp for her Future Farmers of America members. On August 1 of this year, some 200 members of the FFA attended a two week camp at Camp O'Leno, about 60 miles west of Jacksonville, where they were taught, in the forest, the fundamentals of good forest practices.

The first week was for beginners who had had no previous forestry background; the second week was for those who had attended a previous camp.

During the first period they were taught fundamentals of gum farming—how to secure naval stores such as turpentine and rosin from slash and long-leaf pines; how to identify the commercially valuable trees and their use; how to farm forests as they farm cotton and other crops; how to protect their woodlots from fire; how to thin their stands of trees by cutting out the crooked, diseased, and other

trees to allow the healthy ones room for more rapid growth; how to make seed beds grow tree seedlings, and how to transplant them on their woodlots.

In the second week, the lads were put through more training in advanced principles with emphasis on actual work in the forest. They fought a fire to learn the correct procedure.

They marked trees in a plot, estimated the board footage in a standing tree, cut it down, sawed it into lumber, and measured the lumber as a check against their previous estimates. They were taught how to chip trees in gum farming and how to market the gum. They were even put through a law enforcement course which stressed fighting the incendiary in the woods. They were shown how to detect clues for purposely set fires.

Health and recreation are not neglected in these camps, and at the end of the two week period the boys go home enthusiastic, ready to practice on their own woodlands. They take the message to their parents, of course, and make a report to the organizations to which they belong. Briefly they have gained a fundamental knowledge of the value of trees and how they can be grown for profit.

During the time Florida has run this camp, they have averaged 100 boys a year which means some 1,300 have been indoctrinated in the fundamentals of forestry. Today many of these graduates are leading citizens of their communities and many are growing trees for profit.

Program Extends To Other States

Nor is Florida the only state taking an interest in this new thinking regarding trees and youth. Alabama, Arkansas, Georgia, Louisiana, North Carolina, and Virginia staged similar camps this year. FFA or 4-H club members were the lucky youngsters, depending on which group the state forestry agency is co-operating with at the time.

The purpose, of course, is not to turn out foresters. That would be impossible in two weeks. But camps can build up an effective interest in growing a cash crop by growing trees.

This year more than 600 youths from the seven states attended these camps, with all expenses paid by the forest industries.

This is where private industry has stepped into the picture. On the modern theory that our future timber supply must come from what we grow, not as in the past from what we found on the land, the Southern Pulpwood association, composed of southern pulp and paper industry members, with the cooperation of the Southern Pine association, pioneered in financing these and similar camps.

The sum total of this whole project adds up to this: Industry has joined forces with state agencies to interest youth in becoming successful Tree Farmers of America, and to turn to account what has been up to recently a wasteful sideline on the farms—a sideline which must supply an important part of America's current and future vital lumber needs.

Florida teaches the fundamentals of good forestry to FFA youth at annual summer camps. Trammel Green, nurseryman for preparation of a seed bed. Here they are spreading pine straw over the freshly planted seed as a protective measure.

CLASSIFIED DEPARTMENT

NAME _____ ADDRESS _____

THE IMPENDING BATTLE

The popcorn, peanuts and lemonade carnivals, called party conventions, have folded and the road companies now are assembling. It is Truman and Barkley in "A Trailer Named Desire" versus Dewey and Warren in "Make Mine Pennsylvania Avenue."

The critics hold that in order to win the Democrats will have to get Oscar Hammerstein to rewrite the script and add numbers by Berlin and Rogers.

They say the show should be called, "Life Without Father," or "Franklin in the Wings."

They contend that the Dewey production has everything Ringling Brothers have except the Night Before Christmas pageant and Gargantua, and that put up against the Democratic offering it is like "Oklahoma" versus the flea circus. But strange things happen in the world of politics and entertainment. The old saying, "Never count the gross receipts before you read the morning-after reviews," still is good advice.

Many a show has clicked despite bad preview notices and many an entertainment that was called sure fire on the road flopped in the ultimate test. The one big advantage the Dewey-Warren production has is that no show ever has run 16 years without boring the cash customers.

This department doesn't think the Democrats could win this time if they added the original cast of "Harvey," gave away free dishes and admitted women and children free. But there's no business as uncertain as show business except election business, and you never can tell.

Harry Truman emerged from the Democratic convention as the most dignified, gamest and most appealing figure, thanks to the quaint conduct of the opposition. He won sympathy just as a theater straw wins it when the rest of the cast tries to give him the works and even the stagehands drop sand bags from the flies. You can't dislike him any more than you could dislike Denman Thompson in "The Old Homestead."

He was called on four years ago to step into a leading part played to the hilt for 12 years by one of the greatest matinee idols, all around showmen and top scene-stealers of all time. Could Citation have succeeded the leading man in "Three Men on a Horse?" We ask you!

Harry was the pitcher called in when the bases were full, the fighter sent in for the emergency bout and the pianist called to substitute for the Toscanini orchestra. He never knew whether he was acting as a president or being used as a floating target.

And on top of all that, the law of averages, the turn of the wheel, the theory of cycles and the human desire for a change in billing all worked against him. Even people who had been for tarring and feathering all Republicans for years began wanting to trade in the old model for something new.

The Republicans, farther north for 16 years than Peary or Cook ever got, suddenly found the ice thawing on the wings. And now there is every indication that they can safely discard their snowsuits, throw away their pemmican supplies and reach for a White House instead of an igloo.

THE CANDIDATE

His hat's in the ring; His skimmer he's shed. And what will he get? Just a cold in the head.

A New Jersey judge and bank vice president has been arrested charged with stealing \$637,000 from the bank and throwing it into absorption by a stronger institution. He says it was nothing for him to lose \$6,000 a week on the horses. We assume his hunch horses included Frisk, Cheek, Going Away, Me Always, The Pincher, Speedy Bozo, Fashion Plate and Easy Go. Obviously he was one of those bankers who worked like a horse.

Vanishing Americanisms

"The Democrats can't lose."

"Here's five cents; go buy yourself a ice-cream cone."

"It's hard to get anybody to put money into a Broadway musical."

"I think I've been eating too much meat."

Eddie Arcaro shot a 64 on a golf course the other day. He certainly can give a golf ball a ride

ASK ME ANOTHER?

A General Quiz
THE QUESTIONS

1. How did the ancient Romans applaud?
2. How long is the Grand Canyon of Colorado?
3. Through which country of South America does the equator run?
4. How large is a person's heart?
5. Do trout migrate?
6. Is a wolverine a small wolf?

THE ANSWERS

1. By snapping their fingers and waving the flaps of their togas.
2. 200 miles long.
3. Colombia.
4. The average human heart is five inches long, three and one-half inches wide, two and one-half inches thick, and weighs about eleven ounces.
5. Yes, but not extensively.
6. No, the wolverine is a big weasel.

Calling the Cards

Apologists for the 80th congress, including Herbert Brownell Jr., Governor Dewey's campaign manager, are attempting to sneak behind a tree by saying the Republican leadership of this congress, in special session or otherwise, is in no way bound by the pledges of the Republican platform adopted at Philadelphia a few short weeks ago.

This 1948 Republican platform, they say, was adopted for the 81st congress, not the 80th, and therefore the GOP leadership is not bound by its pledges. All of which, of course, is a vague evasive technicality, since leadership in the 81st congress will be virtually the same as the 80th congress unless there is a Democratic landslide come November.

BROWNELL

Senator Taft, senate majority leader; Senator Wherry, senate whip; Speaker Joe Martin in the house; Majority Leader Charlie Halleck and Congressman Knutson, Taber and Allen—all will be in their places in the 81st congress.

So if they are not morally bound by the 1948 platform pledges four weeks after the platform was adopted, there is certainly no reason to believe they will be bound by those same pledges six months from now.

Charges by the GOP leadership that the call for the special session is "pure politics" on the part of President Truman and the attempts to evade the issues on needed legislation are, in the opinion of this reporter, slightly ridiculous when it is remembered that prior to adjournment both Senator Taft and Speaker Martin spoke of the possibility of reconvening congress to "finish their job" after the conventions were over.

Fallacy in Motive

Gov. J. Strom Thurmond of South Carolina is one of the more progressive southern governors and one of the outstanding heroes of World War II and his selection as a presidential candidate against President Truman likely was the best selection that could have been made out of the South. But he comes from a state where only recently a federal judge said from the bench:

"It is a disgrace and a shame when you have to come into court and ask a judge to tell you you are an American."

The statement was made in connection with a court order to the Democratic party in South Carolina to keep its books open for the registration of all voters including Negroes.

The fallacy of the attitude of the southern politicians, in the opinion of this reporter, is that they are using states' rights, against which there is no quarrel, to perpetuate human wrongs.

Odds Against Him

On the surface President Truman seems to have insurmountable odds to overcome in his bid for his first full term. He has Governor Dewey and the GOP in opposition. He has Henry Wallace and the third party. But the Fortune poll indicates that the third party will draw equally from the Republican and Democratic parties.

Now he has Governor Thurmond and his rebel southerners against him. But southern Democrats in house and senate have not been helpful to the Truman program. As a matter of fact they helped the Republicans override Mr. Truman's vetoes and some of them voted with the Republicans as often as with the Democratic minority. So the President stands to lose nothing there.

As we have pointed out in this column before, in the last half-century, except in 1916, when the Democratic party has won an election its electoral vote has been big enough to win without the Solid South. And when the Republicans have won, defection of the South would have made no difference.

On top of this, if the southern revolt holds out to election day it will be the first time Democrats in the South have had a choice between two candidates, and this reporter is not at all sure but that President Truman will capture a majority of these southern states despite the rebellious leaders.

Effective Control

Just by way of contrast, Canada has a peace-time price control law and an effective rent control law. So Canadian housewives pay only around 53 cents a pound for sirloin steak, 14 cents a quart for milk, 70 cents a pound for butter and 29 cents a pound for hamburger, or about 25 per cent less than American housewives pay. Canada has a gradual and planned policy of price adjustment and de-control.

MODERN VERSION OF 'THE GLEANERS' . . . With no coal allotted for domestic purposes as a result of the Russian blockade, fuel is precious in beleaguered Berlin. This picture shows Berliners recovering coal which has spilled out of trucks leaving the coal yard at Tempelhof air base for power plants in the area controlled by Allied governments other than Russia. Coal and thousands of tons of food now are arriving in Berlin via the U. S. army air shuttle. Berlin residents have gathered at mass meetings to protest Russian attempts to use starvation tactics as a lever to pry political concessions from the United States, Great Britain and France.

NO WORDS REQUIRED . . . This picture speaks louder than any maze of words. The sign in this neighborhood store window in New York tells the entire story of the postwar spiral of prices. Contending that high prices forced the butcher shop to close its doors, the management appeals for buyers' resistance in an attempt to bring prices down. While congress debates the problem of high prices with lofty-sounding but too often meaningless phrases, an erstwhile customer, to whom soaring costs are a problem of stark urgency, reads the message: "How can you housewives be expected to continue to pay such drastic meat prices?"

SAD SACKS—'48 STYLE . . . This picture will bring back bitter memories to countless veterans of World War II. The first group of 18-year-old volunteers to reach Fort Dix, N. J., are shown being "fitted" with their new uniforms. These men, who volunteered for one year's service under provisions of the selective service act of 1948, will be processed at Fort Dix before being transferred elsewhere for basic training. Volunteers for the armed services are at a record peacetime high as thousands of youngsters enlist in advance of the draft registration to begin August 30.

TELL ME PRETTY MAIDEN . . . Against a sand dune background near Jacksonville, Fla., this small fry version of the Floradora Sextette is pictured replete with winsome smiles and umbrella props. Of course, the original Floradora Sextette wound up with millionaire hubbies, but it is still too early to predict how these charming little lassies will fair in the matrimonial sweepstakes. Although they seem to have acquired a few tricks in losing, these little girls undoubtedly will require many more years' training before they compete with their original counterparts.

SOME time back we were discussing the affairs of baseball's state with Connie Mack. The part that luck plays came up for some chatter.

"In my opinion luck plays a small part, a very small part," Mack said, "with 154 games to play. There is only one spot that luck can figure rather heavily. This could be in some injury or illness striking at a key player, one who can't be replaced. This is about the worst luck you can get," he said.

So the Braves can be charged with the worst luck of the season in losing Eddie Stanky for practically the rest of the season. For despite what Branch Rickey and Leo Durocher thought about it, Stanky has been the most valuable, the most useful second baseman in the National League.

His absence from Brooklyn has accounted in large part for most of the Dodgers' doldrums earlier in the race. It has accounted for a loss of 100,000 in attendance, due to so many games lost that Stanky's presence could have won.

When the Stanky blow fell, Billy Southworth had just organized his cast into the most formidable team in the league. It had good catching and certainly one of the soundest pitching staffs in Johnny Sain, Warren Spahn, Bill Voiselle and Vernon Bickford.

Braves Had Hitters

The Braves had a good hitting outfield on hand. But above all in Stanky and Alvin Dark, the Braves had the strongest second-base combination in the circuit. And it might be added that Stanky was largely responsible for young Dark's fine play and his marked improvement.

On the day Stanky was hurt, both he and Dark were hitting .320. Both were among the first five among the league's best hitters. As a defensive combination they had no superior pair to face. Just how Stanky's substitute will work out has yet to be shown over a long stretch.

This could easily be the wrecking bad luck that Mack was talking about. The Braves may win the pennant without Stanky. With the pepper box around they were the best team in their league, the team one had to pick as the probable pennant winner. You know what would happen to the Cardinals if they lost Stan Musial or where the Indians would be without Lou Boudreau.

Athletics Have Pitchers

The fact that a majority of the experts, prophets, and soothsayers still are waiting for the Athletics to crack hasn't annoyed Mack too greatly. Still he hasn't liked it too much. The records show that he has the soundest and most consistent pitching staff in the league.

"And the facts show," Mack tells you, "that we have just about as good a ball club as the Yankees, Indians or Red Sox in other departments. It isn't as fast as it might be but it can hit and field and I certainly know of no other club that has more spirit. No club that has been up around the front for three playing months can be considered any morning glory. If Phil Marchildon were in his 1947 shape, we'd have a nice lead already set aside with better prospects ahead."

Whatever happens, 1948 can be set down as one of Mack's bigger years. The veteran won his first American league pennant 46 years ago in 1902. He won again in 1905, 1910, 1911, 1913, 1914, 1929, 1930 and 1931. So it has been a matter of 17 years since the tall, thin old-timer has won a flag and he feels that he could make good use of his 10th pennant before retiring from the busy scene.

He had no idea this spring that he could do as well as he has to date. I feel pretty sure that back in early April, Mack gladly would have settled for a spot at the bottom of the first division.

Favorites Fade Out

At that time about all you could hear were the Yankees and the Red Sox. The Tigers and the Indians drew the next rounds of applause. What everyone overlooked was the value of six or seven good, consistent pitchers in a season where good pitching was extremely scarce. When such ball players as Eddie Joost and Hank Majeskie began acting like stars, the Athletics began showing dust to both Yankees and Red Sox.

They gave pretty fair proof of their intentions by opening the season in Boston and walloping the astonished Red Sox three times running. Shortly after this they moved up with the Cleveland Indians and began feeding Athletic dust to the rest of the league.

Storage Chest Solves Extra Space Problem

IF YOU have a problem storing extra bed linen, out-of-season clothing, or just about one hundred other articles everyone collects and doesn't know where to put, this under-the-bed storage chest should be of interest to you. While the pattern offered suggests building a chest, approximately 30" wide, 42" long by 6" deep, it can be built to any length required.

One of the big features of this chest, beside ample storage facilities, is its utilization of unused space. Being suspended between large wooden wheels the chest can be rolled under the bed, even over rugs with very little effort. Its capacity is truly amazing.

Anyone can build the chest by following the full size pattern now available. It tells what materials are needed, shows location of bolt and screw holes and provides the simplest method of building. All the materials needed are now available at lumber yards everywhere.

If you live in an apartment and hesitate to make this chest for fear of disturbing the neighbors, the chest can be built without driving a nail. A glue is now available that binds two pieces of wood together so thoroughly that the wood will break before the joint can be loosened.

A tip to those who plan on attending a wedding reception—this chest makes an ideal wedding gift for the lucky bride and groom. Send 25c for Pattern No. 37 to East-Bldg. Eastern Company, Dept. W., Pleasantville, New York.

Museum Visitor Hides Under Lincoln's Bed to Get Guns

CHICAGO. — Museum guards at the Chicago Historical society museum now even look under Abraham Lincoln's bed before locking up for the night.

The guards decided it would be wise when Roger Anderson, 34, arrested after a streetcar motorman complained he had been waving two pistols menacingly, admitted he obtained the weapons from the museum.

He hid under Lincoln's bed and when everybody left, broke into one of the gun cases.

Relieves Distress of MORTALLY FEMALE WEAKNESS

Also Helps Build Up Red Blood!

Do female functional periodic disturbances make you suffer pain, feel nervous, irritable—at such times? Then try Lydia E. Pinkham's TABLETS to relieve such symptoms. Pinkham's Tablets are also very effective to help build up red blood in simple anemia.

Lydia E. Pinkham's TABLETS

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

DOAN'S PILLS

Woolly Mammoth
The woolly mammoth is a close relative to the modern elephant. Perfectly preserved skeletons have been found in Siberia where they have lain frozen in the ice for thousands of years.

The Tawas Herald

Entered at the Tawas City Postoffice July 12, 1884, as Second Class Matter Under Act of March 1, 1879

P. N. THORNTON, Publisher

Sand Lake News

This week finds resorters here in a happy mood enjoying super vacation weather, plenty of sunny days and mild moonlight nights.

Mr. and Mrs. Emil Kraut and children of Bay City are spending a weeks vacation here.

Mr. and Mrs. Dann and children left Monday for their home in Norwalk, Ohio.

Mr. and Mrs. John Kinsel spent Saturday and Sunday at their cottage, but left early Monday for Duluth, Minnesota.

While general relaxation is the theme here, many residents, resorters have definite work projects, beautifying grounds and adding color with flower gardens and boxes. The prettiest flower boxes of the season are those at the John A. Mheils cottage.

Mrs. Chet Carlton spends much of her time in her vegetable garden.

Mr. and Mrs. Laurence Butler and three children of Detroit are spending several weeks at their cottage.

Mr. and Mrs. John A. Mheils left Sunday for a weeks stay at their home in Saginaw.

Mr. and Mrs. Edd Noggles of Saginaw retired from business and are planning on making their home at Sand Lake.

Burleigh News

A number from here attended the ball game at Tawas City Sunday.

Clifford St. James and son were at Turner Saturday.

Mr. and Mrs. Orville Bellor took his mother back to Flint Sunday. She spent six weeks at their home here.

Miss Marilyn O'Farrell returned home from Bay City, where she spent the past week.

A. B. Schneider returned last week from the Upper Peninsula where he spent three weeks.

Mr. and Mrs. Victor St. James, son, Gerald, Mr. and Mrs. Octave St. James and Elwood O'Farrell left last week for a vacation trip to Niagara Falls, New York and other eastern cities.

Mr. and Mrs. Merlin McLean were at Traverse City, Petosky and Mackinac City for a week.

Mr. and Mrs. Bill O'Farrell, accompanied by Mr. and Mrs. George O'Farrell of Rose City were in the Upper Peninsula for a weeks vacation.

Mr. and Mrs. Glenn Schneider returned to their home in Bay City Tuesday after spending a week at the home of her parents, here.

A number from here attended the funeral services of William Goupil at Whittemore, Tuesday morning.

Mrs. Silas Thornton of McIvor and Mrs. Fred Beethel of Nebraska visited with friends here Monday.

Townline

Mr. and Mrs. Norton Freeland and children have returned after spending a week with friends and relatives in Flint, Owosso and Detroit.

Betty Bessy and Betty Freeland spent Tuesday at their home here.

Mr. and Mrs. Earl Webb of Saginaw called on relatives here last week.

Leonard Luplow and daughters of Saginaw visited his wife here over the week-end.

Mr. and Mrs. Henry Whitefish and son of Detroit, Mr. and Mrs. George Heckman of Saginaw, called on Mr. and Mrs. Arthur Lepard over the week-end. A birthday party was held for Louise and Arthur Lepard and gifts were given out.

STATE OF MICHIGAN

The Probate Court for the County of Iosco.

At a session said Court held at the Probate Office in the City of Tawas City in said County, on the 9th day of August, 1948.

Present, Honorable H. Read Smith, Judge of Probate.

In the Matter of the Estate of Jessie Thornton, Deceased.

It appearing to the Court that the time for presentation of the claims against said estate should be limited and that a referee and place be appointed to receive, examine and adjust all claims and demands against said deceased and before said Court;

It is Ordered, That all creditors of said deceased are required to present their claims to said Court at said Probate Office on or before the 25th day of October, 1948, at 10:00 o'clock in the forenoon, said time and place being hereby appointed for the examination and adjustment of all claims and demands against said deceased.

It is Further Ordered, That publication of a copy of this order, once in each week for three weeks consecutively, previous to said day of hearing, in the Tawas Herald, a newspaper printed and circulated in said County.

H. Read Smith, Judge of Probate.

A true copy, Mabel Kobs, Register of Probate.

STATE OF MICHIGAN

The Probate Court for the County of Iosco

At a session of said Court, held at the Probate Office in the City of Tawas City in said County, on the 19th day of July, 1948.

Present, Honorable H. Read Smith, Judge of Probate.

In the Matter of the Estate of Cecil W. Cox, Deceased.

It appearing to the Court that the time for presentation of the claims against said estate should be limited and that a time and place be appointed to receive, examine and adjust all claims and demands against said deceased by and before said Court;

It is Ordered, That all creditors of said deceased are required to present their claims to said Court at said Probate Office on or before the 11th day of October, 1948, at 10:00 o'clock in the forenoon, said time and place being hereby appointed for the examination and adjustment of all claims and demands against said deceased.

It is Further Ordered, That publication of a copy of this order, once in each week for three weeks consecutively, previous to said day of hearing, in the Tawas Herald, a newspaper printed and circulated in said County.

Present, Honorable H. Read Smith, Judge of Probate.

In the Matter of the Estate of Stephen Birkenbach Deceased.

Adam Birkenbach having filed in said Court his final administration account, and his petition praying for the allowance thereof and for the assignment and distribution of the residue of said estate.

It is Ordered, That the 24th day of August A. D. 1948, at ten o'clock in the forenoon, at said Probate Office, be and is hereby appointed for examining and allowing said account and hearing said petition;

It is Further Ordered, That notice thereof be given by publication of a copy hereof for three successive weeks previous to said day of hearing, in the Tawas Herald, a newspaper printed and circulated in said County.

H. Read Smith, Judge of Probate.

A true copy, Mabel Kobs, Register of Probate.

STATE OF MICHIGAN

The Probate Court for the County of Iosco

At a session of said Court, held at the Probate Office in the City of Tawas City in said County, on the 21st day of July, 1948.

Present, Honorable H. Read Smith, Judge of Probate.

In the Matter of the Estate of Antonia Haller Deceased.

It appearing to the Court that the time for presentation of the claims against said estate should be limited and that a time and place be appointed to receive, examine and adjust all claims and demands against said deceased by and before said Court;

It is Ordered, That all creditors of said deceased are required to present their claims to said Court at said Probate Office on or before the 25th day of October, 1948 at 10:00 o'clock in the forenoon, said time and place being hereby appointed for the examination and adjustment of all claims and demands against said deceased.

It is Further Ordered, That publication of a copy of this order, once in each week for three weeks consecutively, previous to said day of hearing, in the Tawas Herald, a newspaper printed and circulated in said County.

H. Read Smith, Judge of Probate.

A true copy, Mabel Kobs, Register of Probate.

Size of Luzon

Luzon, the largest island in the Philippine group, is almost exactly eight times the size of Connecticut. While slightly smaller than the British Isles, the Philippine Islands have a land area of 114,400 square miles. They stretch about 1,150 miles from north to south.

Your Chamber of Commerce

Your summer season is drawing to a close and it has probably been the largest crowd in the history of the Tawas. This has been brought about by the efforts of your Chamber of Commerce by getting literature and accommodations to the public. In order for your Chamber of Commerce to carry on and do these things such as advertising the Tawas area and getting people to stop here it takes considerable money.

The Membership Committee of your Chamber of Commerce has been working since April 1st trying to impress on each business place that dues to your Chamber of Commerce is an investment in your business.

The amount of business done in the Tawas area surpasses anything that has been done in surrounding areas in the state of Michigan. We know this from reports of salesmen and from the Michigan Tourist Council. They report that the Tawas area is drawing the largest crowd of any area in the state. This must be contributed partially to the efforts of your Chamber of Commerce. Therefore, an investment in your Chamber of Commerce is nothing more than an investment in your own business.

Out of 335 possible members we have received dues and pledges from 131 business places with a total amount paid of \$2,793.50 and pledges of \$342.50 which are now due. Are the remaining 204 business places in the Tawas Area going to set back and take the gravy of the tourist business while only a small portion pay dues into your Chamber of Commerce.

We have practically completed your new Chamber of Commerce office which will be occupied in the near future. This office is an asset to your Chamber of Commerce and to your community. Further information on the date of completion of the building will be forthcoming.

Be a good businessman in your community and pay your Chamber of Commerce dues.

... where will you live?

DON'T risk the danger of being burned out of your home. We'll gladly help you with a fire prevention plan—and check your insurance against today's higher values. Don't let fire catch you under-insured. Phone today.

Key Money in Tokyo
In China the landlord is paid "key money" when buying or renting. The sum laid out for the privilege of getting the key often exceeds the total for man, months rent. This racket now has seeped into Japan. There are few places to rent in Tokyo because of the housing shortage. Most of the rental advertisements that appear now stipulate "key money" demanded.

Automatic Factory
Although the completely automatic factory is still a dream of the future, more progress toward that goal was made in 1947 than in any of the preceding 100 years of the automatic controls industry, according to the Minneapolis - Honeywell Regulator company.

Rogers Gives Some Road Facts

(Delivered to the Rotary Club of Hillsdale, Mich., on April 1st, 1948) by F. F. Rogers, County Highway Engineer, Hillsdale County Road Commission.

Twenty years ago, Michigan had a reputation for having as fine highways as any state in the Nation; but we have been gradually losing that reputation for sixteen years. We have tried every means known to us to prevent this condition, but the time is very near when we will have reached complete destruction.

In 1947, Michigan spent \$70,000,000 for roads. The trouble is that few have any conception of the cost of giving service on 106,000 miles of road and streets. In the recent Highway Study made by highway users and builders; you were told that 46% of the roads are deficient; that we are a billion and a half dollars behind. This study was made by representatives of groups that have been fighting each other for years; the Michigan Trucking Industry, the State High-

way Commission, the County Road Commissions, the Michigan Municipal League, the Automobile Club of Michigan, and the Road Builders Association of Michigan. Yet the situation in Michigan has become so acute that these organizations have finally gotten together to attempt a solution to this problem. The results I believe to be a true and unbiased engineering presentation of the highway problem.

I am not going to try to give you the contents of the book. I am going to talk to you about Hillsdale County roads, about roads that you are familiar with. Every County Highway Engineer, every County Road Commissioner in the State is up against the same problem.

There are 1,266 miles of road in Hillsdale County, enough to reach from here to St. Petersburg, Fla. One hundred twenty five miles are State Trunk Lines US-112 was paved with concrete 23 years ago, at a cost of \$40,000 per mile. Last year the State constructed four miles of concrete on US-127, south of Hudson, at a cost of \$80,000 per mile.

Now roads have lives the same as human beings. Some live long, and some live short, depending on their own peculiar characteristics. Concrete roads have an average

life of 25 years. The Highway Study places the life of black-top roads at 16 years. A gravel road can be made to last forever if it can be properly maintained, but there has never been money enough to maintain a gravel road properly, and I haven't the slightest idea that there ever will be. So I have said that these roads should be rebuilt every 20 years.

Where does the money come from? If you get 13 miles on a gallon of gas, you pay, thru a cent gas tax, a road toll of 1-5 cent per mile—500 miles for one dollar. The counties receive all the automobile license fees: 7-8 of the money is returned to the county in which it is collected, and 1-8 is divided equally among the 83 counties. If we divided all the license plate money returned to Hillsdale County equally over all the roads under our jurisdiction, we received last year, \$130 per mile. This \$130 added to \$183 per mile, which should be collected because of the traffic on these roads, but which we did not receive, would produce a total vehicle revenue of \$313 per mile, or exactly the maintenance cost. Nothing for construction. True we have built a few miles of road in recent years, but they have been built at the expense of adequate maintenance on the entire system. Hillsdale County builds a very low cost black-top road, \$5000 a mile, a dollar a running foot, 5c per square foot. You cannot buy a piece of linoleum for that.

Then there are the former township roads. A road suitable for this purpose can be constructed for \$2500 per mile. I have said that these roads should be rebuilt every 20 years. This places the depreciation cost of these roads at \$125 per mile. The maintenance cost is \$130, the total cost is \$255 per mile per year. These roads carry an estimated average traffic of 50 vehicles per day. They earn 10c per day, in gasoline tax, or \$36.50 per year. If we credit these roads with \$130 per mile in license plate money, we have a total earned revenue of \$166.50, to do a job costing a minimum of \$255.

What kind of a trunk line system do you think we should have in this County? Should we eventually have 126 miles of high type pavement? If so, we must build five miles every year. At today's

cost of \$80,000 per mile, this would be \$400,000 for trunk line construction alone. We now have 40 miles of high type roads, or roads with a concrete base, and they are in their dotage. We have been building roads for 40 years—one mile per year.

We employ 60 men. Can you imagine repairing a road from here to St. Petersburg, with a mud hole in every mile, with 60 men? We have 237 miles of low cost black-top county and state combined almost enough to reach from Detroit to Chicago. Can you imagine repairing a road from Detroit to Chicago, in the condition you know these roads to be in, with a half dozen men, which is all we can spare to put on this work? Oh, I wish I could sell you a gadget to put on your car, for \$12 per year, that would guarantee you a good road any place you wanted to go. That is what an increase of 2c per gallon in gas tax would cost the average motorist. You could have had good roads today, if you had been paying for it in the past 16 years.

It costs us an average of \$20 a day to employ a man. That pays his wages, furnishes him with a truck, or other equipment, and buys the materials that he will use. We employ all the men that our finances will permit, on a year around basis. We cannot expand our organization to take care of an emergency.

Since we have had jurisdiction over the township roads, we have spent an average of \$120 per mile per year on these roads. That is 6 days work per year. One-half man-day per month. When we have spent that amount, we are through regardless of the condition of the road. Before the war, a manday cost us about \$9, and we were able to employ more than twice the number of men.

You read from time to time, in the papers, that we have received many thousands of dollars. Surely, the average person thinks there is plenty to fix the roads past his house. Everybody is interested in a few miles of road. Only the highway authorities are interested in all the roads. Less than one percent of the roads in this county are of little importance. It is necessary to someone, that every road be passable 365 days a year.

ANNUAL MEETING

Sherman Township Unit School
The annual election of the Sherman Township Unit School District was held Monday, July 12, 1948.

The election board was called to order by Chelsea McIvor, acting Chairman. Helen Smith, Sim Schuster acting as clerks, George Schrader, Phyllis Jordan as inspectors and Charles Jordan as gatekeeper. The polls were opened at 10 A. M.

The annual business meeting was called to order at 3 p. m. The minutes of the annual meeting of July 14, 1947, were read and approved.

The annual financial report was read and accepted.

Moved by Nelse McIvor, supported by Louis Bessey that the board be authorized to sell or dispose of the Schneider School property. Carried by a vote of 20 yes and 6 no.

Moved by Nelse McIvor, supported by Laurence Cottrell that the Peoples State Bank of East Tawas, continue to hold School Funds. Carried.

Moved by Nelse McIvor, supported by Laurence Cottrell that school protest to the Allocation Board of the reduction of one mill. Carried.

Moved by Sim Schuster, supported by Louis Bessey that Laurence Cottrell's offer of furnishing the wood for the District at \$4.00 per cord be accepted. Carried.

Moved by Nelse McIvor, supported by Laurence Cottrell that meeting be adjourned. Carried.

The polls were closed at 5:00 p. m. The number of ballots cast were 63. Unused 137. Elva Schroeder received 27, George Kohn 34, Mary Schneider being declared elected for a term of three years each.

The ballots were then sealed in the ballot box. Seal No. 12633 being used. Chelsea McIvor received the ballot box, Sim Schuster received the keys.

NOTICE OF CONTRACT FOR USE OF DETROIT HOUSE OF CORRECTION

Notice is hereby given that the County of Iosco has contracted for use of the Detroit House of Correction to receive and keep any person who may be sentenced to confinement for any term not less than sixty days nor more than one year. Such contract shall remain in force to July 1st, 1949.

R. H. McKenzie,
Clerk of Iosco County Board of Supervisors.
Dated July 6th, 1948

Dry Cleaning

Only safe way to dry clean is to send clothes to the cleaners. But if you insist on cleaning at home, never do it in the house. The tiniest spark—even the static electricity from rubbing wool or silk—can ignite some fumes. Keep hands out of the fluid as much as possible, air the clothes in the yard, keep children and pets away.

IS DELIVERING 1948 MODEL KAISERS AND FRAZERS Today!

KAISER

FRAZER

CHECK THESE KAISER AND FRAZER FACTS BEFORE YOU BUY ANY NEW CAR!

- Both cars are 100% postwar . . . in body and chassis design . . . in engineering, as well as in beauty of line . . . in color and upholstery, in appointments . . . in every smartly styled detail!
- Both cars are built in America's only 100% postwar automobile plant . . . Willow Run is the last word in production efficiency . . . equipped with war-developed tools and methods for high-precision, quality manufacture. Chassis and bodies are built complete on the industry's longest, newest, production lines.
- Both cars are built by Kaiser-Frazer Corporation, an organization of seasoned experts in every phase of the automobile industry, headed by Henry J. Kaiser and Joseph W. Frazer.
- Both cars have innumerable special features . . . like built-in ventilation . . . seats more than 5-feet wide . . . extraordinary vision in all directions . . . 27 cu. ft. of luggage space . . . push-button door openers . . . special insulation . . . fresh-air heat . . . unusual service accessibility.

COME IN FOR A DEMONSTRATION

The reason for the phenomenal success of the glamorous KAISER and the luxurious FRAZER is simply that the American public appreciates motor car values! That is why we urge you to come and inspect America's newest fine cars. We want you to drive these cars before you buy any car! Then you'll agree that the KAISER and the FRAZER represent tremendous value for your new-car dollar.

See It! Drive It! Compare the Ride!

And remember, we are offering the *highest* trade-in allowance—all KAISERS and FRAZERS are delivered to you *at list!* No trade-in is necessary.

Both cars are serviced with genuine factory parts, wherever you go, by one of the four largest dealer organizations in the world.

Vacuum tube used to amplify overseas calls (shown one-quarter actual size)

BOTH

help bring you good telephone service at low cost

THE nation-wide manufacturing and purchasing facilities of Western Electric Company and the centralized research of Bell Telephone Laboratories both help Michigan Bell to serve you efficiently and economically.

Western Electric manufactures or buys nearly everything Michigan Bell uses from paper clips and motor trucks to vacuum tubes and the most complicated central office apparatus.

This assures us of high standards of quality, reasonable prices and a dependable source of supply. By working for the whole Bell System, Western Electric passes on to Michigan Bell the savings of mass production, mass distribution and quantity purchasing.

Bell Laboratories provide Michigan Bell with the results of the most modern and extensive scientific research for better, more economical communication facilities—all at only a fraction of what it would cost to maintain an equally productive laboratory for Michigan Bell alone.

These two Bell System organizations help make it possible for you to have good telephone service at low cost.

MICHIGAN BELL TELEPHONE COMPANY

STATE OF MICHIGAN

The Probate Court for the County of Iosco.

At a session of said Court, held at the Probate Office in the City of Tawas City in said County on the 19th day of July, 1948.

Present, Honorable H. Read Smith, Judge of Probate.

In the Matter of the Estate of William B. Howell, Deceased.

It appearing to the Court that the time for presentation of the claims against said estate should be limited and that a time and place be appointed to receive, examine and adjust all claims and demands against said deceased by and before said Court:

It is Ordered, That all creditors of said deceased are required to present their claims to said Court at said Probate Office on or before the 11th day of October, 1948, at 10:00 o'clock in the forenoon, said time and place being here appointed for the examination and adjustment of all claims and demands against said deceased.

It is Further Ordered, That publication of a copy of this order, once in each week for three weeks consecutively, previous to said day of hearing, in the Tawas Herald, a newspaper printed and circulated in said County.

H. Read Smith,
Judge of Probate.

A true copy.
Mabel Kobs,
Register of Probate.

Forest Management

What is good management in a forest in one part of the United States may be impractical elsewhere. Aim of the forest service is for sustained yield and a continuing supply from each forest area.

Lower Hemlock

Mrs. Andrew Smyczynski, who has been a patient at Mercy Hospital, Bay City came home last Thursday.

Mrs. James Schimide and daughters, Karen of Flint are spending some time with her parents and helping care for Mrs. Smyczynski, who just returned home from the hospital.

Mr. and Mrs. Jimmie Chambers and Ronnie and Mr. Fisher of Roseville called on the Hemlock over the week-end, also called on Harvey McIvor at the Oscoda hospital.

Mr. and Mrs. Charles Dennison and daughters of Detroit called at the McArdle home Saturday afternoon.

Johnie McArdle returned Saturday from Lake Louise where he spent a week at camp.

Mr. and Mrs. Ralph Curry and son Jerry, returned Monday to their home in Detroit after spending several weeks with their parents, due to the Timpken strike.

Mr. and Mrs. Johnie Katterman and children moved to their home, known as the Otto Look farm during the week.

Farm Protection

No range, ordinary stove or furnace should be placed within three feet of unprotected woodwork, wood lath or plaster partitions in building.

U. S. Cemeteries in Europe

During World War II, 37 temporary U. S. military cemeteries were established in the European theater.

ANNUAL MEETING

Burleigh Township Schools

Annual meeting of the Burleigh Township Agricultural School District was held at High School evening, July 12, 8:00 p. m., 1948, building in Whittemore Monday.

Meeting was called to order by Board President, George A. Partlo. Minutes of previous annual meeting, held July 14, 1947, read and approved as read.

Financial report read with cash balance on hand, June 30, 1948, of \$2699.61 in General Fund.

Motion by Theo. Bellville that Financial report, as read, be accepted. Supported by Arthur J. Aldrich. Motion carried.

Motion by William Curtis that \$554.31 of General Fund be used to complete building of class rooms be transferred to Building Fund. To be replaced in General Fund as soon as Building Funds are available. Supported by John O'Farrell. Motion carried.

Motion by Ernest Bellen that 1948 and 1949 School Term be nine (9) months. Supported by Anna Edie. Motion carried.

Motion by Theo. Bellville that School officers salaries remain the same, as last year. Supported by Ruben Edie. Motion carried.

Motion by Otto Fuerst that all school funds be deposited in the Peoples State Bank at East Tawas, Mich. Supported by John O'Farrell. Motion carried.

Motion by Ruben Edie that the Burleigh Township Agricultural District Quit Claim a strip of land to the Iosco County Road Commission. Described as the South two rods of the South East quarter (SE 1/4) of the Northwest quarter (NE 1/4) of Section twenty-six (26) Township (21N) North range Five East (5E) in the Township of Burleigh, Iosco County and State of Michigan, an easement for a Public Highway. Supported by Victor St. James. Motion carried.

There being no more business before meeting, motion by Wm. Curtis that we adjourn. Supported by Arthur J. Aulerich. Motion carried.

Charles H. Bellville,
Secretary.

Registration Notice

For GENERAL PRIMARY ELECTION

Tuesday, September 14, 1948

To the Qualified Electors of the City of Tawas City, County of Iosco, Michigan.

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned City Clerk, will upon any day except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said City not already registered who may Apply To Me Personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Twentieth Day before any regular, special, or official primary election and the day of such election.

Notice is Hereby Given that I will be at my office Wednesday, August 25, 1948—last day, the Twentieth Day preceding said Election. Last day for General Registration by Personal Application for said Election.

From 8 o'clock a. m. until 8 o'clock p. m. on said day for the purpose of Reviewing the Registration and Registering such of the qualified electors in said City as shall Properly Apply therefor.

The name of no person but an ACTUAL Resident of the precinct at the time of said registration, and entitled under the Constitution, if remaining such resident, to vote at next election, shall be entered in the registration book.

ALBERT H. BUCH,
City Clerk

Decline in Livestock

The number of livestock on U. S. farms has been declining continuously since the peak was reached in 1944. The drop in 1947 included a reduction of 933,000 head of dairy cows.

Cancer a Bolshevik

Cancer second greatest cause of death in the United States, is caused by body cells that tend to "run wild" and interfere with the activities of the body.

PROTECT YOUR PONTIAC

WITH PONTIAC SERVICE

You can't do better anywhere!

Your Pontiac is one of the most dependable automobiles ever built. Thousands of Pontiac owners have learned that with proper servicing their cars will perform brilliantly, mile after mile, with only routine attention.

Proper servicing is our kind of servicing—designed primarily to keep your Pontiac in perfect condition. Our mechanics are trained by factory experts; they use specially selected time-saving tools and factory-engineered parts. They know every inch of your Pontiac.

Our over-all policy, too, is dictated by the best interests of Pontiac owners: We do only the work you authorize. We charge no more for our expert work than you would pay for ordinary servicing.

On all counts—confidence, satisfaction and cost—you can't do better anywhere!

YOU CAN'T DO BETTER than Pontiac Factory-Engineered Parts. The parts we use are exactly the same as those installed at the factory—they always fit right—they always perform right.

Mr. and Mrs. Ken Herriman of Detroit are spending some time with their parents, Mr. and Mrs. Fred Pfahl and the Earl Herrimans. Marilyn Pfahl, who has been in Detroit came home with them.

Mr. and Mrs. Raoul Herriman and daughters, Joan, Neta and Judith have returned to Pontiac after a two weeks visit here and in Oscoda.

We are sorry to hear of Mrs. Frank Long's illness. Her daughters, Mrs. William Rapp and Mrs. Elwin Robinson are caring for her.

Mrs. Charles Brown and Mr. and Mrs. Raoul Herriman spent Wednesday evening in Reno with Mrs. William White.

We were all grieved by the death of Mrs. Arthur Cox and extend sympathy to Mr. Cox.

Mrs. Lester Biggs spent the past week in Saginaw with her children.

Everyone is busy threshing.

The Rural Women's Club enjoyed a picnic at the State Park on Wednesday.

Mrs. Charles Katterman is a little better. Mr. and Mrs. Russell Long of Bay City spent the weekend with her and Mrs. Long remained.

Ronald McIvor left Sunday for Detroit after spending the summer with his father.

Mr. and Mrs. Victor Herriman and family spent Sunday at Alpena with Rev. and Mrs. Paul Dean.

Mr. and Mrs. Charles Brown spent Sunday at Au Gres.

Mrs. Clarence Herriman took Harvey McIvor and mother, Mrs. C. Smith to Standish last Wednesday.

William Herriman returned home Saturday from the hospital.

Uses of Kelp
Several products obtained from kelp are used in munitions. During World War I, San Diego cut enormous tonnages of kelp which was used in making potash, iodine and acetone.

Making Camphor
Camphor is literally "sweated" out of the camphor trees, according to the World Book Encyclopedia. Branches of the tree are steamed until they give off drops of camphor as if they were perspiring. The camphor is then drained and pressed to remove the oil and water it contains, leaving whitish crystals.

Soybeans Cut HCL
The food shortage can be eased and living costs cut down by eating soybeans instead of more expensive foods, says Archibald Shamel, University of California citrus experiment station scientist. He advocates them as a protein and bread substitute. Shamel, a retired official of the federal agricultural department, played a large part in introducing hybrid corn.

STATE OF MICHIGAN
In the Circuit Court, for the County of Iosco

Max Heinrich and Matthew R. Lewis, Plaintiffs, vs. Hon. Murl K. Aten, Auditor General of the State of Michigan, Defendant.

Order Appointing Time for Hearing on Petition and Prescribing Form of Notice Thereon.

At a session of said Court at Tawas City, Michigan, on this 2nd day of August, A. D. 1948.

Present, Honorable Herman Dehnke, Circuit Judge.

On reading and filing the petition of Max Heinrich and Matthew R. Lewis for vacation of that part of the plat of Lakeside Heights Subdivision, hereinafter described, IT IS HEREBY ORDERED that a hearing on said petition be held in this Court on September 28th 1948 at 10 o'clock A. M. at which time all persons particularly interested and affected thereby may appear in opposition thereto.

IT IS FURTHER ORDERED that notice of pendency of this petition and of the time and place of hearing shall be published in the Tawas Herald and posted and served in accordance with the Statute in such case made and provided and that such notice shall be in the following form:

"TO WHOM IT MAY CONCERN
Notice is hereby given that a petition has been filed in the Circuit Court for the County of Iosco, State of Michigan by the undersigned Max Heinrich and Matthew R. Lewis as petitioners, praying for vacation of that part of Lakeside Heights Subdivision, Michigan known Iosco County, Michigan known as Lake Street as set forth on the plat of said subdivision as recorded in the office of the Register of Deeds for Iosco County, Michigan in Liber 3 on page 28 described as: Lake Street approximately 40 feet in width located between lot 64 and 65 and running northwest from Lakeside Boulevard a distance of 120 feet to Long Lake.

That an application for the granting of said Petition will be made to the said Court in its Court room in the town of Tawas City, Michigan on September 28th, 1948 at 10 o'clock A. M. at which time any persons particularly affected thereby may appear and be heard in opposition thereto.

Dated at Tawas City this 3rd day of August, A. D. 1948
Max Heinrich
Matthew R. Lewis.

Women's World Simple Tricks With Buttons Or Ribbons Will Alter Dress

By Erta Haley

ECONOMY and style are both on our minds when we want to do something to a dress to change its manners, its general outlook. Being women, nothing pleases us more than being able, with a simple trick or two, to do something magic to a dress and thus lead our friends to think that we have a brand new addition to the wardrobe.

Classic style dresses are easiest to change because their good tailoring can take all sorts of trimming tricks. Do you have a classic button-down-the-front style dress that needs a bit of something? Remove the self color buttons and add dash with gold or metal ones. Then sweep one of the new gold or silver belts on it and look at the result.

If you want to do something even more drastic, the pastel dress may be dyed a dark green, navy, gray, brown or black, and the metal button and belt combination will make it look perfect. In addition, you will have a dark dress that will be more suitable and practical for the cooler weather than the pastel one which you already have worn most of the summer.

What's to be done when you have a classic style with a full skirt that has no trimming? This dress can be relieved with touches of white. Use bias tape or rick-rack, lacing several rows of this around the lower part of the full skirt, and adding a few bands of the same trim to the sleeves or collar or both, depending upon the size of sleeves and collar.

Plaid Trimmings Are Popular

If you have a wardrobe which is primarily dark and have grown rather tired of it, why not brighten the

Buttons help trim dresses . . .

situation with bits of plaid trimming? Simple black cottons and navy blues take nicely to this treatment.

If you have a cardigan neckline on a dress, the whole of it can be outlined with a lively plaid. You might even make cuffs on the sleeves of the plaid.

When it's too complicated to add the plaid trimming to the neckline, you might change the belt on the dress by making that in plaid, simply adding cuffs to the sleeves and perhaps inserting a band or two of the plaid around the bottom of the skirt.

It's very easy to introduce plaid into a simple solid black, blue, brown or gray dress by changing the belt

And so do contrasting bands.

to plaid and making quaint pointed pockets of the same material.

If you have a dress or suit in plaid, the appearance of the whole thing can be changed by using white pique trimming at collars and cuffs. Or, if you prefer something different, select one of the colors in the plaid, purchase a solid material in that and use this for trimming collars

Be Smart!

Sheers belong to any season, especially when they're black or navy. The design sketched holds a rich promise of future fashion, too, in its magnificent development of back fullness. The unusual effect achieved by the apron is climaxed in a bow to accent the back silhouette. The simplicity of the bodice is the best possible foil for the dramatic skirt.

Padded Pillbox

This padded pillbox by Mme. Reine shows the trend toward the lower, rounder hat this season. This model comes in gay red felt with an upstanding, fancy feather of black and white at the back. The large dotted veil adds a touch of softness to the small but smart hat.

Eyelet Is Very Popular

Eyelet is very popular for trimmings, too. Since it is rather expensive you might satisfy your need for change simply with a bit of ruffled eyelet edging the collar and cuffs of the dress. If it has a button-down-the-front, edge this with eyelet.

What to Do With Buttons

Buttons on washable dresses usually find themselves in a weary corner as the season draws to a close. Most of these dresses, suits and blouses will benefit with a change of buttons, but be certain they are the same size to fit the button holes you already have on the garment.

Button treatments also are used on the sleeves to add interest. Simply run five or six buttons down the sleeve, beginning at the shoulder if you want to add above the waist interest on a tailored dress or blouse.

Another effective way of using buttons is in a diagonal treatment, either outlining pockets or simulating them.

For best effect, the buttons chosen should, in themselves, be interesting catching. When you want to point up interest in them, select a contrasting color instead of a matching one. Also, remember that buttons show up better on solids than on prints.

For bodices that are plain and will take buttons, a double breasted treatment of tiny gold buttons is frequently very effective. This is especially popular on such things as the bolero sundress type.

In some cases, you can use on your accessories the same button treatment that you have on a dress. Diagonal button treatments on gloves, for instance, frequently can tie them nicely to a certain dress or suit.

Buttons as well as bows are being used to gather up a part of a wide full skirt in some cases.

Bands and Bows Will Do Wonders

Have you ever thought of how effective a band trimming can be especially when it is used on a print dress or suit? When the print is crowded, the solid colored banding seems somehow to clean the print and define it.

If you have a two-piece print dress, try outlining the jacket with a band that matches one of the darker colors in the print. Use it around the front of the jacket, outlining it completely, and then use around the sleeves and pockets, too. Frequently this little trick will lift many a weary dress out of the doldrums.

Bias tape is best to use for this type of trimming because it's all folded and pressed. The tape comes in cotton and rayon so that you can select the proper type for your material.

Many band trimming effects can be relieved with bows made out of the trimming. These are especially effective for the youthful fashions.

The jacket of a summer dress for a girl in her teens may carry three or four widely spaced rows of banding for trimming. Bows can come at the closing of the bodice to hide snaps or buttons.

If you prefer, only the skirt may be band trimmed. Use one large bow on the highest band as a trimming. It's important not to overdo the bow part of the trimming, especially on the skirts, for their fullness is, in a sense, a lot of trimming.

If you have contrasting trimming anywhere on the dress, bows can be made of this material and attached to the pockets of the dress for more interest.

Star Dust

STAGE SCREEN RADIO
Released by WNU Features.

By INEZ GERHARD

THE popularity of "Portia Faces Life" is a strong argument for the intelligence of American women. Mona Kent, who writes the NBC daytime serial, starring Lucille Wall, knows that housewives' interests reach beyond their homes. If "Portia," a lawyer, tries a case in court, the procedure is shown. When her husband wrote for a movie company, we got an insight into the trials

LUCILLE WALL

and tribulations of a scenario writer. This is in sharp and welcome contrast to the belief of another top-notch writer of daytime serials, who claims that the women who listen to such programs don't care about anything outside their own experience.

Paul Stewart, back in the cast of CBS' "Crime Photographer," after working in RKO's "Weep No More" with Joseph Cotton, says he's through with "stubble acting." Stewart, who needs a shave throughout the picture, says, "with a close shave or a full beard you can play practically any part, but if the script calls for you to have a stubble, you're a gangster."

The long-awaited Marx Brothers picture, "Blondes Up," is before the cameras at last, for United Artists release. Betty Hutton's sister, Marion, makes her debut as one of the blondes. The other two are Ilona Massey and Vera Ellen.

John Agar, since making his film debut in "Fort Apache," spends at least two evenings a week reading and rehearsing scenes from Broadway plays. They're mostly love scenes, as wife Shirley Temple rehearses with him.

George Montgomery, who has been winding up his starring role in Edward Small's "Indian Scout" for United Artists, plans to take off for Europe soon, with Dinah Shore Montgomery. It will be his first European visit.

Irene Rich, who returned to the screen in "Fort Apache" and "Joan of Arc," had fun in New York recently, seeing herself as she was in the old silent films. The picture she viewed was "Lucretia Lombard," made 26 years ago, starring her and featuring Norma Shearer and Monte Blue. Even now, with graying hair, Miss Rich is as beautiful as when she was a young and popular star.

Frank Sinatra and Romo Vincent have taken options on the old Fatty Arbuckle comedies and will re-film them independently with the 280-pound Vincent in the Arbuckle roles. They planned the venture when both were working on the MGM lot. Vincent's latest picture is "Luxury Liner," in which he is featured with George Brent, Jane Powell and Lauritz Melchior.

The little girl who won notice from the critics 14 years ago as "Asia" in "Mrs. Wiggs of the Cabbage Patch" may win it again now that she is a grown-up, glamorous blonde in "My Dream Is Yours." She is Carmen Johnson.

Larry Robinson, "Brad" of "The Second Mrs. Burton," now has a head of flaming red hair—the result of a successful pre-Broadway road tour with "Life With Mother." He dyed his hair for the role of the eldest son.

Nicknames of states is the subject heading the list in questions submitted to the CBS "Everybody Wins" quiz show. State flowers and mottoes come next, with music questions third in popularity.

ODDS AND ENDS—"Look for the Silver Lining" is June Haver's ninth picture and also her ninth in Technicolor. She's never made a black and white one. . . . Alan Ladd got a kick out of watching his own funeral, the final scene in "The Great Gatsby". . . . Edward G. Robinson announces that "Valentino" is finally going to be filmed after years of preparation. . . . On the strength of his performance in the Betty Davis film, "Winter Meetings," Jim Davis has been signed by Eagle-Lion for "Red Stallion in the Rockies." He has been working as a cement mixer these last months to get in trim.

HOUSEHOLD MEMOS

by Lynn Chambers

These Foods Make a Picnic (See recipes below)

WE ALL AGREE that picnics are fun, but how's the food holding out, now that you've already had some picnics during the summer? Is the variety still there to tempt jaded appetites or are you ready for some quick and easy ideas full of inspiration?

You'll want to keep anything edible simple and easy to prepare as well as easy to carry because it's no fun to get worn out in the process of packing, and there is also nothing worse than arriving with soggy sandwiches as well as bruised fruit or muddled cake.

Everyone will feel better at picnics if you plan well balanced meals, so have your share of starches, vitamins and minerals.

Sandwiches are a standby, but they can have infinite variety. Add some crisp vegetables to the filling when you can, thus making the texture interesting and more delicious.

Plan to use fruit in season, carefully washed and wrapped, of course, so you can enjoy eating it. Cakes should be simple, and are best made in square or oblong pans, tucked in a box and cut when served. No chance for messing when it's done this way!

HERE ARE SOME delightful fillings for sandwiches which I know will be a hit with the folks. Chill the fillings, and they won't soak through the bread.

***Savory Ham-Vegetable Filling (Makes 8 sandwiches)**
16 slices bread
¾ cup softened butter
1 cup deviled ham
1 cup grated raw carrot
¼ cup chopped green pepper
½ teaspoon salt
¼ cup mayonnaise
Spread sliced bread and butter. On eight slices spread deviled ham. Combine green pepper, carrot, salt and mayonnaise. Spread carrot mixture on ham and place buttered slices of bread on top. Cut as desired and wrap well.

***Egg Salad Sandwiches (Makes 8)**
4 chopped hard-cooked eggs
1 cup minced celery
½ teaspoon salt
½ cup minced stuffed olives
¼ cup mayonnaise
Mix all ingredients together in order given. Spread filling on cracked wheat bread which has been buttered.

***Shrimp Sandwiches (Makes 8)**
¾ cup canned and cleaned shrimp, crabmeat or lobster
4 tablespoons butter or substitute
¼ teaspoon minced onion
1 teaspoon lemon juice
½ teaspoon mustard
2 tablespoons minced stuffed olives
White or whole wheat bread
Mince the shrimp and mix with the remaining ingredients. Chill thoroughly before spreading on bread.

***Chicken-Ham Sandwiches (Makes 6)**
½ cup ground, cooked chicken
½ cup ground, cooked ham
3 chopped, stuffed olives
1½ tablespoons mayonnaise
½ teaspoon lemon juice

***Mincemeat Goodies (Makes 4 dozen)**
1 cup shortening
2 cups sugar
3 eggs, beaten
3 cups sifted flour
1 cup mincemeat
1 teaspoon baking soda
¼ teaspoon ginger
1 teaspoon cloves
1 teaspoon nutmeg
½ teaspoon salt
½ cup chopped nuts
Cream shortening and sugar together until fluffy. Add eggs and flour enough to prevent mixture from curdling. Add mincemeat and dry ingredients, sifted together, and the nuts. The amount of flour varies with the amount of liquid in the mincemeat. The mixture should be stiff enough to drop from spoon onto a greased cookie sheet. Bake in a moderate (375 degree) oven about 10 minutes.

Have you ever served a shrimp salad in cucumber cups? Or try the salad in green pepper rings, garnished with wedges of red, ripe, well chilled tomatoes and deviled eggs.

Melons have an affinity for lime seasoning. Marinate wedges or balls of melon in the juice before serving them on crisp lettuce leaves.

Pimiento cups are a nice innovation for salads. Try filling them with an egg and celery salad.

LYNN CHAMBERS' MENU

- *Ham and Vegetable Sandwiches
- *Egg Salad Sandwiches
- *Chicken-Ham Sandwiches
- *Deviled Eggs
- Whole Tomatoes
- Potato Chips
- Grapes or Watermelon
- *Mincemeat Goodies
- Lemonade or Milk
- *Recipes Given.

Combine and spread on white bread.

DEVILED EGGS are handy to have on a picnic to eat either with the sandwiches, by themselves or with tomatoes or other relishes. Here's a tasty way in which you may prepare them without too much work:

- *Deviled Eggs.
- 8 hard-cooked eggs
- 4 tablespoon softened butter
- 1 teaspoon salt
- 1 teaspoon prepared mustard
- Dash of pepper
- 1 teaspoon vinegar
- Mayonnaise

Cut eggs in half lengthwise and remove yolks. Mash yolks and combine with butter, salt, mustard, pepper and vinegar. Add mayonnaise to make a creamy consistency.

Refill egg whites and sprinkle with paprika. Chill.

HERE ARE SEASONAL fruits suitable to take on a picnic: Apricots, plums, nectarines, peaches, berries, cantaloupes and watermelon. Oranges, apples and bananas are also good standbys. Grapes and cherries are delightful.

Berries and peaches may be washed, sugared and placed in mason jars with tight covers. If you are taking melon, it's best to chill it thoroughly, wrap in waxed paper, and cut and scoop out the seeds just before you serve it.

IF YOU LIKE easy-to-carry cookies to take along with you, serve them with the fruit or as snacks between meals if you are making the picnic a whole day affair.

***Mincemeat Goodies (Makes 4 dozen)**
1 cup shortening
2 cups sugar
3 eggs, beaten
3 cups sifted flour
1 cup mincemeat
1 teaspoon baking soda
¼ teaspoon ginger
1 teaspoon cloves
1 teaspoon nutmeg
½ teaspoon salt
½ cup chopped nuts
Cream shortening and sugar together until fluffy. Add eggs and flour enough to prevent mixture from curdling. Add mincemeat and dry ingredients, sifted together, and the nuts. The amount of flour varies with the amount of liquid in the mincemeat. The mixture should be stiff enough to drop from spoon onto a greased cookie sheet. Bake in a moderate (375 degree) oven about 10 minutes.

Have you ever served a shrimp salad in cucumber cups? Or try the salad in green pepper rings, garnished with wedges of red, ripe, well chilled tomatoes and deviled eggs.

Melons have an affinity for lime seasoning. Marinate wedges or balls of melon in the juice before serving them on crisp lettuce leaves.

Pimiento cups are a nice innovation for salads. Try filling them with an egg and celery salad.

Ends Bad Case of Constipation

"I used to have to take 3 or 4 pills regularly for constipation. Then I made KELLOGG'S ALL-BRAN my breakfast cereal and it proved to be a real regulator!" If your diet lacks bulk for normal elimination, eat an ounce of Kellogg's ALL-BRAN every day in milk—and drink plenty of water. If you are not satisfied after 10 days, send the empty carton to the Kellogg Co., Battle Creek, Mich., and get DOUBLE YOUR MONEY BACK. Order KELLOGG'S ALL-BRAN today.

Bow Hunting for Deer
At the end of the last fall season, the total number of arrow-killed deer during the 13 years of legalized bow hunting in Wisconsin was less than 1,000, considerably less than the salvaged illegal gun kill during the 1947 big game season. Today bowmen do not bag 1 per cent of the legal annual kill. More deer have been killed by automobiles than by bow hunters.

Specialist Predicts Toes Will Disappear

WASHINGTON.—A foot specialist predicted that 10,000 years from now nobody will suffer from ingrown toenails.

The reason is simple. By 11,948 A. D., people will have practically no toes. Hence, no toenails.

Dr. William J. Stickel, executive secretary of the National Association of Chiropractors, said:

"Feet, as we know them today, are on their way out."

At the end of 10,000 years, he says, the little toe will be completely gone. The other toes will be so retarded that the foot will look more like a hoof.

Shoes—and what some comic has laughingly called progress—are to blame.

As long as man used his toes to clamber up a tree, as long as he walked barefoot through the mud and let it squiggle up between his toes, there was some point in being a toe. And toes were happy.

And then, shoes. Toes were caged. Discontented, they allowed nails to grow in and bunions to grow out.

Go to any beach and try to get to the foot of the problem.

For every 1,000 lovely faces, or figures, or nicely shaped ears, it's difficult to locate one pair of decent feet.

Dr. Stickel aired his views in connection with National Foot Health week.

"I have studied the problem carefully," he said, "and have decided there is nothing rational the chiropractist can do to arrest evolution."

Sisters Meet For First Time

A London airport was the scene of the meeting of two sisters who had never seen each other before, although both were over thirty years old. When Miss June Morgan, 31, stepped down from the plane arriving from the United States she was greeted by her sister Violet, 34, now Mrs. Clifford Evans of Reading, England, who had been left in Great Britain as a child when her parents went to America, where June was born three years later. Each sister had photographs of the other and they had no difficulty in recognizing each other at the crowded airport.

Motorist, 91, Stands on Head to Prove He's Healthy

SALT LAKE CITY.—A 91-year-old motorist here thinks he's in better health than most younger drivers. He has one convincing argument.

Mads M. Christensen stands on his head to silence skeptics.

The enthusiastic motorist drives a 1923 model car. "I'll be dagnabbed if I would want to go back to the old horse-and-buggy days," he smiles. He bought the car 23 years ago.

Christensen credits his health to eating only two meals a day, growing a beard and not smoking or drinking. He thinks men would be healthier if they wouldn't shave.

Thirteen-Year-Old Mystery Still Puzzles Sheriffs

EL PASO, TEX. — Somewhere in the eroded butte country of eastern New Mexico there are the bones of four people—two men and two women who disappeared 13 years ago while on a trip to the West coast.

Mr. and Mrs. George Lorus of East St. Louis, Ill., and their traveling companions, Mr. and Mrs. George Heber of DeQuoin, Ill., spent the night of May 21, 1935, in Vaughn, N. M. They apparently reached Albuquerque, N. M., where postcards bearing their handwriting were mailed the next day.

There the trail ended. The Lorus' 1931 model automobile gave authorities their only clue. A nervous young man with a prominent adam's apple abandoned the car in Dallas after passing through El Paso. He left a trail of Lorus' travelers' checks before he disappeared in Dallas.

Texas and New Mexico sheriffs in this sparsely populated country along the Mexican border never have doubted that the party was murdered. Murder, however, can't be proved until the body is found and there has never been a trace of the Illinois couples.

Radio Device Helps Baby Sitter Care for Children

SHANKS VALLEY, N. Y.—A radio baby sitter for student veterans living here has been put into operation by Maj. J. L. Wood of Seattle.

It enables one baby sitter to take care of a number of children in their own homes on such occasions as community dances.

Maj. Wood is living here with his wife and two children while studying at Teachers' college. Before he entered the army he was in commercial radio.

His procedure is to place a microphone near the crib of each baby to be watched and connect it to an amplifier in his own home.

Each amplifier is labeled with the name of the baby being watched. In each home he also places an alarm clock near the baby so that if its ticking ceases the baby sitter will know that the radio device is no longer working.

The microphone is so sensitive that it will even transmit the sound of the child's breathing.

Thief Apologizes, Returns Loot; Identity Kept Secret

TACOMA, WASH.—Police were puzzled about whether or not to continue search for a bandit who held up and robbed an ice cream store of \$90 here, then, hours later, changed his mind and returned the money.

Mrs. Edyth Eaton, victim of the robbery, told officers the robber called her up and apologized for taking the money. She said she then urged him to return it saying she would not reveal his identity to police. He returned the money and she kept her promise.

AROUND THE HOUSE

If your scouring powder comes in cardboard containers which go to pieces before the powder is used up, make your own permanent container by using an empty mayonnaise jar in the top of which you have punched holes. To keep this glass "powder shaker" from slipping out of your wet soapy hands, put some strips of adhesive tape around the sides of the jar.

When raisins get stale and hard, they can be freshened and used if you put them in a strainer and set the strainer with a cover on it over a pot of boiling water for about 15 minutes.

To keep sandwiches fresh, wrap them in waxed paper; but before you fold the paper over, run a warm iron along the double edges. The wax will melt and the edges will fuse.

To avoid steaming up the bathroom when you draw your bath, run cold water first and then add hot water to it until you get the desired mixture. After a shower, turn on the cold water for a few minutes to clear up the steam.

When you empty a hot-water bottle, blow air into it and then screw the stopper in.

The gummy residue left by adhesive tape on your skin or on any other surface is easily removed with nail polish remover or cleaning fluid.

Most common types of shoe polish can be removed with cleaning fluid. Or, on washable whites, let the polish dry and then brush most of it off. After that, wet it and let it dry again so you can brush it again.

In an emergency, when you haven't time to change from your best shoes to your house ones for some last-minute cooking or dish washing, protect the shoes by slipping paper bags over your feet and secure them at the ankles with rubber bands.

HUBBY LEARNS HOW RED STAR DRY YEAST SAVES TIME

QUICK METHOD HARVEST TIME PAN ROLLS.

2 packages Red Star Dry Yeast	3 tablespoons sugar
1/2 cup warm water	2 teaspoons salt
1 1/2 cups sour cream	1/2 teaspoon soda
	5 cups sifted flour

Disolve 2 packages Red Star Dry Yeast in 1/2 cup warm water. Let stand 2 to 3 minutes. Scald cream. Add 3 tablespoons sugar, salt and soda. Cool to lukewarm. Stir yeast solution thoroughly and add to remaining flour and mix well. Turn out on lightly floured board and knead for 3 minutes. Shape into smooth ball and place in greased bowl. Brush top lightly with shortening. Cover and let rise in warm place for 30 minutes. Punch dough down. Shape into round biscuits and place closely together in a greased pan. Cover and let rise in a warm place for 5 minutes. Bake in a moderately hot oven (400° F.) 18 to 22 minutes. Makes 2 dozen biscuits.

A party was held Saturday evening at the Oscar Alstrom home in celebration of his birthday and also that of his daughter, Maria Ayling. Cards were played and movies shown during the evening, after which lunch was served to the twenty-five guests. Out of town guests were Mr. and Mrs. Jack Larson and sons and Miss Esther Larson of Oscoda. Mary Lou Poppe of Royal Oak, Mrs. O. Ernst of Mt. Clemens, Alice Burgeson of Detroit, Mr. and Mrs. Adrian Ayling and daughter of Adrian, Ruth and Louise Alstrom and Reuben Logan of Bay City.

Miss Lela Osgerby of Sand Lake entertained at a birthday dinner for Mrs. Frances Bigelow last Monday.

Mrs. S. S. Marr, Mrs. Charles Chmittidie, Carl and David Siglin of Detroit are visiting with Mr. and Mrs. Sam Siglin. The former is a daughter and the boys are grandchildren of the Siglins.

Rev. Ralph W. Smith, pastor of the Presbyterian Church of Renssler, Indiana, visited over the week-end with his brother, Rev. Wayne Smith. He also filled the pulpits of Tawas City and East Tawas Methodist churches last Sunday morning as a visiting pastor.

Mrs. Ralph Smith and two children also visited with the Wayne Smiths.

Miss Nathleena Fairfield of Ann Arbor has been visiting this week at the home of her brother, Charles Fairfield in East Tawas.

Carl Small has returned from St. Mary's Hospital, Saginaw, where he had been taking treatment the past two months.

Mrs. Marian Newcomb returned home from Wayne University, Detroit last Friday where she had been taking a summer course.

Mr. and Mrs. Blythe Allen of Bay City spent a few days with Mr. and Mrs. Roy Sims.

Miss Phyllis Klenow of Aquanis College, Grand Rapids, has returned home for a season.

Mr. and Mrs. John Alen of Milwaukee, Wisconsin have been visiting for a week with Mr. and Mrs. Roy Sims.

Mrs. Arthur Cowan was taken to Mercy Hospital, Bay City, Tuesday evening for treatment. Her daughter, Mrs. Roy Applin accompanied her.

Mr. and Mrs. John Mielock and family and Mr. and Mrs. Ernest Mielock and family attended the Mielock family reunion held at the home of James Mielock in Whittemore last Saturday.

Mr. and Mrs. Adrian Ayling and daughter returned to Adrian on Monday after spending the week end at their home here.

No. 4 Continued from First Page.

cow pointed to a real opportunity for the average dairy farmer to improve his income through better management of the dairy herd.

Times ahead may not be so good, but for the farmer who keep accurate accounts improves the fertility of his soil by the liberal use of fertilizers and proper crop rotations and by maintaining high efficiency in his livestock, a satisfactory income may be maintained through most of the years.

Iosco farmers who have been cooperating through the county agent and the Michigan State College are Will Waters, Dornace Bellville, Alex Robinson, Charles Bielby, and Kenneth Huff. A class of 16 veterans instructed by Eugene Milligan of Hale, have started farm accounts and many will be cooperating in the area summaries.

rection. He agreed to present the idea at the next meeting of the Consistory Board and let us know the result.

At 8:00 p. m. I attended the Hospital Board meeting in Read Smith's office in the Courthouse, where men, who are so faithfully serving the cause assembled for an extended meeting to advise, counsel and help as they saw opportunity.

The day began at 5:00 a. m. at Bay City when I had breakfast and started for Tawas and ended at 11:00 p. m.

One thought only prompts this recital of what constitutes a day in this service and that is the hope that folks may see something of the energy that must be expended to tell this story so that you and your children and children's children may have the facilities of a modern hospital. Some days it is but natural for one to say, "I am all fed up on indifference, intolerance, ignorance and small giving."

Then you meet a chap like, for example, Bill Trudell, who operates a bump shop and general repair shop for automobiles and he talks as follows, "Yes, I am just starting out and every penny counts. I built this little shop and my home adjacent to it and I have a place for every dollar I make but I want to do my share and I'll be guided by your advice as to the amount I should give."

One goes away from such a conference wondering why there aren't more Bill Trudells in the community.

I have observed this: The really happy fellow is the "Giving" one and it seems to follow that prosperity attends him whereas the one with a gripe about one phase or another of the program, whether it is this or anything else does not seem ever to be really getting places.

This job can only be done by cooperation. The rest of the area is watching what we are doing. Someone said today, "Do you mean to tell me that at last the Tawas have united to do a really big thing—together. I said "Yes, they are." When I last saw him he was still shaking his head and I heard him say, "I guess we must be living in the age of miracles." This is a good time to verify my statement—that we ARE pulling together.
