Split 2 Close  
Games Over  
Week EndDefeat Hale 4 to 3;  
Lose Exhibition  
Game to Alabaster

The Tawas City Independents split in two closely contested games over the July 4th week-end. In a NEM league game last Sunday, Tawas City downed Hale 4 to 3, and in an exhibition game on the Fourth of July, Alabaster won over the locals 5 to 4.

Scoring a run in the fourth and three in the fifth was all the scoring Tawas did against Hale, but enough to squeeze by the west county boys. Hale took the lead in the first by scoring one run, and then scoring their final two markers in the fourth. Rollin and Look handled the mound duties for Tawas City, allowing six scattered hits, while J. Miller went the distance for Hale, also allowing six hits.

No player hit safely more than twice, with Look doing the trick for Tawas City and Perry Shellenbarger and Grant Shellenbarger for Hale.

Martin was on the mound for Alabaster in the July 4th game, with Tawas City getting to him for eight hits. Look and Rollin, again shared the mound duties for Tawas City, setting the Alabaster boys down with six hits. Alabaster sent runs across the plate in the first when two scored on one hit, and three in the third on two hits. Tawas City scored one in the first on one hit, two in the fourth with two hits, and one in the fifth on one hit.

In the ninth, Tawas City had the bases loaded but failed to score, when Martin caused Groff to ground out for the final out.

Wegner and Westcott each had two hits for the locals, while John Bolen slammed out two hits for Alabaster, one being a triple.

## Softball--

Nelkie's Dairy and Beckett's Real Estate continued to lead the Tawas Softball League this week with Nelkie's having a record of five wins and no losses to Beckett's four wins and no losses. With the top two teams battling it out last night at the D. & M. diamond it looks as though it will be a very interesting race for top honors in the league the remainder of the schedule.

Next Wednesday evening will begin the second round in the schedule, and several teams will be playing games this week-end which were postponed on account of rain to complete the first round.

The new softball league has become quite an attraction to the fans in this area, with some pretty good sized crowds attending the games. Two league games are scheduled every Monday, Tuesday, Wednesday and Thursday evenings. The contests begin promptly at 6:30 p. m. and are held at the Tawas City diamond, near the disposal plant and at the D. & M. diamond on the Tawas Beach road.

In games last week, Thursday, June 29, the Tawas City Fire Department won over the Junior Fire Department 22 to 19 at the Tawas City diamond. Beckett's Real Estate won over Fletcher All-Stars 12 to 2.

Monday night, Nelkie's Dairy downed the Junior Fire Department, 21 to 12 at the D. & M. and Tawas City Lutheran won over Fletcher's 9 to 1 at Tawas City.

Tuesday, all games were postponed.

Wednesday the Tawas City Lutheran won over Anderson Coach 14 to 1, Fletcher's and the Junior Fire Department will play their postponed game at the Tawas City diamond Friday evening.

## Sheldon-Mochty

Miss Louise Mary Mochty, daughter of Mr. and Mrs. Edward W. Mochty of East Tawas and Elmer Norman Sheldon, son of Mr. and Mrs. Elmer V. Sheldon of East Tawas were united in marriage at St. Joseph's Catholic church last Saturday morning, July 1 at eight o'clock. Rev. Fr. Newman performed the ceremony.

The bride wore a white shark-skin suit with matching hat and corsage of red roses and white gardenias, Miss Arlene Lewitzke of East Tawas, acted as bridesmaid. Her suit was of navy blue gabardine and she wore a corsage of white gardenias. Harold A. Pfeiffer attended the groom.

A wedding breakfast was served to the immediate families at the home of the bride's parents.

Mr. and Mrs. Sheldon went on a wedding trip through the Upper Peninsula. They will be at home in East Tawas.

Guests from Detroit, Flint, and Port Huron attended the wedding.

Freel Family Reunion  
and Picnic Held July 4

The families of Joseph, Arthur and Judson Freel of the Townline and George and August Freel of National City held a family reunion and picnic on July 4th. The picnic was held at the Arthur Freel home on the Townline with 85 present. A splendid picnic dinner was served and everyone enjoyed a fine time.

Out of town relatives present were from Owosso, Flint, Detroit, Whittemore, National City, Tawas City, East Tawas and Alabaster.

## Bookmobile News

Interest in the rural reading clubs now in their fourth week is steadily increasing. Many boys and girls come to the Bookmobile in colorful western attire. At the Vine School Lyle Warner mounted his pony and galloped down M-55 to "round up" Larry Klenow to remind him to come to the Bookmobile. In a few minutes Larry raced down M-55 on his pony in the best western style.

The Bookmobile carries 150 books for adults. There are facilities for carrying more adult books if there is a demand for them.

Mr. and Mrs. Joseph Fox (Ethel Rempert) have returned from their wedding trip and are making their home in the Boomer apartment on First Street.

Rev. Francis Murray of Saginaw is visiting his parents this week.

July 4 Holidays  
Bring Many to  
Iosco CountyCelebration at Hale;  
Boat Races, Fireworks,  
Attractions at Tawas

A large number of home-comers and tourists visited Iosco county during the July 4th week-end. Operators from all sections of the county reported that their cabins and cottages were filled to capacity. The boat races, parade and fireworks at East Tawas and the old-time celebration at Hale furnished entertainment for many thousands of people during the three day holiday period. Many participated in the fishing opportunities of the bays, lakes and streams.

Strong winds Sunday greeted the boat races on the bay, but the remainder of the three-day program was favored with excellent sailing.

Winners in three three sailing classes were: Stars—Schreck; Lightning—McKinley brothers; Nationals—Wickert

.....Sunday—Stars: 1st, Schreck; 2nd Dillon. Lightnings—1st McKinley; 2nd McKay; 3rd Nelson; 4th Dr. Hess. Nationals—1st Wickert; 2nd Mooney; 3rd King.

Monday—Stars: 1st Schreck; 2nd Dillon. Lightnings—1st McKinleys; 2nd Nelson. Nationals—1st Wickert; 2nd King; 3rd Mooney.

Tuesday—Stars: 1st Schreck; 2nd Dillon. Lightnings—1st McKinley; 2nd McKay; 3rd Nelson; 4th Dr. Hess. Nationals—1st Wickert; 2nd Mooney.

The Heineman cruiser acted as rear admiral boat during the events.

The U. S. Coast Guard, assisted by the newly organized Tawas Coast Guard Auxiliary patrolled the course. Members of the auxiliary recently passed the power squadron examinations and are wearing their new uniforms. In addition to the Coast Guard Buoy Tender Acadia, there were more than 20 power boats from Bay City, Detroit, Saginaw, and locally owned on the bay during the three-day boating events.

Entertain at  
Pre Nuptial Shower

Last Friday afternoon, June 30, Mrs. J. A. Carlson entertained for Miss Jane Tomlinson at a reception and pre nuptial shower at the Methodist church parlors from 3:00 to 5:00. Miss Tomlinson will marry Jack Carlson early in September. The serving table, set with a lace and linen cloth had a centerpiece of pink and white roses, carnations and baby breath. Bowls of red and pink roses and peonies decorated the room. There was a tiered cake topped with white doves.

Assisting hostesses were Mrs. J. S. Herrington, Mrs. James Kline, Miss Helen Applin and Mrs. Anna Hanson. Mrs. Russell McKenzie assisted with gifts and Miss Marie Nash and Miss Helen Applin poured.

Jane, who wore a corsage of cream glads opened many lovely gifts.

Gives Inspiring  
Talk to Rebekahs

On Wednesday evening, Mrs. Fern James, vice president of the Rebekah Assembly of Michigan, was a visitor of Irene Rebekah Lodge. She gave an inspiring talk during the evening. After the business session refreshments were served in the dining hall. Tables were decorated with bouquets of roses and pink and green crepe paper and favors.

## Reeves-Edmonds

Saturday afternoon, July 1, marked a lovely church wedding when Betty Jeanne Edmonds, daughter of Mr. and Mrs. Leslie E. Edmonds of East Tawas became the bride of Corporal Albert Thiron Reeves, son of Mrs. Leonard Hamilton of Steele, Missouri.

The wedding took place at the Methodist Church with Rev. L. Wayne Smith officiating. The altar was banked with mock orange blossoms and peonies.

The bride, given in marriage by her father, wore a gown of blush pink satin with net inserts and an imported veil secured with a Chantilly lace cap. She carried a fan shaped bridal bouquet of white roses and English ivy.

Miss Jane Gordon of East Tawas acted as maid of honor and Miss Gay Gordon of East Tawas as bridesmaid. Patty Shupert of Alpena, cousin of the bride, was the flower girl.

The attendants were all attired in white net with chantilly lace inserts with caps, fashioned of pink flowers and satin ribbons. They carried fan shaped bouquets of glads and ivy.

Orville McDonald, Jr., attended the groom. Ushers were Corporal Tom Thompson, Corporal B. Crane and Earl Edmonds, brother of the bride.

Mrs. Edmonds, mother of the bride, chose a sheer print gown with white accessories and a corsage of pink carnations.

A reception for 100 guests was held in the Methodist church parlors after the ceremony. The bride's table was decorated with mock orange blossoms and a three tiered pink and white wedding cake topped with miniature bride and groom and white doves holding wedding rings. Miss Ruth Haddix served the cake and Miss Rosie Younovich of Detroit served the punch. Miss Ardith Lee presided over the salad bowl.

The couple left on a wedding trip to Steele, Missouri. They will be at home in East Tawas after July 10.

Visitors from out of the city at the wedding were Mr. and Mrs. James French and daughters, Gertrude of Alanson, Mr. and Mrs. Melvin Smith, Mr. and Mrs. Arthur Smith and family, Mrs. Norman Passon, Mr. and Mrs. Thomas Atkinson and daughter, Marjorie, Mr. and Mrs. Ernie Atkinson, all of Lachine; Mrs. Herman Edmonds and sons, Mrs. Myrtle Sheldon, Mrs. Pityver, Miss Rosie Younovich, all of Detroit; Mr. and Mrs. Ed. Shupert, daughter Patty and son, Joey, Mr. and Mrs. Earl Palmer and daughter, Marian, Mr. and Mrs. Clare Hilla, Mr. and Mrs. Clarence Morton of Alpena, Mr. and Mrs. Floyd Edmonds and daughters and Mr. and Mrs. Gordon LaCross of Flint.

## McCardell-Martin

The ballroom of Dearborn Inn was the scene, June 17, of the marriage of Margaret Edith Martin, daughter of Mrs. Frank Vincent Martin, of Detroit, and the late Mr. Martin, and Archie Richard McCardell, Jr., son of Mr. and Mrs. Archie R. McCardell, Sr., 801 East Nine-Mile road, Hazel Park.

Lighted tapers and clusters of white peonies formed the improvised altar where the Rev. Tracy Pullman officiated. A reception and buffet supper followed the rites attended by 175 guests.

Given in marriage by her brother, Jacob G. Brown, the bride wore a gown of candlelight satin enhanced by her veil of heirloom lace. Her bridal bouquet was centered with a white orchid which she later pinned to her coral gabardine going-away suit.

Maid of honor was the bride's sister, Ruth Joy Martin, Jerry Lee Smith, her niece, Puck Pool of New York City, Thelma Lorenza and Janet Tuovey were bridesmaids. All were gowned similarly in green organdy and carried orange lilies and acacia. Flower girl was the bridegroom's sister, Jo Anne, who wore floor length frock of white organdy and carried a basket of rose petals.

Allan McCardell served his brother as best man. Another brother, Arnold McCardell, George Hamilton, Noral McNeely and Archie Carmichael ushered.

A gown of silver grey lame was chosen by the bride's mother. She wore purple orchide. Mrs. McCardell greeted guests in a dusty rose robe and lace gown studded with rhinestones.

After a three week's motor trip the newlyweds will live in Dearborn.—Royal Oak Daily Tribune.

Wins in Statewide  
Poster Contest

Miss Virginia Bielby, daughter of Mr. and Mrs. Willard Bielby of East Tawas won first prize in the State contest for fourth to sixth grade Poppy Posters. She won first prize in the tenth District and was given a prize by the local American Legion Auxiliary who sponsored the contest under the chairmanship of Mrs. Evelyn Price. Virginia will now compete for the National prize.

Surf City Variety Store  
Operated by Ken Smith

One of the most modern and best patronized of the stores of Surf City way is the popular Ken Smith's Variety Store on the Boulevard, adjacent to the Surf City Hotel. During the summer season you will always find Ken and a staff of three employees busy as beavers serving the crowds that come here regularly for such diverse items as beach supplies, notions, novelties, drugs and toiletries, newspapers and magazines, beach apparel, toys, and many other things too numerous to detail. The big attraction at Ken Smith's Variety Store this season is the new and modern fountain. Here you can sit down in comfort and enjoy delicious sodas, milkshakes, sun-dae, sandwiches and complete lunches.

Ken Smith built his store four years ago, and in this, his fourth season, he is going all out to please his many friends and customers in every way possible. The doors are open from 8:00 a. m. until 1:00 or 2:00 in the wee hours of the next day. Ken is never too busy to have a friendly welcome for all. Aside from his business activities, he also takes a real interest in the progress of Long Beach Island and is always ready to give his support to any movement for community improvement. —Newspaper clipping from the Beach Haven (N. J.) Times. Ken is the grandson of Mrs. Stephen Smith of this city.

Preparations  
Being Made for  
Archery MeetNational Tournament  
Will be Held Here  
August 17 to 21

Arrangements for entertaining the annual convention of the National Archery Association to be held here August 17 to 21 are progressing satisfactorily, states Charles Nash, general chairman, "but right now we have some real manual labor in preparing the target courses, and we need some volunteers," he said.

Five target courses are being prepared at Silver Valley under Don Phillips, field engineer. These courses are 65 to 80 yards in length. The manual labor and volunteer workers are needed for brushing these courses. Three smaller courses are being arranged in the old C. C. C. area. John E. Franson and the Huron National Forest are cooperating in the project.

Archers from all sections of the United States and from foreign countries are registering for the event and Arthur Johnson and his committee have the responsibility of providing housing for the visitors. It is anticipated that there will be 700 or 800 archers and their families here during the event.

Many young "Robin Hoods" are appearing on the streets wearing the souvenir hat announcing the National Archery Tournament. These hats may be purchased at any store in the two cities and the profit will go toward financing the event.

The following are in charge of the various Tawas Chamber of Commerce committees preparing for the convention and tournament.

Charles Nash—General chairman.

Treasurer—D. Arthur Evans. Meals and Banquet—Earl Hester. Program—W. D. Nunn and Harold Gould.

Housing—Arthur Johnson. Transportation—E. D. Jacques. Field engineer—Don Phillips. Publicity—Paul Ropert. Official Photographer—Harvey Watson.

Manufacturer's Display—Ray Bristol. Extra Awards—Randall Fox and Joe Allen.

Entertainment—Stanley Humphrey. Humphrey is substituting for Floyd Ketcherside who suffered a heart attack while on the recent Bay City Chamber of Commerce cruise. Mr. Ketcherside is at the Sault Ste. Marie Memorial Hospital where he will remain for the next three weeks. He is reported to be convalescing satisfactorily from the attack.

Invites Visit to  
New MotelOpen House to Friends  
July 10 to 15

Cecil Cabbie has just completed six additional units to his cabin court on Lake street. This increases the facilities of his ultra modern resort to 15 units. He invites the residents and merchants of the area to visit him during open house, between July 10 and 15, and see the fine accommodations provided.

Ultramodern in every respect, this resort has a large sandy beach and is especially adapted for families with children. The cabins are provided with electric refrigeration, gas stoves and other modern facilities. The walls are soundproof.

## WEEKLY NEWS ANALYSIS

# Russia Offers Cold War 'Terms'; Dewey to Retire From Politics; F. B. I. Arrests Two in Spy Case

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

## COLD WAR:

## New Peace Terms

Observers are speculating over so-called cold war peace terms reportedly acceptable to the Russians which include a demand that the United States cease helping to re-arm western Europe.

It was an ironic demand because at the same time the Soviet agreed to recognize the Atlantic pact as a legitimate regional defense group under the terms of the United Nations charter.

It is this pact that pledges the western nations to mutual aid.

The Soviet also had three demands on the Far East:

(1) Elimination of the United Nations of the representatives of Generalissimo Chiang Kai Shek's government.

(2) Acceptance by the western powers of the Russian "gold ruble" as the basic currency for China's foreign trade.

(3) Soviet participation in the conclusion of a peace treaty with Japan which would guarantee the latter country what Moscow considers to be "political freedom."

In the European field, the Soviet had four rather vague offers:

(1) Unification of Germany within the framework of the Potsdam agreement.

(2) Neutralization of Germany.

(3) Withdrawal of all occupational forces from Germany.

(4) General reduction of armaments and armies, including the abandonment of conscription.

Observers did not believe the terms would be attractive enough to bring about any settlement of differences between the East and the West. Russia, as usual, wants a great deal but is vague about tangible returns.

## DEWEY:

## Plans to Retire

One of the most spectacular careers in modern American politics has come to a halt, at least temporarily.

Governor Thomas E. Dewey of New York has announced he will retire from politics after 20 years in public life and probably return to private law practice when his second term expires next December 31.

Dewey said in a one-sentence statement which he personally distributed to reporters, "I shall not be a candidate for re-election next fall." He renounced further personal White House ambitions last December.

As expected, his announcement raised a number of questions in the New York state political picture as well as on the national scene.

Dewey, New York's only Republican governor in the past 30 years, added, however, that he would continue an active interest in public affairs. He promised to speak out on "issues affecting the welfare of the state and nation," especially foreign affairs.

He rose to political prominence when he pyramided his fame and methodical efficiency as a racket-busting prosecutor in New York city into two terms as governor and two nominations for President. He was defeated by President Roosevelt in 1944. In 1948, he lost to President Truman.

The governor said he had made no definite decision as to his plans, but intended to get much rest. He said there was nothing wrong with him physically that a long vacation would not cure. He is just "tired," he added.

## HUNGARY:

## Demands Ransom

The custom of blackmail, ransom and intrigue so often employed by the Nazis in the reign of terror over Europe, has put in a more obvious appearance under the Communists.

Hungary has demanded the ancient crown of St. Stephen as ransom for Robert A. Vogeler, imprisoned American businessman. According to reports from Europe, Hungarian Communists have offered to swap Vogeler for the 1,000-year-old crown which is the symbol of Magyar royalty.

The crown was taken from Hungary by the Nazis and later found by the American troops in Germany.

## CORPORATIONS:

## Increased Taxes

When the election conscious house and senate began a program of tax cutting after President Truman offered his budget, he warned any reductions must be met with revenue from other sources.

Now, the house ways and means committee, obviously bidding for presidential approval of the excise-tax cut, had voted a \$433,000,000 increase in the yearly tax on big corporations.

## Admits Spying

David Greenglass, 28, former noncommissioned army officer, has admitted giving Russia information about the atomic bomb. He was the third person arrested in the spy ring since the British scientist Klaus Fuchs was taken into custody.

## ESPIONAGE:

## New Arrests Made

Since British scientist Klaus Fuchs admitted spying for Russia the F. B. I. has been closing the net around associates in the United States who passed along classified atomic information to him.

As a result two new arrests have been made. One of the accused admitted that he passed along atomic secrets from the Los Alamos, N. M., plant in 1945.

He is David Greenglass, a 28-year-old former Communist league leader who explained his act: "I felt it was gross negligence on the part of the United States not to give Russia the information about the atom bomb because she was an ally."

The other accused, Dean Slack, a 44-year-old Syracuse, N. Y., chemist, denied he knew Henry Gold, the first arrested in this country. He added he was not and never had been a Communist.

Both men are held under \$100,000 bonds.

Meanwhile, a grand jury investigating Amerasia case, which has been much in the headlines recently, cleared the administration's handling of the stolen documents case, but strongly recommended the impaneling of a new grand jury to continue the investigation.

Also in connection with the case, Emmanuel S. Larsen, himself arrested and fined in the 1945 case that hinged on the theft of hundreds of diplomatic and military papers, told a senate investigating committee he regarded former navy lieutenant Andrew Roth as a "Communist," and the principal conspirator in the stolen-documents case.

Government officials indicated that the arrest of Slack and Greenglass was only the beginning in the battle to break up what may possibly be one of the greatest spy rings in the history of this country.

## COMMUNISTS:

## Defeat by Ballot

Political observers were pleased with the outcome of the state election returns in the Ruhr section of Western Germany. They felt it was a defeat of the Communists by the ballot.

In the British zone the voters picked a 215-seat parliament and voted on a proposed state constitution. The returns indicated Communist strength had tumbled to a postwar low when they received only 5 per cent of the valid ballots, compared with 14 per cent in the election three years ago.

The workers, however, favored the proposed state constitution with its socialization clause:

"Large factories of the basic industries and undertakings which, because of their monopolistic position have special significance, shall be transferred to common ownership."

The specific industries were not named in the draft.

Western observers felt the elections justifiable in that they would:

1. Give the new nationalist parties, which were not even in the arena in the federal elections last August a chance to show their muscle.

2. Tell whether communism is gaining in Western Germany.

3. Test the popularity of the West German Federal Government's policies.

## Rent Control

The house and senate committees considering rent control have agreed upon a six-month extension of federal controls and another six months in communities which want them.

Although both branches of congress must approve the measure, there seemed little doubt that they would do so.

Observers said the bill will be on the President's desk before June 30.

## LABOR:

## Degree of Unity

A degree of future unity between big labor unions appeared on the horizon as the A.F.L. and the C.I.O. worked on plans for their pending cooperation conference. The one notable exception, however, was the uninvited United Mine Workers.

UMW chief John L. Lewis was not happy at being left out of the conference. He said a conference without his union is no way to achieve labor unity.

While he was making that statement, the national labor relations board took a swat at the UMW by ruling it broke the Taft-Hartley law by a campaign of violence to organize employees of a Harlan county, Kentucky, department store.

The board ordered the union to cease assaulting, or threatening the store employees. If the union ignores the order it could eventually lead to possible jail sentences or fines for union officials.

But while the UMW struggles with its problems, there were long strides by the other union toward cooperation—if not eventual merger.

Among the developments:

1. Joseph D. Keenan, top A.F.L. political organizer addressed the C.I.O.'s political action committee. His subject was a renewed effort by the union to unite to repeal the Taft-Hartley law.

2. A cross section of American labor ranks attended a two-day meeting aimed at raising assistance for the Israeli federation of labor.

3. The Brotherhood of Railroad Trainmen accepted C.I.O. proposal for a committee to work together on common problems and eventually aim at consolidation.

## INFLATION:

## To Financial Ruin

Former President Herbert Hoover, in a speech before the U. S. Junior Chamber of Commerce convention in Chicago, has again warned that financial disaster is in prospect for the country unless the government curtails its spending policies drastically.

Unless an immediate halt is ordered on spending, Mr. Hoover predicted the undermining of an economy which he said would provide one million new jobs annually. For 17 years, he maintained, Democratic administrations had continued the spending spree.

"Financing government deficits by borrowing, if continued long enough, has only one end—inflation," the former President said. "We ourselves have already decreased the purchasing power of the dollar about 50 per cent, and we are still creeping along the road. The five-cent telephone call and the five-cent fare have already gone, and the five-cent bar has shrunk. A new round of inflation is now appearing in direct or indirect wage and salary increases and rising commodity prices."

"If we keep on this road, we are certain to realize the President's ideal of \$4,000 a year to every family. But it will not have \$4,000 purchasing power."

"To this question of further government borrowing to meet deficits, my answer is that it is the road to disaster for every cottage in the land."

## DEFICIT:

## At 3.8 Billion

The administration has predicted a \$5,400,000 deficit by the end of the fiscal year June 30, but shortly before the deadline it appeared the amount would be well under the estimate.

A \$773,625,000 interest payment on the national debt boosted the deficit to \$3,887,529,000. The payment was made two weeks before the end of the fiscal year.

## To Retire

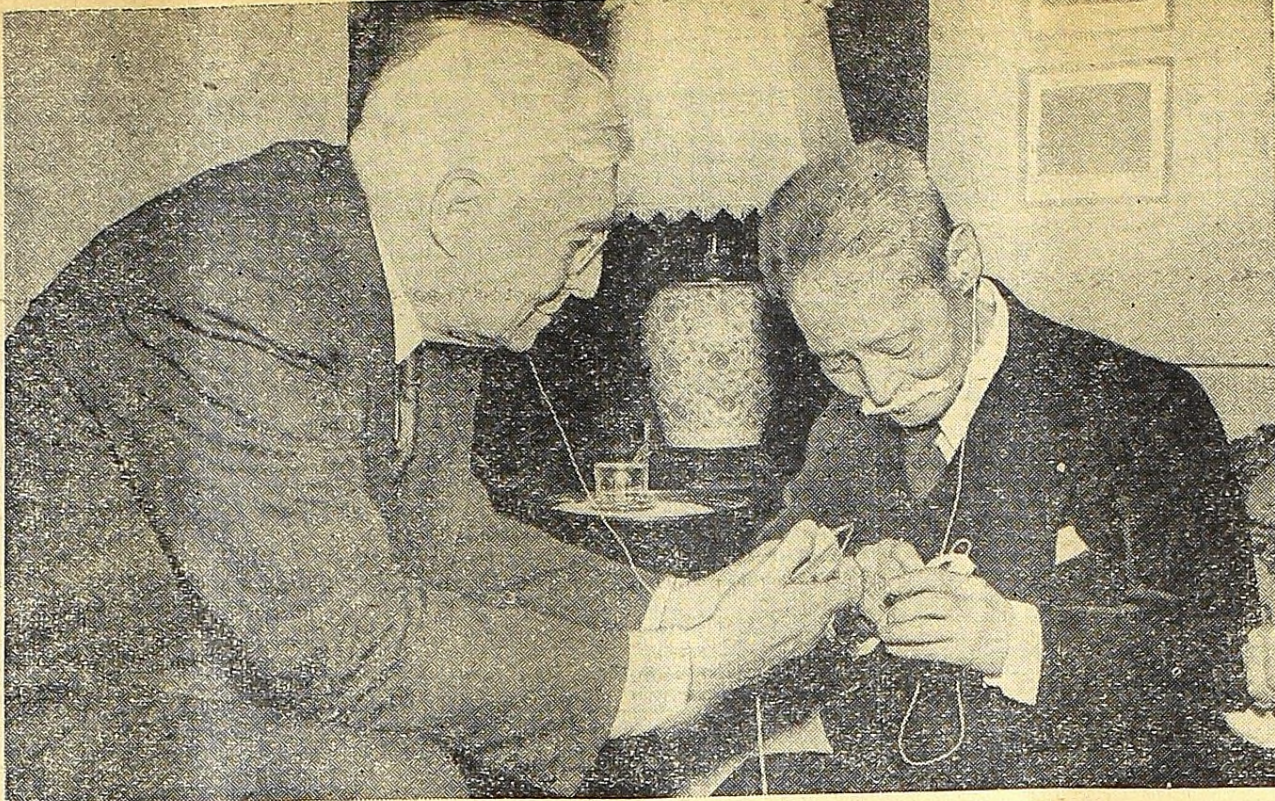

Governor Thomas E. Dewey (center) is shown being interviewed by newsmen shortly before he announced he would not be a candidate for reelection as governor of New York when his second term expires next December. He may return to private law practice.

## BRIDGES MINED:

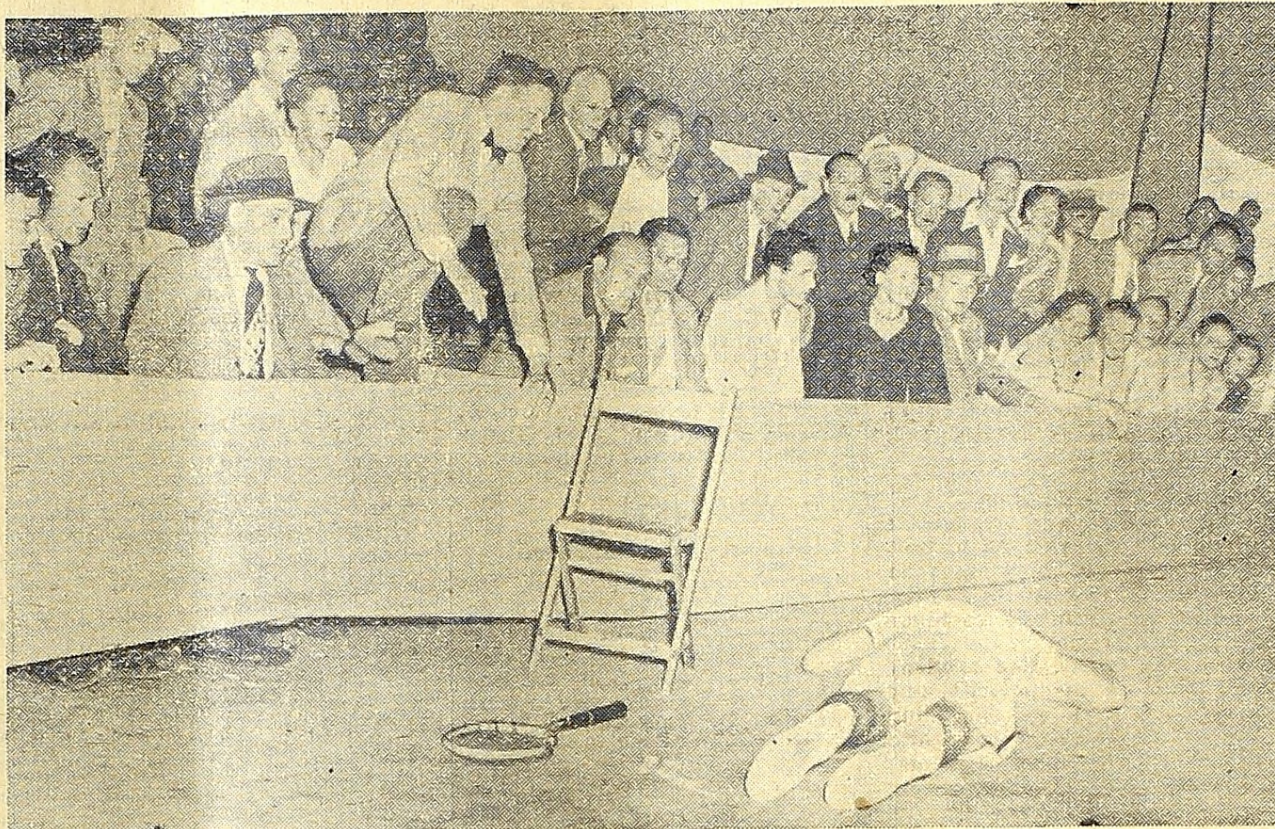

## Just in Case

Whether or not the world is face to face with another war has been in the minds of the everyday citizen almost since the final shot was fired in World War II.

Now it comes to light that the key roads and bridges in Western Germany are being prepared for quick destruction in case of a Soviet attack. Similar preparations apparently are being made in other European countries.

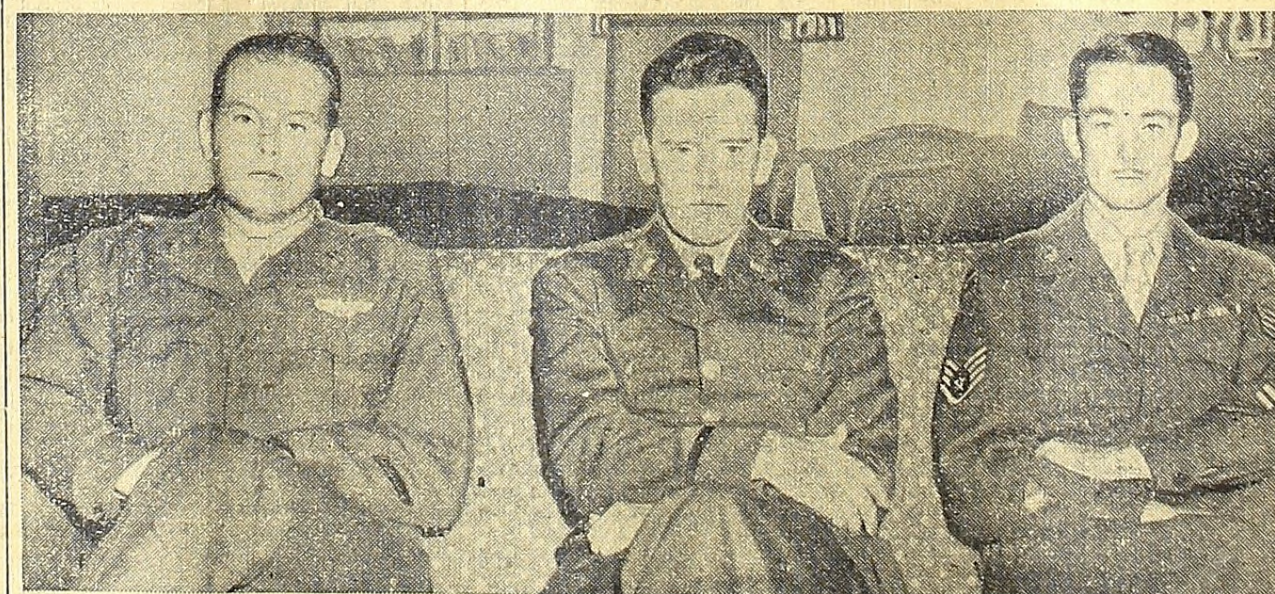

170 YEARS OF WISDOM . . . From the opposite sides of the earth, two of the world's most renowned "elder statesmen" meet in New York. They are Bernard Baruch, 79, adviser to U. S. Presidents through two world wars, author of American plan for international control of atomic energy, and Yukio Ozaki, 91, ex-mayor of Tokyo, and oldest member of his nation's parliament. He is famed as the man who gave the United States the cherry trees that now decorate the Potomac basin in the nation's capital, and currently as president of the Union for World Federal Government in Japan. Mr. Baruch was host at his home on East 66th Street. Here, they compare hearing aids.

KOVACS COLLAPSES . . . Frank Kovacs of Oakland, Calif., collapsed on the ground in the ninth game of the fourth set of the finals of the United States professional tennis championships held recently at the Cleveland, Ohio, skating club. Kovacs fell to the ground, apparently in great pain, after attempting to go after one of Pancho Segura's sizzling, two-fisted forehand smashes. Kovacs was unable to continue the game because of leg cramps resulting from his overexertion in the match. However, the amazing Kovacs came back in a doubles match later and helped win it. The singles he defaulted to Segura.

JAPANESE ELECT LAWMAKERS . . . Japanese women check their registration before casting their ballots for the candidates who will fill the 132 seats in the house of councillors. Some of these women wear native costume and some have children strapped to their backs. The house of councillors is Japan's upper house of lawmakers. Despite the inclement weather that arrived on election day morning, a good turnout was seen at the polls, with more than 60 per cent of the eligible voters on hand to cast their ballots. Great interest has been shown in Japanese elections since the nation has turned to democracy for government.

SAY PLANE SHOT ITSELF DOWN . . . These three survivors of a United States air force B-29 which crashed in the North Sea with a probable loss of seven lives said that the plane shot itself down. Captain Henry J. Walsh, Alton, Ill., (center), pilot of the plane, blamed a defect in the mechanism of the gun turret. This, he said, caused a bullet to hit the right starboard engine during gunnery practice. With Walsh are S/Sgt. Warren J. Ebert, Minneapolis, Minn., and S/Sgt. Charles F. Allen, Derry, N. H. (right). The sergeants are both gunners. The men are resting in Sculthorpe, England. There was a fourth survivor of the fatal crash into the sea.

## Socialism Charged

THIS CORRESPONDENT is in receipt of a brochure released by the private electric industries in which they charge that the activities of the REA and the Reclamation Department as it pertains to hydroelectric dams, are part and parcel of a gigantic socialistic plot conceived as far back as 1923, to take over and nationalize the electric industries.

Indirectly, they charge that 22,000,000 folks living in rural areas, 12,000,000 of whom are obtaining electricity from REA co-ops, and another 10,000,000 who are obtaining electricity from the Reclamation Department are involved.

The brochure says, "This basic plan is a part of the socialistic plan for basic industries framed in 1923." They further charge that the late Senator, George W. Norris of Nebraska, was the framer of the initial piece of legislation to further the conspiracy.

This column predicts that if the private electric industry wants to pick a fight and rest its case upon the ghost of Senator Norris, probably the greatest liberal ever to sit in the United States senate in modern times, they are fighting a rear guard action and a losing battle.

Recently this column reported a press meeting in the office of J. Purcell Smith, the \$65,000-a-year lobbyist for the utility industry, or the National Association of Electric Companies, at which the industry agreed there should be co-operation between government and private utility industries, but co-operation on their terms only. That is, they agreed you as taxpayers, should construct the giant hydroelectric dams, but that the private electric companies should have the right to reap the benefit—that is construct the power house and transmission lines and sell to the consumers at their own prices.

And in this brochure in which they charge some 22,000,000 of you folks as being a part of a socialist plot to take over the electric industry, they point out that REA is building a network of "duplicating transmission" lines when as a matter of fact the REA declares "we have never built a duplicating line. We have built some paralleling lines, but there is a difference between duplicating and paralleling lines."

REA says, for instance, that when traffic is so heavy across the Potomac river that a new bridge is necessary, that is not a duplication, but a paralleling bridge. And the same thing is true with regard to electric lines. They have built some parallel, but not duplicating lines, and only when private utilities have refused to service, or have been too overloaded to serve additional customers off the same lines. Or in some instances, where private industry has refused to give lower rates to electric consumers.

## TVA Attacked

Senator George Norris was the "daddy" of the TVA system in the Tennessee valley. In spite of the fact that every newspaper writer who ever went into the Tennessee valley recounted the wondrous story of the higher living standards, the cheap power available, the tremendous increase of industrial activity and a corresponding influx of labor, the conservation and recreational facilities which have been provided, and the cheap fertilizer produced for farmers, this brochure again points to TVA as a result of "dewey-eyed dreaming."

It declares TVA is a mecca for "ambitious bureaucrats and politicians who saw greater personal power for themselves in a government operated economy." This column has yet to hear anyone in the Tennessee valley so in d i c t TVA.

## A Forced Issue

Let's not discount the money private utility has put into expansion of new plants, new transmission lines and, as a matter of fact, into cheaper electricity rates to consumers, both for industry and home use.

But let us also admit that this expansion and this reduction of rates has come about as a forced issue, largely because of this "so-called" government competition.

## Out of Same Barrel

The National Association of Electric Companies is perfectly willing that the taxpayers stand the expense of building the huge hydroelectric dams, that taxpayers stand the expense of providing irrigation, reclamation, recreational facilities and flood prevention. These, the utilities say, are the functions of government. But the by-product, which is electricity, should be turned over to private industry to deliver and charge for.

## U.S. Dollar Devalued 40 Percent In Purchasing Power in Ten Years

This is the first of two articles on inflation, how it works and its future, as prepared by the Family Economics Bureau of Northwestern National Life Insurance Company.

In these hectic days, fresh alarms and fresh problems flare up both here and abroad, crowding each other through the spotlight. Seldom is there time enough to think each problem through. Meanwhile, inflation creeps quietly on, down underneath. It chisels every pay envelope, every savings account. It undermines every pension program, every plan for future security. It weakens our ability to deal with all our other problems, both at home and abroad.

Though inflation has gotten badly mixed up in politics, no one party has a monopoly on the blame for it. Groups and individuals belonging to all our important political parties have contributed to our present inflation menace, usually with the best of intentions.

### Buying Power Down

Inflation needs to be thought through now, regardless of politics and in spite of all other distractions. For we, like Britain and France and many other nations, now have the inflation habit. As citizens of a democracy, we must all share the blame as well as take the consequences, if we do not find a cure.

Our own dollar has been devalued 40 per cent in actual buying power since 1939. The white haired couple existing on old age assistance, the elderly worker retired on a pension, the widow trying to keep her family together on social security—these can testify whether inflation has whittled down their comfort and their security.

To see how, and why, the inflation process goes on and on, we must first stop long enough to realize the nature of money, and why it grows or shrinks in buying power.

Money is only waste paper unless there are things to buy. Without things to buy, it is as worthless as a hat-check when there are no hats in the checkroom. Things to buy—or goods, as the economists call them—result from work and production.

Money enables the farmer in Minnesota to trade a gallon of milk for canned pineapple from Hawaii, or fresh oranges from Florida.

The money that passes through many hands to make these trades possible isn't wealth nor does it create a standard of living. The milk, the pineapple, and the oranges are the wealth and the standard of living. It is production of these things that makes the U.S. dollar valuable, and makes the American standard of living so high.

In the wild post-war Chinese inflation it was not uncommon for a 'ricksha coolie to earn 175 million Chinese dollars a week, but he often had difficulty buying enough food with his baskets full of money to keep from starving. There were lots of dollars being poured out by government, but not much food being produced or marketed. Though the people's dollar incomes increased fantastically, this did not raise their living standard; it merely devalued their dollars.

The inflation that is nibbling away at our dollars and our pensions and our future security is not the runaway, printed-money inflation that afflicted China. Instead it is a creeping, gradual credit inflation that is far harder to see. Here's an illustration of how it works:

### Money Supply Tumbled

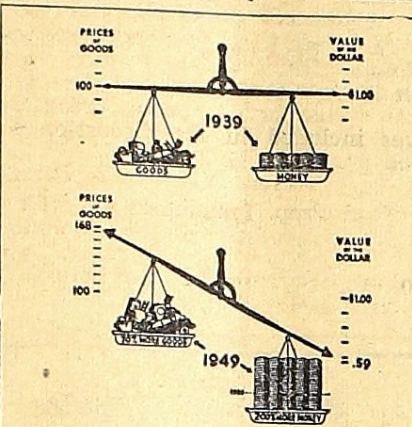

Our government borrows a million dollars from a federal reserve bank to meet some of its expenses. The U.S. treasury gives the bank a note or bonds for a million dollars. The bank simply marks up a deposit of a million dollars in the name of the U.S. treasury, and keeps Uncle Sam's promise to repay the loan as security.

The treasury then writes checks on that million-dollar bank account until it is all paid out, for road building, pensions, airplanes, public housing, salaries of government employees.

The total number of dollar "claim-tickets" in circulation is increased by a million, just as surely as if the government had printed up a million dollars in crisp new greenbacks and had spent that money instead.

Uncle Sam's checkbook dollars are deposited by individuals and business concerns in their own bank accounts; they write new checks as they pass the dollars on. The million dollars stays in circulation until Uncle Sam repays his loan. Some of the people who receive the bank checks will probably want actual greenbacks for them; any Federal Reserve bank can print up new paper money, using that same million-dollar IOU of Uncle Sam's as security, with only 25 per cent gold reserve required under the present law.

Now, to see just what has hap-

The above chart prepared by the Family Economics Bureau of Northwestern National Life Insurance Company shows clearly why your dollar has shrunk to 57 cents' worth.

pened to the purchasing power of the dollar:

In 1939 we had a little under 83 billion dollars of this "checkbook" money and a little over seven billion dollars of coins and paper money—a total "money supply" of 40 billion dollars in 1939.

By late 1949 we had 93 billion dollars of "checkbook" money and 27 billion dollars of coins and paper money—a total money supply of 120 billion dollars in 1949.

This is just three times as many dollar "claim-tickets" for goods as were outstanding in 1939.

But our production of goods has increased, too, though it hasn't trebled, like the money supply, or even doubled—it has increased about 70 per cent.

### Production Fights Inflation

If there were no more dollars in circulation today than in 1939, each dollar would be a claim for about 70 per cent more goods; would buy approximately as much today as \$1.70 would buy in 1939. But there are three times as many dollar "claim-tickets" outstanding today. So each dollar can claim only about a third as much. A third of \$1.70 would be about 57 cents; actually we have about a 59-cent dollar today, compared with its 1939 buying power. If it weren't for the increase in production of goods—our real wealth—we would have about a 33 cent dollar today.

About three-fourths of the 80 billion dollars added to our money supply from 1939 to 1949—or about 60 billion dollars—has been due to government borrowing from banks. Most of this borrowing was done to help finance the war.

Another 17 billions, or nearly all the remainder of the increase, has been due to business borrowings to build new plants, buy new machinery, finance larger stocks of goods. Such business borrowings were temporarily inflationary, because when they were paid out for construction wages, materials, etc., they boosted the number of dollar "claim-tickets" outstanding against our total stock of things to buy. But as soon as the new factories and the improved machinery got into production, they greatly increased the supply of consumer goods, and thus offset the increase in the number of dollars outstanding.

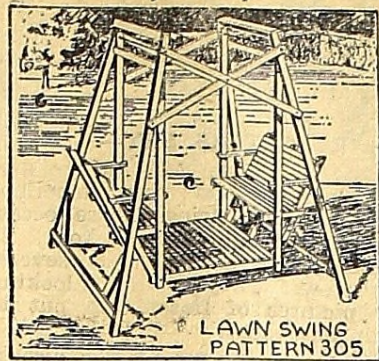

The government borrowings, however, did not increase production of consumer goods. The things those borrowed dollars were spent for either "went up in smoke" during the war, or were mostly junked after the war. The borrowed dollars are still with us as pure inflation.

From the latest official estimates, our government is now spending over five billion dollars more than it takes in in the current year. As previously pointed out, this means that five billion borrowed checkbook dollars are gradually added to an already existing money supply of about 130 billion dollars.

If every other influence stayed exactly the same, so we could watch this 4 per cent inflation at work, all by itself, we would find each individual American dollar gradually "watered down" about 4 cents in buying power. This is, it would take \$1.04 to buy as much as \$1.00 bought previously.

This means about four cents sucked out of each of our old dollars to create five billion new dollars. No "new purchasing power" has been created; the purchasing power of the new money has been taken away from all the old money.

## Spread It Out

A gentleman, dining at a strange hotel, complained to the waitress that the silver was not clean. "I wouldn't let that bother you," said the waitress, calmly. "You know it is said that we must eat a peck of dirt before we die." "Indeed, that may well be," answered the guest, "but it has not been said that we must eat it all at one time."

# Don't Be Satisfied With Only Temporary Relief—Now It Is Possible To TREAT THE CAUSE OF ANY SICKNESS

DUE TO DEFICIENCIES OF VITAMINS B<sub>1</sub>, B<sub>2</sub>, NIACIN AND IRON

Mr. John McClendon, P. O. Box 8191, Los Angeles, California. "My age is 44. My trouble is stomach distress. Can't eat and when I do, it makes me sick. But HADACOL has done me more good than anything I have tried. My mother lives in Mobile, Alabama, and sent it to me. I don't think there's anything better than HADACOL, and if there is you can have it." (A very thoughtful mother to send her son HADACOL. Why don't you send a bottle to a relative with this trouble?)

Mrs. Ophelia Jefferson of Gulfport, Mississippi. "I'd been suffering from neuritis pains and aches and was advised to have my teeth extracted, but received no relief. I'm now on my seventh bottle of HADACOL and it's given me entire relief from the aches and pains. I'm able now to do a full day's work. The makers of such a marvelous remedy should certainly be praised."

Mrs. Virgie Finley, Route No. 1, Monterey, Tennessee. "I was weak and run-down so that I could hardly sleep any, and was so nervous I could hardly do my housework. My stomach had so much gas on it that everything I ate seemed to hurt me. I had tried all kinds of medicine and nothing seemed to help me. I started taking HADACOL a few weeks ago and believe me it surely has helped me. Now I can eat anything and am sleeping well at night. I cannot praise HADACOL enough and I have taken only 4 bottles." (Mrs. Finley is a wise woman. She knows continued use of HADACOL prevents such distress from returning.)

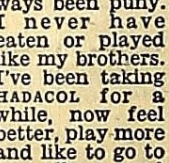

Mrs. George F. Tuff of Poplar Bluff, Missouri. "I am 57 years old and I have started on the third bottle of HADACOL. I never have taken a medicine that helped me like HADACOL. I don't have neuritis aches or pains since I took the first bottle. I was so nervous, I had pains in my back, legs and arms. I couldn't work. Now I feel good and go all the time to work." (HADACOL gives such wonderful results because it treats the cause of such deficiencies.)

Mr. Harry W. Smith, 10 North Water Street, Harrisburg, Illinois. "I am 41 years old, and I work at a Strip Mine. I have been bothered with aches and pains of neuritis and feel sleepy all the time, but my wife heard my broadcast on the radio about HADACOL. So I bought a trial size and it has helped me so wonderfully that I buy the large family size now. I can't begin to describe how I would feel if I couldn't buy it at all. I want everybody who feels bad to know about it."

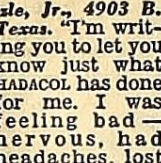

Alex J. Anderson, Route No. 1, Carrollville, Florida, a very bright youngster. "I am ten years old. I've always been puny. I never have eaten or played like my brothers. I've been taking HADACOL for a while, now feel better, play more and like to go to school. HADACOL is really a good medicine." (Just leave it to the youngsters to find out what's good for them!)

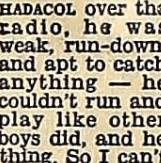

Mr. Robert C. Stuart, Barter Inn, Abingdon, Virginia. "I am working in the capacity of Health Inspector for the State of Virginia and have for the past two years suffered heartburn and a form of stomach distress. I have had no appetite and have tried various medicines spending many hundreds of dollars for treatment and aid. I have not found any relief in anything or any treatment until I tried your remarkable HADACOL, which I praise with the highest regard. Now I eat three large meals a day without any pains or discomfort. I have gained 15 lbs. since the 15th of December—never felt better in all my life. I am now taking an active part in civic and extra curricular activities which I had to ignore since last December. I have worked zealously. Thanks to your remarkable HADACOL."

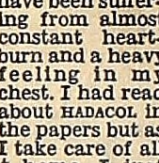

Mrs. John R. Grizzle, Jr., 4903 B. Chaparral, Dallas, Texas. "I'm writing you to let you know just what HADACOL has done for me. I was feeling bad, nervous, had headaches, lost my appetite—so my mother advised me to get HADACOL and try it. My baby is only 2 1/2 months old and it sure has helped me. I've taken only one bottle and it has done wonders. My husband is taking it now too, and he surely feels better, and not so tired after a day's work. I recommend HADACOL to everyone who needs a tonic, and it surely will make you feel better. I hope this will help someone to feel better by reading or hearing this information."

Mrs. Helen Barron of Meansville, Georgia. "My little boy had been sick for quite some time. Until I heard about HADACOL over the radio, he was weak, run-down, and apt to catch anything—he couldn't run and play like other boys did and he wouldn't eat anything. So I can't praise HADACOL enough. He has taken 4 bottles and eats anything, and sleeps good, isn't tired when he gets up, runs and plays as much as anyone, has gained weight, and feels good. I have taken some myself. He is 11 years old now. I can't tell enough about what HADACOL has done for my son. He even looks better. I want all my friends to try HADACOL."

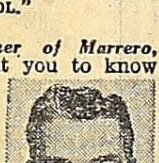

Mrs. L. L. Martin, 4207 Woodhead Street, Houston 6, Texas. "I am sixty years old. For the past few months have been suffering from almost constant heartburn and a heavy feeling in my chest. I had read about HADACOL in the papers but as I take care of all the expenses at home, I just couldn't buy any. Three weeks ago, my son in Kansas sent me \$5, telling me it was not for groceries but to please buy something for myself with it. I bought four bottles of HADACOL at \$1.25 a bottle. After the first few doses of HADACOL I was free of heartburn and also of the heavy tired feeling I had been experiencing."

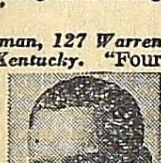

Mr. Clifton Crum, 511 West Commerce Street, Greenville, Alabama. "I am taking my third bottle of HADACOL and it has done more for me than any other medicine. I was awfully weak and nervous and run-down. I would have weak nervous spells and I had no appetite for food. So I heard different people praising HADACOL over the radio. My wife wanted me to give it a trial and I sure am glad I did. My back would hurt me so with neuritis pains till I couldn't sleep at night but that is all in the past. My backache is gone now and I am feeling good so I am going to continue taking HADACOL. I am 35 years old, employed by Greenville Ice and Coal Co., Greenville, Ala. I hope everybody that needs medicine will try HADACOL. I just can't praise it enough as it seems to be just the medicine I needed."

Mr. Alidore Kramer of Marrero, Louisiana. "I want you to know how your wonderful HADACOL helped me. I suffered so from neuritis pains and aches, and so, and I could hardly use my right hand. I even had my teeth out but got no help. I started to get HADACOL. Now I sing while I plow my fields. I'm so happy. I'll never be without HADACOL. I take it every day." (That's the spirit—Isn't it great to have that wonderful HADACOL feeling? Why don't you try it?)

Mr. John Krumpelman, 127 Warren St., Lexington, Kentucky. "Four months ago I was suffering from lack of energy, no pep, and no sleep at all. I also had a lack of appetite and great irritability. Then my friends recommended HADACOL, and in a very short time my appetite began to go back to normal and it seemed as though a miracle had happened because everything was once again very bright."

Mrs. Tom Kennedy, 1302 Rector Street, Hot Springs, Arkansas. "My trouble was terrible pains right after I ate my meals. I have tried pills but they didn't do any good, so I thought I would try HADACOL. After the first bottle of HADACOL, I got relief, so I wouldn't be without HADACOL. I have already told all my neighbors about HADACOL, how good it is. They are also taking it. I am 49 years old and I sure do feel a lot better, thanks to HADACOL." (What a wise woman Mrs. Kennedy is. She realizes continued use of HADACOL helps prevent such stomach misery from returning.)

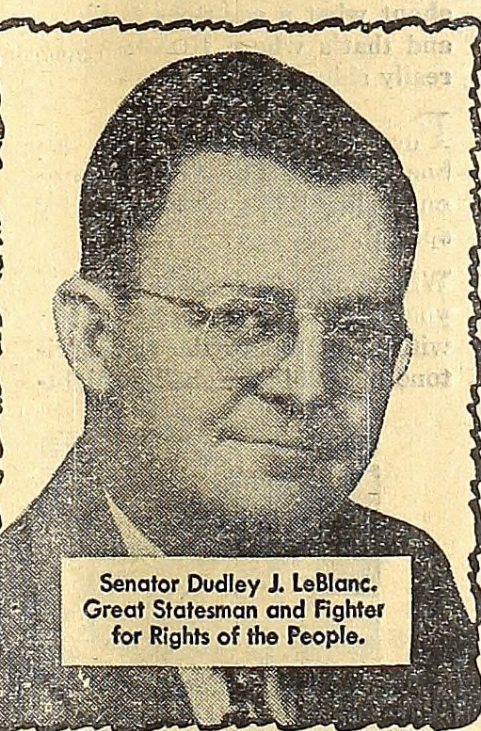

Beatrice Starks of 303 Millford Street, Honea Path, South Carolina. "I just had to write you a few words to try to tell you how much HADACOL has helped me. I had an operation in February. Then I started washing too soon, took neuritis in my hands and arms and after that couldn't do anything. I heard about HADACOL, decided to try it and I'm sure glad I did. My indignation was so bad I couldn't eat anything I liked but now I can eat what I want. My hands don't hurt or my hips as they did before I started using HADACOL. Please keep hollering it out so others will hear about it."

HADACOL also helps build up the hemoglobin content of your blood (where Iron is needed) to carry these precious Vitamins and Minerals to every organ and every part of your body—to the heart, liver, kidneys and

lungs—even to the eyes, hair and nails)—to help repair the damage such a deficiency may be causing there. Countless thousands are benefiting from HADACOL. Why don't you give it a chance to help you? Why continue to suffer? Remember HADACOL doesn't give temporary relief—rather it treats the real cause of your illness when, as so often, it's due to such deficiencies. That's why it's so effective—why it's accomplishing such amazing results.

### BE FAIR TO YOURSELF

You owe it to yourself—you owe it to your family to give HADACOL a trial. Don't delay.

HADACOL is sold on a strict money-back guarantee. You can't lose a penny and you have everything (that wonderful, wonderful HADACOL feeling) to gain. Only \$1.25 trial size. Large family or hospital size, \$3.50.

## HADACOL

## Production Not Increased by Inflation

As a crude example of inflation, suppose a restaurant checkroom started giving each customer two hat-checks when he turned in his hat. This would certainly not increase the supply of hats; the patrons would be no better off than before, although they would have a merry jingle in their pockets. Each customer would either have to give up two hat checks to reclaim his hat, or else some customer would come away with two hats, and some with none.

Neither does issuing more American dollars increase our supply of goods or raise our American standard of living, although for a while it seems as if it does.

## SEND NO MONEY!

If your druggist does not have HADACOL, order direct, giving us the name and address of your druggist. Trial size, \$1.25; Large Family and Hospital Economy Size, \$3.50. Just pay postman the cost, plus C.O.D. charges. If you remit with order we pay postage.

## 4-H CLUB NOTES

### 4-H REPORTERS SAY—

That the Hale 4-H Flower garden club has had four meetings and two field trips. These occasions have taught them how to identify five shrubs and several perennials. They're now looking for pictures of flowers to put in their notebooks.

At one of the meetings a discussion on how to transplant flowers was followed by the members themselves actually transplanting Zinnias. The rain preceding this meeting made the transplanting ideal.

One of the afore mentioned field trips was to Mio to see the Iris Show. Mrs. Horten, judge at the show, presented slides on Iris and demonstrated how to cross pollinate. Mrs. Blanche Douglass our 4-H club leader took us to Mio.

—Sandra Greve and Mary Jane Douglas, reporters.

That Mrs. Royden Parkinson's Food Preparation girls had their

meeting to make the scrap books. The six members and one visitor present got picture for the scrap books. The president, Janice Parkinson, conducted the meeting at the Parkinson farm home.

—Mary Jane Douglas, reporter

That the vegetable garden club of Mrs. Blanche Douglass of Hale had their meeting with three new members joining: Rebecca and Charles Webb and Leaberta Townsend. Each member present received their 4-H folders, bulletins and cards.

—Rebecca J. Webb, reporter.

The Food Prep. meeting held at Norene Huber's was a discussion on the value of cereals in the diet. The value of a good breakfast was included in the discussion of the meeting.

—Norene Huber, reporting

Food Prep. I members of Mrs. Robert Buck of the Hale community club have been learning how to prepare fruit for the breakfast table. Two new members, Judy

Johnson and Mary Lou Bannister are joining the club.

Mrs. Buck gave the girls a demonstration on preparing rhubarb for the table. At the future meetings, members will cook cereals for the table.

—Sandra Hewitt, reporter

At the Hale 4-H Community club last Thursday, officers for 1950 were elected:

President—Leaberta Townsend.  
Vice President—Harold Bannister.

Secretary - Treasurer — Olive Beane.

4-H Club reporter—John Webb.

The temporary president, Norene Huber, appointed a tour committee of two 4-H leaders and five members: Mrs. Amy Buck, Mrs. Blanche Douglass, Bill Sever, Ruth Barnes, Bill Bannister and Janice Parkinson.

This committee will plan a 4-H Community club tour for all its members, parents, leaders and friends.

## The Car that puts your Best Foot forward

WE think you'll agree that the whole story of an automobile isn't told in its power, its room, its styling, even in its side.

There is the all-important point about what a car does to you—and that's where ROADMASTER really shines.

For you can't slip into this bonny beauty's broad seats without feeling like somebody pretty special.

When you take its neat wheel in your hand—when you cut loose, with a toe-touch, the rich baritone of its big Fireball straight-

eight power plant—when you feel the smooth surge of its Dynaflo-cushioned take-off—

Man, then you know you've got a real automobile!

And don't overlook this:

That graceful sweep of chrome along the fender—found on no other car made today—is a mighty eye-catching note of distinction.

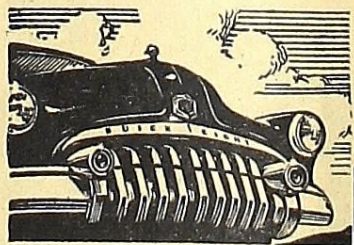

Those four Ventiports, too, cause many a head to turn—they mark you unmistakably as the owner of the biggest and best Buick built—a car as fine and rich as any man has need for.

There are a lot of good, solid,

dollars-and-cents reasons for making ROADMASTER your choice over any other car:

Its size. The commanding performance of its 152-hp Fireball valve-in-head straight-eight engine. Dynaflo Drive standard: A ride that's quite matchless in its gentle softness. Distinguished styling from bold, protective front end to gleaming "double bubble" taillight.

But if you're ready for a car that's more than just an automobile—if you want one that puts your best foot forward in any company—that's the real reason for seeing your Buick dealer quickly—to talk turkey about a ROADMASTER.

### FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

## IN MEMORIAM

### IN MEMORIAM

In loving memory of our dear daughter and granddaughter. There is someone who misses you daily, and feels alone since you are gone.

There is someone who grieves daily for you, but tries to be brave and strong.

## Human Artery Bank To Open New Era In Cancer Surgery

NEW YORK—New York physicians are predicting a new era in surgery with the establishment recently of a human artery bank, supplying pieces of arteries for operations, much as a blood bank supplies blood when needed.

Its treasure now is seven pieces of arteries, totaling 21 inches. The spares can replace damaged, defective, or diseased arteries in living humans. They also promise to make possible bold new cancer operations that cannot be done now because arteries are affected and would have to be removed.

The first such bank was established in Boston recently. They are expected to spread rapidly to other cities.

According to physicians, the arteries are taken soon after death from young persons who have no artery diseases or defects. Permission is granted by the donor before death, or is given by relatives.

The arteries are kept living in a bath of nutrient fluids, but by quick freezing it may be possible to bank arteries for months or years.

Arteries have been grafted successfully in animal experiments after having been kept frozen eight months, doctors report.

The spare artery apparently doesn't live in the body, surgeons said. Like a bone graft, it apparently is replaced by new growth from both ends of the living artery. The spare supplies a skeleton for this growth.

Medical men have eye banks and bone banks, too.

## Child Rolls Out of Crib, Fall Stops 3 Stories Down

CINCINNATI — Monty Hagle, 21 months, rolled out of his crib and finally stopped his rolling and bouncing three stories down. He suffered only a collar bone fracture and body bruises.

Mrs. Hagle had placed Monty's crib near an open window in a third-floor room. Monty slipped over the side of the crib and right out the window.

He bounced off a porch roof on his way down and finally landed on concrete steps, missing by inches a man who was entering the apartment house at the time.

Examination at the hospital disclosed only bruises and a possible collar bone fracture. But Monty was placed in a safety bed at the institution.

## Don't Leave Telltale Signs When You Go on Vacation

WASHINGTON — Don't leave telltale signs behind you when you go on your vacation this year, police officials throughout the nation are warning.

Stuffed mail box, a row of milk bottles, an uncut lawn, drawn blinds and an accumulation of old newspapers are plain signs for the would-be burglar that the family is away and the home is ripe for robbery, officials report.

Nine defensive measures are being urged:

1. Mow your lawn before you leave.
2. Ask your neighbor to keep an eye on your home and to call police immediately when a stranger loiters around the dwelling.
3. Lock all windows and doors.
4. Cancel newspaper deliveries if you will be gone a long period, or transfer the subscription to your place of vacation.
5. Let the police know when you leave for an extended vacation so that the beat officer can give special attention to your home.
6. Tell the milkman not to leave any dairy products at the door while you are absent.
7. Store your valuable possessions in a safety deposit box or with loyal acquaintances.
8. Let your neighbor empty your mailbox daily and keep the mail for you until you return.
9. Don't forget to lock the garage.

## Virginia Woman With Broken Hip Unaided for 40 Hours

PINEY RIVER, Va. — Mrs. John D. Massie was shoved into a ditch by a cow. She lay there for 40 hours with a broken hip before anyone came to her rescue. Her husband dropped dead while trying to assist her.

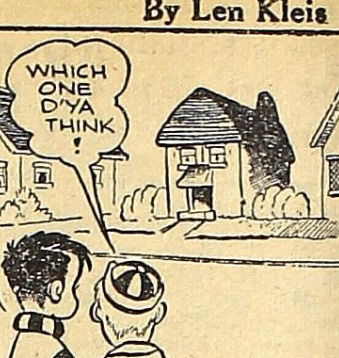

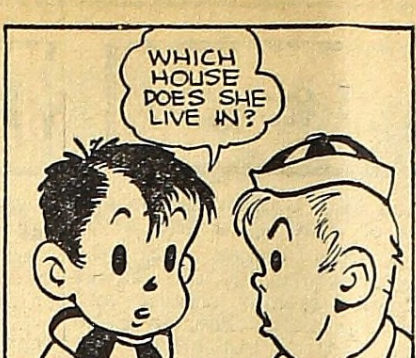

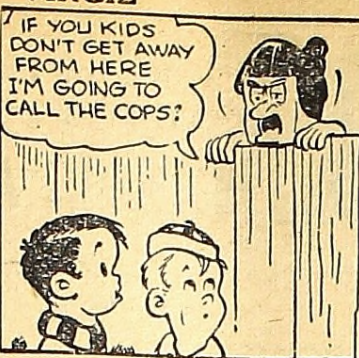

Mrs. Massie had gone into the hilly pasture to bring in the cow. The balky animal shoved her into a ditch and her hip was broken in the fall.

Her husband finally found her and tried to help her to their home. Unable to move her, he started to the house for aid, but suffered a heart attack and died just 100 yards from where his wife lay.

Mrs. Massie lay unaided in the pasture for hours. Her calls for help were unheard by a brother-in-law in a field just over the hill.

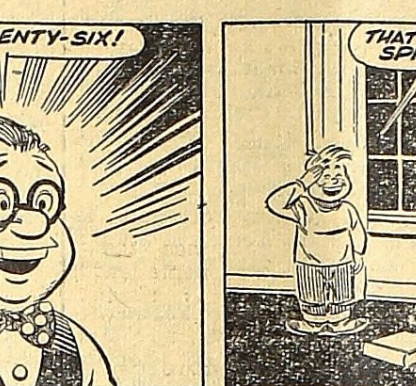

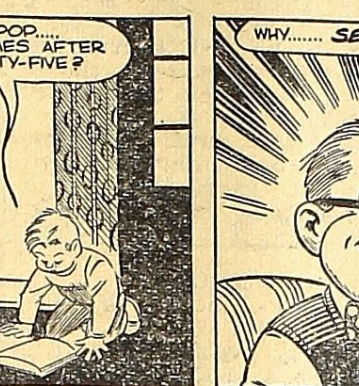

Neighbors found her two days after the accident. She said she was not hungry during the two nights, but was in a frenzy of fear at what had happened to her husband.

### Safety First

Farmer Jones was very proud of his first bank account, and carefully checked each statement he received. When he had accumulated \$200, he presented the teller with a withdrawal slip for the entire amount. "Why are you closing your account, Mr. Jones?" queried the teller, handing him the money. "Oh, 'tain't that, 'tain't that at all. And I ain't closing the account. I jest want to count the money to see that it's all here."

### Bored Himself

An elderly gentleman, whose memory had failed with the passage of the years, was fond of reading, but never remembered what he read. His daughter, who supplied him with books, realized this and gave him the same volume from time to time. On being asked, on one occasion, how he enjoyed the book, he said, "Oh, the subject matter is most interesting, but I believe the author has a tendency to repeat himself."

### Be Kind to Beetles

Young Son: "Dad, why do you put that stuff on the bean plants?"  
Father: "So that the beetles won't eat the beans."  
Young Son: "Why is that? Would the beetles be sick if they ate the beans?"

### Rebound

Niece: "Auntie, why it is Uncle hasn't any hair?"  
Auntie: "Why, it's because he is a wise man and thinks so much. You see, it hasn't time to grow."  
Niece: "Then, Auntie, why is it that you have so much hair?"  
Auntie: "Now, dear, run along and don't tire Auntie with questions."

### Wig and Wag

An English barrister entered the court with his wig askew, and was puzzled at the merriment evident among his fellows. "What's wrong," he asked. "Is my wig not in order?" "Oh, it's not your wig," one wag replied, "It's what's under it."
