Edgar Guest Speaker at Womens Club Meet

YWL Hostess to Federation Conclave

208 Members and Guests Attend Banquet Tuesday Evening

Edgar Guest of Detroit, guest speaker at the 10th Annual Banquet of the Iosco Federation of Women's Clubs held Tuesday evening at the Hotel Holland, closed his talk with his poem, "It Takes a Heap of Living in a House to Make a Home."

The members of the six women's literary clubs of the county, their husbands, and friends were in attendance and enjoyed the program. The Young Women's League of the Tawas was the hostess club. Over 208 reservations for the banquet had been made.

The presidents of the several clubs were introduced by Mrs. Arthur Evans, president of the county federation. Each responded with an outline of the program of her club for the coming year. They are: Mrs. Robert Curtis, Whittemore Women's Club; Mrs. Howard Drenberg, Young Women's League of Whittemore; Mrs. Arthur Johnson, Ladies Literary Club; Mrs. George Liske, 20th Century Club; Mrs. Jack Elliott, Young Women's League of the Tawas; Women's Rural Study Club, Mrs. Thomas Nelkie.

In addition Edgar Guest's talk, which included a number of his poems, the YWL chorus sang "Ster Dust and Tea for Two," and group singing.

Seven past presidents of the federation and Mrs. Terrence O'Loughlin, secretary of the district federation were introduced.

At the business meeting the following officers were elected: Mrs. Henry Pake, of Whittemore, president; Mrs. Herbert Hertzler, of East Tawas, 1st vice president; Mrs. C. L. McLean of Tawas City 2nd vice president; Mrs. Charles Bailey of Whittemore, secretary-treasurer.

The Young Women's League of Whittemore was invited to act as hostess next year.

Previous to the banquet a reception was held at 6:30 at the home of Mrs. Arthur Evans in honor of the officers and persons taking part in the program.

Special Thanksgiving Service at Christian Science Church

As is customary in all Christian Science Churches, a special Thanksgiving service will be held on Thanksgiving day at eleven o'clock in the Ladies Literary Club.

Following the usual order of service there will be a brief period in which members of the congregation may express their gratitude for healings and other help which they have received during the past year.

New Studebakers On Display Here

Humphrey to Show New V-8 Saturday

Studebaker's 1951 passenger car models, paced by a new Commander Series powered by a rugged, compact, new V-8 engine will be displayed Saturday by Humphrey Motor Sales, local Studebaker dealer.

"The new engine for our Commanders has been designed not only to prepare for any foreseeable boosts in compression ratios, but to utilize the most modern machinery and manufacturing techniques in producing it," says Stan Humphrey. "Rated horsepower of the new engine is 120 at 4000 rpm., while taxable horsepower is 36.4. Compression ratio as released is 7 to 1. The new power plant for the Commander model is but one of an impressive list of changes in the new 1951 Studebakers. We believe the new models will not only set new standards for beauty, but for safety, performance, and riding comfort as well," says Humphrey.

Oscoda Girl Wins Fur Scarf

Mrs. Cecil Cable, vice president of the Tawas Hospital Auxiliary, presenting fur scarf, won by Miss Jane Clark of Oscoda. The \$150.00 scarf was a gift from Sam's Bros. of Bay City to the hospital's \$200,000 building fund campaign.

Silver Valley Plans Started

Mielock Authorized to Get Area in Condition

Arrangements are being made with the several communities in the county for the selection of candidates for Silver Valley Queen, who will preside over the winter sports carnival in January according to a report of last Thursday's meeting of the Winter Sports Committee.

At the meeting Scotty Catto suggested that an appropriate name be given the ski area on the banks of the AuSable river. It was the general opinion of all of the communities in this area could profitably use Silver Valley as a promotion for business if they chose to do so. The Tawas originated the idea and citizens of the two communities have done most of the committee work each year, but its benefits could be countywide with the proper amount of work and cooperation.

John Mielock, area supervisor, was authorized to take necessary action to place the winter sports area at Silver Valley in operating condition.

The treasurer's report at the meeting revealed that the committee had a balance on hand of \$574.80. However, some unpaid bills are outstanding.

Mrs. Charlotte Nunn

Mrs. Charlotte Nunn, of Hale, died at Samaritan hospital in Bay City at two o'clock Sunday morning following an illness of two years.

The former Miss Charlotte Byce, she was born May 8, 1900, at South Branch, Mich., and married Glen W. Nunn in 1920 at Harrisville. Besides her husband she leaves one daughter, Mrs. Herman Drenborg, of Hale; and two sons, Morley Nunn, of Berkeley, and Nathan Nunn, at home; her father, Clarence Byce, of Flint and six grandchildren.

Funeral services were held Tuesday afternoon at 1:30 o'clock at the Forshee Funeral chapel in Hale, and at 2:00 o'clock at the Hale Methodist church, where Mrs. Nunn was a member. Officiating was Rev. Roland Brooks. Burial was in the Evergreen cemetery in Hale.

Plainfield Couple Married 45 Years

Mr. and Mrs. Edward Putnam, Plainfield township farmers, residing near Hale, celebrated their 45th wedding anniversary last Sunday.

Forty-five friends and members of the family helped them enjoy the event. Six of their children were present.

Mr. and Mrs. Putnam were presented with an overstuffed chair and other gifts by their children in honor of the event.

The Herald wishes to extend congratulations along with their many friends throughout the county.

Districts of Area to Study School Problems

School Board Members Invited to Meeting Tuesday, December 5

All school board members in the districts that bus to the Tawas City or East Tawas schools have been invited to attend a meeting Tuesday, December 5, at the Tawas City High School. The meeting was called by the Tawas Area School Reorganization Committee for the purpose of discussing school problems.

At the meeting of the committee Tuesday evening the legal steps for a reorganization of the school districts were discussed. Additional information on this subject had been secured since the previous meeting of the committee.

The school district reorganization committee consists of the following members: Thomas White and Berkeley Smith of the East Tawas board of education and John N. Brugger and Arnold Bronson of the Tawas City board. The two superintendents, A. E. Giddings and C. J. Creaser are also members.

6 Iosco Boys Leave for Fort Wayne

The following Iosco county men left Tuesday, November 15, for induction at Fort Wayne: Irvin Major, Tawas City; Dale Landon, Tawas City; John E. Erickson, Jr., Alabaster; Francis Alberts, Mikado; Edward St. James, Whittemore and Harold Burtzloff, Tawas City.

The Draft Board will be closed Thanksgiving morning, November 23.

Mrs. Atlee Mark and Joan of Saginaw spent the week-end here.

Monarch Named on CG Auxiliary Division Staff

Announce Stepped-Up Training Program During Coming Year

Captain Kenneth Ferguson announces that the XV Division Board of the U. S. Coast Guard Auxiliary recently (November 8th) elected the following Division Staff Officers for 1951. Division Captain, Kenneth Ferguson; Vice Captain, John Monarch and Training Officer Stewart Craibe of Tawas Flotilla 1503. Operations Officer, John Bunting of Alpena Flotilla 1504; Air-Sea Search and Rescue Officer, E. C. Swift, Inspection Officer Ed Lee and Public Relations Officer Roy C. Goetsche of Saginaw Bay Flotilla 1501.

John Bunting, who is also Operations Officer for the 9th Coast Guard District, revealed that an intensively "stepped up" training program will be made available to all Flotilla during the coming year. Emphasis is on subjects that will be timely during current unsettled conditions with plenty of emphasis on "Sabotage Prevention," "Atomic First Aid and Resuscitation," "Evacuation," etc.

The 15th Division of the U. S. Coast Guard Auxiliary includes active Flotillas covering the Saginaw Bay, Tawas and Alpena waters. Recent seasonal summation reports of the 9th Coast Guard District rates this Division highly for its overall activity and assistance to boats in distress.

Pioneer Tawas Woman Dies

Rites for Mrs. Neumann Held Wednesday

Mrs. Wilhelmina Neumann, wife of Frederick Neumann, pioneer residents of this city, died Saturday at her home following a heart attack.

During the past year Mr. and Mrs. Neumann had celebrated their 61st wedding anniversary.

Wilhelmina Wojahn was born October 9, 1862, in Germany. In 1888 she came to Tawas City and was married to Frederick Neumann on April 22, 1889.

Survivors besides the husband are: five sons, William and Harry, of Detroit, and George, Henry and Fred, all of Tawas City; three daughters, Mrs. Margaret St. James and Mrs. Ida Krumm, both of Tawas City, and Mrs. Elsie Henry, of East Tawas; a sister, Mrs. Ernestine Fritz, of Brandenburg, Germany; 16 grandchildren and 13 great grandchildren; two nephews, Henry and William Wojahn and a niece, Mrs. Otto Carl.

Funeral services were held Wednesday afternoon from Emanuel Lutheran church. Rev. J. J. Roekel officiated. Interment was in Emanuel cemetery.

Out of town relatives that attended the funeral were: Mr. and Mrs. William Neumann and Warren, Mr. and Mrs. Harry Neumann and Edward, Mr. and Mrs. Waler Neumann, Thomas Wald and Mrs. Albert Wald, all of Detroit; Mr. and Mrs. William Glumm, Mr. and Mrs. Carl Glumm and son, Mr. and Mrs. Harold Glumm of Lansing; Mrs. George Keister and Mrs. Frieda Kist of Bay City.

Mrs. Joseph Dilworth

Mrs. Joseph Dilworth of East Tawas died at the Samaritan Hospital at Bay City on Tuesday November 14 after a short illness. She was hospitalized one week.

She was formerly Minnie Grabow and was born in East Tawas January 9th, 1895 and was 55 years of age. The body was brought to the Moffatt Funeral home.

Funeral services will be held at the Methodist Church Friday afternoon at 2:30 with Rev. L. Wayne Smith officiating.

Irene Rebekah Lodge No. 137 of East Tawas of which Mrs. Dilworth has been a member for many years will conduct services at Greenwood Cemetery.

Relatives who survive are the husband Joseph Dilworth of East Tawas, one daughter, Mrs. Lillian Tarnsky of Turner, two grandchildren, one sister, Mrs. Selma Burns of Perry Sound, Ontario, Canada, three brothers, Fred and Otto Grabow of East Tawas, William Grabow of Jackson; one step sister, Mrs. Myrtle Ross of Omer, two step brothers, Edward Grabow of East Tawas and John Grabow of Mt. Pleasant.

FOR SALE—Homelite Chain Saw. Straight blade for big timber. Bow blade for pulp wood. Just like new. Ed. Coyle, Tawas City. 46-1p

First to Register

Stanley Brown, above, 18 year old Tawas City hunter, was the first hunter to register at the Herald office with his kill, in the Second Annual Tawas City Merchants Big Buck contest. Stan rolled in with his six point buck at 8:15 to win first prize. Stan, a graduate of Tawas City High School, class 19-50, reported that he had to drag his buck quite a distance before reaching his car, and then drove six miles into town to register.

Thirty-one prizes were offered by the Tawas City merchants in the contest, which were divided into six places. First, second, third and fourth who registered and prizes for the widest rack and the one with most points.

Other prize winners were: Leonard Schreiber who was right on the heels of the first place winner, coming in at 8:20 with his spike horn. Both the first and second place winners shot their bucks with .22 caliber rifles. Vernon Beaubien reported in third place at 8:30 with a seven point buck and Nort Freele came in at 8:47 with a five point buck to win fourth place.

Other early registrants were Fred Boulder, Tawas City; Robert Clayton, age 14 of East Tawas; Dave Mills, Tawas City; Harold Holzworth; Jackson; Roland Trinklein, Jackson. Wednesday afternoon registrants were: Harvey Miller, Plymouth; Ed Nelkie, Tawas City; Dale O'Farrell, Tawas City; Helen Olson, the first woman to register her buck; Dick Frank and Jim Frank registered their bucks Wednesday evening.

The contest for the buck with the widest rack and buck with the most points will end next Wednesday. The complete list of prize winners will be announced in next week's issue.

Plan Parties to Help Wipe Out Fair Deficit

First Event to be Held December 5 at Plainfield Town Hall

Thurman Scofield, secretary of the Iosco County Fair announced today that a series of parties will be held to help wipe out an operating deficit incurred by this year's fair.

"There is a very real possibility," Scofield said, "that the fair may have to be discontinued. It will be too bad if that must happen for our biggest headaches are over. We have our own land now, grandstand and race track. We had an excellent program this year and revenue was higher, but this year was generally severe on all fairs. I notice in most cases throughout the state, he commended dryly, "the board of supervisors came to the rescue."

"The Iosco county supervisors turned down the request made by fair representatives for a grant which fair officials promised to turn back, sincerely feeling that it would be possible since the fair has made money each year until the present," Scofield, continued.

Over eighty Iosco county boys and girls participated in this year's program and received 4-H club prize money. In addition, premium checks were mailed to Standish, Prescott, South Branch, Oscoda, Harrisville, Sterling, Mio, Mikado and Pinconning.

The first party will be held at the annual meeting, December 5 in the Hale Community Building. After the business meeting the games will be held and then a box social lunch with the fair committee furnishing the coffee.

Plan to attend and help the local fair wipe its slate clean so that plans can be put underway for a fair next year. "We will be glad to hear from anyone in a generous mood," Scofield added hopefully.

Passenger Service May Be Abandoned

D. & M. Maintains That Few Use New DeLuxe Passenger Trains

An unprotested request to abandon passenger service on the Detroit & Mackinac Railway is under consideration, according to a report from the Michigan Public Service Commission. A hearing was held last week Thursday afternoon revealed no opposition according to Schuler L. Marshall of the commission.

Railroad officials presented exhibits showing that the "out-of-pocket" deficit from February through July for operating the passenger service was \$13,676 and the "gross average" deficit was \$8,238 per month, including overhead expenses.

The diesel-powered train went into operation Feb. 6 on a trial basis for six months, with a connecting through coach from Alpena to Durand via the Grand Trunk Western. Now the D. & M. seeks approval for final abandonment of its round-trip passenger run.

Commr. Marshall said testimony was presented to the effect that the railroad "is in a position," and is negotiating with the U. S. Post Office department, "to carry mail by truck. He has had a mail truck in service, and received MPSC permission to transport mail and express by motor carrier before its present "deluxe" passenger service was instituted.

On the basis of testimony that less than 1400 passengers used the train per month, and paid an average of \$2.17 each for 78 miles of travel, the commission is expected to grant the abandonment request in the near future.

Representatives of the Railroad Brotherhoods appeared, but made no protest and did not cross-examine witnesses. They, however, have received assurance from D. & M. that employees will be given other jobs on freight or truck runs, if passenger service is halted.

Seniors Present 'Don't Blame Me'

Last Performance Tonight at Gym

The Tawas City Senior Class will present their play "Don't Blame Me," this Thursday and Friday, November 16 and 17, at the Tawas City Auditorium.

Below is a skit of the play and the characters.

Tommy was working on an invention, so big that he suspected spies around every corner which he thought were after his formula. But in the meantime it looks as if he'd lost his laboratory, for his dad is sick of messy smells that come from it. Also it looks as if he may lose his girl, "Linda" to that slick looking Gerald.

The parents of the young folks are also in a dither. It seems that the community is to be given a new park and all want something different in it. So there are many quarrels. It is known that the donor of the park is a lady who dis-

'Does' Admitted Free at Shindig

Annual Hunters Dance Saturday Evening

Economy-minded Tawas women and hunters who want to try to sneak illegal venison past conservation officers can well heed the "Does admitted Free" slogan of the Hunter's Shindig slated for Saturday night, November 18, at the East Tawas Community building.

Sponsored by the Silver Valley Winter Sports committee, the Shindig will feature music by Dave Ellis and his Saginaw Nighthawks. Dancing is from nine to one.

Nate Barkman is general chairman for the dance. Assisting him are: Norm Anschuetz, "Lad" McKay and Lou Gorham.

The Shindig is the first in a series of dances planned by the Silver Valley committee to raise funds for the promotion of area winter sports.

Herbie and Freddy Ziehl of Bridgeport visited Ronnie and Jerry Unkel over the week-end.

Get 45 Days in Jail On Theft Charges

Hardy and George Krueger of Flint each received a 45 day sentence and costs Tuesday in Justice H. E. Friedman's court. The two had been found guilty of larceny.

The Kruegers had been charged with taking tools and accessories from a dragline at Hale owned by Louis Brindley. Previous to the arrest the material had been traced to the Kruegers by the sheriff's department and State Police.

Other charges of theft against the two men are pending.

BULLETIN

George A. Morgan of Flint was seriously wounded in a hunting accident yesterday (Thursday) morning when his son, Dallas Morgan, shot at a deer which ran between them. Morgan was given first aid by Dr. O. W. Mitton and then taken to Mercy Hospital in the Moffatt ambulance.

The accident occurred at 8:00 o'clock in Oscoda township. The two men were hunting together, but the son did not know his father was in the field of fire. He fired three shots, all missing the deer, but one hit his father in the right side of his body.

1950 Bean Lowest Yield Since 1936

According to preliminary estimates, the 1950 acre-yield of Michigan field beans is the lowest since 1936. Excessive summer rainfall, coupled with ever-present disease outbreaks were primarily responsible for low yields on many farms.

Looking toward the 1951 crop of beans, the farm crops department of Michigan State College reminds farmers that no single measure is reliable in controlling field diseases. They recommend a four-point program for higher yields of disease free beans.

First, plant seed which came from disease-free fields.

Second, plant beans on productive land 3 or 4 years removed from a previous bean crop.

Third, use effective sanitation measures.

Fourth, grow blight-resistant varieties.

AA September (1950) survey revealed that disease losses in some Michigan fields ran as high as 50 percent. In several cases, the presence of anthracnose and bacterial blight was traceable to two factors, (1) the use of diseased seed and (2) planting on field which had produced beans the previous year.

Both of these destructive diseases are carried from one year to the next year, or in, the seed in the soil, and on bean refuse left in the field. Hence, clean seed and clean land are both essential in the control of bean diseases.

In this connection, burning of bean straw is condemned as a waste of valuable organic material.

Sanitation measures include provisions for good surface or tile

drainage and cultivating only when the bean plants are dry. One diseased plant can infect dozens of other plants if the crop is cultivated when wet with dew or rain. The farm crops department suggests afternoon cultivation of beans when her is heavy dew in the morning. At present, no bean variety can be considered immune to bacterial blight. However, field tests have shown that the Michelite and Robust varieties have more "field resistance" than most varieties and strains of pea beans.

High quality seed is one of the bean grower's best investments. In view of local shortages of good seed for planting next spring, farmers are urged not to postpone the job of locating clean disease-free seed until the last moment.

Winter Means— A Thorough Barn Clean-up

Approach of winter means it's time for a thorough barn clean-up, says Harold R. Clark, county agent. The barn will soon become the principal work center for daily farm chores.

Unfortunately, there are hazards in many barns and feed lofts in Isosco county, the agent reports.

Following are some of the clean-up recommendations advocated by agricultural agent, who points that David Steinicke, extension safety specialist at Michigan State College.

Clean out alleyways and work areas which have become obstructed by feed, tools, harnesses, carts or other objects. Avoid storing loose materials overhead.

Check your barn for things that may cause falls. High door sills, changes in floor levels, weak boards, protruding cleats, or other tripping hazards should be removed. All floors should be made smooth, solid, and continuous.

Dust off light bulbs and replace those that have gone out to provide maximum light during dark winter mornings and evenings.

Loft doors, feed chutes, and ladders are accident hazards in most barns, Steinicke says. He strongly recommends that a hand rail be added to starways and that the steps be kept clear at all times. Where it is necessary to use a ladder, see that it extends well above the loft floor, and check the rungs to make sure they are secure.

Westminster Hall

Westminster hall in London, built in 1097, adjoins the new palace yard—"new" in 1094. Westminster hall saw the gathering of the noted parliament of 1265. The trial of Charles I, later beheaded, was held there. So was the trial of Guy Fawkes, who in 1605 planted gunpowder in the cellar to blow up parliament. His unsuccessful exploit long has been commemorated by a traditional search of the cellars before each parliamentary session.

Lawn Painting With 2-4-D

To use 2-4-D effectively on small patches of spreading weeds, a paint brush is a practical applicator. It will not spread the 2-4-D beyond the spot to be treated. Unless the brush is reserved for this use (and not used for sprinkling other broadleaf plants about the place with insecticides and fungicides), it should be thoroughly washed out with soap and warm water and left to stand overnight in a quart of water to which a teaspoonful of ammonia has been added.

4-H CLUB NOTES

National 4-H Club Congress Week is November 25-30 in Chicago. Iosco county didn't have a delegate. Why? Because it takes more than one, two three or four years even to make the grade. Is there a chance we will be sending someone next year or the year after? Yes!—provided they decide to put forth the effort by being a 4-H Club member during this winter and next summer. I can see some very likely candidates from the community 4-H clubs of Whittemore, Hale and Grant Townships. Maybe some will make it next year and still others will get it within the next three years, but it takes initiative and individual efforts as well as cooperation. Don't forget, this is the climax for any active 4-H Club career. It is an event you will long remember the rest of your life. Just ask someone who has been there!

The Grant 4-H Club officers and leaders will be planning their yearly program on Friday, December 1. This is advance notice so all our officers and leaders will be present.

Let's all our 4-H Club members, leaders and parents be especially Thankful on Thanksgiving Day for the blessings that are ours living in America. You, as an American, are not concerned about what you will eat come Thanksgiving Day. The table will be full of food, and let us all hope and pray it will always be that way.

Give a little prayer for those millions not as fortunate as we Americans.

4-H Tractor Maintenance Leader Training School

An area 4-H Tractor Maintenance Leader Training School was held at Gaylord. Prospective 4-H leaders from eighteen northern Michigan counties attended this school. The school was sponsored by the Saginaw Division of the Standard Oil Co. in cooperation with the 4-H staff and Agricultural engineers from Michigan State College.

Local leader attending this event was William Seaver from Hale. Kenneth Ousterhout, Assistant State 4-H Club Leader was chairman of this event. Robert White, Extension Specialist in Agriculture Engineering, Michigan State College, "Cap" Scharf, David Wallace and George Misseyko, Standard Oil Co. engineers acted as instructors to this group of leaders.

This was not a tractor repair school but one of maintenance operation and safety. This included care of the many working parts of a tractor and their adjustment to obtain the greatest economy, safety and trouble free operation. This training instruction included adjustment of plows to secure right draft of efficient operation.

In the near future local tractor dealers and tractor fuel and lubrication dealers will be asked to meet to discuss plans for sponsoring and organizing local 4-H Tractor maintenance clubs. The result of this meeting will be published in this newspaper.

VARY ELECTED TO STATE FARM BUREAU BOARD

At the thirty-first annual convention of Michigan Farm Bureau, A. T. Vary of Whittemore was elected one of a total of five directors, plus two at large, for a two year term. Mr. Vary will sit on the State Farm Bureau Board, which is the controlling body of all subsidiaries. He represents District 10, which comprises 11 counties in Northern Michigan.

For the past 30 years Mr. Vary has been one of the leading farm citizens in Iosco county, active in church and civic affairs in his community. He has been the chief worker on Farm Bureau Organization in Iosco. As roll call chairman last year his efforts were rewarded by this county being the first to reach its goal.

Mr. Vary is well qualified to carry out the duties of Director for District 10.

Mr. and Mrs. Lloyd Newvine and Mr. and Mrs. O. G. Srauer of McIvor, Mr. and Mrs. Howard Staebler of Turner and Mr. and Mrs. A. T. Vary, Mrs. Hattie Robinson of Whittemore and Mrs. Irene Lorenz of Tawas City all attended the convention.

Mrs. Newvine was the delegate for Iosco county, participating in the resolutions committee, and electing directors, also the Roll Call conference of which she is Roll Call Chairman for Iosco county.

Iosco county received honorable recognition for having achieved 102% of goal for 1950.

Mrs. Irene Lorenz, President of the Women's organization of Iosco county, Mrs. Howard Staebler, vice president and Mrs. A. T. Vary, assistant secretary, Mrs. Robinson and Mrs. Newvine also attended the Women's Conference on Wednesday, November 8. The most interesting part of the program being a talk by Mrs. Raymond Sayre, President of the Associated Women of American Farm Bureau Federation, who has just returned from Copenhagen. Mrs. Harry Whittaker of Lapeer County, State Chairman of Michigan Farm Bureau Women also spoke of her trip to Germany this summer.

Mrs. Newvine joined with people of other counties in work on the State Farm Bureau Membership Roll Call, December 4th. State goal 46,150 families. Iosco County goal, 136 families.

200,000 freshmen can't be wrong!

We believe that something has happened in 1950 that you should take to heart.

Ever since this year's Buicks were introduced, their big bulge in sales has come from people who traded other makes of cars for this bounteous beauty.

The total is more than 200,000.

That's 200,000 "freshmen" added to the roll call of Buick owners—200,000 people who must have sized up the current version of the cars they owned, and decided that Buick offered more thrill, more comfort, more satisfaction for the money.

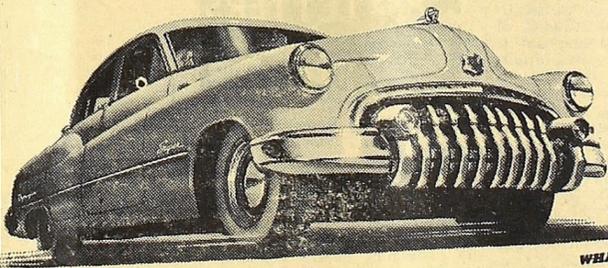

Beyond that, of course, there were other hundreds of thousands who already owned a Buick and bought a new one

this year. But we're speaking here of new owners only.

We can name many reasons for this landslide—including Fireball power—an incomparable ride—and Dynaflow Drive.*

We can remind you that the Buick SPECIAL, SUPER and ROADMASTER just about blanket the range of a car-owner's aspirations—matching prices with many sixes in the lower brackets—matching distinction with the finest in the fine-car field.

We might add that Buick prices are doubly attractive—since their list prices include many features customarily on the "extra" list.

"It was impossible to imagine, back in 1641, when I helped to make a soil survey of Isosco county, the changes that have taken place along U. S. 23 in the last eight years," is the leading remark by Frank Smuggitt, Specialist in Land Use Planning of Michigan State College, when he spoke to the U. S. D. A. Council and representatives of the Cooperative Extension Service Advisory Group.

"I am not sure that all changes are for the best," he continued. "Northern Michigan is beautiful in its natural state and I would be disappointed if this natural beauty was marred by bill boards and unattractive commercial establishments." He pointed to the 1950 census which showed that Isosco County was one of three counties in Northern Michigan, that showed an increase in population in the last ten years. The increase for the county was 27%. The increases for East Tawas and Tawas City were 27% and 33% respectively.

These changes of population mean more people are settling in suburban and urban areas which are out of unincorporated districts. Since Isosco County is capitalizing on its natural attractiveness it is important that some regulations should be imposed on the uses made in these areas. It is known that people are settling in isolated sections and demanding same road and school services that are available to the communities. Some of our lands are misused and apt to bring poverty to its inhabitants which will eventually increase the burden of the tax payers.

If the people of Isosco County are to head off undesirable conditions they should make a survey of present conditions and adopt a good land use program. To accomplish this it would be necessary that a committee of local citizens, representing all interests in the county, be organized and work out and recommend a program that will benefit all people concerned. The USDA have sparked the interest. Will a county wide organization carry the ball with the council's help?

Now is the time to test soils. This is the opinion of agricultural leaders. The reason: Farmers are not so busy now, the soil is not frozen and last and most important know the fertilizer requirements and order now so that the farmer can be sure of delivery.

The extension office, the vocational agricultural schools at Oscoda, Hale and Whittemore and the veterans instructors at Hale will receive the samples, test the soil and make fertilizer recommendations free of charge. The farmer

must collect the samples and take them to the most convenient laboratory. The samples should be taken at a depth of two to four inches below the surface. Composite samples made by combining several samples from the same field are more satisfactory than a sample taken from only one spot in the field. The crops history of the field should accompany the samples and the recommendations should be discussed with the individual farmer.

It has been proven time and time again that the money invested in fertilizer is the best investment a farmer can make, provided he uses it wisely. It is hoped that a large percentage of farmers will avail themselves of this service.

Dec. 4, USDA Council Meeting, East Tawas.
Dec. 5, Fair Association, Annual Meeting.

High Death Rate on Farms
Farm workers had an accidental death rate twice as high as workers in non-agricultural industries in 1947. The 1947 death rate was 52 per 100,000 workers, while in non-agricultural industries the death rate was 26. Total farm resident deaths were 9,500, about the same as last year. Injuries totaled about 1,200,000. Farm home deaths totaled 7,000, with approximately 1,050,000 non-fatal injuries. Motor vehicles killed 7000 farm residents in 1947 and injured 250,000 more.

Brucellosis Losses
U. S. dairy farmers are losing 50 million dollars worth of milk a year due to brucellosis or Bang's disease.

LETTERS to the EDITOR

Whittemore, Michigan
October 31, 1950

To the Editor:
Some of those cracks about hoggish farmers get our goat. In winter, when the snow is deep, I don't see any generous city "Sportsmen" tossing out \$2.00 a bushel corn to the peasants, quail, doves, and partridge. But my husband and I feed the birds four or five bushels of corn, and three or four 2-bushel sacks of wheat a season. And we don't hunt wild birds, since we prefer chickens and raise them to eat.

We haven't posted our place for years, but last year hunters kicked, and cut our fence loose all along the hill; and it took a full day to repair it. So this year we posted our farm to protect the birds from such hunters.

Of course no dumb, hoggish farmer would be bright enough to drive into town, and dump a load of garbage and kick down the fence around a city home. That kind of thing takes brains and unselfish spirit.

Sincerely yours,
Mr. and Mrs. Leon King.

Oct. 10, 1950
To the Honorable Board of Supervisors of Isosco County:

Gentlemen:
We your Roads and Bridges Committee spent two days inspecting roads and bridges in the County in the company of John Henry, Supt. for the Road Commission.

On Monday the second of October, we left the county garage and drove over the Tawas Beach road which has recently been improved by a coating of oil aggregate at the expense of the county, township and special assessment district. This road was in very good condition.

We then inspected some of the road and streets of AuSable township. Considerable improvements have been made in this township.

We then inspected the entire of Oscoda Township. We drove over the VanErtan Lake road which has recently been improved at county and special assessment district.

We then proceeded north to the Indian settlement. The planking on the Pine River bridge is in poor condition and should be replaced with new planks, and the best of the old plank should be used for cross planking. Then proceeded west on Bissonette road to Hale. The east end of said road is in poor condition.

We then inspected roads of Plainfield township. We found most of the roads in good condition in this township.

We then proceeded east to Wilber over Monument road. Considerable work has been done in this township at expense of township and county and most of the roads were in good condition.

We then inspected some of the roads in Baldwin township. The roads inspected were in good condition. The new grade on the Monument road, was in fine condition and very uniform.

On Tuesday, the 3rd, we left the garage for Alabaster and found that considerable work has been done at the expense of the township and commission.

We then proceeded west to Whittemore and covered many miles of roads in Tawas, Grant and Sherman townships. We found many miles have been improved on the same basis as with Alabaster township.

After lunch we inspected roads in Burleigh township. Several miles of new grade have been constructed during the past two years and most of these grades have been resurfaced with rock on the same basis as stated, pertaining to other township.

We then inspected the Crushing plant and Quarry. We found that there was 12,400 yds. of rock in the stock pile, according to the records in the Road Commission office. The quarry was operating very efficiently. The water situation that existed last January has been taken care of by diverting the water along the south bank and the rock is quarried north of this diversion channel. The quarry is in a very satisfactory condition and considerable improvement has been made in the method of blasting. The material is very uniform after blasting.

We then inspected roads in Reno township. Some improvements have been made during the past year and the roads were in a satisfactory condition.

We found that the townships are co-operating with the Road Commission in most instances and we found improvements in every township in the county and roads were in far better condition than they were one year ago.

About 30 miles of shoulders have been cut during the spring months. These roads were in very bad condition during the summer months, due to the fact a large amount of soil was brought into the road, and also, to the fact the commission is unable to take care of this material in proper time.

We recommend that the commission continue to cut shoulders until the roads have a proper grade suitable for resurfacing.

Respectfully submitted,
H. F. Black, Vic'or J. Anderson, Charles Monroe.

The Board of Supervisors for the County of Isosco met at the Courthouse in the City of Tawas City on Friday, the thirteenth day of October, A. D. 1950 in continued October Session.

RESOLUTION

Whereas the Honorable Board of Supervisors of Iosco County, Michigan, on information presented by the Iosco Sportsman Club, find that apparently a serious situation exists which is having a disastrous effect on the Tourist industry and sport of Trout fishing. Expert advice indicates that the latter, which are becoming more numerous, are actually clearing many miles of good Trout streams including the AuSable River system and its tributary waters.

And whereas many Sportsmen and trappers in this area have actually seen Otter at their destructive work.

Now therefore be it resolved that this Honorable Board go on record recommending to the Conservation Dept. of the State of Michigan and any other proper authority that immediate attention be given to the proposal to open the season on Otter and take any other steps that may be necessary to control this situation.

Signed: Ed. Burgeson, Charles Monroe.

Annual Report of County Drain Commissioner

To the Board of Supervisors of the County of Iosco Gentlemen:

In compliance with the provisions of Sec. XI of Chap. II, of Act No. 316, of the Public Acts of 1923, I have the honor to submit my annual Report as County Drain Commissioner of said County of Iosco covering the period from the 28th day of April A. D. 1950, to the 30th day of September A. D. 1950. (This is an addition to the Yearly report filed in April, 1950.)

I. The following named Drains were left unfinished at the date of my last report: Parent Drain, Sherman Twp.; Gregory and Elm Creek, Sherman Twp.; Addy Drain Plainfield, Long Lake Drain, Plainfield Twp.; Kerbitz, Baldwin Twp.; Shaffer Ext., Burleigh Twp.; County Line Drain, Inter county, Iosco and Arenac; Town Line Drain, Tawas Twp, Alabaster Twp, and Tawas City; Sims No. 2 Drain, Baldwin Twp.; Huron Drain, A-Sable Twp.

The above were incomplete as of April 28th, 1950.

II. The following named Drains have been begun, constructed, and completed by me during the year, to-wit: Parent Drain, Sherman Twp Completed August 3, 1950. Contracts let on the Gregory, Elm Creek and Pink on the 2nd day of October, 1950.

Surveys completed on Addy and Kerbitz, contracts to be let prior to 30th of October.

Long Lake Drain, disc. court proceedings, will complete between Freeholders and Plainfield township Board and Iosco county Road Commission.

Town Line Drain, survey will be completed and district laid out by October 20th, 1950.

County Line Drain: Petitions incomplete, no date set for survey.

Huron Shore Drain: Survey not completed, no date set.

And I do hereby Certify, That the above embraces a full and true Report of all the Drains constructed, finished or begun under my supervision, or applied for during the year now ending and that the financial statement of each drain, submitted herewith is true and correct All of which is respectfully submitted.

Dated at Tawas City, Michigan, this 9th day of October A. D. 1950.
Charles C. Kurtzrock,
County Drain Commissioner of the County of Iosco.

October, 1950

To the Honorable Boards of Supervisors, Counties of Alcona, Iosco, Ogemaw and Oscoda, and to Members of District No. 2 Board of Health.

Gentlemen:
Following is a report of District Health Department No. 2, for the fiscal year ending September 1, 1950. The outline of this report is similar to the one submitted in 1949, and will consist of a General Statement & Financial Statement, Summary of Activities.

An effort has been made to keep these three divisions as brief as possible and yet cover the essentials of the program. By this procedure a publication expense will be saved inasmuch as it can be entirely prepared in our office. Submission of this report will first be made to the District No. 2 Board of Health at the regular meeting held at Alcona County on Thursday, October 5, 1950.

Any additions or corrections will be made at that time before it is formerly submitted by the members of the Board of Health to the respective Boards of Supervisors.

Respectfully yours,
Clare H. Crandell, M. D.,
Director,
District Health Dept.
No. 2.

GENERAL STATEMENT

During the past year there have been four regular meetings of the District Board of Health held alternately in each of the four counties. The combined total attendance of membership was 40 out of a possible 48.

In addition to the routine business transacted at these meetings the following important resolutions were adopted.

1. The official name of the executive body (composed of three supervisors from each county) was to District No. 2 Board of Health in conformity with the common usage of this title as suggested by the State Board of Health.

2. Directions to the Health Department against the loan of equipment unless accompanied by a staff member.

3. Giving District No. 2 Health Department authority to inspect and issue a permit to all restaurants, both rural and urban within the boundaries of the district, providing such restaurants reasonably comply with the Sanitation Standards as included in the Michigan Administrative Code. Copy as published is attached hereto.

4. The date of election of officers for the Board of Health would be at the regular meeting of the Board in April of 1951. The present members to function until that date.

A hearing survey of all school children over the 4th grade (2300) was started in February of 1950. 283 were found to have definite hearing losses. There were given individual pure-tone tests in a sound proof trailer coach from the State Department and 37 were referred to the Othological clinic in West Branch and Tawas City, and these children were examined by a specialist with recommendations for follow up treatment. A similar clinic is now being scheduled in the eastern half of the district to complete this program.

It is hoped that a Visual program can be held this school year. The necessary added equipment should cost approximately \$150.00, and it is believed the budget will

Use of Kerosene

Misuse of kerosene, or coal oil, particularly in rural areas, causes hundreds of deaths each year. One common and dangerous practice is the use of kerosene to speed up a slow fire. Kerosene vaporizes when poured into a warm stove, and this vapor may explode, igniting clothing and furniture in the room. Kerosene should never be used to start fires.

In the fall in the northern states the leaves change color—brilliant reds, greens, blues, etc., but the color was there all the time. However, it isn't noticed until fall or autumn because earlier in the year the green of the chlorophyll in the leaves is so potent.

VIC & ZELL'S---Tawas City

A lot of folks are tempted to speculate with their money. With the farmers, however, there's enough speculation in farming itself--what with the weather, insects, plant disease, livestock sickness, and prices. For the farmers, a safe, sure way of building financial security is with U. S. Savings Bonds. Should he need extra cash his money is handy, it's always there for emergencies. So, farmers, be sure that part of your fall crop or livestock check goes into Savings Bonds. They pay \$4 for every \$3 invested in ten short years. This is the time to resolve--"NOW LET'S ALL BUY BONDS."

P-TA Sponsors Basketball Game

On Monday evening basketball games sponsored by the East Tawas Parent-Teachers Association took place at the Community House. The first game at 7:45 was played between P-TA fathers and sons of the 7th and 8th grades. The fathers defeated the sons by a score of 18 to 6.

The second game between fathers of the P-TA and teachers was a close game until the last quarter. The teams were tied several times. At the end of the half the score stood 23 to 20 in favor of the teachers. The teachers ran up a winning score in the fourth quarter ending 37 to 25 in favor of the teachers.

Frank Humberger and his band were present and gave several selections. The proceeds will be used for P-TA projects.

Daughters of Union Veterans

The local Daughters of Union Veterans presented an American flag to the Second grade room in the Tawas City Schools Tuesday afternoon with a short ceremony. After a salute to the flag, the second and third graders sang "America." Miss Edna Otis gave a talk to the children and presents the flag to their teacher, Miss Viola Groff.

EAST TAWAS P-T. A.

The Parent-Teachers Association of East Tawas will meet at the school house next Monday evening at eight o'clock. There will be a membership contest conducted between the grades for attendance and membership of parents for months of November and January.

LADIES LITERARY CLUB

The East Tawas Ladies Literary Club met Wednesday evening at the club rooms. Mrs. Roy Sims was roll call chairman.

The speaker of the evening was Mrs. Irene Hubbard, Iosco county Welfare Chairman. Her topic was "Old Age Assistance in Michigan." Refreshments were served by the following co-hostesses: Mrs. Glenn Hughes, Mrs. John Moffatt, Mrs. Luther Jones and Mrs. J. S. Harrington.

Deaths from Heart Trouble

Based on a study made in England and Wales, bartenders were found to have the highest rate of deaths from heart disease, with barbers second and physicians third. At the low end of the scale are agricultural laborers, next, carpenters, bricklayers and plumbers and painters.

Our Sincere Thanks

To the hundreds of friends in the Tawas and Iosco County who have made our five and one-half years in business so pleasant. It has been a pleasure to work with you and for you.
 We will never be able to forget the many fine things that they have done for us wherever we may be.

We hope, too, that you will give our successors, Mr. and Mrs. Ernest Larson, and Mr. and Mr. John Pinter, the same fine cooperation and support that you have us.

Sincerely,
Floyd "Shorty" and Eva Ketcherside

Look TO THE WANT ADS

Tell the town what you want to buy, rent, swap, hire, lend or borrow! And the one sure-fire way to get results is through the classified ads... the town's largest meeting place for buyers and sellers. When you're stumped for:

- A house or apartment
- New or used furniture
- A new employee or employer

Turn to the want-ads to turn a neat profit! And an advertiser is waiting to help you break into print!
