

## Vote 'Yes' on Courthouse Bond Issue

### Cities to Vote for City Officers; Special Election in Townships

**Whittemore Has Two Tickets; Tawas City and East Tawas, One**

Next Monday will be regular election for Iosco county's three cities, Tawas City, East Tawas and Whittemore, but all precincts in the county will vote in special election on the two Courthouse Bond Proposals.

Whittemore has two tickets on the ballot, Republican and Democratic, Tawas City and East Tawas, one ticket.

Candidates on the ballots are as follows:

- EAST TAWAS**
- Republican—  
 Mayor—Henry Klenow.  
 Clerk—Fred Lomas.  
 Treasurer—Georgia Bergeron.  
 Aldermen—Clarence McKenzie, Elmer Werth and Edward Lixey.
- TAWAS CITY**
- Republican—  
 Mayor—George W. Myles.  
 Clerk—Albert H. Buch.  
 Treasurer—Margaret Lansky.  
 Justice—H. E. Friedman.  
 Supervisors—John B. King, Fred Brabant, Clarence Everett.  
 Alderman—Arthur Ziehl, Clyde Eovil, George Tuttle.
- WHITTEMORE**
- Republican—  
 Mayor—Edward Dickie.  
 Treasurer—John O'Farrell.  
 Assessor—William Werely.  
 Aldermen—Gunnar Brevik and Merrill Burnside.  
 Justice—Henry Bronson.
- Democratic—**  
 Mayor—Wesley Nyswaner.  
 Clerk—Henry Hasty.  
 Assessor—Howard Collins.  
 Aldermen—Archie Graham and Ernest Partlo.  
 Justice—George Freel.  
 Hasty and O'Farrell were nominated on both tickets.

**New Restaurant Association Holds First Meeting**

The Northeastern branch of the International Steward's and Caterer's association was formally organized at a meeting held at the Barnes hotel here Tuesday night.

Plans for the organization began last fall for the purpose of providing better service to their customers.

Steve Pavelka, of the Trading Post, Standish, was elected president of the group. Other officers include vice-president, Mrs. Peggy Burton, Log Cabin, Standish; secretary, Mrs. Mildred Loy, Wickert's Restaurant, East Tawas; and treasurer, Jeanne Eyrich, Wheeler's Restaurant, Standish.

Movies on "Restaurant Waitress Training" were viewed by the members and by 20 waitresses from Wheeler's, Trading Post, Log Cabin and Wickert's restaurants.

**Iosco County Sheriffs Department**

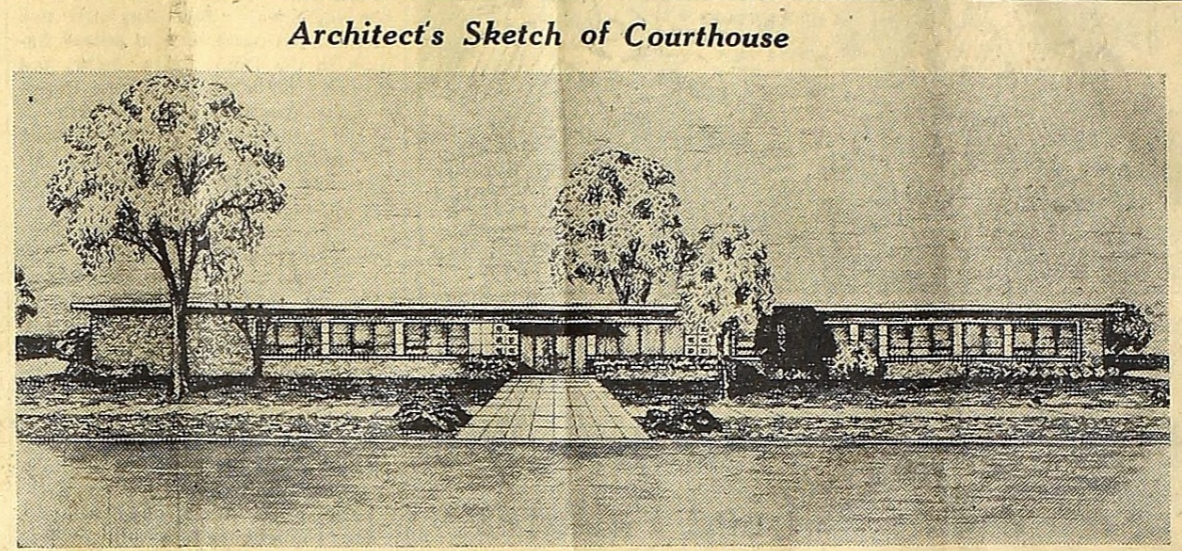

The following officers were elected for one year: President, William Fuerst; Vice President, A. G. Miller; Secretary, Rev. Wesley Dafoe; Treasurer, John Bellon; Board of Director members, Rev. Fr. DuRussell and Thad Hall.

The purpose of the Whittemore Chamber of Commerce shall be the advancement of the civic, commercial, industrial and agricultural interests of the city and surrounding territory; the promotion of the general welfare and prosperity of the city, county, and its surrounding territory, and the stimulation of public sentiment to those ends, and the providing of such social features as will promote these purposes.

The Chamber of Commerce will function through the following committees: Membership, Retail Merchants, Agriculture, Civic, Industrial, Advertising and Publicity, Program and Health. President Fuerst will name the personnel of these committees as soon as membership will allow.

The Board of Directors, composed of the officers and two members named to this Board, were asked to work with other organizations of this area, to invite a dentist and doctor to locate in Whittemore.

The next general business meeting of the Chamber will be held April 16.

Architects Joseph Goddeyne's sketch of the proposed Iosco County Court House, which would replace the present building constructed in 1867.

### Industrial Plant Moves to Tawas

**Lease D. & M. Roundhouse**

The Feather-Lite Manufacturing Company of Detroit has leased the Detroit and Mackinac Railway roundhouse. This firm manufactures aluminum sash and combination doors.

The building is being completely remodeled and the entire manufacturing operations will be moved here from Detroit. It was stated that production in the plant would start June 1.

Their normal employment is 60 persons. The Tawas plant will start with 40. Two key men will move here from Detroit. Other employees will be recruited locally.

The securing of this industry was made possible through the efforts of the Industrial Department of the Detroit and Mackinac Railway.

### Tawas Baseball Team Hold Meeting Sunday

A baseball meeting will be held by the Tawas City ball club at Manager Rollie Gackstetter's home this Sunday afternoon, beginning at 2:00. Everyone interested in playing this year be on hand for the meeting.

### Correction

In a table carrying the approximate number of land descriptions of each township, Oscoda township should read "approximately 3,000 instead of 300." The table appears in the Courthouse proposal advertisement on another page of the Herald.

Mrs. Ethel Lewis was taken to Ann Arbor last Friday for eye treatment.

### Tawas City Legion Holds Beaver Dinner

**65 Members and Guests Served at Monday Night Dinner**

The delicious beaver was again the attraction of the annual spring dinner of Jesse C. Hodder Post, American Legion. The dinner was held Monday evening.

Sixty-five members and guests, who included members of the council, board of education, water board, Conservation Office Arthur Lietz and others, enjoyed the dinner prepared under the direction of Mess Sgt. Clyde Eovil and his dinner detail. His assistants were Dallas Kowalsky, Erwin Ruppert, Carl Libka, James Dillon and William Fitzhugh.

Following the dinner the following moving picture program was shown:

"Our Canadian Fishing Trip," taken by Arden Chartars.  
 "Development of Oil in the West," furnished by Phillips Oil Co.  
 "Conservation and Out of Door Pictures," by Conservation Officer Arthur Lietz.  
 Neil Luedtke handled the projection.

The beaver was cooked by J. W. Hamilton at the East Tawas Bakery for which the Legion extends its thanks.

The next regular meeting will be Monday evening, April 7. The post now has a membership of 94 of whom 20 new members will be initiated April 21.

### Valedictorian

ROSALIN GACKSTETTER

### Salutatorian

SHIRLEY MAE ALLEN

Rosalin Gackstetter and Shirley Mae Allen are the Valedictorian and Salutatorian, respectively, of the Tawas City Class of 1952. Rosalin, with an all A record, has an average of 4, and Shirley has an average of 3.39. The Valedictorian is the daughter of Mr. and Mrs. Rollie Gackstetter and the Salutatorian is the daughter of Mr. and Mrs. Arthur C. Allen. Both are residents of the local district and both have spent their entire school life in the Tawas City Public Schools.

Other members in the upper one-third of the Class are Edna Jean MacDonald, Nancy Anne Rollin, Alton Walter Long, Shirley Ann Anschuetz, Kathleen Ann Frank, Barbara Ann Goedecke, Beverly Jean Shorkey, and Joan Ruth Musolf.

### To Mark River for Small Boat Navigation

Channel markers will be placed at the mouth of Tawas river for the convenience of small craft using that harbor, according to arrangements made at the Thursday luncheon of the Tawas City Businessmen's Association.

Two years ago the markers were placed by the Coastguard Auxiliary, according to John Monarch, secretary of the association. He stated that auxiliary will place them again this year, and the Businessmen's Association voted to furnish the stakes.

A "Dutch" lunch is being planned by the association. The following committee, to be in charge, was named: Sanford LeClair, Elmer Slaven, James Dillon, E. D. Jacques, Cecil Cabbie and Walter Champion.

A committee to see that voters get out to vote at the coming election was named. The members are: Dr. John LeClair, Cecil Cabbie, James Dillon and John Coyle. They were instructed to use the telephone or make personal contact.

### End 2nd Year Operation of Mackinac Truck Line

Mackinac Truck Lines tractor-trailer units rolled 227,847 miles during the subsidiary company's second year of operation in 1951. Several new pieces of equipment were added and experimental trailer-flat service was started.

Three tractor-trailer units were added last year bringing total equipment to seven tractors and nine trailers. In December, trailer-rail flat service was inaugurated between Bay City and Alpena. One flat has been equipped with hold-down and blocking devices and three highway vans were fitted for riding the flat.

Driving the maroon and gray vehicles up and down north-eastern Michigan's highways were Leonard Cantle, Carl Kopperwas, Glenn Doty, Ellis Fisher, and Harold Ellsworth. And the man responsible for keeping 'em rolling was Rollie Gackstetter.—by Wm. Mallon, Mgr. in the Detroit & Mackinac Turtle.

### NEM Season Opens May 18

A long standing guarantee fund of \$10.00 to become a member of the Northeastern Michigan Baseball League was boosted from that amount to \$25.00 by the directors at their meeting in Standish last Thursday evening. This is the first time the guarantee fund has been changed since the organization of the league in 1916.

The new change provides that any club joining the league must pay the \$25.00 deposit to the treasurer as a guarantee fund, plus \$5.00 additional for expense money. It was also ordered by the directors that \$10.00 be paid to the opposing club in event of a non-appearance of any certain club and \$15.00 be placed in (Continued No. 4, Back Page)

### Be Careful—Grass Burning Season is Here

Tawas City Fire Chief, Fred Musolf lamented this week, "It's official—spring is here, I can smell grass fires already!" One of the early signs of spring in this area is the smell of fires burning up dead grass on homeowners back lots, front lots and many times the neighbor's lot. Chief Musolf stated this week that everyone must have a burning permit before touching fire to any grass within the city limits and those who do not comply with the law will be prosecuted.

Each spring the Tawas City Fire Department answers to about twenty grass fire calls, costing the taxpayers \$30.00 or \$40.00 everytime the trucks leave the city hall. This is a needless waste of money as just about 100% of these fires can be prevented.

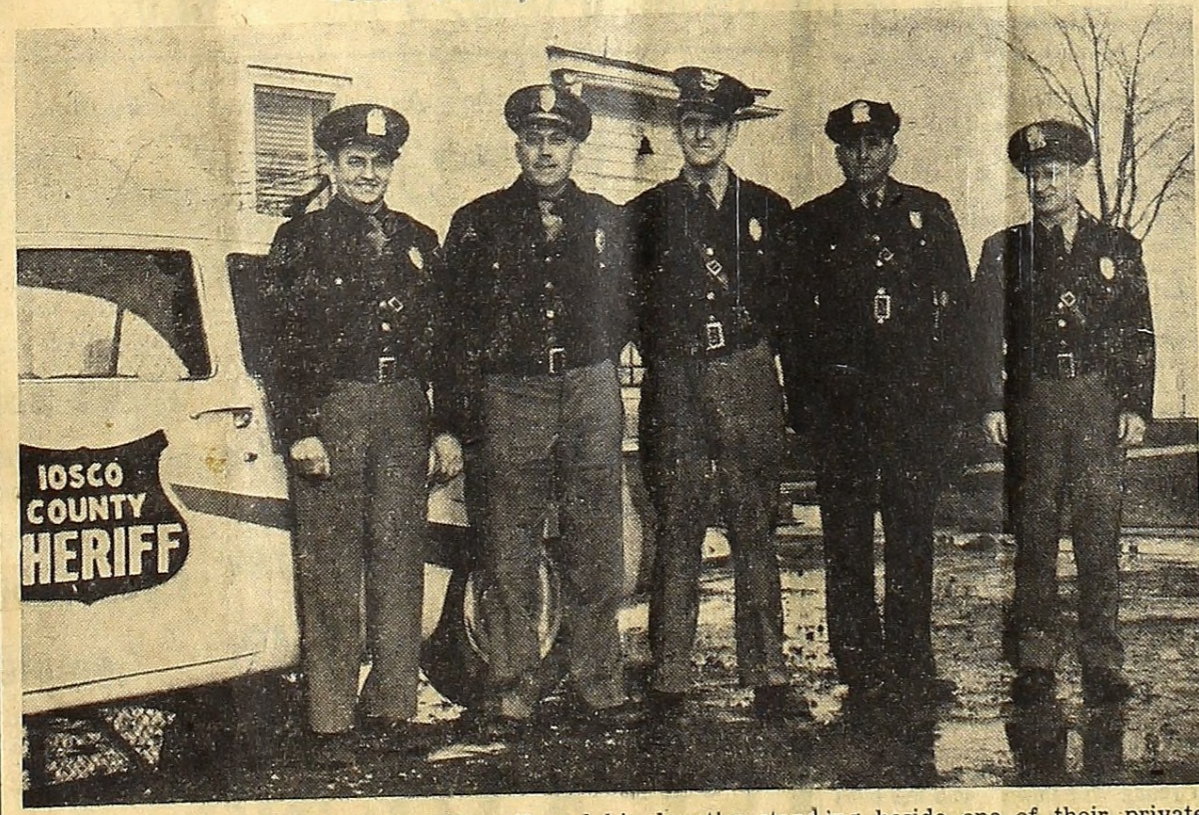

Here are a few tips that Chief Musolf sends along:

After receiving a burning permit, don't think for a minute that this relieves you of any responsibility if your fire gets into your neighbor's yard and destroys his property.

If you have to burn grass, use your head, never set a fire on a windy day. Usually at nightfall the wind dies down making it safer to burn.

Make sure you have someone else with you in case your fire gets out of hand. Have shovels handy and even the garden hose. Just burn off a little at a time.

Remember fires are costly if they get out of hand. Let's everyone be a little more careful this spring!

Truman's Ego

WHAT WORRIES some of the elder states in the Democratic party is that the Kefauver victory in New Hampshire will get the president's dander up, make him determined to run again.

When Kefauver first went to the White House to tell the President about his plans, Mr. Truman was more than cordial. He spoke about the need of bringing younger Democratic leaders to the front...

Taft's Weakest Spot

Taft strategists, holding a post-mortem on the New Hampshire primary, figure the thing that hurt their candidate most was the speech of Gov. Sherman Adams...

"Were he President," Governor Adams said of Taft, "He makes it clear that he would follow the same isolationist philosophy which turned Vandenberg against him."

New Hampshire Highlights

It was Senator Kefauver's humility and sincerity that won New Hampshire's hearts—and votes. For example, after Kefauver finished a dull television speech, his wife asked in a whisper how he thought it went...

New Hampshire's hardy folk, coming out in the rain and snow to vote, also didn't like the idea of President Truman tanning himself under the Key West sun.

The large Eisenhower vote was a bigger blow to the Taft camp than they admit. The Taft steamroller moved in high gear through New Hampshire, was expertly steered by veteran politicians...

Taft was counting on three things: 1. Conservative support in the small towns and rural areas; 2. The editorial drumbeating of The Manchester Union-Leader...

## News About Whittemore

Whittemore Women's Club Meet  
The Whittemore Women's Club met at the high school Wednesday evening with the Social Committee as hostesses.

Due to the President, Mrs. Helen Curtis being ill, the vice president, Mrs. Charles Dorcy took charge of the meeting. Seventeen members of the Junior Girl's Club were guests.

After the regular business session the program chairman, Mrs. Winifred Charters presented a very interesting program on Spring Flowers, with Mrs. C. Huff explaining spring bulbs and how to plant them.

Mrs. J. Chase gave several good garden hints. Mrs. L. Lawe gave a paper on iris culture and Mrs. C. Perry read a story on the dog wood tree. After which Peter Haddix of Standish was introduced and entertained the audience with three piano numbers. Peter, son of Mr. and Mrs. Lewis Haddix, is only 13 years old and is a talented musician. He also plays the cornet. He was accompanied by his mother and Mrs. Don Haddix who were guests of the club. The club hopes to have Peter with them again in the near future.

Two movies were shown, one on the beautiful flower gardens of Mr. and Mrs. J. Cummings in Rose City, all in color. The other film was the business of Whittemore in 1939.

Mrs. Thad Hall, president of the Junior Club, was introduced and spoke briefly and thanked the club for a very fine evening

### COUNTY AGENT NEWS

HAROLD R. CLARK  
County Agricultural Agent

The March edition of the Michigan Farm Economics has just arrived. It contains some very important information on what the farmer should do in 1952. It discusses all phases of agriculture and makes recommendations for improved efficiency in production and management. The following outlook and recommendations were written by the Agricultural Economics Department.

Full production is needed and it promises to be profitable in 1952. However, there are obstacles. In the last few months prices of many agricultural products have fallen. So, while full production may be needed, it does not mean full production of every product at any time. Now more than ever farmers should be alert, study conditions and produce those products needed most. It is equally important to produce them at the time of the year when demand and prices are strongest. High operating costs and peak investment requirements are also obstacles to full production. Labor, feed, grains and other operating items are scarce and high priced. Land, improvements, livestock and machinery are at all time highs, price-wise. In the face of this you ask, "Will farm income stay high enough to justify expanded production in 1952 and over the next few years?"

You will have to answer the question yourself. Following are some of the problems which may confront you in making the decision.

**Should Land be Broken Up and Improved?**  
If it is good productive land and the acreage is large enough then clearing land, breaking up muck, and improving land through tilling, draining and fertilizing will pay. You must decide whether capital, especially if it's limited, will give more returns here or elsewhere.

**How About Renting Land?**  
Renting additional acreage of good to reasonably productive land which you can handle satisfactorily, is good farming where more business is needed. Is it the Time to Buy Land or a Farm?

Prices have never been higher, but may not be lower soon. If land or a farm is needed and you have adequate capital or credit it is all right to buy. Shop around—there are good buys and poor buys. If additional land is close to your farm, that land has higher value for you. Good land, well located, costs more but is the best buy in the long run. It can be realized on sooner and over a longer period. In buying a farm keep in mind that large farms are generally relatively cheaper than small farms. Do not under-estimate the cost of needed improvements and repairs.

**Is Now a Good Time to Start Farming?**  
It is expensive to start but earning prospects make it a good time if you are ready. It is often contended that it is harder to get started now than it used to be. Many young couples will challenge this and are demonstrating that they can start from scratch and acquire the personal property and the farm as fast now as they ever could. It may take more business ability than it used to.

**What About Feed-Grain and Cash Crops?**  
Major changes in a well-planned farming program would be ill advised. However, for those considering shifts, corn and cash crops such as potatoes, sugar beets and beans look advantageous and should be emphasized where they are adapted.

**What About Grass Utilization?**  
Grass and legumes will be relatively cheaper than feed grains in 1952. So while feed grain production should be encouraged, grass utilization should be emphasized to obtain lowest feed costs, especially this year.

**What About Reducing Costs?**  
Farmers will find it more to their advantage to seek greater volume of production even though total farm costs may increase. The pay-off is in producing large quantities of products to sell so long as prices stay favorable.

There is no question but that every cost item and especially investments should be carefully analyzed and examined before commitment is made. Buying a poor farm, apparently cheap,

### 4-H CLUB NOTES

The 4-H Club reporter says: You certainly haven't forgotten Bernice Seigrist and Gloria Jean Runyan, Pauline Degesie and Gloria Seigrist? They were the youngest of our demonstration teams on the Achievement Day program.

Clothing and knitting projects were the basis of their demonstration. How many of you young and old would be willing to get up before an audience of 450 people and accomplish what they did? That is what 4-H Club work can do for our young (and old) folks today. The development of leadership is a by-product of 4-H Club work. Our young folks learn by doing and show you what they have learned through demonstrations.

For the sake of our readers who are not in 4-H Club work, do you want to know where you can learn more about it? Our 4-H Club community leaders live right in your neighborhood. In Burleigh township, get in touch with Gerald Bellen; in Plainfield, it's Mrs. Blanche Douglass of Hale, while Norman O. Sibley of Reno Township represents that area. Mrs. Fred Pfahl of Grant Township and Mrs. Kenneth Pringle of Sherman can give you an idea of their community 4-H Club's activities.

Mrs. O. J. Westcott of Tawas City is the community leader for that area, but in East Tawas, Mr. and Mrs. Ralph Burt will be only too happy to assist in the organization of a community club. You say you know nothing about club work? Ask any of the above mentioned folks or myself and we will be glad to explain it to you—no strings attached. Our summer program will include activities in Food Preparation, Canning and Freezing, flower and vegetable gardening, livestock and crops (for our rural youth) and conservation activities including archery. There are over 60,000 4-H Club members in the State of Michigan. Each of these members and their nearly 7000 leaders are people with ambition and initiative. 4-H Club work is sponsored by our Federal, State and local government. We would like to have you join up with us and make Iosco county known the state over for its leadership and achievements.

Camping, judging, demonstrations, contests, tours and exhibiting at our County Fair and State 4-H Club Show are all a part of the program for every member.

These following reports are more evidence of what our members do at their meetings. The meeting was called to order by president Leslie Pfahl at 8:30, March 18 at Grant Hall. There were eleven members present. The ritual was said by our vice-president, Jimmy Curry and followed by all members and the pledge to both the United States flag and to the 4-H Club flag. Our president, Leslie Pfahl led us in the 4-H Club song in the absence of our song leader.

Each of our project reporters gave a report on what their club is doing. The Tractor Maintenance group took a trip to a tractor plant in Detroit. Richard Pfahl gave a very nice report on their trip. Mrs. Hall gave a lecture on the origin of St. Patrick's day.

At this meeting we talked of Achievement Day and how we were to get our exhibits to the Tawas City gym.

We also had four visitors present: Reata Ulman, Mrs. Ulman and Mr. and Mrs. Long.

Franklin Bischoff chose a committee for recreation. They are: Richard Pfahl, Duane Durant, Sandra and Judy Ulman.

Jim Curry made the motion the meeting be closed and the club seconded it. After the meeting everyone enjoyed games.

The next meeting will be held April 17, at the Tawas Township Hall at 8 p. m. It will be Pot Luck. It will be Parent's Night.

Barbara Wisniewski, Community 4-H Friendship Reporter.

All members are through and ready for Achievement Day. This meeting was called to order by President Joyce Welna at 12:15, March 15 at Anschutz School. Our vice president led us in the pledge to the American flag and the 4-H Club flag. The ritual was said by all members.

Roll call was answered with the month of our birthday. All but one of our eight members were present and of course our leader Mrs. DeWayne Hall.

Dorothy Welna made the motion the meeting be closed and Joyce Anschutz seconded it.

After the meeting we filled out pamphlets. All members are coming along fine. All are finished and ready for Achievement Day. We also practiced for our Talent Show act.

Barbara Wisniewski, Busy Body Reporter,

may prove to be costly in the long-run. Investing in machinery beyond \$50 per acre can often be questioned. Buying feed which the farm should raise may be justified temporarily but is generally poor business over the long pull. These are examples of unwise spending. We can find opposite examples of unwise economy in not spending when it really would pay.

## Iosco Sheep Tour Tuesday, April 8

Wool prices and sheep flock management will be discussed by Graydon Blank, Extension Specialist in Animal Husbandry of Michigan State College at the two stops of a sheep tour which will be held Tuesday afternoon, April 8. Harold R. Clark, County Agricultural Agent who is arranging the tour says the first stop will be at the Martin Fahselt farm, seven miles west of Tawas City on M-55 (at end of pavement) at 1:30 p. m. The second stop will be held at the Arthur Musk farm located at the AuGres river on M-55 at 3 p. m.

The lambing season is here for some sheep breeders and by May 1st lambs will be arriving in all flocks. Lambing time is the most important season for the sheep breeder. Attention given at this time will have a definite effect upon the income from the sheep business.

The problems arising at this time are (1) feeding of the ewe flock before lambing, (2) shearing before lambing; (3) docking and castrating, and (4) parasite control.

These problems of management will be discussed at the two stops. Fahselt expects his lambs about the middle of April. His ewes will be shorn before the day of the tour. Martin, for the past years has sheared his sheep before lambing. He says there are several advantages to this practice: no tagging is necessary; ticks leave ewes before lambs arrive; ewes protect lambs from bad weather; more room in the sheep barn. Martin has tried spraying to replace dipping and he likes it.

Musk's lambs have begun to arrive. Here lambing management will be discussed with demonstrations. Marketing of lambs and wool will receive a great deal of attention. Other factors of breeding, feeding and disease and parasite control will be discussed.

All farmers are invited to attend one or both of the stops.

### HOME EC NOTES

by Dorothy Scott, Home Demonstration Agent

Calendar—April 9: Hale Women's Extension Group will meet in Home Ec. Room.

The Hale Women's Extension Group meeting was opened by the President, Mrs. Charles Atwell. Secretary and treasurer's reports were read and approved. Mesdames Hatfield, Atwell and Runyan paid for the tickets they sold on the quilt and the money turned over to the chairman, Mrs. Atwell. It was decided to have a bake goods sale the same day the quilt was raffled off, the date, April 12th. Mrs. Dave Runyan is to see Mr. Wyatt and see if we could hold the bake sale in his store.

Mrs. Heilman made the motion to at the treasury purchase a box of "get well cards." Seconded by Mrs. Earl Bielby. Mrs. Heilman was appointed sunshine chairman. Mrs. Heilman and Mrs. Runyan brought in their textile painting and some of the ladies tried their hand at painting. A lovely lunch was served by Mesdames Dodge and Abbinate. —Esther Scofield, Secretary.

At this time of year all good Michiganers are people syrup conscious—why not use some milk in making maple syrup tapioca? Here is the method. Heat in a double boiler 1 pint of milk and 1 cup of maple syrup. Add a scant one-fourth cup of tapioca and cook for 15 minutes. Beat one egg yolk with a pinch of salt and add slowly to the hot mixture with a constant stirring. Cook for a few minutes and immediately fold in the stiffly beaten egg white. Cool and serve. The delight of your children will make you happy that you remembered this easy-to-make most nourishing dessert for your family.

The Whittemore meeting was opened by repeating the Extension Women's Creed. Roll call was "My Favorite Tree." Records of last meeting were read and approved. Members signed a card to send to Mrs. Earhart. Mrs. Miller reported on a meeting held at Sterling today. Sampler to illustrate the lesson, "New Finishes for Fabrics," were displayed by Marie Bellville. The lesson on lamps was given. Roll call for next meeting will

### Fellowship Supreme

Lesson for April 6, 1952

THE church of the twentieth century is taking a beating. We are living in one of the dark eras when the Christian church in large parts of the world is on the retreat.

One - sixth of the earth's surface, that used to be called "Christian," is now dominated by anti-religious powers.

There were once 8,000 missionaries in China where now there are 200, and the number is growing fewer still. An inquiring minister in Georgia recently asked a number of American church leaders whether they thought we can call the United States a "Christian" nation. Most of them said No, and most of them thought that America is at present slipping farther away from Christ.

**What Did the Early Church Have That We Haven't?**

Now the question is: What did the early church have that we don't have? Why did they succeed where we have not been succeeding? One quality which was strong in the early church, weak today, is fellowship. Let us first see what the New Testament idea of fellowship is not. It is not organization. It was not any one Big Man or Big Church or any pattern of organization that made the early church "click." Also, it was not simple nearness.

For many persons today, "belonging to the same church" with another person means no more than that on occasional Sundays they find themselves sitting within a few yards of each other. They do not know each other's names, perhaps, much less take any personal interest in each other's affairs.

Furthermore, the New Testament does not hold up subscription to a creed as the main feature of fellowship. All mathematics teachers believe in the truth of algebra and geometry, but that does not make a fellowship out of mathematics teachers. So you can have several hundred or several thousand people repeating the same Creed without ever being a fellowship or even knowing what the word means.

**No Tinker-Toy Business**

ONE thing that fellowship did mean, when it meant something, Jesus made very plain. It is like the life of a growing vine. You cannot think of the branches without the vine, nor of the vine without the branches.

Carrying on the same idea, Paul (1 Cor. 12) speaks of the church as the "body" of Christ. Christian fellowship is first of all an intimate growing-in to the life of Christ, sharing the same life with him.

You can make a tinker-toy man with two arms or no arms, you can pull the legs and arms out and stick them in again as you like, because the tinker-toy man is not real, it is only blocks and sticks. But you cannot stick branches in and pull them out of a vine like that; much less pull legs and arms out of a living body.

If the church today is weak, it is because too many individual "members" are not members of Christ. They belong to the church, statistically speaking; but they do not belong to Christ.

**Belonging to One Another**

ANOTHER thing that fellowship means, grows out of this first thing. The New Testament idea—the New Testament fact—is that all Christians are parts of one another, just as all parts of a living thing belong to one another.

It is quite true that not every one in the church then understood this, or Jesus and Paul would not have had to speak and write as they did. But the church at large did understand it. Every church then was a kind of family, indeed often a much better family than that into which its members had first been born.

Although each Christian was himself, indeed a new self ("If any man is in Christ, he is a new creation," Paul said), yet in the church every one belonged to every one else, just as in a good family. The good of one was the happiness of all; the sorrow and trouble of one was the trouble of all; the temptation of one gave the others an opportunity to fight for his rescue.

The church, when it IS the church, is the fellowship supreme, the united life, the life of God shared by those who love him and one another.

Perhaps the best thing the Christian church today could do, instead of getting more "members" who are not members, would be to re-discover and re-practice New Testament fellowship. Such a church would begin to win victories again.

### Emanuel Church Easter Services

# New Books

The Iosco County Library staff has processed 450 new books for the shelves during the first three months of 1952. Three hundred and sixty of these were books for adult readers. All the new books were placed in the branch libraries and on the bookmobile for distribution to Iosco County readers.

Among the new books there were five with scenes in Michigan: "I Married a Logger," by Julie Anderson, is the story of life in a logging camp in the Upper peninsula, during the early 1900's. "Pegleg," by J. Adams of Mason, Michigan is a fictionalized story of the early settlers in the Grand River Valley and the founding of Mason, county seat of Ingham county. "Citadel of the Lakes," by Myron Orr tells of the turbulent days

during the War of 1812 on Mackinac Island the lower Peninsula. "Levy Unafraid," by Joseph Nelson, tells the story of one year in the life of the author's mother: the year 1862, when as a girl of seventeen she served as a missionary teacher among the Ojibway Indians in the village of L'Anse on Lake Superior. "Two Sofas in the Parlor," by DeJong is a humorous story of a Dutch family with six children of assorted sizes who find life in Grand Rapids very bewildering but very delightful.

Historical Fiction—Dark Moment, Bride; Winds of Morning, Davis; Mohawk Valley, Gerson; Mike Fink, Rayford; Chicago Story, Morris.

# ... Cheaper to Have Built than to Re-establish Records ... Says the Montmorency County Register of Deeds

Here is the Experience of Montmorency County with Fire:

### REGISTER OF DEEDS—MONTMORENCY COUNTY

Albert H. Buch  
Register of Deeds  
Iosco County  
Tawas City, Michigan

March 26, 1952

Dear Mr. Buch:

Your letter of March 18 received and will try to give you a little idea of the problems confronting the County after the fire which destroyed our Court House. Since the fire in 1943, we have come to realize that it would have been more economical to have built a new building than to re-establish records and titles. The cost of quieting title under the Special Act, is approximately \$75.00 a description, which is aside from all the work encountered and appearances in court, and its cost.

Adverse possession for fifteen years must be proven before a Decree will be issued and cases have been known where adverse possession has been denied where owner has not lived on property or had it fenced when he actually owned it for a greater number of years.

Individuals were responsible for proving that their taxes were paid for the five year period prior to the time of the fire, when the tax records were re-established. They had to produce receipts from either the Township or County Treasurer. If the receipts had been lost or could not be presented for any reason, the taxes had to be paid over again.

Many of the old records cannot be replaced by re-recording, for sometimes the originals have been lost or misplaced.

One of the things that can happen if we should strike oil in the County, is lawsuits and hearings and a possibility of Decrees being re-opened.

Hoping I have given you a little bit of the picture, I am

Very truly yours,  
S--Margaret McKellar, Registrar.

This would be the approximate cost to Iosco County taxpayers based on Montmorency County costs and still NO Court House.

### To the Voters of Iosco County:

When the question submitting the proposition of the new court house was brought before the Board of Supervisors, I voted "yes" because:

1. I felt that a majority of the voters, as well as myself, realize the need for a new building. The present structure is not large enough to give sufficient office space for the present needs of the County business. The vaults are inadequate and a dangerous threat to the records there which would be practically impossible to replace.

It should be remembered, voters, that those records are your records to protect. The price to replace them, to each family, would be many times more than the millage on the new Court House.

Therefore I recommend to the voters of Sherman Township and the rest of Iosco County to vote "Yes" on both propositions on April 7.

Howard Staebler,  
Sherman Township Supervisor.

## Vote "YES" on Both Court House Proposals Monday, April 7

This WILL NOT CHANGE your tax rate. It is only an extension of the present two-mill building fund.

### Voters of Iosco County:

At your April 7 election you are voting on two ballots concerning the court house. One is to authorize a bond issue and the other is to extend two mills for a period of 20 years, if necessary. If the county's equalized value would remain as it is now, it would not be necessary to run this millage for 20 years, but the bonding company which has set up our bond proposal requires this length of time in which to receive their money back from the county, but if collected before this time they can be paid off. The bonding company takes a very conservative attitude and claims that if present valuation conditions of our county would be reduced, they would be safe on a 20 year basis. However if the time would be only 10 years and the valuation would be reduced, they would have no way of collecting this money from the county when millage voted time is expired.

At the present county valuation, I can truthfully say that it should not be required to run over 10 or 12 years. We are asking for a \$250,000 bond issue to build this court house. Whenever this amount of taxes is collected to pay off the bonding company, it will automatically cancel out these two mills on the court house, as funds raised on this millage can not be used for any other purpose than for building of this court house, nor can we collect taxes in excess of what we are asking the voters to approve.

By voting "Yes" on these proposals on Monday, April 7, it will cancel our present two mills which we are now paying and have paid in the past few years. The bonding company insists it must be handled in this manner and will not accept a vote on extension of our present two mills. It is presumed that they have no control of this millage which we voted on in the past only to say that it will be cancelled if the new proposal passes.

Elmer Werth,  
Chairman, Building Committee.

## Clothes—Back Ground to Your Personality

The clothes you wear should be a background to your personality. This bit of advice is especially true in selection of spring and summer prints, as you can see from advice given by Josephine Martin, textiles, clothing and related arts professor at Michigan State College.

Though a fabric print is very much a matter of personal taste, Miss Martin urges women to observe a few basics of designs. For instance, equally spaced striped become monotonous, so allow for an interesting variation in space or size of the stripes. Or, if the stripes are even, a variation can be achieved if the stripe direction is varied.

Watch out for prints that look too much like real life, warns Miss Martin. Figures or patterns from nature should not have depth but just two dimensions

or you will find people looking at the photograph in your dress and not at you. Spacing of the pattern should be interesting but make sure the designs are not too far apart.

Do you wonder what kind of print is best for your figure? Miss Martin answered that one with the general statement that patterned fabrics generally increase in size. That means that a short stocky figure should be careful about all-over printed fabric. Inconspicuous colors without too much contrast are better for the stocky figure, of course, than bright splotchy patterns.

A very tall slender figure often needs a design with some horizontal movement to break the up-and-down line. The average figure or the very small one can safely wear any print, though it is well to remember that a pattern should be scaled somewhat to the person's size, Miss Martin concluded.

Photographers take aerial pictures of Traverse City from a height of three feet. The city's Clinch Park contains a miniature of the city, accurately constructed to scale.

## Oscoda To Have Dial Telephone System

The Michigan Bell Telephone Company today announced that it had purchased a building on Adams street, near Lake street, as the first step in bringing dial telephone service to Oscoda.

T. C. Maher, manager here for Michigan Bell, said the interior

of the one-story masonry building would be remodeled to accommodate the dial switching equipment to serve the community.

To cost \$70,000, the new system is expected to be ready to be placed in service this summer.

transferred from the American to the National. Only 12 clubs will make up the circuit for this year. Standish and Bentley were not members because of the fact that they both had forfeited their membership last year and did not re-deposit their guarantee funds this year. Though both teams had stated they had planned to retain their membership for 1952, Melita and AuGres did not send representatives to the meeting last week and the directors voted to go ahead with out those two clubs. The American circuit will consist of Alabaster, Pinconning, Sterling, Tawas City, West Branch and White Star. The National includes Hale, Beaverton, Prescott, Rhodes, Turner and Worth. Pine River, which had considered entering the league, withdrew its application. Adams also withdrew and retained its membership in the Tri-County League.

The directors acted to have the league open Sunday, May 13, with an open date (June 22) at the end of the first half for the playing of any postponed games that may accumulate. The following Sunday (June 29) will be left open also, this date to be used to play the annual all-star contest with the Bay City Federation.

At the close of the second half another open date (August 10) has been allowed for the playing off of postponed games. On the next Sunday (August 17) the Shaughnessy play-offs will get under way. September 5, 6, 7 and 8 have been set aside during this play-off period for the American Baseball Congress series at Battle Creek. Lloyd Osborne of Prescott, Don Ross, Beaverton; Steve Lennon, White Star, and Don Ales, West Branch were named as schedule committee by President Howard Thompson.
