## Judge Dehnke Cornerstone Speaker Here

**Ceremonies Will be Held Saturday Afternoon, June 7**

Circuit Judge Herman Dehnke of Harrisville will be the speaker at the Tawas Memorial Hospital cornerstone ceremonies to be held here Saturday, June 7, according to an announcement made by Harold Gould and Judge H. Read Smith, co-chairmen of the program committee. Other details of the program have not been completed, they stated.

Construction work on the new hospital is progressing rapidly and contractors have already received a total of \$135,854.34 for labor and materials, about 25 per cent of the contract price. Slightly more than 30 per cent of the materials have been delivered and labor completed. The association still has cash on hand amounting to \$26,574.67 and \$30,227.36 in U. S. bonds. Other assets include \$114,047.17 in pledges now due or being paid at a specified time.

The above monies, including payments to contractors are funds raised by pledges and from local sources. Last Thursday representatives of the Office of Hospital Survey and Construction made an inspection of the progress of the building and examined the finances of the hospital association. Everything was found satisfactory and in order, and vouchers have been prepared for the first installment of Federal Hospital Aid which will amount to in excess of \$100,000.00.

## Yacht Club Plans Regatta For July 4th

**Name Committees for Program, Plan Membership Drive**

Tawas Bay Yacht Club members received the warning gun on preliminary preparations for the annual July Fourth Regatta as Commodore Charles Schreck outlined tentative plans and appointed committee heads at a regular meeting held May 9, at the Holland Hotel.

With the regatta slated for July 4-6, plans call for one race on the Fourth; two races on Saturday, July 5, and a banquet and award of trophies that same night, and miscellaneous handicap events on Sunday, July 6.

In charge of all arrangements for the event will be Regatta Chairman, Bill Wickert. Other committee chairmen appointed by Schreck include: Danny Cater and Clarence Everett, buoy and course co-chairmen; Jim Martin, banquet chairmen; Reg. Barnett, fish tug race chairman, and Mrs. Morse Heineman, racing, rules and handicap committee chairman. In addition, Charles Schaldenbrand, John Mielock and Norman Anschuetz were appointed to serve as the entertainment committee.

Completing the list were the appointments of Norman Anschuetz as acting secretary-treasurer to fill the vacancy left by Robert Dillon, who is working in Pontiac, and those of Charles Schaldenbrand and G. Everett to a power craft predicted log race committee.

Plans were also made to begin a membership drive and Commodore Schreck issued an invitation to all interested persons to attend the bi-monthly TBYC meetings.

Other business included discussion on efforts to secure a lease on land suitable for construction of a slip and clubhouse facilities.

Casting with an anchor attached to a three-quarter inch manila line off the Tawas river bridge last Monday, John Monarch, one of the city's principal perch fishermen, said, "I am out to get some big fish." He didn't state what he was using for bait.

Clarence Everett's powerboat was launched Tuesday evening with the help of the Coast Guard Auxiliary. The boat had to be partially filled with water to get it under the Tawas River bridge.

## Hale Defeats Elks In 2-3 Game

**Elks Will Play East Tawas This Afternoon**

By pushing across one run in the seventh inning, to break a 2-2 deadlock, Hale came out on top in Tuesday's game against the Tawas City Elks, 3 to 2. Revord pitched two-hit ball for the Elks, but Hale scored once in each the sixth and seventh innings without any hits. Tawas City had six hits off the slants of Grover and Nunn. The game was played at the Tawas City Athletic Field.

Tawas City scored in the third when Revord singled, Rescoe walked, Davis singled, and Kohn grounded out. Gackstetter was safe on a fielder's choice, when Rescoe was caught at the plate, Herriman singled, Davis home and Jordan grounded out.

Friday afternoon (today) Tawas City will meet East Tawas.

## Auto Accident Fatal to Walter Whitehouse

**Hits Parked Truck Near Omer Last Monday Night**

Walter Whitehouse of AuGres, well known in this community, was fatally injured in an automobile accident near Omer Monday night. The car which he was driving collided with a truck parked partially on the highway. The truck was not sufficiently protected with lights.

Mr. Whitehouse was born August 19, 1908, at Turner, the son of Mr. and Mrs. Fred Whitehouse of Turner. He was fieldman for the Monitor Sugar Co. of Bay City. He had many friends here as he had been a member of the Tawas City Baseball Club and was active in bowling circles.

Funeral services will be held this afternoon at the Turner Methodist Church. Rev. Ethan Bray and Rev. Wesley Dafoe will officiate.

The parked truck was owned by Edlor Haske of Hawks. Loaded with cedar posts the driver had been forced to stop because of two flat tires. Mr. Whitehouse was driving toward Omer when he struck the rear of the vehicle.

## Tawas Opens NEM Season Here Sunday

**Defeat Oscoda Air Base 4 to 1 in Sunday Exhibition Game**

The 1952 baseball season will get underway this Sunday in the Northeastern Michigan League with games scheduled in the American Division between Pinconning at Tawas City, Alabaster at Sterling and White Star at West Branch. National League openers will be Prescott at Beaverton. This year the league consists of two six team divisions instead of two eight club sections as of last year.

If Sunday's performance by the Tawas City Indies in their practice game against the Oscoda Air Force Base is any indication of how they will play this summer, the locals should cause plenty of trouble in the North Eastern Michigan League. In Sunday's game against the O. A. F. B. Tawas City rang up a 4 to 1 victory with the locals pitching department looking in mid-season form. Herb Look started on the mound for Tawas City and for five innings held the Air Force men in the palm of his hand, striking out eight men and allowing two hits. Mern Warner took over in the sixth and pitched good ball until the ninth inning when he filled the bases by walking three after two were out and then sent the last man down swinging.

John Ulman collected two of Tawas City's five hits and drove in two runs. Others who hit safely for Tawas were Wegner, who had one hit, Groff one and Myles a single.

Tawas sent the first man across home plate in the third inning, when Myles was safe on an error. Look sacrificed him to second and Myles scored when the O. A. F. B. catcher made a wild throw to second base.

## Mother-Daughter Banquet Held by Methodist WSCS

The W. S. C. S. of East Tawas and Tawas City Methodist Churches held a Mother-Daughter Banquet at the East Tawas Methodist Church Parlors last Friday evening.

Tables were set with pink and white tapers and green paper vines, lace baskets and centerpiece of daffodils, tulips and forsythia. Favors were lace baskets of mints.

Mrs. H. V. Patterson, Jr. acted as Toastmaster. Musical numbers were vocal solos by Lee Cater, a piano solo by Marilyn Curry and group singing with Beth Blake at the piano.

A Toast to the Daughters was given by Mrs. Carl Schaaf and a toast to the Mothers by Jean Marie Schaff.

The speaker of the evening was Mrs. E. H. Longman of Flint, Director of Council of Church Women's Chorus. She spoke on "Opening Doors" or using opportunities that come for a happier and more abundant life. She gave this formula for happiness. "Every day learn something new, see something beautiful and do something for somebody else."

Mrs. H. V. Patterson was a member of Mrs. Longman's Girl's Sextette in Flint for many years.

Bouquets were presented to the youngest mothers, Dorothy Sarki and Rhea Kendall, to the oldest mothers, Mrs. Alvin Stone and Mrs. Ida Ferguson and to mother with the most daughters, Mrs. Ellen Leggett, who had five daughters present.

## Retires as Custodian After 32 Years Service

Henry Fahselt, custodian at the Tawas City Public Schools for the past 32 years, has resigned. The Board of Education has secured Goyle Killey for the position. Mr. Fahselt's resignation will take effect with the end of the current school year.

"We did not like to have Mr. Fahselt resign," Randall Fox, president of the board of education, said yesterday, "but he was fully eligible for retirement. During his many years with the Tawas City schools he has always had the full confidence of the board of education and was liked by the faculty and students. His contact with the children was as close as that of the faculty and his influence with them was excellent."

Now that he will soon be out of a job, Mr. Fahselt says he expects to do some fishing. We congratulate him on his long distinguished service in our schools.

 Presentation of flowers—Oldest mother, Mrs. Chris Reinke; youngest mother, Mrs. Frank Schreck; youngest daughter, Sharon Jarvis.  
 For closing the group sang "We're the Daughters of Isabella."

## 'ARMED FORCES DAY' TO BE OBSERVED AT OSCODA BASE

"Armed Forces Day" will be observed Saturday at the Oscoda Air Force Base with an appropriate program and open house.

Gates of the Oscoda base will be thrown open to the public at 12:30 p. m. and the field will be open to inspection until 4 p. m.

During the afternoon the famous F-86 Sabrejet fighter will be on display, as will the F-51 Mustang, propeller driven fighter, and the C-47, which is known as the "work horse" of the Air Force. Each aircraft will have its pilot standing by to answer questions.

Equipment worn by jet pilots will be shown and visitors will have the opportunity to witness flights of all types of planes on the field in speed runs and formations. There will also be interviews with pilots recently returned from the Korean fighting.

A refreshment stand will be operated by the Boy Scouts.

Visitors will be asked to observe the areas marked out for them during the afternoon, to drive carefully and to leave their cameras at home.

Contracts for nearly \$1,000,000 worth of construction work at the air base have been awarded. The work will consist of the construction of a new group of barracks at a cost of \$920,889.89, a paint storage building and the alteration of existing readiness hanger for communications and electronics shop.

## \$2050 Cash Awards to be Given in AuSable Classics

Ben Azer, of Mio, general race chairman of the AuSable River Canoe Classic, announced that cash awards amounting to \$2050.00 will be offered in the marathon scheduled for September 12 and 13.

Representatives from Grayling, Mio, Oscoda, AuSable and Bay City were in attendance at the recent meeting held at Mio to complete plans.

At the meeting the group unanimously adopted a proposal that would permit sponsored canoes by advertisers. The committee banned "racing hulls" from the race. Only stock model canoes will be permitted. Trophies for the classic will be awarded each member of the winning team in addition to the cash award. As in previous years medals will be awarded to all contestants finishing the race.

A new innovation is slated for this year's start. The first canoe will shove off on the long journey down the AuSable at Grayling, Friday, September 12 at midnight. This means the lead canoes could reach Mio and the first portage early Saturday morning, and the remaining distance, including the portaging of the Alcona, Loud, Five Channels, Cook and Foote dams will be traversed in daylight.

## Mrs. John Lansky Resigns as Treasurer

Mrs. John Lansky has resigned as city treasurer to accept a position in the office of County Clerk George Prescott. At a special meeting of the common council held Monday evening, William Groff, Sr., was appointed as her successor.

Mrs. Lansky was elected city clerk in 1938 and, as a result of her efficient courteous service, has been continuously reelected to that office for the past 14 years.

The REASONS for the swing to MODERN ELECTRIC COOKING are many

THE Electric WAY IS

- 1 FAST... it cooks food as fast as any food can be cooked.
- 2 CLEAN... no soot, no grim, no dirt.
- 3 COOL... it cooks the food instead of the cook.
- 4 SAFE... it's as safe as your electric light.
- 5 MODERN... today's electric range has features that cannot be built into any other type of range.
- 6 HEALTHFUL... electric cooking retains more healthful vitamins and valuable minerals in food. You get FULL VALUE from the food you buy.
- 7 CONVENIENT... no other type of cooking appliance can match the convenience and labor-saving features of the ELECTRIC RANGE.
- 8 CERTAIN... you get just the right degree of heat you select for each cooking operation.
- 9 AUTOMATIC... set the automatic controls and FORGET IT.
- 10 ECONOMICAL... almost NO HEAT IS WASTED—it's applied directly to the cooking vessel. The average cost of cooking electrically is about 2½¢ a meal.

THE WASHINGTON Merry-Go-Round  
BY DREW PEARSON

Truman Positive

A lot of people are still speculating that President Truman may change his mind and consent to be drafted by the Democratic national convention at the last minute—especially if the Republicans nominate Ta't whom the President does not like.

A close friend of Mr. Truman's, who once served under him as an ambassador and accompanied him to Potsdam, had this in mind when he told him that he should not put himself in the position where he could not ultimately be drafted. The situation might be such, this elder statesman cautioned, where the demands of the party would be too compelling.

"You know me," replied the President decisively. "I'm a mule. And when I make up my mind nothing can change it."

Chip Bohlen, State department counselor, walked in to the State department staff conference with perturbation written over his usually suave visage.

Truman's Word

"Hold your hats," he exclaimed, then told how the President had dropped a diplomatic bombshell at his press conference regarding an alleged "ultimatum" to Russia in 1946. Since our European allies are on constant tenterhooks over our trigger-happy relations with Russia and constantly worry that we will drag them into war by just such an ultimatum, the State department worked for about two hours preparing a diplomatic refutation of the President's off-the-cuff remark.

The State department couldn't say so, but it was equally unhappy about the President's previous burble about the possibility of seizing the press.

Though he corrected this later, the State department feared it might affect the fate of the freest and fairest newspaper in Bolivia, La Razon. The New Bolivian government, which is pro-Argentine and has some Communist links, may well follow the example of Peron and seize La Razon exactly as he seized La Prensa.

U.S. for Free Press

On top of this, American diplomats for some time have been arguing in the United Nations for complete freedom of the press. Not all Latin American governments agree with the United States on this point. Several have joined middle east and Asiatic countries in trying to get the U.N. to adopt an amendment which would require newspapers to print statements by governments "correcting" supposedly erroneous news. These amendments, in the opinion of the State department, would be an infringement of the press and could be expanded to mean government interference.

Remarkd one Latin American editor:

"Maybe the U.S. press had better start worrying about laws to protect itself on the national level rather than on the international level."

Behind Prison Riots

Behind the rash of prison riots are two things: 1. The population of the United States has increased and with it our criminal population; 2. Most prisons have remained woefully behind.

The New Jersey penitentiary at Trenton, where one of the first outbreaks occurred, dates back almost to the days of George Washington. Other jails almost as antiquated include the Maryland state penitentiary at Baltimore, built in 1805, and the Massachusetts penitentiary at Charleston, which dates back almost to revolutionary days.

The Rahway, N.J., so-called state prison farm is relatively modern, built in 1890. But it looks as out-of-date as an English castle and is surrounded by such a suburban area that farming is out of the question.

Perle Mesta Speeches

"Call Me Madam" Perle Mesta, U.S. minister to Luxembourg, had an interesting experience with President Truman in regard to General Eisenhower.

While visiting in the United States, Mrs. Mesta was asked by the President to make some speeches before women's clubs explaining the goals of the North Atlantic pact and the work of General Eisenhower. Mrs. Mesta did so, found women's groups responsive and interested.

But in Washington she reported to the President that she had received a most unfavorable reaction from Democratic leaders wherever she had gone.

"They didn't like my making talks that helped General Eisenhower," she explained.

The President thought a minute, then said: "You go right on making the speeches."

It was quite clear that he regarded the peace and unity of Europe as more important than any political help to be derived by Eisenhower.

New Books

The Iosco County Library has many subscriptions to current magazines as well as new books on its shelves. Your librarian would like to call the attention of car salesmen and car owners, especially those considering the purchase of a new automobile, to the article "The 1952 Car Market," which appears in the May issue of Consumers Report.

In this article Consumers Union consultants tell us how we can expect the 1952 cars to behave in everyday use. The factors considered include performance, convenience, comfort, driving ease, maneuverability and ease of servicing. They give mechanical features; depreciation charts; Body characteristic chart; Table of specifications, and comparative ratings as well as pertinent information on safety, power versus economy, steering and handling, etc. Copies of Consumers Reports are available in the Tawas City and East Tawas branch libraries.

The following new books are also available in the branches.

DENMARK IS A LOVELY LAND, by Hudson Stroe. A travelog which gives a mixture of history, social life, customs, and a picture of present day Denmark. The armchair traveler will almost believe he has actually visited this land.

PROMISED LAND, by Joan Lowell.

An entertaining and informative story of two people, the author and her husband, pioneering in the wilds of South America. They built a road deep into the hinterlands and started a successful coffee plantation. She tells how they utilized every weed, plant, fruit and grass to produce some necessity.

WHEN DOGS MEET PEOPLE by Gladys Taber.

Stories about dogs, doys of all variety, that will be liked by the author's evoted audience.

WINDOMS WAY by James R. Ullman.

Mr. Ullman's previous best sellers, "The White Tower," and "River of the Sun" were stories of man's struggle with nature in the high mountains and in the jungle. His new story tells of a doctor in southern Asia who becomes involved in a tense situation, championing the natives against the reactionary government on the one hand, and communist attack on the other.

REGISTERED TRADE MARK P & L HOUSE PAINT

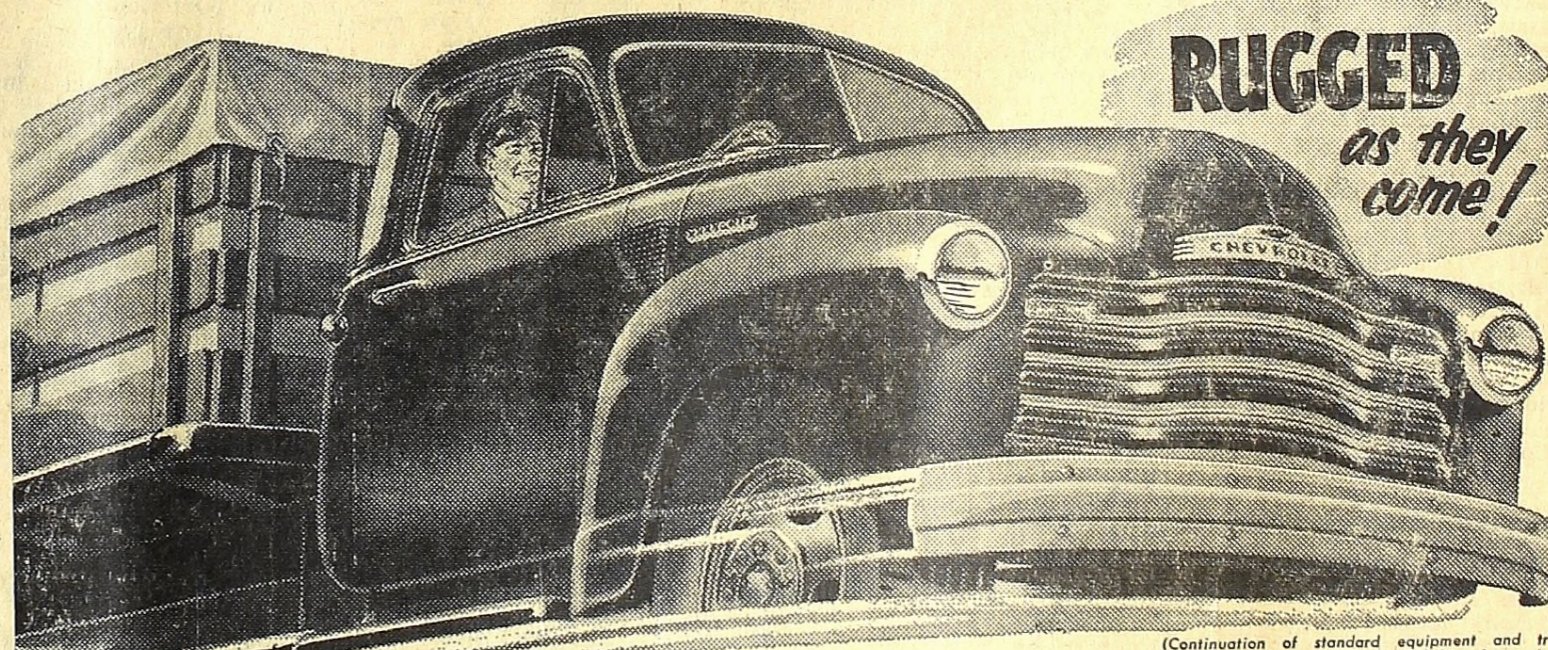

There is a difference—and a big one—in house paints. There's a difference in the way they look when new—an even greater difference in the way they look a few years later. It's technical "know-how" that makes P&L House Paint the all-weather paint—that makes it wear longer and stay cleaner and fresher for more years. It's the choice of painters, architects and owners who know. Once used on your home, it will be your choice, too!

4-H CLUB NOTES

Marvin Davenport, District 4-H Club Agent

The 4-H Club reporter says: I ran across a success story of a man many of you know. When I talked to him he laid his finger on the contribution 4-H Club work gave to him many years ago. This is his story.

"Beauty" is what he called her for she was a beautiful Guernsey heifer calf from one of Dad's best cows back in 1931. Those were lean years as most of you know. This boy was 10 years old when he started his first dairy club project. He raised the calf and saw her thru as a cow and his dad gave him the privilege of raising her calf for himself. "Beauty" was to remain on the farm. When our hero grew up he left the home farm and hired out. A few years later he was married. As a wedding present our hero's father presented him with a 3-year old Guernsey cow out of "Beauty" his own original project animal. This was in 1941. Our hero called her Bessie and Bessie traces back now as the foundation cow of one of the outstanding "Red Dane" families there is in the United States. Our "hero" wouldn't tell you that, but most anyone else will.

The story goes that Bessie produced 340 lbs. B. F. (305 days) as a 3-year old. That doesn't seem like much now, but it was then. She dropped a heifer calf that was sired by a Red Dane bull and averaged 350-375 lbs. butterfat in 305 days the next five years. Bessie's 2-year old daughter, sired by a Red Dane bull produced 300 lbs. butterfat in 305 days and as a three year old recently found her record of 466 lbs. of butterfat at 297 days. I can imagine the father of Clifford Shantz of Fairview is pretty proud of old Beauty, but he can be thankful that he was a far sighted father in giving the best he had to a deserving son. Don't believe it? Take an afternoon off and drive up to Fairview and see Clifford. He will be glad to show you his herd and what old "Beauty" did for him.

We had a nice meeting at Mrs. Clayton Ulman's last week. We were interested in organizing a vegetable garden club. Those present included Mrs. Ulman and daughters, Sandra, Judy and Rity, Barbara Wisniewski, Rosalie Steinhurst, Dorothy Wellna, Joyce Wellna and Ken Anschuetz. I'm sure after our discussion the group have a pretty good idea of the kind of things they can do as gardeners. I hope demonstrations and judging contests as well as a tour and exhibit all fit into their program.

Planning to organize a Crusade for Freedom for the express purpose of fighting communism through education, representatives of various organizations in a six-county area will gather at West Branch Friday, May 23 for an afternoon and evening session featuring some of Michigan's most prominent leaders.

Scheduled to appear at the afternoon session are Frank Millard, Attorney General of Michigan; Fred M. Alger, Secretary of State; Stephen Roth, former Attorney General; Alvin Bentley, former attaché of the U. S. State Department; Tyrone Gillespie of the Dow Chemical Company; Mrs. Paul Jacquish of Saginaw and Miss Ethel Zipp, also of Saginaw.

Harold Dooley, Alumni president of Hardy College Educational Program devoted to Americanism, will act as moderator of the afternoon session.

Brought together through the efforts of Charles Laser of West Branch, the afternoon session, slated to be held at the Community Building in West Branch at 1:30 p. m. will be devoted to an organization of the representatives of Arenac, Gladwin, Roscommon, Oscoda, Iosco and Ogemaw counties.

Mr. Dooley has been interested in this type of promotion for Americanism for some time and will act as moderator for this daylight session.

Present plans call for Alger, Millard, Roth, Bentley and Mrs. Jacquish to be heard during this meeting.

Friday evening at the same location, approximately 1000 people are expected to attend the two-hour series of talks on the danger of communism that will be given by Alger, Dooley, Mrs. Jacquish and Miss Zipp.

The topic upon which Mr. Alger, keynote speaker on the evening program, will talk has not been released.

Dooley has chosen as his topic of the evening "Cooperation Without Compromise."

Mrs. Jacquish, president of the Saginaw League of Women Voters and past president of the Michigan P.-T. A., will present a flannelboard discussion of the "Power of Your Vote."

Miss Zipp, a teacher in the public schools of Saginaw, will present a short talk on the "Basic Facts of the American Way."

The organization of the Freedom Forum has received the backing of the Farm Bureau, the American Legion, the churches of the area and many other organizations.

It is non-political and educational and open to the public.

There will be no admission for either of the sessions and the public is invited to attend both programs.

**1952 ANOTHER GOOD YEAR FOR POTATO GROWERS**

"Chances for another good year for Michigan potato growers are good," M. E. Cravens, Jr., Michigan State College agricultural economist, says.

With yields equal to less than those of last year there is the probability of prices equal to or better than those for the 1951 crops.

Among limiting factors is low production. He said that farmers who got an average of 180 bushels or less per acre did not make much money on potatoes in 1951, and they aren't likely to do so in 1952.

With costs even higher than in 1951, some growers may try to cut costs by using less fertilizer, by using seed of questionable quality, or by spraying less," Cravens said. He warned that such cost-cutting procedure will prove unwise if they seriously affect yields.

He summarized by saying that "for the grower who can expect to get yields well above the state average, 1952 looks like a good year to expand potato acreage."

**Five Cows of DHIA Produce Over Ton of Milk in April**

At least five cows of the 199 cows in the fourteen herds of the Iosco Dairy Herd Improvement Association produced nearly or over one ton of milk in the month of April and five herds ranged from 30.2 pounds of fat per cow to 44 pounds per cow. Lassie, a mature Holstein owned by the Iosco County Farm topped the association with 110.5 pounds of fat from 2210 pounds of milk. The County Farm of 20 cows with four cows listed among the class leaders led the herds in the association with an average of 114 pounds of milk and 44 pounds of fat per cow.

Two outstanding three year old Holsteins are Lottie of the County Farm herd who produced 1570 pounds of milk and 73.8 pounds of fat and Fanny owned by Arthur Povish who produced 1910 pounds of milk and 72.6 pounds of fat. Other cows producing a ton of milk are Waldo Curry's registered Holstein, Peggy, Arthur Povish's registered Holstein, Lassie, who was class leader in March, and the County Farm's Holstein cow, Fay.

Clarence Carpenter, Supervisor, reported the association average to be 794 pounds of milk and 29.4 pounds of fat. Of the eight cows removed from the herds, seven were sent to market because they did not meet production requirements. Association members realize that only by culling out of low producing cows can they make the increased profits and only by testing can they locate the boarders. No DHIA cows were on pasture in April. DHIA members realize that early grass has low value for milk production and early grazing damages pasture. To insure high productivity of pasture

the grass should be at least four inches high before turning out. High herds and class leaders are:

## FIRE AND FLOOD

While Michigan residents along the Great Lakes shoreline battle the ever-increasing threat of flood, natives of our vast jack pine sections in the north have had the driest spring in years with extremely high fire hazard.

More land has been burned over so far this year than during the entire twelve months of 1951! Yet the loss per acre is amazingly low thanks to the efficiency of our Conservation Department in forest fire control.

**Huge Network Alerted**  
During conditions of "high hazard"—after a prolonged dry spell, with low humidity, high temperatures and a fresh breeze—the entire field organization of the department is on its toes, with crack teams trained in fire detection. Once fire breaks out other squads schooled in controlling the spread of flame get there fast. Well-directed manpower combined with modern forest fire-fighting machinery keep the loss per fire "way-down" Up thru the first week in May 298 fires burned a total of 1250 acres. That's less than 5 acres per fire! With tinder-dry conditions and any kind of a wind blowing fire can destroy 5 acres in a hurry. Every second counts, and the first wisp of smoke throws the entire organization into gear.

**Radio Network Active**  
Radio communication is the most important single factor in the system.

Mort Neff's "Michigan Outdoors" television show may be seen every Thursday at 10:15 p.m. on stations WWJ-TV, Detroit and WJIM-TV, Lansing.

## Julius Anderson Candidate for Representative

Julius Anderson of Whitney township, well known in this community has tossed in his hat as candidate for the Republican nomination for representative in the state legislature from the Arenac, Ogemaw, Gladwin district.

Anderson has served as supervisor from Whitney township for eleven years, and during that time has been employed on many of the important committees. He has served as chairman of the Ways and Means committee. In announcing his candidacy, Anderson said, "I will be unalterably opposed to the state usurping more responsibility from the counties and in releasing more power to the federal government. Through the medium of federal aid, we are inviting the federal government to take away our local rights even though this federal aid often costs the state more than had we ignored the aid and proceeded on our own."

There are no grounds for divorce which are accepted in all 48 states.

## Tawas Hospital Auxiliary

The Tawas Hospital Auxiliary met Tuesday, May 6 at the Chamber of Commerce Building. Changes in the wording of the Constitution were made and voted upon by the members present.

The members of the Tawas Hospital Auxiliary who live in Alabaster gave a bridge party for the benefit of the Auxiliary. The proceeds of \$136.00 from this party were presented by Mrs. John Roiter at this meeting. Mrs. Roiter was assisted by Mrs. Herman Roiter, Mrs. Alpha Martin and Mrs. Claude Benson. A rising vote of thanks was given to them by members of the Auxiliary.

Mrs. Nyda Campbell Leslie will give a recital of her adult class the latter part of May or first of June, definite date to be announced later. The proceeds of the recital will go to the Tawas Hospital Auxiliary. Refreshments were served by the hostesses, Mrs. Harold Colby, Mrs. Joe O'Connor and Mrs. John Brugger, Jr.

Tuesday, May 2—Laidlawville extension group meeting at Walter Laidlaw's.

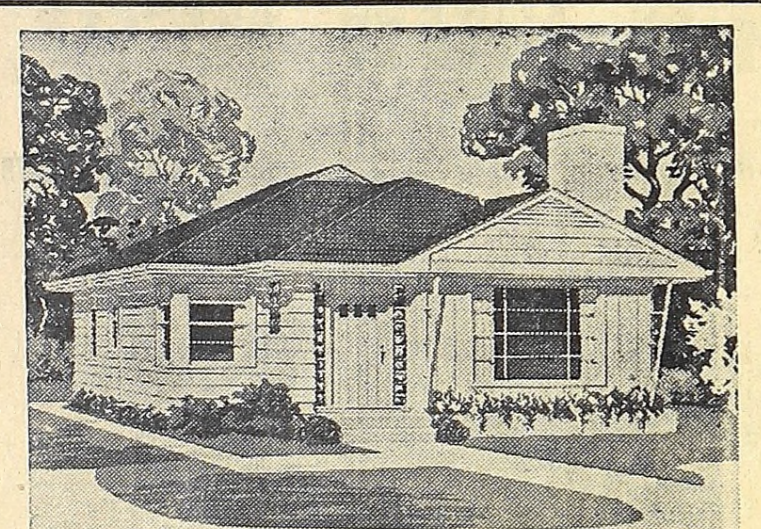

The sewing machine workshops this week, in Hale and Reno communities, have resulted in seventeen better working sewing machines for that many women in the area, and has taught eight more women who attended the workshops as helpers.

At Hale, two high school girls, Mary Jane Douglass and Joan Bielby, found out a good many things about sewing machines and their operations because they spent the day giving Mary Jane's mother's machine "the works." In the afternoon, Mrs. Walter Wiedbrauk brought her class of eleven home economics students over to observe the activities going on in the workshop. These field trips for high school classes seem like a good idea. We wished that more classes might drop in on various workshops that held from time to time. They certainly are welcome to plan to do so at any time they like.

At the Reno workshop we were pleased to note the enthusiasm with which several of the women tackled the job of putting a neighbor lady's machine in working order. It seemed that she had been all ready to come, and at the last minute felt it necessary to stay at home with one of her family who was not well, so the women just packed the machine in with theirs, brought it along, and did the job for her.

Never a sewing machine workshop goes by that we do not discover at least one new machine name. This week there were two, Steinway and Conover. There are certainly a great many different machine names, making it difficult to realize that they have actually been manufactured by about six companies. Other names we often see include Singer, White, Franklin, Free, Damascus, Domestic, and occasionally the Graybar.

Attending the workshops last week were: Mesdames Harold Black, William Uptegrove, John Cobb, Howard Mott, Alex Robinson, Will Waters, James Mielock, Carl Wregglesworth, Lester Robinson, Aldon Pagel, Wil-

## The Ten Don'ts in Building...

1. Don't sign with a builder before investigating his record.
2. Don't enter into a contract or agreement before seeing your mortgage company.
3. Don't build a home for cash without seeing your banker and attorney.
4. Don't build without fire and windstorm insurance coverage.
5. Don't buy a lot without seeing the mortgage source.
6. Don't forget to get written receipts for cash payments.
7. Don't destroy notices of Intention to Lien.
8. Don't make changes in plans except by written agreement.
9. Don't accept a bid simply because it is the lowest.
10. Don't order "extras" that can't be paid for in settling with the builder.

We will welcome the opportunity to plan your home with you, and will promptly give free estimates on your plans and specifications for a new home, store or industrial plant.

MY MOST UNFORGETTABLE TELEPHONE CALL!  
BY MRS. DOROTHEA M. ADAMS,  
264 JEFFERSON COURT,  
BENTON HARBOR, MICHIGAN

LET'S SEE, BREAD, BUTTER, COFFEE, EGGS...

MOMMY! MOMMY! LOOK AT THE NOTE AUNT JANE STUCK IN OUR FRONT DOOR!

I CAN'T UNDERSTAND THIS, CONNIE. SOUNDS AS IF SOMETHING'S WRONG WITH GRANDPA!

I RUSHED HOME TO MAKE THE CALL. DAD HAD NOT BEEN WELL.

I'M SORRY, MADAM. THAT NUMBER STILL DOESN'T ANSWER. SHALL I TRY AGAIN IN TWENTY MINUTES?

YES, PLEASE KEEP ON CALLING!

FINALLY... AFTER MANY TRIES...

DAD! THANK GOODNESS I GOT YOU! WHAT'S WRONG?

OH, NOTHING'S WRONG. THE DOCTOR SAYS I'M O.K.E.H. SEE YOU NEXT WEEK.

GRANDPA'S ALL RIGHT, DARLING. OF ALL THE CALLS I'VE EVER MADE, THIS IS ONE I'LL NEVER FORGET!

TO THIS DAY, I STILL FEEL A DEEP AFFECTION FOR MY TELEPHONE. IT WAS MY CHRISTMAS PRESENT DECEMBER 1941. NOW I COULDN'T DO WITHOUT IT. MY FAMILY IS IN CONTACT ALL TIMES OF THE DAY. FOR THE SMALL AMOUNT I PAY EACH MONTH, I HIRE A FAITHFUL SERVANT AND GUARD.

**House or Home?**

Lesson for May 18, 1952

ANYBODY with pencil and paper can count the number of houses on a street. Counting the homes is something else. Anybody can sell you or build you a house, any kind you can pay for; but no one can sell you a home. A house is a house the minute it is finished. A home never is finished, it goes on being built year after year.

Edgar Guest said what everybody knows: "It takes a heap o' livin' to make a house a home." A house begins to be a home when two people move in who love each other; but it is much more of a home after the grandchildren start coming back for visits.

A house may be running down while a home is growing better and better. Besides, a home does not necessarily have to have a house.

**Does the Family Live There?**

ALL of us would rather have a home than a house if we had to choose. Whatever we live in—a separate house, a "flat" or "duplex," an apartment, a trailer, or what not—it can become a home—IF.

A house becomes a home in the first place only if the family live there. If all they do is to come in when there is nowhere else to go; if they seldom see one another and then almost by accident; if the place is only a lunch-counter, a rooming-house, a place to be fed and to stay in when it rains; then it is no home, it is only a house.

Animals don't have homes; they have kennels, barns, styes, stables. They can have very expensive stables too, as you can find around the Bluegrass country. But no one has ever succeeded in making a home for horses because horses have no family life, they are quite content if the roof doesn't leak and if there is enough to eat and a clean place to lie down in.

People have minds and hearts and souls, and they can know comradeship and unity such as are completely beyond the reach of even the most intelligent of animals. Living is much more than existing; and it takes a heap of living, not just existing, to make a home.

**Who Runs the Place?**

A HOUSE is a home if it is well run. This does not refer to paying the bills, keeping up the repairs, keeping down waste in the kitchen and so forth. A house is a home only if it is in charge of those who have the most wisdom and can best bear responsibility.

The Bible comes to us from a time and place in history very different from ours; so that we are not wise if we take just any family in the Bible and use it as a model. Solomon had 700 wives and 300 minor wives or "concubines;" Abraham had at least three.

We have progressed (thanks to Christianity) past these things. But still the Bible does give us some indispensable guidance in this matter of the home. And one of the points you will find in both Old Testament and New is that the parents ought to have the place of authority in the home,—that is, they are expected to run it.

Some families aren't run by any one; they are pure anarchies, continual rumpus and riot. Some families are run by the children, which means they are run by those with least sense and experience. "Honor thy Father and thy Mother" also means, "Father and Mother, be honorable."

**Are Children a Nuisance?**

A HOUSE IS A HOME if children are expected, welcomed and loved. It is not a home if children are regarded either as nuisances, as items of expense, or perhaps shut out entirely.

Now there are true homes which are of necessity childless; but a house where children would not be welcome and where they are not loved, is no home.

The parents ought to be in charge, by all means. But they ought not to be tyrants, dictators. They run the home for the children's benefit, which is quite a different thing from letting the children run it as they please. Eventually, if the parents are wise, they will send out into the world young people who have been taught to stand on their own feet. They will cut the apron-strings, they will train their children so that they will be capable of founding and living happily in homes of their own.

**4-H Club Leaders Honored at Hale Banquet**

4-H Club leaders for this past 12 months were honored at a banquet in Hale last week. The event was presented to recognize those 53 community minded people of Iosco County who gave of their time and patience so generously that nearly 300 young folks could learn "to make the best better."

Gordon Helmbold, Superintendent of the Hale High School, was the capable toastmaster that introduced Mrs. Beaman Smith, our speaker from Atlanta, Michigan. Her background as a 4-H Club leader was the basis of her remarks. James Mielock, representing the Iosco Farm Bureau gave the welcoming address.

The invocation was given by Reverend Wesley Dafeo of Whittemore. Harold R. Clark, Agricultural Agent, introduced our 4-H Club leaders while entertainment for the evening was provided by 4-H talent acts of Aileen Ward (Mrs. Meigs), Arthur Abbott and Ruth Ann Meyer with their electrical guitars, Joan Bielby and Mary Jane Douglass, duet, and a special number presented by Mrs. Helen Sheppard and her daughter "Vickie" of Ogemaw county.

The program was completed with the awarding of leaders pins, etc. to Mrs. Paul Kaven, Mrs. Jack Johnson, Mrs. Kenneth Pringle, Mrs. Ruth Bloomquist, Gerald Bellen, Mrs. Charles McCormick, Mrs. E. N. Douglas, Mrs. Harold Funk, Mrs. Herman Huber, Franklin Bischoff, Mrs. Joe Barnes, Mrs. O. J. **It Will Be in Demand When It's 10 Years Old!**

Take a new Cadillac home with you—use it with common prudence and give it reasonable care—

—and ten years from today, there should be many, many people anxious to drive it and call it their own!

The soundness of this prediction is attested on used car lots throughout America. Every day, buyers are taking possession of Cadillacs built before the war—and are doing so with pride and anticipation.

There are many and vital reasons for this enduring value of a Cadillac car.

First, of course, is quality. Cadillacs are built to the highest standard it is practical to enforce in the production of a motor car.

The watchword and the goal of those who design and build for Cadillac are one and the same—*how good and how enduring can this car be made?*

Year in and year out, the search for improvement goes relentlessly ahead.

Small wonder that the car keeps its youth and its performance—far, far beyond the normal span.

And then there is its sound and enduring beauty. Cadillac styling is a development—with continuous improvement and refinement. Older Cadillacs, of course, are not to be mistaken for the current ones; but, regardless of age, they are still Cadillacs—and are distinguished and dignified in their own rights.

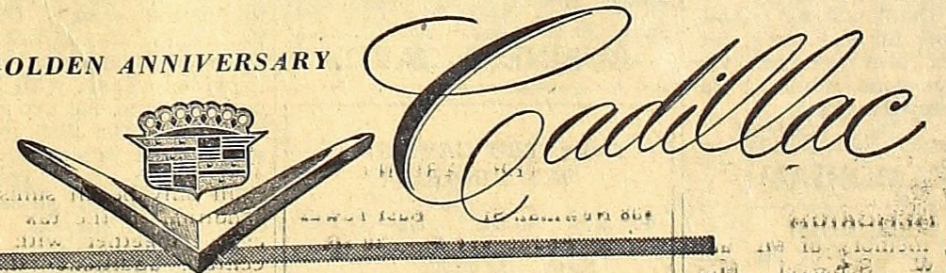

And then, of course, there is the wonderful Cadillac name—which never loses its significance, no matter how old the car which bears it. Year for year and age for age, a Cadillac is always aside and apart from other cars.

It is not unusual for a Cadillac to pass through four or five or even six different families—each one owning it with pride and driving it with pleasure.

Think of this when you buy your next car. If you get a Cadillac—there can be no doubt that others will be eager to own it when it has served you the normal span.

Why not come in—and see and drive this wonderful car? We'd be happy to welcome you any time.

**"Hot Flashes Stopped" or strikingly relieved**

in 63-80%\* of cases in doctors' tests

If you're miserable from the "hot flashes," and accompanying irritable, restless feelings of "change of life"— you may be suffering unnecessarily!

For... in tests by doctors... Lydia Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 63% and 80% (respectively) of the women tested! Complete or striking relief!

Yes! Research has proved these medicines thoroughly modern in action... has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change"!

So... get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron! (Wonderful, too, for the functional pains of menstrual periods.)

**Cancer Society Makes 52 Drive Report**

Commander C. Kate Evans and Campaign Manager Nathan Barkman report a very successful campaign for the Iosco County Unit of the American Cancer Society. The quotas as set and amounts received are as follows:

	Quota	Rec'd.
Hale	\$100.00	\$153.60
Alabaster	25.00	30.75
Wilber	25.00	40.75
Whittemore	100.00	126.79
Oscoda	225.00	362.50
Tawas City	250.00	418.67
East Tawas	350.00	506.22

Amount received from industries are as follows:

Anderson Coach Co.	\$500.00
National Gypsum Co.	75.00
D. & M. Ry. Co.	25.00
Tawas Industries	15.00
Huron Rustic Lumber Co.	10.00
Consumers Power Co.	10.00
Michigan Bell Telephone	10.00

Included in the funds received are a number of contributions from societies and organizations in the county.

The captains and chairmen in the communities were as follows: Hale, Mrs. Emil Wagner, captain; Alabaster, Mrs. Chauncey Tate, captain; Wilber, Mrs. John Newberry, captain; Whittemore, Mrs. Florence Curtis, captain; Oscoda, Mrs. Edward J. Tate, captain; Tawas City, Mrs. E. A. Rolls, captain, with Carl Babcock in charge of the business district, Mrs. Robert Roach, chairman 1st ward, Mrs. John Hoshbach, chairman 2nd ward and Mrs. H. W. Hatton, chairman 3rd ward; East Tawas, Mrs. Harvey Watson, captain with Lou Gorham and Harold Pfeiffer, co-chairmen of the business district, Mrs. J. E. LaBerge, chairman 1st ward, Mrs. Ben L. Wilson, chairman 2nd ward and Mrs. Charles L. Nash, chairman 3rd ward.

The organization wishes to thank all volunteer workers who took part in the campaign and those who contributed funds to make the 1952 Crusade the success that it was.

The teachers at Oscoda School contributed \$23.00 as a memorial to Mrs. Milo N. Johnson of Harrisville. This amount was turned over to the Iosco County Unit of the American Cancer Society.

**28 Women Complete Home Nursing Course**

At a recent meeting of the Iosco County Chapter of the American Red Cross held at the Tawas City Library a number of the women of the towns received their Home Nursing pins and certificates for having completed their Home Nursing Course, under Mrs. Jean Sass and Mrs. Helen Hertzler. Twenty-eight women completed the course, and those not at the meeting to receive their pins had them sent to them.

A report of the Area Council of the Red Cross announced that Suga Chile Robinson would give a concert on the Oscoda Air base on May 24th, for the personnel and their families.

Mrs. Helen Hertzler and Mrs. Jean Sass were extended the sincere thanks of the Chapter for their splendid work in their classes of the Home Nursing Course. New classes may be held in the fall.

A Grey Ladies Unit will not be formed at present inasmuch as the Oscoda Air Base has not requested it, but may fall if they wish the services, or they will be requested by the new Tawas Hospital when completed.

The chapter wishes to extend its thanks to all volunteer workers in the Fund Drive that enabled us to reach our quota for this year, for only by such help can our chapters continue to develop and assist in the community and on a national scale.

Everyone interested in Red Cross work is urged to attend the Annual Red Cross meeting to be held June 19th when a report of the year will be made and a new Board of Governors will be elected.

**ROYAL ARCH DEGREE**

Iosco Chapter No. 83, R. A. M., will confer Royal Arch degree on candidates at Thunder Chapter, No. 74, Alpena, this Friday evening.

**'New Twist' at School Fire Drill**

**Tawas City Fire Department Cooperates**

Amid screaming fire sirens Tuesday afternoon, a "new twist" in fire drills was inaugurated into the Tawas City Public Schools. At a pre-arranged signal the school fire alarm bell sounded just as the Tawas City Fire Department trucks arrived at the school grounds and firemen rushed into the building with fire fighting equipment as the youngsters were coming out. In a matter of seconds the building was entirely cleared of students, all filing out in an orderly fashion and wondering where the fire was!

The entire operation of the drill was under the direction of Tawas City Fire Chief Fred Musolf with George Freer, principal of the school, cooperating.

The surprise drill idea was first presented last week at the fireman's banquet by Martin Kasischke, city superintendent and was secretly organized Monday.

After the fire drill the department inspected the new wiring in the basement of the school building.

While all parents hope there never will be a time when the fire department has to be called to the school, they all agree that it is better to have the school youngsters prepared for any emergency that might arise.

In less than an hour after the fire trucks left the school grounds they answered a call at the Zion Lutheran parsonage, directly across from the public school, where a grass fire was out of control.
