City to Submit Elks Win 2 Games

In a two game series with East Tawas last week, the Tawas City High School baseball team defeated East Tawas 3 to 1 and 6

Tawas City took the lead in the second inning of the first game when Anschuetz singled, Gackstetter flied out to the third baseman, Jordan singled, scoring Anschuetz.

East Tawas tied the score 1 to

Monday evening's meeting of the Tawas City common council. The bond issue would finance the construction of a sewage 1 in the fifth inning, when Dil-lon walked, Heckman flied out, south of the Tawas River bridge.

Hester reached first on an error, while Dillon who had advanced to third, scored.

Tawas City rallied in the sixth when after one was out, Kohn singled, Herriman walked, Analysis tribled assistance Kel, and The force main to run from pumping station to disposal plant.

The project would furnish sewage disposal service in the south side of the third ward and make possible the installation of sanitary sewer mains in that portion of the city. It is a part of the improvement program set up when the sewer service was first established here.

The resolution provides for a special election on July 21, and service was first established here.

To third, scored.

Tawas City rallied in the sixth when after one was out, Kohn singled, Herriman walked, Anschuetz tripled scoring Kohn and Herriman, Gackstetter was safe on a fielder's choice. Anschuetz was tagged off third and Jordan flied out to retire the side.

Revord, on the mound for Tawas City, allowed four hits, one run, struck out 12, and walked three. Ketcherside and Ander-The force main to run from

three. Ketcherside and Alabaster and Sterling met proposes that the city issue gen-last Sunday in the first game of eral obligation bonds for the six hits, three runs, struck out five and walked one.

The second game, Tuesday, was another close one. Again Tawas

City took the lead, this time in Sheridan, Illinois, is home on a

It went like this: Rescoe walk ed; Davis singled, Revord singseventh on two hits.

Alabaster had a rally going in the eighth, when an error, a walk and John Martin's double sent two Alabaster runs across.

Both pitchers, Johnny Martin for Alabaster and H. Cousens for Sterling allowed five hits. Bob led, scoring Rescoe, Anschuetz

man, Jordan grounded to the pitcher, ending the inning.

East Tawas bounded back in the second to make it a 2-2 score when Minard flied out to the catcher, Klenow reached first on an error, Dillon was safe on a error, Porter singled, scoring Klenow, Dillon scored on a pass ball, Hester flied out to Anschuetz, and Ketcherside fanned.

school student enlisted in the Marine Corps at Detroit, recently.

During the eight week "Boot Camp," as recruit training is commonly called, Private Kaatz will become well versed in such basic military subjects as precision drill, first aid, Marine Corps history and mission and feld tactics.

'Grass Day' to Be Held in **Iosco County**

Meeting Will be Held At Mielock Farm in Reno, June 20

Iosco County farmers have the rare privilege of being able to attend regional Grass Day program within their own county. The 1952 Grass Day will be held at the James P. Mielock farm located on M-55 in Reno Township on Friday, June 20.

The Grass Day program is planned and conducted by country accounts in this country are a second or the seco

planned and conducted by county agents in this area, working with specialists from Michigan State College's Cooperative Extension Service. "The day's program is aimed at bringing to farmers of this area the most recent information concerning es-

cent information concerning establishment, management, harvesting and utilization of highyielding, high quality forage crops," Clark said.

Machinery companies have again been invited to exhibit equipment used in forage crop production and utilization. In addition, they have been invited to take part in a field demonstrato take part in a field demonstra-tion at the Grass Day of forage harvesters, field balers, crop blowers, forage wagons, bale loaders, hay crushers and tract-

ors.
Clark added the opinion that many farmers in the county could increase the profits from their farm business if they would use more grass. "This Grass Day program is planned to furnish ideas for profitable use of grass," he added.

Members of the local commit-tee are: Harold R. Clark, County Agricultural Agent; chairman, James P. Mielock; Marvin Davenport, District 4-H Club Agent; Miss Dorothy Scott, Dis-Trict Home Demonstration Agent, Lyle Bielby and Lou Hatfield, Vet Yans Instructors; W. H. Va. Petten and Lyle Long, The program will include all the latest information. latest information on growing and using grass and legumes.

Get Drubbing From Pinconning

Tawas City Plays at Alabaster Sunday

The opening day game, Sunday, was a sad one for the Tawas City Independents. They lost to Pinconning 24 to 0.

Tawas City hurlers having ittle support were hammered for 17 hits. Included were two doubles and single by B. Knockle, Pinny catcher and four singles by E. Knockle, centerfielder. Veteran second baseman, Har-

old Wegner, was the only Tawas City batter able to solve the slants of Carl Salois, hurler. He is credited with three hits in four trips to the plate.

Next Sunday Tawas City will play Alabaster at the Alabaster

diamond. Other league games Louis Williams, members of one are: West Branch at Pinconning; of Iosco county's well known In-White Star at Sterling.

Truman and Murray

ONE OF THE personal paradoxes of the steel dispute which only three or four people know, is that President Truman and CIO chief Phil Murray for many years were not on too good personal terms.

The public has the impression that they were intimate friends and

that it was partly

because of this inti-

macy that the White

House went to bat

for the steelwork-

ers. However,

though the CIO has

thrown powerful political support to Truman, Truman's and Murray's personal relations for a long time were cool.

The coolness dates back to the 1944 Democratic convention in Chicago when Murray was a strong supporter of Henry Wallace for the vice presidency. As such he opposed Truman, and was not in sympathy with the way Sen. Sam Jackson of Indiana abruptly gaveled the convention to a close in order to stop a bandwagon rush for Wallace.

That night Murray received a call from some of the big Democratic bosses, including Ed Flynn of the Bronx and the late Ed Kelly of Chicago. They reported that they had been trying to stop Sen. Harry S. Truman in his determination to be Vice President, but weren't successful. They asked Murray if he would talk to Truman.

Murray, who had a room in the Blackstone hotel where Senator Truman also lived, picked up the phone, asked if he could come down

and see him. "I'll come up and see you," replied Truman. And he did.

Almost bursting into the room a minute or two later, the senator from Missouri didn't wait for Murray to open the conversation.

"I know what you want," he said, "and I'm not going to do

He went on to say that he knew the CIO chieftain wanted him to withdraw, that he wasn't going to do so, and left.

That ended that. During the years that followed, Murray was not invited to the White House personally as he was by FDR. He went there only with other labor leaders. And it was not until about a year ago that he was called in for a personal, confidential talk with the President.

New A-Bomb

The recent A-bomb test in Nevada was so spectacularly successful that plans are under way for a new series of tests this summer on Eniwetok island.

is to be tested there-one so destructive that our scientists have been afraid to set it off within the U.S.A. Work on the hydrogen bomb has also been moving forward at such a rate that we will probably test our first experimental H-bomb sometime this fall.

If these tests are successful, they will revolutionize the equipment and tactics of our Armed Forces, probably making it necessary to devote one-third of the 1953 defense budget to the atomic bomb and defenses against it.

Political Merry-Go-Round

When Colonel McCormick of the Chicago Tribune was in Europe recently, 20 of his top editorial pundits held an informal political poll. Result was pretty much the opposite of the Colonel's editorials-namely, nine for Eisenhower, five for Taft five for Truman, one for Kefauver

Before Governor Stevenson of Illinois bowed out of the presidential race, he received an amazing letter from Eisenhower's campaign manager, Paul Hoffman, stating that he, Hoffman, could sleep well on election night if he knew that either Stevenson or Eisenhower would be in the White House . . . A secret poll taken by Ike's headquarters lines up 586 delegates for Eisenhower at the opening of the Chicago convention. The rest of Ike's delegate poll is 481 for Taft, 76 for Governor Warren, 25 for Stassen, two for Mac-Arthur, 47 undecided.

Washington Pipeline

Few people, even in Kentucky, know how much it pays to have Alben Barkley pulling wires for the Bluegrass state. The other day Tru-man himself telephoned Secretary for Air Finletter and half apologetically explained that the Veep was concerned about the transfer of an Air Force training center from Boone County, Kentucky, to Clinton county, Ohio. The transfer had already been partially made, but now is being made back to Kentucky. Meanwhile the Senate Armed Services Committee is investigating why the Air Force spent the extra money to shift an air base from Kentucky to Ohio and back again. The committee doesn't know that the Veep is involved.

FARM BUREAU Secretaries from District Six learn to their amazement that this single IBM electric billing machine makes out billings covering nearly half a million Blue Cross-Blue Shield contract holders every single month. Left to right are: Mrs. Beulah Burrows, Memphis; Mrs. Wesley Mahaffy, Marlette; Miss Rose Fisher, Bad Axe; Mrs. Belle Johns, Lapeer; Mrs. Jane Stiner, Caro; Elden Smith, District 2.x representative; and Merrill Greely, head of the Blue 1 IBM department.

Chart covering the area from the head of the St. Clair River to Pte. aux Barques, Mich., and to Port Albert, Ontario, with inset of Harbor Beach, Mich.

No. 52—Lake Huron Coast Chart covering the area from Pte. aux Baroues, Mich. to 11 miles north of Oscoda. Mich., including Saginaw Bay with insets of Tawas Harbor, Mich., and Entrance to AuSable River,

Copies of the above charts may be procured at 50 cents each. Mail orders should be addressed only to the U.S. Lake Survey, Federal Building, Detroit 26, Michigan. Advance payment is required with the order, by P. O. money order or draft, payable to the Treasurer of the United States. Shipments are made promptly, postage free.

New Books

"Heating Design and Practice" by Robert H. Emerick. This book will be useful to

everyone considering the pur-chase of heating units or the re-pair of old one. It shows how to select the right heating system for your particular job. There is a complete practical coverage of methods for the design and operation of steam, hot water and warm air heating systems. The author fully cover design, application, and control of radiant heating and baseboard units, the heat pump, space heaters, fireplaces, fans filters. Such components as boilers, steam generators, grates, stokers, stacks and chimneys are also thoroughly treated.

"The Art of Driftwood and Dried Arrangements," by Tatsuo Ishimoto.

Photographs and brief text explain the principals of making artistic arrangements of drift-wood, with cones, dried plants, and stones. Flower arrangers will find new ideas and endless enjoyment in using the bare bones of nature to create home decorations.

"What Eisenhower Thinks," by Allan Taylor. Cartoonist Thomas Nast is responsible for the Republican elephant and the Democratic deplays a property of the General with abstracts from his speeches arranged by subject—covering labor, foreign policy, education, business, etc. This is a deplay of the General with abstracts from his speeches arranged by subject—covering labor, foreign policy, education, business, etc. This is a timely book giving an insight

HOME EC NOTES by Dorothy Scott, Home Demonstration Agent

The Hale meeting was opened by the president Mrs. Charles Attwell, Secretary called the roll The Hale meeting was opened and each responded with a household hint and we all learned something new. Secretary read the minutes of the last tary read the minutes of the meeting and gave the treasurer's sang two hymns. The quartet report. The report on the bake consisted of John Barrington,

Discussion was entered about sending clothing to the flood area. Motion made by Mrs. Dave Runyan and seconded by Neva Caton to leave clothing at Mrs. Ira Scofield's within the next two weeks and on June 5th, Mesdames Runyan, Caton, Hatfield and Scofield would pack the things to ship.

Mrs. William Werely sent word that she would be unable to attend the next council meeting. Mrs. Orville Lyke volunteered to Falls and Washington, D. C.

Mrs. Frank Stilts, Donald Stilts and Rod Heilman showed the ladies some hooked rugs which they had made and the ladies were all interested in learning how to make them. A picnic will be held at Dease Lake on June 10, if it doesn't rain, if so, then on June 11.

There was no lesson on Family Fun as no leader was able to attend lesson when given but Miss Scott has offered to the lesson sometime at a date. There will also be another sewing machine clinic in the fall for those interested. A lovely lunch was served by Mesdames Hatfield and Attwell.

Mrs. Ira Scofield, Secretary

Yes, better go right ahead and remove those scales on asparagus stems. Sand does collect uncer them. But that is not the only reason for slipping a short knife under the scales to remove them. Tests have shown that frozen asparagus has a better flavor when the scales are removed, it is sweeter.

We've heard a number of women complain that their frozen 4 minute blanching period, depending upon whether the stalks and Mrs. Robert Alda. are small, medium, or large.

Now, one reason asparagus may be soft when it reaches your table is that it was too long in the hot water. Do you use at least four quarts of water for least blanching, and then blanch only one pound at a time? There is a reason for that recommendation. When a large amount of daughter to Bay City on Saturwater is used for a small amount of vegetable the blanching is done better quicker. Be sure the water is boiling when vegetable is immersed. Count time from the instant of immersion. Speedy cooling in cold, or iced stops the cooking quickly. Do not leave the asparagus in cold water longer than necessary for cool-

vegetable Asparagus is one that tests show keeps best when covered with a 2 percent brine solution. Make it by dissolving 4 teaspoons of salt in a quart of water.

ing, then drain it well.

Asparagus canning never results in a very palatable product, its too soft. Our best recommendation is that after asparagus is prepared it be covered with boiling water and cooked 2 or 3 minutes, then packed hot into clean jars. The processing time is 25 minutes for pint jars at 10 pounds pressure.

For a variation on the burger theme, broil the meat topped with tomato slices have been brushed with garlic butter.

Fishermen were busy for few days this week spearing carp in the shallow depressions in the sand and grass along the Tawas Bay beach. High waves had filled the depressions with

Graves Again Candidate for State Legislature

State Representative Gerald Wm. Graves, Republican of Alpena, announced today that he will seek re-election to his present post. Graves represents the Alpena district which includes Alpena, Alcona and Iosco coun-

as State Representative to continue my work for the people of northeastern Michigan, and for the entire State. I am particularly interested in legislation pertaining to education, road program, conservation, and similar matters," Graves stated in announcing his candidacy.

Representative Graves has introduced and co-sponsored:

Highway legislation to provide annual increased road money of approximately \$90,000 for Alpena, \$70,000 for Alcona and \$75,000 for Iosco counties.

A bill to outlaw the Communist Party on the ballot in Mich-The Junior College Bill which

will give northeastern Michigan junior college. As a result of his fight for

better highways, considerable mitted to sail a ship of any ton-road work will be done in the nage on any ocean. Graves also district. Graves has also fought attended Michigan State College.

Born to Mr. and Mrs. Herriman of Detroit, a son, Robert Wayne.

Born to Mr. and Mrs. Olen Herriman of Tawas, a daughter at the Abbott Nursing Home.

for a State Park at East Tawas. "I wish to return to Lansing Together with local officials, he has assisted in having the dock improved, and the sunken barge Fort Meiggs removed.

Last year, Representative Graves was applauded by the Grand Rapids Herald for his fight to reduce the State budget. In a House vote of 80-1, Graves fought alone, casting the only "No" vote. This one vote resulted in a change of House rules. Now Representatives are given sufficient time to study bills to prevent forced votes on

appropriation measures.
Graves is a graduate of Alpena High School and the U.S. Merchant Marine Academy. During World War II, he sailed 250,-000 sea miles on every major ocean and sea. At the age of 24, he became the youngest person to hold an unlimited Master's license whereby he was per-

You can swing it if you try

Have you, by any chance, been casting eyes at a Buick, and promising yourself that someday you will take the Big Step and have one all your own?

Let us whisper something to you. The "big step" isn't big at all.

We know that's true, because such a high percentage of present Buick owners traded in a car tagged as belonging in "the low-priced field."

So why not set your sights on this star performer?

Why not enjoy big-car comfort -big-car power-big-car prestige for your money?

There's one of these lively lovelies waiting for you to come in and try it.

Get the feel of its mighty Fireball 8 Engine, that's a gas-saving high-compression valve-in-head. You could pay \$300 to \$400 more for a car that doesn't match its horse-

Get the feel of Dynaflow Drive*, that lets you ride relaxed-feeds a silken flow of power - and at the same time cuts down on upkeep costs, by protecting the engine, the rear end, and even the tires, from driving strains.

Get the feel of a ride that cost a million dollars and more for controls of end-swav and side-roll and vertical "throw"-for X-bracing the frame and V-bracing

the torque-tube keel-for a total of 15 ride-engineering features.

One thing you'll know for sure when you've tried it. This car wasn't "built to a price." It's a Buick through and through.

But the fact remains that when you check the price of a Buick Special against the price tags on so-called "lowpriced cars"-you'll find out you can swing it if you really want to.

And brother, will that make your family happy!

FASTEST GROWING SPORT

Bow hunting-the sport of taking game, and fish, with bow and arrow is growing by leaps and bounds in Michigan. Local archery waters carp are now rolling and clubs are springing up everywhere. Sportsmen's clubs are building field archery courses to sharpen the eye of would-be hunters. Liberalized hunting regulations for Michigan Rob'n Hoods have spurred the sport to unprecedented heights. This fall may see as many as 25,000 archers licensed to shoot deer! Thousands more engage in target tournaments all

Bow Fishing Now Popular

This year for the first time carp and garfish may be taken with a bow and arrow, and manufacturers are having a hard time keeping up with the demand for special equipment needed for the pursuit of this sport. Bowfishing requires a reel mounted on the bow, with the line attached to the head of the arrow. The most widely used type of arrow has

Carp Now Plentiful

waters carp are now rolling and thrashing in shallow areas. In many instances archers prefer to wade, watching for the dorsal fin above water, or locating a big fish as he rolls. Carp running up to 40 pounds in weight are not unusual, and they'll put up a battle royal when hit with an arrow. arrow.

Point Mouille State Game area is a favorite spot in southeastern Michigan, with some 2,000 acres of marsh. Near Sebewaing high ake waters have flooded cornfields, now said to be happy hunting grounds for bow fisher-men. Countless shallow rivers offer excellent chances to test your skill in Michigan's newest sport,

too. And for a tasty treat, bring home your carp and have them-smoked properly. Despite the presence of numerous small bones you'll agree that smoked carp is a real delicacy with flavor not a special expanding barb and detachable head. When the arrow strikes the fish the shaft floats first you have to hit the carp unlike that of smoked trout. But free, and the archer proceeds to a neat trick that's a real challenge land his prize either hand over to the novice archer—and the hand, or by playing the fish from newest thrill available to the sportsman in Michigan Outdoors!

> Mort Neff's "Michigan Outdoors" television show may be seen every Thursday at 10:15 p.m. on stations WWJ-TV, Detroit and WJIM-TV, Lansing.

BIBLE

God and Life

Lesson for May 25, 1952

TF THERE IS any one commandment which Jesus not only did not abolish but made far clearer and sharper, it is the commandment, Thou shalt not kill.

By word and act, the Master showed that life is sacred. It is sacred because we

are God's children; and whatever injures life, what-ever makes it less worth living, whatever tempts men to do way with their own lives, whatever shortens life and makes it wretched unbearable, Dr. Foreman and this violates the

will of God, this is a form of killing. Jesus' attitude to disease is a case in point. We do not read of a, Clint Jarvis, Tawas City bowler, placed "in the money" in the State bowling tournament. He took first place in singles with handicap, rolling a 767 series. He was first in the actual singles with foo and lead form. the patient just to be patient. He ought not to be.

Blunt Instruments

MURDER MYSTERIES are al-ways solved in the detective Communion. stories. In real life we are not always so fortunate. Many a murder mystery remains a mystery after long years. All the police could ever be sure of was that "some person" or persons unknown" hit the victim with a "blunt instrument."

The eighth grade graduation exercises Wednesday evening and they also dedicated the new school. They have a very beautiful school. The eighth graders left on their trip Monday.

Mr. and Mrs. Charles Koepke visited Mr. and Mrs. John Jordan and family Wednesday evening.

Mr. and Mrs. Charles Daniels Mrs. Henry Provoast. Mrs. Gerald St. James joined the club. Roll call was my mother's Mrs. Marion Blak-Mrs. Mrs. Mrs. Mrs. Mrs. Mrs. Mr

all kinds of blunt instruments besides crowbars, sash-weights and bricks. Whatever tends to shorten life is a kind of blunt instrument; it may take a long time to have its effect but if it is deadly in the long run, then it is deadly, period.

Any sort of habit that cuts down one's good health; any carelessness or neglect; any stupidity or foolishness such as driving too fast on a wet night; giving way to worries and getting indigestion from them; these are not un-heard-of ways of shortening life. They are, in plain language, murderous.

Alcohol the Killer

S THIS IS the temperance lesson, this is a good place to recall the fact that alcoholic liquor is a too popular deadly weapon.

You have heard of the so-called antibodies or phagocytes which are in a healthy blood-stream. These are the little fighting cells which gather around invading germs and kill them. Without these in our blood we could scarcely survive a single day, the air is so full of germs which we cannot help taking into our throats and lungs.

Cut alcohol taken internally will paralyze these phagocytes to such an extent that they are no use. This is not to say that a single bottle or drink of liquor kills all a man's phagocytes at

once. But still, as David Starr Jordan, land was a mid-week guest of president of Leland Stanford University, once said, if a man were Mr. and Mrs. William Sheffer telling the whole truth he would not called on Mrs. John Morrison in say, Let us have a drink together. He would say, Come, let us para-The 4-H groups planned their lyze our phagocytes together!

summer projects at the 4-H meeting Wednesday evening at Insurance companies which insure only ministers and religious workers, that is to say, which insure mostly non-drinkers, can and do ofwho were recently married, are fer insurance for much lower premoving to Whittemore.

A. B. Schneider attended the miums than companies that have to insure all sorts of people includ-Armed Forces Day last Saturday ing "moderate" drinkers. Tom and Fred St. James attended a ball game at Detroit on

Hit by the Bottle

A DRINKER is said to be hitting the bottle. Not at all. The bottle is hitting him. Liquor kills, in more ways than by paralyzing the healthcells in the blood. Time is the stuff life is made of; and how much time liquor kills, how many 'lost weekends" it is causing this very week, only God and the devil know.

Liquor also creates poverty and poverty helps to shorten life. Liquor also makes a man reckiess. The trade of prostitution would not be quite so flourishing without liquor. Many a serious disease is contracted under the effects of liquor.

As for violent and sudden deaths ead carefully next Monday's papers for the lists of the people killed on our American highways this beautiful May week-end. Read again after Decoration Day. Read carefully: how many of these dead people, if sober, might have lived? What Your

The success or failure of any undertaking is the foundation that the undertaking rests on, therefore it is essential that the foundation for your future home must be properly constructed, to assure you the satisfaction of future years without worry.

The footings or base that your basement walls rest on should conform to the requirements of the American Institute of Architects. Drain tile are next placed around your footings and connected to the sewer to drain off any water that may be in the ground. Cinders are placed over the drain tile to permit moisture to filter through and be drained away.

The next step in the construction of your home will be the basement walls and great care should be used in the selection of

435 Lake St.

your concrete block. Make certain they are produced by a responsible manufacturer, not only as to quality but also proper cur-

Concrete block not only should be well cured but should be kept dry until placed

The type of block and the method used today, is the result of years of study and ex-perimenting and is acknowledged by em-inent authority as the perfect basement

After the block are laid the exterior is covered with one-half inch thick cement plaster and then coated with asphalt waterproofing which will assure you a dry, ter-mite proof basement wall.

Tawas City

With its 180 HP V-8 engine, on 1251/2 inches of wheelbase, many people think the Saratoga is the best Chrysler car

We invite you to take the wheel and feel what happens! There's a new sense of easy power, of reserve power that make driving a new experience.

Its revolutionary combustion chamber develops more of the power in each charge of fuel than other engines can do. One result is performance, even on non-pre-

mium fuel, such as you have never felt. Another result is new economy. It's an engine that scarcely forms carbon at all. It creates less heat. It will last much longer, stay younger on the way!

And with Chrysler full-time Power Steering*, you steer with one-fifth the usual effort . . . drive with five times the usual control! With Power Brakes you need up to two-thirds less foot pressure ... and still stop in many feet less than other cars can do.

Yes, behind Chrysler's new engine you'll find a new kind of car. Won't you come in and feel what we mean?

*NOTE: Power Steering standard on Crown Imperial.

Available, extra, on any new Chrysler.

COME IN TODAY FOR YOUR "PRIZE-WINNING DRIVE"

"AMERICA'S NO.1 ECONOMY CAR!"

TRY THE 3-YEAR WINNER THAT **TOPPED ALL OTHER CARS IN 1952** MOBILGAS ECONOMY RUN

Step up to the car that makes others look-and ride-like years-ago models. Step out in the car that again won the Grand Sweepstakes Prize - the car that has taken first-in-class honors three times in three years in Mobilgas Economy Runs.

Then try to act nonchalant. Try to quiet the quickening of your pulse as you wing along on your first "Prize-Winning Drive."

See what that "let's go" Forerunner Styling does even for visibility, especially down front and over that right front fender. Discover how Mercury engineers have driver-planned this car with future features like the built-out-fromthe-dash Interceptor panel.

But most important, find out what Mercury's new live-weight design-teamed with a faradvanced stepped-up V-8-has done for balance and handling. Feel this car's almost unbelievable ground-hugging stability rounding curves.

It's a new experience in motoring, as one "Prize-Winning Drive" will prove. Stop in today and see for yourself.

BUDDY POPPY DRIVE

THE VETERANS OF FOREIGN WARS and THE LA-DIES AUXILIARY want to bring before the people of this community the importance of POPPY DAY.

These poppies are made by disabled and needy Veterans-how needy and how disabled few of us realize.

We have said our "American Freedoms" cannot be bought, but we are wrong! They have been bought by legs. hearts, minds and lives of our Veterans. They have paid the principal on the cost of our freedom, but the interest remains. It will remain until there are no more Veterans or widows and orphans of Veterans, whose one hope of survival is, that we pay the the interest on time.

The payment is due when you see the BUDDY POPPY on the streets of your Community or the lapel of your neighbor, on MAY 23-24.

Here now! The new
