An invitation is extended to the public to attend any of these services.

On Sunday, August 3, at 12:30 p. m. an anniversary dinner will be served at the Tawas City High School gymnasium for members of the congregation and visitors. The Ladies Aid is in charge of arrangements for this affair. A program will follow the dinner.

This special week-long program has been arranged to appropriately commemorate the organization of the congregation, which occurred in 1877. In that year a group of twelve individuals from East Tawas and Tawas City, feeling the need for regular divine worship in their faith, requested the services of a mission pastor. The result was the founding of the congregation. Services were conducted in homes of members in the two cities for several years until membership grew to the point where it became necessary to construct a church building. The church was constructed in its present location in Tawas City in 1882.

The first pastor to serve the congregation was Rev. William (Continued No. 3, Back Page)

Alabaster Wins in 10th Inning

Pinconning Plays at Alabaster This Sunday

Alabaster shoved over three runs in the 10th inning of last Sunday's game with White Star to defeat them 3 to 0 on their home diamond.

Felsing, on the mound for Alabaster, hurled his first game of the season, doing a fine job and allowed but four hits. Sherlock went the distance for White Star and gave up six hits, three runs, walked two and fanned 12.

The game was just a row of "goose eggs" until the tenth inning. Alabaster's third baseman Herriman led off the tenth with a single. Bolen followed with another and McMurray kept the show on the road by singling to score Herriman. O. Herriman got a one bagger scoring Bolen. C. Erickson drove in McMurray. Smyczynski was safe on a fielder's choice and O. Herriman was tagged at second. Grack fled to left and Erickson was nipped at second in an attempted steal, to retire the side. White Star batters were retired in order in their half of the tenth.

Next Sunday Alabaster meets Pinconning at Alabaster.

Roberts-Ziehl

At a 6:00 o'clock ceremony at the Zion Lutheran Church in Tawas City on July 26th, Goldie May Ziehl was given in marriage by her father, Arthur Ziehl, Sr., to James B. Roberts of Dearborn.

For the rites, the bride chose a ballerina length creation of imported chantilly lace and nylon net over white satin. The fitted bodice with boat neckline, the long-pointed sleeves and the four-gore points applied over the nylon net skirt were of lace. The crown, fashioned of seed pearls and rhinestones held a finger-tip veil which was scattered with appliques of the lace. She carried a colonial bouquet of white roses and carnations.

Miss Leona Ziehl was her sister's only attendant. Her ballerina length frock with a bolero was of blue chantilly lace and she carried a colonial bouquet of yellow roses.

Richard Ziehl, brother of the bride, was best man. Guests were seated by Walter Wegner and Arthur Ziehl, Jr.

The ceremony was read by Rev. Bickel against a background of palms, white gladioli, and day lilies. Mrs. Harold Shover, guest soloist sang, "O' Happy Home," "O' Perfect Love" and "The Lord's Prayer," accompanied at the organ by Wilbur Mueller.

Following the ceremony a buffet dinner and reception was held at the Eagles Hall for the family and guests, present from Boston, Detroit, Dearborn, Flint, Bay City, West Branch and the Tawas. The tables were decorated with gladioli, lilies, candles and a four tier wedding cake.

For a motor trip through the Upper Peninsula, the bride chose an embroidered beige linen dress with red accessories. The couple will reside in Dearborn.

Fire Fighting Classes Given For Iosco Area

Under Direction of W. F. Gannon, U. of M. Extension Service

A fire service training program for fire departments members in the Iosco county area started Tuesday evening with a meeting at the Tawas City Fire Hall. The program is sponsored by the University of Michigan Extension Service and the Office of Vocational Education.

"The classes are without cost to the fire departments," states Wallace F. Gannon, instructor in charge. "Each week classes will be held at Tawas City, East Tawas, Oscoda and South Branch. Fire departments in other towns of the Iosco area are urged to have their members attend, as instruction will be given in many problems met by small town fire departments."

Mr. Gannon's instruction is based on practical experience in the small town. He was with the Muskegon Fire Department 28 years before entering extension service for the University of Michigan. He has written several textbooks on fire fighting methods and is a permanent member of the board in charge of instruction at Stillwater College, Stillwater, Oklahoma. Stillwater is a pioneer in having department fire fighting instruction.

Since 1946 Mr. Gannon held classes in 240 different small communities with an enrollment of over 4,500 fire department members.

Former Tawas City Man With U. S. Gypsum Company 49 Years

Memories of the growth of the Genoa plant of the United States Gypsum Company were recalled yesterday when Edward J. Musolf, master mechanic at the local lime plant, observed his 49th anniversary of employment in the U. S. G. system.

Beginning his long career at the Alabaster, Mich. plant on July 17, 1903, Mr. Musolf worked in various capacities until recognition of his mechanical ability prompted the company to transfer him here in 1924 to complete the installation of 13 additional shaft kilns, a job which took an entire year.

At the time of his transfer to Genoa, the quarry was about 200 feet in diameter and 45 feet deep, and laborious hand operations were required to mine the quarry.

Today the quarry covers a 40 acre area and is 90 feet deep. Mr. Musolf's influence and aptitudes played an important role in the enlargement of the Genoa plant into the largest lime plant in the U. S. G. system. Every building and piece of equipment has felt the Musolf touch either in direct construction or installation and maintenance.

Two rotary kilns were built in 1926, another in 1949, and now all are modernized to use powdered coal.

He installed the big crusher in the quarry and the secondary crusher at the surface in 1927, which eliminated hand operations.

He also installed the two pressure hydrators and the two tube mills now in use; he built the bag plant building and installed the equipment which was later moved to Oakmont, Pa., he has built numerous smaller buildings and installed equipment about the plant.

He also spent several years at traveling, purchasing special machinery for use here.

In addition to his regular duties, for six years, Mr. Musolf was quarry superintendent when the extension of the quarry was of vital importance to the plant.

Mr. Musolf still has a sharp eye and a keen sense of humor which belies his 78 years of age. He is ambitious of reaching his 50th year of service.

Working with him now are his sons, Walter and Ed, Jr., who each have 37 years of service. Their total of 123 years of service to the company is believed to be a family record in the company.—Genoa (Ohio) News.

Defeat West Branch 5 to 4

Tawas City Plays at White Star Sunday

In a tight game last Sunday Tawas City defeated West Branch 5 to 4 at the local athletic field.

Both teams scored three runs in the first inning. West Branch added a fourth run in the second to take a one run lead. They held the lead until the eighth when Tawas tied the score, with Warner scoring on Thornton's single.

Tawas City won the game in the last half of the ninth, when, after two were out, Bernie Lorenz scored on Art Anschutz's high bouncer to third.

Herb Look started on the mound for Tawas City and gave up seven hits, four runs, two bases on balls and fanned three in the three innings he worked. Warner took over the mound in the third and held West Branch to two hits and no runs and is credited with the win.

Bob Neubecker, the losing pitcher, for West Branch, allowed nine hits, five runs, walked four and whiffed 10 in nine innings.

Rollie Gackstetter, Jr., was behind the plate for Tawas City in his first league appearance, and did a fine job for the locals.

Next Sunday Tawas City will wind up their league play in a game at White Star.

Consecrated Genius
Lesson for August 3, 1952

ONCE IN A WHILE men are born who have more careers than one. Thomas Jefferson was architect, educator, lawyer, writer, executive; Samuel F. B. Morse was a painter and also the inventor of the telegraph; Theodore Roosevelt was a man so cany-sided that some one has written an amusing article showing that several thousands of years from now, scholars might easily conclude that T. Roosevelt was not one man but several different men with the same name.

Dr. Foreman

Many-Sided Man
SAMUEL WAS ONE of these many-sided men. We call him Samuel the prophet, but we could just as well call him judge, priest, preacher, general writer and king-maker.

He was a prophet, for the people who knew him turned to him when they wanted to know what God thought. We can call him a preacher, for we know of one very successful revival which he conducted (I Sam. 7). He was also what we call a circuit judge, going from town to town to hold court. He was a successful general, for we know he not only advised military leaders but took the lead in raising an army himself and directing it in a successful campaign.

He was a priest, not only in a formal way, offering sacrifices at various places; but he also once said a memorable thing which marks him as a priest in the truest sense: "Ye have done all this wickedness, yet . . . God forbid that I should sin against you in ceasing to pray for you." (Chap. 12.)

He was a writer, for though he could not have written both books that bear his name, he did write "the manner of the Kingdom"—perhaps a kind of constitution. And next week's study will show him as a king-maker.

No Dictator
THE MANY-SIDED MAN, the man of many talents, always has one great temptation: to be a dictator. It isn't bad people who become dictators; it isn't the weak; it is the strong and able.

A very able president, for instance, will take it on himself to run the State department and any other departments that specially interest him; in a small town a many-sided man may be superintendent of the mill, chairman of the school board, chief deacon in the church, superintendent of the Sunday school, major and postmaster besides.

It is not alone in public that the dictator flourishes. Sometimes in a home the father, or the mother, will be so energetic and brainy that he (or she) finds it much easier to do things than to wait for the children to do them, or to teach the children how it is done.

Now the prophet Samuel, who towered high above the average man of his country, must have been tempted to be a dictator. Samuel perhaps could have done it all, but he knew when to retire from the foreground.

Public Spirit
SAMUEL himself is a model for all the many-gifted men who reach and deserve positions of power. He never milked the people for his own benefit; he never used public office for private gain. (With one sad exception; he kept his worthless sons on the public payroll.) He was a man of true public spirit.

This means two things, and Samuel had them both. One is a wide vision: being able to see all sides of a question, and to see not only his own advantage, but how decisions and policies affect all kinds of persons.

Most politicians will have at heart the interests of their own little ballwick; how many have the interests of the nation at heart?

Public spirit means wide vision, it means a wide concern, not only seeing but caring. In an election year, when politicians are clamoring at us from all sides, we may well inquire about every candidate: Does this man have any resemblance to God's man Samuel? Does he have a sense of responsibility to God? Does he have a wide vision, a wide concern? Whose side is he on? Is he out for himself, or for God and the whole people?

Alger became an enthusiastic Eisenhower for president supporter more than a year ago, when the two met and talked over the country's needs, seeing eye to eye.

Alger was the first state official, and the only candidate for governor to endorse Eisenhower. He was criticized for doing so. It wasn't good politics. Good politics dictated that he ride the fence. He wouldn't because he believes the people should know where a candidate for office stands.

The Eisenhower-Alger combination is a natural.

Both are agreed that the Nation's defense comes first.

Both have proven themselves good and able administrators, Ike in the European zone, Alger as an efficient, economy-minded, three-term Secretary of State.

Both are full-time veterans of World War II.

Both have records bespeaking unalterable hatred of dictatorship, Ike in arming the western world against Stalin aggression; Alger as leader of the movement which ended machine rule of the Republican Party of Michigan.

They understand each other.

THE WASHINGTON Merry-Go-Round
BY...DREW PEARSON

Booby Trap Bills

Congress was in such a hurry to pack up and go to the conventions that legislation was ground out in wholesale lots without investigation or debate. Most senators and congressmen had no idea what they were voting on. As a result, several sleepers slipped through, as follows:

Tax Gravy—Senator George of Georgia introduced a complicated amendment to the excess-profits tax supposed to adjust the rates for fabricators of strategic metals. Significantly, however, the amendment was

tailor-made to reduce the taxes of one brass company of Bridgeport, Conn., whose owner happens to be Herman Steinkraus, outgoing president of the U.S. Chamber of Commerce. George has long been close to Ellsworth Alvord, tax adviser of the Chamber of Commerce.

Claims Gravy—Congressman Beall of Maryland tried to slip through a bill, authorizing the Willmore Engineering company of Baltimore to collect a \$244,000 claim. It so happens that the claim had already been turned down by the Court of Claims and the U.S. District Court. In fact, the claim was so fantastic that the courts ordered the FBI to investigate the Willmore company for alleged fraud. Yet Congressman Beall tried to get congress to pay the claim that the FBI is now investigating as fraudulent. Fortunately he failed.

G.I. Bonus

In contrast to the way private bills benefiting a few people were sneaked through congress, here is the play-by-play story of a tough, two-year-battle to secure a combat bonus for G.I.'s in Korea.

Almost two years ago, September, 1950, this columnist pointed to the unfairness of a service pay system which gave extra risk bonuses to pilots and submarine crews but none to the boys in the foxholes. Sen. Tom Connally of Texas took up the cudgels by inserting the column in the Congressional Record, following which Sen. Dick Russell of Georgia introduced a bill giving a \$50-a-month combat bonus. Russell did his best to push the bill, but was finally defeated in his own armed services committee.

At this point, three young senators took up the cudgels for the G.I.'s—Moody of Michigan, Long of Louisiana, and Monroney of Oklahoma, all Democrats.

Since under senate rules it is impossible for the chairman of a committee to appeal a bill to the full senate if it has been defeated in his committee, Long, with Russell's blessing, made such an appeal. He brought the combat bonus bill out on the senate floor, where it was defeated. Some of the same senators who maneuvered backstage to slip private bills through congress during the recent session voted against the G.I.'s in Korea.

Moody Rider

However, Senator Moody, undiscouraged, adopted a new tack. In order to get a new vote he reduced the bonus from \$50 to \$45 a month, then demanded a roll call. This meant that every senator would have to stand up and be counted for or against the G.I.'s. Naturally, none wanted a roll-call vote, so the combat bonus was passed at \$45 monthly.

However, in the house the bill was killed. Republican economists turned thumbs down. However, Senator Moody filed notice that when the military appropriations bill came up he would move to suspend the rules in order to attach a "fox-hole rider" to the bill. This is a difficult thing to do, because the "fox-hole rider," or combat bonus, meant completely new legislation and would require a two-thirds vote of approval if a senator objected.

To make sure he got a two-thirds vote, Moody, with the support of Sen. Styles Bridges, Republican, of New Hampshire, and his friends Long and Monroney, telephoned more than half the members of the senate and got their approval.

Thus, the foxhole rider still had to pass the house, where Congressmen George Mahon of Texas and Dan Flood of Pennsylvania, members of the joint committee on military appropriations, went to bat. At first they failed. In the privacy of the committee, the vote went against them.

However, the friends of the G.I. did not stop.

They enlisted the help of majority leader John McCormack of Mass., Alfred Sieminski of New Jersey, a Korea veteran, Louis Rabaut and Thaddeus Machrowicz of Detroit, all Democrats; Mrs. Edith Nourse Rogers of Mass., Republican. They threatened to carry the fight to the floor of the house, where every congressman would have to stand up and vote for or against the G.I.'s.

This threat, plus the astute leadership of Moody and the final support of Senator O'Mahoney of Wyoming, finally put the combat bonus bill through. It is now a matter of law, and checks to G.I.'s should be in the mail fairly soon.

as trustee for a term of three years.

A discussion followed in regard to the transporting of students within the district. Moved by A. H. Bronson, supported by L. E. Clements, that the district transport students within the district limits. Motion carried.

A question by P. N. Thornton in regard to the reorganization program brought a request from the chair for a report by A. E. Giddings, co-chairman of the reorganization committee. Supt. Giddings reported that the legal petitions from all of the 13 districts are in and have been certified by the various township clerks and the two city clerks.

The next step in the process would be to turn them over to County Superintendent of Schools, who in turn calls for the election. Inasmuch as both Iosco and Arenac counties are involved in the reorganization, it would be up to the two County Superintendents to decide which one of them will call the election. If they can not agree, the Superintendent of Public Instruction makes the selection. The Supt. of Public Instruction can also O. K. the districts involved or can remove any if he sees fit to do so. The County Superintendent of Schools decided upon calls the election within 20 days after he received the petitions.

In answer to a question by Mrs. A. Ruckle in regard to Kindergarten for the coming session, the chair replied that the board was doing all in its power to have a kindergarten next term. Possibilities for holding the kindergarten include the Legion Hall, transporting students to another school, or building another room, the time element not being favorable to the latter possibility.

The meeting was then turned over to A. E. Giddings, who then traced the school history with the retiring custodian, Henry G. Fahselt. Mr. Fahselt noted some of the improvements made during his tour of duty consisting of 27 years. Mr. Giddings then, on behalf of the Board of Education, presented Mr. Fahselt with a gold watch honoring his long and faithful service to the district.

Moved by L. E. Clements, supported by O. Kasischke, that the meeting adjourn. Motion carried. John N. Brugger, Secretary.

Iosco 4-H'ers Win Awards

They certainly did it—our delegates to Gaylord 4-H Club Round-Up. The box score showed Robert Douglass in first place in vegetable garden judging. Bob had to identify insects common in our gardens, varieties of vegetables we grow, grade potatoes and know his garden diseases. He will represent Iosco county at the State 4-H Club Show in East Lansing, August 26-29. He won't be alone! Pavo Bloomquist and James Laidlaw will join him with their demonstration on Tractor Maintenance. The girls? Why certainly. Joanne Wendt with her Foods demonstration will be a State Show delegate as well as first and second place clothing judging contestants Aileen Ward of Whittemore and Doreen Strauer of McIvor. Congratulations are in order for these young people. They did a top-notch job. Marietta Bills and Virginia Webb agreed that it was very successful and well organized camp. We are grateful to them and Mrs. Ruth Bloomquist for all their help.

Our County Eliminations on Thursday and Friday, August 14 and 15, will be at the Sherman School. At this event we will select the most efficient Tractor operator to represent our county at the State 4-H Club show. There will be an Archery demonstration by the Tawas 4-H Club as well as an all-star baseball game on Thursday and a district all-star contest on Friday. The winners of the Alcona-Iosco all-stars game will play the Gladwin all-stars. The winner of that game will journey to play the Antrim County all-stars and the winner from there will go to East Lansing to represent northern Michigan. A battle royal is in the making!

Ripe tomatoes within six weeks of planting for the third year running. I ate my first on July 22. How are yours doing?

Pat Frank sent the following report regarding their garden project meeting: We started our meeting by putting Copper Rotenone on tomato and cabbage plants. We talked about how our baskets should be exhibited at the County Fair. We talked about our garden tour.

Pat doesn't realize it, but she and her neighbors are going to see a transformation, like they have never seen before. Just keep your eyes on the quack grass in the Frank garden.

"MERRY NEIGHBORS" MEET THURSDAY EVENING

Mrs. Charles Thornton was hostess to "The Merry Neighbors" at the Sherman township hall last Thursday evening.

After the business meeting, a very nice time was had playing various games. Mrs. Orville Strauer won the prize for the hilarious stocking game. Mrs. Ruth Blumquist won the observance test. Mrs. John Jordan took home the door prize, which was a beautiful planter filled with flowers.

We were pleased to have as our guest, Mrs. Melvin Groff, of Flint.

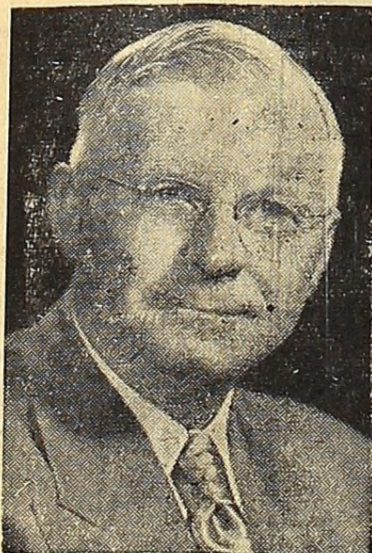

The next meeting will be on August 7th, at the home of Mrs. Harold Parent.

AT WHITTEMORE SPEEDWAY SUNDAY, AUGUST 3

No, folks! that's not a faked picture. It's a faithful report of what happens at the Ward Beam World's Champion Auto Daredevil show when a man drives a stock car up a steep ramp at high speed and goes hurtling off through space over a standard-length highway bus and then adds insult to injury by landing atop a group of parked cars.

This is just one of the super-thrill stunts on the menu of Ward Beam's World Champion Daredevils at the Whittmore Speedway, Sunday afternoon only, August 3rd.

Beam admits that this is probably the most popular stunt of all.

Heyn, has served since February 1951.

Records of the congregation indicate numerous items of interest which reveal conditions of the day, and carry references which show many details of changing times, economic improvements and reverses and similar situations which paralleled conditions of the country in general. Membership lists contain the names of many individuals prominent in the development of the Tawas and surrounding townships.

Congregational meetings were conducted in the German language for many years after organization and minutes of these meetings likewise were recorded in that language. This was the practice until the comparatively recent year 1938, although regular English services had been instituted twenty years earlier. However with the passing of years the English gradually displaced in German until, in 1951, the last German service was held.

Continuous growth in membership has been noted during the years since organization. Concurrent with its membership growth has been a constant improvement in the church property. More recent additions at the church include such new items as an electronic organ, chimes, tile flooring, electrical fixtures and wiring, and various interior remodeling and redecorating projects.

In conjunction with its church activities the congregation has maintained a Lutheran day school since 1883. The present school building was constructed in 1893. With the exception of occasional periods during which pastors served as instructors, particularly in the school's early years, the services of full time teachers were arranged to conduct this activity. Since 1950 the congregation has conducted an amalgamated school with Zion Lutheran church. The present staff includes Principal Wilbert Mueller and Miss C. Witte.

Cincinnati Group Honored Guests

Another traveling family joined the ranks of the "Toast of the Tawas" this last week when Mr. and Mrs. Paul Knight and sons, Jay and Chuck, of 6120 Kennedy Ave., Cincinnati, Ohio were hailed to the curb by the wailing siren of the East Tawas police car driven by Chief Pelton. As a result, the fame of Tawas has again gone coast-to-coast. The Knights, frequent visitors to Michigan, were making their first trip on US 23 and had chosen the route on the recommendation of Mr. Knight's brother who visited the Tawas two weeks ago and sold them on the scenic beauties of this area. After the Knights recovered from the shakes, given them by the ominous presence of Chief Pelton's siren-equipped police car, and learned what a rich reward was theirs, they said that now they could return to Cincinnati and tell the brother that he really didn't know the half of it....the Tawas are not only beautiful—but bountiful as well!

In addition to the broadcast of the car-stopping event, aired over WSGW and the stations of the Bluewater Network, the Tawas were also highlighted in other broadcasts and stories featuring the Knights of Cincinnati. Jack Parker recorded a special three-minute interview with Mr. Knight which was broadcast by radio station WCPO, Cincinnati. Parker also did a two minute feature-type interview story with Mr. Knight for the Mutual Newsreel, aired Tuesday night, July 29, coast-to-coast over 550 stations of the Mutual Broadcasting System.

A free-lance news-photographer took a series of pictures of the Knight's stay in the Tawas for a magazine picture story feature, and a special story and picture, the latter showing the Knight family at the Chamber of Commerce Bldg., surrounded by their gifts, went to the Cincinnati Post, favorite home-town newspaper of the honored family.
