**Polish Up Your Bowling Ball**

Polish up your bowling ball guys and dolls, "fall's a coming". Fred Paschen's appearance at the local lanes, recently, officially opened the 1952-53 season. Team openings for the Majors (Wednesday) 750 minimum, 75% handicap. Who blasted that 299 recently in practice? I hear Bill O'Loughlin's got a new ball with special motors, front and rear, that guide it straight to the 1-3 pocket. Negotiations are under way to have George Young, Brunswick representative and member of the World Champion Pfeiffer's Team, appear here in the Tawas as the first part of September to demonstrate the Brunswick, a new device for measuring bowling balls, and also to put on a little exhibition. Teams and individuals interested in bowling in our Fall League contact the Bowling Alley, or phone 350 or 675W.

## Primaries Bring Out 2,500 Iosco County Voters

### Jacques, Moffatt Win in Iosco's Only Contest

Approximately 2,500 votes were cast in Tuesday's primary election by Iosco county voters as revealed in the report of the Board of County Canvassers, after its canvass of precinct reports Wednesday. About 250 of the ballots were Democratic the balance Republican.

State reports Thursday morning showed Fred M. Alger, Republican nominee for governor, and Charles E. Potter, nominee for U. S. Senator, as winners in Tuesday's primaries with wide margins.

In the race for the nomination for lieutenant governor, Clarence Reid of Detroit and George W. Welsh of Grand Rapids were running a close race in late Wednesday returns. But it was expected that when Wayne county's count was completed Reid would have a substantial majority.

Mayor Elford A. Cederberg of Bay City, in his second bid for Congress, won the Republican nomination with a huge majority, far out distancing any of his seven competitors.

According to late Wednesday state returns the vote for governor was: Alger 323,506; Leonard 207,717; Vandenberg 205,890. The tabulated vote in Iosco county was:

	Alger	Leonard	Vandenberg
Alabaster	25	7	14
Ausable	43	72	20
Baldwin	62	35	17
Burleigh	40	9	24
Grant	36	15	12
Oscoda	141	84	49

Tawas City-2	75	18	21
Tawas City-3	76	22	20
Whittemore-1	7	8	12
Whittemore-2	25	6	33

The vote in Iosco county for lieutenant governor was: Henderson 508; Reid 531; Welsh 493; Young 301.

Iosco's vote for United States Senator: Keyes 548; Martin 196; Potter 1238; Prevost 49. Cederberg's nomination for Congress was fully endorsed by Iosco Republicans. The vote was Cederberg 931, Ellica 51; Gaffney 431; Metcalf 205; Nuttall 70; Pressler 131; Puffer 140; Swan 258.

In a two to one vote throughout the district, Gerald L. Graves won the nomination for representative in the state legislature. The district vote was Graves 5,044; Dutcher 2,572. Iosco county voted Graves 1,099; Dutcher 715. Graves made a successful bid for the nomination for a second term as member of the state legislature from the Alpena District which includes Iosco county.

E. D. Jacques and E. John Moffatt were winners in the race for coroner. This was the only county office contested in the primary. The vote was Jacques 1064; Moffatt 1308; Dr. Leslie Lambert 746.

A 4-H Club picnic will be held today, August 8th, at the Tawas City Park at 5:30 for members and their families. Pot-luck. Games for children.

## 165 Attend Freel Family Reunion

## Rep. MacKay Honored by Central College

Alexander M. (Sandy) MacKay, representative in the state legislature since 1936, was honored by Central Michigan College by conferring on him the honorary degree of Master of Public Administration, according to an announcement made by President Charles L. Anspach, president of that college.

Mr. MacKay was cited for his long service to the schools of Michigan, and the important role he has played in the destiny of his state. The final paragraph of the citation reads, "In a large sense the life and endeavor of Alexander M. MacKay symbolizes that brightest of social ideals which was the guide of our pioneer forefathers and which was preserved by the Ordinance of 1787. Religion, morality and knowledge being necessary to good government and the happiness of mankind, schools and the means of education shall forever be encouraged."

Mr. MacKay is well known here as Iosco was a part of his district for a large part of the time he has been in the legislature.

I wish to thank the electors of Iosco county for their support at the primary election. E. D. Jacques.

## Golf Tourney Held Last Two Weeks of August

A Tawas Golf Tournament will be held the last two weeks in August. Competition will be individual and there will be no handicap used. Flights of eight will be set up and prizes will be offered to winners in each flight. Anyone interested will contact Al Zaharias and turn in a qualifying score to him. These scores will determine which flight you will be entered. An entry fee will be charged for each match.

## Tells of Evolution in American School District Organization

The proposed reorganization of the Tawas School Area has been tentatively approved by the Superintendent of Public Instruction. It would seem, then, that consideration of the evolution of the movement in the U. S. is now fitting and proper. The evolution of school reorganization in the United States may be entitled, "The Struggle Against the Small District System." In some localities the opposition to the movement has approached the intensity of that of the American Colonies to the English taxes in 1775. The cities were the first to recognize the serious defects of the small district system. In many cities, especially in the West, there was no unity of school administration in their early history. If the people in a ward desired a school, they would hold a meeting to organize a ward district, vote to build a school building, vote taxes, and elect a board of education. As a result, often only a few of the wards had schools, and they

**Parsons-Jordan**

In a very pretty double ring ceremony August 2nd, Miss Delia M. Jordan, daughter of Mr. and Mrs. Merlin J. Jordan of McIvor, became the bride of A-2c Samuel T. Parsons, son of Mr. and Mrs. B. F. Parsons of Lanford, South Carolina. The nuptial rites were solemnized by the Rev. Fr. Henry DuRussel at the St. James Catholic Church in Whittemore at 9 a. m. before an altar decorated with gladioli. Some 300 guests witnessed the rites.

The bride, given in marriage by her father, chose a gown of nylon tulle over satin fashioned with a high neckline, bateau yoke fitted bodice, wrist point sleeves and featuring a long train of nylon falling from a small butterfly shaped bustle. Her fingertip veil of nylon net, edged with wide chantilly lace, fell from a lace halo, beaded with rhinestones. She carried a white missal, gift of the groom, topped with a rosary and white roses.

Miss Lorraine Grezeizak, of Selkirk, was maid of honor. She wore a blue gown of nylon marquisette over taffet. Bridesmaids were Mrs. Douglas Dodder, cousin of the bride, Miss Beverly Pringle and Miss Pat Dixon. They wore matching pink, Nile green and yellow gowns. Matching bonnets or gauntlets completed their costumes. Each carried matching gladioli. Sue Fortune, cousin of the bride, was flower girl.

Airman 2-c Donald Hahn was best man for his friend. Groomsman were A 2-c Gerald Harp, Lawrence Fortune and Douglas Dodder. Ushers were Lyle Jordan. (Continued No. 3, Back Page)

## 75th Year Celebration Ends Sunday

### Rev. Herbert Buch Speaker at Sunday Morning Service

Two services Sunday will mark the close of a week-long schedule of activities at Emanuel Lutheran church commemorating the 75th anniversary of its organization. Rev. Herbert C. Buch of Yale will deliver the sermon for the 10:00 o'clock morning service and Rev. O. J. Eckert of Saginaw will occupy the pulpit in the evening. The latter service will start at 8:00 o'clock.

The anniversary celebration was opened last Sunday with three services, and another service followed in the evening on Tuesday, the anniversary date. On Thursday evening a concert was presented by the Emanuel Lutheran choir.

Visiting pastors who participated by delivering sermons at services thus far held were Rev. J. J. Rookle of Elkton, Rev. A. A. Kehrberg of Frankenmuth, Rev. Emil Kasichke of Bay City, and Rev. W. C. Voss of Jenera, Ohio. Rev. Paul Heyn, present pastor at Emanuel, conducted the altar services. Assisting at the Sunday evening service was Rev. George Kobs of Markesan, Wisconsin.

An anniversary dinner was held Sunday at the Tawas City gymnasium. The Ladies Aid in charge of arrangements, served 450 persons at this affair. Members of the Young Peoples Society assisted. The dinner was followed by a brief program.

## Drop 10-2 Game To Pinconning

### Alabaster Still Has Chance for Playoff

Alabaster dropped a 10 to 2 decision to the league leading Pinconning Club last Sunday at Alabaster.

Pinny scored one run in the first, second, sixth and seventh, and three each in the third and eighth. Felsing hurled the first seven innings for Alabaster, allowed nine hits and six runs, struck out three and walked three. He was replaced by C. Herriman in the seventh. He allowed four hits and four runs, struck out two, and walked one.

Bennett started for Pinconning and hurled the first three innings. He was sent to the showers by the ump in the third and was replaced by Salois. Bennett allowed no hits and walked none in the two and one-third innings he was on the mound. Salois who replaced him allowed seven hits and struck out one.

Pinconning and Sterling are the only teams assured of a position in the NEM League playoffs. White Star, West Branch and Alabaster are all fighting for the third and fourth positions in the four team play-off. While Tawas City was counted out after their defeat last Sunday, White Star and Pinconning have a postponed game to play next Sunday.

THE BIBLE SPEAKS

International Uniform  
Sunday School Lesson  
BY DR. KENNETH FOREMAN

SCRIPTURE: 1 Samuel 9-13.  
DEVOTIONAL READING: Psalm 108:1-5.

Problems of State

Lesson for August 10, 1952

McJUMPUP JUNCTION is not the  
best place to go looking for a  
statesman. A statesman is not a  
mere "dead politi-  
cian" as cynics  
claim. A politician  
of the lower sort is  
a man who is in poli-  
tics first of all for  
his own benefit, and  
secondly for the  
benefit of his own  
little McJumpup  
Junction, and no  
thirdly whatever.  
But a statesman is  
in politics for the benefit of the hu-  
man race. A man may start in  
McJumpup Junction, as Lincoln  
did; everybody has to start some-  
where. But he is no statesman until  
his home district no longer seems  
more important than the wide  
world.

Dr. Foreman

For Defense  
ONLY A STATESMAN can deal  
with problems of state success-  
fully. That was one of the troubles  
with the first King of Israel; he  
could see his own wishes and inter-  
ests, but not those of the nation as  
a whole; and God was too seldom in  
his thoughts.

Let us mention three problems of  
state which are perennial; they  
pressed hard on Saul, they press on  
us today.

One is called National Defense.  
There would be no such problem if  
all nations were friendly, but they  
seldom are. If all nations were on  
as good terms with one another as  
the United States is with Canada  
and Mexico, all of us would be  
better off. In ancient Israel they  
had this problem; they wanted a  
king more than anything else so as  
to build up an armed defense  
against a ring of enemy nations.

So in the United States today,  
the most acute problem, and the  
most expensive, before the na-  
tion, is that of defense and secu-  
rity.

Taxpayers complain without end;  
but it should be remembered that  
what eats up the taxes isn't the  
bureaucrats, it's military expenses.  
More than 75 cents out of every tax  
dollar is spent for wars, — past,  
present or future. That would not  
be necessary if all nations were  
friendly. So the underlying problem  
of state is: How can we create a  
more friendly international situa-  
tion?

National Unity  
ANOTHER PROBLEM of state is  
that of national unity. This was  
acute, back in the days of Saul and  
Samuel. The twelve tribes of Israel  
had never done anything together  
since the days of Joshua. They  
wanted a king not only for the sake  
of defense but for the sake of na-  
tional unity.

So it is today on a larger scale.  
If every congressman goes to the  
capital just for this own constitu-  
ency and for nobody else, that  
makes congress a perpetual dog-  
fight.

There has to be somebody, or  
some group of men, who will be  
statesmen and not mere politi-  
cians; some person or persons  
of vision and influence, who will  
stand for all of the people rather  
than for only some of the peo-  
ple, — who will, if need be,  
stand for all of the people  
against some of the people.  
But how are such wide-visioned  
men to be elected? A man is not  
better than his home-district voters  
want him to be.

Can Democracy Be Efficient?  
THE FIRST thing that is said of  
highly centralized power in busi-  
ness, or a nation, or in the church  
or anywhere, is that such power is  
more efficient than when it is di-  
vided up. Some dictatorships have  
been highly efficient.

Mussolini, it was said, cleaned  
out the slums of many a city, and  
even performed the miracle of  
getting Italian trains to run on time.  
But he turned out to be just another  
tyrant, and his people turned  
against him, as long ago the Israe-  
lites turned against Saul.

So a third great problem of  
state is this: Can a democracy  
be efficient? The ideal govern-  
ment is one which steers be-  
tween two extremes: on the one  
side is anarchy, which is free-  
dom without unity; and on the  
other side is some absolute  
centralized power which com-  
pels unity without freedom.

Democracy is precisely the at-  
tempt to take this middle road. It  
is not an easy problem. Saul did  
not solve it, nor did David after him;  
it is not solved today. But only men  
of wide vision and wide concerns,  
big-minded, public-spirited, can  
even see the problem, much less  
try, under God, to solve it.

# Iosco-Alcona Granges Hold Third Annual Mystery Ride

The Iosco-Alcona Pomona Grange held its third annual Mystery Ride Monday evening, July 28th. The three subordinate Granges, Glennie, Hale and Whittemore, met at their halls at 7 o'clock with all cars decorated in Grange colors. Glennie and Whittemore met with Hale where the long line of 16 cars followed the Pomona Lecturer, Celia Runyan, to their destination which was the Logan township hall. The program began with a song by the group, "Let's Laugh and Sing". Mrs. Mable Helmbold of Hale gave a monologue, "Aunt Hattie visits the 5 and 10". Bill Winters and David Fortune of Whittemore sang several numbers with Bill playing the guitar, Mr. and Mrs. Glenwood Streeter of Hale gave a skit, "Entertaining Her Sister's Beau", Mr. Van Houten and "Cap" Shellenbarger of Hale played several numbers on the violin and banjo.

The Whittemore Grange then presented a mock Grange meeting in costumes which were very comical. The program closed with a song by the group, "Sell off that Brindle Breed".

The main event of the evening followed. It was the choosing of Cinderella. Marion Pagel of Whittemore was chosen Cinderella to represent the Pomona at Mt. Pleasant in October. Marie Chippis of Whittemore was chosen alternate. The Cinderella was presented with the customary silver slippers from the Pomona Grange and a lovely corsage from the Worthy Lecturer. She also presented two of the Whittemore Grange sisters, Mrs. Sar-

ah Beardslee, who is a charter member and Mrs. Marguerite Aulerich, who was celebrating a birthday, with corsages and a decorated cake.

The Grand March was led by the Cinderella and her escort, followed by the alternate. Square dancing was enjoyed by all, and the evening ended with a bountiful pot luck lunch. There were 16 members present from Hale, 15 from Glennie, 37 from Whittemore and 11 guests.

## Needlecraft News by Nancy Baxter

A PLACE mat is to a table setting as a hat is to a costume. For a complete ensemble each is necessary. Whether the mood is casual or formal, these finishing touches often become the most important accessories.

rough-woven bread baskets help to carry out the casual theme. For more formal dining, a more delicate setting is required, such as the conventional china, damask and silver.

### TABLE SETTING

When setting a table for any type of dining, remember the few simple rules: Place each setting about an inch, not more than two inches from the edge of the table. Arrange knives and spoons on the right side of the plate, forks on the left. The water glass should be placed directly above the point of the knife and the coffee or tea cup opposite the spoons on the right. If you're using a bread and butter or salad plate, set it above the napkin which is to the left of the fork.

### CROCHETED PLACE MAT

What an attractive luncheon table you will have when you accessorize it with deep green, fringed place mats blossoming with yellow daisies! Crocheting them will be fun for you; it's always a thrill to create something out of nothing and it's even more gratifying to hear the compliments that are prompted by your piece of handiwork. Directions for crocheting this DAISY PLACE MAT can be obtained by sending a stamped, self-addressed envelope to the Needlework Department of this paper. Instructions for two other place mats which are adorned with water lilies and phlox will also be sent you. Just request Leaflet No. 63-10 for all three.

### LET'S HARMONIZE

Both place mat and hat must harmonize with the other items of the outfit, but you needn't strive to match them. Matching can sometimes become monotonous. When planning a table for a luncheon, think in terms of gay informality. A colorful, heavy-textured mat is in perfect harmony with bright pottery and thick glassware. Simple copper or brass flower or fruit bowls and more formal dining, a more delicate setting is required, such as the conventional china, damask and silver.

## Korean Vets Get Readjustment Compensation

Federal Unemployment Compensation for Korean veterans, similar to the Servicemen's Readjustment Allowance paid World War II veterans, will be paid after October 14, 1952. Cecil Howell, manager of the West Branch office of the Michigan Employment Security Commission announced today. This announcement is made in response to dozens of daily queries at M. E. S. C. branch offices throughout the State, Mr. Howell said.

The payments will amount to \$26 a week for not more than 26 weeks, and are paid by the federal government through the M. E. S. C.'s claims division. To be eligible, a veteran must have served in the armed forces after June 26, 1950, and must have been discharged under conditions other than dishonorable.

Unemployment Compensation under this program may not be paid within 31 days after discharge if the veteran receives \$100 in mustering out pay; not within 61 days if he receives \$200 of such pay; not within 91 days if eligible for \$300. (This provision is inserted because \$300 is paid overseas veterans with more than 90 days service; \$200 to veterans with more than 90 days service in the United States, and \$100 to veterans with less than 90 days service.)

The veteran's Readjustment Assistance Act, under which this unemployment compensation is payable to veterans of the Korean conflict, provides that veterans must serve a one-week waiting period after their claim has been filed. They will be eligible for compensation in the second week, if still unemployed. He must be able to work, and available for work. If the veteran has benefit rights under any state unemployment insurance program, or under the Railroad Unemployment Insurance Act, he must first claim such benefits. In Michigan, Korean veterans' wage credits in employment covered by the Michigan Employment Security Act are frozen as of the time they entered military service. This entitles them to state benefits if they had previously earned any wage credits. However, Mr. Howell said, many of the Korean veterans have entered the armed forces without having any work experience at all. The Federal Act is of particular benefit to these young vets.

### HOME EC NOTES

by Dorothy Scott, Home Demonstration Agent

Hands-across-the-border is a habit with Michigan home demonstration group women. At the recent Homemakers' Conference held at Michigan State College, these women voted to send \$200 to Okinawa to assist college girls there to continue their home economics education.

Miss Eleanor Densmore, Kent county home demonstration agent, who has been in Okinawa during the past year, will return to the University of the Ryukyus to continue her work for another year, and she encouraged the home demonstration group women to assist, too, in making that project a successful one. Miss Densmore is part of a five-person mission in Okinawa from Michigan State College.

Last year 652 Michigan home demonstration group members wrote to "Pen Pals" in other countries offering encouragement, and in many cases, food and clothing, too.

A letter from Inga Timmler, the German foreign scholarship student brought to Michigan last year for eight months through efforts of our home demonstration groups, tells us that she has gone back to teaching in the agricultural school in Schleswig-Holstein province. She wrote, "After being home ten days I started work at the same school, but what a difference there is now. In the time I was in Michigan they built a new school. You American people sent Marshall Plan money and our school is partly built from that money. We now have a very modern kitchen with 'work-saving machines'."

Look for nylon fabrics made to appear like linen, shantung and batiste. Also on the market is nylon tricot with floral prints, suitable for dressmaking.

If your pressure canner has a rubber gasket, keep it clean and free from grease. Some types of rubber gaskets may be turned upside down when they no longer give a perfect seal in the original position. If the rubber shrinks, stretch it carefully between the fingers until it fits the rim.

Present information is that Michigan's peach crop this year will be larger than last year's, and growers assure us of excellent size and quality.

Certain varieties gives best results if you plan to freeze peaches. These include Red Haven, Halehaven, Elberta and J. H. Hale. Canning varieties are not so limited.

How many quarts from a bushel? A bushel of peaches weighs about 48 pounds and should yield from 18 to 24 quarts canned or 32 to 48 pints frozen. Directions for canning and freezing methods are available from your county extension service office, as are directions for preserving other foods.

"If it weren't for my steam iron, we would have bought new sweaters for my daughter's college wardrobe this year," this statement by a Michigan homemaker is interesting to anyone who guards the family purse.

The steam iron can be a wonderful help in keeping accessories fresh looking, and in rejuvenating sweaters, suede shoes and old hats. The steam iron produces the right amount of moisture, for these renewal jobs.

Best results are insured if you place the steam iron on the edge of the ironing table so that the nose of it overhangs. Set the temperature dial at the lowest point to prevent scorching the table cover. Hold the piece you want to freshen in the steam and turn or move about slowly until you have steamed the entire surface. A final finish is to brush the surface with a soft clothes brush or a rubber sponge, always brushing in the direction of the nap or pile. Hats, gloves, purses, veiling, felts and velvet accessories are improved with this treatment.

Two tips for improved salads from greens. One—dry greens thoroughly before adding dressing. This prevents a diluted dressing that makes a runny salad. Two—tear the salad greens rather than cut them with a knife or scissors. You can save time, energy and have a better salad by tearing leaves apart.

Ice cream stains are removed from washing in warm suds. Non-washable rayons are first sponged with a good cleaning fluid, dried and then sponged with cold water.

## New Books

The county has more new books for teen agers. "Not without Danger" by Herbert Best is a thrilling novel laid in pre-Revolutionary Jamaica of piracy at sea and villainy on land. It is a story with excellent characterization and a well thought out plot.

Ruth Moore's "Jeb Ellis of Candlemas Bay" is a forthright novel, filled with excitement, suspense and humor but more than that it gives you an awareness of the importance of human beings. It is the story of Jeb, a Maine boy, who wanted to be a fisherman like his ancestors before him and how he becomes one.

A fine collection of short stories by Hans Christian Andersen has been compiled in "The Flying Trunk".

For horse story enthusiasts, we have Montgomery's "The Capture of the Golden Stallion", "The Golden Palomino" by Billy

Warren, "Little Vic" by Doris Gates and "Wendy Wanted a Pony" by Eleanor Brown. Other books are Page Carter's "The Ghost Hollow Mystery", "The Big Mutt" by John Reese, "Yankee Doodle" by Phyllis Fenner.

The county bookmobile has completed its seven visits to four of the ten summer reading clubs. The clubs have been very active. The children read this year to earn Indian headbands and feathers. A certificate was also given to any child reading ten or more books.

The Silver Arrow Club at Alabaster had the following earn certificates and also have perfect attendance: Ronnie Deering, Kenneth Blust, Ricky Niles, Art Nicander, Peter Bolen and Pat Bolen. Others earning certificates were Robert Erickson, Doris Fry, Butch Binder and Jean Bowen.

The Blue-Cloud Club at Upper Townline had eight children earn certificates and have perfect attendance. They were John

Quarters, Judy Freely, Eddie Freely, Lois Freely, Sharon Freely, Judy Quarters, Janet Freely and Donna Freely. Others earning certificates were Gary Ulman, Duane Reinke, Elaine Reinke and Mildred Krumm.

The Pochantas Club at Jordan had Bonnie Jordan, Delores Ranger, Linda Schroeder, Nettie Jean Parent and Sharon Willis earn certificates.

**Mr. Democrat**

If a popularity vote were taken in the House of Representatives, the winner among the Democrats—perhaps even among the Republicans—would be an egg-bald gentleman from Texas who presides over the house with an iron hand, and who is affectionately referred to as "Sam."

It has now been almost 40 years Sam came up from the Texas prairies to sit in congress. That was in 1913, during the administration of Woodrow Wilson. Sam has seen two great wars since then. He has weathered the Republican victories that swept many of his Democratic colleagues out of office. He has helped write legislation for six different presidents.

And through it all he has still kept his integrity, his idealism, and his sense of humor.

**New Deal Cornerstone**

Most people have forgotten it, but Sam Rayburn was responsible for writing most of the legislative cornerstone of the New Deal—the laws which no Republicans are likely to wipe off the books. As chairman of the interstate commerce committee, it was Sam's job to push through the Truth-in-Securities act and the Securities and Exchange Commission which cleaned up Wall street; the holding corporation act which broke up some of the big utility combines; plus rural electrification, and the Federal Communications act.

Few men in the past century can equal that record.

His chief dream is to build a library in his home town, Bonham, Texas. He has already raised part of the money for the project, has collected an old mantelpiece from the White House when it was remodeled, and gathered together an assortment of gavels he used in presiding over joint sessions of congress when addressed by Queen Elizabeth, Winston Churchill, General MacArthur, General Eisenhower, and others.

Sam has also made arrangements to take his congressional desk back home from Washington, and wants to set up an exact replica of his speaker's office. There, surrounded by the laws which he helped to write, the hearings he has held, and the records of the debates he has argued, Sam wants to sit and visit with the people he loves, and enjoy life.

**Eisenhower and France**

A number of readers have queried me as to what General Eisenhower actually said about atheism in France and the disintegration of the French moral fibre. They have also asked about the propriety of publishing his remarks, for fear it would play into Communist hands.

The answer to question No. 1 is that the general, in talking to the press and a group of delegates at Chicago on July 8, did criticize France for its religious and moral attitude. The newspapers did not invent his remarks. He volunteered them.

The answer to question No. 2 is that there wasn't the remotest chance of hushing up the general's statement, since it was cabled to France by the press associations, and by French newsmen within a matter of minutes. It was published in all the French newspapers the same day.

For instance, here is the "bulletin" which International News Service cabled to France:

"Gen. Eisenhower said today France has 'gone astray' morally and declared one of the reasons is that the French brag that they are 50 per cent agnostic or atheist."

"He asserted France has reached the point where the moral fibre disintegrates, and added: "One reason France has gone astray is that they brag that they are 50 per cent agnostic or atheist."

Other cabled dispatches to France were similar.

**Good News for Stalin**

The senate-house appropriations cuts will knock 700 planes out of next year's budget. That's 50 per cent more than the Communists have shot down in the Korean war. . . . The man responsible for the severe air force slash is—Assistant Secretary of Defense W. J. McNeill. The senate appropriations committee sent him a list of questions to find out how serious the cuts would be. McNeill got the answers from the Air Force, which warned that the cuts would be a dangerous security gamble. But, instead of sending the Air Force answers back to the senate, McNeill sent his own answers—in order to appease the economy bloc. . . . The Air Force has warned that, if the steel strike continues, jet-engine production will come to a standstill in 30 days and the last jet engine then in production will be delivered to the air force in 60 days.

### NOTICE OF SALE

**\$90,000.00**  
Burling Township Rural Agricultural School District Iosco and Arenac Counties, Michigan  
School Building Bonds

Sealed bids for the purchase of general obligation bonds to be issued by Burling Township Rural Agricultural School District, Iosco and Arenac Counties, Michigan of the par value of Ninety Thousand Dollars (\$90,000) will be received by the undersigned at the office of the Superintendent, High School Building in the City of Whitmore, Michigan, in said School District, until 8:00 o'clock p. m. Eastern Standard Time on the 21st day of August, 1952, at which time and place said bids will be publicly opened and read.

Said bonds will be dated August 1, 1952, will be coupon bonds in the denomination of One Thousand Dollars (\$1,000) each, will be numbered consecutively in the direct order of their maturities from one (1) to ninety (90), both inclusive will bear interest from their date at a rate or rates not exceeding four percent (4%) per annum, expressed in multiples of 1/4 of 1%. Said interest will be payable on the first day of January, 1953, and semi-annually thereafter on the first day of July and January in each year. The interest rate for each coupon period on any one bond shall be at one rate only. Accrued interest to date of delivery of such bonds shall be paid by the purchaser at time of delivery.

Said bonds will mature serially Three Thousand Dollars (\$3,000) on the first day of July in each of the years 1953 and 1954; Four Thousand Dollars (\$4,000) on the first day of July in each of the years 1955, 1956 and 1957; Five Thousand Dollars (\$5,000) on the first day of July in each of the years 1958 to 1964, both inclusive; Six Thousand Dollars (\$6,000) on the first day of July in each of the years 1965 to 1969, both inclusive; and Seven Thousand Dollars (\$7,000) on the first day of July in the year 1970.

Both principal and interest will be payable at a bank or trust company to be designated by the purchaser of the bonds.

Bonds numbered one (1) to thirty-eight (38), inclusive, maturing in the years 1953 to 1961, both inclusive, shall not be subject to redemption prior to maturity.

Bonds numbered thirty-nine (39) to ninety (90), inclusive, may be redeemed prior to maturity at the option of the School District in inverse numerical order on any interest payment date on or after July 1, 1957, at par and accrued interest to the date fixed for redemption, plus a premium for each bond so redeemed as follows:

### LEGAL NOTICES

\$20.00 on each bond called for redemption on or after July 1, 1959, but prior to July 1, 1961.

\$15.00 on each bond called for redemption on or after July 1, 1961, but prior to July 1, 1963;

\$10.00 on each bond called for redemption on or after July 1, 1963, but prior to July 1, 1965;

\$5.00 on each bond called for redemption on or after July 1, 1965, but prior to July 1, 1967.

No premiums shall be paid on bonds called for redemption on or after July 1, 1967.

Notice of redemption shall be given to the holders of the bonds to be redeemed by publication of such notice not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the State of Michigan, which carries, as part of its regular service, notices of sale of municipal bonds.

For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from September 1, 1952, to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the School District. Each bidder shall state in his bid the interest cost to the School District, computed in the manner above specified. No proposal for the purchase of less than all the bonds or at a price less than 100% of their par value will be considered.

The said bonds are payable from ad valorem taxes subject to such limitation upon said taxing power as may result from the provisions of Section 21, Article X of the Michigan Constitution and the Michigan Property Tax Limitation Act.

A certified or cashier's check in an amount of \$1,800.00 drawn

### LEGAL NOTICES

upon an incorporated bank or trust company and payable to the order of the Treasurer of the School District, must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, Attorneys, Penobscot Building, Detroit, Michigan, which opinion will be furnished, without expense to the purchaser of the bonds prior to the delivery thereof, approving the legality of the bonds. The purchaser shall furnish bonds ready for execution at his expense. Bonds will be delivered without expense to the purchaser at a place to be designated by the purchaser.

Inquiries with respect to the details of the issue should be addressed to Miller, Canfield, Paddock & Stone, 525 Hollister Building, Lansing 8, Michigan, Attorneys for the School District. The right is reserved to reject any and all bids.

Envelopes containing the bids should be plainly marked "Proposal for Bonds."

Charles H. Bellville,  
Secretary, Board of Education.

**BIG DECISION COMING**

On August 7th or 8th our Michigan Conservation Commission is going to have to make up its mind about the department's recommendations on shooting antlerless deer in some parts of the state during a special season. Right now they're weighing public opinion in the matter—as well as their own. And there's plenty of opinion available!

Trouble has been brewing for a long time with Michigan's deer herd—and the trouble has been winter starvation on a wide-spread basis. Winter before last we lost a carefully estimated 50,000 animals who couldn't find enough to eat in the overbrowsed yards where deer concentrate when the snows get too deep.

That means a loss of 50,000 deer and all the meat that goes with them to hunters—but there's more to it than that. If those 50,000 deer had been legally killed in the fall there would have been far more feed for the rest of the herd through the hard winter months.

**Herd in Poor Condition**

Proof that the health of Michigan deer is on the decline has been established by the fact that twin births of fawns, which is normally expected, is on the decrease. Worse than that, many does are not reproducing at all, and these conditions are most noticeable

in the starvation areas. Inasmuch as artificial feeding of the herd in the dead of winter is completely impractical there's only one realistic approach to the problem, and that's the one recommended by game biologists in our Conservation Department: A special open season for the taking of a limited number of antlerless deer in specific starvation areas.

**Wisconsin Leads The Way**

Wisconsin, Michigan and Pennsylvania each have an estimated million deer, accounting for three million of the nation's seven million total. Wisconsin has faced the starvation problem, too, and is now making unprecedented progress in deer management. Their usual kill of bucks was around the 50,000 mark each year. In 1949 they killed their usual crop of bucks, plus 160,000 does and fawns. In 1950 they achieved their goal and sent 200,000 hunters home with a deer—buck or otherwise. Now the Wisconsin herd is showing signs of greatly improved health. The bucks are getting bigger and fatter and the does more prolific.

Will Michigan follow this plan? Or will we continue to have a herd of puny animals unable to cope with the severity of normal Michigan winters? It's up to our Conservation Commission now, and their reaction to public opinion. What do YOU think?

of 0.2% pyrethrins) is very effective too. These should be applied before the squash bugs become too numerous. The squash bug is a dark gray or nearly black bug about three-fourths of an inch in length. He sucks the sap from the squash vines, leaves and stems.

The squash vine borer tunnels into the stem of the plant at the base. They usually aren't seen until they become fat, white and three-fourths of an inch long. The proper time to control is in June and July with rotenone when the vines were beginning to run. If you will cover plants at the nodes (oints) you will cause the plant to rot and you may raise squash in spite of borers. Use of a three-fourths percent rotenone dust will aid materially in controlling this insect.

What interesting reading this column could provide if each project and community club would send in their reports and secretary's reports. The top project group for this job goes to Mrs. John Webb and Mrs. Joyce Harris' Food group. Sandra Harris, their project secretary has done an excellent job. Let's have more from all clubs.

In the last report Sandra says the meeting was planned to teach the members how to set a table correctly and how to serve. The importance of table manners rounded out an interesting session. Their next meeting will be the club breakfast.

dan and Ronald Norris. Larry Fortune, cousin of the bride, was ring bearer, and carried the rings on a heart shaped satin and lace pillow.

Mrs. Howard Collins and Laurence Jordan, aunt and uncle of the bride sang "On This Day, Oh Beautiful Mother," as the bridal party moved toward the altar, and at the offertory, Mrs. Collins sang, "Ave Maria." She accompanied herself at the organ.

For her daughter's wedding, Mrs. Jordan chose a black and white print dress with white accessories, and wore a corsage of gardenias.

A wedding breakfast was held immediately following the wedding, at the Lawrence Fortune home, for the bridal party. In the afternoon, a reception was held at the bride's home. The bridal table was centered with a beautiful three tier cake, topped with a miniature bride and groom. The happy couple and received many beautiful and useful gifts. A buffet style luncheon was served. In the evening a reception and dance was held at the Rainbow Gardens.

When the newlyweds left for a trip through the Southern States, the bride wore a summer suit of navy with white and pink accessories. On their return, they will make their home at 515 Matthews street, Tawas City.

Pre-nuptial showers were given the bride by Mrs. Bert Fortune, Mrs. Claude Harder, Mrs. Harold Parent and Mrs. Lyman Willis at McIvor; also by Misses Barbara Goedecke and Rosahn Gackstetter at Tawas City.

England was enacted by an act of the city council. The result this act was five schools with 828 children in 1837. In 1853, there were seven schools with a total of 34 teachers, and a total of 3,086 children. This was an average of about 91 children per teacher. All of these schools were entirely independent of each other. The city council appointed a superintendent of schools in 1853, and he immediately furthered the unit organization.

Pvt. John Rescoe, son of Mr. and Mrs. Harry Rescoe of Tawas City, is now stationed at Camp Gordon, Georgia. John, 17 years old, enlisted and was inducted June 18, 1952, almost two weeks after he graduated from Tawas City High School. He was sent to Camp Custer and from there to Camp Gordon.

John is now in the Signal Corp. After his army basic training is over, he will go to school for further training.

John's present address is: Pvt. John Rescoe R. A. 16416937 Co. 11, BTG, SCRTC Camp Gordon, Ga.

Pfc. Calvin A. Webster, whose parents live in Oscoda, is now serving with the 25th Infantry Division in the eastern Korean sector.

The 25th, famed for its stand at Pusan and the break-through at Aegui in early Korean fighting, has recently been engaged in probing Communist concentrations northwest of the Punchbowl area.

Webster, a rifleman with the 5th Infantry Regiment's Company E, was a brick mason before entering the Army in Oct., 1951.

Serving with Navy Patrol Squadron 23, a unit of the United Iceland Defense Force at Keflavik Airport, Iceland, is Donald L. Grossmeyer, aviation electronicsman third class, USN, son of Mr. and Mrs. Roy Grossmeyer of 601 Main st., East Tawas.

Unit 23, formerly the Miami, Fla., based "hurricane hunters", is now located at the very breeding ground of all Atlantic weather. They fly the "Privateer" patrol planes on constant patrol and weather missions.

They observe and report the size and location of hazardous icebergs and other menaces to navigation, and gather aerological information such as recording wind velocities, pressure and cloud formations.

As a part of the Iceland Force, Unit 23 is a component of the North Atlantic Treaty Organization of which Iceland is a member. U. S. forces are in Iceland as a result of the U. S.-Iceland Treaty of May, 1951, and at the request of the Iceland government.

Arthur H. Lepard, Jr. and Arthur Romer of the Townline, both 17 years old, have enlisted in the U. S. Army.

Regulation Relating to the Public Exhibition of Poultry

By virtue of the authority provided by Act 181, Public Acts of 1919, as amended, the following rules and regulations are here by established:

- 1 Feed and water containers provided for exhibition coops shall be new or properly cleaned. 2 Feed or water containers from which birds have eaten or drunk must be refilled so as not to contaminate the common supply of feed or water. 3 Exhibition coops must be thoroughly cleaned and disinfected, both prior to and following such exhibition. 4 Exhibition coops must be constructed and placed as to provide adequate light for proper inspection of poultry or evidence of transmissible diseases. 5 Litter for exhibition coops must be of clean material and renewed daily or oftener as needed. 6 Shipping crates used in shipment of birds by common carrier may not be used as exhibition coop. Shipping crates shall be cleaned and disinfected after birds have been removed for exhibition and before being used again.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the Department of Agriculture this 3rd day of May, 1949.

MICHIGAN DEPARTMENT OF AGRICULTURE

By: CHARLES FIGY, DIRECTOR.

— RULES —

Exhibitors are requested to read carefully rules and regulations covering exhibition of poultry.

All exhibits shall be (a) purebred; (b) cross bred from purebred parents.

All birds showing any general disqualifications according to the Standard of Perfection shall receive no award.

Provided the birds are typical of the breeds which they represent, the placing of awards shall depend upon the following:

A. Pulletts:

- 1 Depth of pigment. 2 Rapidity of growth. 3 Uniformity of shape and size. 4 Promise of egg production. 5 Absence of defects and disqualifications.

B. Mature Birds (Hens):

- 1 Degree of bleaching. 2 Condition of abdomen (spread and pliability). 3 Absence of new primary wing feathers. 4 Alertness of head and eyes. 5 Body weight, conformation and fitness. 6 Absence of defects and disqualifications.

It is suggested, especially for fairs held late in September and October that all birds exhibited go directly from the Fair to market for slaughter so that none of them will be taken back to the farm. The reason for this precaution is that the birds may take back some disease to the farmer and injure his egg production of his farm flock, if such disease is infectious and is of the type which will lower his egg production.

A Pen entry shall consist of two females and one male. (Classifications: Cock, Cockerel, Hen, Pullet.)

## Iosco County Fair HALE, MICHIGAN Sept. 17-18-19-20

GETTING ENTRIES READY for the FAIR IS LOTS OF FUN

"GEE, MOM—YOU GO ON TO THE FAIR AND I'LL STAY HOME WITH the BABY—AND THE CAKE!"

TWO MINDS WITH the SAME THOUGHT

".....DO YOUR CHORES SO YOU COULD STAY IN FOR THE FAIR? THAT'S JUST WHAT I WAS GOING TO ASK YOU!"

IF THE CATTLE COULD TALK, YOU'D HEAR SOME INTERESTING STORIES

"IN HIS CLASS, YOUR GREAT-GREAT-GREAT-GREAT-GREAT-GREAT GRAND-PA RAN AWAY WITH ALL HONORS, INCLUDING YOUR GREAT-GREAT-GREAT-GREAT-GREAT-GREAT GRANDMA!"

AND THE MIDWAY IS A LOT OF FUN!

"WHERE'VE YOU GUYS BEEN? I'VE BEEN LOOKING ALL OVER HIGH AND LOW!"

**DEPARTMENT IX—SCHOOL and EDUCATION**

NO ENTRY FEE. Superintendent—Lyle Bielby  
Assistant—Gordon Helmbold

**RULES—**

- Each rural school may exhibit one project. Each project must be selected and approved for exhibit by the teacher of that school.
- Schools embracing 12 grades may exhibit as follows:
  - First through fourth grades ..... 1 exhibit
  - Fifth through seventh grades ..... 1 exhibit
  - Eighth through twelfth grades ..... 1 exhibit
 An elimination contest held at school should decide who has the best project in each group which is eligible to be exhibited at the Iosco County Fair.
- The exhibits will be judged and prizes paid according to placings. Placings will be left to the discretion of the judges.
- Each exhibit must bear or be accompanied with a name or slogan.
- All displays shall be so constructed that they are durable, movable and rigid—to enable necessary inspection by judges and to prevent a disorderly appearance.

**DEPARTMENT X—YOUTH DIVISION (4-H)**

Superintendent—Marvin Davenport Assistants (With Entries)  
Mrs. Herbert Wendt  
Mrs. Degretta Funk

**RULES—**

No 4-H Club exhibit will be judged unless project report is turned in with entry at the Fair. These reports are to be filed with Cooperative Extension Service office in basement of Community Building.

Smith Hughes exhibits must be accompanied by a record book properly made out with all costs of projects included, to date of showing.

The exhibits will be judged and moneys paid according to placings listed. Because there may be only one entry in a class, it shall not mean automatic 1st. Placing left to discretion of the judges.

Special emphasis will be given to the training and fitting of livestock. Other exhibits will emphasize uniformity and proper arrangement.

Each 4-H Club member should carefully check his 4-H Club bulletin regarding the standard exhibits for his particular project. Judging will be based upon these standards.

Articles exhibited in 4-H Handicraft, Electrical, Conservation, Archery, Clothing and Knitting must have been made during the 1951-52 winter and summer 4-H Club program.

Only one entry per class by any one exhibitor.

If the premium money granted the Youth Division is not enough to cover all premiums for exhibits, the money will be pro-rated in order to stay within the amount allowed.
