December 25, 1952
The Tawas Herald
Tawas City, Michigan

Gentlemen:

Someone has said "Better late than never." And someone else has added an afterthought: "Better never late." So even though this letter acknowledging your part in the "Toast of the Tawas'es" show of last August 23 is late—four months late—

there are some extenuating circumstances. So let me spend a few moments with you on this Christmas Day 1952, to say that your participation in the "Toast of the Tawas'es" program which honored us on August 23 contributed to one of the most outstanding experiences of our lives—one we shall never forget. And it is has strengthened even further the ties of friendship all of us have felt for the Tawas'es, my mother's birthplace.

We are looking forward to seeing you again next summer when we make our annual trip to and through the Tawas'es. Until then may this letter convey our thanks restated and re-emphasized as well as our best wishes for a bright and happy New Year for you and yours. Cordially yours,
The Robert Ramsays

418 Employees Affected by Regulation

Petitions Filed Jointly By Company Officials And Union Leaders

The Michigan Wage Stabilization Board has approved general wage increases for hourly rated employees of two Iosco County gypsum companies, it was announced Thursday by Hyman Parker, regional WSB chairman.

Effective last June 1, approval was given for a four cents per hour raise for 238 employees of National Gypsum Co., National City. The petition asking WSB approval of the adjustment was filed jointly by company officials and representatives of Local 239, UCW-CIO. Both union and non-union hourly-rated employees subject to Wage Board regulations will receive the increase.

At the same time a proposed five cents per hour increase was approved for 130 employees of United States Gypsum Company at Alabaster, effective September 11. Affected employees are affiliated with Local 371, UCW-CIO.

Basis for approval in each case was correction of interplant inequities, Parker said.

'Golden Jubilee' Ford Tractor Goes on Display

The new Golden Jubilee Model Ford Tractor will go on display tomorrow (Saturday) at the Silverthorn Tractor Sales, M. Kado, and Cholger's Service, Tawas City.

It is described as the most modern farm tractor ever built with hydraulic controls and three point linkage for implements.

The new tractor, marking the 50th anniversary of Ford Motor Company, not only is more powerful, but larger and heavier than the popular Model 8N which it replaces. More than 500,000 Model 8N tractors have been sold since their production started in 1947. The over-all length of the new tractor has been increased to 129 inches. It is powered by the entirely new overhead valve Ford "Red Tiger" engine.

Streamlined design gives it the appearance of leaning ahead, ready to go to work. It has the familiar dawn grey and vermilion red color scheme.

Heater Explodes; Puts Tawas Man's Arm in Sling

Orville Crary, superintendent of the Bopp-Busch tool and die plant in this city, is carrying his arm in a sling, the result of a space heater explosion which occurred late Sunday night. His arm is broken and his home was filled with flying soot from the oil fueled space heater. He and Mrs. Crary reside at the Leggett Apartments on Fifth Avenue.

Mr. and Mrs. Crary had just returned from several days absence over the Christmas holidays. On their arrival he increased the fuel going to the space heater. It was apparently burning perfectly. A short time later Mrs. Crary complained that it was not heating properly. To inspect the flame, Mr. Crary started to open the door of the heater and the explosion occurred. The apartment was filled with smoke and soot and a window was pushed out of the house by the concussion. The door was torn from the heater and Mr. Crary's arm was broken. The fire department was called to the scene.

Mark of this city.

MEXICO SUBJECT OF KIWANIS TRAVEL SERIES LECTURE

Ray Garner will give his moving picture illustrated lecture, "Sierra Madre," as the January 14 number of the Kiwanis Travel Series, at the Tawas City Auditorium.

Ray Garner's picture adventure-stories are rated among the best. It is an entirely new presentation of an ancient land. Here is a Mexico almost never seen by tourists—a Mexico of lost villages, thundering waterfalls, mighty canyons. It is an exciting adventure into the remote Sierra Madre mountains.

Traveling southward along the west coast of Mexico, you will visit picturesque old towns and the forgotten shores of the Gulf of California. Then inland to the fabulous town of Alamos, the city of crumbling arches which was once the capitol of northern Mexico, portions of California, Arizona and New Mexico. Then a three-month journey into the hidden highlands of the Sierra Madre mountains on mule-back.

Hidden in the back country the Garners found towns that had never been photographed before; agriculture, weaving, pottery-making, carried on by

the people without a change for hundreds of years! Beautiful scenery—strange animals and flowers. All accompanied by Mr. Garner's beautiful music and excellent narration!

Living From Heart

Lesson for January 4, 1933

WHEN YOU are studying a for-
eign language for the first
time, one of the big "humps" is
learning the vocabulary. It's dull
but necessary. You can know the
rules of grammar down to the last
footnote; you can pronounce the
words "like a native"; but if you
don't know what the words mean,
you are sunk. All this is just as
true in trying to understand the
Bible as it is in understanding any-
thing else.

"Heart" Means Many Things

The Bible word "heart" is one
of those that can be easily misun-
derstood. It speaks often of the
heart. "Out of it are the issues of
life," says the Prophet (Prov.
4:23). "These people honor me with
their lips, but their heart is far from
me," says the prophet Isaiah. Jesus
says that it is what comes from a
man's heart that makes him unclean.

Dr. Foreman

What exact-
ly does "heart" mean, in the
Bible? It could mean a number of
things that it does not mean.

It is seldom used, in the Bible,
in the literal sense of the physical
organ that pushes the blood around.
No ancient peoples knew the true
physiology of the heart. Also, the
Bible writers seldom, if ever, use
the word in our common figurative
sense of emotion, or the emotional
life. If we today say that a certain
person's heart rules his head, we
mean by that, that his intellect is
not as strong as his feelings. A
smart and unscrupulous lawyer, in
addressing a jury, will (as he
might say) "go for their hearts,
not for their heads." That is, he
expects them to be swayed by
prejudice and emotion, not by the
facts in the case. But this too is
not the Bible meaning of "heart."
Certainly it is never balanced off
against the mind or the intellect.

Even in modern times, with all
our passion for scientifically ac-
curate terms, there is no one word
which means just what this word
"heart" means in the Bible. There
the heart stands for the center of
the personality as a whole. If we
used such words as "core" or
"root" or "mainspring" of life,
we should be getting at the idea.
It is not emotional, though it af-
fects the emotions. It is not in-
tellectual, though it lies back of
thinking. It does not quite mean
character, rather it means the tap-
root of character.

Let us try to illustrate it. Tell
the same piece of news to several
people—say the report of some ac-
cident or disaster, and see how they
react. One will be quite indifferent,
one will burst into tears, another
will laugh, another will say,
"Can't we do something to help?"
Now what makes the difference?
All have heard the same words,
but the words have different ef-
fects. In Bible language, the rea-
son is that they have different
hearts. The inner makeup is some-
thing deeper than what the eyes
see or the ears hear, it is deeper
than the brain, it lies at the bot-
tom of the feelings. When the
Bible speaks of a person's heart,
it is not speaking of the way he
acts or talks or feels or thinks; it
means the way the man is.

God Sees Through Paint

If there was one sort of per-
son for whom Jesus had no use
whatever, it was a hypocrite. A
hypocrite is a person who has
learned the fatal trick of short-
circuiting his heart from his out-
ward actions. The hypocrite turns
a smile on and off as he would turn
a water faucet, not because he
feels like smiling or frowning, but
because he thinks a smile is called
for; he will say one thing and
think another. His apparent emo-
tions, language, actions, have no
more relation to his real inner
self than the actions of a clown in
a circus. A clown can act very
funny with his painted smile,
though inwardly full of bitterness
or grief. He acts comical because
he is paid for it, not necessarily
because he feels gay.

Jesus liked people who live from
within, who have no short-circuit
between what they are on the out-
side and what they are on the in-
side. He did not care much for a
fig-tree which was really nothing
but figs stuck on a thorn bush. This
is why the Bible has so much to
say about the heart. If God has a
man's heart, he has the man.

NEW FORD TRACTOR
Golden Jubilee MODEL

★ MOST ADVANCED Hydraulic
System in any Tractor!
★ EXTRA POWER with New
Overhead Valve Engine!

Yes, it's on display right now, waiting
to show you what a really modern
tractor can and should be.

It's waiting with extra power, extra
size, extra weight. It's ready to dem-
onstrate new handling ease, comfort
and convenience.

It's eagerly waiting to introduce you
to the most advanced hydraulic sys-
tem in any tractor. We call it Live-
Action Hydraulic Control. That means
split-second hydraulic response any
time the tractor engine is running.
Then there's a choice of hydraulic
speeds when you want even faster
action. It is called Hy-Trol.

This new tractor is waiting with
its great new overhead valve Ford
"Red Tiger" engine. With its greatly
reduced piston travel, lessened friction
and other advanced design features,
this engine develops ample reserve
power with new economy of gas
and oil.

Most important of all, Ford's
Golden Jubilee Model is waiting to
show you what it can do—what this
great combination of modern advance-
ments and every time-proved Ford
Tractor advantage means in more and
better work, done more easily and
more profitably.

YOU'VE NEVER SEEN A TRACTOR TO MATCH THIS!

Built-in Live-Action Hydraulic System, with Constant Draft Control, Imple-
ment Position Control and Manual Touch Control • Provision for a complete

draulic response • New lightning-fast governor • New weatherproofed ignition

with MORT NEFF

COMING EVENTS

Michigan's calendar of outdoor events is shaping up nicely for the winter months. Just about every week end is filled with activities and we'll list a few of the attractions so you can plan a few holidays accordingly in Michigan Outdoors. The annual Bob Cat Hunt is on at Lewiston from January 4th 'til the 9th, and promises to be another well-organized affair with a good chance at seeing some of the big cats said to frequent that part of the state. On January 11th some of the state's best ski-jumpers, plus a number of out-state champions, will be at Mesick for the Michigan Open Championship, and you can look for some spectacular competition in this event.

Winter Carnivals Coming

Plans have been completed for the Alcona County winter sports carnival to be held at Harrisville January 17th and 18th, and the folks are looking for a big crowd to witness just about every type of winter sport. A week later on the 24th and 25th Lewiston's Winter Carnival goes into high gear, including a ski race this year. And on the last week end in January Roscommon calls all winter sports enthusiasts to the Pioneer Hills area for skiing, tobogganing and skating events, day and night.

Ski Meets in February

The first two weeks of February will see the best skiing weather in

all probability, and on the 7th, 8th and 9th you have your choice of a ski meet at Traverse City, another at Caberfae near Cadillac, or the winter sports carnival at Ontonagon. On the same week end Houghton Lake spreads the welcome mat in a big way for their annual celebration of TIP-UP TOWN—one of Michigan's top ice-fishing attractions. As many as 10,000 visitors may attend and participate in the contests for the biggest fish.

Winter Queens Popular

On the week end of February 13th-15th Grayling crowns a new winter sports queen with appropriate festivities at their big winter sports park, and at the same time the Clare-Harrison communities combine to put on their winter carnival. From February 18th thru the 22nd, Ironwood, Ishpeming and Escanaba feature Snow Weeks and winter carnivals, and on the 28th Iron Mountain invites you to the ski jumping tournament of the highest man-made scaffold in the world.

In March, Sault Ste. Marie calls for a week-long ice revue starting the 1st and running 'til the 6th—and at the same time Boyne Mountain will be the scene of the annual Pharis Trophy Race—a fast downhill ski event with national importance.

So take your choice. Big doings are on schedule wherever you turn this winter in Michigan Outdoors!

Mort Neff's "Michigan Outdoors" television show may be seen every Thursday at 7:00 p.m. on stations WWJ-TV, Detroit and WJIM-TV, Lansing.

Deep River Oil Holdings Sold For \$2,000,000

Ervin Major, Standish automobile dealer, who drilled for oil where veterans of the business hesitated, Wednesday sold his holdings in the Deep River pool of Arenac county for a reputed \$2,000,000.

Major's 35 oil wells in the Arenac pool were purchased by the Gordon Oil Company of Mount Pleasant. He would not confirm the sale price.

The 35 wells now producing 2,000 barrels of oil daily are in the fabulous field that already has returned Major and others oil fortunes.

Major was reported to have acquired the oil leases in 1945 after other firms had passed them by as too risky for drilling.
