Iosco Fair at Hale Opens Wednesday

Exhibits, Races Vaudeville Acts, Midway

Saturday Designated As Children's Day with Games and Contests

The Iosco County Fair opens next Wednesday at Hale. In addition to the farm, live stock, poultry, garden and domestic arts exhibits and a 4-H Club show, the members of the board of directors of the fair association have made special effort to furnish an excellent program of entertainment for the four days of the fair.

Some outstanding programs of vaudeville and circus acts were booked through the United Booking Association of Detroit, and an Amastar program of 1953 state finalists was secured from Amastar Productions. At the fair will also be a midway with rides.

Featured at the fair will be harness racing and horse pulling contests. The races start at 1:30 Friday afternoon and 2 o'clock Saturday afternoon. The horse pulling contest will start at 2 o'clock Thursday afternoon.

Exhibits will be assembled at 9 a. m. until 4 p. m. Wednesday evening.

A parade will be held Saturday afternoon, starting at 12:30. Saturday will be children's day with games and contests at the grandstand.

Wednesday evening the Amastar Show will open with a 40-piece accordion marching band marching through the business district of Hale to the grandstand. This fine band is made up of players from Bay and Arenac counties.

The Amastar grandstand show will include amateurs from AuGres, Kalkaska, Lansing, Bay City, Saginaw, Port Huron, Yale, Gladwin and Iosco county.

Four Hurt When Car Leaves Road

Four people were injured early Sunday morning on the River Road near Oscoda when the car in which they were riding left the road and rolled over several times.

RECEIVING AMERICANISM ESSAY AWARD

Miss Elna Lou Forsten of Tawas City received the Ladies Auxiliary of Veterans of Foreign Wars state essay award. The presentation was made by Mrs. Opal Kyser and Mrs. Elsa Morley, officers of the Iosco auxiliary. An essay on Americanism by Miss Forsten won third place in a state-wide contest.—Herald Photo.

Alabaster Loses To Air Base

Wurtsmith's Second Straight Win

Alabaster dropped another game last Sunday, losing to Oscoda's Wurtsmith Air Force Team. The game was played at Oscoda.

This was the Oscoda team's second straight win. Sniezek, hurling for Oscoda, allowed five hits, while Alabaster's John Martin gave up eight. Five Alabaster errors helped the Oscoda cause along. Kennedy, Oscoda left fielder, had a good day at bat with three hits and scoring two runs. Sniezek doubled for the only extra base hit of the game. Clare Herriman relieved Martin on the mound for Alabaster in the eighth inning after two were out, and was credited with the third out.

Summary—Errors: Alabaster, 5; Oscoda, 2. Runs batted in: Daugherty, Kennedy, Sniezek, Burczyk. Two-base hits: Sniezek, Stolen bases: Kennedy, Daugherty, Maritato. Sacrifices: J. Butts, J. Erickson, Davis. Double plays: Maritato to Hill to Daugherty. Left on bases: Alabaster, 6; Oscoda, 6. Bases on balls: Sniezek, 1; Martin, 6. Strikeouts: Sniezek, 6; Martin, 10; Herriman, 1. Hit by pitcher: Sniezek, 1. Passed balls, Erickson, 1.

A Correction—

Last week, in reporting the robbery at Young's Tawas Bar, the words "slot machine" were inadvertently used instead of "juke box" in the story. Our attention has been pointedly called to the fact that there were no slot machines in the place and we wish to make the correction.

Grace Luther League enjoyed a weiner roast and swimming party at State Park last Sunday evening.

Iosco Farmers to Aid Drought Stricken Areas of Southwest

"Iosco county farmers have been called upon to help in an emergency," Marvin Davenport, county agricultural agent, stated yesterday. "Cattle in the southwestern United States are starving to death because of drought," he said.

"Any of our farmers who have baled hay for sale should contact me at my office in the Federal Building," Davenport said. "More than 25 freight car loads have been lined up so far and transportation is being arranged with the railroad company."

Tawas Flotilla Patrols in Mackinac Races

In the Port Huron to Mackinac yacht race which ended Tuesday, the Tawas Coastguard Auxiliary Flotilla took an important part in the event by patrolling the waters between Harbor Beach and AuSable Point.

Clarence Everett's boat was used in the patrol, and members of the Tawas Flotilla on duty were: Clarence Everett, John Monarch, Dan Cater and Charles Schreck.

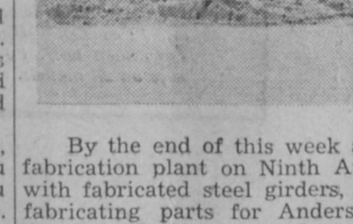

Since its organization several years ago the Tawas Flotilla has been active in assisting the regular Coastguard at Tawas Point, especially in cases of disaster and patrolling during regattas and water events.

Another duty performed by the Flotilla is the inspection of small craft. John Monarch, captain of Division 15 of the Coastguard Auxiliary, states, "The Coastguard is stressing the proper storage of gasoline on small craft. There have been a number of explosions this season because of improper facilities for storing gasoline."

He cautions owners to use the utmost care in taking on gasoline. "The United States Coastguard or the Auxiliary Flotilla will examine your boat for proper storage in their small craft inspections," Monarch states. Windshield stickers will be given where the facilities are O. K.

Mr. and Mrs. Hugo Groff and son of Detroit spent the week-end here.

NEW SHEET METAL FABRICATION PLANT

By the end of this week all equipment will be installed in Gordon Cote's new sheet metal fabrication plant on Ninth Avenue near the Tawas river bridge. Constructed of concrete blocks, with fabricated steel girders, the building is 40 x 84 feet in size. Clute has an extensive business fabricating parts for Anderson coaches. For the past eight years the plant has been located in the Fox Hardware warehouse.—Herald Photo.

Speaks on Polio At Kiwanis Meet

Comments Area on March of Dimes Record

Blake Ferris of the Detroit office of the National Foundation for Infantile Paralysis was a speaker at Tuesday's luncheon of the Kiwanis Club at the Holland Hotel.

He commended the area on the fine record which had been established by going over the top in the March of Dimes drives. Last year the Iosco Chapter raised over \$4,000. One-half of this is retained by the local chapter.

Iosco Chapter's share of the past year has been used up on six polio cases, and has had an advance so far of \$5,900 from the National Foundation. Outstanding bills are about \$1,500. One "iron lung" polio patient from Oscoda, at present at Mercy Hospital, Bay City, requires about \$1,000 per month for care.

Mr. Ferris introduced Mrs. Helen Tripp of West Branch, National Foundation for Infantile Paralysis representative, who talked on polio research and gave some information on the new gamma globulin. She also spoke of the new serum which is now being tested for mass inoculation in various localities in the United States.

Barry McGuire of Flint spent the week-end at home and helped his grandfather, Charles Kane of Tawas City, celebrate his 83rd birthday anniversary.

Tawas City Man Commended for Service in Japan

A. C. McLean of Tawas City was congratulated by Maj. Gen. Roy H. Lynn, commander of the Japan Air Defense Force, after being awarded a Commendation for Meritorious Achievement at JADF Headquarters. Mr. McLean was cited by Gen. O. P. Weyland, Far East Air Forces commander, for the improvements he brought about in Japan's air defenses by his scientific studies of operations method and equipment. Since 1943, Mr. McLean has served with United States Air Force units in the European and Far East theaters, as well as in the States, and has left Japan for an assignment with Central Air Defense Force Headquarters in Kansas City, Missouri.

He and Mrs. McLean arrived home last week for a visit with his parents, Mr. and Mrs. Charles McLean.

Returns from Germany

Major Ennis A. Proulx, whose wife, Dorothy, and two children live at 212 State Street, East Tawas, is returning from Germany to the United States for reassignment with an Area Service Unit, Chicago.

Entering the Army in September, 1940, Major Proulx served in the Pacific theater during World War II, participating in the Guadalcanal, North Solomon, New Guinea and Luzon campaigns. He holds the Philippine Liberation Ribbon, American Defense Service Medal, Asiatic-Pacific Theater Medal and the American Theater Campaign Medal.

A graduate of AuGres High School, Major Proulx was commissioned at the Fort Belvoir, Virginia, Officer Candidate School in August, 1942.

More Than \$2000 In Prize Money For Canoe Race

More than \$2,000 in prize money is being offered in the AuSable River Canoe Marathon which will start at midnight September 4 at Grayling. The contestants will paddle through to Oscoda.

This will be the seventh annual canoe marathon to be sponsored by the communities along the AuSable river. The record running time established so far is 17 hours and 27 minutes.

The prize money will be divided: First prize, \$1,000; second prize, \$500; third prize, \$250; fourth prize, \$100; fifth to eighth prizes, \$50; and ninth and tenth prizes, \$25, each.

Entry blanks may be secured from Robert Bovee, Grayling.

Mrs. Elmer Werth was in Saginaw and Bay City Wednesday.

Tawas City Breaks 0-0 Tie In 9th Inning

Double and Bad Throw Scores Winning Run From Second Base

A double and an error broke up a ninth inning 0-0 tie and gave Tawas City a 1-0 win over West Branch last Sunday. The game was played at the local athletic field.

This Sunday, July 26, Tawas City will play at White Star. A game earlier in the season was rained out.

The big moment for Tawas City came in the ninth inning when Manager Harold Wegner doubled with one out. He scored from second on the stopstop's bad throw to first on Russ Anschuetz's grounder.

The pitching on both sides was very tight with Look of Tawas and Neubecker for West Branch each allowing three hits. Tawas City got one hit in each of the last three innings while Look had a one hitter going until the ninth when West Branch sent out two hits.

Look struck out six and did not walk a man. Neubecker sent the third strike by three Tawas City batsmen and walked one. The win keeps Tawas City on the tail of the league leading Pinconning team, and in second place. Pinconning is the only team to defeat Tawas this year, and Tawas City will be pinning for their next game August 16.

Grosse Pointe Man Is Toast of Tawasians

Another safe driver on US-23 learned this past week that "safety pays in many ways," especially when that safe-driving is observed by the Tawas Highway Hospitality Cruiser. Peter Corrado, who lives at 710 Middlesex Road, Grosse Pointe, was stopped this past week by Howard Finger, Northeastern Michigan safety reporter, and Sgt. Dan Wurzburch of the Bay City Post of Michigan State Police, and showered with a number of gifts presented by the Tawas area businessmen. Mr. Corrado, who was enroute north with his family, was stopped south of Pinconning by the Tawas Highway Hospitality Cruiser and, when the roadside interview was over, changed his northerly course to follow Michigan's scenic shoreline highway, US-23, into the Tawas.

First winners in the 1953 Tawas area slogan contest were also announced this past week. Mrs. Florence Johnson, 1112 Ossington Avenue, Flint, won an award with her slogan, "Clever people smilingly say...RELAX and PLAY the Tawas way!"

Second winner was Mrs. Charles Henderson, 428 Johnson Street, Clio, with her slogan which read, "Whether from north, south, east or west...Tawas country is the best...pick up here to your heart's content...your vacation will be well spent!"

The Tawas slogan contest continues through mid-September.

Mr. and Mrs. Chelsea Chambers and two grandchildren of Detroit spent the week-end at Price's cottages. Mrs. Chambers is a daughter of George Davey.

Can Be Godlike

Lesson for July 26, 1953

A MILLION years from now you will still be a human being. Of course you will not be the same kind of human being you are now. If you are a Christian you can hope to be unimaginably more advanced than you are now. But you will never be an angel; still less will you be God. There is room for only one true God; and he will not resign in your favor. And still, it is the Christian faith that we are destined to be Godlike. He created each of us in his image; that is the same as saying that if we follow God's intention we shall be so much like him that others can actually see God in us. If this seems too bold a thought, then remember that Jesus is called in the New Testament the "first-born of many brethren." Paul speaks of growing into Christ—that is, becoming more and more like Christ. And to become Christ-like is to become God-like.

Dr. Foreman

Like Him in Purpose

This is not all something that happens after death. It is expected to begin now and here, in this life, on this earth. Christian life is growing life. Growing "in Christ" means growing "into Christ." Life here and life beyond death are two chapters in the same story, for the Christian. One way we can (and the best Christians do) grow "into the measure of the stature of the fullness of Christ" is by becoming more Christlike in our basic purpose in living. Why are we here? Is a good question to think over from time to time. Some people can't think of any reason, and so they commit suicide. Others, a step removed from that ultimate despair, cannot see any good reason for existing, but they lack the courage to die; so they drag along from day to miserable day, unable to find any reason why they should live. Other people live for a number of different and often conflicting reasons. They live to eat or drink, they live for fame and their names in the papers, they live for Saturday night. Above these are those persons who have consuming ambitions, purposes to which they cling to the bitter end; the Napoleons and Hitlers and Stalins of the world, who know what they want, and get it (for a while) but slaughter millions by their own success. The Christian is one who understands more and more of what Jesus aimed at, and more and more enters into the spirit of Jesus.

Live Him in Power

The Christian grows more Godlike not only in purpose but in power. The Christian is not almighty. To all eternity he will be far less than almighty. The Bible gives us no reason to think that a million years from now you will be at all nearer to being able to create even one speck of dust out of nothing, than you are this moment. You will be no nearer having the infinite knowledge and wisdom of the Most High than you are now. Nevertheless, not in the next life but in this one, you should be growing in Godlike power as you grow into the likeness of your Elder Brother. You will not be able to make water run up-hill, to make ice explode or to teach alligators to sing. God does not want you interfering with his world in such fantastic ways. But you will grow in this: You will be more and more able, by the power of His living Spirit in you, to live, to speak, to act, as true sons of the Most High God. You will be less and less that wretched creature, one who knows what is right but can't begin to do it, and more and more one who lives by the power of God.

Like Him in Personality

If Christ came to your town, would he be such a strange personality that everyone would be a little afraid of him, even think him peculiar enough to need treatment in a hospital? This ought not to be so. If you have some real Christians there. For there is a family resemblance between Christ and all those who grow into his likeness. Just as he reminded men of God, so he reminds us of some Christians. If he lived, in modern clothes, in your town, working at carpentry or teaching just as he used to do, people who watched him at work, or listened to him talk, would think of persons they knew and loved.

This is the best time of the year to do your Christmas shopping.

Organize Dairy Cattle Sales Cooperative in Northern Counties

Dairymen in Ogemaw and surrounding counties have organized the West Branch Dairy Cattle Sales Cooperative, Incorporated, to supply dairymen in the milkshed good quality replacements.

Surplus springers will be consigned to the first annual sale at the West Branch Hereford Sale Yards on Thursday, August 13, at 1 p. m.

The goal is 60 head for the first sale, which will include good quality, well grown springers, and a few young cows with D. H. I. A. records. The offering will be predominately Holstein, but will include some Guernseys and Brown Swisses.

This direct selling method offers dairymen a chance to select

from an assembled group the replacements they need during the base-setting period for fluid milk.

The selection committee has been busy assembling consignments that will freshen this fall. All animals offered will be Bang's tested previous to the sale. Northeast Michigan herds are known to be in a practically Bang's-free area, most counties being accredited.

Glen Carey of the C. B. Smith Sales Pavilion at Williamston has been secured as auctioneer.

R. B. Coulter is resident agent with his office at 209 W. Houghton, West Branch.

Baptist Youth to Present Movie At Iosco Fair

Authentic scenes of Bible distribution to the United States Armed Forces are featured in "The Whole Armor," a 20-minute sound motion picture, in color, to be shown by the Tawas City Baptist Youth Fellowship at the Iosco County Fair, according to Rev. Charles E. Mercer. The public is cordially invited to attend. This film will be shown free of charge during the fair.

The picture was produced with the cooperation of the Department of Defense, United States Army Signal Corps, Commanding Officers of Military Installations and Combat Zones, Chaplains of the United States Army, Navy and Air Force, and

the Veterans Administration. It is of interest to families and friends of men and women in military service. Its central character is the Service New Testament, and the picture shows how these are produced by the American Bible Society and distributed by chaplains and individuals.

The American Bible Society is the recognized agency for Scripture distribution in many languages around the world. Since 1820 this Society has supplied more than 33 million Scripture volumes to the United States Armed Forces, and "The Whole Armor" gives evidence that many men and women in military service read these Testaments and receive spiritual strength.

THE ANGRY ARCHER!
 A lot of bow and arrow boys (and girls) are going to be mad again this fall around about October 1st. Prior to last year, in the lower peninsula, they just about had the woods to themselves in their quest for deer in that early part of October. Then the dream world collapsed! The bird hunters got a season starting October 1st, too, and these two species of sportsmen don't always see eye to eye.

Gunfire, running dogs, and deer don't all get along together, according to the archers. With the earlier opening of the bird season coinciding with the opening of the bow and arrow season for deer, the four-legged quarry took fright, became almost too timid to stalk, and greatly reduced the archer's chance at a shot.

The Bird Hunters' Story
 The complaints are not mutual. Bird hunters rarely complain of archers—and why should they? No human hunter makes less disturbance in the woods. Archers complain that many bird dogs chase deer—and unfortunately this is true. They further report that the blast of a shotgun will startle a deer two miles away, but no bird hunter ever said the twang of a bow string would flush a partridge more than 50 feet away. So the story is rather one-sided.

Bird hunters, however, are not too enthusiastic about their sport so early in the season. The heavy cover of leaves still on the trees makes it all but impossible to even see a partridge as it rises. And they'll tell you, too, that a pat won't hold to a dog's point half as well in early October as they will when the leaves are gone and heavy frost has killed the brake.

So take hope, you archers! Maybe this year won't find very many bird hunters afield come October 1st. Most of them will wait til mid-October for their sport, and you'll have the field to yourselves, for a while at least.

Bowhunting Worth Protecting
 While this writer is both a bird hunter and bow-hunter, my vote goes for the best interests of the archer who always seems to get the most from his contact with Michigan Outdoors, despite the fact that his effect on the population of the deer herd is all but negligible! His appreciation of all outdoors seems greater, his sense of good sportsmanship keener, and his fellowship always most enjoyable.

Long live bowhunting in Michigan Outdoors!

Hemlock News

Ronald Herriman returned to Pensacola, Florida, after spending a 15-day furlough with his parents, Mr. and Mrs. Will Herriman.

Mr. and Mrs. Kenneth Herriman and children of Melvindale spent the week-end with her parents, Mr. and Mrs. Fred Pfahl. They will spend a week vacationing at Long Lake.

The Ladies Aid met at the home of Mrs. Mabel Scarlett and Mrs. Glen Biggs with 12 members and two visitors present. A lovely lunch was served by the hostesses.

Ronald Herriman and his mother spent a day in Royal Oak with Mr. and Mrs. Donald Herriman.

The farmers are busy baling hay and the ladies are picking huckleberries and raspberries.

Mr. and Mrs. Stanley VanSickle entertained at a picnic under the trees at their home. Mr. and Mrs. Nelson Bean and children, Mrs. Donald Pelton, Mr. and Mrs. Roy Bowsly, daughter and friend, Mrs. Alva Ross and granddaughter, Mrs. Clara Smith and Harvey and Ronnie Melvor.

A number from here went to Lupton last week-end to pick cherries.

Victor Herriman is on the sick list and is improving rapidly.

Hale Future Farmers Hold First Meeting

The first meeting of the Hale Chapter of Future Farmers of America for the 1953-54 season was held at the Plainfield Township Rural Agricultural School at Hale recently. Richard Parkinson, Hale Future Farmers of America president, called the meeting to elect officers for the coming year.

The new officers are: John Webb, president; Ellert Barnes, vice-president; Robert Douglass, secretary; John Hendrickson, treasurer; Bud Bannister, reporter, and William Clement, sentinel.

The F. F. A. is a national organization of boys enrolled in vocational agriculture in high school with local chapters in schools having departments of vocational agriculture. Alan VanAntwerp, teacher of vocational agriculture at Plainfield Township Rural Agricultural School, is advisor to the chapter.

There will be three harness racing events each afternoon of the last two days of the fair. Purses totaling \$2,100 are offered in the six races.

Races to Bring Out Many Horses

A large number of harness racing horses are scheduled to enter this year's races at the Iosco County Fair, Harold Hammond, secretary-manager, stated yesterday afternoon. Race fans are promised some interesting events.

Delbert Hewitt is superintendent of the harness racing department with E. McMurray and E. Ruckle as assistants. George Helman of Carson City will be the official starter.

Racing events will be held Friday and Saturday afternoons and may be enjoyed from the grandstand.

An innovation at this year's races will be the Mobile Starting Gate. No score after score before the field is away in line.

The starting gate is mounted on the rear of a car. A set of wings extend outward. The horses line behind these wings and jog slowly behind the car. At the starting point the car races away leaving the horses to their own devices.

Master of Ceremonies

Hal Hamilton will be comedy master of ceremonies at next week's Iosco County Fair at Hale. High class vaudeville and comedy acts are featured in the program, including Gregory and Cherie, an international comedy act; Georgia Peeble's Canine Revue, and York and Lewis, comedians.

An Amstar entertainment will be given Wednesday evening.

School Board Organizes

At the Plainfield Township Rural Agricultural School election Monday, July 13, three members were elected to complete the board of education as follows:

Mrs. Otto Zilliox, reelected for another three year term.

Mrs. Ira Scofield, elected for a three year term.

Clarence Brindley, elected for a two year term vacated by the resignation of Stanley Bielby.

Dennis Chrivia, completing his term.

Ernest Herzog, completing his term.

During the afternoon of the election an annual meeting of the board was held at the school. In the evening after the returns of the election were received, the board members held a meeting at the school so that the new members could be sworn in and their new officers for the year set-up. Mrs. Zilliox will be secretary; Dennis Chrivia, president, and Ernest Herzog, treasurer.

It was decided at this meeting that for the coming 1953-54 school year, tuition rates for non-resident students would be: \$50.00 for students in kindergarten through sixth grade, and \$75.00 for students in the seventh through twelfth grade.

Plainfield Schools Complete Teaching Staff

Plainfield Township Rural Agricultural School at Hale announces the completion of its teaching staff for the 1953-54 school year.

Faced with the need of only replacing two of the 1952-53 school year teachers, Plainfield Township School was congratulated by several teaching employment agencies on the high number of teachers who chose to again accept contracts to teach in this school.

Returning to their respective positions are:

Gordon Helmbold, superintendent; Guy H. Lagro, principal; Mrs. Dorothy H. Blood, office secretary.

Teachers—

Mrs. Louise Greve, kindergarten; Mrs. Ruth Bowers, first grade; Mrs. Blanche Douglass, second grade; Mrs. Lottie Pierce, third grade; Mrs. Sarah Johnson, fourth grade; Mrs. Bernice Anthony, fifth grade.

Mrs. Miriam Atherton, girls' coach and social science; Miss Jean Crawford, mathematics and science; Robert Estes, music; Mrs. Doretta Funk, home economics; Frank Gardner, English and literature; Alan E. VanAntwerp, vocational agriculture; Pasquale Nardizzi, shop and arts and crates; Lyle Bielby, veterans' instructor.

Custodians—

Samuel Digard, Mrs. Iene Digard.

Hot Lunch Program—

Mrs. Marge McClellan.

Bus Drivers—

B. D. Clayton, mechanic and driver; Basil Runyan; Clyde Humphrey; Richard Mathews; Louis Katterman; Orville Lyke, bus route duties previously performed by Mr. Hatfield and Mr. Bielby.

Ellis Lavrack of Pinconning will take the place of A. Bowyer in the commercial work. Mr. Lavrack stood high in the graduating class of 1949 at Pinconning High School and a recent graduate of Central Michigan College, comes to the school well recommended. This is evidenced not only by the statements of his teachers but also by his having had scholarships for the three of the four years he was in college. Mr. Lavrack is interested in gymnastics having been a member of the Pinconning High Tumbling Team. Mr. Lavrack is married, and his wife is also a graduate of Central Michigan College.

Elmer Rose of Niles, a recent graduate of Olivet College, will take over the coaching duties of junior and senior high school boys, and also teach the sixth grade. While Mr. Rose is absent from the sixth grade work to do the coaching, the sixth grade will be taught by other teachers. Both in his high school and college days, Mr. Rose was a member of several athletic teams and won honors by the way he competed in these activities. He was quarter-back and captain of the 1952 college football team. People who know him indicate he is well qualified to coach all sports and to direct gymnasium classes.

Due to the decrease in the enrollment in the Veterans Institute the Veterans Administration will approve the employment of only one instructor for this work in the future. Because of this Lucian Hatfield has left here to accept the teaching position in the Whittemore schools.

TV PERMITS

Established radio interests received 371 out of the total 374 permits for new television outlets from the Federal Communications Commission since it resumed the processing of applications on July 1, 1952. Of the 108 old stations which operated during the television freeze, 100, or 92.8 percent, were owned by the owners of radio stations.

"Monthly Pains" stopped or amazingly relieved
In 3 out of 4 cases in doctors' tests!

Chances are you're putting up — unnecessarily — with the functionally caused pains, cramps and weak "no good" feelings of menstruation!
For, in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases!
Lydia Pinkham's is modern in its action!
So get Lydia E. Pinkham's Vegetable Compound — or new, improved Tablets with added iron. See if — taken through the month — it doesn't give relief from those headaches, biters — help you feel better before and during your period!
Or — if you suffer from functional "hot flashes" of "change of life," find out how wonderful Pinkham's is for that, too!

It has a quieting effect on uterine contractions that often cause "period" pain!

Michigan Police Duties Suffer Sharp Decline
General activities of the Michigan State Police suffered a sharp decline in June due to special details assigned to the Flint tornado disaster and the Upper Peninsula search for Marquette Prison escapees.

At the outset of the Flint disaster June 8, a total of 279 officers were rushed to the scene. At the same time 150 officers were taking part in the Upper Peninsula manhunt. Only enough men to operate communications facilities were left at the posts and patrol activities were suspended.

The department's monthly activity report shows the Flint detail alone accounted for 27,375 man hours, 15 more than the total of 27,360 spent on traffic patrol for the entire month.

Traffic patrol was 32 percent under 40,525 man hours in May. Arrests totaled 4,395, including 3,798 for traffic offenses, a drop of 28 percent under 6,412 the previous month.

There were 3,792 complaints handled in all matters as compared to 6,353 in May, a nine percent decrease.

Snap-judgments are usually incorrect appraisals.

HOME MODERNIZING

Valuable Space Is Wasted In Many Families' Garages

Many families waste hundreds of cubic feet of valuable space in their garages that could provide efficient storage for equipment and home maintenance materials. Even the minimum-size garage—10x20 feet—can house much more than the family car.
The first edition of Home Modernizing suggested that the homeowner utilize the waste space in this manner:
Drive the car into the garage front first. Then measure the space above the hood. It would be nothing unusual to find 250 cubic feet of space that can become shelves or cabinets accommodat-

All available space is used in this tiny garage. Cabinets above the hood of the car and along the side wall house tools and supplies.

Michigan Police Duties Suffer Sharp Decline
General activities of the Michigan State Police suffered a sharp decline in June due to special details assigned to the Flint tornado disaster and the Upper Peninsula search for Marquette Prison escapees.
At the outset of the Flint disaster June 8, a total of 279 officers were rushed to the scene. At the same time 150 officers were taking part in the Upper Peninsula manhunt. Only enough men to operate communications facilities were left at the posts and patrol activities were suspended.
The department's monthly activity report shows the Flint detail alone accounted for 27,375 man hours, 15 more than the total of 27,360 spent on traffic patrol for the entire month.
Traffic patrol was 32 percent under 40,525 man hours in May. Arrests totaled 4,395, including 3,798 for traffic offenses, a drop of 28 percent under 6,412 the previous month.
There were 3,792 complaints handled in all matters as compared to 6,353 in May, a nine percent decrease.

"Send 'em by Truck... We Need 'em Fast!"
The scene is the traffic department of any of the hundreds of manufacturing plants in Michigan. The time is 4:00 P.M. on any day of the week. The traffic manager is talking long distance to a supplier in another state about some parts needed for production.
"Send 'em by truck," he says, as he prepares to hang up, "we need 'em fast!"
He knows from experience that motor transport is the fastest link between shipping and receiving. He knows he can depend on it. In fact, he and thousands of his fellow traffic managers have been the men most responsible for the rapid growth of motor transport. Once they experienced the efficiency and speed of trucks, there was no satisfying them with anything less — and today their companies could not operate successfully without truck transport!
That's something for every wage earner in Michigan to think about.
If you've got it, a truck brought it!

County Agent News

By **MARVIN DAVENPORT**

Thomas Nelkie's A.B.A. report for July points out that Arthur Roper of Hale has added two Holstein cows to his herd being bred artificially. Henry Shaffer of Turner and John Wehrman of McIvor have also added two Holsteins, while August Lorenz of Tawas City has enrolled one. I stopped at the Lorenz farm last week to see his herd of Holsteins, and Mrs. Lorenz pointed out their pride and joy. The brood cow herd will continue to improve their herd with calves of very good type and very best inheritance. With a proven sire such as is offered by the Artificial Breeders Cooperative combined with a dam that has produced Mr. and Mrs. Lorenz will be hoping for heifers to build up their herd.

We have a trench silo in the Isoco farm family at Herbert and Robert Oates' farm in Alabaster township. They have their trench dug and a ditch to carry off excess water. They plan to self feed this silage. Alfalfa hay that is close to maturity will make it imperative that they get it directly from the field to the trench without much delay. Alfalfa hay at maturity has about 70 percent moisture content. No wilting should occur because 65-70 percent moisture is required for the best kind of silage.

I have talked with George Prescott, Jack Peters, Charles Kobs and Waldo Curry about grass silage. They all have some this year. We all agree that another year serious consideration will be given to putting up the grass silage before haying. First,

we know that early cut hay for silage makes the best silage with the highest percent protein. Secondly, getting the first crop off will give more second cutting hay for cattle feed which we will all agree is better hay. Thirdly, just as important, the weather seems to favor earlier grass silage operations than it does haying operations.

Have you heard about the Dairy Cattle Sale on August 13 at West Branch? Under the tutelage of Ralph Coulter, Ogemaw county and surrounding counties including Isoco are planning a dairy cattle consignment sale. This will offer farmers who want to build up their base milk, a chance to get fresh cows and heifers. The animals consigned are chosen by a committee of judges. Don Murray, dairy specialist from Michigan State College, has been working with the committee in selecting the best individuals they can get for this sale. Arthur Povish and Orville Strauer have been contacted regarding consignment while George Prescott, Gerald Bellon, Warren Britt, Dornace Belly and others have indicated real interest in seeing the sale an annual affair.

The Tawas Kivans Club heard Kathleen Provoast last week. She is the president of the Burleigh Wizards 4-H Club and quite a speaker! The 47 businessmen attending were very pleased to hear her tell her story. Mrs. Donald Greer gave the leader's impressions of 4-H Club Week. Mrs. Provoast and Miss Scott attended as the guests of the Kivans Club. As you 4-H Club people already know, the Kivans Club gave \$50.00 to the 4-H Club Leaders' Council to send some of their district area members to the State 4-H Club Show in East Lansing September 1-4.

4-H girls are requested to bring their knitting articles for the fair exhibit to Mrs. Carl Libka by Tuesday, July 28.

Dates to Remember:

Wednesday, July 29—Opening day of Isoco County Fair—All 4-H Club exhibits properly entered by 4 p. m.

Thursday, July 30—Judging of livestock and other exhibits.

Friday, July 31—Demonstration Eliminations, 9 a. m.-noon; 1 p. m.-4 p. m.—Judging team eliminations, all members may participate. Eight to 9 p. m. Talent Festival Eliminations for Charles Dillenbeck and Lois Vane, one must be selected to enter district eliminations.

Saturday, August 1—Tractor Operators Contest, 9:30 p. m.

Tuesday, August 4—District Eliminations at Standish.

Thursday, August 9—Annual Farm Bureau picnic at Rollway Park.

It is a Homemakers' Conference vacation trip for Mrs. Harold Black and Mrs. A. W. Miller this week. They planned to leave on Tuesday morning and will return on Friday.

Michigan State College hosts this event for Michigan women each summer and arrange for one of the most outstanding programs of general interest speakers, special interest classes, social and recreational events in the country. A good many women mark this time on their calendars year after year. They enjoy not only the very fine programs and activities but also the fellowship of renewing acquaintances with women met before and meeting new ones as well.

and find that it does not wash out quickly, try soaking it in rubbing alcohol for a few minutes. Follow this soaking by laundering the garments promptly in good soapy water.

In hot weather you will be serving ice cream often. And aren't you often annoyed because it melts so quickly? Have you ever tried chilling the serving dishes in the refrigerator for at least one hour ahead of the serving time? It will help.

Everything in one suitcase—that is your aim when you pack for a vacation trip. To do it means eliminating extra luggage, and that means having packable fabrics in your vacation wardrobe. Look for wrinkle-resistant and easy-laundering features in travel garments. Rayon jersey is practical, requires little space, keeps its shape and doesn't wrinkle. It also sheds dirt and soil and is wearable for almost any occasion. With all its good points

there is one not so good, jersey is warm to wear in very hot weather.

Another traveler's joy in packable fabric is pure dye silk. Sunback dresses are a favorite for car travel, but for a train or boat trip you will like better a basic suit which may be dressed up or down with jewelry or scarf. In some season the skirt and sweater in an ideal choice.

Nylon dresses in lightweight, crinkle weaves are good choices when made in casual styles, for they are cool and easy to pack in a small space.

SNAKES CAUSE BLACKOUT

Two snakes chased a rat into a power station and touched off a 6,000-volt high tension conductor as they moved in for the kill. This caused a blowout which killed the snakes, the rats, and a two-hour electric blackout in the Durban, South Africa, suburb of Westville.

65 Million Vacationers On Highways

The American Automobile Association has estimated that motorists, vacationing in the 48 states this year, will spend more than \$9,000,000,000. This figure shows the extent of the new industry which has sprung up in the United States with the coming of the automobile and the national highway system.

It is estimated that about 65,000,000 Americans, men, women and children, will be on the nation's highways this summer alone, while another nine or ten million will travel in other conveyances to some vacation land. The 65,000,000 automobile travellers comprise a market group which was almost non-existent 25 or 30 years ago.

They have become a major consumer group and the motivation for an entirely new industry—the vacation industry. One of the symbols of this new industry is the motor court. These courts are being increased by an estimated 2,000 a year, and already there are between 40 and 50 thousand in the country.

Not only do the tourists increase sales of vacation equipment and clothing in the major vacation areas of the country, but the money they must spend for lodging and meals often brings boom conditions to choice vacation restaurants and hotels.

Public-minded citizens in this community, and every progressive community, should utilize every possibility to make local vacation spots ideal for tourists from both far and near. Few communities in this country can complain that there are no ideal vacation spots in their area. And, since the tourists and vacation industry is sure to grow in the coming years, rather than decline, it will benefit every community to see that the vacation and tourist possibilities are utilized to the fullest extent.

Dwarf Fruit Trees Suited For Home Garden

The standard fruit trees, which require 800 to 1,200 square feet of space, are not suitable for the average home garden. For this purpose ornamental, dwarf fruit trees are best.

Peach, plum and sour cherry trees are by nature smaller than apple and pear trees. It is possible to keep these smaller trees the desired size by careful pruning. The standard apple and pear trees may not be pruned enough to keep them small without destroying their ability to bear fruit.

Dwarf trees must have fertile, well-drained soil and a sunny location. The brush-type dwarfs are easiest to grow. They require little pruning. After a tree has borne four to five crops and begins to slow down in vegetative growth, it needs a severe pruning in early spring. Pruning consists of removing weaker branches, cutting back all lateral branches and leaders to the fruit-bearing, older wood.

Stricter Traffic Law Enforcement Urge Experts

Every effort will be made to provide residents of Tawas City maximum protection against injury or property loss from automobile accidents by the stricter enforcing of traffic laws.

George Ruth, chief of police, said today that safety experts can show that an effective way to reduce accidents is to make every driver conscious of his responsibility on public highways.

If drivers realize they face arrest and stiff sentences when they violate the law, they become more careful; a sharp decline in the number of accidents occurs, say experts.

Local police officials were directed by the head of their department to be particularly vigilant for speeding and recklessness.

Police, prosecutors and judges in other localities are also expected to deal more firmly with violators as part of a state-wide campaign to reduce the tragically high toll of life and property on Michigan highways.

STEALS BUS FOR PICNIC

The theft of a 36-passenger bus from a Queens transportation company was reported to police in New York. The bus was later found in neighboring Brooklyn. It had evidently been used to transport picnickers—picnic litter was found scattered inside the bus.

In case you are wondering the experts say summer is one degree warmer now than it was a century ago.
