Christian Home

Lesson for August 2, 1953

YOU can have a Christian town more easily than a Christian nation. You can have a Christian one-man business more easily than a Christian corporation. You can have a Christian church more readily than a Christian school. But you can come closest to a Christian group, 100 per cent, in a Christian home than anywhere else in the world.

Home Has Its Problems

A good Christian home is not automatic. Its praises can be sung too loudly. In sentimental moods people talk and write poems and even preach about the home as if it were just naturally a heaven on earth. Nonsense! Like all good things it has to be planned and worked out. Or again, they talk about the Great American Home as if it were a special product of this American nation. But there were homes before America was discovered. There are good homes wherever Christians are—in China, Africa, India, Fiji. There is no magic about America that makes an American home the best on earth. It is Christianity, not race or geography, that makes the best homes. A Christian home in Madagascar is likely to be better than a non-Christian home in Memphis.

But even a Christian home has its problems. How can old and young live happily under the same roof when "happy" doesn't mean the same thing at six, sixteen and sixty? How can you have an Executive Committee (husband and wife) with no one to break a tie vote? How can a father steer between being too strict and not being strict enough? How can a growing child learn independence without wrecking the place? Of course home has its problems. Life has its problems, and you don't get rid of them even when every one concerned is a practicing Christian.

Some Christian Intentions

One reason why a home can be more nearly Christian than any other social group, is that you can come nearer sharing the same basic intentions in that group than in any other. One intention that must be woven into a true home is that of permanence. Homes cannot claim to be Christian if they are no more than campsites. If husband and wife are not in it for keeps, they lack the first of all intentions that keep a home together. Further, a home that is Christian will welcome children. If children are accepted grudgingly, if they are thought of mainly as "mouths to feed," "brats," it is not a Christian home. Another Christian intention is the Golden Rule. "Be done by as you did" is somebody else's rule, not Christ's. If you go looking for slights and insults, if you go around insisting always on your "rights," if you have a chronically unforgiving spirit, you don't fit into a Christian home.

Christ in the Home

There is a motto sometimes seen on a wall: "Christ is the Head of This House." What does it mean to have Christ in the house? His picture on the wall won't do it, though it may help. Pious mottoes won't do it unless they express the real heart of those who live there. What does it mean to have Christ, not as an obscure occasional guest, not a stranger, but as Head of the house? He is Head when his ideas are known, followed and loved. He is Head when every one has the habit of thinking. Is this what He would do? He is Head when his spirit is in every heart. He said himself that he came not to be served but to serve; and the Christian home is one where every member of it carries out that purpose of Christ. When in a home there is prayer each day in His name—that is to say, when all the daily prayers of the family are not just "Christ's" prayers but such as Christ Himself would endorse, when time is taken out every day for prayer and all together at least once in the twenty-four hours think quietly about what it means to be Christian, then it is more and more likely that Christ will be truly the Head of that house. The problems will be there, and they will not be easy even for Christians; but no problem of Christian living, even at close range, is impossible when Christians work them out together in His name.

HDA NOTES

By DOROTHY SCOTT

Warm sultry days bring lazy appetites, and often give us a yen to be away to the lakeshore or favorite cool spot. That means a picnic, too. And why not outdoor meals as often as the weather permits? Everyone seems to agree that food served out-of-doors tastes twice as good, so whether you travel to the beach, roadside table or your own backyard, eat out-does.

One of the important things to remember about picnics, or any outdoor meal, is that it should be fun for the whole family, including mother. Keep the "fix-ins" simple and easy.

Sandwiches can be the heart of any meal, and can please every individual if the supplies are set up so everyone fixes his own. That means taking along a plastic bag with lettuce leaves, being sure it is leakproof so you can put in a few ice cubes to keep the leaves crisp in a small time. Pack tomatoes, for many of us enjoy a tomato slice in our sandwich. Pickles, olives and onions keep everyone happy. Celery, carrot sticks and pepper rings add zest, color and vitamins while we munch away. Do not overlook the mustard, catsup, horseradish and chili sauce. It is a good idea to keep the "picnic" supply of these accompaniments ready to go at all times, then you won't have to borrow from kitchen supplies.

If it's hot rolls you want, just to be different, wrap the rolls in aluminum foil, folding the openings over and sealing them well. This way the rolls will warm at the side of the grill while you cook the meat. Table fat in a small can can be melted for spreading hot rolls or corn on the cob. Supply a pastry brush for the job.

Europe can not live indefinitely under the fear of Soviet Russia and on American charity.

I heard, and I'm sure you will, too, a good many comments about the entire program of speakers, entertainment, classes, tours and recreation which was included in this year's program. You can hear about these activities from the women who were there, Mrs. Harold Black, Mrs. A. W. Miller and Mrs. Theodore Bellville.

Europe can not live indefinitely under the fear of Soviet Russia and on American charity.

Have yourself a HEART-LIFT!

FROM deep inside you comes a new stir and sparkle when you take the wheel of a fun-filled car like this Buick Convertible.

You feel happier just to be in a car with the lilt of larks to its styling—with the breeze-blessed airiness of all outdoors all around you.

It's a car that freshens your spirits with its sky-filled view—yet it can snug you in weather-tight shelter, when the need arises, with a mere finger-touch of hydraulic buttons.

But you get a heart-lift in this Convertible from something more than just its looks, or its versatility, or the push-button control of its top, its front seat and its windows.

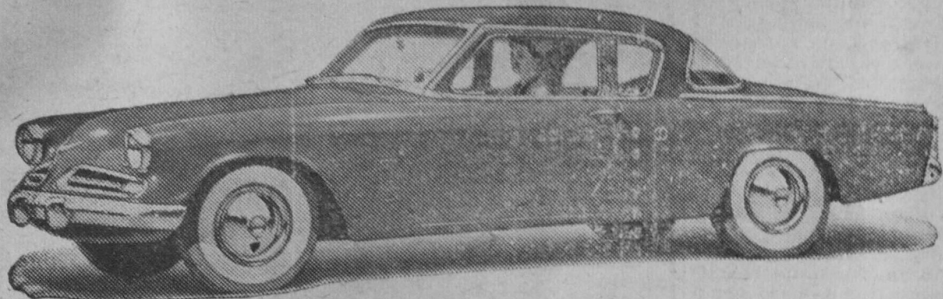

You get it, too, from the sheer brilliance of its performance—
From the thrilling power of the great new Fireball V8 Engine found in every 1953 Buick SUPER and ROADMASTER—the modern and advanced V8 that reaches a new high in compression ratio—
From the new instant getaway of Twin-Turbine Dynaflow—where you move from standstill to cruising pace in a quick sprinkling of seconds, and with truly infinite smoothness—
From the deep comfort of riding soft and ever-level on all-coil-spring cushioning—of sitting in sumptuous luxury on really wide seats—of handling over two balanced tons of fine automobile with finger-tip ease and the gentle assist, as you need it, of Power Steering.*

We'll be happy to have you guest-drive one of these stunning new Buicks—and let you see for yourself how much fun and fine feeling it can add to life. Why not drop in for a visit soon?

Reports On Convention
At the Kiwanis luncheon Tuesday noon, D. Arthur Evans gave a report on the International Kiwanis Convention held in New York City.

Headlines Misleading
A newspaper carrying large headlines and stories of the Armistice was on the desk in Cowan's Real Estate Office this week. It told the story of how Kaiser Wilhelm had fled to Holland, and states that war ends at 11 a. m. today! The newspaper is a copy of the Detroit Journal of Monday, November 11, 1918. There was more jubilation on that day than Monday following the Korean Armistice, but the same suspicions and misgivings as to the future existed then as now.

Amastar Show Tonight
The Junior Police sponsored Amastar Show is tonight (Friday) at the East Tawas Community Building. There will be accordion players, tap dancers, singers and magicians in local talent and other talent from all sections of Michigan.

Club 13 Met Tuesday
The members of Club 13 were guests of Mrs. Waldo Leslie on Tuesday evening. Bunco was played with Mrs. Howard Freely winning high prize; Mrs. Fred Landon, low, and Mrs. Albert Conklin, traveling prize. The hostess served refreshments.

Celebrate Birthdays
The Birthday Club celebrated the birthdays of Mrs. Ella Leggett and Mrs. Leo Burch at the latter's home Wednesday evening. Mrs. Orville Cray won high prize, Mrs. Clarence Barlow won low and Mrs. Maude VanHorn, door prize. Each of the honored guests were presented with a birthday gift. Refreshments were served.

HOME modernizing

Quality of Exterior Paint Job Depends On Surface

The condition of the surface under an exterior paint job determines the appearance and durability of the paint. The general rule is that the surface should be clean, dry and smooth. Here are tips from Home Modernizing on how to get that kind of surface:

If the old paint is only slightly rough, sandpaper will do. A putty knife will effectively scrape away small areas.

Stubborn areas of badly worn paint can be removed with a blowtorch. Such equipment should be handled only by an expert, however. Open joints like those next to window frames should be filled with a caulking compound before painting—to prevent moisture seepage.

Why FORD'S your best buy!

"WORTH MORE" IS THE ANSWER... IT COSTS SO LITTLE TO BUY... SO LITTLE TO RUN... AND HAS SUCH HIGH RESALE VALUE!

"Best buy" where you ride! Ford's foam-rubber cushioned seats, front and rear, are sofa-wide and sofa-soft. Interior fabrics, color-keyed to Ford's smart outside colors, would be a credit to any car at any price.

The best buy in an automobile usually means the amount of pleasure and satisfaction the owner gets from his original investment, plus low day-to-day running costs, plus the amount of value he recovers when he sells his car.

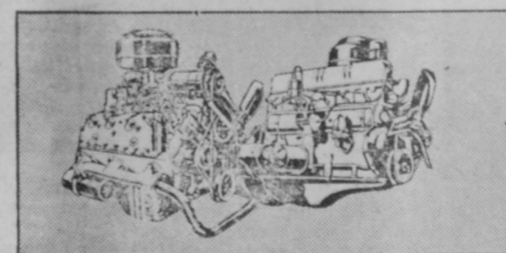

What is it that makes Ford your best buy? Is it the fine styling and craftsmanship of its Crestmark Body... or its new "ride" with curve-hugging and bump-leveling qualities never before known in low-priced cars? Or is it Ford's famous V-8 or

Miler e Maker Six? Maybe it's the easy way the car handles with Fordomatic Drive, or Ford's Master-Guide power steering! Perhaps it's Ford's suspended pedals, or Center-Fill Fueling or Full-Circle Visibility!

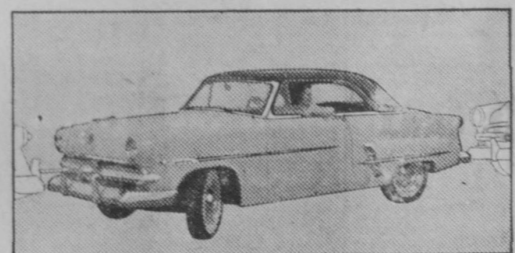

Actually, it's not just any one or two of these fine things that make Ford your best buy. It's all of Ford's "Worth More" features combined... features which make Ford worth more when you buy it... and worth more when you sell it!

"Best buy" where you drive! Ford's suspended pedals operate more easily... eliminate dusty, drafty floor holes. And Ford drivers have a choice of Fordomatic Drive, Overdrive or Conventional transmission.

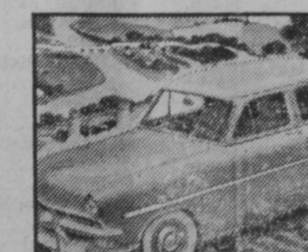

"Best buy" in engine power! Only Ford in its field offers you a choice of V-8 or Six. Ford has built more V-8's—over 13,000,000—than all other makers combined. And Ford's Six—the most modern in the industry—with Overdrive, won the Mobilgas Economy Run Grand Sweepstakes!

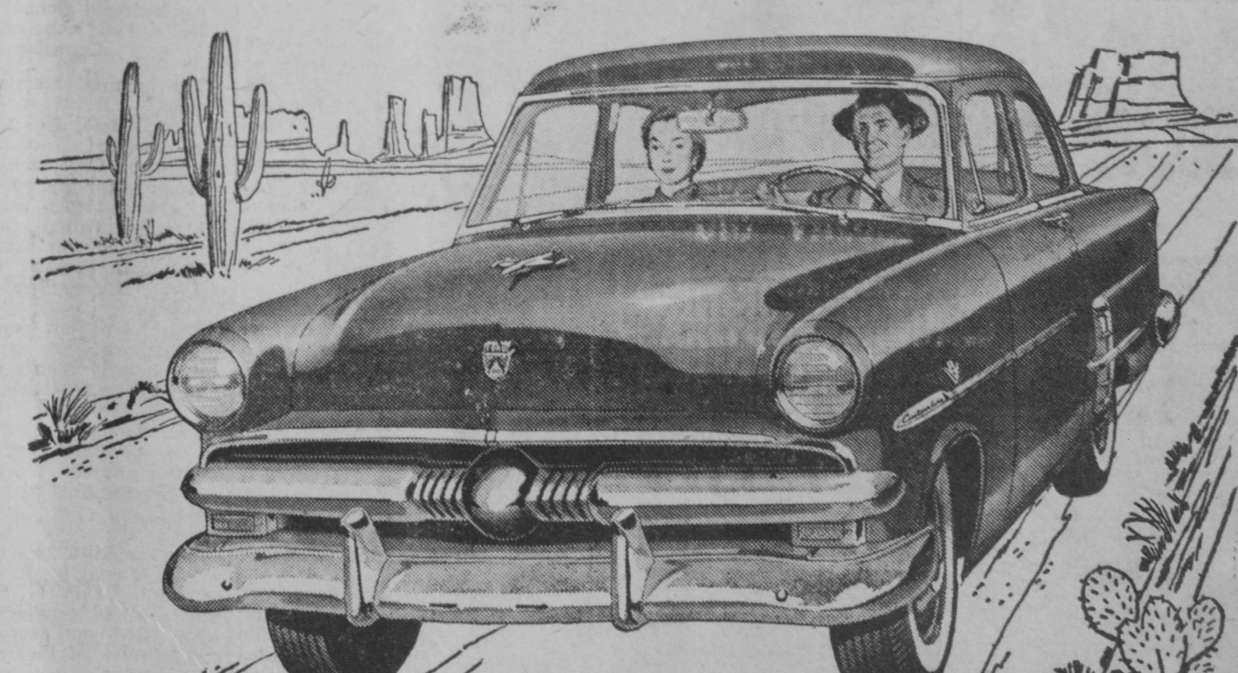

"Best buy" in power steering! Ford's Master-Guide (available on all V-8 models) supplies hydraulic "muscles"—automatically whenever you need them—to do the work of steering for you. All you do is guide the car. Makes all driving easier, and safer. And parking's so easy!

"Best buy" at the gas pumps! When you need to "fill 'er up", you do it the modern Ford way with Center-Fill Fueling. And Ford's Automatic Power Pilot gives you power to spare on a lean diet of regular gas.

"Best buy" on the road! The rougher the road the better your Ford likes it because Ford's new "ride" cuts front end road shock alone up to 80%... babies you over the bumps... and cuts sideways on turns.

WORTH MORE WHEN YOU BUY IT... WORTH MORE WHEN YOU SELL IT! FORD COME IN... VALUE CHECK IT... TEST DRIVE IT!

 of the Estate of Margaret B & S Fund be released for use of future expansion of the new school building and site program of the Tawas Area Schools Motion carried.
 The next item for consideration was the transporting of students within the district. Moved by M. Brown, supported by R. Rollin, that the district transport students within the district limits as recommended by the superintendent or the board of education. Motion carried.
 Mr. L. McKay, Jr., then opened a discussion in regard to paying members of the board of education for their services in attending meetings. After discussing the matter, it was moved by L. McKay, Jr., supported by M. Brown, that board members be reimbursed at the rate of \$5.00 per diem for each meeting attended. Motion carried.
 A question followed in regard to paying the treasurer for keeping a duplicate set of books. Moved by L. McKay, supported by Mrs. G. Shawl, that the treasurer be paid \$100.00 per annum for keeping the treasurer's books, in addition to the per diem pay. Motion carried.
 A question by Mrs. G. Shawl in regard to the assignment of students in the forthcoming term was the next item for discussion. Supt. Mick explained the tentative assignments of students and classes to be held in the different buildings of the district and stated that transportation would be provided for returning kindergarten students at the end of the half-day school session.
 In response to a question by Mrs. G. Dillenbeck of the Whiteman Township area, the board gave assurance that future election notices would be published in the Arenac County Independent, Standish, Michigan, and posted at their community center, the Singing Bridge Grocery and that arrangement for representation on the election board would be made.
 The election returns of those voting at the Tawas Township Hall were given, but inasmuch as the other three precincts had not yet reported, it was moved by M. Brown, supported by M. Brown, that the meeting adjourn. Motion carried.

SAND DUNE COUNTRY
Along the Lake Michigan shoreline of our State is a collection of sand dunes unique to this part of the nation. Many of them are worthy tourist attractions. Many more are shifting to such an extent that they are poor gambles for real estate development and may well remain in their completely wild state for years to come.

State Park Sand Paradise
At Grand Haven the State maintains a park with a bathing beach on Lake Michigan second to none. It's one of the most popular of all of the some 60 State Parks, mainly because of the attraction of acres and acres of glorious sand along the water's edge. In our more than 3,000 miles of shoreline on the Great Lakes the stretch along Lake Michigan has the best of sand beaches, plus the awe-inspiring majesty of the dunes towering above the shoreline.

At Glen Arbor is the famous Sleeping Bear Sand dune—the largest shifting dune in the country. At the top of the dune towering 600 feet above the lake two huge mounds reach into the sky. According to early Indian legend a mother bear and her cub were asleep at the top of the dune when a raging wind-storm covered them with sand. Their outlines are still visible, surrounded by a forest of slowly petrifying spires of trees extending above the drifting sands.

An interesting trip across the Sleeping Bear dune is available during the summer months, originating at Glen Arbor. Specially equipped "Dunemobiles" with huge doughnut tires carry visitors to the dune. The trip is memorable for its views of Lake Michigan, and for the pause at the very top where one seems to look almost straight down 600 feet into Lake Michigan itself. Favorite pastime of tourists is to try to throw a stone from the top into the lake far below. It looks easy, but the slope of the dune is deceptive, and the stone invariably falls far short of the water.

Sand Skiing
On a portion of the same dune as it faces eastward to Glenn Lake, sand skiing is frequently attempted. So fine is the sand that it offers but little resistance to wooden skis, and the steep face of the dune offers a new thrill to summer fun-seekers in Michigan Outdoors.

Back in 1915 some 200 acres of the dune disappeared into Lake Michigan during a severe storm, but now the sands seem to have settled somewhat, and the prevailing westerly winds move the huge mountain a mere six feet per year toward the lovely green waters of Glenn Lake.

Mort Neff's "Michigan Outdoors" television show can be seen every Thursday over WWJ-TV, Channel 4, in a thrilling full half-hour show—10:00 till 10:30 p.m. DON'T MISS IT!

Towerline Farm Bureau Holds July Meeting

The Towerline Farm Bureau met at Love Tall Thursday, July 16. Fifteen members were present.

Members were assigned to their duties for serving meals at the fair on August 31. Plans for the picnic on August 9 were also discussed.

The group approved "Township Government," discussion topic of the month.

A vivid description of the hardships of the Korean people was read by Mrs. Edward Robinson, written by her son, Edward, who arrived in Korea recently.

A pot luck lunch was served.

"Courtesy is every day"

writes Mrs. J. B. Dellinger formerly of Ann Arbor, Michigan

WE WERE very pleased to receive a letter from Mrs. J. B. Dellinger shortly before she moved to Maryland. Her letter regarding her telephone service included the following comments:

"A few years ago when an employee of your company had showed us what we thought was an unusual courtesy we remarked upon it to Mr. Prakken, your manager in Ann Arbor.

"Since then, however, we have discovered on many occasions that Michigan Bell courtesy is 'every day' and not at all unusual. Your slogan of 'The Voice with a Smile' is most appropriate. We thank you for a most pleasant association."

And we thank you, Mrs. Dellinger, for putting into words sentiments which we hope are shared by Michigan Bell customers everywhere.

County Agent News

By MARVIN DAVENPORT

It's strange what a scared calf will do. Robert and Herbert Oates told me this story of a Hereford calf that was scared by a farm implement. When the calf heard the mowing machine it started across the field as fast as it could go. The cow took out after it "bawling," but the calf kept right on going, toward Lake Huron. When it reached Lake Huron it didn't stop. It swam quite a distance with some men right after it with a row boat. Finally they got it headed for shore, but when it got near shore, the calf saw the crowd that was gathering and started out across Lake Huron again. This time the men took a rope with them and went back out after the calf. They managed to catch up with it and when it turned over on its side from complete exhaustion they pulled it back into shore.

You can believe it or not, but they have witnesses. What brought this up was the discussion we have had about watching our livestock. It pays to occasionally check on the beef herd or those heifers in the back 40. Royden Parkinson and Joseph Barnes took a look and found a few cases of foot rot. A veterinarian and the needle straightened it out. It's well to keep acquainted with who's going on and let the livestock know you're still around.

The Grant 4-H Club Tour turned up some more requests for rotenone dust (containing copper) to help control the blights on potatoes and tomatoes. It also can be used on other garden plants to control insects. Harry Herriman, Richard Pfahl, Richard and William Laidlaw showed us their dairy heifers. Each of these boys will be given a complimentary service and subsequently calfsired by an A.B.A. bull. Harry Herriman already has his start with an A.B.A. heifer.

Vegetable gardening kept us all occupied when we saw Harry's, DeWayne Durant's, Richard Pfahl's and the Laidlows'. We talked of controlling insects with rotenone. It is good for most garden insects.

Miss Scott, our home demonstration agent, discussed foods with junior leader, Doris Herriman; 4-H Club girls, Sharon Frank and Janet Nelkie, while Mesdames Fred Pfahl, Emerson Frank, Victor Herriman and Walter Laidlaw looked on. We enjoyed having Victor Herriman join us for the dairy discussion and part of the tour.

The Burleigh Wizards tour started at the Grange Hall. Miss Scott improvised a "testing" table to sample and explain what the judge looks for at fair time. Carol Runyan provided the homemade bread. Delores and Ardith Bellon supplied pies. Gloria Jean Runyan made cup cakes while Marilyn and Gloria Chippa and Carol Bellon had cookies exhibited. Miss Scott showed the girls what was good and not so good. She gave each member some suggestions for improving their exhibits for the county fair.
