The accompanist will be Mrs. A. E. Giddings and E. J. Rima, music director of Tawas City Public Schools, will be euphonium soloist.

**Tawas Juniors to Present "Date Bait"**

The Junior Class of Tawas City High School is presenting its play on Friday and Saturday evenings, May 8 and 9, at eight o'clock. The title of the play is "Date Bait," a three act comedy. The scene is the living room of the Walker home.

The Walkers represent the typical American family with three growing daughters. The household is a busy one—in fact, Dad Walker says the girls have turned his home into a turnstile in the Pennsylvania Station. Pat and Mary, the two older girls, have been dating local boys for better than a year, but little Emily, just going on fifteen, stays at home. She has bands on her teeth and glasses on her eyes, and of course, neither is date bait. Dad Walker and Jim Allen, a next door neighbor, are attempting to restore good policies to town by exposing Assemblyman Gray and his machine. Mr. Allen calls to work with Mr. Walker on a speech and brings son, Harley, to practice on his clarinet. Emily thinks Harley an unimpressive specimen of modern youth, but being worried about the future in a spinster's home proposes to him.

At fifteen the engagement proves too confining to suit Emily, and when Lester Gray invites her for an evening of dancing, Harley is completely forgotten. Of course, the fact that Lester is Assemblyman Gray's son doesn't give Emily any concern, but when Dad Walker learns his identity there is plenty of fun let loose.

### A Minister

Lesson for May 3, 1953

GOING up in a canal-boat to the interior of China or some where, stopping now and then to preach a sermon and distribute some Testaments and then showing along to the next stop—this is some people's idea of foreign missions, but it won't do. It isn't the way the best work has been done. And it most certainly is not the New Testament way of spreading the Gospel. St. Paul, for instance, traveled many a mile, and he is known for his "missionary journeys." But an examination of the New Testament story shows that his journeys were mostly stops, some of them right long ones. Paul believed not only in preaching the Good News but in establishing churches. He stayed in Corinth a year and a half, and in Ephesus two whole years. He left going congregations behind him at both places, and he kept up with them for years.

Dr. Foreman

Minister All sorts of names are given to ministers. Some call them "Reverend," a title hanging over from the Middle Ages and one that most ministers, to tell the truth, would just as soon not have. Some call them "Preacher," and they do preach, but few ministers preach for more than two or three hours out of the 168 hours in the week. A bigger word and a better word is just "Minister." This is a word St. Paul used about himself, and it was not original with him. Our Lord used it of himself. Our English language rather conceals the fact that the word means "One who serves," for in the Greek that Paul used, the word "serve" and the word "minister" are almost the same. Minister does not mean "servant" in the cap-and-apron, hired-man sense of the word. It does mean one who is of service. There is one country minister in North Carolina, much loved by his people, who not only preaches and cares for the souls of his people but who has shown them how to raise strawberries better than were ever grown in those parts before. He spells Service in letters that spread over all of life.

Teacher If all you get out of church is a "good feeling," you don't get what was intended, or else your minister isn't quite up to his job. The minister who takes St. Paul for his model will be a teacher and not simply a preacher. We know that Paul at Ephesus taught in the lecture-hall of Tyrannus every week-day, perhaps Sundays too. The good minister's sermons will be a kind of education; but he does not stop there. The minister can't teach all the classes in Sunday School but he can see to it that the Sunday school selects good teachers. He can oversee the whole business of religious education in his church, check on what is being done, help to plan with the teachers and other workers, see that the teachers have a chance to attend training classes, help build up the Sunday school library. There is hardly any end to what the minister can do as a teacher, if he has half a mind in that direction. Above all, the minister is the Bible teacher.

Pastor When all is said and done, however, there is no finer word than Pastor, and no higher work than what he does. There simply is not anywhere any institution except the Christian church that has anything like the place and work of the pastor. An old-fashioned name for this is the "cure of souls" and that never meant just the cure of sick souls, but also the care of souls to keep them from being sick. Paul, when he was reviewing his work in the church at Ephesus, could have mentioned some of the startling and sensational events which Luke mentions in chapter 19. Instead, Paul describes his own day-to-day, door-to-door work as pastor of his people. To put it as simply as possible, the pastor brings God into the lives of his people, and brings his people to God. While the minister may have a salary, as in most churches he does, he can never be paid for what he does as pastor. How can we pay a man in money for comfort and warning and faith and strength, that we would not have known without his help?

## Facts Given on 'No. 1' Killer

With the Isoco County Cancer Crusade for funds under way, the committee believes it would be timely to present some excerpts of data received from the national headquarters' office on "What Are We Doing About Cancer?"

"The Number Two Killer of our people is cancer; 22,000,000 people now alive will die of cancer unless new treatments, cures or preventive measures are found. Almost two and a half times as many people died of cancer during World War II as were killed in action in the Armed Forces. At least 700,000 people are estimated presently under treatment for cancer; about 525,000 new cases of cancer are diagnosed each year. About one out of every five people now alive in the United States will have cancer at some time in his life unless new preventive measures are found. If skin, and lip cancer are counted (which are not usually fatal), the ratio is one out of four."

"Fighting cancer is everybody's job—the men and women who ring doorbells, leave leaflets and collect contributions—the physicians who give thorough physical examinations—the businessmen who call on industrial leaders, asking for corporation gifts—the scientists who devote years to the laboratory—all these are cancer crusaders. Their common goal, the goal of the American Cancer Society, is to bring cancer under control, to save thousands of lives from cancer this year, millions in the future."

An Institutional Grant of \$20,000 was presented to the University of Michigan for research by the American Cancer Society on March 5, 1953.

Next year's program of research, education and service depends on the funds raised this spring. Your committee urges that you give as generously as you can.

# Pontiac

A GENERAL MOTORS MASTERPIECE

## A Very Proud Car—At A Very Modest Price!

According to Webster, one of the important meanings of the word *proud* is this: "Worthy of admiration; deserving praise."

That definition fits the 1953 Pontiac like a glove. Pontiac's distinctive Silver-Streak beauty is certainly worthy of admiration—and gets plenty of it everywhere. And when you sit behind the wheel and feel the effortless surge from Pontiac's famous power plant you'll know that you're driving a mighty proud performer.

As a matter of fact, the only modest thing about a Pontiac is its price—for this wonderful car which gives you the engineering quality and the best features of the costliest cars is priced just above the very lowest!

And when you're figuring price, be sure to remember Pontiac's remarkable resale value—the sure test of long-lasting quality. Why not come in and see how easily you, too, can become the proud owner of a new Pontiac?

### HIGHLIGHTS OF PONTIAC QUALITY AND VALUE!

### Tourist Service Specialist to be In County

Robert McIntosh, Michigan State College specialist in Tourist and Resort Service, will be in Iosco county next Wednesday, May 6, to consult with operators in the tourist and resort business according to an announcement by Harold R. Clark, county agricultural agent.

Mr. McIntosh is one of the three specialists at Michigan State College who pioneered extension service in the tourist and resort enterprise seven years ago. Michigan was the first state in the nation to develop this type of service. The college specialists have made intensive surveys about this new business and have conducted numerous workshops throughout the state.

Mr. McIntosh will speak at the Kiwanis luncheon at the Barnes Hotel Tuesday, May 5, and will be available for consultation all day Wednesday. Operators who wish some help with their problems should make their request through the agricultural agent's office in the Federal Building.

Mr. McIntosh has specialized in business management and guest entertainment but is qualified to discuss all phases of the business.

# ABOUT TOWN

Along the streets of our fair city we notice many eye appealing improvements.

Now under construction and scheduled to be completed soon is the new real estate office of Arthur G. Cowan. A short distance down the street Young's Tawas Bar has been completely remodeled and is to have a grand opening in the near future.

McNeill's Restaurant has taken on a pleasing new appearance with its new aluminum sash windows and asbestos siding. The Myles Building has also been improved in appearance this spring.

On your next shopping trip to Keiser's Drug Store you will see an entirely new interior arrangement and color scheme with modern metal shelving and display cases. Dillon's 5c to \$1.00 Store has greatly increased its display and sales facilities. The Fox Hardware also added to its facilities for the display and sale of hardware and sporting goods.

A bright new color scheme gives the interior of the Isoco County Abstract Office a pleasing appearance.

Merchants at East Tawas have been getting ready for spring and summer. Maroon and silver presents an attractive color scheme at Sis's Dress Shoppe.

Oulette's Jewelry Store has pleasingly redecorated and improvements made to the display equipment.

An enlarged Pendleton Shop will soon offer its customers a large selection of gifts, spices and herbs and furniture, in addition to men's and women's apparel.

The Resort Owners Division of the Tawas Chamber of Commerce will meet Tuesday evening, May 5.

The Freshman Class of Tawas City Public Schools is sponsoring a dance, Saturday night, May 2. The public is invited to dance from eight to twelve to the melodies of the Teenaires, featuring Daune Wright on the drums, Larry Clements, trumpeter, and Mariene Sedgeman, accordion.

Proceeds from this event will go to the Freshman Class.

There will be a Gulf League meeting Friday, May 1, at the Tawas Chamber of Commerce Building at 8:00 p. m. All interested in golfing, please attend.

A father and son banquet will be held Sunday, June 7, at the Eagle Hall, according to an announcement

made this week by the Fraternal Order of Eagles.

The proceeds will be given to the Tawas Hospital fund.

Attend the Fish Dinner sponsored by the Tawas City Masons Friday (today) from five to eight o'clock at the Oddfellow Temple.

## Garden Club Meets

The Tawas City Garden Club will meet at the City Hall Tuesday afternoon, May 5, for the first meeting of the new year. President Mrs. O. J. Westcott will name her standing committees for the year.

The packing of May baskets for shut-ins has become an annual feature of this meeting. Contributions from members and friends of the Garden Club will bring cheer into the lives of an unusual number of shut-ins this year. Fresh and canned fruits and vegetables, dietetics, dainties, home baking, flowers, etc. are suggestions.

There will be the usual exchange of surplus plants, bulbs, seeds and shrubs among the members at this meeting.

## Farm Bureau Meeting Eight Families Attend

The Laidlawville group of Farm Bureau held their regular meeting at the home of Mr. and Mrs. Arthur Kobs April 20 with eight families present.

Mrs. Rose of East Tawas gave a short talk on the Cancer Crusade and donations were made to the camera fund. An interesting discussion followed on the bill to require licensing of garbage feeding establishments and

to provide for cooking garbage fed to swine. Each person signed a letter to be sent to Senator Prescott to revive this bill in the Senate committee. Randolph Proudfoot led a discussion on

relations between hunters and farmers and trespassing. Mrs. Grace Atkinson presented a guessing game and an attractive lunch was served by the hostess, Mrs. Arthur Kobs.

## MOBILGAS ECONOMY RUN FLASH!

# FORD BEATS ALL IN ECONOMY!

## MILEAGE MAKER "6" WINS SWEEPSTAKES!

Score a blazing victory for Ford's dollar-saving gas economy! Ford's high-compression Mileage Maker "6" with Overdrive beat every car entered in this year's Mobilgas Economy Run, regardless of size or weight, to sweep the sweepstakes! Ford's winning average was 56.70 ton-miles per gallon.\* And Ford's high-compression 110-h.p. Strato-Star V-8 with Overdrive was right up there in economy, too, with a record of 48.55 ton-miles per gallon!

The winning Ford was a regular production car, just like thousands of other '53 Fords you see on the road today. This 1,206-mile trip from Los Angeles to Sun Valley covered all types of driving conditions. The route threaded through city traffic, where stop-and-go driving tests an engine's fuel economy under the toughest conditions . . . and out along the highways of four western states.

The Ford Mileage Maker "6" took all this in stride, maintaining a speed above the required 44.25 m.p.h. minimum, to finish 1st in the sweepstakes! What better proof is there that Ford is the thriftiest car of all? What better way to show why Ford is worth more when you buy it . . . worth more when you sell it!

## Needlecraft News

by Nancy Baxter

As indicative of Springtime as fluttering hearts and beautiful flowers is the delicate butterfly, spreading its wings in the sunlight. A myriad of brilliant colors, a phenomenon of Nature's fine work, the fluttering butterfly has captured the imagination of poets and painters, designers and decorators. Crocheters have captured the beauty of the butterfly in their work on household linens, handkerchiefs and fashion accessories with mercerized crochet cotton in rainbow colors.

### MERCERIZATION

Because of the ingenuity of an English calico printer, today we are able to duplicate, in crochet, the vivid colors of a butterfly's wing. Mercerization, a process patented in 1850 by its originator, John Mercer, among other things gives cotton a greater affinity for color. True, rich color and a high degree of luster is characteristic of mercerized cotton thread. Mercer discovered that when this finish was applied to cotton prior to dyeing, it also increased the strength and transparency. No wonder mercerized crochet cotton is a favorite of needleworkers nowadays.

### BUTTERFLY MOTIFS FOR THE HOUSE BEAUTIFUL

Lure Spring into your home with a crochet hook. Make a runner or dresser scarf of filmy, pale blue organdy with a decorative, crocheted border of China blue and yellow butterflies. The finished runner, 14 x 36 inches, has fourteen motifs applied, wing to wing, around the edge and a single butterfly applied in the center, toward each end. If you would like the instructions for making this BUTTERFLY RUNNER, please send a stamped, self-addressed envelope to the Needlework Department of this paper and request Leaflet No. S-37.

Mr. and Mrs. George O'Farrell of Rose City visited at the home of Mr. and Mrs. Victor St. James Thursday.

Mrs. Orville Beller, Mrs. Joseph Jaglin and A. B. Schneider were at West Branch Thursday.

Clifford St. James started on the new courthouse at Tawas City last week.

Two 4-H Club members from the "Burleigh Wizards" will have a skit for us, and there will be 4-H Club talent members from other communities as well.

A pot luck noon meal has been planned. The menu is meat loaf, scalloped potatoes, green salad, rolls and dessert.

Circle May 6, if you have not already done so, as a day to come out and have a good time with other women.

Mr. and Mrs. Norman Anschuetz of East Tawas are the parents of a daughter, Lori Karla, born Friday, April 24, at Omer Hospital.

Born to Mr. and Mrs. James Frank on Saturday, April 18, a daughter, Rena Catherine.

Born to Mr. and Mrs. Alfred Gehman of Glennie, twin girls, 5½ and 5¼ pounds, Thursday, April 23. The girls are the first twins ever to be born at the Abbott Nursing Home.

Born to Mr. and Mrs. Henry Ranger of Whittemore, an 8 pound girl, on Thursday, April 23, at the Abbott Nursing Home.

**INCOME DIPS**  
Present prospects are that the Federal Government income this year will be "substantially below" the \$63,700,000,000 estimate by President Truman.

## HDA NOTES

By DOROTHY SCOTT

Big news for this week is about out Isco county observance of National Home Demonstration Week.

The home demonstration groups have planned for a county-wide event and invite all women in the county to visit it. The date is Wednesday, May 6; the place, Hale Community Building; the time, be on hand at ten that morning and plan to stay all day if you can.

The program will include a variety of things. There will be exhibits of county home demonstration work done in the past year. All members are asked to contribute something to show others what they have done as a result of a lesson or activity this year. No doubt there will be a great variety of exhibits—color for the home, meals for the middle years, meal planning, home laundry methods, hooked rugs, textile painting, lamps, fabric finishes, Christmas gift ideas, and results of much long and hard work by the women at the slipcover and upholstery school in Reno.

The activities will begin at ten o'clock with get-acquainted games conducted by women who attended the Adult Recreation school in February. You will have a good time together. Two movies have been promised; one is "Weight Reduction Through Diet," and the other is "The Widening Circle."

A special program feature has been arranged by request of the women for a demonstration on frozen foods. Miss Carole Binger, home economist for International Harvester Company, cooperating with the local dealer, will show and tell us about the cooking and serving of frozen foods, and about freezing methods for fruits and vegetables.

Two 4-H Club members from the "Burleigh Wizards" will have a skit for us, and there will be 4-H Club talent members from other communities as well.

A pot luck noon meal has been planned. The menu is meat loaf, scalloped potatoes, green salad, rolls and dessert.

Circle May 6, if you have not already done so, as a day to come out and have a good time with other women.

During National Home Demonstration Week there are to be a number of radio programs featuring home demonstration work. Clip and save the following schedule of programs so that you may tune in and hear about home demonstration activities in other counties and states.

WJR—7:30 a. m., May 2—Marshall Wells will interview home demonstration members from Kalamazoo, Shiawassee, and Saginaw counties.

WKAR—Michigan State College station—8:45 to 9:00 a. m.—May 4, "As I See Home Demonstration Work," Director D. B. Varner and Mary Collopy, WKAR home economist.

WKAR—May 5, "What Home Demonstration Work Has Meant To Me," an interview with Eaton county home demonstration members.

WKAR—May 6, Research and Education Improve Farm Business, Roberta Hershey, foods specialist, and Dr. Earl Weaver, dairy department.

WKAR—May 7, The Family and Mental Health, Mrs. Lennah Backus, family life specialist.

WKAR—The Michigan Home Demonstration Program, an interview with Mrs. Leona MacLeod, state home demonstration leader.

In addition, three National Network programs are planned, one on May 2 over CBS at 3:30 p. m., a second over ABC at 12:30 p. m., and a third on May 9 over NBC at 1:00 p. m.

## Sarah Anne's COOKING CLASS

The most popular nuts used in cooking are almonds, pecans, walnuts and peanuts; they all contain Vitamin B. Greater use of them should be made in breads, cakes, cookies, salads, etc. A few nuts added to even the simplest dish will give it new flavor and distinction.

### Banana Bread

½ cup margarine  
1 cup sugar  
1 egg  
2 cups flour  
1 teaspoon soda  
3 large bananas  
2-3 cup chopped pecans  
1 teaspoon vanilla  
Cream margarine and sugar. Add beaten egg. Sift flour and soda. Add to margarine mixture. Add mashed bananas, nuts and vanilla. Flour nuts with some of the flour. Pour into loaf pan. Bake one hour in an oven 375 degrees.

### Meat Balls With Nuts

1 lb. ground beef uncooked.  
¼ cup soft bread crumbs  
¾ cup milk  
1 teaspoon minced onion  
1 teaspoon salt  
1 egg  
¾ cup chopped nuts  
¼ teaspoon paprika  
¼ cup tomato sauce  
1 cup water

Combine all ingredients in order given except tomato sauce and water. Form into balls and place them in a shallow baking dish. Pour over them the tomato sauce mixed with the water.

### Ham and Nut Sandwiches

1 cup finely chopped cooked ham.  
½ cup finely chopped nuts  
1 teaspoon mustard  
4 tablespoons thick sweet cream  
Salt and pepper to taste  
Bread  
Butter.  
Mix the ham, nuts, mustard and cream. Add salt and pepper. Spread between thin slices of buttered bread.

### Cream Nut Rolls

1 cup coffee cream  
1 cake yeast  
1 cup butter  
5 egg yolks  
3 cups flour  
1-3 cup sugar  
1 cup blanched almonds chopped fine.

Scald cream and cool to lukewarm, mix yeast with cooled cream. Cream butter thoroughly. Add egg yolks one at a time, beating well after each addition. Add flour alternately with yeast mixture to creamed butter and egg yolks. Beat thoroughly. Chill the dough overnight in refrigerator. Mix sugar and almonds. Sprinkle half of mixture on bread board. Divide chilled dough in half. Roll out each portion until ¼ inch thick. Roll up like jelly roll. Cut off ½ inch slices. Place on baking sheet 1½ inches apart. Let rolls rise until light about 1 hour. Bake in an oven 350 degrees about 25 minutes.

### Marshmallow Sweet Potatoes

8 medium sized sweet potatoes  
1 tablespoons butter  
1-3 cup hot milk  
½ teaspoon salt  
1 teaspoon cinnamon  
¼ teaspoon paprika  
1 cup chopped nuts  
½ lb. marshmallows

Cook sweet potatoes until tender, remove skins and mash. Beat in butter, milk, salt, cinnamon and paprika. Beat well and add nuts. Cover with marshmallows and bake in an oven 350 degrees until marshmallows puff and are a golden brown.

### STATE DEPARTMENT CUTS

The State Department faces a payroll cut of 241 employees in this country and 350 abroad by July 1. In addition, a reorganization plan which would take the "Voice of America" and the Point 4 Administration out of the State Department, reducing it by more thousands of personnel, is under serious consideration.

## MICHIGAN OUTDOORS

with MORT NEFF

**END OF THE RAINBOW?**  
Michigan's fishing world has been shocked and shaken by the unexplained lack of steelhead (lakerun rainbow trout) in our streams as the season opened April 11th. This year a tremendous crowd of anglers greeted the opening of scores of rivers emptying into the Great Lakes. Advance publicity in newspapers, national magazines and on television, based on angling success in the past three years, brought out thousands of new, eager fishermen. The chance at 13 and 14 pound rainbow trout is not to be overlooked!

But it turned out to be a thousand to one gamble—or worse! Never in the memory of this reporter has there been a more disappointing opening for any fishing season in Michigan . . . and everybody's asking "Why?"

**Sea Lamprey To Blame?**  
Some point the finger of blame at the sea lamprey, the predator responsible for the disappearance of lake trout in Lake Huron and Lake Michigan. Many a big steelhead has been taken in the last couple of years severely scarred by lamprey attacks. Is it possible that he past year has seen such a large increase in lamprey population that the big rainbows have gone the way of the Mackinaws?

**Human Predators Suspected**

**4-H CLUB NOTES**  
By MARVIN DAVENPORT District Agent

There were 16 people present for the Fun School at Hale last Friday. Mrs. Abbinante introduced the group to the purpose of the school. Everyone there had a chance to use Robert Douglass' two homemade games while they were getting acquainted. After many games, mystery quizzes, etc. were played. Mr. and Mrs. Harold Black and Alton Pagel combined their talents to put us through the paces of some square dancing. Those participating in the school included Mr. and Mrs. Harold

Black, Mrs. John Webb, Mrs. Thurman Scofield, Mr. and Mrs. Reuben Edie, Mrs. Frank Abbinante, Mrs. Roy Atkinson, Mrs. Frank, Mr. and Mrs. Alton Pagel, Mr. Gann, Mrs. Blanche Douglass, Mary Jane Douglass, Eliert Barnes and Paul Edie. Each of these folks received booklets of games that should be of interest to the many groups they represented.

The three acre plot donated by Earl Daugherty for the Taft Jr. Farmers corn project was tested last week. Samples of soil were taken and sent to the Harrisville Cooperative Extension Service office for testing. When the test is returned, we will know how much and what kind of fertilizer this corn plot will need. I know Earl Daugherty, Willard Williams, Norm Sibley, Vernon and Franklin Smith found out the how and why to testing your soil before putting in a crop. Dates to Remember:

**ABOUT YOUR HOME**  
By Frances Dell

Paint and wallpaper can work wonders for your home. It can be brightened, made to appear larger or smaller, help emphasize good points and play down bad ones.

One new trend is to combine paint and wallpaper in one room—using paint on certain walls and wallpaper on the other. Both of these materials are being used to compliment one or more walls of wood paneling.

There is an almost limitless list of wallpaper patterns. Many designs go equally well with traditional or modern furniture. Monotone prints and textured designs create interesting backgrounds for modern decor and can be very effective with early American furniture. Many new designs simulate pebbles, bamboo, tufted leather and bricks.

There have been recent improvements in both paint and wallpaper. There is a paint that gives a slate-like finish which can be written on with chalk or crayon and easily erased. Washable and stainproof wallpaper costs more but is more than worth the extra money.

Fabrics and plastic are popular wall covers in the modern home. Most of the good fabric coverings have baked on finishes and are washable.

The new rubber-base paint is very good for use on masonry. There is a cement-base paint that is wonderful for outdoor masonry.

**WILLIAMSBURG "MOTHBALLED"**  
By Presidential order, the presidential yacht Williamsburg has been taken out of service and "mothballed" because "the White House believes it is a symbol of needless luxury." The action will mean a saving to the taxpayer approximately \$75,000 annually.

**Elks Make Three  
Straight Victories**

The Tawas City Elks made it three straight wins, with a pair of victories during the past week. They defeated AuGres, 14 to 4, Wednesday afternoon and last Friday downed Hale, 5 to 0. Tawas City took a quick lead in the first inning when they sent six runs across the plate. They added two more in the second, five in the fourth and one in the fifth.

Art Anschuetz, on the mound for Tawas City, allowed the Osceola team at the local field, and was the only Tawas player to get an extra base hit, a double in the second. He also singled Bessinger hit safely twice for AuGres.

Behind the no-hit pitching of Revord, Tawas City downed Hale, 5 to 0, last Friday.

Only five Hale players reached first, three on walks and two on errors. Revord struck out 12.

The Elks solved Mousseau's slants for seven hits and five runs. Gary Humphrey put together three hits for the locals, while Landon, Davison, Anschuetz and Rapp, each had one hit.

This afternoon, Friday, May 1, the Elks will entertain the Osceola team at the local field, and May 5 will play at AuGres.
