Fine Weather Brings Many Deer Hunters

More Than 500 Deer Handled by Locker Plants in County

Beautiful Indian Summer weather brought a large number of hunters into deer areas during the first five days of deer hunting season.

Conservation Officer Arthur Lietz reported that during the first few days of the season the deer kill had been lighter than last year. This was due to an apparent lesser deer population and weather conditions. Some observers claim that the bucks killed this year are larger and in better condition than in recent years.

The apparent lesser deer population this year has been attributed to the three-day antlerless deer season of last year. This was the object aimed at when the antlerless regulation was put into effect.

As usual deer hunting season has brought on a greatly increased activity in the business district of the towns and cities in the county. Deer hunting season is rated as big business throughout Northern Michigan bringing in many thousands of dollars to restaurants, hotels, cabin courts, food markets, sporting goods stores and others.

During hunting season until December 2, four extra troopers have been sent to the East Tawas State Police Post. They are Troopers Robert Steinhurst and Paul Rabashaw of Centerline, and Troopers Charles Johnson and Richard Gardener of Pontiac.

Up to yesterday afternoon 242 deer had gone through the meat dressing department of Isoco Frozen Foods. It was stated that this was 20 less than the corresponding period of the hunting season last year.

At the Hale Locker Plant more than 300 deer had been dressed for lucky hunters.

Among the successful hunters are: Byron Brooks, Claude Nash, Chester Dixon, Mrs. Hayden Moss of Birmingham, Roland Trinklein, Harold Publitz, Charles Wilson, Gary Stephan, John and Paul Groff of Detroit, Clement Stephan, Oren Ulman, Donald Ulman, Willard Musolf, Jack Rollin, Martin Musolf, Jr., George Tuttle, Carl Babecek, Kenneth Frank, Marvin Ulman, Peter Griesmer of Detroit, Charles Stonehouse, Ronald and Donald Butterfield, Mark DeFbaugh, Fred Hickman.

William Ludwig, Dale Fisher, William DeGrow, DeForest Rinz of Detroit, Marvin, William and Albert Mallon, Howard Hatton, Gerald McGrath of Royal Oak, Ray Webber of Pontiac, Allen DeGroot of Drayton Plains.

Wilbert Miller, Charler Simons, Charles Dixon, Mrs. Harold Grise, Sheriff Ivan O'Farrell, Leon Putnam, Mr. and Mrs. George Baldwin.

Study House Trailer Parking Ordinance

The problem of regulating the parking of occupied house trailers within the city was the principal subject discussed at last Monday night's meeting of the common council.

Tawas City has no house trailer ordinance. With the increasing use of house trailers for living quarters and more or less permanently parked within the city limits requires a certain amount of regulation as to time limit, sanitation facilities and proper location on the property.

Several drafts were made of ordinances covering house trailer parking regulations and these are being studied by the council with the possibility that such ordinance will be adopted.

Presented 30-Year Pin

Alfred Boomer of Midland was presented with a 30-year membership pin at last Thursday evening's meeting of Baldwin Lodge, I. O. O. F. The presentation was made by Grand Master Russell H. McKenzie. Mr. Boomer is a former resident of this city.

Present Successful Senior Play

'The Groom Said No' Well Presented

Tawas Area Seniors made excellent presentations of "The Groom Said No" last Thursday evening at the Community Building, East Tawas, and Friday evening at the Tawas City Gymnasium. The members of the cast had their parts very well prepared.

The entertainment was also very successful from a financial standpoint, admissions bringing in from \$250 to \$300.

The cast included Charleen McCall, Dorothy West, Doreen Strauer, Arlene Bronson, Mary Farrand, Lillian Bolen, Shirley Ferguson, Galya Werth, Joan DeLage, Henry Solomon, Leonard Wilkusi, Eugene Fernetz, Dick Hertzler, Andy Bowman and Gene Klenow. Mrs. Ruth Lee directed the play.

The musical portion of the program was presented by David Moehring, Jerry McKenzie and Lois Vane.

Cecil Cagle Elected President Kiwanis Club

The officers for 1954 of the Kiwanis Club of Tawas were chosen at the November 10 meeting.

Cecil Cagle is the newly elected president, being advanced from the first vice-president position. John Watkins was elected to be the first vice-president. He is also to fill a vacancy caused by the resignation of Dr. O. W. Mitton, for the balance of 1953.

George Myles was elected as second vice-president, and will also serve as program chairman for 1954. Albert Buch was chosen as treasurer.

The secretary is an appointive office to be filled by the board of directors.

Earl Wright, Elmer Werth and Gordon Everett were elected to the board of directors for two years. D. A. Evans, retiring president, becomes a member of the board of directors for next year. Other members of the board who hold over for another year are: Rev. Robert Nelson, Russell A. Rollin, Dr. John LeClair and Val Fallu.

Mr. and Mrs. M. C. Musolf and son, Martin, of Bay City are spending the week with the former's daughter, Mrs. Charles Kobs. Martin Jr., has recently been discharged from service after serving in Japan the past year.

Pictures Wanted for Centennial Exhibit

The picture of the group of hunters with their wagon load of venison published two weeks ago was furnished for the Tawas City Centennial exhibit by Albert Mallon of this city.

Five deer was the limit in the 1890's and the picture was taken after a successful hunt along the AuSable river near Pinnacle Point. The group included: Mr. Mallon's father, Albert Mallon, Gus Karus, two Stang brothers and a friend of the four hunters from Detroit.

If you possess an old Tawas City picture, have it copied for the centennial exhibit. Call 68-W.

Three Injured in Hunting Accidents

During the first five days of deer season, three persons have received wounds from gun accidents in this area.

Jerry Hunter, 14 years old, of Royal Oak accidentally shot himself through the left foot Tuesday near Pickett creek while hunting in Grant township.

He was taken to Tawas Hospital where he had one toe amputated.

Discovering that it was a person instead of a deer in the direction he intended to shoot, he brought his gun down and accidentally pulled the trigger.

He was hunting with his parents.

Apparently mistaken for a deer by a member of his hunting party, John Harmon, age 19, of Bellevue, Michigan, was shot through the right lung and is in serious condition at the AuGres hospital.

The accident occurred Monday near South Branch in Plainfield township. The shot was fired by Manfred Siegler, age 37, of Eastings, Michigan. Siegler, charged with the careless use of firearms, was arraigned Thursday morning before Justice H. E. Friedman. He waived examination and was bound over to circuit court.

Stanley Phillips of East Tawas is at the Tawas Hospital recovering from a bullet wound through his left leg, the result of a deer hunting accident Sunday in Mikado township, Alcona county.

The bullet was fired by Duane Willey, a 16-year old hunter from Oxford. Young Willey, while in a lying position on a ridge in the woods, saw three does pass through his field of fire. When the fourth, a buck passed through, he fired. He heard a yell and found that he had hit Phillips.

State Police made an investigation of the accident.

'Lost' Hunter Found at Home at Saginaw

Adolph Lopez, by returning Sunday afternoon to his home at Saginaw without notifying his two hunting companions, caused a 24-hour frantic search along the AuSable river west of Oscoda.

When questioned Monday night Lopez said that he had become tired of hunting and had gone home. When Lopez did not make his appearance Sunday night, his companions, Jaquain Rocha and son, notified Deputy Herman Huber at Hale and the Sheriff's Department. A searching party combed the area during the night. Monday a larger party was organized aided by State Police and a group of students from the Tawas Area High School. An airplane from Wurtsmith Air Force Base was also used in the search.

The search continued until Monday night. The Rochas, who had returned to their home at Saginaw, telephoned the Sheriff's Department that the "lost" man had been found at his home. He had been at his work at a Saginaw foundry when the search was in progress.

Much Interest Shown in Adult Education

A great deal of interest in adult education was shown at a meeting, presided over by Mrs. A. E. Giddings, held Monday evening at the Tawas City School. A similar meeting will be held in the East Tawas School on next Monday, November 23, between 7:00 and 8:00 p. m. At that time classes will be organized in one or all of the following subjects: shorthand, child guidance, algebra, Spanish, hooked rugs or short story writing. It is necessary to have at least 10 people signed up before a class can be organized.

Twelve people have already signed for typing and bookkeeping, so typing class will be held at 7:00 p. m. (also in the East Tawas School) for a two-hour class followed by bookkeeping from 9:00 p. m. to 10:00 p. m. There are openings for more people in each of these classes. Robert Deloria will be the instructor.

A class in shop will also be offered and all interested in this are urged to come Monday evening.

For more information, call Mrs. A. P. Jerome of the Twentieth Century Club or Mrs. Herbert Hertzler of the Ladies Literary Club, co-sponsors of the program.

Alcona County Courthouse Burns Friday

The Alcona County Courthouse at Harrisville was destroyed by fire early last Friday morning. The fire appeared to have started in the furnace room. Four fire departments from nearby towns helped to fight the flames.

On opening the door of the vault in the clerk's office Tuesday, hopes were raised that the contents of the vaults were unharmed as the books and records in it were intact. The four outer doors to the two big walk-in vaults resisted all efforts to open and the work of a vault expert will be required before the condition of the contents will be revealed. During the fire and after, the vaults were continuously deluged with water.

Circuit Judge Herman Dehne, who is acting probate judge, is using rooms in his residence as an office for probate court. Other county department offices have been established temporarily in the bank building and Thomas B. Cook Agency office.

The two-story structure which burned Friday morning was built in 1870, shortly after the county was organized. It was constructed with the fine timber which was the principal product of the area at that time.

Bible Comment:

Scriptures Stress Need for Citizens To Perform Duties

THE religion of Israel was a mass religion, always emphasizing God's choice and call to the nation as a whole.

But this emphasis did not in any way minimize the importance of the individual and the soundness of his character and conduct.

This has a distinct bearing upon our modern democracy, which in a way is a mass affair. We think of democracy often, perhaps too often, as consisting in popular suffrage and the rule of the majority.

However, the vote of a majority never in itself made anything right. The true essence of democracy is self-rule.

When the rule of kings is discarded, it is the individual who becomes king, and if he indicates democracy may become a very sorry affair.

Is not our greatest weakness today the fact that so many citizens fail to exercise their prerogatives and privileges, to say nothing of their duty?

The Old Testament made plain one's place and duty as a member of society. There was the terrible example of Achan, who, in an hour of victory, stole a Babylonian garment and bars of silver. Profiteering Achans in their country's hour of danger have not been lacking in recent history.

National righteousness, to the Psalmist, meant justice. Conceptions of right and judgment were at the heart of all relationships.

As the individual was responsible for his personal integrity, those who ruled, that is society, were responsible for rights, liberties and fair dealing.

It is the sense of right and judgment that we most need today. It is in the moral foundations that modern societies are weak.

Too many issues are settled, not upon the basis of what is right and fair, but upon the power of individuals or groups to enforce their will. This would not be the case if we would recognize our duties to society.

Vine Farm Bureau Meets with Raymond Kobs

On November 11 the Vine Community Farm Bureau met with Mr. and Mrs. Raymond Kobs.

Newest Employee Briefed on Industrial Policy

We presume you have met Mackinac Mac, the newest employee of the Detroit and Mackinac Railway, if not you will find his picture in this paper. We have found him to be an enthusiastic, interesting and genial fellow who loves to talk about his work.

Mac says, "You know when I took this job I thought I was just a little guy going to work for a little railroad, but I soon found out that I was a little toad that had hopped into a pretty big puddle. Just the other day while I was greasing the grapevine and rubbing off information I learned that the western editor of a national magazine has written a feature article, which will appear in the first issue of the new year, on the work our railroad is doing in the development of northeast Michigan. I know I shouldn't tell this but it seems funny how sometimes when we are right in the middle of things we don't know what's going on yet folks all over the country are aware of it."

"It seems," Mac continued, "that the work being done by the industrial development department is unusual for a short line railroad like the D. & M. and that is why the outsiders are so interested. So I said to myself, 'Mac, you've got to get to Dwight Wood and see what's cooking.'"

"Well this man, Wood, gave me a hard time at first. You know these industrial development fellows just love to talk about everything. Everything except what they are doing, that is. But after I crawled up on his desk and gave him my spring break-up smile he thawed out and said, 'Well Mac, it was less than three years ago that I was the newest employee of the Detroit and Mackinac so I will try to bring you up to date. First let me tell you that northeast Michigan is the last section of the lower peninsula to become serious about the need for additional industrial employment to balance its economy, and our top management has been very broad in its long range view of this program. While they are naturally most interested in heavy rail freight industries, they realize that anything which is good for the railroad and that many of the small industries which come in at first will not use our service extensively."

"The first industry which we helped bring into the area was the Feather-Lite Manufacturing Company. To do this we remodeled a rather bleak old round-

house at Tawas into a pleasant plant where some 60 local people are employed in manufacturing aluminum and redwood storm sash and doors. A short time later we remodeled and enlarged another building in our Tawas yards for the Timco Corporation, makers of oil fired steel furnaces. This plant also provides steady employment for about 60 local people. About a year ago, we were able to help fill a plant at Harrisville which had been vacant for quite a long time. The Harrisville Manufacturing Industries now employs about 50 people. One of the most satisfying things, Mac, is the fact that all of these industries are now in need of additional space to expand their operations and their payrolls."

"Early this year we worked with Farley Fences, Incorporated, at several locations along our line. They finally decided on Posen, built their own new plant there and have very good prospects for the coming year. Number five was Jolly Kids Company of Chicago, who are just now starting operation in their plant at Onaway where they will employ about 50 local people at the start in the manufacture of infants' and children's wear."

"Well that's about it to date, Mac, five new industries, two at Tawas and one each at Harrisville, Posen and Onaway, bringing hundreds of thousands of additional dollars into the area every year. But don't think we did this alone," says Wood. "It takes the cooperation of a number of local people to make these things possible. Our railroad lead the way. I cannot tell you much about the future except that we have three prospects who are currently very much interested in three different communities and several other industries with which we are working."

"See what I mean," said Mac, with a grin, "you didn't know about all this either. Did you? So long 'til I see you again and tell you more about this little old railroad."

College Education No Longer Required for USAF Cadet

For the first time since World War II, a young man with only a high school education can be a pilot to fly the latest jet planes of the United States Air Force, or become an aircraft observer skilled in a technical specialty such as navigation, bombardment, radar, electronics, aircraft, performance engineering and armament operations.

The United States Air Force no longer requires a college education as an entrance requirement for aviation cadet training. The fact that high school graduates can now apply and become aviation cadets in the United States Air Force has not basic-

ally altered the original "Stay in School" advice to those who aspire to aviation cadet training. However, the absence of such educational background does not bar the apt high school graduate from a chance to become a flying officer in the United States Air Force.

Aviation cadet training classes begin every two weeks, the entire training program lasting for 14 to 18 months. Successful completion of the course brings

a second lieutenant's commission, and a career as a rated flying officer of the United States Air Force.

The United States Air Force Aviation Cadet Selection Team Number 403, located at Selfridge Air Force Base, Michigan, can give full information to any young man interested in flying training.

Clothes do not make the man. They make the impression.

HDA NOTES

By Dorothy Scott

Does she like fun? Does who like fun? Ask one of the 16 home demonstration group officers that attended the training school on Thursday evening, November 12. It was held at the Extension Office in the Federal Building.

Chairman, and community chairman talked over their officer jobs with the assistance of Casper Blumer, county agricultural agent in Alcona county. Recreation leaders learned some new games, quizzes and stunts to use in their group meetings with the help of Mrs. Frank Abbinate, Hale group member, and Beatrice Schrade, a visitor from Mikado Home Demonstration group in Alcona county.

Secretaries and reporters checked on their supplies and kit of tools for the 1954 year, aided by William Engle, Alcona H Club agent, while program chairmen discussed ways and means to increase variety and interest in group meetings and activities throughout the year with your home agent.

All officers gathered in the conference room for a few minutes of recreation conducted by the recreation leaders, following the discussion.

One comment about officer supplies for those who were not able to meet on Thursday evening. Those present received their own material, some took for another not present, and for once we do not have an accurate listing of who will receive materials indirectly.

So, if you are an officer and did not receive your own supplies or have them brought to you by another, will you please let us know. Stop in at the office, call or write us.

The Tawas City group is establishing a pattern-loan file. Everyone who has a pattern for adult or children's clothing adds it to the collection, others in need of patterns may consult the collection to see if their need is to be found there. Then they may borrow the pattern, just like borrowing a book from the library. This is a really good idea—all too often we purchase a pattern which gets only one using, and it could serve others.

The County-Line group has on its agenda a bazaar and bake sale in Hale on November 28, for the purpose of enlarging their treasury. They have some plans that call for expenditures, which means first earning the cash.

Brush or drizzle honey on that ham during the last half hour of baking, suggest food authorities at Michigan State College. It adds flavor and gives a golden glaze—and, its plentiful these days.

ADMITTANCES—TAWAS HOSPITAL

Mrs. Mary Halterman of East Tawas, admitted November 12; Margaret Bootz of Detroit, admitted June 20; Ruth Ball of Oscoda, admitted November 14; Latic Benedict of Tawas City, admitted November 13; Mrs. Waldo Curry of Tawas City, admitted July 14; Arnold Pomerantz of Tawas City, admitted November 12; Paul Povish of Tawas City, admitted October 18; Clarence Curry of Tawas City, admitted November 16; Nell Geney of Pontiac, admitted November 15; Lawrence Grue of Tawas City, admitted November 15; Vern Tran of Flint, admitted November 14; Mrs. Josephine Thompson of East Tawas, admitted November 9; James Watton of Oscoda, admitted November 10; Mary Wainwright of Oscoda, admitted November 15.

Plans Supper November 24

The Ladies Aid of the Hem-lock Road Baptist Church is planning a pot luck supper Tuesday evening, November 24, at 7 o'clock.

Friends and neighbors are invited to come. Bring table service and a passing dish. There will be a program and time of dedication of the new kitchen.

Mrs. Besancon Entertains St. Mary's Guild

Mrs. Lewis Besancon entertained St. Mary's Guild at her home Tuesday evening. "Our Saviour" was the devotional theme presented by Mrs. Walter Otis. The program hour was spent in enjoying letters and pictures of Greek families to whom the guild recently sent clothing. One widow who had seen her husband killed and her home burned by Communists, lived with her six children in a single room in the city when they fled as refugees. Recently through the Marshall

plan of American aid, Mrs. Sa-vidu has returned to a four-room house built on her own land.

The highlight of the evening was a baby shower for some Christian mothers in Germany. Scores of garments were given by members and friends of the guild. Because of her interest in this overseas work for several years, Mrs. G. N. Shattuck had the pleasure and honor of opening the gifts. On behalf of these needy mothers, Mrs. Shattuck wishes to say a heartfelt "Thank You" to every person who so generously aided this project.

The dining table was covered with a lovely cut-work cloth. Cakes at either end were decorated with pink roses holding tiny dolls. The centerpiece of pink chrysanthemums was

Eleven Organizations Attend Hale Health Council Meet

The Hale Health Council met at the Community Building Tuesday afternoon with 11 organizations represented.

The hospital bed was loaned to Floyd Putnam of South Branch, who will be bedridden for approximately four months. He was injured while working near his home early in September. Council members are hoping the bed will make his convalescence easier for both Mr. and Mrs. Putnam.

The American Legion Auxiliary's offer to pay half for a hospital bed mattress was ac-

cepted. The Health Council agreed to pay the other half. A mattress cover and rubber sheet have yet to be acquired.

The West County-Line Group turned in a completed hospital gown. Mrs. Hicks of South Branch took the remaining material to finish cutting the gowns.

Mrs. Graves told how the health units were formed. It seems a neighbor of a very energetic woman was ill, sick room equipment was needed. The neighborhood was searched for the different articles needed. After the patient was better, it was decided to keep all the equipment together in one

place. From this, our idea for the many health units throughout Michigan was formed. Following is a list of available equipment for the people of the area: Cancer pads, back rests, bed table, bed pans, children's crutches, adult crutches, rubber rings, irrigator, sanitary pads, draw sheets, sheets and pillow cases, single blankets, cancer bed complete with bed pan, mattress and pillow covers, one pair adjustable crutches, one collapsible wheel chair and hospital beds.

Any of this equipment is available to you by asking any member of the health council for it.

4-H CLUB NOTES

By DOROTHY SCOTT

Three Community 4-H Clubs were 100 percenters in attendance at the County 4-H Club officers training school held November 11 at the Tawas City School. They are: Alabaster-Whitney Rovers, Tawas City and Friendship 4-H Clubs. At the time of the County Awards Party these 4-H Clubs will receive recognitions, a gavel, set of flags or banners.

To be 100 percenters 4-H Clubs must have in attendance all their regularly elected officers included in the officer's training school program and the Community 4-H Club leader.

The purpose of this training school is to help the newly elected officers for 1954 learn how to do the very best possible job for their 4-H Club. There were separate training sections for pres-

idents and vice-presidents, secretaries and treasurers, recreation and song leaders, community and project reporters.

We're sure everyone present—44 4-H Club members and 14 adults—thoroughly enjoyed the 4-H Club meeting demonstration presented by the 4-H Club young people who represented Iosco county in the state contest last September. These young people were then members of the Friendship 4-H Club, this year some of them are members of Friendship and some are members of Laidlawville 4-H Clubs, but they still carry on the spirit of cooperation and friendliness that makes for good relationship between the various clubs, even though there will be rivalry, too, in competitive contests during the year.

Assisting with the training school for officers were Mrs. Herbert Wendt, Mr. and Mrs. Harold Hammond, William Engle, Alcona county 4-H agent,

and Beatrice Schrade, 4-H Club leader in Alcona county.

We appreciated being able to have the facilities at the Tawas City School for our meeting.

Vernon Anderson, electrical and tractor maintenance project leader in Taft Junior Farmers 4-H Club, went to the tractor school at Gaylord November 3. He tells us it was a good school and that he learned a great deal. He will be more than willing to pass along the knowledge he gained to members of the 4-H Club tractor project this winter. The special training school is conducted for leaders by the Standard Oil Company.

4-H Club leaders will be asking questions of high school age girls and home economics teachers, questions about whether or not they wish to continue participation in a county Cherry Pie Contest. The county winner is awarded an all-expense trip to the State Cherry Pie Contest in Grand Rapids which takes place in February.

Sponsoring this contest in Iosco county has been a 4-H Club Leaders' Council project for the past two years. Both events have been successful ones, although the council would like to make it possible for a larger number of girls to enter the contest.

If there are any questions about it, won't you contact the Extension Office?

Thrill Maker from start to stop (That's T.T. Dynaflo!)

SOMETIME soon—like this week—you ought to try a Buick with Twin-Turbine Dynaflo.*

You ought to try it just to be familiar with the great advance in this fully automatic transmission that Buick engineers have accomplished.

You ought to try it just for the fun of bossing a drive where you don't do a blessed thing but steer and press the gas or the brake pedal as you go.

But, pure and simple, you ought to try it for thrills.

We mean the thrill of instant getaway response—with two turbines doing the job that one did before.

We mean the thrill of whisper-quiet acceleration—where you barely hear

the sound of power build-up, or of flowing oil at work.

And, most emphatically, we mean the thrill of perfect and sublime smoothness from start to stop—the thrill of moving from standstill to and through all travel ranges in one, progressive, infinitely smooth forward "carry" without a gear ever shifting or a clutch pedal pushed—the thrill, rarely found elsewhere, of silky smoothness in deceleration, too.

Will you be our guest at a sampling of a Buick with T.T. Dynaflo?

Will you try the sweetest, the smoothest and the simplest-to-operate automatic transmission yet devised—and powered by the highest-compression engines in Buick history, including the

world's newest V8 in SUPER and ROADMASTER models?

Drop in on us this week and we'll be happy to accommodate you.

It's Trade-In Time for a Better Deal

You'll be thrilled with the top allowance we will make on your present car. Come in and see us for the happy news—now. We can give you immediate delivery.

When better automobiles are built Buick will build them

Atkinson, every Wednesday after school.

"We have had five meetings and have learned how to cast on, knit, purl, knit two, purl two and bind off. Some of the girls have also learned to add extra stitches.

"All of the girls have started on their pot holder, and a few have finished. Some have started

ed on mittens." Judy Nelkie, reporter.

Seven trouble lamps have been started by electrical project members of the Alabaster-Whitney 4-H Club. Along with the hand-work the boys have done some head-work by way of learning electrical terms, says Ronald McCormick, project reporter.

Present were Wayne Shawl, Ronald McCormick, Jerry Brown, Jack Furst, Gary VanOrnum, Ronald Deering and Peter Bolen. Melvin Brown was a visitor at our meeting.

Joyce Wellna's Community 4-H Club meeting report tells us there were knitting demonstrations given by Judy Nelkie, Sharon Frank and Judy Bowlsby. The members enjoyed singing and games together before refreshments were served. These young people are members of the Laidlawville 4-H Club.

Indemnities are paid in the counties considered to be in the test and slaughter area (north of Highway US-23 from Bay to Mason counties).

In the test and slaughter area, a vaccination program is not carried out; if individual owners are vaccinating their herds, it must be reported to the state veterinarian.

The present Bang's disease control program for the northern counties consists of area blood tests periodically and ring tests about every eight months.

A white turtleneck sweater and mittens to match is the project aim of Sue Minard, a member of the Alabaster-Whitney 4-H Club knitting project. The sweater is finished and Sue is working on the mittens—doing very nice work, says project reporter Pauline Dillenback.

Ronna Lee Erickson is working on the ribbing of her scarf. She had some bad luck and had to rip out several inches, but will soon be done. Kathy Charboneau is also working on scarf ribbing.

Andrea Duquette completed her mittens first, and is beginning a sweater. Lois Vane, Marcia Minard and Pauline Dillenback have finished their sweater backs and are knitting the fronts.

Teams were chosen to give demonstrations later in the year.

Two registered Guernsey cows, one owned by Alfred and Muriel Graves, the other by Henry and Karl Luitje, all of Hale, have completed official Advanced Registry records that were supervised by the Michigan State College and reported to The American Guernsey Cattle Club for approval and publication.

On two times daily milking for a 10-month period, Plainfield V. Beatrice, a junior two, produced 8,776 pounds of milk and 422 pounds of butterfat. She is the daughter of the registered Guernsey sire, "Victor of Cloverland," that has a daughter in the Performance Register.

"Lula's Lady of Cloverland" produced 10,070 pounds of milk and 526 pounds of butterfat milked two times daily for a 10-month period as a seven year old. "Lady" is the daughter of the registered Guernsey sire, "Romany Woods Patch's Duke," that has three daughters in the Performance Register of The American Guernsey Cattle Club.

EXTENSION SERVICE FARM NOTES

Calendar: Wednesday, December 2—Bang's Control meetings, afternoon and evening, Wilber Township Hall, 1:00 p. m.; Reno Township Hall, 8:00 p. m.

Wilber and Reno Township Halls will be places to gather for the Bang's Control discussion meetings on December 2. Dr. Glenn Reed, Michigan State College veterinarian, is to be the speaker.

Recent information about disposing of Bang's infected cattle makes these meetings with Dr. Reed even more important to Iosco county people. An effective control program could surely do much to help livestock operators. This is one reason why:

Federal and state indemnity payments for Northern Michigan cattle infected with Bang's disease have been cut sharply.

The federal payment has been reduced from \$25 to \$18, for registered cattle and from \$12.50 to \$9 for grade cattle, notes Donald L. Murray, Michigan State College Extension dairyman. State law specified that state funds for Bang's indemnity cannot exceed federal allowances, and so the matching state indemnity payment are cut the same amount. This makes an over-all cut on registered cattle from \$50 to \$36 and on grade cattle from \$25 to \$18, explained Murray.

"Monthly Pains" stopped or amazingly relieved

In 3 out of 4 cases in doctors' tests!

• Chances are you're putting up—unnecessarily—with the functionally caused pains, cramps and weak, "no good" feelings of menstruation!

For, in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases!

Lydia Pinkham's is modern in its action!

So get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron. See if—taken through the month—it doesn't give relief from those backaches, jitters—help you feel better before and during your period.

Or—if you suffer from functional "hot flashes" of "change of life," find out how wonderful Pinkham's is for that, too!

It has a quieting effect on uterine contractions that often cause "sore" pain!

20th CENTURY CLUB
 "Women in Politics" was the theme of the program presented Wednesday evening at the Twentieth Century Club. The roll call was women in government.
 Ten minute talks on prominent women of the day were given:
 Mrs. I. R. Horton on Clara Both Luce.
 Mrs. A. E. Graves on Margaret Chase Smith.

Mrs. Karl Bublitz read Mrs. Sevensen's paper on Oveta Culp Hobby.
 Mrs. A. P. Jerome on Eleanor Roosevelt.
 Mrs. W. A. Evans showed a film on lung cancer and gave a short talk.
 The hostesses were Mrs. Glen Schlaack, Mrs. Archie Ruckle and Mrs. H. Cross, who served refreshments. A beautiful arrangement of flowers centered the refreshment table.

SALT OF THE EARTH—Sea-water wells make a pleasing pattern on this salt "farm" near Okayama, Japan. Here, oriental workers obtain salt by the most primitive method, collecting sea-water in the wells and then, when the water has evaporated, scraping the light crust of salt off the earth. The process is dependent upon warm sun and light rainfall.

Blaine Christeson is building a new house on East State Street next to the Anders Christeson home.

At the Methodist Men's Club Dinner on Wednesday evening, Mrs. Kate Evans presented a cancer film as part of the program.
 A family reunion took place at the home of Mr. and Mrs. Harold Gould recently. Dinner was served and the guests were entertained with films of the recent hunting trip to Alaska made by Mr. Gould and Dr. E. A. Hasty of West Branch. Members of the Gould family were present from Detroit, Kalamazoo, Mt. Pleasant, St. Charles, Freeland, West Branch, Hemlock and Au Gres.
 Mr. and Mrs. Norman Anschuetz attended the Michigan-Michigan State football game in Lansing on Saturday.

with Mrs. Fred Landon, chairman, reported that there are 150 members belonging, 60 of them are new members.

A Christmas program is planned for the December meeting. The social committee served refreshments.

Grace Lutheran Ladies Aid Meet

Grace Lutheran Ladies Aid met last Thursday evening. Rev. Robert Nelson had charge of devotionals and Mrs. Patience Nash, president, led the business session.
 Refreshments were served from a lace covered table with candles and floral centerpiece in pastel shades. Hostesses were Mrs. Ednel Lundquist, Mrs. Lillian Furst and Mrs. Pearl Rose.

Auxiliary Reports

Successful Talent Show
 The American Legion Auxiliary met Monday evening at the Legion Hall for its regular meeting. The president, Mrs. Jean Davis, gave a report on the Talent Show, which netted the auxiliary over \$90. The show was sponsored for WWTV in its Talent Search Program.
 Plans for the Christmas party and dinner for the auxiliary and post members and their families will be held Sunday, December 13. Mrs. Rachel Anschuetz and Mrs. Georgia Klinger will act as co-chairman for the dinner.
 A delicious lunch was served

by Mrs. Ruth Albertson, Mrs. Wilma Ruppel, Mrs. Rose Gackstetter and Mrs. Emma Landon.
