Milk Dropped 1c per Quart Yesterday

Second Drop During Past 12 Months

Reflecting Market Trend in Prices Paid to Farmers

The Nelkie Dairy of Tawas City and the Northern Dairy of East Tawas made a one cent per quart drop in the retail price of milk effective yesterday (Thursday) morning. This is the second drop in the price of milk here during the past year.

The drop is following the market trend as reflected in the Detroit area. Greatly increased production of milk and reduction of federal support prices with increasing surpluses in dairy products which grew enormously during the past year have caused a drop in the price received by the farmer for his milk. The lower price is reaching the consumer.

The retail delivery price of milk is lower in the Tawas than in Detroit although processors here are paying the farmer a higher price for the raw milk, a manager of one of the local processing plants states.

Thursday morning the delivery price of glass bottled pasteurized milk was 18 cents and homogenized, 19 cents. The price at Detroit is 21 and 22 cents.

The Nelkie Dairy and Northern Dairy process about 75,000 pounds of raw milk each week for consumption in the Tawas area.

Many Collectors Seek Centennial Cancellations

Since the slogan cancellation for the 100th anniversary of Tawas City was placed in use at the Tawas City postoffice, a large number of cancelled covers and stamp collectors from all sections of the United States and some foreign countries have sent stamped and addressed covers to be mailed back to them carrying the slogan cancellation.

This unexpected interest in the event was created by Joseph Barkman, who reported the 100th anniversary slogan cancellation to collectors' magazines and newspapers.

Text of the slogan is "Our First 100 Years—1854 June 1954—Tawas City, Michigan." It will be used at the Tawas City postoffice through June when this community is holding its celebration in connection with the Centennial.

Some of the early collectors to send covers for cancellation were from Elizabeth, New Jersey; New York City; East Orange, New Jersey; Inglewood, California; Madua, California; Madison, Wisconsin; Hartford, Connecticut; Old Bridge, New Jersey.

Transportation Costs Less Since Consolidation

This week in making a study of transporting students in the Tawas Area School District, County School Superintendent Russell Rollin states that he was surprised to find the cost has been less since consolidation.

Cost of transporting students during the 1952-53 school year was \$21,330.57. This was the first full year after the area was consolidated into one district.

During the last year the schools were operated as individual districts, the cost of transporting students amounted to \$28,069.08. This was in 1951-52, and from his records Rollin itemized the cost in each district for that year, which is as follows:

Alabaster	\$2,285.21
East Tawas	4,544.05
Baldwin No. 2	3,950.00
Baldwin No. 3	706.38
Tawas No. 1	1,905.32
Grant No. 2	1,368.26
Tawas No. 2	495.39
Tawas No. 3	1,787.72
Tawas No. 4	1,692.23
Tawas No. 5	1,156.70
Tawas No. 9	769.79
Tawas City	5,720.90

Whitney	1,698.78

Mr. and Mrs. Stuart White and family are vacationing in North Carolina for three weeks.

Juniors to Present Comedy Next Thursday-Friday

Come join in the laughter at the Tawas City Gymnasium on either April 8 or 9 at 8:00 p. m. That's where you'll see the riotous comedy, "Nearly Beloved," the Tawas Area Junior Class play.

Mr. and Mrs. Maxwell played by Charles Wilson and Rosalie Lambert try to understand their children, Nerita Hock, Elaine Moehring, David Small and Steve Peterson. With the help of friends, Eldene Zaharias, Jim Laidlaw and Kenneth Rollin, the children stir up enough trouble to make their parents doubt their own sanity. The family source of income, George Binder, and his secretary, Helen Klinger, become convinced that the Maxwell house is refuge for criminals and lunatics. Even Aunt Mary, in the person of Elna Forsten, and a teacher, Beatrice Lane, can add nothing but confusion to the situation. Barbara Sager appears as a dramatic product of the imagination, just in case reality doesn't provide enough hilarity.

The play is under the direction of Ronald E. Eick, who promises the audience an evening of fun and relaxation.

Announces Candidacy for County Treasurer

County Treasurer Grace Miller states that it is her intention to be a candidate for the office of Iosco county treasurer on the Republican ticket in the 1954 primaries.

Congressman Cederberg Writes Board of Education Relative to Fairgrounds Property

Recent news stories reporting on the Tawas Area School site discussions which interpreted and referred to letters sent to the local school board and others by Congressman Elford "Al" Cederberg have apparently aroused the interest of many people. Several citizens have requested the school board to publish the contents of this letter.

In answering School Board Secretary Walter Niles request to outline the procedure necessary in attempts to obtain the Fairgrounds-Nursery site for school use, Cederberg stated that a congressional legislation would have to be instituted. He gave assurance that he would press for approval of such legislation. However, he cautioned that the Department of Agriculture and Forest Service would probably oppose the action. Cederberg's letter follows:

Dear Mr. Niles:

Any member of Congress who attempts to diligently serve the congressional district he is elected to represent will cooperate with local governing boards and bodies on matters of interest to the communities within his district.

In that connection I am now attempting to obtain a liquidated housing project structure in Bay City for the Board of Education in my home town. I am al-

Season's First Boat Loads at Alabaster

Dow Chemical Takes 10,000 Ton Load

First Cargo of Gypsum Rock Goes to Detroit

Spring is really here! The Great Lakes carrier, "Dow Chemical," pulled up to the United States Gypsum Company loading dock Wednesday evening for the first cargo of gypsum rock for the season.

This first 10,000 ton load of rock from the Alabaster loading dock goes to Detroit. From now until the end of the navigation season, a cargo of rock will be shipped every three days from Alabaster to the United States Gypsum Company board and plaster plants at Detroit and Chicago.

Filling the bins on the loading dock at Alabaster started Monday and the quarry and plant were in operation with a full crew of men back at work. One hundred forty men are employed in the works at Alabaster. There is a lay-off of about 25 men during the winter months, but operations do not stop with the close of navigation. Large quantities of crushed gypsum rock are continuously used through the year by portland cement manufacturers. This is shipped out of Alabaster by railroad. A program of repair and improvement to the plant and equipment is also carried on during the winter months.

Lake carriers coming into Alabaster bring coal from Detroit to Bay City before loading the rock for the trip to Detroit or East Chicago.

Migrants-Deering

A beautiful church wedding was solemnized last Saturday evening at 6 o'clock when Darleen Joy Deering, daughter of Mr. and Mrs. Walter Deering of Alabaster, became the bride of Daniel Edward Migrants of Tawas City, son of Mr. and Mrs. George Migrants.

The ceremony, performed by the Rev. Canon Warner Forsyth at Christ Episcopal Church, was a double ring candlelight service, before an altar decorated with white snapdragons. Pews were decorated with white satin bows.

Miss Donna Groff sang "O Perfect Love" and "The Lord's Prayer," accompanied by Mrs. Terrence O'Loughlin.

The bride, given in marriage by her father, wore a white chantilly lace and net over white tulle, fashioned with a sweetheart neckline, wrist point sleeves and a cathedral train. Her illusion fingertip veil was secured with a tiara of seed pearls. She carried a white prayer book, topped with a white orchid.

Her sister, Delores Smith, was matron of honor, and wore pale blue net gown over blue taffeta, styled with a tight strapless bodice and a lace jacket. She carried a bouquet of yellow daffodils. Her headress was a blue net bonnet studded with rhinestones.

Joellyn Migrants of Tawas City, sister of the groom; Audrey Hatcher of AuGres and Lorraine Welch of East Tawas were bridesmaids. Joellyn wore shell pink styled similarly to the matron of honor's gown. Her flowers were purple gladioli and white carnations. Audrey wore white and carried a similar bouquet. Lorraine's gown was mint green. She carried a bouquet of yellow daffodils.

Ann Christeson, daughter of Mr. and Mrs. Blaine Christeson, was junior bridesmaid. Her gown was a pale pink tulle taffeta with off the shoulder effect and hoop skirt. She carried a colonial bouquet of yellow and white flowers. Her headress was of pink net.

Clifford Erickson of Tawas City served as best man. Ushers were Donald and Richard Deering, brothers of the bride, and Rollie Gackstetter of Tawas City. Junior ushers were Richard Migrants, brother of the groom, and Ronald Deering, brother of the bride.

The bride's mother wore a navy blue crepe gown with white accessories. Her corsage was fashioned of red roses.

Mrs. Migrants chose a flower-eyon gown with black accessories and a corsage of yellow rose buds.

A reception was held at the Tawas Country Club for over 200 guests at 3 o'clock Saturday evening.

Decorations were yellow, pink, blue and white streamers, evergreen and white candles. Mirrors were decorated with white hearts with the names of the bride and groom.

After a short wedding trip to the Eastern States and Niagara Falls, the couple will reside in East Tawas where the groom is employed at the Iosco County News, and the bride has a clerical position at the Anderson Coach Company.

Guests were present for the wedding from Monroe, Newport, Detroit, Lansing, Saginaw, Mason, Flint, Bay City and AuGres.

Bridal showers were given by Mrs. Donald Deering, Miss Carolyn Schrieber and Mrs. Dale Smith.

Fire Permits Necessary Says Officer Lietz

"The law requires a permit to burn grass, brush or debris when the ground is not snow covered," warned Conservation Officer Arthur Lietz Thursday.

"Except for domestic purposes or to protect persons or property in certain written permission must be secured."

In towns and cities fire permits will be issued by the fire chief or marshal. At Tawas City a permit may be secured from Fire Chief Fred Musolf.

In other areas of the county, permits may be obtained from the Department of Conservation. Fire Officer Bert MacGregor, phone 3, East Tawas; Hale and Seven Mile Hill State Fire Towers. Key men are: Charles Bellville, Whittemore; Ernest Herzog, Hale Telephone Company; Herman Huber, Hale; Howard Hoefacker, Oscoda; Conservation Officer Arthur Lietz, East Tawas; Officer John LaFear, Oscoda; also United States Forest Service District Ranger C. W. Carlson and Assistant Harold Peterson, East Tawas, and United States Forest Service Towers.

Band Concert Program Tonight and Saturday

Charles Quarters, salesman at the McKay Sales Company, has just returned from Flint where he and other members of the Chevrolet Salesmen's "100-50 Car Club" were honored with a banquet at the Durant Hotel.

They were entertained by Chevrolet in recognition for their outstanding selling jobs throughout the year. L. G. McKay, Jr., was pleased that Quarters had won this recognition as a member of the "100-50" Car Club.

Who Has Portrait of James Hamilton

James Hamilton was the president of Tawas City when it was first organized. The Centennial Committee wish to use a picture of him in its history of Tawas City. Who has a portrait of Mr. Hamilton?

Sleeping Driver Lands in Hospital

LeRoy Coates of Saginaw was taken to the Tawas Hospital Tuesday suffering from injuries received when his truck collided with a tractor and trailer parked on the shoulder of US-23 near Alabaster.

The driver of the tractor and trailer was Sylvio Tremblay of Oil City, Ontario.

Upon investigation by State Police, Coates was given a summons on a reckless driving charge. Coats had worked since 6 o'clock that morning at Oscoda. While enroute to Saginaw, he fell asleep, the truck dropped off the shoulder of the road. Awakened, he saw the parked vehicle and attempted to pull back onto the highway.

Mr. and Mrs. O. A. Chaney of Pinconning spent Thursday in the city.

THE TAWAS HERALD

Facts...

Immediately following the announcement last October, 1953, by the Tawas Area Board of Education that it had selected the Neumann-Reinke site for the location of the proposed Tawas Area Junior and Senior High School, a group of citizens who felt the Fairground site more suitable began its campaign to force the board of education to change its selection. The board invited the group and any other citizens who had questions to come to its meetings for facts and information so that the citizens of the entire Tawas Area School District would be well informed on the subject. To clarify false rumors and to clear up any questions, the board of education authorized the publication of the following information in the Herald on November 13 and later issues.

"The Neumann-Reinke site is 608.9 at the highest point and 603.2 above sea level at the lowest point surveyed. The Fairgrounds is 590.02 at the highest point and 587.8 at the place where the building would be set. The highest point of the Fairgrounds is 13 feet below the lowest point surveyed on the Neumann-Reinke site. There is no water on the Neumann-Reinke site where the building is to be built. No fill will be required.

"Water was found at 586.4 on the Fairgrounds site. The architect stated that a fill of two feet for five acres would be necessary on the Fairgrounds site for the building. This would take 16,000 yards at an estimated cost of \$10,000 to haul fill dirt."

WATER AND SEWER: "Water and sewer must be installed from the southwest corner of the Neumann-Reinke site. The distance to the proposed building is 2,500 feet. Allowing \$5 per foot for sewer, 1.01 for four inch pipe and \$100 per foot for laying pipes, the cost will be \$17,500.00.

"Information used to determine cost was secured from the East Tawas and Tawas City Departments of Public Works. Both cities have assured that a suitable supply of water will be available." This is also in accordance with a statement issued by Clifford Spicer, City Engineer for both cities.

FIRE PROTECTION: "If fire hydrants are placed on the Neumann-Reinke site, the cost for insurance here and at the Fairgrounds would be the same. Driving time at a comparable speed to the two sites were three minutes, 20 seconds at the Neumann-Reinke site to the Tawas City Fire Station and one minute, 20 seconds from the Fairgrounds site to the East Tawas Fire Station."

CLEARING and LEVELING SITE: "An estimated cost for clearing and leveling the Neumann-Reinke site at \$150 per acre would amount to \$3,000. If the same cost was applied to the Allen property this would be an added \$3,000. The five acres of the Allen property which touches M-55 does not appear needed at this time and would not be developed right now. Only the part needed now would be developed and that would cut down the cost. Cost of preparing the Neumann-Reinke property would be much less, as this land is level, so \$1,000 should care for this. Total cost for this operation, \$7,000.

"The Fairgrounds property would have to be leveled and brush cleared. We believe a very conservative estimate for this would be \$1,000 to prepare this site."

COST OF SITE: "The forty acres of the Neumann-Reinke site are optioned to \$12,500. The Allen site optioned for \$4,000. Total cost for 65 acres, \$16,500. Cost of the Fairgrounds, according to the site committee, was set at \$15,900. This was verified by Paul Newcomb of the United States Forest Service."

PARKING FACILITIES: "Parking facilities are very important when 1,000 cars are predicted for some future events at the school. Unlimited area is available on the Neumann-Reinke site. The Fairgrounds site will hold 150 cars near the building. High valued residential property prevents any enlargement at this area."

PROTECTION: "The state laws provide protection from any persons who engage in an activity which will contribute to the delinquency of minors. We have the protection of the State Police and County Sheriff's Department in law enforcement at the Neumann-Reinke site. This along with the people now living in the immediate vicinity of the Neumann-Reinke site should afford adequate protection."

SIZE OF SITE: "If site is crowded, pupils have a tendency to trespass on private property. This has been the problem at all schools with crowded grounds.

"Large playgrounds are needed when 600 to 1,000 pupils all wish to use it at the same time. A few things not listed on the scale drawing, but which are needed: A practice football field, a practice baseball field and additional area for softball fields would be necessary to pupils in physical education.

"We will not immediately need all the site under option, but it seems the part of prudence to get enough land to meet all eventualities before the land has buildings placed on it.

"And as stated previously, we needed a large parking area."

TRANSPORTATION: "Plans have been drawn up where the transportation of students can be handled with one more bus at the Neumann-Reinke site. This bus would not be necessary but would make a smoother running transportation system. The fact that the state pays all transportation of all students living one mile or more from the school building, and also includes the purchase of buses, should be taken into consideration.

"This will also improve service in rural areas, and all in the cities would have transportation from a point near their home. Mileage will balance off at the two sites so very little difference will be registered."

SUMMARY OF COST:

Neumann-Reinke Site: As a 65 acre site, cost per acre, \$630.83.	Numann-Rinke site as a 40 acre site, cost per acre, \$850.00.
Site \$16,500.00	Site \$12,500.00
Sewer and water 17,500	Sewer and water .. 17,500.00
Clear-level 7,000.00	Clear-level 4,000.00
	\$41,000.00
Fairgrounds Site as 32 acre site, cost per acre \$910.90.	
Site \$15,900.00	
Sewer 2,250.00	
Level 1,000.00	
Fill Dirt 10,000.00	
	\$29,150.00

In view of the above comparison of the two sites, it seems strange that in the intervening months from the publication of the reports by the school board, until the election on the bond issue on February 8, 1954, this group who favored the Fairgrounds site could continue to agitate, giving no authoritative information, and help to defeat the proposal at the polls.

This group is still trying to force the school board, in whom lies the right of decision on the selection of the school site, to place the site issue before the electors of the Tawas Area School District. Why? What is to be gained? Did we not select these men to act for us when we elected them to the Tawas Area Board of Education? Is it not true that they have engaged the services of reliable, qualified men to do the research work on the site question before they made their decision?

If we are concerned about the educational facilities of our children, why not accept the decisions of the members of the board of education. In the four months following the announcement of the Neumann-Reinke site as the selected location for the proposed school, and preceding the February 8 election, this group, who opposed the site, presented no factual, reliable information. Since the defeat of the proposal on February 8, this group has continuously promised to present facts in support of its contention that the Fairgrounds is a more suitable site. To date, no such information has been submitted.

Should the remainder, the majority, of the electors of the Tawas Area School District, sit idly by and let a few individuals stand in the way, preventing our children from having adequate school facilities? It is true that this group should be given an opportunity to express itself, but this has been done. Now in all fairness to this group and any other individuals who feel that the proposed school program is extravagant or the site selection is a poor one, why not set a deadline for the submitting questions, facts with reliable information with them, and clear up any difference of opinion.

After this is done, perhaps we can get back to our original purpose and concern, the providing of better educational facilities for our youth.

Do You Remember This?

Many should remember this business section of Tawas City of 50 years ago. Included in the picture are the O'Brien house, Buch's Market, the Hamilton store and the old city hall on Mathew Street. This picture was furnished for the Centennial Exhibit, but the owner's name was not recorded.

ABOUT TOWN

Lenten Dinner
A Lenten dinner for Christ Church members was served at the Parish Hall Tuesday evening. After the dinner, the Rev. Canon Warner Forsyth led devotionals and a Lenten service.

Does Not Enjoy Dust Storm
Mrs. Charles Quick writes from San Antonio, Texas, that she is enjoying the Herald each week and that the weather is grand, except for the dust storm, when the temperature dropped from 98 to 32 degrees.

Townline Home Scene Of Surprise Party
Last Sunday a houseful of guests surprised Mrs. Marie Lepard in honor of her birthday anniversary. Present were Mr. and Mrs. George H. Brewer and family and Mr. and Mrs. Morty Brewer, all of Saginaw; Mr. and Mrs. Robert McQuard and family of Mio; Mr. and Mrs. Paul Heckman and family and Mr. and Mrs. George Heckman, all of Tawas City. Twenty-seven people were present for dinner, and 22 for supper. Mrs. Lepard received many nice gifts.

Community Chorus
Are you interested in joining the Community Chorus? The first practice will be at 7:30 next Tuesday evening at the Tawas City Gymnasium. Anyone interested may join. Mrs. Herbert Hertzler is director and Mrs. A. E. Giddings, accompanist.

Break Piggy Bank
The Girl's Class of the Tawas City Methodist Church emptied their glass piggy bank last week and found \$30, which they donated to the church building fund.

"Lost! Strayed! or Stolen! The Holy Sabbath!" was the title of an article by the late Doctor Rolland, editor of the Richmond Christian Advocate. He described our present use of Sunday as a tidal wave of destruction sweeping over our land. "The day God has resigned for rest and worship is being used by too many as a day of dissipation." He said, "We are in danger of losing our Christian Sabbath in a land which was established on the bulwark of that holy day."

Our forefathers, who helped to establish this as a Christian nation handed down to us a priceless heritage, the American Sabbath, a day for rest and worship. By our use of this holy day we seem to have questioned the value of this spiritual heritage. Moral and spiritual standards which were precious to our fathers and mothers are in danger of being swept away in a deluge of secularism. In its place too many people have substituted the holiday weekend. The worst feature of the present situation is the apparent lack of concern on the part of Christian people, who ought to be desperately stirred. Many of us never can be happy until far more than 25 percent of our

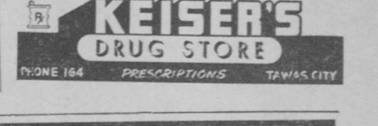

American people attend church regularly. Roger Babson, who businessmen pay handsomely for guidance in financial matters, said recently, "The only development which can maintain a sound economic structure and keep democracy afloat is a revival of religion, with a greater appreciation of the Lord's day." Then he warns us, "A decline in church attendance and prayerful Sunday observance is one of the sure symptoms that character is being undermined, and that our democracy under these conditions is headed for trouble."

In a democracy people are self governed. The majority of these self governed citizens must be motivated by the Divine Will of God. Under a dictator's rule, regular Divine Worship is not quite as important as it is in democracy. The dictator will make the decisions, in a democracy the people make the decisions. Thus the statement "Without a strong church neither democracy or civilization can long endure."
Regular Divine Worship in the church of your choice can strengthen the fibers of our nation. Attend your church this week and help to make our nation a strong God-loving democracy.—Rev. Wesley Dafoe, Whittemore.

To Mr. and Mrs. James W. Dillard of Oscoda, a daughter, Jane Ellen, weighing eight pounds 12½ ounces, on March 26.
To Mr. and Mrs. Joseph William Daly of Tawas City, a daughter, Nancy Jane, weighing eight pounds nine ounces, on March 23.

Education is not complete if all that the students get is a trained mind.

Listed in 400-Bushel Potato Club

Cedar Lake Ranch near Oscoda is listed among the 1953 members of Michigan's 400 Bushel Potato Club. Al Donovan grows Sebago potatoes, and last fall the yield was computed at 495 bushels per acre.

Growers who make the 400 Bushel Club do it with good seed, fertilizer, attention to details, control of disease and insects, and effective rotation. One hundred fifty-two growers are on the membership list of this club sponsored by the Farm Crops Department of Michigan State College. The purpose of the club is to honor those growers attaining the record and to

encourage the use of the best known and most modern production methods. It aims to help induce good yields of good quality potatoes at lower cost per bushel.

Gordon Hatch, work unit soil conservationist, tells us that plans are being made for farmers who wish to get tiling done in late May or early June, to get it done if there are enough requests to make it possible for a man with experience and equipment to come here.

Information is available on securing tile. If interested, place your request for this work right away. Contact Mr. Hatch or your Extension Service Office.

Folks are thinking about pruning trees and small fruits. And it is time they should. The idea of pruning is to take out the weak wood which would make small, ugly fruit anyway. Taking out

old, dead wood, and broken branches keeps down disease. Another reason is to open the tops of trees so that more spray can enter through the summer foliage.

Folders giving information and directions for pruning are available at the Extension Service Office, Federal Building, East Tawas, phone 641.

Sheep Raisers—Are you on the look-out for stiff lamb disease, a malady that causes heavy losses in some flocks before the trouble is recognized?

Graydon Blank, extension animal husbandman, at Michigan State College, explains that this trouble is caused by a lack of Vitamin E. The symptoms are lameness or stiffness in one or more legs, the back or entire body. He recommends force-feeding one or two 100 milligram size Vitamin E capsules at the first sign of trouble.

HIGH-SPEED relief from AGONIZING PAINS OF ARTHRITIS

Hospital tests prove Musterole gives relief almost beyond belief. Also greater ease in moving. Highly medicated. Concentrated. You can feel it work!

4-H Club Displays to be Featured on Television

Projects which will be used by 4-H Club boys and girls for Achievement Day demonstrations and displays will be featured on WWTW's weekly farm show Monday, April 5, at 9:00 p. m.

Arrangements for the Channel 13 show, which will also include other items of interest to northern Michigan farm families, are being made by K. C. Festerling, 4-H Club agent at Boyne City, and Emma Reinbold, home demonstration agent, at Petoskey.

Joblessness has continued to increase and, by mid-March, was being felt in almost all the nation's major industrial areas, according to the Labor Department. The Census Bureau's most recent unemployment count was 3,671,000 for February.

LETTERS to the EDITOR

Saginaw, Michigan
March 25, 1954.

Dear Editor:

This has reference to "The Tawas Herald of March 19, showing "The Arcade," owned by Curry Brothers and which burned in 1873.

If someone hasn't already identified the spot, let me offer this, it was on about the same spot that Thomas Curry rebuilt, later Luther Johnson had a jewelry store in the building.

The picture was taken (possibly by McEvoy) from the trestle that was used to haul logs from the bay to Whittemore Mill which was located on the river.

As you look north into the picture, you will observe the cupola of the then new courthouse, also the building then known as Whittemore store, also under the eaves of the courthouse you will discover another roof extending, this was the Whittemore home, the original part of same was first located east of the street, but high water in Saginaw Bay in the late 50's caused them to move it over on the river bank.

At the time the Arcade burned there was a small store about

where McLean's is now located. It was occupied by one, Dan Nathan, with his stock of dry goods (Dan slept upstairs). The following is as Suple Brabon told it to me.

The pail brigade was fighting the fire to save Dan's store when somebody had the idea of going upstairs and awakening Dan but without finding him. Brabon, with an uncle of mine, "Nick" Smith, and probably several more moved Dan's stock out and placed it in what was probably the Houston building. Next morning Dan came downstairs having missed the whole affair.

This about covers it for this time.

Sincerely,
Eugene Smith.

Dear Sir:

I would like to take issue on the article presented by the group calling themselves "The Citizens Committee for better Schools" in the March 25 issue of the Isoco County News, regarding the school at Pinconning.

Their description of the building under construction was correct. They failed to mention, however, that two other buildings previously constructed on the same site will also be used by the high school.

In regard to the two existing buildings mentioned above, one contains six classrooms, the other has facilities for agriculture and shop. These two buildings and the new one under construction all have separate heating plants. People reading this letter may wonder what the distribution of students is at the present time. Right now the high school is still in the old building in the east side of Highway US-23. The elementary students are partly in the old building and partly in the two existing buildings at the new site, which is on the west side of Highway US-23. When the new building is completed, all grades, kindergarten through eighth will return to the old building and the high school will occupy all three buildings at the new site.

Their total outlay, then, for a high school for 450 students will be \$382,000 for the new building plus \$175,000 for the site and the two existing buildings or \$557,000. The site itself has an area of approximately 19 acres and was purchased for \$11,000.

The above data is not based on rumor. I made a special trip to Pinconning to determine the facts.

In comparing the Pinconning school with the Tawas Area proposal, then, Pinconning is providing 450 students for \$557,000 on 19 acres of land and we are proposing facilities for 650 students for \$840,000 on 65 acres, 35 acres of which would be used immediately. Or they have invested \$1,242 per pupil, an approximate five year building program, against our proposal of \$1,292 per pupil. The above cost does not include Pinconning's athletic field which covers about 10 acres and is located north of town near the Wilson Cheese Company.

It seems apparent that the Citizens Committee for Better Schools is again making statements which are based on faulty information. These statements are resulting in confusion which is hindering rather than helping us to get that new school which we need so badly.

Very truly yours,
Clyde L. Soper.

East Tawas, Michigan

The letter from Superintendent Wilson of Alpena, which you recently published is very interesting in that it shows other cities are also having building and site problems. However, I believe that the similarity stops there, and I would like to point out wherein our situation is very different, since it is evident that while he probably knows all about the situation in Alpena, there is no doubt that he does not know about ours.

The site which is proposed by the Citizens Committee for Better Schools, known as the Fairgrounds-Nursery site, is composed of 32 acres, which together equal the area of 13 average city blocks in this city. You will see from this that there can be no comparison between that area and the area of the one city block which is mentioned in Alpena.

Also, there is ample room on this 32 acres for any development which can be foreseen for this area. Besides that, there is other land adjacent to it that, no doubt, could also be acquired should it be desired, and at a reasonable price. This site is well-drained, has sewer and water facilities, and is located within the limits of both Tawas City and East Tawas.

The other site which has been

proposed by the school board has twice the area, but it is located outside the limits of both cities, is not drained, and has no sewer and water facilities existing. Also it is estimated that it would cost the school district at least \$100,000 more to build there. Perhaps this is a small amount to the Alpena school, but it means a lot to the Tawas Area because of the small valuation here.

Another factor which we consider in favor of the Fairgrounds-Nursery site is that only 20 pupils of high school age now reside within a mile of the other site, whereas five or six times that number live within a mile of the Fairgrounds-Nursery site. This promises a savings in state and local funds for transportation both by school bus and by private cars for out-of-school-hours activities.

I would suggest that Superintendent Wilson visit both of these sites and consider the size of our communities before drawing comparisons, or suggesting that our school board quietly purchase an excessively large and expensive site contrary to the expressed will of the majority of the voter.

Sincerely yours,
Alice R. Dimmick
(Mrs. Joseph N. Dimmick.)
P. S. The assessed valuation per pupil in Alpena is \$13,863.00 and in Tawas Area about \$7,000.

HDA NOTES

The other day I chanced to visit with Mrs. Donald MacDonald and learned that 15 members of the Laidlawville Home Demonstration Group met all day at the Walter Anschuetz home on March 23. They had a sewing workshop, making towels and pajamas for the hospital. In all they will compete several dozen towels, and make up 64 yards of material into pajamas. Next Tuesday is the day to complete the job.

Do you have difficulty with wash cloths that wear out before the towels that match? If you purchase from open stock, why not get extra wash cloths that match those towels.

"My wife has three little ones to care for. She cannot attend the home demonstration meetings yet. But, she doesn't lose out. Those volunteer leaders trained by our home demonstration agent come to our house and show her what they learn. She feels pretty good about this neighborhood." This off-the-cuff comment from a truck driver tells the story of extending the services of Michigan State College Cooperative Extension Service.

Michigan homemakers are interested in more informative labeling of plastics. What can be expected of them? Will they stand heat? Melt? How about breakage?

Now that plastics are invading so many rooms in our homes, it is important that labels give this information.

Take a look at the Bakelite drawers in chests, for example. No dusty corners and no sticking. Plastic tile for bathroom is now made of styrene. Trays molded of plastics are tough and light-weight too.

Melmas dishes in attractive new designs are durable and break-resistant. They can be boiled, resist scratching in the dishwasher, but do not use them in dry heat.

Have you seen the new plastic-wood laminates for tough table tops? Chairs molded of fiberglass and plastics? Awnings of corrugated plastic? Vinyl floor covering that is tough and needs no waxing?

Here is a quick new way with mashed potatoes. Use dry milk solids instead of bothering to heat milk. Sprinkle about two tablespoons of the dry milk powder over slightly mashed potatoes, enough for six persons. Whip well, then add hot water to make the consistency you want. The dry milk does not cool your potatoes.

Soap or Syndet? For the conventional washer either soap or syndet is satisfactory provided you have soft or softened water. But for the automatic washer syndets are always more satisfactory. Syndets work better than soap in hard water districts.

If your coffee seems to lack that aromatic freshness you like, try cleaning the pot with a soda solution. Use three tablespoons of soda to one quart of water and let it stand in the coffee pot for five minutes. Rinse, wash and dry as usual.

Most plentiful foods for April will be fresh and processed oranges and grapefruit, cabbage, onions, beef, eggs, potatoes, dairy foods and broilers and fryers.

"Fun At The Meeting Place," That title for a book on recreation was made come to life at the Adult Recreation Training School in Standish on March 19. The school was conducted by Arden Peterson, Michigan State College recreation specialist, for more than 60 from the five counties in this area. Isoco delegates were: Mesdames William Froyoast, Harold Black, John Webb, Alton Durant, George Kendall, Walter Laidlaw, Charles Dillenbeck, Marvin Davenport, O. J. Westcott and the home demonstration agent.

WWTV Announces Expanded Program

An expanded program schedule highlighted by the addition of several outstanding shows and including the direct telecasts of 41 Detroit Tiger baseball games was announced today by Station WWTV, Cadillac.

Effective April 11, the Channel 13 station will bring to its

viewers programming starting at 4:30 each afternoon, except on days when Tiger games will be televised. Most of the baseball telecasts, which start April 14, will begin at 2:00 p. m., with a few opening as early as 1:00 p. m.

Headlining the new programs will be the Robert Q. Lewis show, a variety production starring Mr. Lewis and a host of well known entertainers. It will be seen Monday through Friday at 4:30 p. m.

The Lewis show will be followed by a half hour of children's western and adventure shows. Next on the schedule, at 5:30, will be a new 15-minute serial for children, introduced daily by WWTV's Story Teller.

A unique area and Michigan newscast will be seen daily except Sunday from 6:00 until 6:15 p. m., followed by five minutes of Let's Look at the Weather. The popular Neighborhood Notes will be shifted to 6:45, and a second newscast featuring national and world happenings will be seen from 6:50 until 7:00.

A religious series entitled, "This Is the Life," will start April 13 and will be telecast each Tuesday from 6:15 until 6:30. Added to the Wednesday night programs will be another new WWTV studio production, the Military Mailbag, on the air from 6:30 to 6:45. Representatives of the Army, Navy, Marine Corps and Air Force will appear on the show to answer questions about the services sent in by WWTV-land viewers.

Another new studio production, a half-hour of hillbilly music featuring bands from all parts of the midwest, will be added April 17 and will be seen each Saturday at 6:15.

Library Will Show Preview of Films

Would you like to preview some films on International Relations to see whether they would be good program materials for your club or school program?

Iosco-Arenac Regional Library has joined the Film Council of America Preview Center program and has scheduled preview services in several communities in each county for April and May.

Members of any organized group will be welcome. Six films will be shown each month and information about securing the films for club programs at later dates will be available. These preview services are for adults only.

The group to be shown in April will be as follows: "Born Equal," "India Fights Kans," "Farmer - Fisherman (Norway)," "Picture of Britain," "Frontier Farmers of Alaska," "United Nations-New York."

The films will be shown: April 5—Whittemore School, 8:00 p. m. April 6—Tawas City Branch Library in the City Hall, 7:30 p. m.

April 12—Augres High School Library, 8:00 p. m. April 13—Sterling School, home economics room, 2:30 p. m. April 19—Omer Community Hall, 8:00 p. m.

April 20—Standish High School, music room, 8:00 p. m.

20th Century Club Holds Fun Night

"Fun Night" was all the name implied at Wednesday evening's meeting of the Twentieth Century Club. An old-fashioned school with classes was portrayed by club members.

Mrs. Archie Ruckle was principal and the following were the faculty: Piano teacher, Mrs. A. E. Giddings; singing teacher, Mrs. George Leslie; seventh and eighth grades, Mrs. Ira Horton; fourth and fifth grades, Mrs. R. E. Mick; kindergarten, Mrs. William Fox, and physical education, Mrs. Leta Schlaack.

The pupils were all dressed as children and the teachers in centennial garb. Lunches were served in paper sacks. Chairman of the evening's entertainment was Mrs. Charles Van Horn.

Guest Night will be observed on April 17 with Wallace F. Watt, as guest speaker.

Home Demonstration Club Meets Tuesday

The Home Demonstration Club will meet April 6 at 8:00 p. m. in the Baptist Church basement. A lesson on cake decorating will be presented by Mrs. Phoebe Robinson. Anyone in the community who is interested in special cake decorations is invited to attend.

There are people in the world who hate to pay anybody for anything.

East Tawas

(Continued from front page.) Donald Hester, who is attending Central State College at Mt. Pleasant, spent the week-end with his parents.

Miss Shirley McKenzie, who is attending the School of Nursing at Sparrow Hospital, Lansing, visited over the week-end with her parents.

The Ladies Literary Club will meet Wednesday, April 7, at 2:00 p. m. at the club rooms. A report of the state convention will be given by the president, Mrs. Ben Wilson. Annual reports will be given by officers and committees.

Mrs. Alice Colburn and daughter, Frances, and Mrs. Roy Applin were in Detroit a few days this week.

Mrs. H. B. Patterson has been a patient at Omer Hospital, due to injuries sustained in a recent fall at her home.

State Trooper Jack Board and Mrs. Board, who recently came to East Tawas, are residing now at 715 East Bay Street.

Mrs. Dorothy Leitch of Alpena visited friends in East Tawas Monday and also attended the funeral of Mrs. Janet Dillon.

Mrs. Joseph Dimnick and Mrs. George Shawl represented the Tawas Area Parent-Teacher Association at a District Conference of the P.-T. A. held in Bay City Thursday of this week.

Christian Science Service

That the spiritual understanding which enables man to differentiate between the true and the false, is God bestowed and is unlimited by material heredity and environment is a leading point to be brought out at Christian Science services Sunday.

Selections from the King James Version of the Bible and correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy comprise the lesson-sermon entitled "Unreality."

Scriptural texts to be read include the following from James: "Every good gift and every cometh down from the Father of lights, with whom is no vari-

ableness, neither shadow of turning" (1:17). Readings from Science and Health will include the following: "Spirit imparts the understanding which uplifts consciousness and leads into all truth... Understanding is the line of demarcation between the real and unreal... This understanding is not intellectual, is not the result of scholarly attainments; it is the reality of all things brought to light" (505:16-17, 21-22, 26-28).

On the other hand, and in that connection I have advised interested parties who have written me about it, such a grant would be contrary to the policy of the Forest Service and that the Department of Agriculture would likely recommend against favorable action on such a bill. While expressing a willingness to work with your agencies of government, I have not misled anyone writing me, but have repeatedly outlined the oppositions that will be encountered and I have cited the long delays usually involved.

Any request for legislation should come in the form of formal action on the part of the unit of government making the request.

Sincerely yours, E. A. Cederberg.

This is released by the secretary of the board of education, Tawas Area Schools, Walter E. Niles.

STORE SALES DIP

For a four-week period, ended March 13, department store sales were six percent under those of the corresponding period of 1953 and, for the January 1-March 13 period, three percent under those of a year earlier, according to the Federal Reserve Board. Some of the lag in sales is believed to be caused by the late Easter this year.
