

## Visitors, Silver Valley Extends its Welcome

## Tawas Area Votes Monday on Bond Issue

### Community Building Will be Voting Place

#### Adoption of Proposals Will Finance District's New Building Program

Next Monday the electors of the Tawas Area School District will vote on raising money for a new school. This is the fourth step which will be taken in the movement started more than a year ago when the people of Tawas City, East Tawas and the surrounding school districts voted overwhelmingly for consolidation and reorganization so that a school could be built and a school program established which would fill the needs of this growing area.

The second step taken by the electors was the election of a board of education made up of men capable of implementing their desires and getting the work of building a new school underway as quickly as possible. Men from each section of the district were selected for the board.

On July the people of the district voted a five-mill tax levy for a building and site fund to get preliminary operations started for a new school. The vote Monday is on a bond issue to build the school desired by the people of the district. The bonds necessary to finance the building of such a school will amount to \$775,000. They will require a tax levy of 10 mills over a period of 20 years. During the last 10 years of the existence of the Tawas City district, a five mill tax levy had been in continuous operation for building and repair purposes. The present buildings used by the primary school were built under this program. It will require only five mills more to build a new school.

There will be two ballots at the election. Ballot No. 1 is the proposal to increase the tax limitation so that the 10-mill tax levy can be made. Ballot No. 2 would authorize the issuing of bonds for \$775,000 for a new school building.

Selection of a site is not one of the proposals to be voted on at the election. School law makes this a responsibility of the board of education. The Tawas Area Board of Education has made that selection by optioning the Neumann-Reinke property. But no matter whether a site was selected by popular vote or by the board of education, it would not be perfectly satisfactory to everyone. Some opposition to the site selected by the board has been registered. The proponents of this opposition have intensified their efforts during the past two weeks. However, the board of education has stuck to its decision. It was the site advocated by the citizen's committee. It met the approval of architects and engineers and was endorsed by the State Board of Education. Civic organizations of this two-city community and many electors from all sections of the consolidated district have expressed their approval and endorsed the school program established by the board of education.

### Thos. H. Wood Found Dead

Thomas H. Wood, pioneer Sherman township resident, was found dead in his home last Saturday.

Mr. Wood was unmarried and resided alone. He was found by a neighbor, Samuel Bessey, shortly after noon Saturday.

Born August 19, 1879, in Sherman township, he had been a lifelong resident of Iosco county. He was a member of Our Lady of Lourdes Church, Turner.

Surviving are a sister, Mrs. Margaret Brabant; two nieces, Evelyn and Arlene Brabant of Flint; two nephews, Harold Brabant of Buffalo and Joseph Wood of Flint.

Funeral services were held Wednesday morning at the Immaculate Heart of Mary Church in this city. Rev. Fr. Michael L. Maher officiated. Interment was in St. Joseph Cemetery, East Tawas.

### Free Coffee Served to "Sidewalk Superintendents"

Indicative of the tremendous interest in Northeastern Michigan's first VHF television station, WNEM-TV, Channel Five, is the steady stream of spectators who have been visiting the transmitter site daily.

Recently hundreds of "sidewalk superintendents" got the deluxe treatment when they visited the antenna site of WNEM-TV, Saginaw-Bay City's first very high frequency television station.

"Operation Coffee Cup," it was called, and WNEM-TV had uniformed caterers, well-placed, roaming the grounds serving free coffee to spectators and lollipops to the kiddies. Over 500 cups of hot coffee were served to spectators, in raw cold weather, who watched preparations to hoist a four-ton, 79 foot antenna atop WNEM-TV's 500 foot tower.

Saginaw-Bay City's first VHF television station, WNEM-TV, Channel Five, plans to begin operations early in February, weather permitting.

### Rev. Theodore Wuggazer Dies at Bay City

#### Services Held Tuesday Afternoon for Former Tawas City Resident

Funeral services were held Tuesday for the Rev. Theodore Wuggazer, assistant pastor at Immanuel Lutheran Church at Bay City.

Rev. Wuggazer grew to young manhood in this city, going from the schools here to Concordia College where he prepared to enter the Theological Seminary at St. Louis, Missouri.

His father, the late Rev. C. L. Wuggazer, was pastor at Zion Lutheran Church in this city for many years. Born January 31, 1879, he graduated from the theological seminary in 1901.

His first call was to a Mission in Flint. This was followed by serving as pastor at Millington, Reese and Fraser. He resigned in 1944 on account of health, but later accepted a request to assist the Rev. Theodore Steigmeyer at Bay City.

He is survived, in addition to his widow, by three sons, Rev. Martin Wuggazer of Berrien Springs; Rev. Theodore Wuggazer of Birmingham; and Rev. Erhard Wuggazer of Cedar Rapids, Iowa; three daughters, Mrs. Lawrence Gefeke of Napoleon, Ohio; Mrs. John Hall of Detroit; and Miss Helen, at home; 12 grandchildren, and a brother, Arthur Wuggazer of East Tawas.

Services were held at the Immanuel Lutheran Church at Bay City. Interment was at Trinity Cemetery at Reese.

### Students Attend Safety Talks

Iosco county schools will send representatives to the Northeastern Michigan Drivers Safety Conference which will be held February 11 at Alpena. Eleven counties are participating with each school sending five students and one faculty member.

### Mrs. Rollin Wins Television Set

The Arnold Rollins here in Tawas City are a very happy family, for Mrs. Rollin is the lucky winner of a 21-inch Traver television set, for her winning entry in the monthly Calendar Club Contest.

Mrs. Rollin was awarded the television set at a special ceremony at the Keiser Drug Store on Thursday, January 21, by the Humiston-Kelley Company, sponsors of the contest each month, who are wholesale drugists.

To win the set, Mrs. Rollin had to write the winning 25-word ending to the sentence, "I trade at my drug store because..." Contestants who enter the Calendar Club must first be Calendar Club members. Eighteen visits in one month to a Calendar Club drug store qualifies them to buy premium merchandise at special prices, and to enter the contest.

### Dr. Frye Will be at Methodist Church Sunday

#### Will Give Report on Work at Southernmost Church in World

Dr. Glenn Frye, assistant to Bishop Marshall Reed, will be at the Tawas City Methodist Church again Sunday at 9:00 p. m. In years past Dr. Frye has visited the church's work in both Orient and Occident. For several weeks this past year he traveled in Chile at the request of the Methodist Church to survey needs and inspect the mission work. He will report on the church building which the Tawas people helped erect at Lon Coche. Pictures will be shown to illustrate the growth of the congregations and their Christian work and influence. Of special interest will be the church at Puntas Arenas being helped this year. It is on the Straits of Magellan and is the southernmost church in the world.

This is the third year the Tawas City church has used February to help in keeping a world vision. Dr. Frye is the first speaker in the series of four Sunday evening missionary services. Next week the pictures taken by Bishop Marshall Reed of the Detroit Area while on an episcopal assignment in India will be shown.

Following the address Dr. Frye will answer questions or elaborate on statements made earlier. The W. S. C. S., under the direction of its president, Mrs. Maude VanHorn, will serve coffee and cakes for a fellowship hour.

The church must be congratulated because it is in the process of raising funds for an additional building unit here and yet will look to another needy congregation, and give it assistance.

### Veteran's Administration

Stanley Burmeister, veterans administrator, will be at the office of the Iosco County Superintendent of Schools at the courthouse on February 10 at 1:30 p. m.

### Polio Fund Drive Ends February 12

The Iosco County Polio Drive will be completed February 12 and your county committee urges you to give as liberally as possible to this year's campaign.

In addition to the 3,000 cards mailed out to box holders, canvassers have been placed throughout the county, cards given to children of school age and contact made with the industries.

The response to this date shows only 319 cards returned in the amount of \$11,144.00. Industries have paid in \$335. From past years, the county committee knows that the school children will respond again. More and more organizations in the county have taken it upon themselves to raise funds towards this worthy cause and are doing an excellent job. A year ago the Wursthalm Air

### Kurtzrock-Bronson

St. John's Episcopal Church at Oscoda was the scene of a very pretty wedding last Saturday at 5 o'clock when Maori Bronson became the bride of Charles Kurtzrock of Oscoda.

The ceremony was solemnized by Canon Warner L. Forsyth before the immediate family and a few close friends. The altar was decorated with white stock and yellow roses. Mrs. Dale Vaughan was organist.

The bride wore an ice blue spring suit with matching hat and navy accessories. She carried white orchids on a white prayer book.

She was attended by Miss Marie Nash, who wore a pink suit with matching hat and navy accessories. She carried orchids on a white prayer book.

The bride's mother, Mrs. Henry Bronson, wore a navy blue dress with pink accessories and an orchid corsage.

The groom was assisted by Ivan O'Farrell, Elwood Bronson served as usher.

A reception and dinner for 100 guests was served at 7 o'clock at the Barnes Hotel.

Pre-nuptial showers were given by the following hostesses, Mrs. A. E. Giddings, Miss Marie Nash, Miss Beth Blake and Mrs. Robert Richter. The rehearsal dinner was served last Friday evening at the home of Mr. and Mrs. Elwood Bronson in East Tawas.

The bride is the Iosco County Child Welfare agent and operates the Sally Shop in Tawas City. The groom is a deputy in the Iosco County Sheriff's Department.

They left on a three week wedding trip to Tampa, Florida, and upon their return, will make their home on US-23 near Oscoda.

### Winter Sports Carnival Opens Today

#### Coronation Ceremonies And Banquet to be Held Tomorrow Night

A throng of sparkling colored ice will be a part of the impressive background for the selection of Silver Valley Winter Sports Queen tomorrow afternoon (Saturday) at Silver Valley, states Elwood Bronson, area supervisor. The selection will be held during the various winter sports activities in the valley during the annual winter carnival which opened here today. The carnival is sponsored by the Tawas Chamber of Commerce.

Five down-state cities will be represented with candidates competing for the title of Silver Valley Winter Sports Queen. The candidates are: Miss Margaret Ann Reinke, Saginaw; Miss Bonnie Fisher, Detroit; Miss Nan Gray, Bay City; Miss Diana Harris, Flint, and Miss Ann Sannahan of Midland. The committee in charge of queen arrangements is headed by William Borosch, chairman.

The selection of Silver Valley Queen and other activities at the winter sports carnival will be televised by Station WJBK-TV and broadcast over Radio Station WJR.

Robert Powell, Detroit broadcast announcer, heads the committee of judges who will select the queen. He will be assisted by Joseph Gentile and Ralph Benge of Station WJBK-TV.

Tomorrow evening's program starts at 8:30 when Robert Reynolds of WJR makes his regular broadcast from the Community Building. There will be interviews with the queen and her court, visiting celebrities, winter carnival committee members and others.

Robert Powell will be master of ceremonies at the queen's coronation which will be held at the Barnes Hotel at Tawas City. The banquet will start at 7:30 p. m.

The coronation ceremony will take place at 10:00 during the queen's ball at the Community Building. Robert Reynolds will crown the queen.

During the past two week-ends activities at Silver Valley have been at their peak. John Pinter, Silver Valley Committee chairman, Thousands of enthusiastic winter sports fans have been enjoying the new toboggan slides and greatly improved facilities in the area. Last week-end 110 members of the University of Michigan Ski Club were among the many who participated in winter sports at Silver Valley.

Among those scheduled to attend the events here will be a large group from Detroit, coming here in chartered Greyhound buses.

### Mrs. Marzinski Dies at Detroit

Tawas City friends were grieved to learn of the passing of Mrs. Louise Marzinski on Monday at Ford Hospital in Detroit. She had been in poor health for the past few years and went to Ford Hospital about a month ago for treatment.

Louise Krumm was born in Brooklyn, New York, on June 12, 1882. She was married on June 22, 1901, to Theodore Look, who passed away in 1911. On October 7, 1919, she was married to Edward Marzinski, who died in 1933.

She is survived by four daughters, Mrs. Ella Startzman, Mrs. Louise Illner, Mrs. Irma Freeman and Mrs. Theodora Girek, all of Detroit, and a sister, Mrs. Amelia Kline of Lansing.

She was a member of the Emanuel Lutheran Church of this city. Funeral services were held Thursday from the Schmelzredt Funeral Home in Detroit with the Rev. Paul Heyn of this city officiating. Burial was made in the Glenn Eden Cemetery.

Announce Engagement—  
Mr. and Mrs. Arthur DeLage of Alabaster are announcing the engagement of their daughter, Joan, to Donald Lloyd McKenzie, son of Mr. and Mrs. Clarence McKenzie of East Tawas. Wedding plans are indefinite.

NOW IS THE TIME TO—

## Exercise Your Right to Vote

Monday is Election Day. The day on which the electors of the Tawas Rural Agricultural School District No. 1, Fr. 1, make their fourth trip to the polls. The Proposition before them is the decision to put into effect a bond issue levying a 10-mill tax to make possible the building and furnishing of the proposed Tawas Area Junior and Senior High School.

The initial step in this educational program was made by the electors of Grant Nos. 2 and 3; Alabaster Township and Whitney No. 6; Tawas Nos. 2, 3, 4 and 9; Wilber No. 4, Fr. 1; Baldwin No. 2; East Tawas; Tawas City and Tawas No. 7 School Districts when they voted on September 30, 1952, to reorganize into one large school district, the Tawas Rural Agricultural School District No. 1, Fr. 1. Since that time much effort and study have been put on the needs of the school district. Capable men were elected as members of the board of education. With the cooperation of Superintendent Reynold Mick and interested citizens of the community, they have worked out the building program of the proposed Tawas Area Junior and Senior High School.

Foremost in the minds of all of us is what is best for our children, our neighbors' children—the citizens of tomorrow.

Now it is up to you, the qualified electors of the district. Before election day take a few minutes to think of the decision at hand—its an important one. Then remember to EXERCISE YOUR RIGHT TO VOTE MONDAY.

WHAT IS ITS FATE—

## Barren or Beautiful

For many years the Tawas City Park has needed improvements and beautification. Several attempts have been made by residents of the city to raise funds for this purpose. Each time the attempt fell short of its mark and the appearance of the park went unchanged.

Last summer Councilman George Tuttle, chairman of the park committee, and the City Council started the ball rolling by having a miniature of a proposed Tawas City Park constructed of cement and placed on display. Because of the high water the past few years, much fill is needed before the construction of a building is considered. In July the City Council authorized the beginning of this big job and 18-inches of fill was made by city employees. Two hundred fifty feet of piling was also authorized and work was begun. Bad weather interfered with part of the project.

This is Centennial Year and much of the activity planned for Centennial Week and other week-ends throughout the summer will need a centrally located place for presentation. The City Park, overlooking beautiful Tawas Bay, is the natural scene for these activities.

Now, while the ground is covered with snow, is the time to look ahead to spring. The City Park is located in the heart of our city, across from the new Isoco County Building. Its attractive appearance is a matter of pride with all of us.

## Weeks on 1954 Business

Secretary of Commerce Sinclair Weeks has echoed the sentiments of other Administration officials in recent months by predicting that 1954 would be "among the better years of economic history." The Secretary made his estimate in a report reviewing the year 1953 and the record boom of last year.

Several of the points he stressed, in predicting that business would be good—although possibly not at 1953 peak levels—are worth mentioning. First he notes that the population has increased from 158,500,000 a year ago to 161,000,000 at present. His figures on personal income are also interesting, since they show that the annual rate is now \$285,000,000,000 compared to \$281,000,000,000 a year ago.

This increase in personal income is a significant factor which will naturally support the broad base of consumer demand in coming months. Weeks also pointed out that, in the year ending in September of 1953, American citizens added \$25,000,000,000 to their liquid assets.

## Bible Comment:

### Those Who Know Jesus Can Feel His Presence

IT was as the Savior of Men, the redeemer, that Jesus fulfilled His earthly mission.

But the Gospels reveal on almost every page how the Savior of Men was also teacher, healer and friend.

Jesus was also the great Sympathizer, entering into the joys and sorrows of life, weeping with those who wept, but sharing the joys of a wedding feast.

He freely accepted hospitality and mingled with men, especially, with the common people "who heard Him gladly."

We call Him the "Man of Sorrows," and it befits one who bore the world's sins and invited the heavily laden to come to Him for rest.

But back of the sorrow and tragedy of the sin that crucified Him was One who was neither recluse nor ascetic.

He is not only our Savior, but also our Friend. He called His disciples "friends," and He is the friend of all who would be His disciples.

This continuing Presence and Friendship of Jesus is not a myth nor an emotional illusion.

Nothing is more sure than that thousands have felt, and feel the reality of that spiritual Presence.

It brings into daily life and experience the warmth and tenderness, the faith and hope, the uplifting word that helped and inspired and blessed those who met the Master in His earthly life.

But if one would have that experience of the present Christ today, one must know that Master in His earthly life.

And the one sure way of knowing Christ is by reading the New Testament, and especially the four Gospels.

## Your County Churches

In October 1868, only 11 years after Isoco county was organized by the legislature, the Tawas City Methodist Church was organized. Five years later, the church was strong enough to erect a building on the site now occupied and given by the public minded Whittemore family. In another five years the church grew to such strength that the members were able to support a minister, and it was separated from the other churches of the Tawas Circuit.

Oldtimers still tell a story of one of the early ministers. He gained the admiration of the younger set through prowess with the bow and arrow. But when he killed a neighbor's pig with it the older folk thought it time he moved to another parish.

A parsonage was built and later razed. At the present time the congregation is making plans and raising funds to erect the Memorial Hall on the vacant property. Overcrowded Sunday School, lack of rest rooms, lack of place to meet socially and for youth activities make it obvious that if the Methodists are to continue to serve in Tawas City the facilities must be enlarged.

The importance of this church is not in its history but in its future.

### 22 Members Present at St. Mary's Guild Meeting

St. Mary's Guild met at the home of Mrs. George Gifford last Tuesday evening with 22 members and guests present. "I am the Master" was the devotional theme presented by Mrs. Walter Otis. Mrs. Lewis Besancon gave the chapter of the study book, entitled "For Us Men."

Mrs. G. N. Shattuck read some "thank you" letters from overseas for gifts sent by the guild and showed two lovely handmade doilies sent to the group from Greece.

Mrs. George Rice conducted the business meeting and appointed Mrs. Ray Chandler chairman of the food sale for January. Mrs. Gifford served chiffon pie and coffee. The next meeting is to be held at the Parish Hall February 9, with Mrs. Rice and Mrs. Arland Lundy hostesses.

### Missionary Program on Africa to be Given Feb. 11

The Baptist Missionary Society will meet at the home of Mrs. Charles Mercer Thursday, February 11, at 2 o'clock. A missionary program on Africa will be given by Mrs. William Leslie.

Members and friends are requested to come.

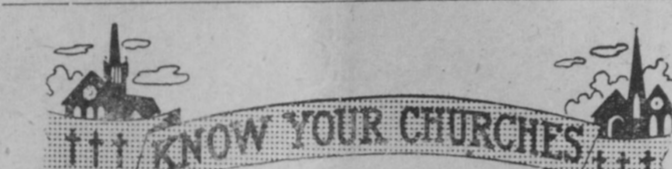

The human race, in the struggle for improvement, is handicapped by two classes of citizens, those who take everything lightly and those who take everything too seriously.

Even the price is sensational! only **\$2223.88\***

As you look at it, you can see a lot of what makes this new 1954 Buick SPECIAL so sensational.

You can see the long, low, sleek and ultra-glamorous lines that add up to the biggest automotive styling change in years.

You can see the remarkable new windshield with the back-swept corners—greatest visibility improvement since closed cars came on the market.

And of course you can see the price—the local delivered price—which is headline news, too.

For that, as a shopping tour will tell you, is just a few dollars more than those of the so-called "low-price three."

But what you can't see is the rest of the sensational automobile that's yours for the low price shown here.

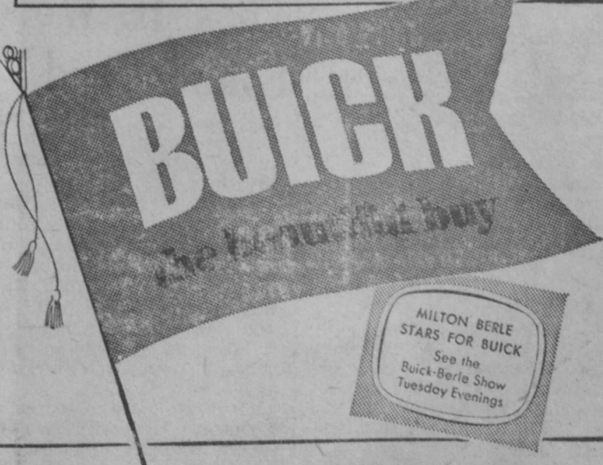

The spectacular power of this SPECIAL's brand-new V8 engine. The honest six-passenger roominess. The truly modern interior luxury. The superb new handling ease. The sublime comfort of Buick's famed Million Dollar Ride—now steadied even more by a newly developed front-end geometry.

Fact is, there's so much that's terrific about this new glamor car, you ought to drop in and give it a really thorough study and sampling.

That way you'll prove to yourself that the buy—and the thrill—of the year is Buick. Come in this week, won't you?

**X YES**  
**On School Proposals**

### LETTERS to the EDITOR

On February 8, 1954, the voters of this Tawas Area School District are asked to go to the poles and vote for or against

raising the fifteen mill limitation and to bond the school district for sufficient funds to build adequate buildings for the education of the school children of this consolidated area school district.

To you mothers and fathers, who have children just entering school or are nicely started up the grades, you are going to vote "yes" on both propositions because you want your children to get the best education for the least amount of money. What I mean by the best for the least is, that if this proposition is defeated, you of each area must begin planning for enlarging your own system and the amount of money you will spend will be a great deal more and you will not have the facilities as are proposed.

The valuation of the whole area is \$7,738,189 which is so great that we can have a much better school for a lot less amount for each tax payer than if each area would build an ade-

quate system by themselves. Tawas City's valuation is \$1,446,396, and East Tawas's is \$2,116,447.

To each of the older tax payers in this area, your vote means so much toward the success of this proposition. You whose assessed valuation of your property is 750, 800 or even a 1,000 dollars will not mean so much in money, perhaps four to eight dollars a year in school taxes. Think of the children who are going to enjoy the benefits of a modern school as it is proposed by your school authorities.

A bond issue was defeated when my sons were entering high school in East Tawas and they never forgot the advantages they might have had if the voters had voted to build a school and gym.

As to the location of this proposed school, it may not be the best, but who will not give and take a little one way or the other to accomplish an end that means so much to the youth of today and the future.

Your County Treasurer,  
Grace L. Miller.

### Iosco's Poet

Dorrance and Company of Philadelphia recently announced the publication of "Woodsmoke" a book of verse by Mrs. Ida Westervelt Sibley of Reno township. The book is now on sale. Mrs. Westervelt, in giving the background from which she wrote, says:

"In September of 1876, when I was a child of two years old, I was brought to Iosco county, Michigan, from the southern part of the state by my parents in a covered wagon drawn by horses. The northern part of the southern peninsula of Michigan was a rather wild and wooded country, inhabited by the early pioneer Michigan settlers to which my family belonged. It was a new country made up of heterogeneous group of peoples of many trades, industries, nationalities and religions. Lumbermen, riverdrivers, teamsters, store keepers, hotel keepers, camp cooks, surveyors, called timber cruisers and landlookers. They were all needed and had their place in the scheme of things to provide a living for themselves and their families, and were mainly kindly and neighborly people.

"My people were of New England States ancestry and experienced in the hardship of pioneer living. I have been told some of them landed with the pilgrims at Plymouth, Massachusetts. I am a member of the Daughters of the American Revolution, because my father's mother, Roxana Wakefield Westervelt's ancestor, Aaron Wakefield, fought in the Revolutionary War.

"My father, John Westervelt, was a blacksmith by trade. He was a worker in iron and an expert horseshoer and teamster. He settled on land and cleared a farm on which he and his family lived, and he held various offices in his locality, such as, supervisor, treasurer, school director, etc. He hauled logs from the rollways to the saw-mills in his vicinity and farmed his land growing crops that were needed by the lumbering towns nearby. I spent my girlhood days on the farm on Silver Creek in Wilber township. There I helped my father all I could with the work he had to do. From this environment and work I learned much of the needs of the farm. I gained by school knowledge from country schools where I had to walk two miles there and two miles back. They were plain country schools, not graded as now. Later I learned the dressmaking trade, also became a housewife, assumed the care of a country cross-roads general store at Taft, and a fourth-class country postoffice (Siloam) for which I did all the writing for 16 years and the writing for the store as well for 34 years. Also I wrote many letters for old lady friends, to their relatives at a distance. My family and I picked cherries for eight years in the cherry orchards at Traverse City, Michigan."

"Wood Smoke and Other Poems" are selected poems from poems written through a lifetime. The book will be available at The Tawas Herald office, Tawas City; Gould Drug Stores, East Tawas; Fuerst and Charters Store, Whittemore, Hale Drug Store, and from the author.

### MICHIGAN OUTDOORS

OUR HIBERNATING POPULATION

As winter closes in on Michigan outdoors quite a few of our animals cut down the cost of living enormously by crawling into a hole and virtually pulling the hole in after them for a few months! The small matter of self preservation is involved, too, for by hibernating they also automatically remove themselves from exposure to most natural enemies.

**Bear Typical**  
The Michigan Black Bear is an outstanding example of complete hibernation in a mammal. They do not merely become torpid like a woodchuck, but simply den up underground—perhaps under a huge stump, where they sleep quietly, subsisting on accumulated fat to sustain life. During the long winter retirement which begins with the coming of the first heavy snows, the black bear's cubs are born naked and blind. They weigh little and develop very slowly. Even while the mother is still in hibernation the cubs nurse and grow although their rate of growth is slow.

**Semi-Hibernation Common**  
While some animals, such as the bobcat and fox, range their territory all winter, others take a deep breath and remain almost in suspended animation when severe cold spells hit the state. The raccoon is typical of this category. Beginning early in the fall the 'coon eats just about twice his normal intake of food building up a heavy layer of fat. This serves a double purpose—keeps him warm and supplies energies for those cold waves during which he chooses to find a comfortable den and remain curled up in a furry ball. However, once the sun comes out and the air temperature rises above freezing he'll be on the move again in search of an ear of two of corn forgotten by the farmer.

These days the raccoon is moving into suburban areas, too—and city dwellers report seeing more and more of the "masked bandit" in the hours after dark.

Squirrels fall into a similar classification, "hibernating" only for a day or two at a time. Folks who believe those commodious nests high in hardwood trees harbor squirrels in the winter are wrong—for these animals move about throughout the winter. Unfortunately they suffer severe casualties in population during a hard winter. But they are a prolific mammal—chances are we'll be seeing a lot more of them in the months to come.

**It's Snowing SAVINGS at our MID-WINTER SALE**

Our value-packed Mid-Winter Sale features so many low, low prices that it's a regular "Blizzard of Bargains" that will snow you under with savings. Come see for yourself. # News About Hale...

Four families represented the North Plainfield Farm Bureau at the home of Herman Drenberg Wednesday, January 20, at 8:30 p. m. The meeting was called to order by Chairman Herman Drenberg. After roll call and minutes of the previous meeting were read and approved, the secretary read the Farm Bureau Creed. Minuteman, George Lake, gave his report. A discussion of the report followed and the material was filed for future reference.

**Miracle Whip**  
SALAD DRESSING

The Blue Cross chairman, Mrs. Drenberg, stated it was time for payment. The secretary read an article sent by the State Health Department. A discussion led by Lloyd Guest followed. A pot luck lunch was served by the hostess, Mrs. Drenberg, after which indoor horseshoe was played. Dean Guest was the winner.

The Hale and Reno Baptist Missionary Society meet at the home of Mrs. Fred Humphrey Wednesday afternoon. Each member brought her discarded Christmas cards to be made in-

to a scrap book for children in the hospitals.

Helen and John Harvey Kerr of Bath visited in Hale over the week-end.

Mr. and Mrs. Glenwood Streeter and Mr. and Mrs. Emil Wagner were guests of the Roy Redmonds on Friday night for a pancake supper and homemade ice cream.

Mr. and Mrs. Hugh Slosser were shoppers in West Branch on Tuesday.

The Dr. Kelker Bible Class from the Baptist Church met on Monday night for the regular meeting with 29 present. Mrs. Pearl Huber and Mrs. Marge McCulin were on the entertainment committee and a good time was reported by all. Mr. and Mrs. Jack Richards were callers in West Branch on Tuesday.

Mrs. Elmer Graves returned from Saginaw Thursday after spending a week with her daughter, Mrs. Leah Kurtz. Mrs. Shirlyave Kessler and Mrs. Bernita Follette took their brother, John Bigelow, to Tol-free Memorial Hospital Sunday night where he underwent an appendectomy.

Mrs. Richard Harris is still in a critical condition following an accident last Sunday.

Mrs. Bernice Marfleet and Mrs. Doris Allen were visitors in East Tawas Monday.

Deloise Allen and Lloyd Springsteen spent Sunday with their families.

Mr. and Mrs. Orville Leslie of Tawas City called on her niece, Mrs. Dale Johnson, and family Saturday night.

Mr. and Mrs. Duell Pearsall have gone to Florida for a vacation.

Howard Atkinson received word of the death of his mother, Mrs. Olmstead, which occurred at the home of her daughter in Detroit. Sincere sympathy is extended to the family.

Funeral services were held at the Methodist Church at 2:00 p. m. Tuesday for the former Goldie Shufelt. Death was caused by a heart attack.

## Lower Hemlock

Mrs. Victor Bouchard is spending 10 days in Bay City with Mr. and Mrs. Richard Reinke and making the acquaintance of her granddaughter, Susan Kay Reinke.

Mrs. Olive Whitfield of Bay City spent several days the past week with her sister, Mrs. William Struthers, who was injured by a fall.

Mrs. Clifford Bennington is substituting as teacher at the Lutheran School during the illness of Miss Brandt.

Mr. and Mrs. Grant Bessey, Mr. and Mrs. Glenn Long and Mr. and Mrs. John McArdle attended a dinner at the home of Mr. and Mrs. William Sherman Saturday evening in honor of Mrs. Long's birthday.

Arthur Grabow is in Detroit for a couple of weeks where he is attending school in connection with his work at National Gypsum plant.

Many children have been absent from school the past few weeks due to chicken pox, mumps and colds.

Mr. and Mrs. Arthur Anschuetz of Grant township were Sunday evening visitors of McArdles.

Mr. and Mrs. Arnold Anschuetz and Carol spent the past week-end in Bay City with Mr. and Mrs. Clifford Anschuetz and Shirley Anschuetz.

Mr. and Mrs. Herman Fahselt of Tawas City spent Tuesday evening of last week with Mr. and Mrs. John Katterman, Sr.

Mrs. John McArdle attended a chicken dinner in Alpena Tuesday evening sponsored by the Stanley Home Products Company.

Mr. and Mrs. Arnold Anschuetz and Carol were supper guests of Mr. and Mrs. Wilfred Youngs and family one evening during the week.

Mr. and Mrs. Delbert Albertson and children were Sunday supper and evening visitors of their parents, Mr. and Mrs. John Katterman, Sr.

Mr. and Mrs. George Biggs spent Sunday evening with Mr. and Mrs. George Walbridge of Ottawas Beach.

Mr. and Mrs. Billie Biggs and Terry of Tawas City and Mr. and Mrs. Wayne Biggs of East Tawas spent Sunday afternoon with their parents, Mr. and Mrs. George Biggs and family.

Mrs. Otto Kobs, Sr., of Tawas City is spending several days with Mr. and Mrs. Ray Kobs. She had the misfortune of falling on the ice cracking a bone in her ankle.

## Do You Remember This?

This picture was taken by Photographer Bradshaw way back when. It is the old bridge that crossed over Tawas river at Whittemore Street. The picture was furnished by Ray Ristow for the Centennial Exhibit.

## HEMLOCK ROAD

A prayer meeting was held last Tuesday evening at the home of Mr. and Mrs. William Herriman.

The community was shocked by the sudden death of Fred Boulder, a former resident of this vicinity. Sympathy is extended to the family.

Mr. and Mrs. Alton Durant spent Wednesday of last week with Mrs. Donald Harsch at East Tawas.

Mrs. Peter Owens of Plymouth and friend spent the week-end with her father, Frank Long, and Mr. and Mrs. Lyle Long.

The Euchre Club held its last meeting at the home of Mr. and Mrs. Glenn Biggs. A chicken supper was served.

Mr. and Mrs. Lester Biggs entertained Mr. and Mrs. Robert Umphrey of Sand Lake for supper last Thursday.

Mr. and Mrs. Stanley Vansickle entertained Mr. and Mrs. Donald Pelton Friday. Donald has been discharged from service.

Mrs. Glenn Biggs fell on the ice last Wednesday injuring her knee and ankle.

Mr. and Mrs. Donald Pelton called on Harvey McIvor and Mrs. Clara Smith. Mr. and Mrs. Fred Pfahl spent Sunday afternoon with them also.

## Whittemore News

Margaret Biglin of Fort Lauderdale, Florida, and Philip and Mary Mielock, who are attending Michigan State College, spent the week-end with the latter's parents, Mr. and Mrs. James P. Mielock, and family.

## Iosco Schools Get \$24,514.44

The third apportionment of sales tax money should be divided among the school districts as follows.

Burleigh R. Ag.	\$2,740.79
Oscoda R. Ag.	6,135.88
Plainfield R. Ag.	3,220.61
Reno, 1 fl.	443.47

Cpl. Clare T. Phillips, whose wife, Dorothy, lives at 206 East DeWitt Street, Bay City, recently spent a seven-day rest and recuperation leave in Kobe, Japan.

Phillips is normally stationed in Korea as a forward observer with Battery B of the 49th Field Artillery Battalion.

The son of Mr. and Mrs. Stanley Phillips, Star Route, East Tawas, the corporal was formerly employed by the Dow Chemical Company.

# For Better Schools Vote 'NO' ON BOND ISSUE---Feb. 8th

Every forward-looking citizen in the Tawas Area School district wants new modern school facilities for our youngsters.

But let's make our school tax dollars stretch as far as they can in buying good value in a new school centrally located, with good recreational facilities and space for future expansion of educational facilities.

But why spend between \$50,000 and \$60,000 more than is necessary (remember you will be paying interest on the bonds for a long period of years) to provide sewer and water service to the proposed Neumann-Reinke site out on M-55—a state trunkline with fast traffic; to provide fill for athletic fields and other recreational facilities; to provide drainage for an area that is flooded every Spring (as any resident of the area will tell you); and to provide additional buses and bus transportation for youngsters in both East Tawas and Tawas City who could walk to and from a more centrally located point?

A "No" Vote will mean that the Tawas Area School Board must come up with the bond issue again at another election after 30 days for the school project, but, this time, with a different proposed site.

And, right here, is where we would like taxpayers in the new Tawas Area School District to consider again what the Nursery-Fairgrounds site of some 32½ acres—centrally located in both Tawas and East Tawas—has to offer as a good site for the new school and gymnasium-auditorium.

FIRST—32½ acres—centrally located in both East Tawas and Tawas City—affords plenty of area for school and recreational facilities, and parking area, to take care of upwards of 1,000 students.

Grand Haven on Lake Michigan recently completed their 2¼ million dollar school-civic center project on 20 acres, for some 1,200 students.

Out in Minnesota, a new rural agricultural school has recently been completed to take care of an eventual 1,200 students on 30 acres, with two football fields, tennis courts, baseball diamond, winter sports playground area, and SIX ACRES FOR PARKING SPACE. Please note again—all this on 30 acres.

SECONDLY, we believe the Fairgrounds-Nursery site—centrally located in both East Tawas and Tawas City—can be obtained FREE instead of exchanging lands valued at \$15,900, because it now belongs to one public agency, the U.S. Forest Service (except for a few acres in city streets and a small city park owned by East Tawas, which would be donated) and it can be deeded to another public agency—the Tawas Area School Board—through Act of Congress, which Rep. Elford (Al) Cederberg, of Bay City, has promised to push through for our area, if desired. It should be acquired, if public opinion were organized behind the project, within a short time.

THIRDLY, a large number of school youngsters in both Tawas City and East Tawas could walk to and from school, within 1½-mile radius. And, please remember school buses are not furnished to take youngsters to and from basketball practice, play practice, and other extra-curricular activities at the school, nor evening basketball games or civic activities.

A new school and auditorium-gymnasium, built on the Fairgrounds-Nursery site should tend to draw Tawas City and East Tawas communities closer together, instead of widening the too long-existing gap—as building at the Neumann-Reinke site may do.

Throughout Michigan, there is a rapidly rising demand for tax assessment equalization, to be accomplished by the state tax commission and not by local assessing bodies. That means higher real and personal property assessment throughout the county, and, of course, in the townships and communities making up the new Tawas Area School District!

VOTE "NO" ON THE SCHOOL BOND ISSUE FEBRUARY 8. Then we can make a new start within 30 days on a centrally located school and community center at the Fairgrounds-Nursery site, where our school and tax dollars will be better spent.

WHO CAN VOTE? - It is not necessary to be registered. Qualifications to vote on bond issue: You must be a citizen of the U.S., you must be a resident of Michigan for 6-months, and a resident of the district for 30-days. You must be a taxpayer or the married husband or wife of a taxpayer. On the raising of the millage, the same applies but you do not have to be a taxpayer.

## Grand Haven Just Built a \$2.3 Million High School and Civic Center on 20 Acres of Land. Why can't We Build Ours on 32.5 Acres at the Fairgrounds Site?

## Infants' Sleeping Bags Provide Ample Comfort

BY EDNA MILES

TO your baby, the right kind of clothing is just as important as the right kind of food. Pediatricians say that restricting clothing is unhealthy.

They add that clothing should be loose enough to permit baby to move around easily, particularly in his sleep.

One safe and comfortable garment designed for just such a purpose is a sleeping bag that provides lots of room to wriggle and kick.

At the same time, it protects baby from drafts and prevents him from crawling over the side of the crib.

This sleeping bag has a long zipper that allows mother to change baby's diaper without removing the garment. And there's additional safety in the zipper tab closing, which can't be opened by small fingers.

Best for the budget, this garment grows with the baby. The same sleeping garment right for a baby of three months will also

Protection from drafts and lots of room for kicking are provided by this sleeping bag for babies.

be right for a baby at the age of three years. They let out for a total of 12 inches. The sleeves grow, too. The secret lies in the double line of stitches at the barrel bottom. This bag comes in fabrics for all seasons: heavy wool for winter weather; cotton flannelette or blanket cloth for chilly weather and cotton plisse for warm months.

## LOOKING BACKWARD

40 Years Ago—Feb. 6, 1914.

Fred Woizeschke returned Wednesday to Detroit after a visit with his father and other relatives.

A meeting of good roads enthusiasts was held Wednesday at the courthouse. An organization was perfected and will be known as the Iosco Good Roads Association. James E. Ballard was elected president and J. G. Patterson, secretary.

Rev. W. R. Blackford was in Detroit last week.

Miss Sophia Green is visiting her sister, Miss Victoria Green, a teacher at Rose City.

Tawas City Schools were closed this week on account of two deaths from diphtheria in the city.

**HIGH-SPEED relief from AGONIZING PAINS OF ARTHRITIS**

Hospital tests prove Musterole gives relief almost beyond belief. Also greater ease in moving. Highly medicated. Concentrated. You can feel it work!

**MUSTEROLE**

**"Monthly Pains" stopped or amazingly relieved**

in 3 out of 4 cases in doctors' tests!

Chances are you're putting up — unnecessarily — with the functionally caused pains, cramps and weakness, "no good" feelings of frustration!

For, in actual tests by doctors, Lydia E. Pinkham's Compound brought complete relief from such distress in 3 out of 4 of the cases!

Lydia Pinkham's is modern in its action.

So get Lydia E. Pinkham's Vegetable Compound — or new, improved Tablets with added iron. See it taken through the month — it doesn't give relief from those backaches, jitters — help you feel better before and during your period.

Or — if you suffer from functional "hot flashes" of "change of life," find out how wonderful Pinkham's is for that, too!

It has a quieting effect on stinging irritations that often cause "nerve" pain!

**need reliable answers to your "crisis questions" this year! ... get them in**

**FARM NOTES**

Calendar:  
 February 8, Monday—Extension Service Advisory Board meeting, Grant Township Hall, 8:00 p. m.  
 February 9-10—State Farm Machinery Conference, Michigan State College.  
 February 10, Tuesday—District meeting of Michigan Livestock Exchange, Reno Township Hall, 1:30 p. m.

The weatherman has treated us fine so far this winter, but did make impossible the advisory Board meeting planned last week. We will try again on Monday evening, February 8—same place, same time.

Some recent research findings indicate that local farm equipment dealers are expected by their customers to serve as counselors far more often than one might guess.

For that reason the agricultural engineering department at Michigan State College is planning a state-wide farm machinery conference. Its purpose is to help improve the counseling ability of farm equipment dealers.

February 9 and 10 are the dates for this conference which will be held on the Michigan State College Campus. This information is provided us by Robert G. White, extension agricultural engineer.

Why not mention this conference to the farm equipment dealers in your community within the next few days? They may not happen to see this item about it. Further information is available here at the Extension Service Office.

Reno Township Hall will host this district's meeting of the Michigan Livestock Exchange on Wednesday, February 10, beginning at 1:30 p. m. The subject is, of course, livestock marketing, and the program offers the following topics:

"Veal Calves Your Best Milk Market" discussed by Donald Stark of Michigan State College; "Farmers Can Do Something About Livestock Marketing" to be explained by Ike Walton, who is general manager of Michigan Livestock Exchange. These men will also discuss "Boom or Bust in '54" and "Our Detroit Calf and Lamb Auction" after which there will be an election of district officers and delegates. There will be an opportunity for discussing your questions and problems.

Be sure to put your name in the box for the drawing to follow the program. Lunch will be served.

Larry Johnson, extension dairy specialist at Michigan State College tells us that the next training course for DHIA testing will be March 8 to 19 and will take place on the campus. Anyone interested in further information about this course may have it by calling at the Extension Service Office.

Bright golden oranges—just right for eating out of hand or squeezing for juice—are at their best right now. They are bursting with Vitamin C so necessary for daily health. A four-ounce glass of orange juice will furnish your daily Vitamin C needs.

When buying oranges, choose firm, fruit, heavy for its size with a smooth, waxy, thin skin. Skin color need not always be bright orange.

Oranges come in three varieties—Navels, Valencia and juice. The Navals are grown in California and Arizona. They are perfect for eating out of hand. Navels have a deep orange skin and are seedless.

Valencias are grown in Florida and California. They are excellent for juice. Valencias may show a greenish tinge around the stem end. This is your sign that the orange is fully ripened, sweet and juicy.

Juice oranges grown in Florida and Texas have a color added stamp on their bright orange skins. This color was added merely to make the skin more attractive, and does not change their flavor or eating quality. Small oranges in the five or 10-pound bags usually cost less than the large oranges in five or 10-pound bags. But the five or 10 pound bag of small oranges will give you more juice per bag. From individual oranges you will get more juice from a large than from small orange of the same variety.

You will find several of these varieties in your local food stores. Buy them to fit your individual needs.

**CHILDREN LOVE IT**  
 -and Velveeta is rich in milk's vital food values!

\*High-quality protein, calcium, phosphorus, riboflavin, vitamin A

plantings are available from Michigan State College. This announcement comes from Ira Bull, superintendent of MSC nurseries.

Available are red pine, Scotch pine and Jack pine seedlings. The nurseries also have black locust and honey locust trees for erosion control and black walnuts for timber production.

Information on prices and order blanks may be obtained from the Extension Service Office.

Are you figuring up your income tax return these days? Do you have all the necessary blanks? If not we can probably help you.

Does your inventory show your machinery investment to be more than \$50 per tillable acre? If so, Harry S. Will of Michigan State College agricultural economics department advised an appraisal of the situation to see if the investment is justified.

When machinery investment exceeds \$50 an acre it is often more economical to custom hire some farm jobs done. And remember that machinery expense is affected not only by original cost, but also by repairs, operating expenses, insurance, housing and interest on the investment.

**HDA NOTES**

Calendar:  
 February 8, Monday—Extension Service Advisory Board meeting, Grant Township Hall, 8:00 p. m.

A dozen women braved the roads on Tuesday to be present for the cake decorating lesson taught for home demonstration group leaders by Mrs. Robert Dodder. They will be practicing to teach what they have learned to other members of their group.

Present were Reno members: Mrs. James Sturtevant, Mrs. James Mielock, Mrs. John Cobb, Mrs. George Waters, Mrs. Edward Robinson and Mrs. Will Waters; Whittemore members: Mrs. Sterling Cataline, Mrs. Leo Sylvester, Mrs. Cory Huff and Mrs. Earl Daugherty; Laidlawville members: Mrs. Donald MacDonald and Mrs. Herman Fahselt.

Six young people, unable to go to school that day, came along to watch, "oh," and "ah," with their mothers as the cake decorated by Mrs. Dodder took shape.

In February there will be a second lesson on this same subject.

Do we expect too much from the term "Miracle Fibers"? We should not expect every pleated garment to be permanently pleated just because it is one of the new fibers, or a fiber blend.

To really know means to "read the label." And do follow the directions given for fabric care.

A label which tells you that there is 35 percent acrilan with wool that means that your skirt will hold its shape. If the label says 50 percent acrilan with wool, it will hold its pleats well. A 25 percent orlon, blended with wool, will give press retention.

Garments made of 55 percent orlon with 45 percent wool blend, sometimes labeled Lorette, are giving satisfaction in pleated styles. All such blends are not Lorette.

Save your labels. They will help you later on to know how to care for the garment, or what to tell the dry cleaner about it.

**WITH... Iosco 4-H Clubs**

4-H Club news reporter have been very quiet this week. Maybe it is because of the wintery weather we have been havin'.

Two 4-H Clubs have meetings scheduled with Harold Hammond. The program will be a movie and discussion about better home lighting and bulb selection. Burleigh Wizards will meet on February 10, and West Hale on February 11.

A good many older 4-H Club members earn money as baby sitters. As such they do have a great responsibility and should be prepared for emergencies.

Sitters should know where parents can be reached in case of need. It is wise, too, to know the name and location of a neighbor or friend who can be called if necessary.

A baby sitter is "second mother" while on duty. She should feel a great responsibility for the safety of the children as well for their comfort and happiness.

Know the telephone numbers of police and fire departments; know the location of the fire extinguisher and how to use it; know where the first aid supplies are and list danger spots in the house or yard where children are likely to get into trouble.

Take with you a few games to help with your job of entertaining the children. A story book, dominoes, blocks, an inexpensive toy or two will do. A notebook and pencil to write down information from the parents will be helpful, too.

Can you sharpen a butcher knife? One who knows will tell you that the secret is holding the knife so the blade forms a 20 degree angle against the stone.

Who ever thought of making sweaters from corn? Vicara, one of the newest fibers used in sweaters is made from the protein found in a kernel of corn. It is blended with wool or with wool and nylon. It is weak when wet so handle with care in washing.

**PRICES**  
 Emphasizing the fact that price trends were not "behaving like a business recession," the Bureau of Labor Statistics has reported a slight drop, one-tenth of one percent, in the consumer's price index between mid-November and mid-December.

## P.T.A. Questions

Answered by Tawas Board of Education

Answers to questions submitted at Tawas Area Parent-Teacher Association on January 18, 1954.

1. Why purchase a 60 acre site that is nearly completely wooded if you are going to clear only 20 acres?

The selected site contains 65 acres. Approximately 20 acres are cleared and have been under cultivation. There are 24 acres determined for clearing at an estimated cost of \$3,600. This amount of land will allow for all contemplated needs at this time and the remainder can be developed as needed.

2. Why, if the Neumann-Reinke site is so far above sea level, is it under water in the spring?  
The property has a clay strata which was found in 31 of 33 test holes made by R. J. Cooks at from 2.2 feet to 4.2 feet. This holds up the water from immediate passage to ground water level. This surface water is now pocketed and can be removed by surface drainage. There is adequate fall from the site for this drainage in the open ditches.

3. Why not wait until spring?  
A spring vote would start construction in September and necessitate cement work in the winter. That would be an additional cost.

4. Have you checked completely on the water levels at the Fairground?  
Borings have been made at a point where the building would probably be placed. Ground water was found at 37 inches and 41 inches. Last August, a test hole was made by R. J. Cooks, at about the middle of the property, adjacent to the Detroit and Mackinac property. Water was found at 36 inches. This was the material used by the architect for his analysis.

5. How did you arrive at the 15 percent dissension on the site, when at East Tawas, I believe the count was approximately 60 percent voted, that the board was ill advised on the site.  
The 53 votes at East Tawas were considered, as were two other at the other area meetings, making a total of 55. This makes a total of 15 percent of the total number meeting in the area during the week of January 11 through 15.

6. Who is going to pay the cost of sewer and water from the present position of Tawas City supply to the city limits where the school will take over?  
Tawas City residents in that area have already requested this amount to be laid and it will be installed, whether the school takes it from that point or not. They will pay this amount.

7. Does the state pay anything toward building a school building?  
The state pays nothing toward the cost of the building. All state contributions are for operational costs.

8. Why does it cost so much?  
Building costs like all other items have increased. Every economy will be effected in the building that will not injure the education program.

9. How were the figures of cost arrived at?  
We first decided what was needed now, and in the reasonable future. With these facts in mind the architect drew up preliminary plans. These plans were reviewed by the board of education, the administrators of the schools and the co-chairmen of the advisory committee.

10. When Mr. White stated that the Fairgrounds site had 22 1/2 acres in East Tawas, he never mentioned the part in Tawas City. Did he know of this portion in Tawas City?  
Mr. White knew of the part in each city. That was an unintentional omission. There are approximately 32.5 acres in three separate parcels, with the major portion in East Tawas.

11. Information furnished by a citizen.  
I have information that the lift station mentioned as necessary for the nursery site is already needed for that section of town and all material is on hand.

12. Has not been conveyed to the board of education, but that would eliminate \$6,000 from consideration of that site as reviewed by Mr. White, if true. The amount was taken from a committee of East Tawas Businessmen's statement. No comment was made as to who would pay at that time. If it was for school use it was assumed the school would bear the cost.

13. Why not vote on both properties?  
Eleven sites were considered by the site committee and the board to a greater or lesser degree. The board of education must, legally, determine a site. With help of surveys, and state recommendations they established the type of site they would like. The selected site most nearly met these requirements, both for now and any foreseeable needs. They chose this site to further explore. If they did not exercise

## Braves Win Their 11th Game of Basketball

The Tawas Area Braves chalked up 80 points last Friday night to defeat Sterling, and win their 11th game. The only losses this year were suffered in the Alpena Invitational Basketball Tournament. The game Friday night was played at the local gymnasium.

The Tawas team combined some fancy shooting by Morley, who made 46 points, and the team's usual brand of ball to run up an early lead and outdistance their Sterling rivals, 80-43.

Morley, with 46 points on 22 baskets and two free throws, was way out in front in the individual scoring. Templin was high for Sterling with 19 points. Next high was Davison of Tawas with 11.

The Junior Varsity also came through with a win, defeating Sterling, 40-27, in the first game last Friday night. A quick lead for Tawas, 12-5 at the quarter and 22-11 at the half, set them up for an easy last half.

Five field goals and one free throw, totaling 11 points, by Featheringill took individual scoring honors. R. Morley followed with nine. Snyder and Seannell of Sterling each had five.

Coming games for the Braves include:  
February 5 (tonight)—Oscoda, here.  
February 12—Hale, there.  
February 19—Romeo, here.

Sterling 5 5 7 9—27

their legal right to choose they have reason to believe other groups would demand consideration of still other sites and greater confusion would result than now exists.

14. What about a watchman for the schoolhouse?  
This may be answered by another question. Do we have a watchman at the Alabaster or the Vine Schools or at our other existing buildings?  
People live near the proposed site and we will have police protection from the sheriff's department and the State Police.

15. Did the board pick one site and then build up a case for it?  
The board of education had made no site selection nor had it discussed a choice at board meetings. When materials from the site committee was turned in to the board, it met with the administrators and the advisory committee and went over the findings. The board unanimously determined that information at its disposal, clearly called for the site selected.

16. Why take water from Tawas City, when a good and plentiful water supply could be had by a well?  
The cost of a well would in itself not be too prohibitive but to have the necessary supply and pressure for adequate use such as fire protection would require the expenditure of more than the cost of city water.

17. Would the portion of Old M-55 from Tawas City to M-55 be raised and black topped?  
That would depend on the County Road Commission, together with Tawas township, whether they would do that work.

18. Can buses be used for transportation of voters?  
Wolverine Insurance Company has extended coverage for the day of February 8, for use to transport voters. Mr. Creaser is arranging the routes with key people in all areas to contact if you wish the service.

19. Why is only one voting place used on the election?  
In a bonding election in a Rural Agricultural School District organized as we are only one voting place is legal. The Community Building in East Tawas was chosen as it is large enough to easily accommodate the voters. It has adequate parking space available to accommodate the electorate and it will not disrupt other programs during that day.

20. What will it cost taxpayers to build the proposed school?  
The board of education must pledge \$77,000 a year to pay for maturing bonds, interest and to build up a reserve fund equal to any years payment of bonds and interest.

This amount can be raised by a 10-mill levy on equalized valuations. The amount of levy in Whitney township, Arenac county will have to be adjusted on the basis of state equalized valuation figures.

## Transportation to be Furnished School Electors

Because of our large area district and the requirement by law for a single voting place, transportation by bus is being set up February 8 wherever enough electors desire it. Wherever a smaller number are involved, cars or small buses will be used.

Many citizens in various areas have agreed to act as contact persons in their respective areas so that people may call them and they in turn will call Director of Transportation C. J. Creaser. If buses are used one schedule or at the most two in an area will be followed. Smaller conveyances will be open to call at any time.

The following have agreed to accept this responsibility:  
Point Area—  
E. L. Deacon, phone 145; Val Fallu, phone 327-72.

## Americanism Subject At Auxiliary Meet

At Monday evening's meeting of the Audie Johnson Unit, American Legion Auxiliary, Mrs. Emma Sloan, Americanism chairman, gave a portion from the book, "A Man Called Peter," in observance of Americanism month. The article was entitled "The American Dream" by Peter Marshall. She also gave one of Marshall's prayers.  
During the business session,

## Campfire Girls Give Program at Club Meet

The Ladies Literary Club of East Tawas met at the Methodist Church Parlors on Wednesday evening. During the business session led by the president, Mrs. Ben Wilton, the names of several women were presented for membership.  
A fine program was given by the Campfire Girls, who were guests of the club. The groups gave demonstrations of their work.

## East Tawas

(Continued from front page.)  
Several members of Christ Episcopal Church are attending the annual convention of the Episcopal Diocese at Detroit this week. Among those who represented Christ Church are Canon and Mrs. Warner Forsyth, Rev. and Mrs. Richard Jennings, Mr. and Mrs. John Watkins, Mr. and Mrs. L. G. McKay, Jr., and Mrs. Otis of Tawas Lake.  
Grace Lutheran Ladies Aid will meet at the church for a business and social meeting next Thursday evening, February 11. Barbara Hester, daughter of Mr. and Mrs. Earl Hester, has been quite seriously ill at Tawas Hospital.

## WANTED, Bargain Hunters—BIG NINER Sale Coming, 101 Real Bargains. Watch mail for full descriptive circular. Tuttle Electric & Supply Co., Tawas City.

After the program, refreshments were served by the Literary Club sponsors of the Campfire groups. Table decorations were in Valentine motif with a beautiful centerpiece arrangement of red and white flowers, and red candles. Hostesses were Mrs. Herbert Hertzler, Mrs. E. Moehring, Mrs. E. L. Deaco, Mrs. C. S. Everett, Mrs. Russell McKenzie and Mrs. C. J. Creaser.

for more economy and better heating

# Convert to GAS!

Convert your present heating and cooking equipment to convenient, economical gas! You can't beat gas for thrift, dependability or comfort. You'll find gas to be the perfect source of heat for your home heating, cooling and hot water needs. That's why we suggest you convert to gas for satisfying comfort and real economy!

# NOTICE TO DOG OWNERS

There has been so much variance of opinion on the dog laws, that I would like to clarify a few things to the people.

At the October, 1953 session of the Board of Supervisors, it was agreed that the dog warden job would be discontinued, and that the job would be handled by the Sheriff's Department.

As the enforcement part is under state law. It is the duty of all Police officers to enforce this act.

All dogs picked up by officers while at large will be held in the county dog pound for a period of 48-hours or more. So if your pet is missing Contact the Sheriff's office at once, or call at the pound which is located back of the new county building.

All dogs MUST be licensed at the age of three months, and all adult dogs must have their licenses by MARCH 1.

A member of the Sheriff's staff will make a house to house canvass over the county to collect delinquent taxes.

The Board of Supervisors have made a request that the Sheriff or one of his deputies make an inspection of all property claims, or losses caused by dogs. And also request that all dog laws be enforced. Numerous complaints already are coming in this year. Your co-operation will be appreciated in this matter.

## Laws Governing the Ownership of Dogs are Given Below

**CONFINEMENT AT NIGHT.**—Every dog shall at all times between sunset of each day and the sunrise of the following day, be confined upon the premises of its owner or custodian, except when said dog is otherwise under the reasonable control of some person. (Sec. 287.263 C.L. '48).

**KILLING OF DOGS; DUTY OF OFFICERS.**—It shall be the duty of every police officer, on complaint, to kill any dog or dogs which are found outside of an incorporated city, running at large and unoccupied by owner or keeper (Sec. 287.278 C.L. '48)

**SAME; JUSTIFICATION.**—Any person may kill any dog which he sees in the act of pursuing, worrying or wounding any livestock or attacking persons, and there shall be no liability on such persons in damages or otherwise, for such killing. Any dog that enters any field or enclosure, outside of an incorporated city, unaccompanied by his owner or his owner's agent, shall constitute a private nuisance and the owner or tenant of such field or other enclosure, or his agent or servant, may kill such dog while it is in the field or other enclosure without liability for such killing. Except as provided in this section, it shall be unlawful for any person, other than a police officer, to kill, injure or attempt to kill or injure any dog which bears a license tag for the current year. (Sec. 287.279 C.L. '48).

## IVAN O'FARRELL, Sheriff of Iosco County

## BE GOOD TO YOUR HEART-

# HEART-

## And Your HEART Will Be Good To You!

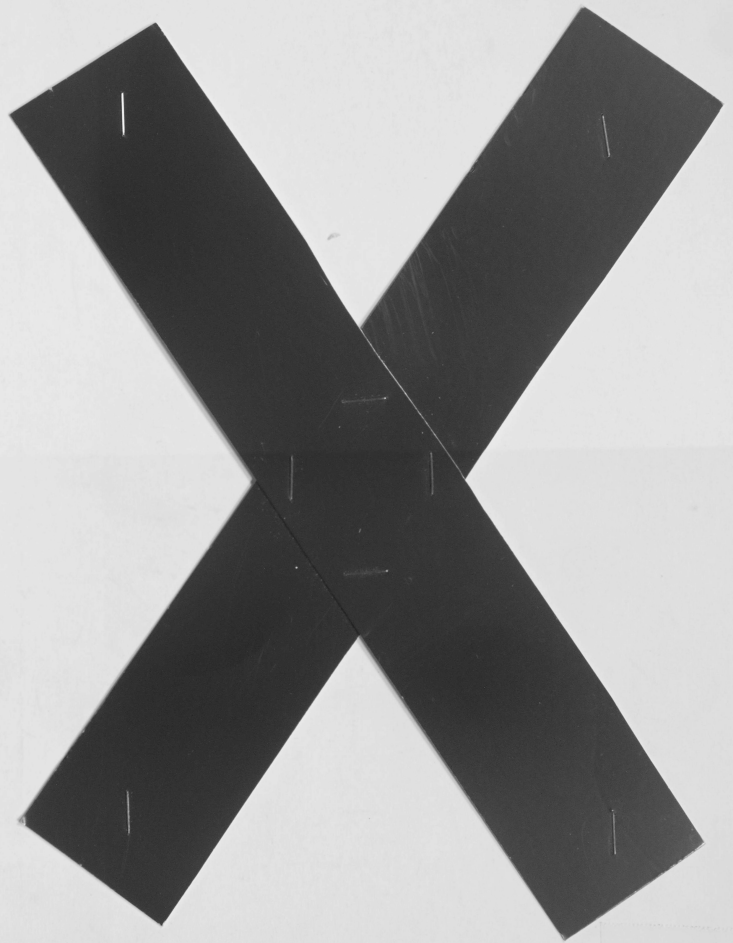

Your heart must last you a lifetime. And the more care and consideration you show to your heart, the better are the prospects that your lifetime will be longer, healthier, and happier. Medical science is making remarkable strides in both knowledge of the heart and in the treatment of ills of the heart. Avail yourself of the protection afforded by this modern medical knowledge. See your doctor regularly because heart conditions detected in their early stages are more easily controlled, more readily helped. Avoid fatigue, obesity, infections, emotional upsets, and over-work. Let this be your Golden Rule—"Be good to your heart—and your heart will be good to you."
