Two of Nation's Top 'Lightning' Skippers Stage Championship Battle

Dr. Murphy Wins Michigan District Trophy

41 Boats Participate in 3-Day Tawas Bay Yacht Club Regatta

Two of the nation's top Lightning skippers, Dr. Gerald Murphy of the Lake Fenton Yacht Club, and Henry Cawthra of the Crescent Yacht Club, staged a battle last week-end for the Michigan District Lightning Championship on Tawas Bay.

Both skippers were tied in total number of points following the races Saturday, but Murphy was first to cross the finish line in the final heat Sunday. This win gave Murphy a total of 183 points to lead all of the Lightning skippers and is the new champion of the Michigan Lightning fleet.

Murphy was awarded the Michigan District championship trophy following Sunday morning's final heat by District Commodore Burrows Morley of Higgins Lake.

Close behind, in a 176 point tie, were Cawthra and Wesley Weidrick, both of the Crescent Yacht Club, Detroit. Cawthra is a former three-time district champion and presently holds the International championship.

The second place slot in the district regatta was awarded to Weidrick, however, who crossed the finish line ahead of Cawthra three times to decide the runner-up title.

In fourth place, with 162 points, was James Shudel of the Bayview Yacht Club, Detroit. The first four skippers will have the right to enter the International Lightning Regatta in August.

Forty-one Michigan Lightning skippers participated in the regatta. The Tawas Bay Yacht Club was the host to the visiting skippers. It was the first such regatta ever to be held on Tawas Bay.

Edward McKinley of the TB YC finished in 11th place. He was the only local skipper to finish near the top and crossed the finish line in fifth place during the race Saturday afternoon.

Other Tawas Bay Yacht Club skippers who competed were: L. G. McKay, Jr.; Marvin Mallon; Gordon Everett; Berkeley Smith, Jr.; and Charles Moulthrop.

The weather was near perfect for the three-day sailboat regatta, which began on Friday morning. Several hundred spectators crowded the State Park dock in East Tawas to watch the races.

The regatta was under the direction of Harry McFarlane, general chairman of the International fleet. He was assisted by Clarence Everett, commodore of the Tawas club.

The official starting boat for the races was the Sarah Jane, owned by Commodore Everett. The Oka B. II, owned by Carl Babcock and George Myles' Maribou Kay were also officials' boats.

Following the final heat Sunday, prizes and trophies were awarded to the winning skippers at the Tawas Bay Yacht Club site. Each of the 41 competing skippers was awarded a plastic tag showing that his craft participated in the district regatta.

Mrs. Raymond Pershon and daughter, Kathy, returned to Detroit after a month's visit with Mrs. Pershon's mother, Mrs. Frank Nelem. Mr. Pershon spent the week-end here and Mrs. Pershon and Kathy returned with him.

The new king of Michigan Lightning skippers, Dr. Gerald Murphy of the Lake Fenton Yacht Club, is shown being awarded the Michigan District championship trophy by District Commodore Burrows Morley of Higgins Lake. More than 40 boats participated in the three-day racing program on Tawas Bay—Herald Photo.

Park Improvements Now Underway

Work on the Tawas City Park dock will begin next week, following the Monday night meeting of the city park board. A \$1,300 construction contract was awarded to the William Stedner Company of Bay City.

The Bay City firm will enclose the dock with steel piling which was recently purchased by the city.

A bid of 85 cents per square foot of construction by the Bay City firm received the unanimous approval of the board members.

At present, the Bay City dock construction company is at work on the State Park dock in East Tawas.

New steel picnic tables were placed in the park last week-end and were used by many local residents and out-of-town visitors. The tables were constructed by Clute Sheet Metal of Tawas City.

Change in Zoning Sought at East Tawas

A change in zoning has been proposed at East Tawas to allow for the construction of a new building by the Michigan Bell Telephone Company in what is now a residential area.

The property is located at the corner of State and Tawas Streets. A public hearing on the zone change will be held tonight (Friday) at the East Tawas City Hall. The site is known as the Thompson property.

It was stated that the new building will provide for the rapidly expanding service in the area and for a dial system when it is installed within the next two years.

Clarence Gates of Royal Oak spent the week-end here with relatives. Mrs. Gates and Louise Ann returned Tuesday after a week's visit with Mrs. Fred Landon and Mrs. John Pavelock and family.

Whittemore Man Named To Farm Committee

Edward L. Robinson of Whittemore has been named to membership on the Iosco County Farmers Home Administration Committee.

Carl F. Adams of Hale and Arden Charters of Whittemore are the other members of the committee.

Robinson's appointment was announced by Russell N. Johnson of West Branch, administrator for the district.

Gives Public Recital At Ann Arbor Hall

Robert Mark, son of Mr. and Mrs. James Mark of this city, will give a public recital Sunday evening in Angell Hall at the University of Michigan.

He will be accompanied by David Rice. The recital is presented as part of the requirements for the degree of Master of Music.

Miss Leta Clements of Hale was a business visitor in the city last week.

Bopp-Busch Manufacturing Co. Holds Fourth Annual Picnic

The Bopp-Busch Manufacturing Company of AuGres and Tawas City held its fourth Annual Family Picnic at the Whitestone Point State Park Saturday, July 17, with approximately 120 people attending.

Following a picnic lunch, games were played with prizes going to Mrs. Jerry Pressler, Miss Mary Beth Pollite, Mrs. Violet Allen, Harold Freehling, Edward Kammerzell, Mrs. Katherine Schutte, Mrs. Harold Freehling, Harry Proulx, Bernard Freehling and John Weigandt.

Mr. and Mrs. Fred Schutte won the egg throwing contest and Mrs. Katherine Engleman won the ball in the barrel throw. In an inner tube pumping contest first prize was awarded to

Stock and Road Cars Feature Races

Combination stock car and road car races were again featured at the Whittemore Speedway last Saturday night. Track officials announced that road car races will continue to be scheduled every Saturday along with the stock car races.

Several crack-ups kept the large crowd on the edge of their seats. Jack Thornton rolled his road car over to the right of the grandstand and put his car out of commission for the evening.

Heat race winners were George Ice and Al Church of Bay City, Ed Slavinski, National City, and Don Armstead of Whittemore. Ice also won the stock car Australian Pursuit and Armstead took the road car event.

Mr. and Mrs. B. M. Over have returned to their home in Los Angeles, California, after a visit with her mother, Mrs. Otto Zollweg.

Eight Contests on State and County Ballots and Jail Proposal Face Iosco Voters

3 Contests on County GOP Ticket

Democrats Present Slate of Candidates for County Offices

Three county offices and three state offices on the Republican ballot are contested in the primary election which will be held next Tuesday. In addition, electors will vote on the county jail proposals and name delegates to the county convention.

The contestants for the nominations for county officers are: Reginald J. Barnett and William R. Barber for prosecuting attorney; Mrs. Grace L. Miller and Lyle A. Long for county treasurer; Albert H. Buch and Harold F. Black for register of deeds.

Those having no opposition are: George A. Prescott, clerk; Ivan O'Farrell, sheriff; Richard Elliott, drain commissioner; E. D. Jacques and E. John Moffatt, coroners; Carl R. Small, surveyor.

There are four candidates for the Republican nomination for governor: D. Hale Brake, Owen J. Cleary, Donald S. Leonard and Eugene C. Keyes.

Clarence A. Reid for lieutenant governor, Homer Ferguson for United States senator, Elton A. Cederberg for congress are unopposed.

Charles T. Prescott is being contested by Richard C. Laney and Harry B. Werner for state senators. Prescott's record in the state senate is the best recommendation for his re-election to that office.

There are seven candidates for representative from this district in the state legislature. They are: James P. Mielock, Raymond Bushey, Richard H. Deadman, Henry Douville, John Pierce, Walter W. Weinkauf and Charles Williams.

Mielock, the candidate from Iosco county, is well qualified for the office. He has the necessary ability and experience in public affairs. This appears to be the first opportunity in many years to elect a representative from this end of the district.

On the Democratic ballot G. Mennen Williams has no opposition for the nomination for governor. George S. Fitzgerald and Philip Hart are contending for the nomination for lieutenant governor. Because of the death of Blair Moody, the nomination for United States senator has only one candidate, Patrick V. McNamara.

Norman D. Vaughan of Osceola is one of the two candidates for the Democratic nomination for congressman for the 10th District. The second candidate is William J. Kelly of Bay City.

On the county ticket the Democrats have the following candidates: Robert Oates, sheriff; Lionel Wesenick, clerk; William Sheffer, treasurer; Wilbur Roach, register of deeds; Arthur Coash, drain commissioner.

Iosco Democrats Hold Pre-Election Meeting

Iosco County Democrats announced a pre-primary election meeting at 8:00 p. m. Sunday at the V. F. W. Hall, Tawas City.

Vane Patterson has taken up his new position in Lansing in an administrative capacity of the New York Life Insurance Company. His wife and children will join him later.

Election Returns to be Tabulated at Iosco Courthouse

Election returns will be received at the courthouse Tuesday night, according to an announcement made by County Clerk George A. Prescott.

Township and city election boards have always given fine cooperation in making reports on election returns. With several county contests and the vote on the county jail proposal, the returns will be of special interest to voters and candidates Tuesday night.

Turn Coal Yard Into Plant Parking Lot

The old sheds and cement foundation walls were removed this week and the ground leveled on the property at the corner of First and Court Streets in this city, recently purchased from William DeLosh by Iosco industries, incorporated, it will be used for the present as a parking lot and will allow for future expansion of that industry's plant.

For many years this property was the site of the Wilson Coal Yards. Following the death of Burley Wilson, the coal yards were purchased by William DeLosh who operated the business until about two years ago.

Originally located on the property was the Michigan Cereal Company elevator. This firm specialized in contract peas and had a chain of elevators in the northern section of Michigan.

The elevator was constructed in 1907 and was operated by the cereal company until 1914 when it was purchased by the Wilson Grain Company. The elevator was used for extra grain storage until World War I when milling machinery was installed and for several years flour was manufactured.

In October of 1924 the mill and machinery were destroyed by fire. All that remained was the basement walls which were later used as storage bins for coal.

U.S.G. Holds Annual Plant Picnic

Employees of the United States Gypsum Company held their annual summer picnic last Saturday afternoon at the Alabaster Township Hall.

More than 500 persons were in attendance. Employees who had been with the company for the greatest number of years were the honored guests.

Following the picnic lunch, games were played on the athletic field. Clarence DeLosh won the door prize.

Two Wrecks Caused by Driver Losing Control of Car

In an effort to avoid hitting a deer near the Tawas Drive-In Theatre on US-23, Erma V. Hurley of East Tawas lost control of her car and it left the road. The car rolled completely over. She was treated for injuries at the Tawas Hospital.

A car driven by William P. Cairn of Wurtsmith Air Force Base ran off US-23 in Alabaster township and crashed into a tree last Monday at 5:30 a. m. Investigating officers said that the driver was apparently asleep when the accident occurred. The driver was not injured.

Present Jail Given Zero Rating by State

Extra Cost of Transporting Prisoners Would Pay for New Jail in Few Years

The electors of the county will make a decision next Tuesday on the proposition to build a new county jail. Proposals have been submitted for a \$120,000.00 bond issue for its construction. A one-mill tax levy is required to retire the bonds.

The present county jail had been rated at zero for a number of years by the Michigan Department of Corrections. In May of 1953 the department informed the board of supervisors that if some concrete action was not taken steps would be taken to close the jail. Faced with transporting prisoners to Bay county or to some more distant point, it became necessary for the board of supervisors to take action. Architect Joseph Goddoyne of Bay City was commissioned to prepare plans and estimates for a jail. These received approval of the board of supervisors in May of 1953.

At the June session of the board of supervisors, a resolution was adopted to submit the proposition to the voters at the August primary election.

It is estimated that it would cost an additional \$10,000.00 each year for the building and transportation of prisoners to a distant jail. This additional cost alone would pay for a new jail in a little more than 10 years. These figures were based on the number of prisoners going through the jail in past years. With an increasing number of people in the area, the jail population is getting greater each year.

Michigan Bell Asks For Rate Increase

The Public Service Commission, Lansing, has evidence to support its request for an increase in rates, together with declining earnings, for Michigan Bell Telephone Company in the latter's efforts to obtain a rate increase.

At a rehearing before the commission, Michigan Bell presented testimony showing its investment is up about \$30,000,000, that the company's recent wage settlement had increased operating expense over \$2,000,000 a year, and that earnings are down \$1,700,000 a year—all since the test year ending September 30 when the commission used in denying the company's original rate request last May.

Keynoting the company's request, Jack H. Shuler, its general attorney, said, "telephone rates are simply not adequate to cover 1954 costs and provide an adequate return on a greatly expanded investment. We are proud of the job we have done and are doing. But we need the help of this commission to provide the strength and the muscle for the job ahead."

The rehearing is scheduled to continue at a later, indefinite date. Lawyers opposing the company's request have asked that the scope of the inquiry be broadened to include the reasonableness of present rates.

Michigan Bell originally applied in June 1953 for a rate increase averaging three cents per telephone per day.

Vote EARLY at the Primaries, Next Tuesday

At the General Primary Election on Tuesday, August 3, the electors of Iosco county will have an opportunity to vote on nomination of party candidates for state, district and county offices. In addition they will vote on the proposed \$165,000 Iosco County Jail.

The proposed Iosco County Jail issue is of great importance to each of us and the county as a whole. Read carefully the Election Notice on the classified page, presenting the two propositions to be placed before you. Proposition I is the bonding proposition authorizing the borrowing of \$125,000 for the purpose of paying part of the cost of constructing and equipping the proposed jail. Proposition II is the tax-rate limitation proposition which would authorize the levying of a one-mill tax for a 20-year period on the assessed valuation of all property in the county to raise funds for the paying of the \$125,000, the amount needed to pay part of the cost of building and equipping the proposed County Jail.

The jail project has the approval of your board of supervisors and in an advertisement on another page of the Herald the reason for the decision for building a new jail, are clearly stated and signed by your representative on the board.

Weigh the facts carefully and remember to be at the polls early on Tuesday, August 3.

The people of Tawas City received the assurance of the Park Board this week that the present part program will not suffer the fate of previous attempts to provide recreational facilities in the city owned park. Last week, nine new picnic tables were placed in the park and have since been in constant use.

To further dispel the fear of having the park fund monies misappropriated or lying dormant in a fund, the board voted unanimously at Monday night's meeting to secure the services of the William Stedner Construction Company to put in the sheet piling that has been purchased to date. The Stedner Company, which is now working on the dock in the East Tawas State Park, has agreed to put in the piling while awaiting the arrival of materials for the East Tawas project. The board has arranged to have Reginald Blubitz, superintendent of public works, or Clarence Ever-

ett, chairman of the board, on hand while the work is being done. In this way information and knowledge that will be helpful in completing the project can be secured.

Now that the wheels have been set in motion and progress is being made toward attaining our goal—an attractive park for all of us to enjoy—why not support the project by sending your contribution to E. D. Jacques, Treasurer, Tawas City Park Fund, Tawas City, Michigan.

Is it to be a camping out vacation for you? Problems of storing perishable foods are many, but there is one you need no longer have to worry about. Yes, you can carry a supply of milk without mess, fuss or spill or spoilage. Johnny and Suzy can have their usual quart a day.

One way to do this is to take along a supply of dry milk solids. They can be used either in cooking or to make liquid milk (you will need an extra jar to use as a shaker). The children will enjoy chocolate milk made in this way—more than you think I'll bet you on it. The several available sizes of evaporated milk cans make this form of milk easy to carry without danger of spoilage, too. Most persons like it for their coffee and in cooking. Again, chocolate syrup may make a more palatable drink.

Returning from Homemakers' Conference last Friday, Mrs. Marvin Davenport says she has a great deal of information and ideas to share with other home demonstration members. One

cannot spend four days at this vacation-conference among 1,500 other women without picking up a lot of both information and ideas.

She may tell you, for example, about the inspiration in the talk given by Mildred Buchanan Flagg, an author-lecturer from Boston. Mrs. Flagg defines human greatness as, "Just an ordinary person doing ordinary things in an extraordinary way." Certainly all of us could find a way to live up to that definition.

"Our program in family relationships is a basis for the broader understanding we must have today"—so spoke Frances Scudder during Homemakers' Conference at Michigan State College last week.

Miss Scudder, who is director of the home economics program for the Federal Extension Service, acknowledged that science and technology have brought many changes into our homes, and even more to our communities.

But she pointed out that it is still to the home that we look for stability, serenity and faith, and where we first learn respect for the rights of the individual.

In the home we learn to understand differences and to plan together because of them, said Miss Scudder. She added that our communities, too, are striving for better ways to plan together, recognizing that from differences can come strength.

America's greatest resource is its people, and the speaker emphasized that the home demonstration program's role is to help women learn to work together for better home and better communities.

Join a home demonstration group now and help Iosco county women learn to better work together for their homes and communities, for as we learn we grow.

Last week the 40-bed Tawas Hospital was filled to capacity, requiring the use of the hallways for incoming patients. In the above photo, Sister Mary Raymond, superintendent of the hospital, is shown handing some reading material to Robert Atkins of Drayton Plains, Michigan. Robert was the first patient ever to receive a bed in the hallway during the year that the hospital has been in operation. When the hospital was constructed last year, many people thought that the building would be too large for an area of this size, but since that time the hospital facilities have been heavily burdened.—Herald Photo.

ABOUT TOWN

Local Sales Representative Attends County Tour

Philip Ross of Tawas City, returned home Sunday after a 12-day tour of Eastern United States. He and 18 other sales representatives of the Chaffee and Company, Detroit, were guests of several large manufacturers who supply the Detroit wholesaler. The group left Detroit July 14.

While enroute on chartered Greyhound bus the group visited Niagara Falls, Salem and Marblehead, Massachusetts, and other historic spots, witnessed a New York game, saw the 16 inning night game between Boston and Cleveland and sampled east coast food in famous restaurants.

Some of the manufacturing plant visited were: Sylvania (flash bulb and electronic tube) plant, Esterbrook Pen Company, Remson Lighter Plant, American Thermos Company, Lowney Candy Company, Miller Forge Company, Horsman Doll Company, Eaton Stationery Company.

Mr. Ross' territory for the Chaffee Drug Sundry Company now includes the northeast quarter of Michigan, with territory as far south as Bay City.

Mr. and Mrs. Samuel Kneeb of Altoona, Pennsylvania, announce the coming marriage of their daughter, Gloria June, to Al-C Henry J. Bronson. He is the son of Mr. and Mrs. Arnold Bronson of this city and is stationed at Eglin Air Force Base, Florida. The wedding will take place August 7.

Congratulation to Mr. and Mrs. Walter Smith on the birth of their son on July 23 at Tolfree Memorial Hospital, West Branch. He shall answer to the name of Thomas Walter.

Mr. and Mrs. Charles Smith and son and Miss Barbara McDonald of Detroit are spending a week's vacation here with relatives here.

We are sorry to hear that Barney Ross is confined to the West Branch hospital. We wish him a speedy recovery.

Several families from here attended the ham dinner at St. James Parish, Whittemore, on Sunday.

Jo Ann Anschuetz of Tawas City is staying at the Walter Smith home and helping take care of the new baby.

Jeanie Smith returned home Saturday after a two weeks vacation in Mt. Morris at the Earl Harrington home.

Lloyd Brigham has returned to work after having been confined with a back injury for the past eight weeks.

Three weddings were celebrated in our vicinity last Saturday. Congratulations go to Mr. and Mrs. Spencer (Mary Nickell), Mr. and Mrs. Roy Haska (Mary Jane St. James) and Mr. and Mrs. Donald Eklund (Ardith Blust).

Robert Kavanaugh of Bay City spent the week-end at his home here.

Mr. and Mrs. Eli Miller of South Bend, Indiana, and Mr.

and Mrs. Lewis Nircum of Elkhart, Indiana, spent a couple days with Mrs. John Crosby. Mildren Clark had quite a serious accident when she fell from the tractor and was dragged a distance before her nephew got it under control. Evelyn Smith of Bay City spent Thursday and Friday at the home of her parents.

Tawas, One of the Busiest Michigan Vacation Ports

The harbor of Tawas is becoming one of the busiest vacation ports in Michigan waters. Facilities will be greatly increased when the Tawas City Park dock is completed this summer. Work on the State Park dock at East Tawas will be completed in the near future.

The Tawas river mouth is also a very busy place, with several large cruisers and small power boats using dock facilities. The boat well at Pete's Place on Tawas Point was filled to capacity last week-end during the Michigan District Lightning Regatta. Now would be an opportune time to send in your contribution to the Tawas City Park Fund. All donations will be used to make the city park a place of beauty and a valuable recreation area for local residents and summer visitors.

Most People Are Honest

Last Friday afternoon The Tawas Herald photographer, Neil Thornton, learned the hard way that most people are honest in returning "found" items to the rightful owner. In this case the photographer accidentally drove off without a leather gadget bag in front of the Detroit and Mackinac shops. The bag contained more than \$600 worth of camera equipment. A Saginaw couple, Mr. and Mrs. Russell Farrand, spotted the bag on the curb and turned it over to the Michigan State Police for return to the owner.

Wins Old Refrigerator Round-Up Contest

The old refrigerator round-up contest, sponsored by Fuelgas Company, Incorporated of Tawas City and East Tawas, was won by Mrs. William Richards of St. Johns, Michigan. She was awarded a 12½ foot Crosley refrigerator. The contest started in June.

At Old Location

The Coyle Fish Market moved back into its old quarters this week. Edward Coyle, owner of the market, said that people just couldn't get used to buying fish in the new Mid-West Hardware building. The market is again located in the old Coyle fish house on US-23, a few feet away from the new hardware and sporting goods store.

State Police to Enforce Garbage Dumping Laws

The Michigan State Police have been instructed to give extra attention to enforcement of the laws prohibiting the dumping of garbage and rubbish along highways and in streams.

The special order was a follow-up of a reported increase in such violations.

The Michigan United Conservation Clubs voiced a protest at its annual convention in Petoskey, when it unanimously adopted a resolution deploring the "practice of some inconsiderate persons throwing their garbage and rubbish along our highways and into our streams" and asking all law enforcement agencies to take corrective action. Other complaints also have been made. Violation of the state laws prohibiting such dumping is a misdemeanor.

THE MAN WITH THE MICHIGAN PLAN—

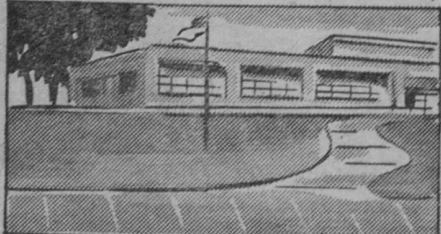

a Blueprint for the Future

SECRETARY OF STATE

● Michigan needs roads! Every county, city, township and village needs an improved highway system. With the proper administration, these needs can be met now! Tomorrow's road requirements must be met today!

● With the continued growth of our population, Michigan schools face added burdens of supplying facilities and personnel. The state must cooperate with local officials in solving urgent school problems.

● Encourage state, county and township officials to modernize tax procedures by giving local officials strong delegated powers.

- Build child guidance clinics to make useful citizens out of mentally disturbed children before they become mental patients.
- Offer state-sponsored driver training in every high school to help reduce the annual death toll on our highways.
- Administration of state government to provide efficiency and economy of operation.
- Restoration of an efficient and orderly prison administration.
- A state program of participation with the federal government and Michigan communities in the development of St. Lawrence Seaway projects.
- Maximum encouragement of agricultural enterprise. Support of conservation projects which will develop and reestablish our vast natural resources.
- Encourage the development of industrial and tourist facilities.
- Recognition of individual human rights and fair administration of Michigan labor laws.

Lower Hemlock

Our neighborhood was shocked and saddened when word came from Clare of the serious illness and death of Mr. Ginsberg. We extend our sympathy to Mrs. Ginsberg.

Elmer Durant of East Tawas and Henry Durant of Flint called on friends along the road during the past week.

Mr. and Mrs. Leonard Bouard and Harold were week-end visitors in Essexville with their children.

Mr. and Mrs. Ben Lorenz of Ypsilanti spent the week-end with their daughter, Mrs. Stacy Simons, and family.

A small crowd attended the sale at the Iosco County Farm Saturday afternoon.

Mrs. John McArdle and Mrs. Sophia Murrell and children of East Tawas are spending a week at the McArdle-Simons cabin near Alpena.

Mr. and Mrs. Harold Katterman, Mr. and Mrs. John Katterman, Jr., and William Katterman were at the Stephenson Funeral Home in Clare Sunday evening.

Mr. and Mrs. Ralph Curry of Detroit, Mrs. Gene Smith and Mrs. Fred Howe of Bay City were week-end visitors of their relatives and friends.

The farmers are busy with their grain threshing these days.

Mr. and Mrs. Richard Reinke and daughter of Bay City spent the week-end with their parents, Mr. and Mrs. Victor Bouchard. They drove a new Buick Special home.

Mr. and Mrs. Arthur Wendt and children, Mrs. Louise McArdle and Mr. and Mrs. Delbert Albertson and children of Tawas City served a picnic supper at the home of their parents, Mr. and Mrs. John Katterman, Sr., in honor of their mother's birthday Monday.

Mr. and Mrs. Henry Fahselt and Mr. and Mrs. John Katterman, Sr., attended the funeral services of Samuel Ginsberg at Clare Monday afternoon.

Mr. and Mrs. Fred Yacks of Wisconsin are guests of his sister, Mrs. Henry Fahselt, this week. Orville Yacks of Rose City is also visiting with them.

PRIMARY ELECTION AUGUST 3 1954

It's the Hit that's writing New History

TAKE a look, if you please, at the car and the styling that are changing historic sales standings.

Take a look at the beauty and the buy called Buick—the car that is forging ahead to new sales heights in the 1954 market.

Take a look at the new best seller that has moved into the "Big Three" of the nation's top sales leaders—into that very exclusive circle that for two decades has held only the so-called "low-price three."

For today, as national sales figures for the first five months reveal, Buick is outselling all other cars in America except two of these "low-price three." And each new month firms Buick's new position.

It takes solid worth to bring this about—a lot more automobile per dollar in Buick than in other cars.

But it also takes the glamorous new tomorrow styling that is Buick today. It takes the highest V8 horse-powers, Series for Series, in all Buick history. It takes the room and comfort and ride and handling that are Buick's proud tradition.

And it takes a range of cars to satisfy a wide range of people—with prices that most people can well afford. So you find the low-priced SPECIAL, the high-powered CENTURY, the extra-spacious SUPER, and the custom-built ROADMASTER—the four big reasons for Buick's tremendous sales success.

Come in for a demonstration and you'll see what we mean.

With the years-away styling of this glamor car, you'll be way ahead at resale time. And right now you're money ahead with the big trade-in allowance our volume sales can bring you. Drop in this week.

The SNAPSHOT GUILD

When the men of the family take over the cooking, it's a good time for snapshots.

Eating Is So Much Fun

YES, one thing that most everyone agrees on is that eating is one of the more pleasant things in life. Whether it is strawberry shortcake that makes you drool, or an elegant filet mignon that brings a special light to the eye—we're all interested in food.
That seems to be a very good reason for including more snapshots built around the family's favorite eating spots and foods.
This is the season at which outdoor cookery reaches its peak. Whether you broil hot dogs in the back yard, serve juicy steaks from an elaborate grill, or do your picnic cooking in a state park—the situation is filled with good picture possibilities.
In some families, outdoor cookery means a vacation for mother. This is one of the situations in which the man of the house feels definitely superior. They will turn chef, complete with apron and cap, at a moment's notice to produce their specialty for the pleasure and praise of family and guests.
If this is true in your case, picture taking on such an occasion is a must. Not just one picture, either. The ritual that can be made out of preparation of a special dish deserves a whole series of pictures to show how the culinary maestro performs.
When you snap such a picture story, don't stand in one spot. Move around a bit, vary the angle—up and down as well as sideways. Vary the distance, too. Take some shots that show the whole set up... then move in closer for some that show the steak sizzling on the grill under the watchful eye of the chef.
This is a picture situation well worthy of your color film. Food is interesting in black-and-white, but in color... it can make the mouth water.
If your outdoor eating is a night-time affair, don't leave the camera in the house. Your flash attachment and bulbs will work just as well outdoors at night as they do in the house during the day.

RE-ELECT
SENATOR CHARLES T. PRESCOTT
REPUBLICAN
Twenty-Eighth Senatorial District
Efficient - Experienced

Here are two big reasons why we need Senator Prescott back in Lansing

1. THE TAXPAYERS of Michigan can thank Senator Prescott for a balanced budget. Through HIS EFFORTS the legislature passed a resolution rejecting the Governor's budget as illegal following an attorney general's opinion that the budget as submitted to the legislature was not a legal one. We want and need more of this type of legislator.
2. SENATOR PRESCOTT, a rural legislator, believes in the right of the people to assess themselves and not be forced by legislature to accept the state equalized assessment. Local government should survive. He voted that way.

Few Minor Accidents Occur in County Over Week-end

Two minor property damage traffic accidents were handled by the Iosco County Sheriff's Department during the past week.

Last Saturday evening, a car driven by Ernest W. Domke, Wurtsmith Air Force Base, struck a car owned by Doris M. Bauer of Saginaw on the Sand Lake Road. The Bauer car was parked near the Sand Lake bus-

ness district. No serious injuries were reported.

A car driven by Richard B. Harris of Detroit struck a vehicle owned by Wilson A. Knowlton of Gladwin Saturday morning. The accident occurred four miles north of Oscoda. Harris told investigating officers that he was driving in the proper lane at approximately 50 miles an hour when the Knowlton vehicle, which was parked on the shoulder, started up and turned onto the highway. Knowlton claimed that he did not see the other car approaching.

Be SAFE This Summer—ASWIM and AFLOAT

Don't swim away from your upset boat as this foolish man is doing. Your boat is your best life-preserver—always remember that fact! A tired person can be put on it while others swim boat slowly to shore and safety.

Roll capsized boat right side up to handle more easily for self-rescue. Wooden boat or metal one with good buoyancy tanks will stay afloat even when filled with water. Get aboard carefully and hand-paddle to shore.

Re-enter boat over stern or make a foot-loop with rope at the bow to help you get aboard. Don't try to climb over the side if you fall overboard.

BOATING, canoeing and sailing account for almost half of each summer's needless drownings. The American Red Cross recommends: Don't ever go out in small craft unless you know how to swim.

Set Up Lamb Marketing Program at Hale Meet

By MARVIN DAVENPORT

The Northeastern Sheep Improvement and Marketing Program was organized last week in Hale. This organization will serve sheep raisers in a seven county area of Iosco, Ogemaw, Gladwin, Arenac, Alcona, Oscoda and Alpena counties. The purpose of it is primarily the improvement of our sheep flock and the marketing of our lambs.

At this meeting, board of director representatives of six counties were present and the election of officers was completed. George Lake, Andrew Matthews and Glenn Miller of Plainfield township reported on two possible places for the pooling of lambs. The board of directors selected the Northeastern Hereford Calf Association yards at West Branch.

The first pooling of lambs for market will be Wednesday, August 18, between 9:00 and 2:00. Any of our sheep raisers interested in selling their lambs by that time should contact George Lake, Andrew Matthews of Hale or Edward Robinson, Sr., James Sturtevant of Whittemore or your county agricultural agent. Other such market pools are planned for September, October, November and any other month that numbers will warrant a sale.

Donald Stark, livestock marketing specialist from Michigan State College and John Harrington of the Michigan Livestock Exchange were on hand to answer questions and assist in the program.

When Mrs. Donald Pringle of East Tawas asked about controlling ants, she received our reliable recommendation of using Chlordane. It really does the job. But if powder-post beetles are

giving trouble that's an "ant" of a different color! Michigan State College Entomologists say the trouble has increased during the past few years along with new house building. The pests are fond of Sapwood.

How do you know when you have a powder-post beetle infestation? You can see holes that have been bored by adult beetles in emerging from the wood, or you may see just powdery borings that have been pushed up through the small holes.

If everything's quiet and you have sharp ears, you can hear a rasping or ticking sound, indicating that the larvae of the beetles are tunneling through the wood.

If you have a light beetle infestation, you can control the pests by saturating the wood with oil solutions of DDT or pentachlorophenol or with a mixture of turpentine in ordinary kerosene. Repeated spraying with DDT will get the heavier infestations, according to the entomologists.

You can get a single copy of Leaflet 358, "Powder-Post Beetles in Buildings," from the Office of Information, United States Department of Agriculture, Washington 25, D. C. Drop them a postcard.

Washington, D. C., is coming to our state on Thursday, August 5, or at least one of their leading representatives in the person of Ezra T. Benson. The occasion is a speech by the secretary of agriculture.

The talk is a part of the 10th anniversary program of the Michigan Artificial Breeders Cooperative, Vegetable and Fruit Growers, meeting on the campus for their annual Orchard Day, will hear Benson's talk also.

Secretary Benson will speak at the MABC headquarters at 1:00 p. m. The dairy program also includes a tour of the infertility cattle barn to learn about the latest research on repeat breeders. Educational exhibits and the processing of frozen semen are a part of the program.

The 96 bulls used by the MABC will be on exhibit. Fruit growers, meeting at 10:00 a. m., will find out what Michigan State College researchers are doing for their industry. They will see experiments with dwarf trees, spraying, weed control, irrigation, pruning and disease research.

Vegetable growers, meeting at the same time, will view variety trials, hormone experiments and other research. Families will set picnic tables at noon. The MABC is furnishing milk and ice cream.

Are you having trouble with crab grass in your lawn? When our bluegrass grows less rapidly, crabgrass may move in. You can knock out that pest with a single blow.

Doctor Grigsby of Michigan State College says, a mixture of kerosene and chlordane can do the job. The mixture is this: One half pint of 72 percent chlordane concentrate in a gallon of good grade of white kerosene. That amount will take care of 1,000 square feet of lawn. It's recommended for every lawn grass except bentgrass and fescue.

There is special crabgrass spray on the market, Grigsby reports, that can be used on bentgrass and fescued lawns. It takes three applications, however, and the directions on the container should be followed.

In one recommendation we're out to kill a grass, now how can Mr. Farmer grow grass?

The United States Department of Agriculture has some new evidence that close grazing or mowing of grass hurts the stand.

Lighting Stressed in State Farm Safety Campaign

Use of reflective lighting material on farm equipment is being stressed during the present annual observance of Farm Safety Week, according to State Police Sergeant Donald E. Oates, chairman of the state safety week committee.

A "Lite-Farm Equipment" campaign is now being conducted with the cooperation of the Farm Division of the National Safety Council. It is designed to promote greater rural highway safety by reflective lighting of farm equipment to supplement regular lighting required by law. There are 37,000,000 pieces of unlighted farm equipment on American farms and roads.

Oates, who is assigned to the State Police safety and traffic bureau, pointed out that "while farm accidents have decreased in most categories, it is not generally realized that 43 percent of farm accident deaths are due to traffic mishaps and this rate continues high.

"The fast moving traffic on our highways today makes it especially dangerous for farmers entering or leaving their farms," Oates said. "One of our committee projects recommends that farmers meet this problem through relocation, clearance of obstructions to view and proper use of driveways."

last week. If you are having trouble with sheep parasites, ask a sheep raiser like Edward who uses phenothiazine right along.

Martin Fahselt told me he feeds his phenothiazine salt mixture the year round. That's good.

Arnold Loomis, vocational agricultural instructor at Hale, attended our Sheep Improvement Program meeting last week. He hopes some of the F. A. boys will catch on fast and start some flocks of their own. That's a good idea for our 4-H Club members, too! They can take advantage of our marketing pools just like dad, if they desire.

"Pave your waterways with grass." Our soil conservation district cooperators are doing it and August is a good time to seed natural drainage channels to prevent gullies.

Excess water run-off at times hits even the farm with the best conservation plan—and gullies form where water channels are not protected by grass. The easiest step is to leave the channels sodded when plowing. But a gully may have formed, or you may have a grass waterway in a field that was cultivated. That means seeding.

How big should the waterway be? Large enough to carry the run-off wide enough to prevent washing along the edge, deep enough to give a gradual slope but shallow enough to cross with machinery.

If you have a gully, the first step is to fill it in and shape the sides. Before any seeding have a firm seed bed—and use lime, fertilizer and manure as needed. Grasses are better than legumes here—they have a large root system near the surface and are more dense on top of the ground. Oats seeded at one-half the regular rate makes a good companion or stabilizing crop. A straw-manure mulch will help.

See your county agricultural agent for details.

The grass stand is especially apt to be hurt during drought or in late fall.

Experiments at the USDA's research center at Beltsville, Maryland, showed that taking off one-half or more of the foliage during the growing season caused grass roots to stop growing for a time after each clipping. Warm season grasses were effected the same as cool season species.

When 40 percent or less of the foliage was removed root growth wasn't halted at all.

A single cutting that removed more than a half of the foliage stopped root growth from six to 18 days. Repeating these severe clippings periodically as in a system of rotation grazing, prevented root growth of all grasses 25 to 45 days.

These experiments show, that when roots of grasses stop growing, the plant is weakened and it's unable to stand up under erosion and grazing. And its apt to be killed by drought, cold or disease.

Speaking of grasses, I've noticed a lot of grass silage in horizontal silos. James Sturtevant has built a horizontal silo with inexpensive sides to cut down spoilage. I dug down through the top six inches and there it was—the sweetest smelling fermented grass I've nostrilled in quite some time. James plans on keeping that milk flowing during August-September with the grass silage playing a big part in his roughage program.

VOTE 'YES' ON BOTH BONDING PROPOSALS for NEW COUNTY JAIL

The Iosco County Board of Supervisors is forced with the necessity of asking permission to build a new County Jail for the following reasons:

On May 15, 1953, the following letter was received by the Chairman of the Board of Supervisors from the Michigan Department of Corrections:

STATE OF MICHIGAN DEPARTMENT OF CORRECTIONS

G. MENNEN WILLIAMS, GOVERNOR

May 15, 1953

Honorable Chairman
Board of Supervisors
c-o Iosco County Clerk
Tawas City, Michigan

Dear Sir:

I made an inspection of your county jail May 8, 1953.

This jail has had zero rating for the past two years, and we find that the physical condition of the building is gradually growing worse. Therefore, ninety days on and after this date, if some concrete action is not taken by the Board of Supervisors for bettering your jail conditions, it will be necessary for us to turn the matter over to the Attorney General to take the necessary steps for the closing of your jail, for the following reasons:

- (1) It is a serious fire hazard.
- (2) The electric wiring is very poor and unsafe condition.
- (3) There is no segregation among male prisoners.
- (4) Due to the physical structure of the building, it is impossible to keep it in sanitary condition.
- (5) It is overcrowded.

These will be the principle grounds we will claim for the closing of your jail.

Very truly yours,
DEPARTMENT OF CORRECTIONS
W. H. Nestle, State Jail Inspector

During the past year the Board of Supervisors has made a study of the situation and has had a set of plans prepared which have been approved by the Department of Corrections. The cost of the building has been carefully estimated at \$165,000.

The following plan has been developed for financing the proposed building project. A bond issue for \$125,000 to be paid by a 1-mill tax increase.

The above project is approved by the following Supervisors:

Theodore Bellville, Chairman Iosco County Board of Supervisors
Clarence S. Everett, Chairman New Jail Building Committee
Victor J. Anderson, Member New Jail Building Committee
Glenn Long, Member New Jail Building Committee
Terrence O'Loughlin, Member New Jail Building Committee
Elmer Werth, Supervisor East Tawas

GATOR BOAT TRAILERS

ONE MAN OPERATED
Takes the Work Out of Pleasure Boating
WHY GATOR BOAT TRAILERS ARE "TOPS".

1. No more handling that heavy motor. Leave it on the boat at all times without fear of distortion of the hull. Trailers have full transom support, making this possible.
2. Gator Trailers are absolutely one man operated from the bank. It is NOT necessary to put the trailer into the water. No wading! No motor to lift.
3. Your boat will fit on a Gator Trailer, whether V-Bottom, round, or flat, with or without a keel or fin. Why? Because Gator Trailers have self-adjusting padded cradles and adjustable rubber rollers for the various keel depths.
4. We have developed and discarded over 90 different trailers, overhead, underlugs, keel support, boom type and mechanical lift, in order to give you the trailers that are proven well-thought out trailers.

White Star Wallops Tawas City 10-4 Sunday

Play Third Place Rhodes This Sunday Afternoon

The two-game winning streak of the Tawas City Independents ended Sunday when White Star set them back by the score of 10-4. The game was played at the Tawas City diamond.

The spectators saw one of the hardest hitting games to be staged on the local diamond this season, with White Star hammering out 15 hits to the Indies' six.

Included in the hitting barrage by the winners was a long home run and two doublers by Moore. Tawas City shared in the extra base slugging with a three base knock by Bill Groff and a two base hit by Art Anschuetz and Mern Warner.

The locals were seen to pitch during the nine inning game. Orville Revord started on the mound and allowed four runs on seven hits in seven complete innings. He was relieved in the eighth inning by Warner, who pitched an eight-hit attack by White Star which accounted for six runs.

White Star started the game off in the first inning by scoring one run on a single and a double. They scored single runs in the fourth, sixth and seventh innings. He was relieved in the eighth inning by Warner, who pitched an eight-hit attack by White Star which accounted for six runs.

The locals played on even terms with the winners for seven innings and held a commanding 4-2 lead until the sixth inning.

Tawas City scored a lone run in the third inning on a single by Barnocky, a double by Art Anschuetz and a fielder's choice to Groff.

In the fifth inning the locals broke out with three more runs when Barnocky singled, Anschuetz was hit by a pitched ball and Groff tripled scoring Barnocky. After Herriman flew out to the infield, Warner cleared the bases with a two-run double. During the remainder of the game the locals were held in check by Page, the winning pitcher, who sent six Tawas batters swinging in the last four innings.

In the big eighth and ninth innings for White Star, the winners coupled eight hits with several Tawas City fielding misplays to clinch the game.

White Star had three players with three hits apiece. Wagner and Schaffer had three singles each, while Moore blasted two doubles and a home run.

Only one Tawas player managed to hit safely more than once. Barnocky had two successive singles.

This Sunday the Tawas City team will play at Rhodes.

Table with 4 columns: Player, AB, R, H, Error. Includes names like A. Anschuetz, B. Groff, C. Herriman, etc.

Mrs. E. D. Schermerhorn

Mrs. E. D. Schermerhorn passed away at Tawas Hospital Wednesday evening from complications caused by a recent fall. Mr. and Mrs. Schermerhorn made their home with their sister, Mrs. Ira Horton.

Mrs. E. D. Schermerhorn was born July 20, 1875, at Tawas City, the eldest daughter of William and Mary Murphy, pioneer residents of this city. She married E. D. Schermerhorn on August 11, 1897, and the following year they moved to Pontiac where they remained until 1951, when they returned to Tawas City.

She was a member of the First Congregational Church of Pontiac, Past Matron of Pontiac Chapter, No. 228, Order of the Eastern Star, East High Priestess of the White Shrine of Jerusalem, No. 22, and a life member of the Pontiac Woman's Club.

She is survived by her husband; one sister, Mrs. Ira Horton; a brother, Fred Murphy of Salt Lake City, and several nieces and nephews.

A prayer service will be held at the Jacques Funeral Home on Friday morning (today) at 11 o'clock and funeral services will be held in Pontiac at the Sparks-Griffin Funeral Home at 2 o'clock on Saturday with burial in the Oak Hill Cemetery.

Samuel Ginsberg

Samuel Ginsberg, well known Isoco county resident, died last Friday evening at the Clare Hospital following a heart attack. Funeral services were held Monday at Clare.

Mr. Ginsberg had been active for many years in oil land leases and the development of oil property especially in the Clare and Mt. Pleasant areas. He was born at Cleveland, Ohio, in 1888, and married the former Kittie Kaiser in 1922. Since 1927 Mr. and Mrs. Ginsberg have made their home on the Hemlock Road in Tawas township.

Surviving are the widow; a sister, Mrs. Sadie Friedman of Cleveland, Ohio, and two brothers, Edward Ginsberg of Cleveland and Meyer Ginsberg of Los Angeles, California.

Pass Out Slow-Down Safety Booklet

The Michigan State Police have undertaken a new shock treatment campaign against unsafe driving by distributing a booklet, "Death on the Highway," to violators of traffic laws.

The booklet, published by Dean H. Robinson of Berkley, Michigan, contains 18 pictures—newspaper photographs—of fatal accidents. They depict in stark manner how motorists can and do die on the highways.

"The pictures in this booklet aren't pretty," the introduction says. "They're gruesome, they're horrible—but they are true. No one likes to look at bones sticking through flesh from compound fractures or faces smashed beyond recognition from windshields—or heads and arms severed from the body, but that's what happened 105 times a day last year."

The State Police have been provided with 15,000 copies of the booklet and a supply is being carried in each patrol car. Each person receiving a copy is asked to pass it along after having looked it over.

Although the officers are using tact in the distribution, they hope the powerful message in the booklet will leave its impact upon everyone who sees it. It's all part of the intensive effort to check the alarming accident toll, upon everyone who sees it.

4-H Calendar: July 28-31—Isoco County Fair where 4-H Clubs will shine. August 3—District Round-Up at Standish.

The results of a lot of polish and shine of one sort or another will be on display at the Isoco County Fair by the time you read this. 4-H Club members all over the county have been busy completing and preparing to exhibit their project activities.

And they are also putting a great deal of effort into making extra-special decorations and posters to call attention to their many 4-H Club activities.

Bill Laidlaw stopped by Friday afternoon to get information about exhibiting dairy animals, collect 4-H emblems for the wheels his club is making and tells us that the business meeting team is having practices.

We suspect all 4-H'ers are engaged in similar jobs getting ready for the annual showing of 4-H Club work.

Everyone is invited to come, see and hear. Friday is to be 4-H Club Day and Evening with a special program being arranged for 8:00 p.m.

During the day demonstration teams will practice and those interested in judging will prepare to do a good job.

Gloria Kay Siegrist, reporter for Burling Wizaras 4-H Club, tells us their tour took place on July 16 and included a picnic at Siegrist Park. They reminded
