Community Chorus Meeting Monday

The community chorus will hold its first meeting on the stage at the Tawas City Gymnasium on Monday evening, March 29. The chorus is under the adult education department. Men or women interested in singing are invited to attend.

Mrs. C. W. Scott

Mrs. C. W. Scott, who has been in poor health the past few months, died at the Tawas Hospital Tuesday afternoon. She had been taken there two weeks ago.

The body was taken to the Moffatt Funeral Home where services were held Wednesday evening at 8:30 with the Rev. Benjamin Whaley officiating. Thursday morning the body was taken to Fort Wayne, Indiana, where funeral services are to be held Friday afternoon at 2:30 at the Robert Kluehn Funeral Home. Burial will be at the Linwood Cemetery, Fort Wayne.

Mrs. Scott was the former Miss Margaret Frysinger. She was born in Decatur, Indiana, December 16, 1881. She was a trained nurse in Fort Wayne, Indiana, for 27 years, and was the widow of the late Rev. C. W. Scott, who passed away October 3, 1953. The family had resided in East Tawas since 1946.

Surviving are two sisters, Mrs. Eva Woodward of Fort Wayne, Indiana, and Mrs. W. H. Spade of VanWort, Ohio. A brother, Harry Frysinger passed away recently.

'Nearly Beloved' Will be Presented by Junior Class

"Nearly Beloved," a comedy in three acts, will be presented by the Junior Class of Tawas Area High School on April 8 and 9 at the Tawas City Gymnasium.

"Nearly Beloved" is a rollicking fast-moving comedy that abounds with action and fun for everyone. It is a story of a mother and father who have long had their hands full with daughter, Connie, and son, Wilbur, but who have had one ray of sunshine in their usually cloudy existence and that is daughter, Betty Lou. The father decides that he should know his children better, and how better could one know his children than to peruse one of their diaries? The fact that the diary is only make believe is not discovered until things could not get more complicated and the laughs get completely out of hand.

The admission price will be 50 cents for adults and 35 cents for students. Reserved seats will be sold to the adults for 75 cents. Get your reserved seats early.

CG Auxiliary Staff Officers Meet Here

Saginaw, Bay City, Alpena and Tawas Flotillas Represented

An annual meeting and dinner of the division staff officers of the Coastguard Auxiliary was held Monday evening at the Barnes Hotel in this city as guests of the Tawas Flotilla.

Coastguard Auxiliary officers representing Saginaw, Bay City, Alpena and Tawas were in attendance, also members of the Michigan State Police, including Sgt. Joseph Chupat of the East Tawas Post, and Capt. Earl E. Secrist and Sgt. Daniel Wurzburg of Bay City.

Under discussion at the meeting was the volunteer aid from the State Police in the use of new portable radio equipment to assist in search and rescue operations.

The Coastguard plans to conduct an educational, and safety program for new boat operators this season.

Among those who participated in the discussions at the meeting were Capt. Kenneth Ferguson of Bay City and Dr. John Bunting of Alpena, Ninth Division operation officer. Division Captain John Monarch was in charge of the meeting.

Civil Leaders Will Meet Here Thursday Night

An Iosco County Civil Defense Unit leaders meeting will be held Thursday evening, April 1, at the courthouse in Tawas City, according to an announcement made Wednesday by Sheriff Ivan O'Farrell, director.

Eighty-seven civil defense leaders have been named for the county. They include law enforcement officers, township supervisors and others.

Russell Martin of the State Civil Defense and James Tanner of the Bay City unit will be in attendance to give assistance in organizing the type of unit needed here.

Iosco County Farm Up for Bids April 15

Well Equipped with Modern Dairy and Farm Buildings

The Iosco County Farm property will be sold during the April meeting of the board of supervisors. At the January meeting, the board authorized County Clerk George A. Prescott to advertise for bids to be opened on April 15.

Operation of the property as a farming project was abandoned last fall by the Social Welfare Board. The live stock and equipment were sold at public auction, and the farm land was leased to Arthur Povish for one year.

Operated at a loss for many years, and difficulty in securing a superintendent and the necessary help for its operation made the farm impractical for the purpose for which it had been used. This site for the county infirmary was selected in 1921 by the board of supervisors and purchased from Mrs. Edward Ely. Previously the infirmary had been located near the Plank Road.

The farm to be sold April 15 is in one of Iosco county's most productive agricultural sections. Located about six miles from this city and equipped with modern farm and dairy buildings, it is a very desirable piece of property. Several farm operators have asked for a chance to purchase it.

An advertisement giving details for making bids appears in the classified section of this newspaper.

Services for Mrs. Dillon Next Monday

Succumbs to Short Illness While Spending Winter in Florida

Mrs. Janet Dillon, highly esteemed resident of this city, widow of John A. Dillon, died Wednesday at Winter Gardens Hospital, near St. Petersburg, Florida. She had been ill only a few days.

Funeral services will be held Monday afternoon from the East Tawas Methodist Church. The Rev. Benjamin Whaley will officiate. Interment will be in the East Tawas Cemetery. The remains will be at the Evans Funeral Home until Monday.

Mrs. Dillon and her daughter and son-in-law, Mr. and Mrs. H. J. Keiser, Sr., had been spending the winter in Florida.

Born August 21, 1871, at Orion, Michigan, she married John A. Dillon of East Tawas, July 7, 1888. Surviving are a daughter, Mrs. H. J. Keiser, and four sons, Arthur Dillon of East Tawas, Willard Dillon of Denver, Gordon Dillon of Marlette and James Dillon of Tawas City.

Mrs. Dillon was a member of the Methodist Church, the Rebekahs and the Order of the Eastern Star.

Comments and correspondence on Tawas Area School site controversy again topped the discussion and business agenda of the school board at Tuesday night's regular meeting at the Tawas Chamber of Commerce Building.

Although hampered by the absence of Board President Harold Gould and Member Stuart White, the board considered teachers contracts, problems in starting the proposed vocational agriculture curriculum and equipment purchases. No official action was taken on other than routine business.

Following the opening of the meeting by Chairman Pro Tem Randall Fox, a letter from E. D. "Dewey" Durant, chairman of the Citizens Committee for Better Schools, was read. This letter informed the board that petitions would be presented at the next regular board meeting on April 13, asking the board to submit the bond issue and Fairgrounds-Nursery site for the proposed new school to an election. The four point platform of the Citizens Committee for Better Schools was reiterated also.

In another letter read, willingness to support legislation in an attempt to obtain the Fairgrounds-Nursery property for school use was expressed by Congressman Elford "Al" Cederberg. He cautioned the school board, however, that the Department of Agriculture and

Braves Honored With Banquet by Tawas Kiwanians

The Tawas Area School Basketball Team was honored Tuesday evening with a banquet at the Barnes Hotel given by the Tawas Kiwanis Club. Roy J. MacMurray, athletic director of the Saginaw schools, was guest speaker.

Banquets for Tawas school basketball teams have been annual affairs with the Kiwanis Club, but this is the first for a team from the new Tawas Area District.

MacMurray, who is one of Michigan's outstanding athletic directors, is a graduate of East Tawas High and was active in athletics during his school days. He gave an inspiring talk, emphasizing fair play and team work. Reminiscing of the old days he recalled the keen rivalry between the schools of the two cities in baseball, basketball and other athletic events. He named some of the outstanding athletes of those days, and pointed out that the new Tawas Area School could look forward to even greater achievement.

Coach Mark Deffenbaugh introduced the members of the team, and their fathers, who were also guests of the club at the banquet. Gordon Huck was program chairman.

Persons serving in the Armed Forces will have the years spent there treated the same as teaching experience in other schools.

Non-degree teachers will have \$10 a semester hour deducted from their salaries for deficiencies between 120 and 80 semester hours. Teachers having less than 80 semester hours of college credit will have \$20 per semester hour deducted for those hours below 80.

Increments for past experience in schools shall be given to non-degree teachers on the following basis. Those with 100-110 semester hours will get \$80 per year of experience. Those with 90-100 semester hours will get \$70 per year of experience. Those with 80-90 semester hours will get \$60 per year of experience.

Those below 80 semester hours will receive \$50 per year of experience.

Candidate for County Treasurer 1954 Kaisers Now on Display

Lyle Long, Grant township farmer, announced this week that he will be a candidate for the nomination for county treasurer on the Republican ticket. Long is township treasurer.

The 1954 Kaiser is now on display at Choler's Service Station in this city. The Cholders have a beautiful new car, and see this beautiful new car, and will be delighted with its appearance, engineering and performance.

An explanation of the late announcement date of the 1954 Kaiser models is given in quotations from a speech given by Edgar F. Kaiser at a pre-announcement meeting. He said "Let us all be clear on one thing. It is not an easy process—building a new organization. Kaiser-Frazer men look back and know what a battle they put up. For seven years, they were told they'd be out of business in six months. Experts said they would never bring out a car.

"Look at the record for a minute. There are over 700,000 Kaisers on the road. They have leadership in styling and beauty. Everyone in the industry recognizes that. They brought out the first hardtop in the business—the first plastic sports car.

"Now under our reorganization as Kaiser-Willys, we are in production with the 1954 models—and we are in this business to stay. We are not going to fail you in any way."

Donkey Basketball Tonight at Gymnasium

Tonight, Friday, March 26, is fun night for sports fans in the Tawas when a donkey basketball game will be played with the businessmen of Tawas City and East Tawas opposing the Tawas Area High School team.

The game begins at 8:00 p. m. at the Tawas City Gymnasium, and is sponsored by the senior class.

School Board Adopts New Salary Schedule

Issuance of contracts on the basis of the following salary schedule has been authorized by the Tawas Area Board of Education. Formal adoption of the schedule will take place at the regular school meeting on April 13.

The salary for an inexperienced teacher with a bachelors degree will be \$3,200. The teacher will be given \$100 per year increment for years taught in the system for eight years of service. The maximum salary for a bachelor degree teacher will be \$4,000. Teachers will be given one-half credit for experience in other schools up to 10 years or a total credit allowance of \$500. Teachers will be given \$240 for a masters degree and \$7 per semester hour for work earned toward a masters degree. Heads of families will receive \$100 in addition to the above salaries.

Persons serving in the Armed Forces will have the years spent there treated the same as teaching experience in other schools.

Non-degree teachers will have \$10 a semester hour deducted from their salaries for deficiencies between 120 and 80 semester hours. Teachers having less than 80 semester hours of college credit will have \$20 per semester hour deducted for those hours below 80.

Buy Easter Seals

The National Society for Crippled Children and Adults, Incorporated, is sponsoring another Easter Seal campaign. The Society is asking millions of Americans to support programs designed to provide care and treatment, education and research to benefit crippled citizens.

Last year, the Society treated more than 100,000 crippled children and adults and it is hoping to extend its services to reach an even greater number this year.

The 1954 campaign closes April 18. By that time, more than 1,200 Easter Seal affiliates in each of the forty-eight states and abroad hope to have concluded a successful Easter Seal campaign.

In past years the Easter Seal campaign, in behalf of crippled children and adults, has appealed to most Americans. This is only natural, and the citizens of this community should once again purchase Easter Seals. While there are a number of charitable drives at this time of year, they have not been so numerous that the more fortunate of us cannot spare a few dollars for the benefit of those not so fortunate, and not fortunate enough to be able to take proper steps to remedy their condition.

Mobilize for Mercy

As this year's Red Cross campaign nears its close there are some who have not yet renewed their membership in the organization. Our chapter is making an all-out effort to enroll every adult as a Red Cross member. We heartily endorse this objective and urge citizens of Iosco County to respond in full measure to the appeal.

Few organizations in the world today typify the democratic American way of doing things and helping the other fellow as completely as does the American Red Cross. Red Cross aid is freely extended to all who need it, regardless of race or creed. The Red Cross therefore belongs to all the people and should be supported by all the people. Furthermore, through our individual memberships in the Red Cross, we play a part in everything the Red Cross does including the great national and international programs which extend your helpfulness to people far removed from us in time and space. We touch their lives, and they touch us because, through the Red Cross, we are all good neighbors.

So we join the Red Cross in calling for a great Membership Mobilization which will draw into its ranks all men and women of goodwill. If you have already joined, ask your neighbors to join, too. If you have not yet signed up, be a good neighbor and join today.

LOOKING BACKWARD

40 Years Ago—March 27, 1914.

The annual Iosco County Sunday School Convention will be held Saturday and Sunday at the East Tawas Methodist Church. Among the speakers will be the Rev. Joshua Roberts, John A. Campbell, the Rev. J. B. Brown, W. H. Price and the Rev. C. W. Scott.

A number of friends gathered at the home of Miss Florence Stickey Wednesday evening to help her celebrate her birthday anniversary.

A set of tubular bells have been placed in the tower of Christ Church. In time others will be added so that a hymn may be played.

Mr. and Mrs. B. C. Jacobs left Thursday on an extended trip to Detroit, Port Huron and New York.

Mrs. H. W. Venners of East Tawas is spending a few days with her daughter at Onaway.

Mark Winchell of Hale was a business visitor in the city this week.

A large number of wild ducks have been sporting in the waters of the bay this week.

Mr. and Mrs. Wesley Dunham of Whittemore have moved to Prescott.

Matt Jordan has finished cutting cedar for the season. He has 8,000 ties and 10,000 fence posts piled up at the Melvor siding.

LETTERS to the EDITOR

209 Tawas Street
East Tawas, Michigan
March 17, 1954.

Dear Sir:

About a month ago, as most of us well remember, our Board of Education set before us a proposition which they believed to be a step in the right direction in the education of our children. This proposition was based on many hours of careful study by the site committee and the members of the Board. Before recommending the proposition to the people, the project was further tested by submitting it to professional people, architects, engineers and surveyors who, in turn, assured the Board that they had made an excellent choice.

The school proposal was vigorously opposed by a group of people who called themselves, "Citizens Committee for Better Schools," and whose objections was on the choice of site.

It now becomes evident that the Citizens Committee for Better Schools is not interested in the comparative qualifications of the two sites involved. Their policy seems to be this—We want the school on the Fairgrounds or we will see to it that there is no school.

To show that thoroughly this policy has been set up, the Citizens Committee for Better Schools is not only prepared and ready to vote "No" on any proposition the Board may prepare other than for the Fairgrounds, but they have now hired an attorney to investigate the formation of the Tawas Area District. The only possible reason for this, it seems to me, is to make it possible to declare the school reorganization illegal if the Citizens Committee for Better Schools sees fit.

In support of my contention that the Citizens Committee for Better Schools is not concerned with the facts of the case, I would appreciate your consideration of the following:

Firstly—The statements made by the Citizens Committee for Better Schools on the eve of the February 8 election have shown that the sources of their information were unsound. I will give you four examples:

1. The Citizens Committee for Better Schools stated that the Fairgrounds site could be obtained for nothing.

At present it is still not known whether we could get the site we desire or whether we still have to buy it on an exchange basis. Either method would take at least a year and an exchange set-up would probably cost considerably more than the value which the government puts upon it.

In other words the Citizens Committee for Better Schools wants the Board to actually set up a vote for a school on an area which we do not even have an option on and without regard for the amount which it might eventually cost.

2. The Citizens Committee for Better Schools stated that it would cost \$50,000 to \$60,000 to provide sewer and water, drainage and fill for the Newman-Reinke site.

The main expense will actually be for sewer and water. We have a choice here which the Board would no doubt be glad to leave up to the people. We can go straight to the building from the city limits for about \$17,000 or we can follow the road at a greater initial cost and with the expectation that homes located along the road would eventually pay a large amount of the investment back to the school fund.

3. The Citizens Committee for Better Schools brought up the Grand Haven School which supposedly provided adequately for 1,200 students on 20 acres.

A letter has been received by the Board from the people at Grand Haven stating that they are already using two separate areas for football and baseball fields and that their two parking areas are entirely inadequate. They are very unhappy about not getting a larger area, and their school is designed for 900, or we can follow the road at a greater initial cost and with the expectation that homes located along the road would eventually pay a large amount of the investment back to the school fund.

It is also significant to note that they are providing facilities for 900 students which is still not complete and has cost \$2,343,118 to date. We are planning on facilities for 650 pupils for a total outlay of \$840,000, \$775,000 of which must still be raised. They are investing \$2,603 in each pupil, we are planning to invest \$1,292 in each pupil or less than half as much. This shows that our Board has pared the cost of the school to a minimum.

4. The Citizens Committee for Better Schools referred to the Neumann-Reinke site as swamp land.

Actually the soil is heavy clay which does not allow surface water to seep away. It is high enough to allow any surface water to be drained off in any one of three directions. Also there are only certain times of the year when this surface water is present.

Secondly—The Citizens Committee for Better Schools is not willing to accept any of the findings by professional people who have been hired by the Board to find out if the conclusions of the site committee were correct. It will give you two examples that I know of:

1. On the night of March 11, I attended the meeting of the Citizens Committee for Better Schools, which they had opened to the public.

During the course of the meeting, I asked that what they thought about the architect's estimate that a school on the Fairgrounds site would cost approximately \$35,000 more due to deeper foundation requirements.

The answer I received was a flat statement that they, the Citizens Committee for Better Schools, did not believe the architect's estimate. They didn't give me any reason for their answer.

2. Later, during an informal meeting between some members of the Board and of the Citizens Committee for Better Schools, a member of the Board asked if they believed the findings of two separate surveys showing that the Neumann-Reinke site was 19 feet above the high water mark of the Tawas river.

After repeating the question three times, one of the Citizens Committee for Better Schools answered that he didn't see how the Neumann-Reinke site could be 19 feet above the high water mark of the Tawas river.

Now I would like to ask you people who are kind enough to read this letter—What kind of proof does it take to convince the Citizens Committee for Better Schools? And who would they hire to gather facts for them on a proposed school?

The answer to me is, as I stated above, that the Citizens Committee for Better Schools is not concerned with the facts.

Thirdly—The Citizens Committee for Better Schools claims that the Fairgrounds site would provide a community center for both Tawas and East Tawas.

It would for East Tawas, that I will not deny. But would it also be considered a community center by the people in the rest of the district?

Lastly—The Citizens Committee for Better Schools predicts that property values in East Tawas would go down if the school were built outside of town.

Would the Citizens Committee for Better Schools be willing to submit this question to an impartial authority on the subject?

In conclusion I would like to suggest that the school board act to clear up the confusion and rumors which have clouded the facts.

I would like to see the Board publish a series of articles in the local papers starting at the beginning, giving the original site committee members, what sites were considered, what characteristics listed, what ratings for different sites and their recommendations to the Board. Then show what data was compiled and by whom, to find out

whether the committee chose the best site.

I feel that when all the facts are known that the people of the Tawas Area will be glad to support the original proposal first presented to us on February 8.

Very truly yours,
Clyde L. Soper

Dear Editor:

"Just to keep the record straight," as Al Smith used to say, I am questioning the date "1873" given in last week's Herald, below a picture of the old Tawas City House. This hotel was run by the late Thomas Curry, and burned during a disastrous fire that visited the county seat.

I have seen an old picture of the Tawas City House—no doubt about its identification as the name of the hostelry was painted in large letters across the front of the building. It was three stories high, but more primitive in construction than the print you used last week. By those who knew years ago, this picture was described as the hotel that burned in 1873.

Now, fire could not keep Thomas Curry out of the hotel business, and he soon had another—a more modern and larger building—erected on the site of the old hotel. He gave the old name—Tawas City House—to the new hotel. I am sure that the photograph you used last week was a picture of this second hotel, which burned to the ground in October, 1876.

Again, Thomas Curry overcame difficulties. He immediately remodeled and added to a building that had been erected at the junction of Mathew and Lake Streets, on the site of a grocery store now located there. This third hotel he called the Arcade, and he was operating it in January 1877. This hotel burned in 1882. I cannot say off-hand, whether or not Mr. Curry engaged in the hotel business thereafter, but I do know that 15 years later he was operating and living upon one of the finest farms—and the largest one—on the Hemlock Road.

The Tawas City House was located on the north side of Lake Street, about mid-way between the McLean Store and the Myles Insurance Office.

THE TAWAS HERALD

Cadillac

It Speaks a Universal Language!

Pictured above is the most eloquent motor car ever to travel the world's highways.

It's the great 1954 Cadillac—and it speaks not only with great eloquence, but in a language which is known and understood wherever there are roads to travel . . . and people to behold.

First of all, it speaks of its owner—the minute its beautiful hood comes into view.

"Here is a man," it says—almost as plainly as the words are written here—"who has earned the right to sit at this wheel—by his industry and department and enterprise. Be he merchant or lawyer or businessman—or doctor or farmer or financier—the odds are great that he's a credit to his calling and to his fellow men.

"Accept him accordingly—and you'll likely be right in your judgment."

And then, as it comes closer, it speaks its special

message for 1954—the story of its own advancement.

Its beautiful silhouette—graceful, free-flowing and dynamic—announces a whole new era in automotive design . . . "expect me to be copied for years to come!"

And its smooth, silent, easy movement—a true symphony in motion as it glides past and on and away—says with clarity and eloquence that the world's standard for performance has been raised again.

And remember—the wonderful "voice" of a 1954 Cadillac, with its significant message, comes as a bonus to the man who sits at the wheel.

It comes in addition to all the priceless fundamentals which make a Cadillac a Cadillac: unrivaled endurance and dependability—incomparable comfort and handling ease—and unbelievable economy of upkeep and operation.

Better come in—and let a Cadillac speak for you!

Celebrate 35th Legion Anniversary Last Sunday

The Audie Johnson Post and Auxiliary, American Legion, celebrated the 35th birthday of the American Legion last Sunday afternoon with a banquet and program.

Tables were beautifully decorated with floral centerpieces in red, white and blue with red, white and blue candles in crystal holders. Favors were tiny soldiers with overseas caps holding miniature American flags and nut cups in patriotic colors. The speakers table was centered with a large decorated birthday cake banked with blue iris corsages tied in blue silk ribbons which were presented to the ladies.

Roy MacMurray of Saginaw, a past commander of the post, acted as master of ceremonies. Joseph Barkman was honored for his fine work and serving as post adjutant for 35 years. He was presented with a life membership card by Post Commander Robert Harmon. Remarks were given by Joseph Barkman and Mr. Harmon. Miss Helen Applin, a post president of the auxiliary, gave a talk. Her theme was "A Tribute to the Post."

Past Commanders of the Post were introduced and gave reminiscences of their years of service. The past commanders present were John Mielock, Jay Platte, Elmer Kunze, Edward Seifert, Jr., Arthur Bartlett, Richard Price and Roy MacMurray. Mr. MacMurray, in closing remarks spoke of the fine character and integrity of the youth of today, who will be the leading citizens of this country tomorrow.

Letter of Appreciation
March 23, 1954.
An open letter to Betty and Joe Fennette from the Tawas Women's League:
Dear Betty and Joe,
Spring has sprung and the proverbial young man's fancy is lightly turning. Those of us who are not quite so young are also feeling the buoyancy of spring and youth. In honor of the season, the Tawas Women's League would like to thank you publicly for living in this spirit throughout the year. The work which you are doing for the young people of the community is wonderful. We know you are motivated not by a desire for prestige, but by sheer love for kids. It's grand to find such an attitude. Thanks for being so considerate of everybody's children.

Sincerely,
Betty Rima (Mrs. E. J.)

NEW INTERNATIONAL "100" DEMONSTRATED

The new International One Hundred is being shown and demonstrated at Ottawa Equipment Company, Tawas City. International truck dealer for this area. The One Hundred is a new low-cost half-ton pickup truck with advanced riding and performance features. It is powered by a new, high-compression engine, the Economy Silver Diamond 220. The new model's features include easy handling, swift acceleration and cab comfort, in recognition of the frequent use of pickup trucks as personal and family vehicles.

The One Hundred is designed to be an efficient and economical carrier of half-ton loads.

The International One Hundred, a new low-cost half-ton pick-up truck embodying advanced riding and performance features, and powered by a new high-compression engine, has been introduced into the International motor truck line and is on display at Ottawa Equipment Company.

Gordon Everett, manager, said the new model is being shown and demonstrated simultaneously by more than 5,200 International truck dealers and branches throughout the country.

"This is a new truck from engine to rear axle, and it sets new standards in the pickup truck field for easy handling, swift acceleration and cab comfort," he said.

"The design of the One Hundred makes it an efficient and economical carrier for full half-ton loads."

Driving qualities and cab comfort have been stressed in the new truck, Everett said, in recognition of the frequent use of pickup trucks by many driver-owners as personal and family vehicles. Its ease of driving and "cab quiet" will appeal to women members of the family, he said.

The One Hundred's cab is the insulated Comfo-Vision, which features roominess, all-round visibility and driver-convenient arrangement of controls. Starting is ignition-key type; shift lever is on the steering columns for

Easter Seals Now on Sale

The 1954 Easter Seal Campaign will open in Michigan and throughout the nation on March 18, Walter F. Gries, president of the Michigan Society for Crippled Children and Adults—the statewide Easter Seal Society—announced today. The appeal will continue through Easter Sunday, April 18. In fact the period of March 18 through April 18 is designated Easter Seal Month, and a special day, April 10, is nationally designated as Crippled Children's Day, the day of the Easter Seal Tele-Parade.

The 21st annual campaign for crippled children and adults, conducted by the Michigan society, now 31 years old, is expected to be the most extensive campaign in the society's history.

A million and a half Easter Seals will be mailed to residents throughout Michigan by 91 local affiliated chapters of the Michigan society, Mr. Gries said.

The seal for 1954 is designed in bright blue, white and yellow. It incorporates the white lily symbol of the Easter Seal Societies imposed on a yellow envelope which symbolizes use of Easter Seals.

The president emphasized that 91.7% of all funds received from Easter Seal contributions will remain right in Michigan to help its thousands of crippled citizens through expert examinations, treatments, special education, vocation guidance and training, and many other services, including the furnishing of orthopedic aids and appliances and occupational therapy and crafts for the severely handicapped who are homebound.

Among the major projects supported by the Michigan society and its local affiliates are the conduct of free public clinics, including the furnishing of pained—medical care, braces, wheel chairs, crutches, casts, walkers and other special appliances, recreational activities including special summer camping, bedside instruction for those who cannot attend school, special transportation to and from the clinics, hospitals and schools, physical and occupational therapy and special education facilities and equipment, all leading toward self-supporting lives.

The Michigan Society for Crippled Children and Adults, incorporated, is the oldest non-profit organization in Michigan. It serves all physically handicapped persons, regardless of color, race or creed, and regardless of the causes of crippling.

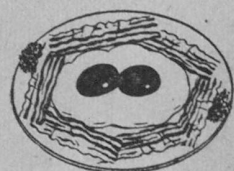

Life has its disappointments but there is no reason to be one of them.

FARM NOTES

Tuesday, March 30—Agricultural Council, 8:00 p. m., Federal Building.

An estimate of 35,000 people has been given as our Iosco county summer season population. That is approximately three times our year-round population figure of 12,000.

Mac Moore, Michigan State College extension poultryman, using these figures estimated that 1,600,000 laying hens are needed in Iosco county to feed our summer population during the five peak months (that meaning no egg supply would be imported, of course).

Most of the 24 persons attending the egg and poultry raising discussion on Wednesday evening agreed there is plenty of demand for these products during the summer. Ample market at this time of year (January to June) is the problem.

Local retailers say they cannot market the supply available to our 12,000 people, and that they cannot make money for the producer or themselves trying to ship them out.

The outside buyer wants a year around source of supply rather than a seasonal one, and that our growers do not wish to contract.

Based on these facts, suggestions outlined by Mr. Moore for Iosco county are these:

1. The season of highest prices and ready demand is June to December.

2. Arrange your poultry program to have pullets in peak production during these months. (It takes eight months to raise a day old chick so that she lays her largest eggs).

3. Choose a breed of chicken which you can sell for the highest meat price at the end of the profitable egg production season.

4. Be sure to select a layer strain of the chicken breed you prefer. (White Rocks seem to do especially well in this area.)

5. Know your cost of produc-

Vine Farm Bureau Met Thursday, March 18
The Vine Farm Bureau met at the home of Mr. and Mrs. John Rapp March 18 to discuss merits of Farm Bureau Fire and Windstorm Insurance. Harold Clark, one of the three delegates to the insurance meeting in Lansing February 25 gave a detailed report of the new program.

Deloise Rapp reported on two very important pieces of dairy legislation and suggested that members send cards urging Senator Charles Prescott to support passage of House Bill 225, which would restrict super fortification of milk; also House Bill 249, which would "permit sale of milk from automatic dispensing machines in Michigan as is now legal in 45 states."

"Flexible or rigid farm support prices?" is still a controversial topic and continues to bring forth many pros and cons at recent meetings. In conjunction with the discussion this time, Charles Kobs read Senators Allen J. Ellender's and Milton R. Young's stand on rigid price supports as taken from the March issue of the Farm Journal.

of virtue, lets in the light of heaven.

(d) To worship is "to open the heart to the love of God." We bring our hearts closed and barred with bitterness; and in the presence of God, they open to glimpse of His love as revealed in the life of our Saviour, Jesus Christ, the fidelities of family loyalties, the last full measure of devotion of Jesus on the cross.

To worship is "to devote the will to the purpose of God." We bring our wills stubborn, rebellious, selfish; and in the presence of God we dedicate them to His service, we align them with His loving purpose.

If everyone of us could take these steps each week as a part of our worship experiences in our churches, I too, believe much of the confusion of our day could be done away with.

Lets take the whole family to church this week!—Rev. Wesley D'aroe, Whittemore.

Then there are those who believe that all courts of the land declare nothing but the law, as it has been prescribed.

High Cost Of Living
 The cost-of-living edged up (price of gasoline), the cost of food again!
 Familiar headline? Nobody needs to tell YOU that living cost is HIGH — YOU pay the bills.
 Most everything you buy costs TWICE as much as it did EXCEPT ELECTRICITY! Yes! Electricity is the only product which is lower today than in 1939.
 Take a look at this:
COST OF LIVING SINCE 1939 UP 93.9%
COST OF ELECTRICITY SINCE 1939 DOWN 19.2%
 Look at the difference! Have I got my feet on the ground. By comparison, I feel like I'm standing in a manhole.
 Guess you didn't realize my wages were down. I worked for 4 cents an hour in 1939 — NOW my wages are only about 3 cents an hour.
 Of course, the more jobs I do — the more pay I get — but that's fair enough at only about 3 cents an hour, isn't it?

WITH Iosco 4-H Clubs

Alabaster-Whitney Rowers, Grant Friendship and Laidlawville 4-H Clubs arranged an exhibit and a 15 minute program which was presented at the Tawas Area P. T. A. meeting on March 15 as a part of their youth organization program. Everyone of the young people did a very fine job of presenting his part in the program. We wish all of you might have seen and heard them.
 National 4-H Club Week was observed throughout the county March 6 to 14 with displays of project activities and posters. We are learning how to do it, and each year will plan to have more effective stories to tell others about 4-H Clubs through exhibits.
 In 1954 the following awards will be made to Michigan 4-H Club members: 50 scholarships to Michigan State College, 14 trips to National Club Congress in Chicago, 35 out-of-state trips for judging and demonstration winners, 4 trips to National Club Camp in Washington, D. C., the highest award offered to club members, 6 trips to the Toronto Exposition, \$1,150 in other scholarships to 11 individuals.

"February 22 was the finishing date for our electrical projects for the year. Some of us have some beautiful lamps and Gale finished wiring a panel. All of us have very much enjoyed our electrical project work and the social evenings spent together." Larry Whitford, reporter.
 "Articles made by the Alabaster-Whitney Rowers 4-H Club were displayed to show parents what is being accomplished so far this year. This happened at our open house meeting at the George Shawl home on March 1. The program for the evening consisted of demonstrations and talent with all members participating. After the program Miss Scott, home demonstration agent, gave members of the project pointers on how articles are judged and how to correct mistakes that may have been made before time to exhibit at the fair.
 "Project leaders asked all members to have articles on which they were working or have completed to be turned over to them by March 4 so they could be used for window displays to show the public what we are doing as a 4-H Club. The following stores gave us space during National 4-H Club Week, March 6-14: Hennigar Company, knitting and a clothing; Mersched Hardware, gun safety; Fox Hardware, electrical; Monarch Men's Store, radio.
 "Our 4-H Club members would like to thank these store owners for the space, and the project leaders for the success of our participation during National 4-H Club Week.
 "Refreshments were served by the committee." Andrea Lee Duquette, reporter.

HDA NOTES
 By DOROTHY SCOTT
 Grandmother with her washboard, her boiled clothes, her bluing, did not have an easy wash day. And Mrs. Modern Homemaker tells us her wash day is not all rosy either, in spite of new and improved equipment she has purchased. Questions often asked include these:
 Is soaking of clothes out-of-date and unnecessary? Let's agree on a thirty minute limit for soaking. That is long enough to loosen the dirt. Longer soaking doesn't help a bit. Never soak silk or wool, you may soak cotton and linen. Color fastness is important if you want to soak colored cottons.
 What is the best temperature of water in the washer? For your cottons and linens which have been soaked you may use water as hot as 160 degrees. For the unsoaked cottons and linens best results will be with water not over 140 degrees. Use a milder temperature for washing wool, from 90 to 100 degrees. Silk can be washed at 100 to 110 degrees.
 Can I use both water softener and detergent in the same washing? Yes, but allow the water softener to dissolve several minutes before adding the soap or the synthetic detergent or syndet. They are enemies and fight each other. In hard water districts syndet works better than soap.
 Two new publications you may be interested in are "Pressure Canners, Use and Care" and "Rabbit Cookery."
 Here is good news for mothers-to-be. The smart crisp fabrics now in high fashion are a boon to your maternity wardrobe. Fabrics that do not cling conceal your new figure and give you a sense of being smartly dressed.
 Choose from fabrics such as polished cotton, chintz, embossed print, Indianhead, butcher linen, rayon gabardine, cotton and brocade.
 You will want to explore these fabric possibilities whether you make your own clothes or buy the ready-to-wear variety.
 Garments with gathered fullness make the most attractive styles if you prefer soft materials for your wardrobe.
 Accidents do happen, and sometimes are fatal. The death rate from accidents among boys and girls aged one to 19 was cut only 16 percent during the period 1940-1949. During the same period the rate for all other causes of death in that age group was cut 46 percent.
 We are now in need of some help...and if we can get it, can at the same time give some.
 Our want is to locate a family who plans to remodel a house sometime in the not too distant future. The reason is that an opportunity for training in planning home remodeling is coming along in April. It will be lots more interesting and worthwhile to help a family work out plans which will be used than to spend our time with an imaginary plan.
 The idea will be to complete the remodeling plans so they will meet the wants and needs of the family who is to live in the house. Really, it's a bargain and does not feel capable of doing it themselves.
 If you are interested yourself, or know of a family that may be, won't you please let us know right away—April is just around the corner.

The Selective Service regulations require every young man to register at the nearest local board office upon reaching his 18th birthday, except certain ones who are exempt. Persons separated from active duty in the Armed Forces, if not already registered, must register within 30 days following separation, if they would have been required to register except for the fact that they were on active duty.

Each person who is registered should report to his local board any change in status, such as address, marital status, birth, or expected birth of any child, death of child, change in employment, military status, student status, or change affecting any dependent of registrant, or any other change which may affect his classification. Even registrants who have reached 26 years of age should also report these changes of status. Deaths of registrants should also be reported promptly.

Changes in regulations governing classifications which are made from time to time emphasize the need for current data on all registrants. The office of the local board for Iosco county is Room 226, Post Office Building, East Tawas.

The Navy does not plan any foreseeable reduction in its pilot training program, Lieut. C. D. Grubb, naval aviation cadet procurement officer for Michigan announced this week.

Although the Navy and sister services have recently announced curtailments in other officer candidate programs, young men who desire to fly for the Navy are still able to join up, he said.

Lieutenant Grubb lists the following general requirements to qualify for naval flight training:

A candidate must be between the ages of 18 and 25 and be single. Have completed two years of college. Have 20-20 vision and be in good physical condition.

Persons seeking information are invited by Lieutenant Grubb to write him at the Naval Air Station, Grosse Ile, Michigan.

School Site

(Continued from front page.) the identity of the educators and engineers working with his committee. In replying he said that the committee didn't have anyone in engineering and that his group was "more or less of a layman's organization."

When queried as to whether it would be physically possible to build the school on the Fairgrounds-Nursery site, Chairman Pro Tem replied that he thought it could be. But he went on to remark that this site would necessarily limit the school plant.

Fox said that adequate property should be obtained and quoted Dr. Taylor of the Michigan Department of Public Instruction, as remarking that he has yet to run across a school district that has more than the acreage needed.

The board intends to do all possible to clear up rumors and confusion about school issues before another election, Fox stated.

Further discussion on the site question brought various opinions and comments. The method of site selection was again reviewed and outlined, both by citizens and board members. Registration procedure was also clarified.

Bills were read and approved. The treasurer reported a balance of \$68,073.14. April 20 was set as closing date for submitting bids on a 60 passenger school bus and purchase of new typewriters was among the other routine items considered by the board.

Mrs. Allen was presented with a gift from the society. Hostesses were Miss Beth Blake, Mrs. George Morat, Mrs. Joseph Dimmick and Mrs. Leonard Sarki. Table decorations were white candles and a centerpiece of white daisies, yellow roses and heather.

Famed Aviator Sets

New Speed Record

Driving a 1954 Dodge V-8, Betty Skelton, famed aviatrix, set a new speed mark at Daytona Beach, Florida, for standard American automobiles with 200-249 cubic inch engine displacement by traveling over a measured mile at an average speed of 105.88 miles per hour.

Miss Skelton's record-breaking run was witnessed by more than 25,000 people as a highlight of Speed Week, a week-long classic of stock-car competition

conducted annually at Daytona Beach's historic ocean-side racing strip by the National Association for Stock Car Auto Racing.

At the wheel of a 1954 Dodge V-8 four-door sedan, Miss Skelton was clocked at 105.26 miles per hour for a southbound mile and 106.38 miles per hour for a northbound mile—an average speed of 105.88 miles per hour.

The speed feat came on Miss Skelton's first attempt in stock-car competition. The 27-year old aviatrix, during a 10-year flying career, marked up numerous speed, altitude and aerobatic records.

Miss Skelton's average of 105.88 miles per hour on Daytona Beach was only slightly short of 106.36 miles per hour mark set by a 1954 Dodge V-8 last September on the Bonneville Salt Flats, with Danny Eames, veteran West Coast stock-car driver at the wheel.

Miss Skelton's 105.88 miles per hour average established a new record for stock cars of 200-249 cubic-inch engine displacement and was also faster than the speed recorded for cars of 250-299 cubic-inch engine displacement.

Including the speed mark, the 1954 Dodge V-8 chalked up a total of 196 stock car records for speed, performance and endurance on the Salt Flats in tests conducted under the supervision of the American Automobile Association.

Early this month, Wilbur Shaw, president of the Indianapolis Speedway, announced that a 1954 Dodge V-8 will pace this year's 500-Mile Race. Shaw said Dodge earned the honor by its performance on the Salt Flats.
