W. D. Nunn Re-elected to Road Board

OCTOBER MEETING OF SUPERVISORS MAY END THIS AFTERNOON

W. D. Nunn of East Tawas was elected member of the county road commission at the October meeting of the Iosco County Board of Supervisors which began Monday. Nunn has been serving on the road commission since April, 1950, when he was appointed to succeed Elmer Britt, who had resigned.

Thursday evening, it was the opinion of Chairman Theodore Bellville that the work of the board of supervisors would be completed this afternoon (Friday). The report of the finance and apportionment committee Thursday evening was ready to be submitted to the full board. The work of that committee is the most important part of the business of the October session.

In addition to the election of Nunn to the road commission, the board named John Henry to succeed himself as member of the Iosco County Welfare Board.

George Beard of Oscoda, Harold Black of Reno Township and P. N. Thornton of Tawas City were elected members of the board of county canvassers.

Wednesday morning the Iosco County Jail bonds were sold to McDonald, Moore and Company of Detroit. The successful bid carries an average interest rate of 1.88%. Other bidders were Shannon and Company, average interest rate, 2.32%; First of Michigan Corporation, average interest rate, 2.20%; and Stranahan, Harris and Company, average interest rate, 2.24%.

The total interest on the \$125,000 bond issue until maturity will be \$19,584.05. Payment before maturity will reduce the amount of interest.

McNamara Guest at Iosco Democratic Luncheon Monday

Patrick V. McNamara, Democratic candidate for United States senator, toured Iosco County Monday, visiting Tawas City, East Tawas, Whittemore, Hale and Oscoda.

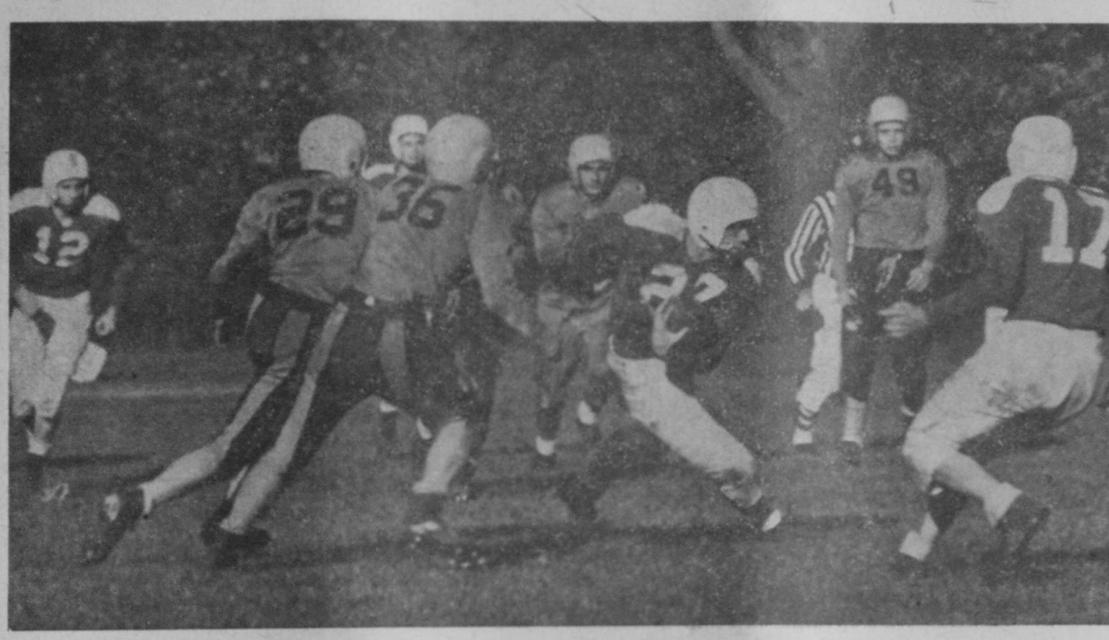

Speaking at a luncheon in the Barnes Hotel, Tawas City, McNamara predicted a Democratic victory in November. He told an overflowing crowd that signs of discontent among the farmers, workers and businessmen of Michigan point to a Republican defeat.

"The Republicans promised they would protect and assist the independent businessman," McNamara said. "But, as in the case of the farmers, the promise was broken, too. The Republicans set up the Small Business Administration, whose first administrator made the statement that big business will get bigger and small business, smaller."

That is a true indication of how

Rogers City to Play Tawas Braves Here This Afternoon

The Tawas Area Braves will play their second home game of the season this afternoon (Friday) at the East Tawas athletic field. The Tawas Area eleven will tangle with a strong Rogers City team, with the game-time slated for 3:00 p. m.

Thus far this season, the Braves have won one game and lost two. They registered their first win of the season two weeks ago, when they took a 7-6 decision from Sterling. The two losses came at the hands of Bay City St. Stans and Alpena Catholic Central.

Head Coach Fred Hickman and Mark Debaugh, his assistant, have been stressing the fundamentals of football to their charges during the entire season. The Braves' player roster includes more than 40 freshmen students and this should be a good indication of the caliber of team Tawas can expect in the future.

Games remaining on the Braves' 1954 fall schedule include Oscoda there in a night game on Friday, October 22; Alpena High Reserves here on Thursday, October 28, and West Branch there in a night game on Friday, November 5.

A little out of place at this time of year, but Dr. E. B. Cavell is very proud indeed as he inspects a blooming Easter Lily plant at his Wheeler Street veterinary hospital last Tuesday. The plant has four blooms and is a stand-out among the fall flowers in his garden.—Herald Photo.

STEEL HEAD FISHING BRINGS MANY TO AREA

Several businessmen in the Tawas commented about the rush of late season tourist business last week-end. According to many reports business here on Saturday and Sunday equaled many week-ends during the summer months.

Earl Goupil, manager of the Fletcher's Texaco Service, said this week that he had to unpack all of his fishing equipment, due to the heavy run of steel head fishermen, who, by the way, had very good luck at the Whitney Drain.

Most cabin and motel owners reported a very busy week-end and the familiar "no vacancy" sign was in evidence at many of the cabin courts.

The recent late-season spurt to tourist business can be attributed to the down-state fishermen who came to this area for steel head trout fishing.

Large catches were taken in the Whitney Drain and the Ausable River at Oscoda. Several local dealers sold the remainder of their 1954 Michigan fishing licenses.

Resigns to Enter Insurance Business

Veteran East Tawas post office employee, Howard Durant, resigned his position last week in order to devote more time to his newly acquired insurance business.

A veteran of 16 years in the postal service, Durant became a city carrier at East Tawas three years ago. He started his career as a substitute clerk in the old post office, which was located next to Klenow's Market.

Rains Continue to Pour into Flooded National Gypsum Co. Quarry

Three weeks of repair work on the crusher plant roof and several weeks of pumping at the flooded quarry was the result of last week's torrential rains at the National Gypsum Company plant at National City.

Sunday of that week three pumps, pumping a total of 4,000 gallons per minute, kept losing ground and by evening were under water and had to be shut off. After several days of pumping with a portable pump there is about 30 feet of water in some portions of the quarry. Heavy rains during this week have hampered work at the flooded quarry.

Wind and a heavy load of rain saturated gypsum dust is thought to have been the cause of the roof failure at the crusher plant. Three maintenance men had just passed under the section of roof before it collapsed.

So far, production has continued at the mill without interruption, except for a few minutes.

Damage to the plant, quarry, road repairs and extra pumping at the quarry will run into thousands of dollars in costs.

C. H. Hill, plant manager, had high praise for the Heineman Construction Company of Saginaw and the Consumers Power Company. Monday morning following the roof collapse, Morse R. Heineman had his engineers and a crew of steel workers on the job. The Consumers Power Company quickly cooperated with a portable pump from the Weadock plant at Bay City.

A youthful East Tawas motorist narrowly escaped injuries early Thursday morning when his car crashed into a Detroit and Mackinac Railway diesel locomotive. Everett Thomas Trudell, 17, of 811 State Street, crashed into a moving train at the Whitney more Street crossing in Tawas City at 8:45 a.m.

The crash occurred during a rain storm and the impact from the train completely demolished young Trudell's 1940 Chevrolet coupe. Trudell was uninjured.

Trudell told investigating officers that he did not see the train approaching the crossing because of defective windshield wipers on his car. In his statement to officers from the Michigan State Police post and Tawas City Police Chief George W. Ruth, Trudell stated that he did not see the approaching train until he was about ten feet from the crossing.

The car struck the left rear step of the locomotive. Trudell stated that he did not hear the air horn warning signal on the locomotive.

The Detroit and Mackinac engineer was Edward Moore of East Tawas.

Rolph Speaks at Farmers Union Meeting

H. D. Rolph, vice president of the National Farmers Union, was the principal speaker at a meeting of farmers at the Grand Township Hall, Wednesday, October 8.

Thirty-five farmers heard a charge that farmers are letting themselves down by not supporting the subsidy program with personal attention and pleas to their legislature. Mr. Rolph said that farmers hear only "Big Business" side of the subsidy problem and too many of them believe the farmers are getting a large share of subsidy being paid out. To make his point the speaker gave figures showing that the post office received 40 million more than the farmers did just to support the special mailing rates on which business other than that of farmers profited.

"Farm prices," said Mr. Rolph, "will be established by legislation and to combat and live with the organization of other business. Farmers will have to organize for education and legislative benefits."

Elements of the Farmers Union Organization were discussed along with the present problems that are of present concern in this area, notably milk prices.

The farmers discussed the possibility of a Local Farmers Union in this territory. Several joined a tentative organization and planned future meetings for a county wide organization.

National Bible Week

National Bible Week is being observed from October 18 to 24 this year. The purpose of the observance is an effort to reawaken religious thinking in every possible way and is in line with a year-round campaign carried on by the Laymen's National Committee, Incorporated, to encourage the reading and study of the Bible.

Among other things, the Laymen's National Committee, Incorporated, provides graces, of all faiths, in dining rooms of restaurants and hotels, in railroad dining cars, provides favorite prayers of well-known people to the newspapers, sponsors spot announcements over the air throughout the year, and talks by outstanding men and women.

National Bible Week is, however, perhaps the most important of all the organization's activities. It is an effort from which millions of Americans can profit greatly.

Though the Bible is the greatest book ever written, there are those who will not necessarily agree with everything in it, or agree with every translation. Nevertheless, comparing it with all other books ever compiled, it stands far and away above them all, and carries Christ's message in clearer form than any other book.

The week of October 18-24 is a good time for you to review your study of the Bible, and think about its message, and how much time you have spent studying it recently. Many of us have not read the Bible through completely for a number of years, and the benefits to be gained from a thorough knowledge of the Bible and its lessons, are so great as to make this re-reading well worthwhile.

In fact, life's problems today are little different from those of the times of the Bible, and a study of the Bible will do more to help you meet these problems and arrange your life satisfactorily than anything else.

One of Top American Concert Artists to Appear at Zion Lutheran Church

This area is in for an outstanding musical treat this Sunday, October 17, Otto Baganz, Plymouth, Wisconsin, rated among the top three concert harpists in America today, has scheduled a concert at the Zion Lutheran Church, Tawas City, starting at 7:30 p. m. There will be a free-will offering.

He is the only living exponent of Lutheran and Christian hymnody on the harp in the nation. Baganz studied under such greats as Enrico Tramonti, recognized as the world's greatest harpist; Edmund Schuecker, the great chorale harpist, and Joseph Vito of Chicago.

For many years Baganz was a member of symphony orchestras in Chicago and other Illinois cities. In Lutheran circles he is known throughout the nation as the founder of the famed Baganz trio.

The harp was especially made for exhibition in the Hall of Religion at the Chicago World's Fair where Baganz played it daily. Following the fair he purchased the beautiful instrument.

One of life's little dramas started the concert artist on his career. In 1901 a retired musician in a little Wisconsin crossroads called Dotyville, bought his son a violin. The father felt that little Otto should follow in his footsteps as a violinist.

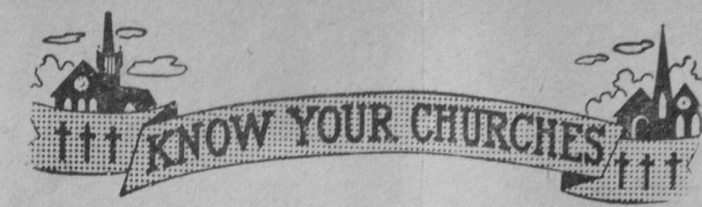

The boy fiddled, in fact, he stood the violin on end and began plucking at the strings. The father knew defeat when he saw it. He quickly stopped the boy's plunking on the violin.

When little Otto was nine years old, his father bought him a harp. That was the start of a career. For over 40 years now, Otto Baganz has been earning his livelihood with a harp.

Although he has played the harp on national radio programs, Baganz prefers to limit

Will Return Soon From Far Eastern Tour
A letter from the Michigan Madcaps, who are currently making a tour of Korea, was read over Bud Guest's "Guest House" on radio station WJR-Detroit Tuesday night. According to the letter, Bert Stoll, local newsman who is accompanying the group, received his initial flight with the Greek Air Force recently. Bert and the Madcaps have also become acquainted with "kimchi," the subject of many GI jokes, which is a preparation of pickled vegetables mixed with chili-peppers, the basic seasoning of most Korean dishes. We doubt whether Bert will bring the recipe for preparing kimchi back to the United States so that Mrs. Stoll can try her hand with this odoriferous dish. Bert is following the Madcaps on a four-week jaunt, visiting United States military installa-

tions and entertaining servicemen in Korea. Several of his articles have appeared in recent issues of the Bay City Times. Bert is expected to reach Detroit this Sunday on his return trip home.

The SNAPSHOT GUILD

For groups like community theaters, picture records are so wonderful they're almost a must.

Snap An Illustrated Secretary's Report

A feature of practically every group meeting I've ever attended has been a reading of "the minutes of the last meeting" from the secretary's book. These reports form the permanent record of the group's activity. But why not make a still more interesting record to supplement this one? Snap a picture record of major events—it'll be a lot more interesting to present to future members of the group than formal words written in a book. It won't take much time, nor would it be an expensive project. A roll of film and carton of flash bulbs will likely cover a major event. Keep step-by-step records of important projects, to show how they were carried on. Not only will this give you interesting pictures, but they can be a guide for similar projects the group may undertake in the future. We've heard of one group that not only made its picture record a self-supporting project, but even added a little to the treasury with it. As soon as you make the first such pictures, you'll find various members clamoring for prints. And they'll be willing to pay a few cents for them. Since extra prints from your negatives are inexpensive, you can easily charge enough for the extra prints to take care of the expenses of the picture-taking project. The picture taking itself may ever create new interest in the projects and serve as a means of stirring up enthusiasm among the people taking part.

COLD PANCAKES—No one spilled the main dish for breakfast. This is pancake ice, encountered by U. S. Coast Guard vessels during their recent successful traverse of the McClure Strait, western entrance of the long-sought Northwest Passage. In the Canadian Arctic, pancake ice occurs when waters first freeze as the Polar ice pack extends itself with the advent of the Arctic winter.

ORDER OF PUBLICATION
 At a session of said Court, held at the Court House in the City of Tawas City in said County on the 29th day of September, 1954.

WHEREAS, the Board of Supervisors of Isoco County, State of Michigan, adopted a resolution on the 13th day of October, 1953 directing the Prosecuting Attorney of Isoco County to take any and all necessary action under Sections 281.10 to 281.121 Compiled Laws of 1948 of the State of Michigan being Act 194 of the Public Acts of 1939 as amended for the determination and establishment of the water level of the following lake:
 Bass Lake—Section 36, T. 23 N., R. 6 E. and Section 1, T. 22 N., R. 6 E., Plainfield and Grant Townships

AND WHEREAS, Reginald J. Barnett, Prosecuting Attorney in and for the County of Isoco, State of Michigan for and on behalf of the Board of Supervisors for the County of Isoco has respectfully petitioned this Honorable Court to determine and establish the water level of the aforementioned lake;

NOW THEREFORE IT IS HEREBY ORDERED, ADJUDGED and DECREED, that the hearing on said petition shall be held at ten o'clock in the forenoon of the 29th day of November, 1954 at the Circuit Court in the Court House in Tawas City, Isoco County, State of Michigan, and further that said Prosecuting Attorney be ordered to cause publication of this notice of hearing once each week for six full successive weeks prior to the date of said hearing in a newspaper of general circulation in said County of Isoco, State of Michigan, and further that said Prosecuting Attorney be ordered to mail by registered mail a true copy of the published notice to all the record owners of land "abutting or touching upon said lake" at least three full weeks prior to the date of said hearing as above set forth.

Twin Calves Born—
 Twin heifer Holstein calves were born at the Hendrickson Ranch near Hale, on October 3. Molly and Dolly, as they are called, are large, normal animals, and marked very nearly the same.
 Their owner, Amos Hendrickson, has contacted the Dairy Division of the Michigan State College requesting that blood tests and nose prints be taken of them to determine if they are identical.
 If the test should be positive, he will offer this unusual set of twins to the college for scientific research.

George Says...

Something new has been added! The completion of a new picture collection of over 500 reprints of famous masters. These include landscape, portrait and animal subjects. Miss Leonora Has feels confident teachers will enjoy displaying these pictures in their rooms. They are mounted very attractively and each painting has a brief history affixed to the back which will enable instructors to easily acquaint the children with the background of the picture.
