Completion of Osmose Plant Here Expected by May 1, Says Moore

Construction of the Osmose Wood Preserving Company of America's new plant in Tawas City is expected to be completed the first week in May, it was announced Tuesday by Orville Moore, plant manager. The plant is located at the northeast end of the Detroit and Mackinac Railway Company's Tawas Yards. Construction is being done by Milton Frosch of West Branch.

"Unless we run into unexpected construction difficulties, the new plant should be in full operation by that time," Mr. Moore said.

Expected here next week to confer with the plant manager and view the progress on construction is Joseph M. Bray of Buffalo, New York, vice president of the Osmose Company. Regional manager and forester, John W. Storer of Madison, Wisconsin, will also be here.

The new low pressure retort wood preserving plant will treat ties for the Detroit and Mack-

inac Railway Company and will be expanded to preserve a variety of wood products including highway guard rails and posts.

Initial employment at the wood preserving plant will be from four to five men, the plant manager stated. About 20 to 40 wood cutters will be employed by the AuSable Wood Products Company, which has guaranteed a supply of timber to provide a minimum of 20,000 ties a year to the railroad.

The plant is now turning out small quantities of preserved wood ties by hand methods for use in the company's narrow gauge railroad which will be utilized for transporting lumber at the plant.

The Osmose Company has developed a natural pressure method of treating lumber with preservatives. The preservative salts are absorbed into the wood fibres by the process of osmosis there, by avoiding the use of high pressure hydraulic equipment and tanks. The process permits the treatment of timber in the "green" stage.

The plant will be capable of producing 1,000 preserved ties a week with four to five men working on an eight hour shift. Any wood material that is debarked, free from decay and not over 36 feet in length can be treated.

Recently, the Osmose method of treating highway guard rails was approved by the American Association of State Highway Officials and opens new markets for the company's products which may be processed in the Michigan plant. General offices for the company are located in Buffalo, New York.

The Detroit and Mackinac Railway Company uses 50,000 ties a year, or over 1,000,000 board feet of low grade oak which it obtains from southern states. In addition to obtaining a better tie, a railway spokesman said, the initial order for 20,000 ties for 1955 will result in savings to the railroad in freight costs from the south.

The new process which was introduced into Michigan also provides a more profitable market for the low grade timber which the co-op group produces.

"The treated product will be clean, odorless, paintable, fire retardant and non-tarnishable," said Mr. Moore. He emphasized the fact that the process was odorless and would not be objectionable to adjacent landowners.

Moore, a native of Bay County, formerly was with the Farmer's Home Administration of the United States Department of Agriculture and the Michigan Department of Conservation. He served six years with the air force during World War II and is a forestry and soil science graduate from Michigan State College. He and his wife and two children are living at East Tawas.

Salk Program Started in Iosco Tuesday

Iosco County's allotment of 570 cc. of Salk anti-polio vaccine for the immunization program arrived here Monday morning and the first shots were given to children in the Whittemore and National City by Dr. Lawrence LaPorte, county health officer, on Tuesday. The program in this county is under the supervision of Mrs. Grace Hanna, county nurse, and the Iosco Chapter of the Michigan Health Association.

The initial shipment of the vaccine was distributed to the distribution point at West Branch by the Michigan State Police. From there the vaccine was distributed to the various counties in this region.

The first child to be inoculated with the anti-polio vaccine in this county was James Bassi, son of Mr. and Mrs. Peter Bassi of National City.

Initial immunization shots were administered to first and second grade children at Whittemore and National City by Dr. Lawrence LaPorte, county health officer, and Mrs. Hanna said Wednesday that the present schedule calls for immunization of children in the Osceola schools Thursday by Dr. V. W. Kershul and an air force doctor; the East Tawas elementary unit on Monday by Dr. L. A. Lambert, and Tawas City on Wednesday by Dr. Norman Payea. Children in the Hale schools were inoculated Wednesday by Dr. LaPorte.

Children from St. Joseph's School in Tawas City and the Vine School will receive inoculations at East Tawas next Monday, while children from the Lutheran School and Alabaster will receive inoculations Tuesday at Tawas City.

The second series of shots will start about May 8, the county health nurse said. These shots will be administered in East Tawas by Dr. J. J. Austin, and in Tawas City by Dr. Kershul.

Smelt Fishing Brings Record Crowd

Last week-end's crowd of smelt fishermen in the Tawas and Whitney Drain is thought to be the largest such gathering of fishermen ever to invade this area. No official count of the fishermen was attempted, but several thousand fishermen crowded the banks of the Tawas River in Tawas City and the "Big Ditch" at the Arenac County line.

However, the fishermen had little luck in the streams. What most observers thought was going to be the big run of smelt on Friday and Saturday turned out to be just a "dry" run, with smelt dippers filtering water through nets to no avail.

A prediction on the possibilities of a run this week is not forthcoming. Many observers feel the run is over. Local commercial fishermen say there is plenty of smelt in Tawas Bay and Lake Huron and predict that the fish will migrate to spawning beds.

Iosco County Equalized at \$20,000,000

At the April session of the Iosco County Board of Supervisors which ended yesterday, the county's valuation was equalized at \$20,000,000. An increase of \$2,800,000 over last year.

The board spent considerable time in an attempt to reconcile the county's assessed valuation of \$20,000,000 with the state tax commission's high equalization figures of \$39,000,000. Supervisors from all townships and cities of the county brought in substantial increases in assessed valuations this year. The total increases amounted to \$2,885,115.

Miss Edna Otis of East Tawas appeared before the board and reminded the members that the 100th anniversary of the county's organization. The board thanked her and offered full cooperation in its observance. Iosco County was organized in 1857.

The Iosco County Road Commission presented its annual report at this session.

A tentative budget for county expenses of \$139,425 was adopted by the board.

Interested residents of the Tawas Area School District are invited to attend a public meeting Thursday night (tonight) at the Tawas City Hall. The purpose of the meeting which begins at 8 o'clock is to discuss school problems.

Mr. and Mrs. William A. Neumann of Detroit are spending a few days at their cottage in the Clark subdivision.

CITY CONSIDERS PLAN TO INCREASE WATER SUPPLY

Further investigation of a proposed \$85,000 iron removal and ground storage water system for Tawas City was discussed at a meeting of the Tawas City Water Board Monday night. A preliminary report by Clifford Spicer, city engineer, was received favorably.

The City of Tawas City has been faced with a serious shortage of water during the summer months due to the increased volume of water used during that time. Present well facilities are said to be adequate but, due to the increase in demand during the months of July and August, the pumping system cannot furnish water at the required high rate of usage.

Recently the water department and the city council met with the East Tawas Water Department to discuss the possibility of purchasing water from the city's proposed new filtration plant, which is proposed for completion in 1957.

After considerable study and consideration of the two proposals, the Tawas City Water Department recommended to the city council that the city construct a ground storage tank and iron removal system.

In a letter to Arthur Dillon, superintendent of public works of the City of East Tawas, Reginald Bublitz, city superintendent of Tawas City, wrote:

"In answer to your letter of April 4, in which you request our intention in regard to the purchase of water from the City of East Tawas:

"During the Tawas City Water Board meeting of Monday, April 13, it was decided that we cannot accept the water purchasing proposal as submitted from the East Tawas Board of Public Works on March 22.

"During the general discussion it was pointed out that the Tawas City Water Department had endorsed the September 8, 1953, proposal whereas your proposal provided the same amount of water at an annual cost to us of \$11,200. Your March 22, 1955, proposal is an increase of \$4,600 or an annual cost of \$15,800.

"Due to this increase in annual cost and in view of your 1955 proposal will not provide our users with additional water before the year of 1957, it was the general opinion of the Tawas City board to make other arrangements, therefore further engineering to meet the Tawas City requirements were authorized at the Monday evening meeting."

Water board officials said that this plan would provide water for "more than double of our intended usage, which would mean a savings of \$4,000 a year over the East Tawas proposal of 1955.

This new proposal which the Tawas City Water Board is considering could be obtained for a capital investment of \$85,000. It would include a 200,000 gallon

storage tank and iron filtration plant, the storage tank being mandatory for either plan.

Plans at this time call for the proposal to be financed by the sale of revenue bonds.

The water board recommended to the council that additional data be obtained by City Engineer Spicer and presented at a future meeting.

GRAY LADIES OBSERVE FIRST ANNIVERSARY

Friday evening, April 15, the Gray Ladies of the Tawas Hospital had an informal gathering at the home of their chairman, Mrs. Clarence Everett.

The Gray Ladies were organized in January of 1954 under the leadership of Mrs. Warner Forsyth, chairman of volunteer services for the Iosco County Chapter of the American Red Cross. After completing a course of lectures, the ladies began active duty in the hospital on March 1.

In honor of their first anniversary, those ladies having completed 150 hours or more duty during the past year were presented a stripe, a mark of their achievement. Mrs. Forsyth made the presentations before a lovely refreshment table featuring a miniature Gray Lady, a minute hospital bed and patient, a bedside table complete with bouquet. Those ladies receiving stripes were Sarah Everett, Jean Hill, Georgena Leslie, Lois Trinklein, Stephanie Wilkusi and Mary Lou Wilson.

Mrs. Everett presented Mrs. Forsyth with a bracelet, on behalf of the Gray Ladies, in appreciation of her having organized and serving as chairman for the past year.

Herriman to Manage Tawas City Ball Club

The Tawas City Baseball Club, Northeastern Michigan League, named Olen Herriman, veteran catcher, manager of the 1955 team at its organizational meeting last Friday night. Elected to serve with Herriman were Harold Wegner, secretary-treasurer; Russell Anschuetz, director, and Herbert Ziehl, general manager.

The Tawas City Independents are scheduled to open the baseball season on May 8. The 1955 schedule will be drawn up shortly by league officials. Merchants of the area will be asked to advertise in the 1955 score card which is being prepared.

Fourteen prospective candidates turned out for Manager Herriman's initial work-out of the year at the Tawas City baseball diamond last Sunday.

Several women of the East Tawas Methodist W.S.C.S. attended the Saginaw District W.S.C.S. meeting at Caro on Wednesday.

Council Approves Building Permit for New Barnes Hotel

At the first regular meeting of the Tawas City Council for the fiscal year 1955-56, approval was given to a building permit by Tony and Irene DeFilippi for construction of the new Barnes Hotel in Tawas City. The new building will replace the frame and cement block hotel which was destroyed by a \$125,000 fire earlier this month.

Plans for the new hotel call for a building 79 feet wide and 102 feet long of masonry construction. The new building will have two floors and a full basement.

In presenting the permit, Mr. DeFilippi said that the building will be faced with Briar Hill rubble, matching the adjacent Iosco County Building and the new jail. The new hotel will have concrete floors and roof.

According to the floor plan of the new hotel building, a 40 by 48 foot dining room will occupy the first floor of the building facing US-23. A 75 by 40 foot banquet hall will be in the basement and a special 20 by 30 foot dining room will be located near the rear of the building.

A 14 by 40 foot lobby will be constructed at the west side of the building. The hotel will have a 44 by 40 foot bar.

On the second floor there will be 30 first-class outside rooms, each equipped with shower, two beds and individual toilet facilities. The new building will be equipped with five fire escapes.

Plans for the new building show that the lower part will be constructed to the edge of the sidewalk. The upper half of the building will be recessed about eight feet, providing a balcony which will overlook Tawas Bay. Parking facilities for the hotel will be at the rear of the building.

A novel court arrangement running the full length of the upper half of the building through the center will provide sunlight to rooms not facing outer walls.

In other business taken up at the meeting, the council members approved 1955-56 committee appointments by Mayor George W. Myles. These appointments were: Finance and Audit: George Tuttle, Earl Davis, Hugo J. Keiser.

Street and Lighting: Clyde Evril, Keiser and Roy Wright.

Purchasing: Wright and Evril.

Fire Department: Arthur Ziehl, Tuttle and Wright.

Building and Grounds: Keiser, Evril and Ziehl.

Ordinance and Licensing: Wright, Evril and Tuttle.

Jack Carlson Receives Danforth Award

JACK CARLSON

Jack Carlson, son of Mr. and Mrs. J. A. Carlson of East Tawas, who has been a teacher at Emory University of Georgia the past four years, has been awarded the Danforth Teacher Study Grant to enter Princeton University.

The following is an article from the Oxford paper:

"A. J. Carlson of the Emory at Oxford Faculty has been chosen to receive a 1955 Danforth Teacher Study Grant. From a large number of applications all over the nation only 51 were chosen to receive the grant. Mr. Carlson is the only recipient from Georgia.

"William F. Danforth heads the Danforth Foundation. Mr. Carlson received a Danforth Summer Fellowship in 1954 for study at Boston University. The teacher grant provides for a year's graduate study on a doctorate in an American university with stipend of three-fourths of the teacher's salary.

"Mr. Carlson, instructor and chairman of the social studies committee, has taught at Emory since September 1951. He received his A.B. and M.A. degrees from the University of Michigan and has done graduate work at the University of Illinois. He has been accepted by the Graduate School of Princeton University to begin work on a Ph. D. in Modern European History in the fall of 1955. Mr. Carlson will be on leave of absence from Emory on leave of absence from Emory at Oxford for the two years of study."

Hold Teachers Institute Tomorrow

Demonstrations and discussion groups will feature the bi-county teachers' institute which will be held Friday at the Osceola school buildings, according to an announcement made by Russell A. Rollin, county superintendent of schools. Teachers from Iosco and Alcona Counties will be in attendance.

The all-day meeting will start at 9:00 a. m. with music and the motion picture, "Feeling of Hostility." This will be followed by a panel discussion of the teacher's role in the school.

Demonstration and discussion groups will be conducted in the morning as follows:

Teaching Communication Skills in Elementary Schools—Dr. Robert Starring.

Teaching Reading in the Secondary Schools—Dr. Byron VanRoekel.

Helping the Elementary Teacher Understand her Pupils—Dr. Carl Horn.

Helping Mathematics and Science in the Early Elementary Grades—Dr. Vernon Hicks.

Teaching Social Studies in the Secondary Schools—Dr. Russell Fink.

The afternoon session will open with the motion picture, "Curriculum Based on the Child" and "Meeting the Needs of Adolescents." The subjects for the afternoon will be:

Teaching Communication Skills in the Secondary Schools—Dr. Robert Starring.

Teaching Reading in the Elementary Schools—Dr. Byron VanRoekel.

Helping the Secondary School Teacher to Understand her Pupils—Dr. Carl Horn.

Teaching Mathematics and Science in the Later Elementary Grades—Dr. Louis Redemsky.

Michigan Short-Wave Hams to Picnic Here

Scheduled for Tawas this summer is the annual picnic of Michigan amateur short-wave radio operators, according to an announcement made Monday by Albert Buch and C. Warren Wagner of the Tawas Short-Wave Club. It is anticipated that there will be 300 or 400 people in attendance.

Michigan boasts more than 4,000 short-wave "hams," with about 105,000 in the nation. The two organizations represented at the picnic will be Michigan Emergency Net and Buzzard's Roost Net.

Invitation was extended to the group by the Tawas Short-Wave Club and a vote was taken Sunday by "hams" throughout Michigan over the amateur band.

The recently organized Tawas Short-Wave Club has a membership of 20 operators and members preparing for examinations for amateur radio operation.

Hale to Have New Postoffice Building

Construction will start the first of next week on a new building for the Hale postoffice. The building will be constructed by Ira Scofield. The business of Hale postoffice, which has been rapidly increasing during the past few years, has outgrown the facilities and room provided by the present building, Scofield said.

The site of the new building is just east of the present location. It will be 28 x 52 feet in size and constructed of concrete blocks with a brick and plate glass front.

Gem Theatre Opens May 1

The Gem Theatre in Hale will re-open around May 1, after being closed for alterations. A new wide-screen is being installed. The opening date will be announced later.

Mr. and Mrs. Wiley (Bud) Streeter will be the new operators of the theatre. The theatre at Hale was formerly operated by Mr. and Mrs. William Campbell.

Honor Student at Soo

Richard Bird of Tawas City was on the winter term honor roll with a "B" average at the Sault Branch of Michigan Tech. He is a sophomore student in forestry.

1955--Our BIG Year for Education

The year 1955 is already shaping up as THE big year for education in the opinion of the National Citizens Commission for the Public Schools. Will it be the big year for education in the Tawas Area School District?

Lack of long-range advance planning has been cited as the reason for many of the difficulties faced by schools and communities in the nation today. Over-loading of the public schools presents a serious challenge.

Soon the residents of the school district will have another chance to vote to make it so. The board of education is in the process of formulating preliminary plans for presenting a site-bonding election. The electors of the district will be confronted with a decision on the location of the school in addition to the bond issue. The \$775,000 bond issue will finance the building of the school on either the Neumann-Reinke or fairground site, depending on the outcome of the site vote.

Those of you who are familiar with the school situation know that the Neumann-Reinke site was the site originally selected by the board of education as best for the district as a whole following months of careful study by the citizens site committee supported by opinions of architects, engineers and representatives of the Michigan Department of Public Instruction. This site offers the long-range advance planning feature, the lack of which has resulted in an inadequate public school system throughout the nation.

The fairground site which has been a thorn in the school building program is an inferior site. Its supporters flatly refuse to accept the judgement of qualified architects and engineers who have stated many times that the Neumann-Reinke site is preferable. The fairground site has less acreage which is divided into three parcels, the soil conditions make construction more costly and it borders an industrial area.

You know the history of the 1 1/2 year-old struggle to provide adequate facilities for the school children, but do your friends and neighbors?

When the residents of the several school districts voted to reorganize to form the Tawas Area School District, the main objective was the building of a school to meet the needs of the children of the district. Years have gone by and little progress has been made toward that goal.

Within a very short time, you will have another chance to tackle the problem of inadequate school facilities. Let fact, common sense, the best interests of the children of today with thought of those in years to come, run your interference. With your goal clearly in mind, go to the polls and score an educational touchdown on the Neumann-Reinke site.

Letters to the Editor

Tawas City, Michigan
April 15, 1955

Editor, Tawas Herald, Tawas City, Michigan

Dear Sir:

During the past week, I attended a meeting of the Tawas Area School Board with a view toward finding out first-hand exactly what is going on in school affairs. I cannot be proud of myself for this was the first such gathering I had bothered to concern myself about. Yet, I feel that it would be very educational for other people in the school district to observe one of these meetings.

As I walked in it was apparent there were no seats available, so I went over to the far side of the room and stood. But as I glanced over the assembled group, I could not help but wonder why children (loud and noisy) were of better use than the people who wished to see the school board at work. There were but two possibilities: 1) they wanted to be entertained, 2) they were occupying seats which might better have been used by those people who put the best interests of children above a small town narrow-mindedness.

Enough said of the preliminaries! Let us get on with the meeting itself. The crowd was in no mood to be placated by a little common sense and reasoning. Not being in sympathy with the wishes of the majority of that group, I knew I was about as welcome there as Seven-Year-Itch. But that had not bothered those hardy souls who had been regularly attending these convales, so I felt I could stand it. I began to feel somewhat abashed when I realized I had permitted others to stand up for me not take the abuse which I should have had the backbone to take for myself.

When one of the members of the school board expressed an opinion to the effect that although he felt the Neumann-Reinke site was the more preferable, the proponents of the Fairgrounds should be heard, there were cheers and hand-clappings galore, plus a few shrill whistles (Yes, the children were awakened at the opportune time).

At any time I expected the gentleman to arise and take a bow; that is the practice in theatrical circles, you know. All this time those of us from Tawas City were the objects of sneers, sly innuendos and general cat-calling by the group but that did not disturb me too much. I did think it was silly and childish, but I was not alone so I took it. You know just what I mean because I saw you there.

The school board was then presented with an officious-looking Manila folder which purported to contain some signatures recommending action on the

St. Anne's Fellowship

A meeting of the St. Anne's Fellowship of Christ Episcopal Church was held at the home of Mrs. R. G. Schreck last Tuesday. The business meeting was led by Mrs. Charles Lemon.

Mrs. Russell McKenzie, chairman of religious education, had charge of the program and gave an interesting discourse on church literature.

Mrs. Schreck, the hostess, assisted by Mrs. Charles Schreck, co-hostess, served delicious refreshments. The table setting was an arrangement of tulips flanked by candles. Mrs. C. S. Everett presided at the serving table.

The next meeting of the society will be held at the parish hall on May 10. Mrs. Warner Forsyth of Oscoda will be the speaker.

U. S. TRAVELERS

In 1954 United States residents spent \$972,000,000 in foreign lands, plus \$183,000,000 paid to foreign carriers. Of the total, European earnings from American tourists were \$330,000,000.

Fairgrounds site. As I recall, the county fairgrounds was moved to Hale. If this is such a wonderful site for a school, why is it that nothing seems to stay there very long? I remember when as a child attending St. Joseph's School in Tawas City, it was too wet there on the fairgrounds to play safely. Besides, I owned no hipboots.

The board then recessed to ponder these petitions and by this time, I was pretty well convinced that reason would not prevail that night, in spite of the honest, sincere efforts of Mr. Randall Fox. I got up and left the meeting, a much sadder yet wiser person, I hope.

In closing this letter, I want to express my personal gratitude to Mr. Randall Fox whom I saw stick to his conviction that it was his duty to choose that site which best serves the CHILDREN and the SCHOOL DISTRICT! LET'S ALL GET BEHIND HIM!

William G. Murray.

CHRISTIAN SCIENCE

Man's God-given dominion over the bondage of fear will be brought out at Christian Science services Sunday.

The lesson-sermon entitled "Probation after Death" will include the following from the King James Version of the Bible (Hebrews 2:15): "But we see Jesus, who was made a little lower than the angels, crowned with glory and honour; that he by the grace of God should taste death for every man. And deliver them who through fear of death were all their lifetime subject to bondage."

Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (426:16): "When it is learned that disease cannot destroy life, and that mortals are suffering from sin, sickness by death, this understanding will quicken into newness of life. It will master either a desire to die or a dread of the grave, and thus destroy the great fear that besets mortal existence."

With Our SERVICEMEN

Pvt. Alton W. Long, son of Mr. and Mrs. Alton W. Long, 506 Tenth Avenue, Tawas City, recently completed basic infantry training at Fort Leonard Wood, Missouri, with a unit of the Sixth Armored Division.

After induction into the army at his home station, Private Long processed through the 5045th ASU Reception Station at Fort Leonard Wood, where he received his initial army clothing, and took the basic qualification and aptitude tests to determine his assignment in the army after completion of basic training.

In the first eight weeks, he was taught the basic elements of military life, how to defend himself individually and with a unit, how to live with other soldiers, basic infantry techniques, and other fundamental facts important to his success in the military service.

Upon completion of the eight-week infantry training cycle here with the famed "Super Sixth" he received a leave before beginning eight weeks of advance basic training, either at Fort Leonard Wood or another training installation.

WURTSMITH AIR FORCE BASE—On April 4, Wurtsmith Air Force Base first alerted air crews flying the F-89D "Scorpion." The F89D "Sabre-jet" formerly was the operational interceptor at the northern Michigan base.

The 20-ton twin jet manned by a pilot and a radar observer is capable of firing 104 "Mighty Mouse" rockets.

Pictured preparing to run the first intercept in the "Scorpion" are pilot, 1st Lt. James Stech of Chicago, Illinois, and radar observer, 2nd Lt. Roy Mortensen of Rahway, New Jersey.—(Official United States Air Force Photo.)

WHITTEMORE

Sally Andrews, bride-elect, was honored at a miscellaneous shower given by Mrs. Dornace Bellville on Tuesday evening.

Partners for Hearts were chosen by matching anniversaries and their symbols. Prizes were won by Leah Shaffer, Mrs. Leo Sylvester and Velda Killey.

The guest of honor received many useful and beautiful gifts. A dainty lunch of chocolate cake pudding with ice cream, tea and coffee was served by the hostess at the close of the evening.

Miss Andrews, daughter of Mr. and Mrs. Stanley Andrews, will become the bride of Arnold Ludeking of Decorah, Iowa. Mr. Ludeking is now stationed at Wurtsmith Air Force Base at Oscoda. The wedding date has been set for April 23 at 8:00 p. m. in the Whittemore Methodist Church.

The Whittemore Juvenile Grange met on Saturday afternoon with Arlene Harsch acting as master. The group practiced for the graduation ceremony which will take place on Monday evening.

Are You Learning to Take It Easy?

Are you learning to "take it easy?" This instruction may have been given to you by your doctor for one of several reasons, a heart ailment is one. Others may be the result of an illness or an accident. Whatever the reason, people generally find "taking it easy" just about the hardest work they have ever done.

That is why the work-simplification series of four lessons has been arranged by the Michigan Heart Association and Michigan State College. A great many other counties have already had at least one series of lessons which those attending report to be most helpful.

The series of four classes will be held on April 23, May 5, 12, and 19. Morning hours have been chosen because persons "taking it easy" feel strongest early in the day.

The first class will be held in the Federal Building, East Tawas, from 9:30 a. m. to 11:30 a. m. Later classes will be held in Hale and other places in the county, depending upon where the majority of class members live.

A farewell party was held at the Methodist parish house Tuesday night for Mr. and Mrs. Gunnar Brevik and daughter, who left Thursday for Dallas, Texas, to make their home. Mr. Brevik has a good position there.

Games were played and ice cream and cake were served later.

The Breviks were presented with a gift of money from their friends to buy something for their new home in Texas. The presentation was made by the Rev. Wesley Dafee in a few well chosen words and the blessings of everyone to go with them.

Both Mr. and Mrs. Brevik have been very active in church work and the betterment of the community. They were also members of the church choir.

BUNDT-PROVOAST
Miss Lela D. Provoast, daughter of Mr. and Mrs. Sam Provoast of Whittemore, and Robert C. Bundt, son of Mr. and Mrs. Julius Bundt of Flint, were united in marriage Saturday, March 26, at 5 o'clock p. m. in the Methodist Church at Mt. Morris. They were attended by Miss Patricia Appender and Dale Gilman of Mt. Morris.

The bride was attired in a navy blue two-piece dress with matching accessories. The bridesmaid wore a light blue dress with matching accessories.

Both the bride's mother and groom's mother wore navy blue dresses.

Immediately following the ceremony a reception was held at the home of Mr. and Mrs. L. Stratton in Flint where they received lovely gifts.

On Saturday night of the following week, a reception was held at the Burleigh Township Hall for relatives and friends of Whittemore where they received many lovely gifts.

Out of town relatives who attended the reception here were: Mr. and Mrs. J. Bundt and Martha, Mr. and Mrs. N. Eugene, Mr. and Mrs. Robert Buckham, Mr. and Mrs. Larry Stratton, Mr. and Mrs. Ralph Provoast and Mr. and Mrs. Fred Caverly, all of Flint; Mr. and Mrs. Clifford Wrathall, Mr. and Mrs. George Hall and daughter, Mr. and Mrs. J. Hobbs, Mr. and Mrs. Dede Fiedler, Mr. and Mrs. L. Fiedler and Mr. and Mrs. William Juhl, all of Detroit; Mr. and Mrs. H. Gersienburger of Midland; Mr. and Mrs. Lloyd Provoast, Mr. and Mrs. Jay Giergell and Mr. and Mrs. Walter Provoast of West Branch; Mr. and Mrs. George Wrathall of Turner; Mr. and Mrs. Roy Coates and Mr. and Mrs. Phillip Watts of Tawas Township, and many others from this community.

Music was furnished by Mr. and Mrs. James McMullen and Ethan Thompson.

They will reside in Flint.

Plans Being Made for Michigan Week
An appeal to all organizations in Isoco County to cooperate vigorously with Richard C. Hodges of Oscoda, county Michigan Week chairman, in making the May 15-21 observances a big success here is made by Dr. Grazer C. Dillman, state chairman.

"Whether we make real progress this year toward the objective of Michigan Week will depend, more than anything else, on the cooperation the county committee gets during the next few weeks of preparation from the organizations that represent communities and groups of all kinds throughout the county, Dr. Dillman writes.

The objective, he points out, is to make every individual in Michigan really acquainted with his state and community and proud that he is a citizen of both.

The state committee has prepared numerous suggestion sheets covering different activities of Michigan Week but Dr. Dillman emphasizes that every community is expected to observe Michigan Week in whatever way its leaders feel go farthest toward this objective.

He urges that appropriate activities be planned by local organizations for each of the special days of Michigan Week:

Sunday, May 15, Michigan Spiritual Foundations Day; Monday, May 16, Exchange of Mayors Day; Tuesday, May 17, Michigan Hospitality Day; Wednesday, May 18, Education Day; Thursday, May 19, Our Livelihood Day; Friday, May 20, Our Heritage Day; and Saturday, May 21, New Frontiers Day.

Plans Being Made for Michigan Week
An appeal to all organizations in Isoco County to cooperate vigorously with Richard C. Hodges of Oscoda, county Michigan Week chairman, in making the May 15-21 observances a big success here is made by Dr. Grazer C. Dillman, state chairman.

"Whether we make real progress this year toward the objective of Michigan Week will depend, more than anything else, on the cooperation the county committee gets during the next few weeks of preparation from the organizations that represent communities and groups of all kinds throughout the county, Dr. Dillman writes.

The objective, he points out, is to make every individual in Michigan really acquainted with his state and community and proud that he is a citizen of both.

Maybe your town doesn't have a church that looks like this one, but chances are good it has one equally photogenic.

Your Town Is Photogenic

One of these pleasant days when the spring sunshine invites you for a stroll, why don't you try re-discovering your hometown through the lens of your own camera? "All around the town" is a phrase that takes on new meaning if there's a camera within reach to help you capture people and places of interest on the local scene.

A stroll through the shopping center or business section of town should yield another treasure trove of pictorial material. Here's a chance for "human interest" pictures galore: children's faces pressed against store windows; a cat sunning itself in a butcher-shop doorway; a woman critically testing fruit before adding it to her already bursting shopping bag; "sidewalk superintendents" observing the skill of a riveter or the operation of a huge power shovel. At every step there'll be a picture that really tells more about people and their activities than ten thousand words ever could.

Just remember, wherever there's activity—work or play—there are good picture opportunities. You don't need unusual subjects—it's what you do with everyday scenes that counts.

Look for things of historic interest—this may be the beginning of a picture collection based on local history. Your town's oldest building, its oldest church, an old fountain or public well, an antiquated hitching post, quaint samples of early architecture, plaques that mark a memorable spot or house, old signs heavily ornamented and oddly lettered—all these are part of the record that tells the life-history of your own particular town. And pictures of the newer sections will grow in historic interest and value as time passes and inevitable changes occur. New or old, every part of the place you live in is worth recording.

LEGISLATIVE NEWS LETTER

House of Representatives
 Lansing, Michigan
 Submitted by James Mielock

Now that the Michigan Legislature has set its sights on a June 3 adjournment of this regular session, there is a noticeable acceleration in committee activity in the consideration of bills and reporting them to the floor, with the result that our daily calendars are assuming bedsheet proportions with resultant longer daily sessions. There will be no let up in this trend as we run into automatic deadlines as set forth in the joint rules.

The house passed H. B. 347 making the provisions of the boat livery registration act applicable to all boats rented to the public by removing the exemption presently granted to persons who own less than 100 boats and rent same incidental to the renting or leasing of a cottage. The bill also authorizes any political subdivision or combination of political subdivisions acting jointly, to adopt rules, regulations or ordinances for the inspection and licensing of rented boats not subject to inspection under federal law, with provision that same are in addition to, and not in contravention of, any of the provisions of the act, or of any regulations adopted thereunder.

Adopted children will have the same right as a natural child, to inherit property not only from the adopting parents, but also from grandparents and other relatives by adoption under H. B. 333, which received a unanimous vote in the house.

Also approved without a dissenting vote is H. B. 284, which repeals the old trade mark law, which was last amended back in 1891, and enacts in lieu thereof, an entirely new one, approved by the American Bar Association and cited by the National Association of Secretaries of State as the ideal act for all states to adopt. If the senate goes along with the house and adopts the bill and the governor signs it, Michigan will be the 18th state to adopt this model legislation.

The act puts an expiration date on all trade marks registered in the secretary of state's office and provides for renewal upon payment of a fee by the original owner or the person to whom the trade mark has been assigned by the owner. It makes it possible to clear the files in the secretary of state's office of tens of thousands of obsolete trade

marks which have been held by people now dead, and by business and industry which no longer are in existence. A penalty is provided for violations of the act.

H. B. 294 giving the boards of supervisors the right to acquire by exchange, land which the county needs, received a vote of 104-0. The bill also provides that the boards may purchase lands of comparable value to be exchanged for federal government owned land needed for county purposes.

H. B. 336 permitting boards of supervisors in counties of less than 20,000 population to abolish the office of county drain commissioner and transfer his duties and powers over to the county road commission was favorably acted upon by the house and sent to the senate.

A bill previously passed by the senate, S. B. 1105, was unanimously passed by the house. This bill grants an increase in the extra compensation a supervisor receives if he is a member of the finance committee of the legislative body, 172 regulating the soliciting of business, trade, correspondence and private schools, was passed 98 to 0. The bill requires operators of such schools to be licensed and post a surety bond with the state as a requirement for such institutions to be licensed and authorized to do business. It also provides that a student may end his contract and secure a refund if the course is either beyond his capacity or if the instruction is not recognized officially as adequate.

Perhaps the most interesting bill considered, and one which consumed many hours in debate, before its final passage by a vote of 80 to 27, was the FEPC bill, H. B. 24. It was quite apparent the proponents were well organized as debate went on, and they were successful in killing off a series of amendments offered from the floor as well as those offered and recommended by the State Affairs Committee at the time of reporting out the bill.

The house by a vote of 50-54 killed H. B. 270 which would authorize the county road commission to establish weight restrictions and set up their own weighing stations for trucks.

Of the many bills introduced in the past few days, there is one that merits mention and that is H. B. 460, proposing an amendment to the motor carrier act. The bill proposed to abolish the mileage fee tax and substitute in lieu thereof, a highway use tax using the ton mile as the measuring stick. This is certain to become a highly controversial bill and if and when it should be reported to the floor, is bound to stir up a lot of feeling.

Friday, April 22—4-H Club Fun Night at Plainfield Township Hall, 8:00 p. m.

Our recent sheep tour uncovered those "inevitable" problems that every successful sheep raiser must face and conquer. Top of the list is parasite control. Henry Fahsel, Martin and Harold Siegrist, G. L. Clary, Lester Robinson, Edward Robinson, Lyle Robinson, George Beckley, George Lake, Eugene Kaiser, Arthur Aulerich, Albert Mugg, Arden Charters, Mr. and Mrs. John Cobb and James Sturtevant all heard Graydon Blank, sheep expert from Michigan State College, give his words of advice about parasite control. The continual use of phenothiazine at the rate of one pound for every 12 pounds of trace mineral salt the year 'round is money in the bank. Two drenchings of the flock, in the spring after lambing and again in the fall, can pretty well half lick the parasite menace.

I said half-lick the parasite program because good clean pasture and rotation of pastures kept first from Michigan State College, gave his words of advice about parasite control. The continual use of phenothiazine at the rate of one pound for every 12 pounds of trace mineral salt the year 'round is money in the bank. Two drenchings of the flock, in the spring after lambing and again in the fall, can pretty well half lick the parasite menace.

In a recent visit with Victor Herriman, I learned he has done a real good job of licking the parasite coat in his milking operations. The last three-month counts returned by his milk hauler showed counts of 5,000, 5,000 and 3,000. Victor and son, Harry, are doing an excellent job to control bacteria count especially when he hear of the 100,000 and 200,000 counts.

Even in this "machine age" Michigan farmers are finding out that "bossy" is a pretty efficient hay chopper. That's something for farmers to think about before they turn to chop and haul forage to their cows every day this summer. Ray Hoglund, a Michigan State College farm economist, found a survey of 18 farmers in the state that boosters of field churning have oversold the practice.

The economist concluded that these are questions farmers should ask themselves: Can I get along on my present machinery, or will I have to buy more expensive tools? Do I have enough livestock? Are my meadows suited to chopping? Some farmers in the survey didn't like to spend an hour a day chopping the feed for their cattle or take time to use their busy tractors and tools for chopping. Before they they just turned the cows out to do their own harvesting.

But chopping isn't all bad. When the dairyman is short of cropland, he may find chopping profitable since it takes less land to feed a cow or takes 30 or more cows to make the practice pay, so smaller farmers will shy away from it.

There have been reports that farmers increased their forage yields from two to four times by chopping. About the most a farmer can expect is a 25 to 30 percent increase. Farmers who use the best pasture practices, feeding grass silage or hay during the midseason pasture period can also increase forage yields.

Hoglund says it goes along with Minnesota dairymen who mention that "cows don't break down quite as often as machinery."

Clarence Carpenter's March report of the Iosco County DHIA herd figures show Waldo Curry's herd average at 43.5 pounds of butterfat per cow, leading the county. William Herriman's 34.6 pounds of butterfat per cow has second place. Arthur Povish leads the large herd (over 20 cows) averages with 31.2 pounds of butterfat per cow. The most Brit Farm is second with 26.7. Lush pastures and fresh cows will begin to make quite an impression on reports in the next few months.

DRAFT CALL UP
 The Defense Department has announced that the army would draft 10,000 men in May, an increase of 2,000 over the April draft call. The May draft call will bring the number of draftees since the beginning of the Korean War to 1,898,430. All were drafted into the army except 81,430 drafted for the marines early in the war.

ANTARCTIC EXPEDITION
 The White House has announced plans for another United States expedition to the Antarctic in November of this year. The expedition will be headed by Rear Admiral Richard E. Byrd. It will be Admiral Byrd's fifth trip to the region.

J. Wayne Green Demonstrates Some Causes of Baldness

WHAT IS YOUR REASON FOR BALDNESS?

Demonstration To Be Held In EAST TAWAS, MICHIGAN OFFERS WRITTEN GUARANTEE

WICHITA (Special)—J. Wayne Green, Director of Rogers Hair Experts, exploded the "myth of baldness" today in an exclusive interview.

In some cases "baldness is unnecessary, costly, and a plague to mankind," says Green. Not every man need be bald and suffer the stigma of premature old age that is forced upon him because he is losing his hair.

C. T. Matlock, a valuable member of the staff of Rogers, will make a personal appearance to counsel with hair worried men and women in an effort to do constructive work in restoring their hair to full length and density.

Demonstration To Be Held in East Tawas, Michigan. This revolutionary method of home treatment for the hair and scalp will be demonstrated at East Tawas, Michigan, Monday Only, May 2 at the Holland Hotel.

C. T. Matlock will conduct the private, individual interviews from 12 noon until 9:00 p. m. on Monday ONLY. There is no cost obligation, and you need no appointment.

Reason for Baldness "There is always a reason for baldness," he continued. "Members of Rogers' Hair Experts agree hair cannot grow through a scalp that is infected with dandruff, excessive oiliness, or extreme dryness. A scalp that has never been exercised cannot be expected to produce healthy hair."

Offers A Guarantee "Rogers' America's Foremost Hair and Scalp Consultants, offer a guarantee to any client who enrolls for treatment. If he or she is not completely delighted with results at the end of 30 days, the money invested will be graciously refunded," pledged Green. "We must have satisfied clients. After all, they are the basis of making our work worthwhile."

Is Your Hair Healthy? If you have a scalp disorder, or if you are worried about your hair, call C. T. Matlock at the Holland Hotel in East Tawas, Michigan, Monday ONLY, from 12 noon to 9:00 p.m. The public is invited. The examinations are private and open to men and women. You do not need an appointment, and you will not be embarrassed or obligated in any way.

With the losco 4-H Clubs

By DOROTHY SCOTT
Friday, April 22—4-H Club Fun Night at Plainfield Township Hall, 8:00 p. m.

Knitting, clothing, food preparation, handicraft and photography project exhibits were displayed at the Hale Happy Hustlers 4-H Club openhouse on April 7. The members brought their projects to the home of Mrs. Everett

Douglass, conducted a good business meeting, presented a demonstration and were presented recognition awards for their 1954 4-H Club activities.

Nathaniel Jacobs was given the garden pin award; a special certificate for garden accomplishment was awarded to David Jacobs, who also received the second project handicraft pin; Sherrill Scofield's project and 4-H Club membership accomplishments merited her the Girl's Record Pin. Mary Jane Douglass aided younger 4-H Club member as a junior leader. She was awarded the leadership pin and the Michigan Farmer paper-weight for 4-H Club accomplish-

ment continued over several years as a 4-H Club member.

Be at Plainfield Township Hall Friday evening, April 22, for an evening of fun. 4-H Club members are working on a program of games and folk dancing guaranteed to please every 4-Her, leader, parent and friend of 4-H Club who attends. That's one way of saying "Everybody is Welcome."

Each 4-H Club will have an entertainment number, you won't want to miss that! Laidlawville promises a toy band, Burleigh, a vocal solo, and Friendship will do a tumbling act. Alabaster-Whitney, Reno Topnotchers and Hale Happy Hustlers have not confided in us what their entertainment will be, so there will be surprises ahead.

Each family is bringing cookies and the 4-H Club Leader's Council will make hot chocolate, that spells refreshments.

June 13 has been decided upon as the date for our Losco County dress revue. More details about what is to be done when and how will be given soon. Be sure to save the date by marking your calendar now.

Attention gardeners, here is a shot-in-the-arm suggestion for your vegetables. It is called a starter solution and is made by mixing fertilizer with water.

Fertilizer in solution is taken up by the plants immediately and used to grow new roots and tops. Robert Carous, Michigan State horticulturist, observes that when starter solutions are used on plants a day before transplanting, more of the plants stay alive.

Most of the fertilizers to be diluted for starter solutions can be purchased locally in one, five or 10 or 50 pound packages. Still others are available in similar packages, bottled or even in tablets. Warning, watch the price and be sure you get your money's worth.

4-H'ers, and others, too, will wish to have a copy of the new folder called "Starter Solutions." If you do not have one, request it by postcard, phone call or pick it up yourself at the Extension Service Office.

The best protection against disease in that home garden can be applied even before the seeds are planted or transplanted.

How? Put a pinch of seed protectant containing such materials as thiram and captan, into the garden seed package. Shake the package to coat all the seed. Then sift the excess dust from the seed through a fine screen.

Some seeds are already treated when you buy them. Another thing, don't plant weevils. Look over your bean and pea seeds to be sure none are infested.

By the way, have you purchased the chemicals you will need for garden spraying or dusting? For most of us that really means rotenone. Get your supply now and you will be sure to have it when needed. Savings are possible if several families go together and purchase rotenone in bulk quantities, worthwhile savings, too.

Last Day to Register for Free Classes

MRS. RUTH C. KETTUNEN

Thursday, April 21, is the last day for the Losco County homemakers to register for the free classes in work simplification being offered by the Michigan Heart Association through the services of Mrs. Ruth Kettunen, who conducts the classes.

First class is to be on Thursday, April 28, at the Federal Building in East Tawas between the hours of 9:30 a. m. and 11:30 a. m. Succeeding classes will be held on May 5, 12 and 19.

Homemakers will receive free instruction in practical ways to make their housekeeping easier and more simple by eliminating unnecessary steps and wasted energy in their preparation and cooking of meals, washing, ironing, bed making and other home-making activities.

Maybe you, too, can learn how to save as much as 67 miles of walking per year in preparing just one meal per day. That's what happened in the instance of one homemaker who attended this series of classes.

How to go about enrolling? Do it by writing to Miss Dorothy Scott, home demonstration agent, Federal Building, East Tawas, or calling East Tawas 641 for details and in application blank.

The Cardiac Homemakers Program may be helpful to other than persons with a heart ailment. If you are interested, ask about coming. Everyone who asks will be accepted until the enrollment of 50 is reached.

This program is endorsed by the Losco County Medical Society and doctors have been invited to refer patients to these classes.

cluding several air force personnel friends.

The group was then escorted on a tour of the base and were shown some of the large herds of deer that roam the airfield. They were told of the hazards the jet pilots have to face on night take-offs with deer wandering across the runways. Fifteen minutes prior to any take-off, the runways are patrolled and cleared of the animals. Not long ago an aircraft was damaged and a deer killed during a night take-off.

After leaving the base, the Michigan Outdoor television cameraman and his friends were guests at Ewing's in Oscoda for a chicken dinner.

Upon their return to Sunset Motel, they were greeted by Mrs. Rose Watson and Donna, Mrs. Agnes Nemecek and Thomas A. Watson Sr. of Detroit.

The group then went out to the More Trout project on the East Branch of the AuSable River for the opening of the steelhead season. A large crowd of fishermen were on hand, but few fish were taken due to the cold weather. Neff and his television crew returned early in the morning to film more activity.

The group checked out of the local motel Saturday morning and left for the AuSable River.

April 28, May 5, 12, 19—Work Simplification Classes.

Monday, April 25—Whittemore Home Demonstration Group, evening.

Tuesday, April 26—Hale Home Demonstration Group, evening.

Thursday, April 28—London Lake Home Demonstration Group, evening.

Thursday, April 28—Pictures in the Home, leader-training meeting for Home Demonstration groups.

Wednesday, May 4—Home Demonstration Guest Day, Plainfield Township Hall.

Three home demonstration group meetings were held to plan for the 1955-56 home demonstration program beginning with September meetings. The agent attended each of these meetings to talk with the members about their interests and needs. On Monday the Love District Group met, Tuesday was Laidlawville's meeting day, and on Wednesday Reno group began its meeting with a dinner featuring recipes from the "Quick Meals" lesson.

Love District has already received and planted its Michigan State College Centennial white pine seedling. It will grow on the grounds where Love Hall is located.

Townline Home Demonstration Group is most recently completing organization work. Twelve members were present for the "Quick Meals" lesson Thursday evening at the home of Mrs. Orval Proper.

Following the lesson, discussion officers were selected: Mrs. Carl Ulman will be chairman and Mrs. Oran Ulman will be vice chairman. Members now on the roll call include Mrs. Arthur Freeland, Mrs. Orval Proper, Mrs. Arthur Goddard, Mrs. John Ulman, Mrs. James Quarters, Mrs. Kenneth Thebault, Mrs. Norton Freeland, Mrs. Richard Roemer, Mrs. Joseph Freeland and Mrs. Burton Freeland. Several who could not come last week will add their names to the roll very soon. Shirley Proper and Marie Smyczynski were guests.

Mrs. Arthur Freeland and Mrs. Orval Proper are to attend the training school for leaders on the subject of "Pictures for the Home."

Almost as recently organized is a home demonstration group in the Meadow Road community, although they have not selected a name. Chairman will be Mrs. Alex Klisch; vice chairman, Mrs. James McArdle; secretary, Mrs. Milton Unkel. Leaders for the April training school are to be Mrs. James Blust and Mrs. William Sherman.

Both groups will have meetings in May and women who live in these communities are invited to attend and join.

If you have put off registering for the work simplification classes, better get it done today. We want to know by April 21 whether or not there will be 35 planning to attend. That is the number which the Michigan Heart Association and the Michigan State College representatives would like to have assured to make the classes successful. Remember, you may enroll because (1) you have a heart ailment, (2) you have some other reason for learning to "take it easy," (3) you have responsibility for helping care for a person who must not over exert, (4) you are interested in easier and quicker ways to accomplish home-making work for your own benefit.

That's four ways to say that anyone may enroll for this series of classes. Do it today.

Arbor Day is April 29, and may be the day when other groups choose to plant their Michigan State College Centennial tree. We would like to know about your ceremony plans and place of planting.

Wednesday, May 4, during National Home Demonstration Week is the day chosen by Losco home demonstration women to get together for a good time and a time to share with their guests many ideas which they have learned during the past year.

There will be exhibits, demonstrations, recreation, a program and pot-luck dinner at noon. Invite your guests early. Arrange to bring them with you. With the help of committees and members, this year's guest day event will be the best ever.

Down-State Sportsmen Visit Here Last Week

The Sunset Motel in Tawas City was the scene of much activity the week-end of April 9. Donald Watson reports that on Friday and Saturday guests included Frank Jenkins, manager of the Detroit Sports, Boat and Travel Show; George Pfeiffer, fishing and hunting manager of the Lippman's Sports of April 9 Store in Detroit, and "Mr. Michigan Outdoors," Mort Neff.

Arriving early Friday afternoon in the Michigan Outdoors station wagon, Jenkins and Pfeiffer checked in at the motel and then left for Oscoda to meet Neff, who had been granted permission to land his plane at Wurtsmith Air Force Base. They were accompanied by Mr. Watson, their host during their stay here.

Landing his Piper Tri-Pacer at the air force base Friday afternoon, Neff was greeted by a large reception committee, in-

By DIZZY TROUT

Practical jokes and pranksters are still very much part of professional baseball, although in recent years there hasn't been so much nonsense. The players are too intent on making the team.

I know of a humorous incident that occurred several years ago, however, when Goose Goslin, JoJo White and Gee Walker (remember them?) went turkey hunting. A day before the season on our feathered friends opened, JoJo and the Goose bought a turkey and clothes line and went into deep bush about three miles from camp, where they tied the bird to a tree.

The next morning they guided Walker in the general direction of the turkey, then disappeared. Sure enough, hearing the gobble, the excited Gerry walked and crawled through mud, mud and briars to come within shooting distance.

Gee triumphantly banded away. Then, with a smile of success, he approached the turkey only to find attached to the tied-up carcass a note that said:

"Nice shooting, Gerry."

Late On Field

I'd guess that the oldest prank in baseball is tying into a hard knot the baseball stockings of a player arriving late. This, of course, makes him even later getting onto the field and sometimes puts him in the doghouse with the manager.

A variation of this gag was pulled on first base coach School-

boy Rowe last year. Schoolboy wore some flashy yellow socks that he seemed to admire a lot. So a couple of players washed them and kept them in a dryer until they had shrunk to the size of baby socks.

What the pranksters didn't know, however, was that Schoolboy had 11 more pairs just like them.

Popular Coach
Ball players play practical jokes usually on fellows they like. Thus, because Rowe is popular, the former Tiger pitching great is the butt of more pranks than others on the club.

Take the time last summer when his wife had just got into Detroit and Schoolboy was hurrying to dress and meet her after a game. There was just one snag. Someone had run a lock through the loops of his trousers so that he couldn't put them on.

After a lot of hearty laughter, young pitcher Bob Miller came up with a key to unlock them. But it wasn't Miller who had pulled the gag, and Schoolboy to this day wonders who it was. Ol' Diz knows but he's not telling.

Later, when the Tigers were in Cleveland to close out the season, Rowe arrived in the clubhouse to find that his baseball shoes had been thoroughly nailed to the floor. It was one day that Schoolboy didn't coach the Hickory and Horsehide sport.

Dr. Cary Middlecoff grins gleefully as he is kissed by Mrs. Frank G. Clement, wife of Tennessee's governor, after the golfing dentist had shot a phenomenal second round 65 in the 19th Master's Tournament in Augusta, Georgia.

PAN-AMERICAN HIGHWAY

President Eisenhower, acting on the urgent plea of Vice President Nixon, recently asked congress to appropriate \$75,000,000 to rush the construction of a Pan-American Highway to the Panama Canal Zone in the next three years. This would give a two-lane highway all the way from Alaska to the Panama Canal.

Russia is said to have big oil stockpile for war.

vacancies were Randall Fox and Carl Schaaf. Terms of these members will expire in 1958. Cemetery board appointments were not completed.

Appointed to serve on the Tawas City Park Board were: Clarence Everett, chairman; George Tuttle, Nelson Thornton, E. D. Jacques and J. N. Brugger.

Council members elected Clyde Evtal as mayor pro tem to preside over the council in the absence of the mayor.

Two new councilmen, Hugo J. Keiser and Earl Davis, who were sworn into their new offices last week, were present at the first meeting. The new councilmen replace William Choiger and Archie Ruckie, who did not run for office in the recent spring elections.

The council gave approval to the water department's recommendations for going ahead with investigations of additional water facilities for the city. City engineer, Clifford H. Spicer, will investigate further the proposed ground storage tank and iron removal system which the water board proposes to construct.

Steals Car to Get Own Car Out of Mud

After reporting the theft of his car to Sheriff Ivan L. O'Farrell last Sunday morning, Olen Herriman of the Hemlock Road, Tawas City, found the missing vehicle parked near a mud hole about one-half mile away from home. The tracks indicated that a vehicle had been stuck in the mud hole during the night and the driver simply "borrowed" Herriman's car to pull it out. Herriman said, "The least he could have done would have been to return my car, or even borrowed my tractor out of the barn."

Neils-Gardner

A beautiful church wedding was solemnized last Saturday at high noon at the Christ Episcopal Church when Miss Sally Mae Gardner, daughter of Mr. and Mrs. Lawrence A. Gardner of East Tawas, became the bride of Frederick Otto Neils of San Luis Obispo, California, son of Mrs. Marie Neils of Melvindale and the late Max Neils.

The double ring candlelight ceremony was performed by the Rev. Richard Jennings before an altar decorated with valley lilies. The pews were decorated with sprigs of huckleberry leaves tied with white satin bows. About 100 guests attended the wedding. Mrs. Clarence McMullen was at the organ.

The bride, given in marriage by her father, wore a gown of embroidered white nylon tulle over satin fashioned with a fitted bodice styled with a halter neckline. The gown had several tiers of embroidered nylon tulle over the bouffant skirt. A headband of seed pearls secured her fingertip illusion veil. She carried a bridal bouquet of miniature white roses and white hyacinths.

Mrs. George Bray, a cousin of the bride, acted as matron of honor. Her gown of ballerina length aqua taffeta and nylon tulle was fashioned with a high empire waist and halter styling at back of the neck. It had a short bolero covering the shoulders.

The bridesmaids were Misses Jean Hertzler and Marylyn Lambert, college friends of the bride. They wore matching gowns of pink and yellow chiffon, respectively. All carried sprays of miniature roses and pink hyacinths.

Flower girls were Alice Hewson of West Branch, cousin of the bride, in a full length pink chiffon over taffeta gown, and Karen Neils, a niece of the groom, in yellow gown of similar style. Both carried a spray of pink miniature roses and white hyacinths.

The best man was Donald F. Preovich of Melvindale. Ushers were Richard C. Hewson of West Branch, uncle of the bride, and Max A. Neils of East Lansing, brother of the groom.

After the ceremony a wedding breakfast was served at Ossi's Restaurant for relatives and friends.

For her daughter's wedding, Mrs. Gardner wore a navy blue suit with white accessories. Mrs. Marie Neils, the groom's mother, wore navy and white print with white accessories. Both wore gardenia corsages.

The bride is a student at Michigan State College and a graduate of East Tawas High School. The groom graduated from Melvindale High School, and from Michigan State College. He is now a second lieutenant in the United States Army. He is a member of Chi Epsilon Fraternity and the American Society of Civil Engineers.

The couple left on a wedding trip to California. The bride's going away outfit was a teal blue linen suit with yellow and white accessories. They will reside at San Luis Obispo, California. Out of town guests were from Detroit, Allen Park, East Lansing, Melvindale, Dearborn, Saginaw, Flint, Troy, Alpena, Jonesville and West Branch.

Kobs-Isola

Lovely white lilies adorned the candlelight altar at the Emanuel Lutheran Church in Tawas City, Saturday evening, April 9, for the wedding of Francis Isola and Donald Kobs. Officiating at the nuptials was the Rev. L. W. Newman.

The bride entered on the arm of her father, Raymond Isola. Her ballerina length gown of nylon tulle and lace was styled with a fitted bodice, high neckline and Peter Pan collar. She wore a strand of cultured pearls, a gift from the groom. Her illusion veil was held in place by a small crown of embroidered pearls. Two orchids on a white satin Bible formed the bride's bouquet.

Mrs. Gerald Herriman, sister of the bride, wore a pale blue net ballerina length gown for her role as matron of honor. She wore a blue net picture hat and carried a colonial bouquet of white and pink carnations.

The bridegroom, son of Mr. and Mrs. Karl Kobs of Tawas City, was attended by his brother, Herbert Kobs, as best man.

Mrs. Isola, mother of the bride, wore a pale gray dress with pink accessories. Her corsage was made of pale pink and white carnations.

Mrs. Kobs chose a Dior blue ensemble for her son's wedding and wore a white carnation corsage.

A reception followed the ceremony at the bride's parents' home where a buffet supper was served.

The newlyweds are now residing in Ann Arbor.

Narrow Escape

Two Tawas City women, Mrs. Roy Wright and Mrs. Gerald Bowen, narrowly escaped from being struck by a bolt of lightning in an electrical storm Monday afternoon.

The two women were walking along Court Street when the lightning bolt struck a guy wire on a Consumers Power pole only a short distance from them. They were not injured.

Mrs. Wright said that the lightning flash passed over their heads and into the wire.

Adopt New Constitution

The new constitution for the Tawas Community Council was presented and accepted at the organization's regular meeting Tuesday night.

Named to a committee to present a slate of nominees for the board of directors at the May 9 meeting were: Reynold Mick, chairman; the Rev. Benjamin Whaley, Frank Wilkusi, Mrs. Ronald Butterfield and Judy Barkman.

Tawas Area Rebuilds Baseball Team

As was the case in football and basketball, the Tawas Area baseball team faces the problem of rebuilding only four letters form the nucleus for this year's squad. They are Gene Parent, a senior, and Denny Durant, a junior; infielders, Darwin Leopard, a junior, last year's regular catcher who will play first base at pinch this year, and John Le-Claire, a junior, outfielder.

The greatest problem is replacing pitchers, Orville Revord and Arthur Anschutz of last year's team, who were regular winners for the past three seasons. The most likely prospects are Larry Frank, Don Grabow, Eugene Jordan, Don Phillips and Leopard. Catching candidates are Bill DeLosh, Bill Laidlaw and Ray Guyette. Infield players attempting to secure a starting position are Don Harmon, Bob Dick, Denny Weber, Dick Wunderlee, Dick Ashmore and Ralph Davis. Outfielders are Fred Rieger, Jack Leabueben, Gary Stephan, Don Ledsworth and Don Blust.

Two teams will be fielded again this year, a varsity and a junior varsity squad. The latter will be under Fred Hickman. The varsity schedule will begin Thursday with Standish, at Standish, followed by a game the following Tuesday with Hale, at Hale. The balance of the schedule will be published in next week's paper.

Two Tawas Troopers Get New Posts

Troopers Charles Clark Jr. and George Burnette of the East Tawas post were notified of transfers to other posts this week, according to an announcement by Michigan State Police Commissioner Joseph A. Childs.

Burnette moves from the East Tawas post to Ypsilanti and at the same time was promoted to corporal. He has been stationed here for a number of years. He married the former Evelyn Pfeiffer, the Burnettes have three children.

Trooper Clark will be transferred to the Bay City post effective May 15. He married the former Teressa Reinke. Trooper and Mrs. Clark are the parents of two children.

Replacing Clark here will be Thomas Herbert of the Bay City post.

Youth Fellowship Banquet Friday Evening

The Senior High Youth Fellowship of the Tawas City and the Hemlock Road Baptist Churches will have its annual youth banquet on Friday, April 22, at the Tawas City church at 6:30 p.m. The meal will be served by the Doreas Society of the Tawas City Baptist Church.

Cancer Society Workers Meet at Luncheon

About 25 women of the county attended the luncheon of the American Cancer Society workers and officers of the county last Friday at Ossi's Restaurant at East Tawas. Mrs. Herbert Hertzler, county activities chairman, led the meeting.

Nathan Barkman, county chairman of the Cancer Crusade, gave a talk urging workers to put forth every effort to reach the quota and exceed it. The county quota is \$1,410 this year. Dr. Lawrence LaPorte also gave a talk. He stated that because of the success of the polio vaccine, greater interest in the fight against cancer would result.

Chairmen of the cities of the county were reported and they in turn introduced the chairmen of wards and workers in their cities.

Mrs. Nathan Barkman talked on the loan fund of the county for the use of hospital expense. She also reported that examinations, transportation, dressings, hospital beds, etc. are free to patients.

Mrs. Kate Evans, county educational chairman, stated that the American Cancer Society in Isosco County was organized nine years ago. Mrs. Evans organized the society. She said last year the county raised \$2,840. Of this amount \$1,415 remained in the county. She also stated that \$1,000 had been donated to the Tawas Hospital for equipment. Mrs. Evans also explained the literature to be given out.

Mrs. Hertzler reported on the state meeting held at Saginaw and gave a chart talk of benefit to workers in the crusade.

In her talk, Mrs. Hertzler brought out the fact that all advertising in magazine, newspapers, radio and television is free and that all movie star advertisers and all workers in the crusade are donating their services.

Tawas Youth Provide Interesting Program

A very interesting program was provided by the youth of the Tawas Area High School when the P-TA met on Monday evening, April 18, at the Tawas City gymnasium. Mrs. Richard Stock presented the tumbling team which gave a very fine demonstration. Mrs. Herbert Hertzler led the girls chorus in several numbers. The audience was asked to join in singing two of the songs.

Superintendent Reynold Mick made several school announcements including the dates of coming school events: Band concert, May 13-14; junior prom, May 21; grade music festival, May 24-25; Junior-Senior Banquet, May 25; Seniors leave on trip, May 29. He also urged everyone to vote in the school election on May 17.

Mrs. Grace Hanna, county nurse, outlined the plans for administering the polio vaccine in this county. The first and second graders will receive it free of charge this year.

Refreshments were served by the room mothers of Mrs. Sloan's first grade and Mrs. Russell Rollin's Vine School. Mrs. Rollie Gackstetter was chairman and was assisted by Mrs. John Dodson, Mrs. Joseph Palumbo, Mrs. Glenn Biggs, Mrs. Arthur Goddard and Mrs. Phillip Watts.

Next month there will be a program on mental health with Ohmer J. Curtiss, case worker supervisor from Traverse City State Hospital. He will bring a colored film entitled, "It's a Big Problem," and also a film on mental illness in children. There will be time for a discussion and question and answer period. This program has been arranged by Mrs. Terrance O'Loughlin.

Arnold J. Copeland

Arnold J. Copeland, 71, retired industrial and civic leader of Bay City, formerly of East Tawas, died suddenly shortly after midnight at Samaritan Hospital after suffering a paralytic stroke at his home one-half hour before. Funeral services were held at the First Presbyterian Church in Bay City at 2 o'clock on Wednesday afternoon.

Mr. and Mrs. Roy Sims, cousins of Mr. Copeland, of East Tawas attended the funeral.

Arnold Copeland was born in East Tawas February 8, 1884, son of the late Robert and Florence Copeland, pioneers of East Tawas. The family later moved to Bay City.

Mr. Copeland was a talented artist and sculptor. Many of his oil paintings displayed at the art exhibit of the Community House were of Isosco County and Ausable River area.

He was married to the former Zella Drummond in Bay City in 1907. He is survived by his widow; one son, Arnold J. Jr. of Fairfield, Connecticut; three daughters, Mrs. John Kelton of Westport, Connecticut, Mrs. William Thompson and Mrs. Howard Lowery of Bay City; one brother, Frank of Aberdeen, Washington; three sisters, and seven grandchildren.

Mr. Copeland was a 33rd Degree Mason, a member of Bay City Consistory and of the Scottish Rite.

He was a trustee and president of the board of educational trustees of the Industrial Brownhoist Corporation for 42 years and of the Canadian Brownhoist Limited of Montreal.

Luce Will Speak at School Group Meet

The meeting of superintendents, principals and school board members of Northeastern Michigan will be held at the Holland Hotel, Thursday evening, April 28, at 6:30 p.m. A perch dinner will be served. Everett Luce, president of the Michigan Association of School Boards, will be the speaker of the evening.

Observe Youth Sunday at Baptist Churches

Sunday, April 24, will be Youth Sunday in the Tawas City and the Hemlock Road Baptist Churches. This is the time when the youth take complete charge of the worship services in each church. Special music will be provided by the youth at all services for the day.

The morning worship at the Tawas City Baptist Church will have Miss Brenda Laidlaw as the speaker. Her topic will be "Christian Love." At the Hemlock Road Baptist Church the speaker will be Miss Doris Herriman. Her topic will be "God's Grace."

The evening service will be held in the Tawas City Baptist Church with James Rapp in charge. The orchestra, made up of the youth of both churches, will play several musical numbers during the opening part of service. The orchestra is under the direction of George Woodman. A film entitled "Shelter in the Cumberlands" will be shown at the 8:00 p.m. worship service.

Dwain Nelson Reckel

Dwain Nelson Reckel, infant son of Mr. and Mrs. Harold Reckel of Glennie, died April 13. The body was taken to the Moffatt Funeral Home and later taken to Glennie where funeral services were held on Friday at the family home. The baby was born on April 12, 1955.

Surviving are the parents and grandparents, Mr. and Mrs. Arthur G. Reckel of Glennie and Mr. and Mrs. George Kendall. The mother of the baby is the former Miss Alice Kendall.

Alex McKay

Funeral services were held last Saturday, April 16, at the Moffatt Funeral Home for Alex McKay, 69, of East Tawas, who died at his home on Wednesday. Burial was in Greenwood Cemetery. The Rev. Benjamin Whaley

of the Methodist Church officiated. Alex McKay was born in New York City on March 13, 1886. He was married to Miss Edith Haight on October 1, 1912, at Windsor, Canada. The family lived in Detroit for several years before moving to East Tawas about 20 years ago. Surviving are his wife, Edith of East Tawas; one son, Charles of Detroit; three brothers, and two sisters. Read Herald Classifieds!
