Fifteen years ago a group of Tawas City citizens, the Ladies' Park Building Committee, held a money-raising campaign to assist the city in the construction of a bathhouse at the Tawas City Park. Due to a shortage of material and later a lack of funds in the city treasury, the building was never constructed. Last week the years of patient waiting on the part of those instrumental in raising the money were rewarded when they turned a check for \$566.39 over to the Tawas City Park Board toward construction of the new bathhouse. ### SAVE ON COOKING TIME and FOOD BILLS FOR YEARS TO COME!

An electric range gives you true cooking economy thru the choice of selected cooking areas and accurately controlled heat.

It is smokeless and clean which means fewer cleaning bills for curtains, woodwork and walls. You spend less clean-up time on pots and pans, too.

Vegetables retain their natural shape, flavor, color, and vitamin content because, on an electric range, they can be cooked with controlled heat and a minimum amount of water. There is less shrinkage of meats too . . . real food-bill economy. Buy today . . . the benefits and savings are immediate!

President Eisenhower stirred up new speculation on his future political plans by telling a visiting delegation of Ohio Republicans that no man has ever reached the age of 70 in the presidency. If Mr. Eisenhower seeks and wins re-election next year, his 70th birthday would fall during that second term. Here, the president shows the group the antique table he used as the allied supreme commander in World War II.
