NATIONAL CLASS REGATTA TO BE HELD THIS WEEK-END ON TAWAS BAY

The Great Lakes Area National One Design Association sailboat regatta will be held on Tawas Bay this week-end, July 30-31. Host to the visiting skippers and crews will be the Tawas Bay Yacht Club. According to late entries received, approximately 17 sailboats will participate in the races. Starting at 10:00 a. m. and 2:00 p. m., two races will be held Saturday. A single heat will be held Sunday morning at 10:00 a. m. and trophies will be awarded at the clubhouse on Tawas Point later in the afternoon.—TAWAS HERALD PHOTO.

Ground Observers' Post is Now Under Construction at Alabaster

Within the next 30 days, Iosco County's volunteer members of the Ground Observer Corps will scan the sky in search of aircraft... friendly or enemy. Now under construction at Alabaster is this county's first observation post for the purpose of detection and identification of aircraft in the nation's air defense system. When completed the post will be manned by local volunteer members of the Ground Observer Corps. Post Supervisor Martin Ruehle of Alabaster stated early this week that the new post would be in operation sometime in August. The six foot by six foot structure, located about 500 feet south of the Alabaster Township Hall, is non-elevated due to the favorable terrain on which it is placed. The building has wide, sliding windows for good visibility. Materials for the observation post were donated by the United States Gypsum Company at Alabaster and it is being constructed by volunteers. "Approximately 33 volunteers will man the post on a 16-hour day operation when organization is completed," stated Mr. Ruehle. "We are still in need of volunteers who would assist in the operation of the post." "The Ground Observer Corps is a volunteer organization and posts are required at eight-mile intervals throughout Michigan to determine the direction and speed of aircraft," stated S-Sgt. Larry States, United States Air Force representative, who was instrumental in the organization and construction of the new post. "With 100 percent efficiency, Ground Observer Corps would strengthen our air defense system against any possible attack by enemy planes," the air force spokesman said. Other communities designated as observation post sites in the county are East Tawas, Hale, Oscoda and Whittemore. The Alabaster post will be the first such organization to become operative in this county since the end of World War II. At the termination of the war, all posts in this area discontinued service.

The new Ground Observer Corps post at Alabaster is pictured above. Shown discussing progress of the construction is S-Sgt. Larry States, representative of the United States Air Force, and Martin Ruehle, post supervisor. — Tawas Herald Photo.

Zion Lutheran Church to Celebrate Mission Festival

Zion Lutheran Church, Tawas City, will celebrate its annual mission festival this week Sunday, July 31, with a special morning service at which time the Rev. Harold Heinlein, missionary to India for seven years, will deliver the sermon. The service will start at 10:00 a. m. A special evening service will also be held and Missionary Heinlein will give a lecture and show slides in connection with his field of work in India. This service will begin at 7:30 p. m. Missionary Heinlein is on furlough at present from his work in India. He will take several courses at Concordia Lutheran Seminary, St. Louis, Missouri, this fall, and when finished, will return with his wife and two children to India. The Rev. E. E. Bickel, pastor at Zion Lutheran Church, extends a cordial invitation to all persons in the community who wish to attend these services. Free-will offerings that will be taken will be given to the work of missions. The speaker is the son of Mr. and Mrs. George Heinlein of Saginaw and is well known in this area.

Survey to Determine City Water Requirements

Beginning Monday, August 1, the Tawas City Water Department will conduct a house-to-house survey to determine what type of water and sewer service each consumer in the city is using. The survey will begin in the First Ward and will continue into the Second and Third Wards. The survey will be conducted by Mrs. Shirley Deering, water department secretary, and Reginald Bublitz, superintendent of public works. Purpose of the survey is to obtain information on the amount of water used by each consumer and the number of sewer connections at each home or business place. This information will be placed on file at the city hall and will assist in the preparation of water and sewer bills. "We have no idea how long this job will take, but we plan on covering about one ward a day," stated Superintendent Bublitz. "If everyone cooperates in supplying the necessary information it will help to make the survey a complete success." At Monday night's water board meeting, a sewer extension was authorized on Ninth Avenue between Harris Avenue and First Street. The board authorized City Engineer Clifford Spicer to prepare plans for the enlargement of the sewage disposal plant to care for future city expansion. Mr. and Mrs. Dale Short and daughter, Anna Marie, of Indianapolis, Indiana, are spending a week with the Robert Short family.

PRELIMINARY APPROVAL GIVEN NEW SCHOOL PLANS BY SCHOOL BOARD

Approval of architect's preliminary plans for the new Tawas Area Junior and Senior High School was given by the board of education at its regular meeting Tuesday night of this week, Robert Rollison and Clare Herring, representatives from H. E. Beyster and Associates, school architects, were present at the meeting. The approval was given subject to a revision of classroom layout, due to a 12 percent increase in construction costs over the original plans. A meeting will be held Thursday night (tonight) for the purpose of revising plans to utilize all space available in the proposed building and to open sealed bids for the sale of obligation bonds. Supt. R. E. Mick and the school faculty will go over the plans at a later date. At Tuesday night's meeting, the board discussed sewer and water main connections, location of building on site and fire protection. At present the Tawas City Department of Public Works is extending sewer mains to the city limits on Harris Avenue. From that point a main will be extended to the school property. Mr. and Mrs. Blaine Hill of Detroit are spending a vacation at the Hill cottage on Avalon Beach.

Reno Township Pioneer Passes Away

William Latter, long time resident of Reno Township, passed away Tuesday morning, July 19, at the Tawas Hospital where he had been taken with a broken hip the previous week. He was born in Hampshire County, England, February 22, 1862. When 19 years of age he came with his parents to St. Thomas, Canada, where the family resided until coming to Michigan six years later. They settled on a homestead in Reno Township and went through the hardships of pioneer life. Here Mr. Latter developed one of Iosco County's prosperous farms. In 1884 he married Annie Rowley of Whittemore. To this union nine children were born, three of whom preceded him in death. The six surviving are: Mrs. L. Latter, with whom he lived; Fred Latter, who resides on a nearby farm; Mrs. Myrtle Waters, also of Reno Township; Byron Latter of Lansing; Miss Florence Latter, a missionary to the Spanish speaking people of Bismarck, N. D.; Mrs. Dorothy Smith of Flint. He also leaves to mourn his death, two brothers, Harry Latter of Reno Township and Arthur Latter of West Branch; a sister, Mrs. Emily Cauchy of Mio; 14 grandchildren, and 21 great grandchildren. Mrs. Latter preceded him in death in 1935. He was a charter member of the Reno Baptist Church, a faithful attendant and one of the church's faithful workers. He was well known and held in high respect throughout Iosco County. The funeral service was held last Thursday afternoon at the Reno Baptist Church with the Rev. Jack Richards and the Rev. John B. Kerr officiating. He was laid to rest by the side of his wife in the Reno Cemetery.

Tawas Plating Company to Construct New Building

Outgrowing its present location, work will start this week on a new building for the Tawas Plating Company, according to a statement made Wednesday by Paul Chevis, manager. The Tawas Plating Company, established two years ago by Chevis in the Wuggover Building on Seventh Avenue, plates metal parts for the automotive and other industries. Among its customers is the Bopp-Busch Manufacturing Company of Au Gres and Tawas City. New equipment recently installed has more than doubled the capacity of the plant, but there is not room in the present building for its efficient use, Chevis said. Chevis stated yesterday that the new building would be of industrial type, 40 by 70 feet in size, and of concrete block construction. It will be located on property secured from the city on Industrial Street near the West Yards of the Detroit and Mackinac Railway Company. A building permit was approved by the city council several weeks ago. At the regular meeting of the water board held Monday evening of this week, arrangements were made to furnish water and sewer facilities for the new building. Ample safeguards have been used at the present building and will be provided for at the new building to prevent contamination of the river by waste water from the plant, Chevis said. All waste water is processed and the acids neutralized before leaving the premises.

INVESTIGATE THEFT OF OUTBOARD MOTOR

Michigan State Police are investigating the theft of a new Mercury Mark 55 outboard motor stolen from a 18-foot boat last Saturday at the Tawas River mouth. Owner of the motor, Mrs. A. R. Colby of Saginaw, told investigating officers that she had left the motor on the craft the previous night. She said that when she checked in the morning the motor was gone. Checking with other boat owners at the river mouth, officers learned that the motor had been seen on the boat at 10:30 that morning. Mrs. Irvin Erickson and daughter, Elaine, and aunt, Miss Rhea Kuhn, spent Tuesday in Mt. Pleasant.

Tawas City Loses 2 Out of 3 Games

The Tawas City Indies hope of winding up in the first division in NEM League standings were dampened this week when they were able to win only one out of three games, losing to Oscoda Thursday night in a 14-inning affair, 6-5, and splitting in a double header with White Star Sunday, 6-5 and 3-6. The Indies' record now stands at a creditable seven wins and four losses. This Sunday afternoon Tawas City will meet the league-leading Pinconning team at the local baseball diamond. The leaders dropped the Indies earlier in the season by an overwhelming 15-5 score. Going into the game against Oscoda Thursday night, the Indies were riding high on a five-game winning streak. They out hit (16 to nine) and out pitched the Oscoda team, but on the bases paths it was a different story. In nearly every inning the Indies were plagued by mental lapses on the part of the baserunners. In one inning two men tried to occupy third base at the same time and both were put out. On other occasions, baserunners were picked off base or thrown out at second when attempting to advance on infield errors. However, overshadowing this costly baserunning by the locals, were the fine pitching performances turned in by two relief twirlers, Gordie Tate of Oscoda (the winning pitcher) and Don Grady for Tawas City, the loser. Grady was hailed from right field in the seventh inning after starting pitcher, Mern Warner, became worn and weakening. Grady struck out 12 batters, allowed four hits and walked two. Until this point Warner had pitched very well. On the other hand, Tate came into the game in the ninth inning to relieve LaVack. Tate retired the side in the 11th inning with no one out and the bases loaded. The lead see-sawed back and forth between the two teams until the eighth inning. The winning run came in the bottom half of the 14th inning when Oscoda pushed a run over on a walk to Hopenroft and a line single to left by Milliron. Seven Tawas City batters collected two hits each during the game. (See Indies, back page.)

Services for John T. LeClair Held Monday

John T. LeClair, highly esteemed resident of this city, died Saturday after several weeks of illness. Funeral services were held Monday morning at the Immaculate Heart of Mary Church in this city. Born February 3, 1881, in Arenac County, he came to Iosco County with his parents in 1902 and the family settled on a farm in Plainfield Township near Hale. In 1903 he married Miss Maude Londo and they resided in Plainfield Township until 1923 when they moved to Ypsilanti where it was more convenient for their children to complete their education. Twelve years ago they established their home in Tawas City. Surviving are the wife; two sons, Dr. John D. LeClair and Sanford LeClair of this city; three daughters, Mrs. Luanna Pulk of Dearborn, Mrs. Emily Waterman of Birmingham and Mrs. Phyllis Wagner of Ann Arbor; eight grandchildren, three brothers, James LeClair and Noale LeClair of Flint and Claude LeClair of Detroit, and four sisters, Mrs. Rose Denstedt of Hale, Mrs. Emma Mudge of Farmington, Mrs. Florence Ewings of West Branch and Mrs. Lena Ballard of Lansing. The Rev. Fr. Joseph Castanier officiated at the funeral services. Interment was in the Immaculate Heart of Mary Cemetery, Tawas City.

Tawas Area Band to Present Concert Sunday

The fifth concert in the Tawas Area Schools summer band program will be presented at the Tawas City Park Sunday, July 31, beginning at 7:00 p. m. This will be the final concert until August 28, at which time it is hoped that new uniforms ordered earlier this year will be worn by the band for the first time. Band Director Edward Rima said this week that the next rehearsal will be held Monday, August 22, at 7:00 p. m. The program this Sunday includes: "Monarch March," Overture; "Night Flight," march; "Medallion," overture; Johnson; "Activity," march; Bennett; "His Honor," march; Fillmore; "Afrikander," overture; Olivandoti; "Washington Post March," Sousa; "The Thunder," march, Sousa; "Si! Trocadero," mambo, H. Walters; "The Stars and Stripes Forever," march, Sousa, and "The Star Spangled Banner." Herald Advertising Pays.

HARRIS AVENUE SEWER PROJECT NOW IN PROGRESS

Work on the Harris Avenue sewer extension in Tawas City has progressed to the corner of First Street. Alternate layers of quick sand and clay along the route of the extension has resulted in a short delay. In the above photo a drag line operated by Frank Chartier is shown excavating at the site. Considerable hand shoveling by workmen was necessary at this point due to an uncharted water main. Supt. Reginald Bublitz and Matthew Pfeiffer are shown in the upper right hand corner of the picture.—Tawas Herald Photo.

Contrary to rumors and some newspaper articles, the SS Overniter, Michigan's first hotel has not been closed down. The hotel is docked at the Tawas City Park dock. The hotel management stated Wednesday that since opening for business on the Fourth of July week-end, there have been over 240 registrations with not more than five complaints. At the present time 90 rooms are ready for occupancy. Flotel spokesmen said that work on the former cruise ship had been going slowly, but it is anticipated that a statement of future plans for the Overniter will be forthcoming after a conference of the owners and company lawyers scheduled in the near future.

Trys to Locate Relatives Here

Dear Sir: I am recently from England and with me I have correspondence dated March 1891 and photographs of and from ancestors of mine who were in your district at that time.

One of them was Benjamin Cobbett whose address was East Tawas, Michigan. It is a very remote chance that some of his successors may still be residing in the district. Our home originally was in Guildford, Surrey, England. Any such person still in your area may be interested. I certainly would be pleased to hear of them. The letter I read talks of fighting between the North and the South and "that there was great talk of war between England and America." The photographs I might add are very "dated." Your good offices in this matter would be much appreciated.

I am Sir, Yours faithfully, Charles W. Monk, 411 West Ortega Street, Care of Woodwards, Santa Barbara, California

Letter received by Tawas Chamber of Commerce. Thursday, August 4, is the date of the next smorgasbord at Grace Lutheran Church.

Christian Science

How spiritual understanding of God as divine Love assures man of wise guidance and unlimited inspiration will be brought out at Christian Science services this Sunday.

The lesson-sermon entitled "Love" will include the following passage from the Biblical account of the guidance the children of Israel received in their flight from Egypt: "And the Lord went before them by day in a pillar of a cloud, to lead them the way; and by night in a pillar of fire, to give them light; to go by day and night: He took not away the pillar of the cloud by day, nor the pillar of fire by night, from before the people" (Exodus 13:21,22).

Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (454:18-21): "Love inspires, illumines, designates, and leads the way. Right motives give pinions to thought, and strength and freedom to speech and action." The Golden Text is from I John (4:8): "He that loveth not knoweth not God; for God is love."

TO BE AT EAST TAWAS AUGUST 1 AND 2

Public showings of Consumers Power Company's mobile display, the "Easy Does It" Kitchen, will be held Monday and Tuesday, August 1 and 2, from 2:00 to 4:00 p. m. and from 7:00 to 9:00 p. m. at the Community Building, East Tawas.

The public will be admitted free to the exhibit during those hours.
Designed to give the homemaker a wealth of ideas on how her kitchen and homemaking problems can be simplified with improved cabinet and appliance design, the "Easy Does It" van has received the unanimous acclaim of homemaking experts from all over America since its introduction at Michigan State University.
Actually a traveling van, the big exhibit holds special interest for homemakers with some physical handicap or disability. Many of the ideas the trailer embodies can be put into effect at the visitor's home with only minor alterations in existing kitchens, according to Consumers home service personnel who are in charge of the exhibit.
Home economists from the company's staff will be in the trailer during the public showings to explain its functions to visitors.
The East Tawas showings are part of a general tour of Consumers' 26,000 square-mile outstate Michigan service area which the van is making this year.

FARM EVENTS

By MARVIN DAVENPORT
County Agricultural Agent

Wednesday through Saturday, July 27-30—Josco County Fair.

Tuesday, August 2—First lamb pool for 1955. All sheep raisers can sell their lambs through the pool.
August 15 through 20—Farm Mechanization Parade of Progress on campus of Michigan State University, a little world's fair of farm machinery.

Tuesday, September 6—Lamb marketing tour during the day, meeting with sheep raisers in Reno Township Hall at 8:00 p. m.
Tuesday, October 4—Lamb truck and lamb marketing pool at West Branch. Order your lambs now.

It was a rare experience for Wilton Finley and Marvin Davenport at a "Shangri-la," 14 miles off the coast of Michigan. The occasion was the Northern Michigan Agricultural Agent's Conference held on an island in Lake Michigan. College specialists, (including Mr. Finley) and administrative staff made up the ranks of the group.

The last day of the session, a young "island owner" sought some advice on the managing of his beef herd and pasture improvement. Davenport and Finley were the volunteers.
The young fellow took up by boat to his island, only a 30-minute fluid drive from the main island. It wasn't rough and we stood the trip well. Our curiosity was aroused as to how this man ever got his equipment and livestock to the island? "By barge" was his answer. The cattle they brought close to shore (there are no docking facilities) and dumped overboard. "At first," the fellow related, "we had to turn them back from trying to swim back to the mainland."
Until this year there wasn't a fence on the entire six square mile island. He now has about 30 acres of excellent fencing to "keep the cattle out" for pasture and hay improvement.

It sure is a pioneering project and well recalled to me some of the tough sledding I've heard our pioneers must have had. This fellow has the machinery to help him do the job, too. He was reminded that his best land should be improved first with the necessary clearing done, seed bed prepared and a mixture of legumes and grasses used for best pasture and hay returns.

Finley asked him about the beef herd. We had a fleeting glimpse of some cows and calves that were of good beef type. "I guess they have all had calves, but the two hired men and I couldn't corral the bull this spring and so we'll have calves from January on!"
Anyone looking for a beef herders job? I have one to offer, but it's 14 miles out in the middle of Lake Michigan.

There is one thing, you won't be interrupted by too many folks in your daily routine. But, I think the young fellow certainly has a novel idea. Come to think of it, I don't even think the flies have found that place yet.

This warm weather reminds me that now is a good time to think about creek bottoms and other low land pasture areas too wet for earlier work.
Most areas will be dry enough so that brush can be cleared drainage controlled and a productive pasture arranged. Lowland pastures with a good water supply and naturally fertile soil can be made very profitable with good management, and now is a good time to start the job.

Creek bottom pastures generally are of the "permanent" type, ranging from excellent forage even through the hot periods in the grazing season, to wasted land. If they flood and pond up, then, vernal, bonaset, yarrow and thistles provide a harvest of weeds, while willow and hawthorn brush add to the choking-off process insofar as pasture goes. Any stream that meanders through a pasture adds complications in improving forage.

Creek bottom land usually is both well-watered and fertile and some can be cleared, fitted and cropped. Flooding is a crop hazard, but pasture plants that can stand flooding may be a solution.

The first step is to clear woody growth, otherwise it will take over more and more area. A few scattered hawthorn trees can spread in 25 years to fill a pasture. Bulldozers and chemical brush killers are good allies.

Forage specialist, Carter Harrison of Michigan State University, says white or white Dutch clover grows well on heavy clay with moisture close to the surface and is a good pasture plant where tillage is not practical.

The clover should be fertilized and encouraged. It may already be seeded by mother nature with the waiting for favorable growing conditions. Use of 400 to 500 pounds of super-phosphate per acre as a topdressing every two years encourages clover seed to grow.

If the area is too rough for drilling, use a tub and shovel method, scattering a pound of white clover seed, or alsike and white clover, at the rate of three to four pounds per acre may speed things up. A year or two may pass before benefits show appreciably.

If the area can be cultivated, is not too wet and floods only for short periods, fit a seedbed and sow a mixture of five to seven pounds of smooth bromegrass and three to four pounds of alsike clover in early August. Discourage old vegetation before seeding. A half bushel of oats makes a good carrier for the

brome and a quick cover.
On lowland muck that is wet and grows marsh grasses, sedges and cat-tails, a seeding to best canary grass will give the best production. It may be necessary to plow and fit the area in the dry part of summer with a crawler-type tractor and marsh plow, discs and floaters. Have the soil tested if possible. Fertilize with 0-9-27 or 0-20-20 at 400 to 600 pounds per acre and seed the grass at five pounds per

acre, the first two weeks in August. Later planting may heave out in the winter or spring.
World Population—
The world population passed the 2,528,000,000 mark in 1954, according to statisticians of the United Nations. By mid-1954, the world had crossed the 2,500,000,000 mark and showed a 36,000,000 increase from the mid-1953 total.

CELEBRATE GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. Gustav Wojahn celebrated their golden wedding anniversary on Sunday, July 24, with a family group attendance at the Emanuel Lutheran Church followed by a family dinner at their home.

Gustav Wojahn and Miss Louise Goedecke were married on Sunday, July 23, 1905, by the Rev. E. Emmel at the Tawas City Emanuel Lutheran Church of which they have been life-long members.

They have four daughters, Mrs. Arthur Ulman of Davison, Mrs. John Walsh of Pontiac, Mrs. Joseph Skaggs of Phoenix, Arizona; two sons, John of East Ta-

was and Hugo Wojahn of Tawas City; 20 grandchildren, and two great grandchildren.

More than 30 members of the family were present for a dinner under the trees at the Wojahn home Sunday. All of their children were present except a daughter, Mrs. Joseph Skaggs, of Phoenix, Arizona, who was unable to attend the celebration.

At one time the Wojahns owned a farm on the McArdle Road, later moving to Tawas City where they have resided for 36 years. Mr. Wojahn retired seven years ago. Prior to that time he had been actively engaged in the draying business.—Tawas Herald Photo.

TAKE YOUR CAMERA WHEN VACATIONING

Snapshots can make your vacation live longer! They offer one of the best means of re-living the pleasures experienced, the places seen and the people met.

For best results, have your camera checked before leaving home to be sure it is in good working order. Keep a few extra rolls of film in the car at all times, and leave the camera on the seat beside you for quickly snapping roadside scenes. Plan to have exposed film developed as quickly as possible.

(Do not leave your loaded camera in the car's glove compartment. Excessive summertime heat may spoil the film.)

Click the Shutter

Keep your camera steady, bracing it firmly against your body, and hold your breath for the instant you click the shutter. Never try to hand-hold your camera when shooting at less than 1-25 of a second; use a tripod for firm support at lower shutter speeds.

Most pictures can be improved by "framing" with a foreground tree, fence or building corner. To avoid a postcard look in your snapshots, place members of your party in scenes like buildings and monuments—and above all have them doing something, not just staring at the camera.

A Concrete Record—

What is thought to be a world record for pouring concrete was established at Sault Ste. Marie recently when 6,250 cubic yards were poured in a 24-hour period in the construction of a \$1,000,000 bridge being built between Michigan's two peninsulas.

Hale News...

Friday afternoon lightning struck a tree and killed two valuable cows of Henry Wells. One had a calf two days old, which was in the barn. There was no rainfall in the local area.

It's the 4-Door Riviera—
the stunning new hit
of America's Hardtops

WHEN Buick introduced America's first hardtop—the Riviera—folks went for it in a big way, and fast. They liked the Convertible look of this 2-door beauty—long, low and rakish. They liked the added security of the steel roof overhead. And they certainly liked the absence of center posts in the side window areas—which gave a completely unbroken view left and right. People liked it all so well that, over the past six years, they made the Riviera the biggest-selling hardtop in the world, bar none. **And it still is.**

Now Buick has come up with another great advance in hardtops—the 4-Door Riviera—and it's a sensational hit.

It has everything the original 2-Door Riviera has—plus separate doors for rear-seat passengers, and a whole of a lot more room for them. Rock-solid half-pillars on either side are what latch the front doors and hinge the rear ones. So there's no center post above the door line—and a completely open sweep of view to both sides. And the roominess provided by this gorgeous new hardtop is really something—over 9 inches more hiproom and 5 inches more legroom in the rear.

Why don't you come see this brand-new kind of automobile that's heading up the parade of the hottest-selling line of Buicks in history?

With the Iosco 4-H Clubs

July 27 to 30—Iosco County Fair.
Friday, July 29—4-H Club Day and Evening at the fair.
Wednesday, August 10—Standish Round-up.

Our 4-H'ers seen on tour have been telling us of their good time at Hardwood Lake 4-H Club Camp this year. Some of them seem to have become quite expert at fly tying. Very popular, too were the 45-minute swim periods twice a day. With the

weather as hot as it was then and has been ever since, we can agree that swimming should be the pastime.

Hale Happy Hustlers had their summer 4-H Club tour last Thursday and we do believe it was the hottest day of all. Flower and vegetable garden, canning, foods, knitting, handicraft and photography projects were seen. They are going to be shown at the Iosco County Fair this week where everyone will have a chance to see the work being done by these and other 4-H Club young people.

We certainly hope that you have remembered to send in your registration to compete in one or more of the judging, dem-

onstration, speech and fun festival contests to earn a chance to represent Iosco County in the district eliminations contests at Standish on August 10.

Friday, July 29, is the day when we plan to have our county elimination contests. We know we have young people who can do these things and hope very much that they will. Some of the winners of state contests should come from Iosco County. Wouldn't you like to be among those taking the bus trip to Washington in October as a result of your contest achievements.

Eleven Iosco 4-H Club members took advantage of an opportunity to do some judging at the district judging school in West Branch on July 18.

Judging clothing were Phyllis Watts, Joyce Wellna, Joyce Coates, Ruth Ann Proper and Donna Coates. Livestock judges included William Laidlaw, Robert Waters, William Redmond, Ardith Bellen, Carol Bellen and Bernice Siegrist.

See you at the fair this week.

Calendar:
July 27 and 28—Easy Does It Kitchen Exhibit, West Branch.
August 1 and 2—Easy Does It Kitchen Exhibit, East Tawas.
August 3 and 4—Easy Does It Kitchen Exhibit, Standish.
August 11 and 12—District Homemakers' Camp, Hardwood Lake.

Many of you in home demonstration groups have heard us tell about the very worthwhile kitchen exhibit which is to visit our area this summer. Now you have the dates and can choose the day and location convenient to you. Here are a few additional bits of information to increase your desire to see this kitchen yourself.

It is a demonstration kitchen designed to show as many ways to save time and energy as possible. The equipment is housed in a 40-foot van-type trailer, and while it was planned especially to make the handicapped homemaker's job easier, the labor-saving, step-saving ideas which have been built into it are as useful for all homemakers.

In East Tawas the kitchen will be on display Monday, August 1, and Tuesday, August 2, in front of the Community Building. The hours it is to be open are 2:00 to 4:00 p. m. and 7:00 to 9:00 p. m.

Talk to your friends and neighbors, fill up a car, and plan to view the kitchen exhibit. Make note of any particular features you wish to consider adapting to your own kitchen and then come to see us at the Extension Service office for further assistance in fitting them into your own plans. We can also help you locate the equipment you need.

Thieves Return Loot—

The thieves who took all four hubcaps off William Ramock's 1955 automobile at Springfield, Illinois, returned them, placing them on the front seat of the car, with this note: "They don't fit. You can have them back. Thanks." The note was unsigned.

Hardwood Lake in Ogemaw County, is being handicapped because we have not heard from very many of you saying that you plan to attend.

Maybe the continued hot weather keeps some of you undecided. If that is so, do let us hear that you are thinking about going if it cools off, so that plans for activities and food can be completed.

It is hoped that each and every home demonstration group will have at least one person attend. She will bring back material for a lesson to be used in your own group during the coming year.

More ice cream than usual is likely being consumed in your home these hot summer days and it may be that ice cream

stains are a problem. The method for stain removal can be different depending upon whether the ice cream was chocolate, vanilla, strawberry or some other flavor.

Ice cream stains contain milk or cream, sugar, sometimes egg, and there often is fruit or coloring of different sorts. All these different ingredients have to be considered in removing the stain.

Like all stains, ice cream is easier to remove if treated while fresh and moist. First aid for a stain on washable fabric is sponging in lukewarm water. The water helps remove sugar, egg, milk and some colors. To remove greasy traces, a cleaning fluid that dissolves grease may be helpful but usually is not necessary on washable fabrics.

Following a clear water sponging, vanilla or chocolate ice cream stains usually wash out with lukewarm suds.

Fruit ice cream stains may need treatment as fruit stains. Some fruit stains come out when boiling water is poured over them. Others, like peach or cherry, containing considerable tannin, are set by heat. For these, try sponging with lukewarm water first, then rub in a few drops of glycerine or soapless shampoo, let it stand for a few hours and rinse out.

If, after these careful treatments, there are still traces of the stain, try a milk surface bleach, such as sodium perborate. Shake it over the dampened stain, let stand several hours, then brush and rinse off.

FERRIS DISPLAYS PHOTO OF BASEBALL IMMORTAL

You'll find Babe Ruth at Ferris Institute. The state college at Big Rapids has a show spot for visitors—a hallway picture gallery on the ground floor of the West Building. Here visitors will see one of the last large autographed pictures of the immortal Babe Ruth.

The story behind this picture at Ferris began in 1948. Dr. Rollo Masselink, son of former President Gerritt Masselink, 1927-29, was one of the physicians attending Babe Ruth at a New York hospital during the Babe's fatal illness. Ruth grew very fond of Dr. Masselink and often asked if there was anything he could do for him. "Yes," said the doctor, "I'd like a picture of you." A few days later he received an action picture, autographed, "To My Good Friend, Doctor Rollo Masselink from Babe Ruth, 1948."

Recently, Mrs. Gerritt Masselink, widow of the former college president, contacted Arthur E. Anderson, editor and publisher of The Big Rapids Pioneer. Anderson phoned Victor Spathe, president of Ferris. "Would the college like to have the treasured picture of Babe Ruth?" President Spathe's immediate and enthusiastic reply was "Yes!"

At the growing college in Big Rapids, present and future students and visitors will enjoy the autographed picture of "The Sultan of Swat."

Farmer Malcolm Boone of Fredonia, Kentucky, is sorry that the town's projected waterworks drilling for water on his land was unsuccessful, but he's glad in a way, too. Well-drillers struck oil on Boone's land, instead of water, and Boone has leased 296 acres to an oil company which will drill for oil, not water.

Judging from the looks of the representatives in the Miss Universe contest, we'd say foreign relations are definitely improving.

Military Power Cuts—

In one of his first speeches after assuming the post of army chief of staff, Gen. Maxwell D. Taylor declared that military manpower cuts will require the reduction of United States ground forces in the Far East. The First Cavalry Division will be one of the units due to return soon from Japan without replacement, it is said.

FARMERS BALLOT TO PROMOTE USE OF WOOL

The United States Department of Agriculture has announced that, through ballots cast not later than August 19, producers will vote in a referendum to decide whether or not an agreement providing for advertising, promotional and related market development activities on wool and lambs under Section 708 of the National Wool Act of 1954 will be put into effect.
The agreement between the recently organized American Sheep Producers Council and the secretary of agriculture provides for deductions from wool incentive and lamb and yearling sheep (pulled wool compensating) payments made to producers under the National Wool Act of 1954. These deductions will provide a means of financing the market development program. Before the agreement can be put into effect, producers owning at least two-thirds of the sheep and lamb represented by voters in the referendum must vote their approval.
If the agreement is approved, the deduction from payments for the 1955 incentive program, to be made in the summer of 1956, will be one cent per pound from shorn wool payments and five cents per hundred pounds of live weight from lamb and yearling payments. The payments will be used by the American Sheep Producers Council for advertising, promotional and related activities designed to enlarge or improve the market for products of the industry.
Producers who have owned sheep or lambs for at least 30 days any time since January 1, 1955, will be eligible to vote. Because deductions would be made from both shorn wool and lamb yearling payments, the volume of production for this referendum will be based on the number of sheep six months of age and older owned during any one 30-day period since January 1. The number of sheep and lambs will be noted on the ballot by each producer and the ballot will be signed by him.
Ballots will be accepted by the Iosco County ASC office through Friday, August 19.
Ballot forms have been mailed to all known sheep growers in Iosco County and voted ballots will be accepted beginning immediately. Any farmer who is a sheep grower and has not received a ballot by mail should contact the county ASC office immediately for his ballot.
While the act and USDA regulations permit cooperatives to vote as a group, the major large cooperatives such as the National Wool Marketing Cooperation, Michigan Cooperative Wool Marketing Association and others have advised the USDA that their members will vote individually in the referendum.
The American Sheep Producers Council is an organization chartered under Illinois law to carry out the agreement under Section 708 on a national basis. The council is governed by a delegate body and a board of directors selected to provide equitable representation for the various areas of wool production. The following organizations are members of the council: National Wool Growers Association, National Wool Marketing Corporation, National Grange, National Farmers Union, National Livestock Producers Association, The Ohio Sheep Improvement Association and Pacific Wool Growers. Provision is made in the bylaws for other organizations to become members of the council.
The agreement between the secretary and the council provides for approval by the secretary of annual budgets and programs developed by the council. The council will furnish the secretary with a semi-annual report of its activities. The agreement between this group and the secretary of agriculture was signed on March 17, 1955.
The extended period of voting is being permitted to assure participation in the referendum by as large a number of sheep producers as possible. Because of the method of basing the referendum outcome on the number of sheep represented in the vote, the results of the referendum will not be available until early September.
Department officials point out that the development of a program such as the one proposed for wool and lambs does not necessarily indicate the need or desirability for setting up similar financing arrangements for other commodity programs. While authorizing the use of the incentive payments to bolster the wool industry, the new legislation also recognized the special need of the industry for stimulating consumption of lamb, wool and other industry products. Section 708 of the legislation enables wool and sheep producers to meet some of their problems on a "self-help" basis and thereby assist in accomplishing the overall objective of a stabilized sheep-and-wool-producing industry.

The Big Four heads of government pose for an official photo on the lawn of the Palais des Nations at Geneva, Switzerland. Left to right, they are: Premier Nikolai Bulganin of Russia; President Eisenhower; French Premier Edgar Faure; and Prime Minister Sir Anthony Eden of Great Britain. President Eisenhower stated that the meeting has offered the world new hopes for peace.

game, including Humphrey, W. Herriman, Grady, Westcott, Warner, O. Herriman and Lorenz. Miller led Oscola with three hits, followed by Stalker with two.

Against White Star Sunday it was a different story in the first game of a double header when Tawas City was out hit by White Star 8-5, but the locals bunched their hits to win 6-5. Merna Warner received credit for the win with R. Moore the losing pitcher.

In the sixth inning Tawas City scored the game-winning runs after trailing for five innings. Grady led off with a single, Westcott struck out, Grady taking second on a wild pitch. Wegner was safe on an error, Grady scoring. Warner forced Wegner at second base. Jung doubled scoring Warner. B. Lorenz was safe on an error and Jung scored. Humphrey grounded out.

A fast double play wiped out a scoring threat by White Star in the seventh inning. Seipke was safe on an error to lead off the inning. Wagar singled. V. Seltz then grounded to Wegner at second base, who tagged Wagar and threw to first base to put out Seltz. R. Moore singled but was thrown out at second.

Grady led Tawas City with three of the team's five hits. Wagar and R. Moore each had two hits for White Star.

In the second game Tawas City out-hit White Star 8-5, but lost by a 6-3 score. The locals committed seven errors to pave the way for the defeat.

In the second inning White Star scored four times on four errors, a wild pitch and a single. They added two more runs in the fourth inning on two walks and a single.

In the fifth inning Tawas City came to life and scored two runs on three singles. They scored their final run in the sixth inning without a hit.

Grady was the losing pitcher for Tawas City while R. Seltz was the winner for White Star. Woody Herriman led the locals with a double and a single while E. Seltz and Brushaber each had two hits for the winners.

THE Resorter

Spending their vacation at Cabbie's Tawas Resort are Mr. and Mrs. Phil Pierce and family, Mr. and Mrs. William Moore and family, Mr. and Mrs. Joseph Molloy and family and Mr. and Mrs. Earl Thomas and family. The Pierces, Molloy and Moores are residents of Garden City, Michigan, and are next door neighbors. Mr. and Mrs. Thomas are residents of Detroit where Mr. Pierce and Mr. Thomas were in show business together for years.

They started together in entertainment world some 22 years ago with a third member, Amos Jacobs, now the well known Danny Thomas of motion pictures and television.

On Monday evening the group held a wiener roast at which most of the people at the resort were present. Mr. Pierce and Mr. Thomas played the guitar and banjo while the group entertained by singing and square dancing.

Other guests at Cabbie's include: Mr. and Mrs. Charles Cabbie and children, six year guests; Mr. and Mrs. John Sharp and family, third year guests; William Ruehle and daughter, Penny, third year guests; Mr. and Mrs. H. A. Morin and family and Mr. and Mrs. Leonard Hightower and daughters, who are here for their second year, all of Detroit; Mr. and Mrs. Max Moore and family, Garden City; the Jerome Muldoons and family, Allen Park; Mr. and Mrs. James Jones and son, fourth year guests; Mr. and Mrs. John Maki and family, all of Flint; Mr. and Mrs. John Grommes and family, St. Charles; Mr. and Mrs. Joseph Tort Jr. and family, Battle Creek; Mrs. G. M. Voss and family, Royal Oak; Dr. and Mrs. Cyril Collins and family, Dearborn.

Many of this week's guests at Clayton's Bay Side Cottages, formerly LeClair's, have been vacationing here for several years. They are: Mary Hufnagle and Mr. and Mrs. Norman Haines, Ann Arbor, Mr. and Mrs. George Grant, Ypsilanti; Elwood Singles, Flint; Mr. and Mrs. John Renfro, E. Plachta and party, Mr. and Mrs. James Conroy, all Detroiters.

Enjoying their third week of vacation at Val's Green Gables Resort are Dr. Charles Murray and family of Saginaw and the Ernest Bates family of Grand Rapids. Staying over for a second week are the Charles Hall family, Wyandotte; Charles Norris family, Dayton, Ohio; Dr. Bernard Shuer and family and B. Drukker, all of Toledo; Vincent O'Toole and family, Davenport, Iowa; H. M. Craig and family, Pittsburg, Pennsylvania.

Arriving at Green Gables last week-end were Mr. and Mrs. James Calderwood and the James Smillie family, Wyandotte; Mr. and Mrs. Thomas Ubik and family, Dearborn; Thomas F. Campus and family, River Rouge; Mr. and Mrs. George Hamilton and family, Allen Park; Dr. George Shopneck and family, Toledo, Ohio; the Charles Kautle family, University City, Missouri.

Mr. O'Toole is originally from Tawas, leaving here when two years of age, but returned for many years to visit his grandfather, Eugene Provoast, who was a barber and at one time fire chief at East Tawas.

The Craig family is doing a lot of trout fishing and has been successful in all the local streams, getting nice catches of speckled trout especially in Buck Creek.

Lost Children Found After Hour-Long Search Sunday

Four youngsters, ranging in age from six to 11, were found late Sunday afternoon after being lost in the woods near Sand Lake for approximately five hours.

A 30-man search party, led by Undersheriff Leon Putnam of the Isco Sheriff's Department and Trooper Warner Palmer of the Michigan State Police, combed the area for a little more than an hour before the children were found.

The four children, Connie Kindell, 8, Gerald Kindell, 6, Tony Vervort, 10, and Lance Vervort, 11, were found at 3:30 p. m. by Edward Backman.

Officers said that the children became lost during a hike in the woods.

An elderly Flushing, Michigan, man was located late Tuesday afternoon after being reported lost in the woods at Point AuGres for nearly eight hours.

John Eggebrecht, 80, was found by a search party at 3:22 p. m. after he had wandered in the woods since 9:30 that morning.

Included in the search party were members of the Michigan State Post at East Tawas and Arenac County Sheriff's Department officers.

Mr. Eggebrecht had been staying at a cabin at Point AuGres.
