## 'Dairy Month' Points Out Importance of Dairy Industry to Iosco County

During the past month the nation has been celebrating Dairy Month. The dairy operations shown above, one of Iosco County's important farming industries, were photographed at two of the high production farms in this area.—Tawas Herald Photos.

## Curry and Timreck Farms Examples of Good Dairy Practice

Thursday (today) is the last day of June, a month set aside each year for the observance of national Dairy Month. It is the month of ideal conditions for the production of milk, fresh pasture and fair weather.

The above photos were taken at the milking parlor of the Charles Timreck farm and on the Waldo L. Curry farm.

Mrs. Timreck and her daughter, Joan, are shown milking their cows in one of the most modern milking parlors in Northeastern Michigan, located on the Wilber Road just north of M-55.

The Holstein cows getting their noon-day "salad" are on the Curry farm, four miles west of Tawas City on M-55.

Marvin Davenport, Iosco County agent, said this week that recent figures from the Dairy Herd Improvement Association show that a top producing herd in Iosco County had each cow eating 1.63 tons of "salad" (silage), 1.42 tons of hay and cutting their own grass (pasture) a little more than six months each year. An average of \$123 per cow was the cost of the feed each year and each cow returned approximately \$275 to its owner. These figures are average for 10 top herds in the county.

These statistics, the county agent stated, do not point out the cost required of a dairyman to stay in business today. With the \$2,500 (and more depending on size) bulk tank cooler, the \$4,500 in tractors and the cost of producing crops, buying other tillage and harvesting equipment, today's successful dairyman must be a real businessman and manager. The dairyman must deal with disease, insect pestilence and crop failures.

These problems all rolled into one is the reason that today farming is known as the riskiest business in America.

## Jesse Hodder Post Elects New Officers

At its annual election of officers Monday night, Jesse Hodder Post, No. 129, American Legion, named James Dillon to succeed retiring post commander, Earl B. Davis.

Others elected to posts were Howard Hatton, first vice commander; Jack Bronson, second vice commander; Joseph Pellerin, adjutant; George Westcott, finance officer; Nelson Thornton and P. N. Thornton, co-historians; Delbert Albertson, chaplain; and George Baldwin, sergeant-at-arms.

Following the election, the new officers were installed by Judge H. Read Smith, installing officer. During Davis' term as commander, the local post received two citations for exceeding its quota in membership drives from the Michigan headquarters and the National Legion headquarters. The post's membership now numbers 108.

## New Officers Elected in 10th District

Annual election of officers was held at the 10th District meeting of the American Legion and Auxiliary last Sunday at West Branch.

Legion officers were elected as follows: Commander, Menzo Chapman; Blanchard, vice commander, Fred Marks; Pruden-ville; adjutant, Jack Hinkle; Midland; finance officer, Harold Gault; St. Helen; chaplain, Marion Chapman; Blanchard; sergeant-at-arms, Fico Benedict; Big Rapids; historian, George Keyes.

The 10th District auxiliary officers elected were: President, Dorothy Hughes, Bay City; first vice president, Dorothy Harmon, East Tawas; second vice president, Beatrice Wintrowd, Midland; treasurer, Gerry Hilbery, West Branch; historian, Helen Applin, East Tawas; chaplain, Lillian Kyser, Mt. Pleasant.

A beautiful memorial service given by the West Branch unit preceded the meetings at the Memorial Building Auditorium.

## City Hikes Water Rates; Start July 1

A 25 percent increase in water and sewer service rates in Tawas City will start on July 1. The increase in rates came about during a meeting of the Tawas City Water Board Monday night at the city hall.

Reason for the action by the water board this week was due to a recent study of rates which disclosed some inequalities in the consumer rates in the city.

A spokesman for the board said that these rates will be taken into consideration and adjusted.

The board authorized the hiring of Frank Chartier for work on the South US-23 sewer and water extension project, on an hourly wage basis. Chartier has been working at the Tawas City Park for the past several weeks with his dragline.

Work on the new extension is expected to start immediately. The sewer will cross US-23 at the Bay Drive station, and then run along the west side of the pavement with mains.

In other matters taken up during the meeting, the board discussed means of supplying the city park with sanitary sewer service.

## Month-Long Sale to End Saturday at Fuelgas

The month-long stock liquidation sale of Fuelgas Company, incorporated, salesroom at East Tawas will end this Saturday. It was announced this week by Edwin Habermehl, manager.

The company has lost its lease on the salesroom on Newman Street and recently received a building permit from the City of Tawas City to construct a new building south of the Karl Blubitz residence on US-23.

## Boat Races, Fireworks and Parade Feature July 4th Week-End Activities

Fourth of July week-end, traditional start of Michigan's vacation season, promises to provide a program filled with special activities in the Tawas area for visitors as well as local residents.

Tawas Chamber of Commerce secretary-manager, Richard Allen, stated Tuesday that the program this week-end would include sailboat races on Tawas Bay, the annual chamber of commerce sponsored fireworks display, Fourth of July parade and a band concert by the Tawas Area School Band.

The feature attraction in this year's program is the annual sailboat regatta on Tawas Bay. This event will attract sailors from yacht clubs throughout Michigan and summer visitors will have an excellent view of the entire course from the new Michigan Waterways Commission Dock at East Tawas or anywhere along the eastern shores of the bay.

A spectacular display of fireworks will feature the program Saturday evening. This event will take place at the Tawas City Park and will get underway at dusk.

Prior to the fireworks display, the Tawas Area Band will entertain with a concert at the Tawas City Park band stand. Director Edward Lima stated early this week that the annual concert will be highlighted by several marches and novelty numbers.

On July 4, final day in the big three-day celebration of the nation's independence observance, the chamber of commerce is sponsoring a parade through the business districts of the Tawas. The starting point in the line of march is the Federal Building at East Tawas and it will assemble at 10:00 a. m.

Thus far, the year resort owners have reported very good business since the big Memorial Day week-end. By early Saturday evening it is expected that most accommodations in the Tawas area will be filled with summer vacationers.

## TAWAS BAY REGATTA TO BE HELD JULY 3-4

Between 35 and 40 sailboats are expected to compete in the annual Fourth of July week-end regatta on Tawas Bay Sunday and Monday, July 3 and 4.

All comers are invited to participate in Class A, B, C, Lightnings, 110s, National and Class C sailing races. Clarence S. Everett, Tawas Bay Yacht Club commodore, announced.

Entries are expected from the Lagoon Beach Yacht Club, new Bay City Yacht Club, Saginaw Bay Yacht Club, Flint, Lake Pontchartrain and Detroit.

Practice races will be staged Saturday over the three-mile triangular course on Tawas Bay.

Races for points will be held at 10:00 a. m. and 2:00 p. m. Sunday, July 3, and at 10:00 a. m. Monday, July 4. Trophies will be awarded first three place winners in each class.

Skippers and guests will attend a picnic supper Saturday evening at the new TBYC clubhouse, Sunday evening a fish fry will be held at the same location. Coffee and doughnuts will be served skippers and crews of competing craft Sunday and Monday mornings.

## LaBerta and Favel Win at Whittemore

Edward LaBerta of AuGres and Earl Favel of Saginaw annexed the feature races at Whittemore Speedway last Saturday night. July 4th trophies will be awarded to the 15-lap road event while Favel topped entries in the 15-lap stock car event.

Heat race winners were: Favel, LaBerta, Joseph Compeau and Rex Zettle. Australian prize money was won by Donald Armstrong of Whittemore and Mitch Jankowski of Bay City.

Vic LaBerta of Standish supplied the biggest thrill of the night when he rolled over in the west turn. His car was demolished but he was not injured. Racing will again be staged at the Whittemore oval Saturday night. A special racing program will be held at 2:30 p. m. July 4. All entries will be accepted.

## Ruth's Dance Revue to be Held Here July 1

Ruth's Dance Revue will be staged at the Tawas City gymnasium on July 1. The show will feature dances, specialty numbers and vocal numbers by area youngsters. The program will start at 8:15. Admission for adults is 50 cents; children, 25 cents.

## Zip's Drive-In Opens for Summer Season

The opening this week-end of Zip's Drive-In on US-23 at the Tawas River Bridge was announced today. The drive-in restaurant will open for the summer season after being closed since early last fall.

## BANK SPONSORS 4-H CLUB DELEGATES

The 4-H Club week delegates and chaperone at Michigan State College this week include Judy Grabow, dress revue delegate from Whittemore and chaperone, Mrs. William Wickert of Tawas Homemakers Home Demonstration Group. Not present in the picture is Joyce Wellna of Tawas Township and Dewayne Durant of Grant Township.

These delegates are sent by the Peoples State Bank of East Tawas to represent Iosco County at

this annual state-wide affair. Housed in the beautiful Shaw dormitories, the members are a part of a 1,200 to 1,400 delegation from all over Michigan.

A dress revue will select a group of contestants for the State 4-H Club Show in August. Judy Grabow will be competing for a place in the State Show delegation.

Miss Esther Look is shown presenting the check to the delegates.

## Alabaster Wins Shut-Out from White Star

Alabaster continued its winning streak Sunday by shutting out White Star 6-0 and went into a tie with Pinconning for first place leadership in the American Division of the Northeastern Michigan League. The winners scored five runs in the second inning on three hits to settle the issue.

The Pinconning team was idle Sunday with an off day in league play, while Sterling lost to Tawas City. The Alabaster team's record now stands at four wins and one loss.

The Alabaster club was out-hit by White Star six to four, but the big second inning outbreak was enough to win.

Clare Herriman started on the mound for the winners and received credit for the win. He was aided by three fast double plays by his mates.

Alabaster's big effort in the second inning started when E. Erickson was hit by the pitcher. Grackic sacrificed and was safe on an error. Lepard ran for Grackic. Emington walked. J. Erickson flied out and E. Erickson scored. Tate was called out on strikes. P. Erickson walked to load the bases. Herriman doubled, Lepard, Emington and P. Erickson scored. Peterson doubled. McMurray singled and Herriman scored. Peterson was thrown out at the plate when he tried to score.

The final run came in the fourth inning for Alabaster with-out the benefit of a hit. This Sunday afternoon the two league-leading clubs, Pinconning and Alabaster, will meet on the Tawas County team's home field.

The new and enlarged parking lot in the city park was filled with cars bearing Ohio and Lower Michigan county license plates throughout the week-end as many motorists decorated and cleaned to ready the ship for business.

Open house at the new hotel was held last night (Wednesday) and Owner-Manager Charles Biebler said Wednesday afternoon that visitors would be welcome to board the ship Thursday night from 7:00 to 10:00.

"Since bringing the ship here a week ago Sunday we have been swamped with reservations for the summer months," stated Mr. Biebler earlier this week. "Negotiations are now underway for three big conventions this summer and we have already turned down two because of the time involved in getting the ship ready."

The hotel owner said that he expects to have the ship ready this week-end. "However, we still have a lot of work to do this summer," he added. The hotel owners are now getting bids for the painting of the outside hull and superstructure of the ship.

At present the dining room and coffee shop aboard the ship are being painted and redecorated. When completed, the dining room will seat approximately 165 persons and the coffee shop, 45.

## Tawas Defeats Sterling Team Last Sunday

Combining a 10-hit attack at the plate with fine relief pitching, the Tawas City Indians dropped league-leading Sterling 6-5 last Sunday on the Arenac County team's home field. This was the Indians' second win in a row, with a season record of three wins and two losses. Three games in the league schedule have been rained out.

The locals were paced in the big batting spree by Don Grady, who blasted a home run, double and a single in four trips to the plate. His eighth inning double scored the winning run.

After a shaky start on the mound in the third inning, when he filled the bases on walks with no one out, Grady was shifted to left field and Warner took over the mound duties. This move by Manager Olen Herriman proved to be a deciding factor in the game when the big left-handed batter made mincemeat out of the offerings from the Sterling pitchers.

Receiving credit for the win was Warner, who allowed five hits in five innings. After a two-run outbreak in the seventh inning by Sterling, Revord took over the pitching chores for Tawas, striking out the side in the eighth and retiring the ninth in the final frame with two men on base.

Losing pitcher for Sterling was Grant Mousseau, ex-Hale twirler, who relieved Sheppard in the sixth inning.

Tawas City was first to draw blood in the game when Grady led off the third inning with a single and then stole second base. Humphrey was safe at first on a fielder's choice, Grady advancing to third. Woody Herriman struck out and Humphrey stole second base, an unusual feat with ex-minor leaguer, Bob Proulx, behind the plate for Sterling. Jung was safe at first base after working the squeeze play. Grady scoring. Russ Anschuetz grounded out. Humphrey scored.

In the bottom half of the third, Sterling tied the score. Platen-zick, H. Koelsch and Converse all walked. Warner was called in to pitch and struck out the hard-hitting catcher, Proulx. Ken Koelsch singled scoring two runs. Tremble walked. Sheppard forced Koelsch at third base, Converse scoring. Doyle flied out to left field.

In the fourth inning when Grady blasted a home run with two out and the bases empty.

In the fifth inning the locals scored when R. Anschuetz singled with one man out. He reached on an error. Proulx, Koelsch, Anschuetz, Warner forced Wegner at second and Lorenz flied out.

Herald to Start New Department

A new column, The Resorter, will appear in The Tawas Herald in conjunction with the supply of copies of the newspaper to resort owners who will distribute them to their guests.

This new column will carry the names of guests, interesting incidents and special activities during their visit. The copy service has been operating for several summers, winning the approval of many cooperating resort owners. This new feature is being added to further stimulate the vacationer's interest.

Last week a number of letters were sent explaining the purpose of the copy service which is to acquaint the visitor with the area, inform him of the various activities and to give Herald advertisers additional coverage during the summer "boom" months; and to ask the cooperation of the resort owners in supplying the information to appear in this new column.

Replies have been received from two of the original supporters of this service, Joseph Allen and Val J. Fallu. Mr. Allen operates Northwest Shores, a resort overlooking beautiful Lake Huron; Mr. Fallu owns Val's Green Gables Resort.

Included with Mr. Fallu's letter expressing his approval of this new feature was a list of guests which bears out the popularity of his "family resort" located four miles north of East Tawas. Enjoying the facilities of Green Gables this week are the families of C. Jacobs, Arthur Dias, George Fieglie, Thomas Klose and C. Jacobson, all Detroiters, along with one Mayo Falls family of Dearborn and the Lauren Upp family of Toledo, Ohio.

At present the dining room and coffee shop aboard the ship are being painted and redecorated. When completed, the dining room will seat approximately 165 persons and the coffee shop, 45.

## Minard-Burt

The East Tawas Methodist Church was the scene of a beautiful wedding last Saturday afternoon at 4 o'clock when marriage vows were exchanged by Miss Vida Burt, daughter of Mr. and Mrs. Ralph Burt of East Tawas, and James Edward Minard. The Rev. Benjamin Whaley performed the double ring ceremony before an altar with candlelight and floral decorations of white gladioli, larkspur and palms. About 250 guests were in attendance.

Music was furnished by the Methodist choir with Miss Beth Blake at the organ.

The bride, given in marriage by her father, was gownned in white satin styled with an angel lace redingote and trimmed with a scalloped edging. Her embroidered illusion veil was secured with a lace headress. She carried a white Bible topped with a white orchid.

Mrs. Rolland Davis was matron of honor and bridesmaids were Mrs. Richard Moss, Betty Anderson, Charlene McCall and Barbara Burt. All the attendants wore candy mint waltz length gowns trimmed with pleated necklines and back panels trimmed with ribbon bows. They carried colonial bouquets of pink rosebuds.

Sfc Lawrence Skiver was best man and seating the guests were Richard Moss, Jack Burt, Gale Wojahn and Peter Stoll.

A reception was held in the church parlors following the ceremony.

The bride's mother wore a navy lace gown with white accessories. Her corsage was fashioned of pink rosebuds.

The couple will reside at 500 West Franklin Street, East Tawas.

The Federal Reserve Board has reported that a record for factory production was set in May.

Mr. and Mrs. Addison Featheringill Jr. of Belleville spent the week-end with her parents, Mr. and Mrs. Fred Pfahl, and attended the wedding of her cousin, Vida Burt.

Quite a number from here attended the Earl-Dorsey wedding at the Whittemore Methodist Church last Saturday evening.

Mr. and Mrs. William Mulreid of Ann Arbor, Mr. and Mrs. Bruce Burt and girls of Detroit, Mr. and Mrs. John Burt Jr. and girls of Saginaw spent the week-end here with their father, John Burt Sr., and attended the wedding of Vida Burt.

Leslie Pfahl is home on a 30-day furlough from Texas visiting his parents, Mr. and Mrs. Fred Pfahl.

Mr. and Mrs. William Smith Jr. and daughter of Detroit spent Sunday afternoon with Mrs. Clara Smith and Harvey McIvor.

Mr. and Mrs. Roger Whitford of Tawas City are the proud parents of a baby girl born at Tawas Hospital.

Mr. and Mrs. Marshall Warren of Grand Blanc spent the week-end with Mr. and Mrs. William Herriman and attended the wedding of Vida Burt.

Mr. and Mrs. Elwood Herriman are the proud parents of a baby boy born at Tawas Hospital.

Mr. Frank Turner and son of Flint spent Monday with Mr. and Mrs. William Herriman.

Men are working on the Sand Lake Road, getting it ready for black-top. This will be a great improvement to the road.

William Brown of Tawas City and Paul Brown called on Mrs. Clara Smith and Harvey McIvor recently.

Ronald McIvor is spending two weeks in West Virginia with friends from Sterling.

Miss Doris Herriman is employed at Pine Crest Restaurant on the Sand Lake Road.

Nobody likes to see American boys go into the army for a two-year stretch, in time of peace, but that is better than seeing an army of occupation in this country for the same length of time.

In recent talks and farm visits interest on controlling weeds, brush and insects has run high. Poison ivy has created the greatest attention, especially along the lake shore.

I believe that one of the biggest problems folks have in identifying the stuff. It has three personalities: It appears as a climbing plant on fence posts, into trees and even on shrubs; it appears as a short, upright plant four to 12 inches tall or as a trailing vine 2-3 feet long. In every case it produces long stalked leaves that are divided into three parts. In early summer, clusters of greenish-white flowers are produced and later, clusters of green berries about the size and texture of shelled peas can be seen on older ivy plants. The leaves are smooth and glossy at all times. Young leaves sometimes look reddish, but by now are dark green turning a bright yellow, orange or red this fall.

How can you get rid of the stuff? Not so hard if you will follow directions very closely.

Best results from chemical control are obtained when the compound is applied by means of a pressure sprayer (knapsack, barrel or power sprayer). Sprays should be applied now.

Some foliage sprays that are recommended include ammonium sulfate (ammonia) at the rate of one pound of the dry chemical in

one gallon of water. This amount will treat from 100 to 500 square feet of growth. Get good coverage of the ivy plant. This solution is not poisonous to animal life and does not present a fire hazard. Grasses will be stunted, but usually recover. All woody plants hit by the spray may be killed.

A second chemical killer is made up of a combination of 2-4-D and 2-4-5. T. It is commonly called a brush "killer." The ester form mixed in kerosene or fuel oil, give excellent control of ivy when applied to the exposed stems. This oil solution should not be used as a foliage spray.

One quart of the chemical in 10 gallons of oil applied so that all sides of the stems are wet will give the best results.

Here is a treatment that will kill the poison ivy and all vegetation for a period of two to four years. It is called CMU and should be used at the rate of one-quarter pound of CMU in one gallon of water. That will treat about 275 square feet.

A word of caution—treat all of these as you would a deadly weapon! Read the manufacturer's directions and follow them to the letter.

If you want any further help, let us know.

Another major problem that has been coming up is the control of mosquitoes around buildings. Here are our recommendations to control mosquitoes. Keep the grass cut around the buildings, especially the home or cottage. Mosquitoes hide during the day in such a place. Use either a five percent DDT dust or a spray of this same insecticide to treat shrubbery. The spray is made from 50 percent wettable DDT using 1 1/2 to four pounds in 100 gallons of water (This amounts to 1 1/4 to four level tablespoons in one gallon of water.)

Use the larger amounts only when the lesser amounts fail to control the mosquitoes satisfactorily. Sprays are usually better than dusts on privet, delphinium or bleeding heart.

For controlling flies, to treat the outside walls, use 10 pounds of 25 percent wettable lindane powder per 100 gallons of water or 40 pounds of 50 percent wettable DDT powder per 100 gallons.

As is the case with all insecticides take time to read manufacturers directions very carefully even before purchasing. Caution in its use is most important.

Just a little common sense can help in Michigan's fight against brucellosis.

Brucellosis germs are dangerous, because there are so many of them.

Dr. Glen Reed, Michigan State extension veterinarian, indicates there are five to 15 million organisms in one drop of fetal fluid from an infected pregnant cow. Most of the germs are in the genital tract of the infected animal, with some in the udder.

An infected cow in heat can

transmit brucellosis by a switch of the tail to the person milking her.

The disease can be transmitted to other animals by a fork that is used for both cleaning the gutter and feeding cattle.

Sometimes it can be transmitted to cows that drink from muddy water that has drained from an infected manure pile.

And, sometimes milk from an infected cow will transmit brucellosis to humans if the milk is not pasteurized.

It's the new kind of hardtop—The 4-Door Riviera!

You drop the side windows down on this airy beauty of a Buick with the solid steel roof—and it's as wide open as a Convertible, with no center posts to mar your view. That's what makes it a hardtop.

But what makes it a very special kind of hardtop is the fact that it has four doors instead of two.

Cheers? Brother!—they're really rolling out for Buick's 4-Door Riviera!

Now, you see, you can have the tremendously popular styling of a true hardtop combined with the room, comfort and full convenience of a 4-door Sedan.

And it took a completely new kind of body design to come up with this marvel—a new kind of body built to wholly new structural principles.

So it looks like Buick's done it again—

because the 4-Door Riviera is a sweeping sensation across the nation.

It's rolling off the assembly lines in volume numbers to meet the demand—in the high-powered CENTURY Series, and in the bedrock-priced SPECIAL Series, illustrated here.

And each one is all Buick—with record-high V8 power, the level steadiness of all-coil-springing, the extra roominess of a full-size Buick Sedan—and, most certainly, with the instantaneous getaway response and bettered gas mileage of Buick's spectacular new Variable Pitch Dynaflo.\*

Come in for a look at the brand-new kind of hardtop—the 4-Door Riviera. You'll find it priced at the modest extra cost of a 4-door model over a 2-door model—and a buy too thrilling to pass up.

\*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

## Let's Save Some Lives

As we all know, there are more than 30,000 persons killed in motor vehicle accidents in this country every year. The American public, and that includes all of us, has been strangely apathetic over this terrible death toll on our highways.

We all seem to take it for granted that motor vehicles and dead pedestrians go together and even if, at times, the occupants of the automobiles get killed, the accident is usually termed "unavoidable."

With the Fourth of July week-end in the offing, it is certainly time to warn drivers of motor vehicles of all kinds to be particularly careful. Let's not permit this celebration to end in a carnage of death for hundreds of people. The oft-repeated warning, "If you must drink, don't drive, is certainly applicable at this time.

Be extra careful — remember — the life you save may be your own!

### Christian Science

How understanding of the Ten Commandments brings freedom from fear and limitation will be brought out at Christian Science services Sunday.

Keynoting the lesson-sermon entitled "God" is the Golden Text from Psalms (77:13): "Thy way, O God, is in the sanctuary; who is so great a God as our God?" Scriptural readings will include the following words of Moses (Deut. 6:4,5): "Hear, O Israel: The Lord our God is one Lord: And thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might."

Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (200:4): "Moses advanced a nation to the worship of God in Spirit instead of matter, and illustrated the grand human capacities of being bestowed by immortal Mind."

We don't know what it is about a \$20 bill nowadays, but you can't get any wear out of it.—Milwaukee Journal.

July 9-13—Hardwood Lake 4-H Club Camp dates.  
Sunday, July 17—4-H Club family picnic at Corsair Park.

Have you sent in your camp reservations yet? They are due in our office by Friday, July 1.

Camp this year is scheduled at Hardwood Lake. Saturday through Monday, July 9-11, is for juniors and July 11 through 13 (Monday through Wednesday) is for seniors.

If you have completed one project and or be starting a second, been attending project and community meetings and taking a part in activities in a manner satisfactory to your leaders, you are eligible to attend.

Send your application in to the Cooperative Extension Service of Tawas with \$2.00.

You will pay the balance of \$4.00 when you enter camp.  
Other counties participating in the camp have indicated a heavy flow of girl's application. Better check to see if yours has been sent in.

On Friday, July 8, we are scheduling a blood sampling tour to test those cattle for Brucellosis that are going to the Iosco County Fair, July 27-30.

All breeding cattle over one year of age that haven't been vaccinated must be blood tested. Vaccinated calves need only the slip to show they were vaccinated within one year of the fair.

If you want us to visit your farm and blood test your cattle, let us know immediately. Check with your 4-H Club leader about it, too.

Mr. and Mrs. Myrton Curry of Seattle, Washington, visited his uncle, Waldo I. Curry, and other relatives and friends for a few days the past week.

Herbert Miller of Wheeling,

West Virginia, visited relatives here for a few days. Upon his return home he was accompanied by his mother, Mrs. Elizabeth Miller, who will spend some time with the Miller family.

Gerald Curry of Detroit is visiting his grandparents, Mr. and Mrs. John Rapp of the Meadow Road, for the summer.

James McArdle of the Meadow Road, who was a patient at Tawas Hospital, returned home much improved in health.

Several relatives and friends met at the home of Mrs. Edgar Youngs Wednesday evening to help Mrs. Youngs celebrate her birthday.

Kirk Wendt of Tawas City spent a week with his grandmother, Mrs. Louise McArdle, where she attended Vacation Bible School.

July 19-22—Homemakers' Conference, Michigan State College.

It's a known fact that homemakers are constantly seeking information which will make their family living more satisfying. So, Michigan homemakers are circling the days July 19 to 22 on their calendars. That's when the 28th Annual Homemakers' Conference will be held this year at Michigan State College in East Lansing.

The conference theme is "Today's Challenge to Homemakers." Every Michigan homemaker is invited to attend and hear discussed such topics as these: "The Challenge to America" by Edwin Kemmerer, special agent of the Federal Bureau of Investigation, and "For Every Problem There's an Answer" by Dr. Cleo Dawson, popular psychologist.

If you are a homemaker and you are going, you can enroll in any one of the 19 different classes and attend that class for three sessions during the conference. If you can attend only one day, there will be a special class for you on Wednesday and Thursday, July 20 and 21.

Remember to go to Michigan Homemakers' Conference at Michigan State on July 19 to 22. Plan now so you can attend.

A light dessert is the best choice for summer, in order to avoid that uncomfortable over-stuffed feeling. Fresh chilled fruit in season can be tempting, and cracker and cheese lovers like to combine these with fruit.

When you have pudding in mind, prepare it early in the day, and at meal time why don't you try a topping of fruit, canned or fresh, shaved chocolate, or a spoonful of bright jelly. Home-made sundaes and parfaits delight the children.

Many families like chilled fruit cocktail over a scoop of sherbet.

Two other favorites are fresh or frozen fruit ice cream or parfaits, and melon wedges.

Fruit punch is a certain remedy when the crowd begins to wilt. Have you tried gingerale in yours?

The electric mixer whips up tasty milk shakes, and ice cream blended with soft drinks in the mixer is delicious, such as gingerale, ice cream and chocolate syrup in combination. Crushed pineapple is refreshing used in the same way with ice cream and gingerale, topped with whipped cream and a spear or two of fresh pineapple. Then settle back for compliments.

Ice cubes made of frozen juices with a sprig of mint and a maraschino cherry frozen inside, flavor an otherwise ordinary glass of ice tea or gingerale. It adds color, too.

Milk does have a place in the

reducing diet, because it makes valuable contributions of protein, minerals and vitamins for the calories it carries.

If skim milk or buttermilk are used to keep calories low, vitamin A, lost when the cream is removed, can be supplied by other foods, such as leafy green vegetables.

Are you planning a picnic for the Fourth of July? Would you like to avoid limp, soggy sandwiches?

Why not follow the suggestion of Miss Eleanor Ragon of the foods and nutrition department, Michigan State College, by taking an assortment of sandwich spreads, fillings, bread and rolls so that the sandwiches may be made to suit each person. Most sandwiches are better when they are assembled at the picnic rather than when prepared at home.

Bread may be buttered at home. Be sure to take the sandwich trimmings. Trimmings like pickles, relish, mustard, chili sauce and lettuce wrapped separately in waxed paper.

When making prepared sandwiches for a hike, butter both pieces of bread. This will keep the filling from soaking the bread. Sweet filling and protein filling should be used for sandwiches. Wrap sandwiches with wax paper or clear plastic wrap paper to prevent drying out.

To keep bananas from turning dark, dip slices into fresh or canned lime, grapefruit, orange, lemon or pineapple juice.

"They surround, but do not bind." This is the way people who have worn "stretch" yarn hosiery, socks and undergarments describe them.

When the first stretch yarn hosiery came on the market several years ago, it was heavy, warm and more expensive. Since then the manufacturers have made the sheer 15 denier, 60 gauge hose which are quite comparable in price to other stockings.

Much of the "stretch" hosiery is made from helanca yarn. These nylon yarns are set in a coiled form by heat so that the coils remain permanent. Due to these twists or crimps in the yarn, the garments made from it have much "give." Hosiery clings to the legs and does not snag easily. And gloves made from helanca, fit snugly on any size hand; they are cool and easy to launder.

## Burleigh Notes

Jack Bellow of Flint spent the week-end at the home of his parents here. St. James took a load of cattle to Standish Friday.

The farmers are busy with their haying which is a fairly good crop here.

A. B. Schneider was at Tawas City and Au Gres on business Monday.

Mrs. Eva St. James, accompanied by her daughter, Mrs. William Bamberger of Sherman, was at Bay City Thursday.

Frances Hahn of Turner was here on business Friday.

Mr. and Mrs. Joseph Parent of Bay City visited with relatives here and at Rose City last week.

A number from here attended the card party at Turner Sunday evening.

Mr. and Mrs. Joseph Jaglin were at Prescott on Friday.

Frank Bernard of Prescott was a caller here Sunday.

## Only Two Names on Plainfield School Ballot

Plainfield Township Rural Agricultural School at Hale faces an unusual election with three board of education vacancies, and petitions filed for only two candidates.

Candidates having filed petitions are incumbents Clarence Brindley for a three-year term and Fred Fislter for a one-year term, leaving the three-year term vacated by Ernest Herzog to be filled by the person receiving the largest number of write-in votes on the ballots cast at the annual election on Monday, July 11, at the school house.

Polls will be open at 10:00 a. m. and will remain open until 8:00 p. m.

The annual school meeting of the district will be held at the high school at 8:00 p. m. the same evening, July 11.

## FEDERAL SAVING

The Hoover Commission has laid down a program of budgetary and accounting reform which it maintains will provide the opportunity for saving \$4,000,000,000 a year in federal spending. The commission recommends the establishment of an office of accounting in the budget bureau to get a closer control on spending.

## FEDERAL REAL ESTATE

Calling for an end to "waste and decentralization" in government real estate management, the Hoover Commission reported that the government had a \$40,800,000 investment in 63,200,000 acres, over and above nearly 800,000 acres in the public domain.

## With Our SERVICEMEN

Army Pvt. Leon L. Bielusiak, 20, son of Mr. and Mrs. Joseph Bielusiak, Oscoda, recently was graduated from the general equipment repair course at the Quartermaster School, Fort Lee, Virginia.

In the 14-week course, he was trained to install, adjust and maintain a variety of quarter-master machinery and mechanical equipment. Such equipment included internal combustion engines, mobile laundry, bakery and field bath unit equipment, petroleum equipment, and smoke generator equipment.

Private Bielusiak was employed by the Ford Motor Company, Detroit, in civilian life.

Army Cpl. Arthur Roemer, 20, son of Mr. and Mrs. Richard Roemer, Route Two, Tawas City, is a member of the First Infantry Division in Germany.

The "Big Red 1" division, in Europe since the Allied invasion of the continent in World War II, is now engaged in intensive training including realistic field problems and maneuvers.

Roemer, a jeep driver in Headquarters and Service Company of the division's 63rd Tank Battalion, entered the army in August 1952 and completed basic training at Fort Knox, Kentucky.

He attended Tawas City High School.

Franklin D. Smutek of Oscoda is the only man to be inducted from Iosco County in July. He will leave July 5.

Howard Lyle Warner of Tawas City, volunteer, will leave for his physical examination on July 11.

Effective at once the office hours for Local Board No. 36, East Tawas, are from 12:30 to 4:30 p. m., Monday through Friday each week.

Mrs. Alice R. Dimmick, clerk, leaves Friday for a week-end conference of Michigan Selective Service clerks at the Kellogg Center, East Lansing.

Pvt. Harold M. Attwell, 19, son of Charles Attwell, Route Two,

Hale, is scheduled to be sent to Europe in July as part of Operation Gyroscope, the army's new unit rotation plan.

Private Attwell's unit, the 10th Infantry Division, is the first division to move under Gyroscope plan. It will replace the First Infantry Division which will return to the United States.

A driver in Company B of the division's 41st Engineer Battalion, he entered the army last January and completed basic training at Fort Riley, Kansas.

Attwell is a 1953 graduate of Hale high school.

Chief Engineman Niles C. Anderson, recruiter in charge of United States Navy recruiting service, Saginaw, announced today that due to the increase in navy recruiting personnel assigned to this area, it has become possible to visit and open offices at East Tawas. The new office will be located at the Federal

Building, Room 314. It will be open on Monday and Wednesday through Friday, 10:00 a. m. to 4:30 p. m.

Your navy recruiter can promise all high school graduates who meet all the requirements a school immediately after navy recruit training. All young men are invited to check with the navy recruiter and see what he has to offer.

## Plainfield Herd Classified by National Cattle Club

Muriel Graves and Henry and Karl Luitje, Plainfield Guernsey Farm, Hale, have recently had their Guernsey herd classified for type by L. O. Colebank, Knoxville, Tennessee, official classifier for the American Guernsey Cattle Club.

These animals were included in the 1,265 head classified recently in the largest single classification schedule ever conducted by the American Guernsey Cattle Club.

This schedule included 53 herds in Illinois, Indiana, Michigan and Ohio.

A complete analysis of the herd for type was prepared for these people. This shows that of their 18 classified, one was rated excellent; seven, very good; eight, desirable, and two, acceptable.

Results of this work tell the breeders the strong and weak points in the conformation of his herd. By selecting the better cows and breeding them to sires that transmit good conformation, herd type can be improved.

Five daughters of Cowham Farm Maxine Dawn were classified. Two rated very good; two, desirable, and one, acceptable. Three daughters of Plainfield F. Archie were classified. One rated very good and two, desirable.

The report of this official classification has been sent to the national office of the American Guernsey Cattle Club in Peterborough, New Hampshire, for approval and publication.

See that fine fat mountain yonder?

You can iron it out, flat as a flounder . . . and easy as whistling!

Just point one of Chevrolet's special hill-flatteners at it (either the 162-h.p. "Turbo-Fire V8" or the 180-h.p. "Super Turbo-Fire") . . . and pull the trigger!

Barr-r-r-r-o-o-o-OOM!

Mister, you got you a flat mountain!

... At least it *feels* flat. For these Chevrolet V8's gobble up the toughest grades you can ladle out. And holler for more. They love to climb, because that's just about the only time the throttle ever comes near the floorboard.

And that's a pity. For here are engines that sing as sweetly as a dynamo . . . built to pour out a torrent of pure, vibrationless power. Big-bore V8's with the shortest stroke in the industry, designed to gulp huge breaths of fresh air and transmute it into blazing acceleration.

So most of the time they loaf. Even at the speed limit they just dream along, light and easy as a zephyr, purring out an effortless fraction of their strength.

An engineer instantly understands why these V8's are so hyper-efficient . . . how friction is held so low they need just four quarts of oil instead of the usual five or more . . . how big valves let them "breathe" deeply for maximum power.

But you don't have to be an engineer to know that these are the sweetest running V8's you ever piloted. Just come in, slip behind the wheel, and point the nose at the nearest hill. These V8's can do their own talking . . . and nobody argues with them!

\*Optional at extra cost.

## NO REASON TO BY-PASS MACKINAW CITY

The Mackinac Bridge is not entirely a bed of roses for the citizens of Mackinaw City, according to Kenneth C. Teyson, chamber of commerce official. He said because of the magnitude of constructing the Mackinac Bridge rumors have flown thick and fast that most of Mackinaw City's tourist accommodations have been taken up by the bridge workers. For this reason tourists are by-passing the city.

Actually, less than 50 of the employees on the bridge live on the Mackinaw City side and 35 of

these live in Cheboygan in their own homes and apartments. None are using tourist facilities. In Mackinaw City there is room for 3,072 tourists in seven hotels, 60 motels and various private homes.

### GROOM 75; BRIDE 15

Count Aubrey William Tealdi, 75, of Lucca, Italy, recently married Princess Lidia Marie Antonia Caracciolo di Tolello, who will not be 15 until July 25. The marriage unites two of Italy's oldest families.

A survey found a sharp drop in recent years in the percentage of high school students enrolled in mathematics and science.

## Indies Win

(Continued from Page One.)

Sterling tied the game in the seventh inning when H. Koelsch was safe on an error after the lead-off man struck out. Mousseau doubled and Koelsch scored. Proulx walked and Mousseau scored on an error. Koelsch and Tremble both fled out to left field.

Tawas City pushed the winning run over the plate in the eighth inning when Manager Herriman was safe at first base on a fielding error. He reached second base on another error and Grady sent him home with a double.

During the nine innings of play, Sterling's effort was marred by five fielding errors. Tawas City committed two errors and turned in one double play.

This Sunday afternoon the Indies have an open date. They go into action again on July 10 when the second half of the season starts at Wurtsmith Air Force Base. On Monday, July 4, the Northeastern Michigan League All-Star game will be played at Sterling.

Teen-Agers Arrested on Break-In Complaint

Two teen-age boys were arrested by Michigan State Police and sheriff's department officers for the recent breaking and entering of a home on the Bissette Road, Oscoda. The youths were turned over to their parents.

Mrs. L. W. Marlin told police officers that on June 24 she noted the theft of a purse and her husband's watch after returning to her home in the evening.

During a routine investigation one of the minors was apprehended by Deputy Kenneth Kennedy of the sheriff's department and Trooper Walter Wiedbrauk. After questioning the youth he admitted to the theft and implicated the other youth.

The youths later admitted to breaking into three other cottages in the Oscoda area. Police said that nothing had been stolen from these homes.

## Farewell Party Given for Methodist Minister

A farewell dinner was given by members of the East Tawas Methodist Church on Monday evening for the Rev. Benjamin Whaley and his family who are moving to Bay City.

After the dinner the family was presented with a beautiful radio from the congregation. The presentation was made by G. A. Polard. Remarks were given by Mr. Whaley. Community singing led by Frank Humberger was part of the evening's program. Talks were given by several members of the WSCS, the board and other departments of the church.

Mr. Whaley, who has been here for four years, has been transferred to the Fremont Avenue Methodist Church in Bay City. The family is leaving Thursday of this week. He filled the pulpit at the Fremont Methodist Church last Sunday.

## Police Investigate Theft at Holland Hotel

The theft of \$301.00 from a cash box at the Holland Hotel was reported to Isco County Sheriff Ivan L. O'Farrell by John Pinter, hotel owner.

Pinter told police officers that the theft occurred some time after midnight, Monday, June 20. The sheriff's department and Michigan State Police officers are investigating.

## Prentiss Brown Speaker at Progress Conference

An organizing committee for the area coordinating effort needed to deal with the economic problems of the Northern Lower Peninsula was selected Friday at the Area Progress Conference in Cadillac.

The committee, headed by A. E. Steinbrecher of Boyne City, will meet July 13 at Grayling to discuss how best to promote cooperation in 28 counties south of the Straits and north of the Muskegon-Bay City line. Mr. Steinbrecher is manager of Northern Michigan Electric Cooperative, Incorporated.

Others in the committee are Frank Catto, secretary of the Alpena Chamber of Commerce; A. R. Jacobs, member of the Traverse City commission, Norman Lyons, secretary, Mt. Pleasant Chamber of Commerce; Albert Roberts, mayor of Grayling; Marshall Sayles, publisher of the East Jordan Herald; and Dwight Wood of East Tawas, manager of the Aus-Coda Development Corporation of Oscoda.

The Friday gathering heard former United States Senator Prentiss M. Brown discuss the opportunities which would result from the completion of the Mackinac Straits Bridge. Dan Gerber of Fremont, chairman of the Michigan Economic Development Commission, was in charge of the conference, and Wesley Banker of Battle Creek, general manager of Post Cereals, presided over a discussion of the recommendations.

The area coordinating effort was the principal recommendation of a series of eight outlined by Don C. Weeks, director of the Michigan Economic Development Department.

The recommendations were part of an economic study made by the Northern Lower Peninsula Advisory Board of the Michigan Development Commission. C. A. Pinkerton, president of the Detroit and Mackinac Railway, Tawas City, is chairman of the board.

To develop the region sufficiently, the report recommended that:

1) Additional capital be brought in from surplus capital areas. This can be used to finance construction of new industries and homes.

2) Transportation be improved.

Air service should be expanded.

## Agricultural Potential

6) The agricultural potential be developed. Possibilities exist for the growing of small fruits and vegetables, alfalfa for winter feeding of cattle and seed potatoes. Opportunities also exist in poultry and beef cattle raising.

7) Plans be made for a more productive use of land. The counties and communities should take inventory of their land and evaluate it for future potentialities, whether for industry, tourist or agricultural use.

8) A public relations program be inaugurated. This program must not only sell the area to the nation but to the residents of the area as well.

9) The once popular cruiser steamer remembered in Detroit and other Great Lakes port cities as Tawas City nearly two weeks ago by tug, John N. Roen III. The ship's engines were not operating, but one boiler was fired and a generator in use for the steering gear.
