Tawas Area Meeting Brings Out Dissenting Views on Controversial School Site Issue

Board Member Niles Offers Site Solution

A choice—the agreement of the entire board, Citizens' Committee for Better Schools, Committee for a School to give 100 percent support to the survey findings of Dr. Donald Leu, school planning consultant of Michigan State College and Columbia University, or he would cast his vote for the resubmitting of the \$375,000 bond issue, authorizing construction of the school on the property now owned by the district in Tawas City according to the wishes of the people of Alabaster-Whitney zone whom he represents on the board, was the stand of Walter Niles at the Tuesday night meeting of the Tawas Area Board of Education. The meeting held at the East Tawas school building, was attended by a large group of interested citizens and members of the board except Trustee Stewart White, who is on vacation.

Following the reading of correspondence, including a letter from H. E. Beyster and Associates, architects, reaffirming the firm's previous statement that the Neumann-Reinke site in Tawas Township was the best site for construction of the proposed school, President Randall Fox called on members of the board to express their opinion of the site controversy. Niles, the first board member called upon, stated that he had canvassed the entire district, reviewed the consolidation plans and personally felt the district should get together and back the Neumann-Reinke site. He also asked that the board recess after the other members of the board had stated their views to discuss an important letter.

Waldo Curry, trustee from the Tawas-Grant zone, informed the board that the people of his section of the district favored the resubmitting of the \$375,000 bond issue for construction of the school on the Tawas City site because of lower taxes. Mr. Curry upheld the board's original choice of the Neumann-Reinke site as the best site for construction of the school.

"I was elected by the people to do justice to all," stated Trustee William Look, representing East Tawas. Mr. Look contended that the people of voting precinct No. 1 (East Tawas and part of Baldwin Township) should have a chance to vote on the fairgrounds site.

President Fox gave the opinion of Trustee Stewart White of the Baldwin-Wilber zone, who was in sympathy with the Neumann-Reinke site, but because the other sites had been voted on, would like to see the fairgrounds given a chance.

In presenting his conclusions, President Fox of Tawas City said that voting precinct No. 1 had been against any propositions to date while the other three precincts have voted yes. He reviewed the previous school proposals and the reasons for their defeat, stating that because of the strong 49 percent vote for the construction of the school on the Tawas City site and the fact that people are becoming more tax conscious, he favored resubmitting the Tawas City site proposal. He felt that the Citizens' Committee for Better Schools' election propaganda that taxes would be doubled and the Kinnane letters threatening that East Tawas would withdraw from the district were important factors in defeating the \$375,000 bond issue.

The board recessed while Mr. Niles read a letter from H. E. Beyster and Associates, the architectural firm which has drawn plans for the proposed school, suggesting that Dr. Leu, school planning consultant from Michigan State College and Columbia University, come into the district, make a survey of its needs, sites and financial limitations, interview conflicting groups and submit his views of how to go on record 100 percent to support whatever findings Dr. Leu presented. The cooperation of the newspapers in this plan was also requested. Niles further clarified his stand by stating that unless this plan could have his support, he would follow the request of the people of his zone.

When the board reconvened, Niles gave his approval of such a survey with the qualification that the entire board, Citizens' Committee for Better Schools, Committee for a School would have to go on record 100 percent to support whatever findings Dr. Leu presented. The cooperation of the newspapers in this plan was also requested. Niles further clarified his stand by stating that unless this plan could have his support, he would follow the request of the people of his zone.

IT'S SPRING AGAIN . . . ?

Harbingers of spring—kites and lambs. In the top photo, John Brugger Jr. of Tawas City puts his kite up in the air by using a little footwork. In the bottom photo, Willard Watts, 9, of the Hemlock Road becomes acquainted with a new lamb on his father's farm. Will March goes out like a "lamb"—Tawas Herald Photo.

Last Monday, March 21, the calendar hailed the coming of spring . . . the time of year which, in words, turns a young man's fancy . . . or the season that inspires the poet to turn out his best.

But in Michigan, the first day of "gentle" spring meant just another day of cold weather, rain, high winds and all of the little tricks Old Man Winter could muster before leaving for other parts.

On Monday night a heavy downpour threatened to wash-out several spots of roadway along M-55, requiring hurry-up repair jobs by Iosco County Road Commission to prevent further damage. Added to the commission's troubles was a frost bulge in the black-topped portion of M-55 near the home of John Katterman.

On Tuesday morning this region caught the tail end of a high windstorm which caused considerable damage in the downtown area. Several television antennas were blown down in this community and more than a few homeowners were estimating the cost of patching the roof of their homes when the blow was over.

But on Wednesday the weatherman predicted that the entire state would be covered with snow . . . the department was correct. Several inches of snow fell during the day, turning the North country into a "Fairytale" once more.

The "typical spring pictures" on this page were snapped by the Herald photographer last Sunday, the day before the arrival of spring.

Borrowing a few words from the poet, Thomson: "Come, gentle spring, ethereal mildness, come; and from the bosom of yon dropping cloud, while music wakes around, veiled in a shower of shadowing roses, on your plaiis descend . . ." Ah, wonderful spring!

Pheasant Population Fares Well on Feeding Program

According to a report from the Iosco Sportsmen's Club, Iosco County's pheasant population has fared very well this winter on a diet of whole corn placed out by members of the club and a large number of Iosco farmers, who left corn in the fields last fall.

Conservation Officer Arthur Leitz reported that 20 bushels of corn had been distributed to 14 sportsmen for pheasant feeding purposes. Officer Leitz listed the following persons in the feeding project: Temple Tait, Patrick Murphy, Ernest Nash, Joseph Dimmick, Patrick Mulholland, William Gackstetter, A. G. Leitz, Donald Ledsworth, Albert Howlson, John Zaharias, Otto Kobs, James Hamilton, Ewing Dawes and Everett Harrod.

The latter has fed more than 40 pheasants all winter and has purchased feed for the birds other than what the club furnished. Leitz said that Russell Alda and son, Robert, also had fed approximately 40 pheasants during the winter months.

Leitz said that farmers who left corn standing in the field last fall helped greatly in the feeding project.

Child Injured in Auto Accident on US-23

The six-year-old son of Michael Pinter, Torry, of East Tawas was struck by a pick-up truck at the intersection of US-23 and Newman Street in East Tawas last Thursday afternoon. The youngster was treated at the Tawas Hospital for injuries.

The driver of the truck, Sanford L. Richardson of Kobs Road, Tawas City, told investigating officers that after passing the intersection, the boy ran out in front of him and he struck the boy with the left fender of his truck.

Witnesses told police officers that the driver could not have seen the boy in time to have stopped, due to another car which was in the center lane and headed east at the time.

Learn Facts About FHA Loans Tonight

A public meeting will be held at the Masonic Temple in Tawas City tonight (Thursday) for persons interested in FHA loans and GI financing on new homes. The meeting, sponsored by the Northern Construction Company of East Tawas, will start at 7:30 p. m.

Henry Kane of Flint spent Saturday and Sunday with his father, Charles Kane.

Gives Talk on Government to Senior Class

County Clerk George A. Prescott Thursday in a talk to the senior government class of the Tawas Area School hit the general low salaries paid teachers and also challenged members of that class to a spell down against their parents.

"Your mothers and fathers can outspell most of you today," Prescott said. "The old fashioned spelling bee is out-dated. Not too long ago it was quite a matter of pride to stay on your feet until the very end!"

Prescott stressed the continued importance of spelling stating that very often if a student is unable to spell a word he doesn't know its meaning. In college he said it becomes doubly important for then one must read with great speed to keep up with assignments. "The hesitant reader that reads with definite eye stops instead of by phrases will be lost," he stated.

Clerk Prescott also informed the class that he thought teachers' salaries were too low generally. "There is a definite shortage of good instructors," he said. "They are probably available but are not attracted by the current wage rate. They have a tremendous investment in their education and training and take other positions in industry for more money. With the tremendous increase in school membership today, I believe that our best investment as parents would be a salary that would interest them more in their work and also attract future students into the teaching profession."

Prescott discussed the bill of rights briefly and the building of the constitution. He also explained court procedure and invited the class to attend Judge Dehnke's court at any time. "The judge is always glad to have students visit his court and he always takes time to speak to them."

A question and answer period followed Prescott's talk and some lively discussions took place. Answering a question on juvenile delinquency Prescott stated that he didn't believe there was a great increase in such cases in proportion to the tremendous increase in population. "Kids aren't much different with but one exception," he said. "They simply can't sit still anymore and they often paralyze."

New Street Signs Here

The new metal street marking signs, which the Tawas City Council recently approved, arrived here this week. Superintendent of Public Works Reginald B. Bublitz said Monday that the signs would be placed out as soon as weather permits.

The signs will be mounted on steel pipe at all four-corner intersections within the city.

Retired Burleigh Farmer Dead

Grover Lomason died early Wednesday morning at the A-Gres hospital following a lingering illness. Funeral services were held Saturday afternoon at the Forshue Funeral Chapel in Prescott with the Rev. Wesley DaFoe officiating. Burial was in the Burleigh Township Cemetery.

He was born August 11, 1888, at the "Lost City of Damon," moving to a farm in Burleigh Township when but a child. On June 15, 1910, he married the former Miss Jessie Adelia (Dede) Fry, who preceded him in death. Mr. Lomason lived on his farm in Burleigh until his second marriage when he retired and moved to Prescott, where he lived until his death.

In October 1948, he married Mrs. Edna Fegan at Ewart, Michigan. To this union were born two children, Mary Lee and Kyle, who are still at home. Other survivors are nine children of his first marriage: Mrs. Eva Goupp, Whittemore; Mrs. Margaret Bellor, Whittemore; Mrs. Julia Ross, Flint; Mrs. Celia Runyan, Whittemore; Mrs. Sarah Webb, Roseville; Mrs. Edna Turner, Flint; George, Novato, California; Edwin (Ted), Whittemore, and S-Sgt. William Lomason of Limestone Air Force Base, Maine; two sisters, Mrs. Julia Morin and Mrs. Ella Higgins, and one brother, Joseph, all of Whittemore, and 19 grandchildren.

Officials to Discuss Water Problems

The East Tawas City Council and department of public works will meet Thursday evening (tonight) at the East Tawas City Hall for the purpose of discussing the proposed new filtering plant with representatives of the Michigan Department of Health and city engineer, Clifford Spicer.

In a letter received early this week, Arthur Dillon, superintendent of public works of East Tawas, invited the Tawas City Council, water board and mayor to attend the meeting.

At one time last year, the Tawas City water board discussed the proposition of purchasing water from East Tawas if that city constructed a new filtering plant and had enough water available.

Chance of Release After 48 Years in Prison

After serving 48 years of a life sentence, 77-year-old Tony Dudley may be released from prison, according to an announcement made by Life Examiner Don Thurston.

Dudley was convicted in 1907 of murdering a steamship ticket agent at Oscoda and received a life sentence in prison. Dudley had admitted carrying a gun, but claimed the shots were fired in a fight following an argument. In sentencing Dudley, the court called it a most deliberate and cold-blooded murder. Three shots had been fired into the victim. One in the back after he had fallen to the floor.

Said to have been a model prisoner, Dudley is now a feeble old man and prison officials are favorable to commutation. Mr. and Mrs. Marion Baron of Muskegon want to take him to their home. His release has been considered for some time, but after nearly 50 years in prison he had lost contact with the outside world and had no place to go.

Silver Valley Queen Leaves on Mexican Trip

The winner of the Silver Valley popularity contest, Miss Barbara Young, 17, of Tawas City, will leave March 24 from Willow Run Airport for a two-week expense-paid trip to Oaxaca, Mexico. She is the daughter of Mr. and Mrs. Peter Young of this city.

Miss Young, who reigned over the Silver Valley winter sports carnival during the early part of February, earned the trip by compiling 18,975 points in a popularity contest sponsored by the winter sports committee.

The Silver Valley committee will pay all expenses during the trip. She will fly to Mexico by way of United Airlines.

On the first leg of her trip, Miss Young will arrive at Mexico City by plane at 8:10 p. m. on Thursday. She will be met there by the Mexico City embassy tour staff and escorted to Hotel Geneve.

In Mexico City she will be provided with an extensive trip of that metropolis of three million persons. She will see the cathedral, largest in the Western hemisphere; the romantic palace of Chapulpepac of Emperor Maximilian. The remainder of the trip is free to shop in the famous city.

She will then fly to Acapulco, the tropical paradise of Mexico. Miss Young will be transferred from her plane and escorted to a magnificent hotel, such as Celestia, Tropical Paradise or the Majestic, where a room with private bath and all meals are included during her holiday.

She will enjoy the many fun-stacked hours on enchanting beaches and delightful pools, and the exciting deep sea fishing, dining and dancing under the stars, during her several days in Acapulco.

The return flight to Mexico City will include attendance at a bull fight of a field of 12 contestants who entered the recent contest, Miss Young won the event by selling the greatest number of tickets which determined the winner.

In winning the contest title, Miss Young had the choice of an all-expense-paid trip to Acapulco, Mexico, the Mardi Gras at New Orleans or to Miami Beach, Florida, or the equivalent in cash.

City Approves Liquor License Renewals

Three liquor license renewals were approved by the Tawas City Council in a regular meeting Monday night. The council also gave tentative approval to the transfer of an SDM license.

License renewals approved were: Peter Young, Tawas Bar, Class C; Tony and Irene DeFillippi, Barmen Hotel, Class B, and Carl W. and Jean Peters, Iosco Hotel, Class B.

The council gave tentative approval to the transfer of an SDM license, now granted to William Groff of Bill's Market, to Carl E. and Dorothy A. Wise, Mr. and Mrs. Wise have purchased the market. The approval is subject to the state liquor commission and the Tawas City Police Department.

The council set up a new salary schedule for city officials at the meeting. The only change in salaries from last year's schedule was a reduction from \$500 to \$200 annually for the city clerk. The salary cut was voted due to the recent hiring of a city book-keeper who will relieve the clerk from many of his present duties.

Mayor George W. Myles reported that the city engineer, Clifford Spicer, is preparing new plans showing the possible expansion of the city's water and sewer system in the future.

The council approved the purchase of an additional 500 yards of crushed limestone from the Arenac County Road Commission. Last year the board approved a similar transaction with Arenac County and, at present, approximately 470 yards of stone are stockpiled.

Superintendent of Public Works Reginald Bublitz, commented that his department would re-surface every street within the city which requires repair as soon as weather permits.

Final approval on the new city maps showing recent street changes will be made by the council this week.

Former Hale Residents Die in Plane Crash

Word has been received by relatives of the death of Mr. and Mrs. Stanley Healy, former Hale residents, at Costa Mesa, California. The young couple were in a private airplane when it crashed Sunday at 4:30 a. m. enroute to Palm Springs from Costa Mesa.

Mrs. Healy (Dorothy) was the daughter of Mr. and Mrs. Aaron VanWormer of Costa Mesa and Robert Healy of Flint is the father of Stanley.

Funeral arrangements are incomplete but burial will be in Hale.

PRELIMINARY STEPS TAKEN TO START POLIO VACCINE TRIAL

Preliminary steps were taken Tuesday at a conference held at the Iosco County Building for a polio vaccine field trial in Health District No. 2. Blake E. Ferris, eastern representative of the National Polio Foundation, and Dr. C. H. Crandall, district medical director, were in charge of the meeting.

Health District No. 2 comprises Iosco, Ogemaw, Alcona and Oscoda counties. District health nurses and representatives from the schools were in attendance.

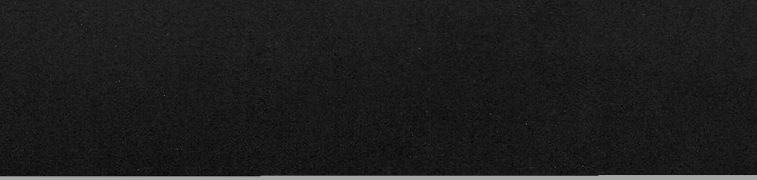

Mr. Ferris stated that the vaccination will be for children enrolled in the first and second primary grades of all public and parochial schools. Each child is to receive three inoculations over a period of five weeks.

No child will be vaccinated without the parent's consent, he stated. Inoculations will start some time in April it was thought.

Local Bowlers in Top 10 in Free Press Tourney

Two East Tawas bowlers finished up in 10th place in the Detroit Free Press Palmer Park Mixed Doubles Tournament, now completed. Florence Bartlett and Dale Butterfield rolled a 1102 actual pin total, 1253 with handicap, in the tournament on March 12. The two bowlers were awarded special Free Press award pins for being high on the 60 alleys for that squad. The tournament featured many of the top bowlers of Detroit and out-state Michigan.

School Program Delays Costly

Going, going, going—time waits for no one! Are you going to let the weatherman's gavel bang—gone are the school construction days for another year?

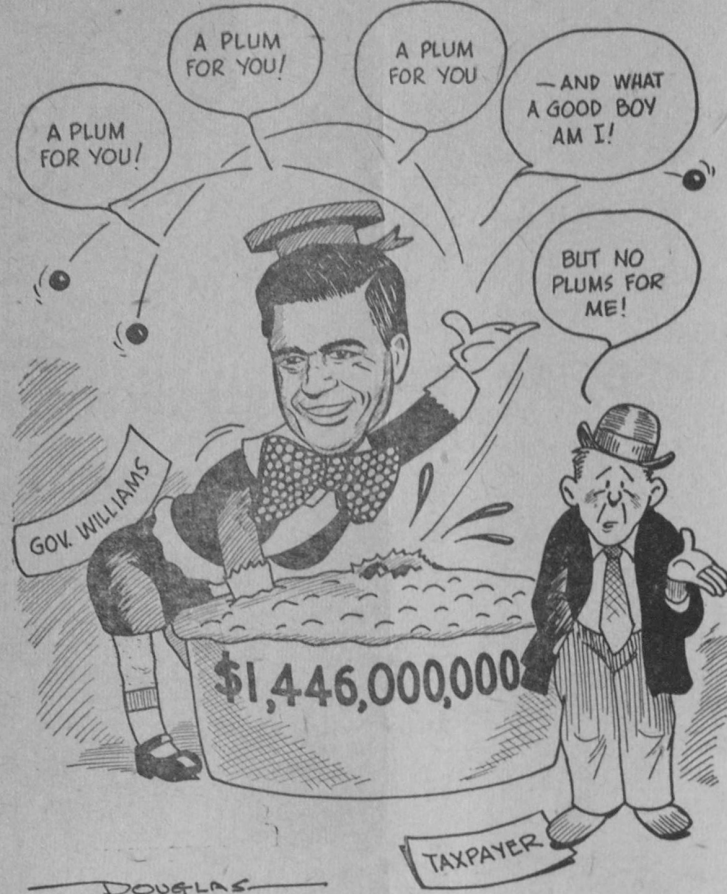

In recent weeks the residents of the Tawas Area School District have been encouraged to express their opinion of a solution to the school building controversy. Many individuals expressed an awareness of fleeting time and a desire to approve a school building program now.

The premature reporting last week that the City of East Tawas had acquired possession of the fairgrounds property, the federally-owned land which is endorsed by the Citizens' Committee for Better Schools as the only site it will support, appears to be another in the long line of delayed action moves. This land has presented friction within the district from the moment the board of education announced its selection of the Neumann-Reinke site in Tawas Township as the best site available for the district as a whole in October 1953. Construction of this proposed junior and senior high school, well planned to meet immediate needs and designed to accommodate future increases in school enrollment, would have been an inspiration for a better community life, encouraged new industry and housing in addition to giving the children of the district the school facilities which they need desperately.

Since that time two \$775,000 bonding elections to finance construction of a school on the Neumann-Reinke site have been defeated and an economy-minded \$575,000 bonding election to finance construction of a school on the district-owned property in Tawas City has suffered a defeat by less than 100 votes. In evidence at the defeat of each of these proposals was this group of fairgrounds supporters whose personal desire was put before the best interests of the children of the district. By doing so, the "Citizens' Committee for Better Schools" has lost prestige and become a "Citizens' Committee for No Better Schools" in the eyes of many residents of the district.

The reason for the reorganization of the school district has not changed nor has the need for improvement in the school facilities. No matter where you live within the Tawas Area School District, the challenge is the same for the job, the building of a new school, is still not done. Can you accept defeat when there is so much to gain for your children when you put your "X" in the square opposite the word "Yes" authorizing the funds for construction of a school?

Letters to the Editor

Dear Fellow Taxpayers and Friends:

A short time ago, I attempted through an open letter in the weekly newspapers of our district to give you, the people I have the privilege of representing in the Michigan State Senate, a true picture of the finances of our state. I felt you should have the facts, for it is all of you who must pay the bill.

In that letter I made this statement: "This problem (of state financing) is above politics, above party, bigger than any man or group or industry." I believe, and your letters indicate you agree, that this statement is sound thinking.

Whether you happen to be a farmer, merchant, mechanic, laborer, professional man, whether you are working or retired, you all have the same interests in taxes. Also, you all have the same general goal in life, self betterment. Further, you are interested not only in a better life for yourself but also in a better life and future for your children and grandchildren. Your own hard work and in some cases the help of a union and enlightened employers have brought social gains, gains in wages and gains in retirement. When these gains are eaten up in increased taxes, where have you profited? The only way you and I can profit is to demand a stop to excessive government spending of your money and to insist upon more economy, efficiency and honesty. You know that we people, we taxpayers, have to pay for government waste and extravagance. There is no source of revenue other than from us.

The governor has seen fit to send a communication to you, the people I represent, in reply to my letter to you. In his message to you, he states: "The senator's figures are misleading, inaccurate and irresponsible." The governor has openly questioned my personal integrity. I welcome his challenge.

He says the figures I gave you about his program are misleading. I find in checking over them that I did make one slight error, but not the way the governor charges. In my desire to present conservative and accurate figures on the state's indebtedness, I overlooked the fact that the taxpayers are paying 2 1/2 percent on that debt of \$1,350,000,000. Take a paper and pencil and do a little figuring and you will see that you are paying approximately \$33,000,000 a year in interest alone. That oversight is the only mistake that can be found in the figures in my first letter to you!

Now let us face the facts and see who is "misleading, inaccurate and irresponsible." Please keep in mind that word "irresponsible."

I made the statement that the program the governor advocated in his message to the legislature amounted to \$1,446,000,000—and that is not hay, on your farm or mine.

Will the governor deny that he advocated in his message \$150,000,000 for higher education?

Will he deny that he asked the legislature to pledge the full faith and credit of the state to bond issues in the amount of \$750,000,000 for school construction?

Will he deny demanding a \$500,000,000 bond issue for a road program?

Will he deny that his program for the state would require an additional \$46,000,000 in new taxes this year?

These requests, my friends, add up to the \$1,446,000,000 I mentioned in my first letter. If the governor dares to deny these figures in his program, I will give you the page and paragraph in his message where he made these demands.

Also, will the governor deny dismissing the method of paying these expenditures by saying "This is a bridge we can cross when we come to it, if we ever come to it—and I hope we never do."

I prefer to stick to the record, and I ask you now—who is being irresponsible?

The governor, in replying to my letter to you, made no reference to the present indebtedness of Michigan.

Will the governor deny that the state and units of government within Michigan are in debt for \$1,350,000,000 right now?

Will the governor deny that the State of Michigan's share of the federal debt is \$24,000,000,000 or more?

Will the governor deny that the combined debt of Michigan units of government and the state's share of the federal debt is \$25,000,000,000 or more?

Will the governor deny that this is a true picture of Michigan's indebtedness right now? If he does dare to deny it, I think we are entitled to see his figures.

Will the governor deny that on top of all this debt, he advocates a spending program of an additional \$1,446,000,000? If he does, as I have said, I will go to the record and give you the page and paragraph from his own messages to the legislature.

And do not forget, my friends, he advocates this spending and then says, regarding the payments, "let's cross that bridge when we come to it." Is this sound thinking? Again, I ask you, who is being irresponsible?

Yes, my friends, the governor advocates all types of spending but I can't recall that he ever signed a tax bill until this week when he signed the Business Receipts Tax extension. When this tax was first enacted, he let it become law without his signature.

Some time ago, he advocated getting Michigan out of the mud with a road program. But he vetoed the gasoline tax increase.

Yes, my friends, the governor's spending program should be known as the governor's "Little Jack Horner" program. As in the old nursery rhyme, he puts his thumb in the pie of Michigan's debt and pulls out a plum for you, and you, and you. But he never tells you that you, the taxpayers, are paying for the plums he advocates giving away.

What is nearer to you than your future and the future of your children and your grandchildren? After looking at these facts about debt, don't you think it's about time we sat down and took a careful inventory of the state's financial condition?

We must remember that we have serious problems today, but the future will have its own problems, too, and our children and grandchildren will have trouble enough paying for those future obligations without having to settle our huge debts.

I am no different than anyone else in wanting more and better schools and highways. But there is a limit to what you and I can afford.

There appears to be only one answer: Little Jack Horner can't keep giving away plums you can't afford!

You know what the governor's program will cost you. If you feel you can't afford it, let him know!

Sincerely, your Senator,
Charles T. Prescott

CHRISTIAN SCIENCE
The essentially spiritual nature of all that is real and eternal will be emphasized at Christian Science services on Sunday in the lesson-sermon entitled "Reality."

Among the selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be the following (335:27-29): "Reality is spiritual, a t r a n s i d u s, immutable, immortal, divine, eternal. Nothing unspiritual can be real, harmonious, or eternal."

The following passage will be read from the Bible (Psalms 33:4,5): "For the word of the Lord is right; and all his works are done in truth. He loveth righteousness and judgement; the earth is full of the goodness of the Lord."

The Golden Text is from Psalms (119:12,13): "Blessed art thou, O Lord; teach me thy statutes. Open thou mine eyes, that I may behold wondrous things out of thy law."

PLYMOUTH WINS

FOR 1955 STYLING

OVER "OTHER 2" LOW-PRICE CARS

BY VOTE OF ALMOST 4 TO 1

THOUSANDS PREFER PLYMOUTH'S STYLING IN NATION-WIDE SURVEY!

A well-known independent research organization asked thousands of people—in New York, Chicago, Detroit, Atlanta, Dallas, Los Angeles—to compare the appearance of '55 models of the three low-price cars. Opinions were received from men and women—from people of all ages—from owners of all the different makes of cars. The results are below.

HERE'S WHAT OTHERS THOUGHT OF PLYMOUTH I		HERE'S WHY YOU'LL PREFER PLYMOUTH, TOO!	
Compared with low-price car "A"	Compared with low-price car "B"	Plymouth '55—with THE FORWARD LOOK—is the only low-price car to offer you honestly new styling, instead of a mere face-lifting. It's bigger than the "other 2" cars (longer than car "A" by 8.4 inches!). It's lower and sleeker, with a host of styling advances that wins the most applause in the lowest-price field. See everything Plymouth has to offer today!	your Plymouth dealer headquarters for value PDC
Plymouth is better looking	62%	Plymouth is better looking	66%
Car "A" is better looking	16%	Car "B" is better looking	17%
Almost 4 to 1 in Plymouth's favor!		Again, almost 4 to 1 for Plymouth!	
(22% liked "both about the same")		(17% liked "both about the same")	

Yes, the big swing is to Plymouth—See it today—drive it away!

About Town

A feature story, headlined: "Old Western States to Become 'Flotel,'" appearing in Tuesday morning's Detroit Free Press. The story, written by Curtis Haseltine, told about the Western States which soon will begin her new role as a flotel under the name SS Overminter. The former Detroit and Cleveland ship will

be docked at the city park in Tawas City. Haseltine said that he was aboard the ship Monday and that workmen were giving her a "good cleaning." The ship will be towed to Tawas City some time next month.

The Overminter will fill a long-standing need for convention facilities in this resort area. Tentative plans call for a dining hall, social hall and recreation center aboard.

The Free Press reporter said that the main engines of the Western States had been disconnected from the boilers and the vessel is now designated as a tow barge by the coast guard.

The new owner of the ship is William Bieber of Owosso. He was scheduled to confer with city officials Tuesday on the opening date of the new service so that convention commitments could be made, but the snow storm Tuesday night canceled the meeting.

At Monday night's council meeting, members gave approval to a request from the Lutheran cemetery board authorizing the purchase of crushed rock from the city for use on roadways within the cemetery.

Albert H. Buch, chairman of the Lutheran cemetery board, said that the roads were bulldozed last week-end by Arthur Merrill of Tawas City.

Tawas City police chief, George W. Ruth, had this to say on return from his vacation, "With the busy time of the year just ahead, the police department asks the cooperation of the people in regard to driving and parking within the city limits. All traffic and parking rules will be enforced, with no exceptions, in an effort to protect the life and property of citizens in this community."

Bertha Montgomery, recording secretary of the Tawas Chamber of Commerce, said early this week that the chamber had distributed approximately 16,000 pieces of literature at the Detroit Sports, Boat and Travel Show last week. She said that the office had distributed nearly all of the pamphlets on hand and could have passed out more if available. Included were 5,000 area folders, 5,000 resort folders, 1,000 Silver Valley folders and 5,000 perch and smelt cards. In addition to the pamphlets, many local resort owners distributed their own brochures at the show.

Amateur weather forecasters had little trouble predicting a drastic change in the weather early Tuesday when the barometer dropped very low. The coast guard station reported a reading of 28.38 with winds reaching 41 mile an hour wind velocity later in the day. This sudden change in atmospheric pressure was followed by high winds which played havoc with television antennas and roof tops. The wind turned Tawas Bay into a churning swirl of white caps, piling up large pieces of flow ice on the shores.

A nationwide hospital survey has revealed that men patients outnumbered women patients by 77,720 late in 1953, or 642,156 men to 564,436 women. This was despite the fact that an average of one sixth of all persons admitted to hospitals are pregnant women.

LEGISLATIVE NEWS LETTER

Submitted by James P. Mielock House of Representatives Lansing, Michigan

With time fast running out when the Business Receipts Tax Act would automatically die unless its March 15 expiration date was extended, all speed records were broken on S. B. 1012 once the second conference committee reached an agreement, and its recommendations were accepted by both houses on March 15.

Within minutes, it was enrolled, presented to the governor and signed, and is now Act No. 9 of the Public Acts of 1955. By accepting the house version of extending the act to a time certain, (December 31, 1955), it was argued that sufficient time would be given to work out necessary adjustments and an equitable tax program of a permanent nature, fair to all, which would produce sufficient revenue to take care of the state's needs.

The house passed H. B. 117 boosting the salary of the director of the state waterways commission \$1,600 a year from the present \$6,800 to \$8,400 annually.

H. B. 158 transferring from the labor department to the state waterways commission control over inspection of inland lakes vessels, was also passed by the house and sent to the senate.

H. B. 19, introduced to extend the height of loaded vehicles to 13 feet, six inches, was passed by the house in a modified form. As passed, the legal height was left at 12 feet, six inches, with the exception that the height of vehicles transporting motor vehicles or engaged in hauling hay or straw or outdoor motor and row boats shall not exceed 13 feet, six inches, when loaded.

The bill also provided that a farm tractor may haul two wagons or trailers not exceeding in any combination, a total length of 55 feet.

H. B. 163, transferring to the corporation commission control over the hearings now conducted by the mayor in cases of workers claiming veteran preference rights, was passed and transmitted to the senate.

H. B. 110 was passed following a short discussion. This bill provides an orderly method for dissolving union depot companies. H. B. 177, providing for the dissolution of railroad, bridge and tunnel companies, was also passed.

The perennial and controversial FEPC bill (H. B. 24) is still in the house committee on state affairs. It is presumed this bill will be reported favorably to the floor in the near future. This bill would create a commission to handle complaints. Unquestionably the usual arguments both for and against this type of legislation will be heard.

It is too early yet to predict the outcome of various measures which have been introduced in the current session dealing with safety on the highways. For instance, the drunkometer test bill for a scientific alcoholic test, and various other matters. This particular legislation has previously met with strenuous objections on constitutional grounds. The speed limit bill is meeting with the usual opposition. It would appear, however, that it has a better chance of passage this year than heretofore.

Among bills introduced in the last few days is one which is rather unique in that it would provide for creating an executive residence planning commission authorized to accept contributions, pledges and outright grants to pay for the building of the governor's mansion. It is felt by many that dreams of Michigan having an executive mansion will become a reality much faster through the popular subscription method than by the legislative appropriation way.

Other bills introduced were: H. B. 292—prohibiting the public service commission from granting rate increases to telephone companies not complying with standards of service prescribed by the commission.

The sleek, blue Cadillac glided to a halt in front of the hotel. A muscular young man, dressed in stylish casual clothing, alighted and moved to help his pretty wife from the car. As a porter hurried to remove the expensive luggage, another well-built young man, just leaving the hotel, spied the new arrival and rushed to greet him warmly.

A few minutes later another car came to a halt in front of the hotel, this one a battered, old jalopy, its occupants three youths with crew cuts and subdued manner. As the youths alighted from the vehicle, one stubbornly pulled back his cheap suitcase from the extended hand of the porter.

The scene was Lakeland, Florida, since 1934 spring training site of the Detroit Tigers. The hotel was the New Florida, Tiger headquarters during spring practice.

Pattern Repeated

The year—well, it could be this year, or last year or even next year. It really doesn't matter. The pattern of spring training is virtually always the same, be it the Tigers, Yankees or Indians.

The young man in the Cadillac and the one who greeted him are established major league players, poised and self-assured, men who have worked long and hard to achieve the status of baseball stars.

The three youths are rookies, getting their first tryout with a big league team. Nervous and un-

certain, they are nonetheless determined to show that they have the stuff to make the grade.

Greenhouse Gardening Do-it-Yourself Project

Greenhouse gardening is no longer just for the millionaire according to Harold R. Clark of the Clark Farm Store. Now, the finest of home greenhouses can be had as low as \$350.

The big features of the new glass house are: Maintenance, free construction and ease of installation. It is made of extruded aluminum alloy so there is never any painting. Screws, bolts, hinges, and other fastenings are of stainless steel or aluminum to eliminate all possibility of rust. Parts are factory-cut to fit together so anyone with a yen to "do-it-yourself" can set the greenhouse up in jig time.

Other advantages include: Glass set in rubber to take expansion, contraction and vibration; large size ventilating sash to suit crop and climatic requirements.

The greenhouse is made in several types and styles, including lean-to greenhouses. There is also a type made of natural California redwood. All have extra large size glass to admit the greatest amount of sunlight. Home greenhouses like these afford endless possibilities for fun, fresh flowers, vegetables

1954 CAMPAIGNS

According to reports filed with the Clerk of the House, four Republican national organizations spent about \$3,716,184 last year when they were fighting unsuccessfully to keep their thin margins in congress. That was about 28 percent more than the indicated spending for national Democrat groups.

"Monthly Pains" stopped or amazingly relieved

In 3 out of 4 cases in doctors' tests!

*Chances are you're putting up — unnecessarily — with the functionally caused pains, cramps and weak, "no good" feelings of menstruation!

For actual tests by doctors, Lydia Pinkham's Compound brought comfort, relief or striking relief from such distress in 3 out of 4 of the cases!

Lydia Pinkham's is modern in its action!

So get Lydia E. Pinkham's Vegetable Compound — new, improved Tablets with added iron. See it — taken through the month — it doesn't give relief from those backaches, jitters — help you feel better before and during your period!

Or — if you suffer from functional "hot flashes" of "change of life," and find out how wonderful Pinkham's is for that, too!

It has a quieting effect on uterine contractions that often cause "period" pain!

"We need never feel alone"

Mrs. Hrabovsky and Michael John.

The five operators who worked to locate Mr. Hrabovsky: Shirley Petersen, Katherine Linderman, Theda Walter, Genevieve Jacobs, Marlene Chase.

These words appeared in a letter Michigan Bell received recently from Mrs. Michael Hrabovsky: "We need never feel alone as long as you have women on duty who are kind and helpful."

Here's why she wrote the letter: One day last summer as Mrs. Hrabovsky worked in the kitchen she heard her 6-year-old son, Michael John, scream in pain outside. He had caught his hand in the belt of the electric pump.

While a neighbor telephoned to alert the doctor and hospital, she sped Michael John to Greenville, where his badly injured hand was successfully treated.

Later, at home, Mrs. Hrabovsky

placed a person-to-person Long Distance call to her husband. She thought Mr. Hrabovsky was working that day in St. Paul, Minnesota.

He had left there, but the operator was told he might be in another Minnesota city. But he was not there either. And so it went until, thanks to the persistence and patience of five operators, who called 12 different places to locate him, Mrs. Hrabovsky finally heard her husband's reassuring voice from Wells, Minnesota. The cost to the Hrabovskys? Just \$2.42.

Can any words better describe the value of your telephone than:

"We need never feel alone..."

wise you may be stuck with seed that won't do well in Michigan. That's a word of caution from Farm Cropsman S. T. Dexter of Michigan State College. The state law requires that the origin of the seed be printed on the tag, so you can check to be sure the seed you buy is adapted to Michigan.

So-called blends of seeds from northern states are alright, if the varieties are recommended in Michigan. The trouble comes when the blend contains un-recommended varieties or common seed from southern states. Then, there is danger of the stand killing out.

Blends of good northern varieties from several states sometimes are necessary, because seed production varies from year to year. The best advice is to buy seed from reliable dealers.

If you're going to plant a garden this spring and summer there is one job you can do right now. Get your garden seed. Go to a reputable seed store for it. There's where you will find the best selection of seed.

The first garden plants you'll want to get in are lettuce, peas, carrots and beets. If you're undecided what variety to put in, here are the suggestions from Robert Carolus of Michigan State College.

"JIM BO" IT SWIMS
INTRODUCING
JIM BO—the most sensational invention in the history of fishing—the artificial minnow that swims. No more five bait to buy. This is the lure sensation of the 50's century.

IT SWIMS—no springs, uses no fuel; it swims as long as you leave it in the water. Swims by unique process of balance and gravity. Fish any desired depth—in lake, stream, gull, bay. Any fish that will strike a minnow will strike JIM BO. This is no gadget. Looks and swims like a live minnow.

This is the lure of all lures—beautiful silver lead plastic. Buy one for your friends also. Satisfaction guaranteed. Send \$1.00 only, for each lure. Send check or cash. We pay postage. Sold by mail only. J. & R. TACKLE CO. P. O. Box 741. Largo, Fla.

EVERGREENGLADE
Mr. and Mrs. James Sabin were surprised on March 12, the birthday of their daughter, Marie, when she came home for the week-end with Mr. and Mrs. Charles Sabin and sons, James and Larry, Miss Gertrude Vinnege and Robert Dawson and James Pyschon, all of Flint. They presented their parents with a new television set.
Mrs. LeRoy Vinnege of Hale was a caller at the home of her parents, the James Sabin, on Sunday.
David Allen was pleasantly surprised when his family was home to help him celebrate his birthday on March 12. Those present were Mr. and Mrs. Charles Allen and family, Mr. and Mrs. Harold Isaacson and children, Mr. and Mrs. William Kerr and baby, all of Flint.
Mr. and Mrs. Donald Eastlick of Mt. Morris visited his mother, Mrs. Elizabeth Eastlick, and sisters, Mrs. David Allen and Mrs. Albert Brunner, over the week-end.
David Brunner of Flint spent the week-end with his parents, Mr. and Mrs. Albert Brunner.
Mrs. James Burnett of Bathwell, Canada, spent a couple of weeks with her son and wife, Mr. and Mrs. Fred Burnett.
Mr. and Mrs. Fred Burnett took their mother to the home of her son, William Burnett, who lives in Lansing on Saturday. She will visit there and also in Midland and Royal Oak before returning to Canada on April 1.

SEE THEM FRIDAY! New Chevrolet Task-Force Trucks!
Work-styled for your job!
It's the largest and finest fleet of trucks ever built by the nation's No. 1 truck builder. Whatever your task or trade, there's a new Chevrolet truck to make or save you money on the job. Come and look 'em over!

Now Chevrolet introduces "Work Styling"—an exclusive development in truck design. Plus new engines—new capacities—new Overdrive and Power Steering—new features and advantages throughout.

Here's what happens when America's leading truck builder pulls out all the stops! Here are trucks that are new from the drawing board out!

New styling in trucks Fleet, functional styling that fits your job! For the first time in any truck line, two distinctly different styling treatments are offered—one in light- and medium-duty models, another in heavy-duty. Your handsome new Chevrolet Task-Force truck will be a profitable advertisement-on-wheels for you and your business!

A new outlook for the driver Truck driving was never like this! The new Flite-Ride cab is everything a driver could wish for, from its big Sweep-Sight windshield to its concealed Safety Step that keeps clear of mud or snow! The new instrument panel and controls are the last word in convenience!

Six new "high-voltage" engines With a new 12-volt electrical system for quicker, surer cold-weather starting and increased generator capacity! Plus more efficient cooling and lubrication systems, an improved fuel system, and completely redesigned engine mountings.

And much more that's new Like new High-Level ventilation... tubeless tires, standard on 1/2-ton models... Power Brakes* for all models, standard in 2-ton models... a new choice of transmissions, including new Overdrive* and Hydra-Matic*. New Power Steering* for all models. Come in and see the newest things in trucks!

*Optional at extra cost. Overdrive available on 1/2-ton models. Hydra-Matic on 1/2-, 3/4- and 1-ton models.

FINNISH TANKER APPROACHES RED CHINA
The Finnish tanker, the Aruba, loaded with jet plane fuel for Red China, is the object of much conjecture in the Far East. While Formosan newspapers demanded that the Aruba be sunk, the captain of the ship refused to put into Celon despite demands made by the rebellious crew. Acting under orders from the ship's owners he continued his course toward Red China.

Calendar—
Friday, April 22—4-H Club Fun Night (all 4-H'ers save this date.)

David Jacobs, Lale Happy Hustlers project reporter, tells us of the third and fourth foods (1) project meetings at the leader's home. Four members were present for the third meeting; all

five for the fourth. The members learned to make potato patties and French toast at these two meetings. They have also practiced table setting. These young people will soon be ready to plan their demonstration meal, which is the putting together of all the different lesson units. Likely they will have guests, perhaps the mothers, when this meal is prepared and served.

Five Hale Happy Hustlers members were selected to place five 4-H Club posters in downtown business place windows in observance of National 4-H Club Week. This was one item of business at the March Community

4-H Club meeting conducted by Karen Helmbold, president. Project reports were given as follows: Carol Bougner, clothing, making towels; Janet Helmbold, flowers; David Jacobs, Foods I; Darlene Scofield, Baking III. Janet Helmbold was elected song leader. The next meeting will be 4-H Club openhouse on April 7 at the Douglass home, announces reporter, Nathaniel Jacobs.

Ruth Ann Proper brought a skin care story to share with other members of the 4-H Club. She had brought pictures taken earlier for group discussion. They had brought pictures taken earlier for group discussion. They had brought pictures taken earlier for group discussion.

Following a review of the last lesson, a question period, the meeting adjourned. Judy Ulman is reporter.

"We found out that keeping a record of time of day and the light condition will help very much in improving our future pictures." That's the opinion of the six photography project members meeting at the home of Mrs. Blanche Douglass on March 5. They had brought pictures taken earlier for group discussion. Nathaniel Jacobs, reporter.

Kate Whitford sends news that their handicraft project is now completed, and these young people have been really busy on their articles, having third, fourth, sixth and seventh meetings since February 28. They have decided to celebrate project completions with a weiner roast. John Kindell is their leader.

Five of the six Community 4-H Clubs were represented at the March regular council meeting last Monday evening. Announced is a 4-H Club fun night for members, leaders, families, and friends. It will be held on April 22, so plan to circle around this date on your calendar right now, and plan to be there. Each 4-H Club is asked to plan one entertainment number and the social committee will have other interesting things planned for everyone's participation.

Hardwood Lake 4-H Club dates are to be July 9-13. Another place for a circle on your calendar. A committee was named to work on plans for a county-wide dress revue event to be held very soon after school closes. Mrs. Harold Goedecke is chairman and committee members include Mrs. Harold Black, Mrs. George Waters, Mrs. Everett Douglass and Mrs. Darwin Minard.

Lynn Waters and Jean Sugden, Reno Topkitchens 4-H Club members not quite 10 years old, presented their table setting demonstration for the council, and are doing very excellent work on it. Keep it up, girls. In attendance were: Mr. and Mrs. Arthur Aulerich, Mr. and Mrs. Harold Black, Mrs. George Kindell, John Kindell, Mrs. Pat Nardizzi, Mrs. Everett Douglass, Mrs. Alton Durant, Mrs. George Waters, Mrs. Harry Sugden and Gale Durant.

Wednesday, March 30—"Living with Teen-Agers," Grant Township Hall, 1:00 to 4:00 p. m.
Thursday, March 31—"Develop a Healthy Personality," Hale school, 8:00 p. m.

The topic for Wednesday, March 30, is "Living With Teen-Agers" and planned for everyone. This is your official invitation. If one is needed, to come to Grant Township Hall at 1 o'clock where Mrs. Lennah K. Backus, Michigan State College family life specialist, will discuss this subject.

I've been asking myself whether the problem is one of us living with teen-agers, or teen-agers living with us. Let's find out whether either statement is correct, or it may be a little of both.

Mrs. Backus is a two-fold authority. First, she has made special studies in child development as a family life specialist second, she has had teen-agers in her own family. She says that if we are to meet the needs of adolescent we can begin attempting to understand the adolescent within our family. In addition, we want to know what most adolescents are like, so that we

A Subscription to The Tawas Herald Does Not Cost IT PAYS!

HERE'S WHY!

1. BECAUSE it is prepared to report and photograph news of your community as it happens.
2. BECAUSE it is a legal medium through which your city, township and county notices, regarding things which affect your pocket-book, are published.
3. Because it keeps you posted on all official actions by your board of education, school administration; it reports plans of official bodies which have the authority to levy taxes against your home, business or industry.
4. BECAUSE The Herald is your Shopping Guide, carrying the merchandising messages of bargains offered by your local stores, which saves you time and money by providing you an opportunity to prepare your shopping list in advance.
5. Because it provides a common meeting place for every reader in your shopping area where community affairs can be discussed and ideas exchanged to benefit all.
6. BECAUSE it sponsors, supports and boosts every worthwhile community project, including those of charitable nature, giving to community leaders the aid and support which they must have in order to keep the community abreast of the times in carrying out the responsibilities of a collective or social nature.

ANY member of a community who does not read the local newspaper is sadly uninformed on: CHURCH AFFAIRS, SOCIAL EVENTS, SCHOOLS, TAXES, GOVERNMENT, POLITICS, and ALL Co-operative Community Projects.

Last--But Not Least

The Tawas Herald carries THE NEWS about your neighbors and friends, their social activities, their happiness and their sorrow, their successes, their marriages, births and deaths, their history in the making and their dreams of happiness and success to come.

can help youth make a better adjustment in this business of growing up. The purpose of the Wednesday meeting is to help us "begin to better understand adolescents (teen-agers)."

"Developing a Healthy Personality" will be the subject of a talk at the Hale P-TA meeting on March 31. Everyone is invited to attend—if not as a P-TA member, then as one of their guests. Speaker will be Dr. Elmer Knowles, Michigan State College family life specialist.

It is generally agreed that personality development takes shape in various stages as children grow. Are there different periods or stages in their growth when personality development takes place? What are they? How can we help them progress through each stage? Doctor Knowles will discuss these questions and others at the Thursday night meeting which will begin at 8:00 p. m. He is especially hopeful that there will be a good attendance of fathers along with the mothers. Let's make it a "Parents Night."

Are you beginning to think about your garden? You will soon be getting your seeds ordered, if you've not already done so, of course. In looking over several seed display racks there is at least one vegetable which seems to need bringing up to date as to varieties offered. This vegetable is one of the more popular ones with families and a source of excellent nutrition as well. These facts make even more important taking advantage of variety improvements.

It's squash we refer to. Yes, Hubbard variety squash is a good squash, if it gets ripe. That is limitation number one. Another is that they are apt to be much larger than the family really wants. Yet another is the difficulty of preparing it for cooking, the outer covering on a good one is very hard. For these reasons, we urge that you consider newer varieties which are a better "family size," easier to prepare for cooking, sturdier to ripen and keep well, yet have excellent texture, flavor and color. Two such varieties are these: Butternut, listed as an 85-day variety. It is bottle shaped, about 10 inches long and as much as four or five inches across. The flesh is orange colored, dry, sweet, fine textured and excellent in flavor. Buttercup, listed to grow in 105 days. This one measures about four by six inches and weighs from four to five pounds. The flesh is orange colored, cooks dry and sweet, has a very fine rich flavor. This one is a good keeper. Doubtless you will have a search to find these varieties locally, but it is worth your time to look and ask for them. That is one way to call their attention to the storekeeper who will obtain them if there is demand.

Textile painting is on display at your Extension Service office for the next two weeks. Plan to stop in and see the very nice articles made by Mrs. Robert Bero and Mrs. Ernest Smith, Whittemore home demonstration group members. Among them are towels, aprons and luncheon sets.

Photo cards are especially nice for occasions such as wedding anniversary open houses, when invitations usually are sent in quantity.

Photo Cards Have Many Uses

We're all familiar with the photographic Christmas card. You know how nice they are, both to send and to receive. That's why we think it is a good idea to adapt them for use on other occasions throughout the year on which you want to say the same thing to at least ten people, in a personal and original way. Your photofinisher does all the work for you—all you have to do is pick out the picture you'd like to use and he'll print it for you on the standard 4 1/4 x 5 1/2 inch card, leaving room for your message. Many photofinishers have facilities which would enable them to print the message you wish on the card. If yours does not, you can take the card to a printer or write your greeting in long hand, if you wish.

They are excellent for saying thank you on occasions such as graduation . . . for extending greetings at Easttime . . . for invitations to parties and open houses. If you are moving, it's a fine way to not only spread the word of your new address, but to show people where you live as well. It's a simple matter to take a snapshot of the house whether it is new—or just new to you—and have it printed on a card. You'll want to select a picture appropriate to the occasion, of course, but that shouldn't be difficult. A wedding thank you will bear the picture of the newlyweds in their bridal finery. The graduate's expression of appreciation will have a picture of the boy or girl in cap and gown.

DONKEY BASKETBALL HERE WEDNESDAY

A comedy version of a basketball game is being sponsored by the Tawas Area Seniors on Wednesday, March 30, at 8:00 p. m. in the Tawas gymnasium.

The seniors invite you to come and see your friends and neighbors battle for glory in an action-packed donkey basketball game.

NAOMI CIRCLE

The Naomi Circle of the Latter Day Saints Women's Department met with Mrs. William Rouiller last Thursday.

The next meeting will be March 31 at the church at 7:30 p. m. The Naomi and Ruth Circles will meet together for that meeting.

Niles

(Continued from First Page) district and vote to resubmit the Tawas City site proposal.

Mayor Elmer Werth of East Tawas addressed the board, asking consideration of the fairgrounds site and advising the board that the federally-owned property can be secured by the City of East Tawas within 60 to 90 days.

President Fox asked the representatives of the Citizens' Committee for Better Schools and Committee for a School to meet in another room to discuss their willingness to support the suggested district survey.

Mr. Keiser expressed his personal consent to have qualified consultants make a survey and agreed to support the finding of such a survey.

Remarks from the floor indicated that the Citizens' Committee for Better Schools would go along with no proposal other than the fairgrounds site.

Taking exception to the remarks of the voting record of precinct No. 1, Mayor Werth stated that there had to be dissenting votes cast in the precincts of the district in order to defeat the proposals.

In answer to T. S. Dimmick's question as to what chance is there for precinct No. 1 to withdraw from the district, President Fox stated that the board does not have the power to grant withdrawal of any section of the district.

Realizing that nothing further could be accomplished, Trustees Niles moved that the meeting adjourn.

YALTA PAPERS RELEASED BY STATE DEPARTMENT

The release of the heretofore secret 1945 Yalta Conference papers by the State Department has brought about controversial reactions in congress. Secretary of State Dulles said that the publication of the official documents by all countries would be a good thing for public information and historical accuracy.

John St. James is attending the National Electrical Code Institute, Department of Continuing Education, Bay City Junior College.

St. James is the only one attending from this area. The schooling explains the electrical code and changes up to date, also the newest type machinery wiring and short cuts of application in the electrical field.

At a meeting of the Ladies Literary Club held last Wednesday evening, March 16, an interesting program was presented after the regular business meeting.

The Tawas Women's League chorus, under the direction of Mrs. Rex Kochenderfer, gave several selections.
