Rain Stops Game in 3-3 Deadlock

The game between the Tawas City Indians and White Star was called on account of rain at the end of eight and a half innings. Sunday with both teams deadlocked in a 3-3 tie. The game will be re-played at a later date.

The Tawas team, looking for its second win of the season against one loss, came very close to posting a victory but was denied in the eighth inning when White Star scored two runs on two hits.

Making his first appearance on the mound for Tawas was Kish, who allowed seven hits. He was relieved in the ninth inning by Warner. Page handled the mound chores for White Star and limited the Indies to four hits.

The game was interrupted several times on account of rain and both teams committed several fielding errors due to the wet playing conditions.

The Indies took an early lead in the game when Russ Anschuetz singled sharply in the first inning to drive in two mates who were perched on second and third base.

In that inning, Barnocky led off with a walk. Rapp advanced the runner to second base on a bunt and was safe at first on a fielder's choice. Humphrey grounded out to the second baseman, both runners advancing. This set the stage for Anschuetz's two-run single.

Tawas City added a third run in the sixth inning when Wegner (See Deadlock, Back Page)

Construction Plans Being Completed for New Immaculate Heart of Mary Catholic Church

Plans are now being completed for construction of the new Immaculate Heart of Mary Church at Tawas City. The beauty and size of the new church are indicative of the devotion and work of the parishioners and the Rev. Fr. Joseph Castaner. Located on the main highway, it will be an example to all of the progressiveness of this northern community.

The success of the parish pledge drive, made last September, has made possible the rapid progress in the plans for the church. Plans are being drawn up by Paul A. Brysselbout, architect.

The new church will be built on the parish grounds facing Tawas Bay and Lake Street. Designated in the Solid Romanesque architecture of the twelfth century, with its steep pitched roofs and solid masonry walls as built in Northern Europe, the new church will blend pleasantly with its Tawas Bay shoreline environment.

In plan the church will have small transepts off the nave (main body of the church) near the sanctuary. The transept south of the nave will have a side altar dedicated to the Blessed Virgin Mary, and the transept north of the nave will have the baptistry.

The nave will seat 400 parishioners in spacious pews for summer and winter church services with a large balcony over the narthex (entrance) seating an additional 200 parishioners for the summer church services.

The balcony will be reached by two stairways opening from the narthex at the east and front end of the church. The narthex also provides direct access to the church proper, two cry rooms, a rest room and to the ushers' room.

The communion rail at the sanctuary will have one step with the sanctuary floor rising an additional two steps inside the railing to provide a better view of the Holy Sacrifice of the Mass from the balcony.

The main altar will be on a three step predella in front of an altar screen and ciborium (an altar canopy) set forward from the sanctuary back wall. The sanctuary will be wainscoted in oak paneling continuing around the sanctuary from the priest's sacristy side on the north to the screen of the choir room on the south side. This screen will separate the organist and the choir from the sanctuary proper.

An ambulatory behind the altar screen will connect the priest's sacristy with the choir room, the boys' sacristy and the furnace room.

Outside of the north transept a rugged towering campanile will be set on a brick and concrete mosaic terrace. The lower room of the campanile will provide a cool and handy religious store for the sale of articles during the summer months.

The main entrance will have the traditional Romanesque semi-circular arch with moldings of recesses or (orders) in cut stone. Above the main entrance will be a stone carved rose window. The baptistry window will be bayed with a small hip roof over it, supported by an exposed ornate column.

Goddards Take Over Self-Serve Laundry

Operation of the East Tawas Self-Serve Laundry was taken over by Mr. and Mrs. Arthur Goddard it was announced this week. The business was formerly operated by George MacAndrew.

The Goddards came to the Tawas area in 1952 from Clio where he had been in the automobile business.

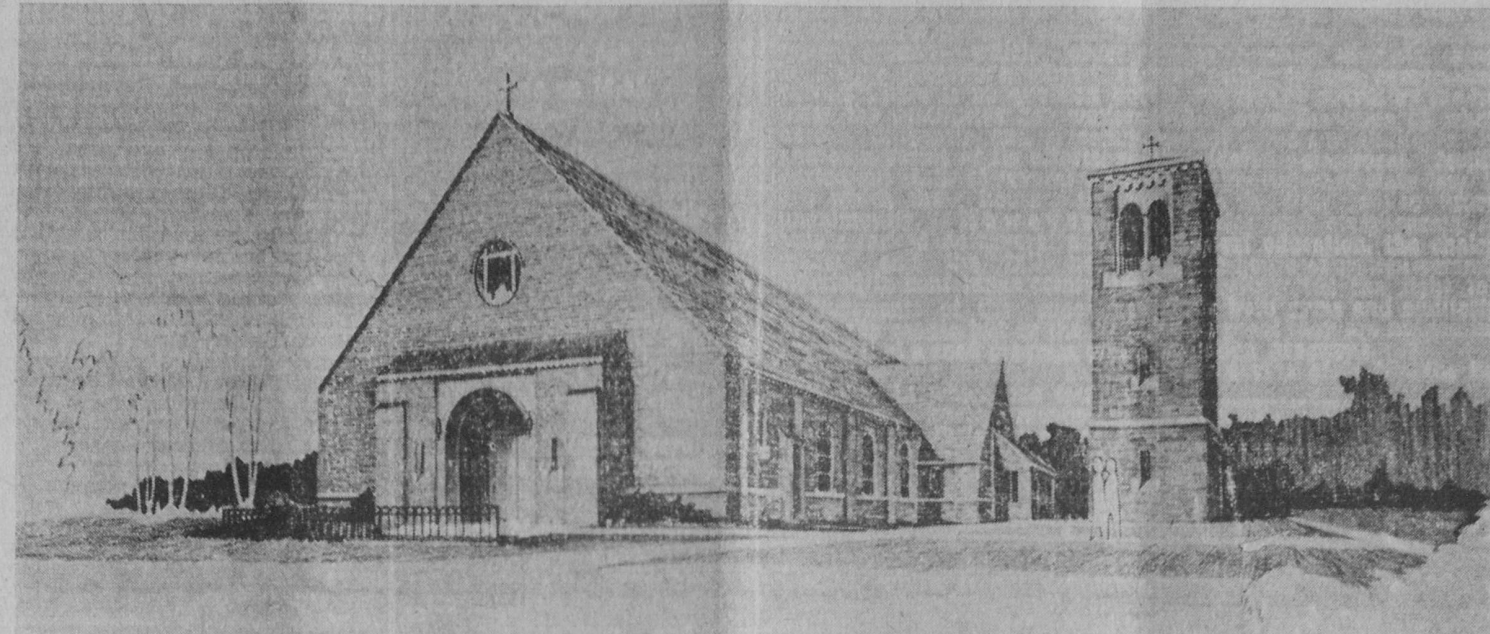

Programs Ready for Memorial Day

The nation will pause next Monday for the observance of Memorial Day, a day set aside each year which is dedicated to the remembrance of those who made the supreme sacrifice in the defense of this country and to those defenders who have since passed on.

Here in Isosco County, services are scheduled to be held at Tawas City, East Tawas, Hale and Whittemore with programs being conducted at cemeteries by the various veterans organizations.

**Tawas City Services**  
Services at the Tawas City Cemetery will begin at 9:30 a. m. Monday. Reynold E. Mick, superintendent of Tawas Area Schools, will give the address. The program is under the auspices of Jesse C. Hodder Post, American Legion.

The program is as follows:  
8:00 a. m. Assembly at the American Legion Hall.  
8:45 a. m. Parade on Lake Street to the Mathews Street Bridge where a ceremony will be given in honor of the men who served in the navy.

Pictured above is the architect's sketch of the planned new Immaculate Heart of Mary Catholic Church in Tawas City. The new church will be designed in Solid Romanesque architecture of the twelfth century, as built in Northern Europe.

Appoint Allen Manager of Tawas C of C

Announcement was made this week by President Elwood Bronson of the appointment of Richard O. Allen as secretary-manager of the Tawas Chamber of Commerce.

Allen has spent many years in promotional and public relations work. He has served as advertising agency account executive handling advertising for the Dow Chemical Company. For the past 10 years he has been a free-lance writer engaged in publication assignments and the writing of industrial documentary and educational motion pictures including films which have won first awards at the International Film Festival and in the annual national competition of the Freedoms Foundation.

"The progress of Tawas Chamber of Commerce activities has attained such scope," said Bronson, "that we have for some time felt the definite need for a full-time manager to organize and coordinate our many projects. With this appointment we can continue to expand the field of our operation and augment our services in the Tawas area."

**Grand Opening of Dairy Isle Next Week**  
The grand opening of the new Dairy Isle, located at the foot of River Street, on US-23 in Tawas City, will be held next week. Owner of the new building and franchise is Howard Staebler of Saginaw, a former Sherman Township resident.

The new Dairy Isle will serve sundaes, milk shakes, malts, root beer, sodas, both hard and soft ice cream and hot dogs.

Construction of the new all-steel building was under the supervision of Gerald Zarishe of Saginaw, who represents the Commissary Dairy Isle Corporation of Wooster, Ohio.

During the construction of the new building, Mr. Zarishe was a guest at the Tawas Motel, Tawas City.

The Tawas City Post Office will be open from 8:00-10:00 a. m. Memorial Day, Monday, May 31.

Commencement Speaker

DR. JUDSON W. FOUST

Dr. Judson W. Foust, vice president of Central Michigan College, will give the commencement address for the Class of 1955, Tawas Area High School. The exercises will be held Thursday evening, June 9, at the Tawas City Auditorium. His subject will be "The Measure of a Man."

4,000 Attend Open House at Air Base

An estimated 4,000 persons were on hand Saturday afternoon to watch the nation's latest jet aircraft go through low-altitude maneuvers during the annual Armed Forces Day open house at Wurtsmith Air Force Base, Oscoda.

Highlight of the afternoon's program was a fly-over by four of the latest F-89D "Scorpion" jet planes performing a spectacular climb and roll-over above the heads of spectators.

Led by Maj. Dale G. Hudson of the 33rd Fighter Interceptor Squadron, the other three jets were piloted by Lt. Robert Luther, Lt. J. J. Miller and Lt. Richard Pennington.

Large crowds of visitors inspected a huge static display of the latest jet interceptors, including the F-89D, the F-80D (Sabrejet) and the Lockheed T-33 jet trainer. Specially built ramps allowed the spectators to view the planes at close range.

Other planes on display included the C-47 cargo plane, called the "work horse" of the air force, and a Bell two-place helicopter.

Rescue equipment used by pilots and crewmen and one of the huge jet engines was on display in a maintenance hanger. Each piece of equipment was marked with a price tag to show visitors where tax money was being used.

A simulated air-sea rescue was performed by one of the helicopters. Spectators were amazed at the maneuverability of the helicopter as the pilot hovered above a crash "victim" dropped a special harness and then carried the downed pilot above the heads of spectators to a waiting ambulance.

A demonstration of fire fighting equipment was staged in a mock crash-landing. Fire fighters quickly extinguished an oil and gas fire which blazed several hundred feet in the air by using water and foam.

During the program, Capt. George Shaw, master of ceremonies, described the maneuvers of jet planes during the fly-over and explained other features to the visitors.

Plan to Break Ground for New School by October

Ground is expected to be broken for the new \$835,000 Tawas Area Junior and Senior High School in October of this year and it is the aim of the board of education to have the school ready for occupancy by the fall of 1956.

This action followed the special school election of last week at which time the electors of the district voted favorably on an \$875,000 bond proposal for construction of the school.

The Neumann-Reinke property, which voters favored in an advisory vote over the Fairgrounds property in last week's election, is now owned by the school district. The property was purchased Monday and all titles were cleared by Tuesday night.

Checks were paid Monday to Fred Neumann and Christopher Reinke, owners of the site for the new school, amounting to \$4,800 and \$7,400, respectively. Both parcels of land had been optioned for \$100 each by the board in 1954.

The board of education unanimously passed a resolution requesting the Tawas Township Board to zone the property along the Plank Road to the M-55 intersection and from the Inglish Mill on the Wilber Road to the school site as a residential district. The proposed zoning would prohibit commercial usage on both sides of the road in this district and restrict building to residential only. Commercial buildings now in effect would remain.

Representatives of H. E. Beyer Associates, architects of the new school, told members of the board Tuesday night that a complete topographical survey of the Neumann-Reinke site would be made the first of next week.

Development of the Neumann-Reinke site will take place this summer. It is expected that the school will be ready for occupancy within nine months after breaking ground this fall.

The board of education will schedule meetings with the original study groups which made tentative plans for the school which was proposed in 1953. The meetings will be held after complete plans are drawn by the architects. The taxpayers of the district will also be invited to attend general meetings to view the progress.

At a special meeting held May 19, the board conveyed the vote cast during the May 17 election. The official results of the election are as follows:

Bond proposals—Precinct No. 1, East Tawas, Wilber and Baldwin Townships "Yes" 366, "No" 691, eight spoiled ballots; Precinct No. 2, Tawas City and part of East Tawas "Yes" 101, "No" 157, one spoiled ballot.

C of C Banquet Next Thursday Evening

The Tawas Chamber of Commerce will hold its annual banquet and meeting Thursday, June 2, starting at 7:00 p. m. at the Holland Hotel in East Tawas.

"This is an affair that you won't want to miss," said Elwood Bronson, president of the chamber, in a letter to all members this week. "It is exceptionally important this year as vital new plans for progress during the year will be taken up and our new secretary-manager, Richard O. Allen, will be introduced."

Two tickets for the banquet and a stamped addressed envelope were enclosed in the letter to each member and prospective member. Payment for the tickets may be mailed to the chamber of commerce office.

Law Enforcement Officers Organize

The first regular meeting of the Northeastern Law Enforcement Officers Association was held Wednesday night, May 18, with a dinner party at the Methodist parish house, West Branch. A turkey dinner was served to the 52 members present by the Methodist Women's Guild.

The new organization is composed of 83 members of various law enforcement agencies in Northeastern Michigan. The area comprises the counties of Isosco, Arenac, Alcona, Ogemaw, Crawford, Gladwin, Roscommon and Oscoda.

After the dinner, the meeting was called to order by acting president, Sgt. Lynn Smith of the Michigan State Police Post at West Branch.

After a short talk by Smith on the purpose of the association, he introduced Circuit Court Commissioner Edward Bartlett, who spoke on the work of the justice of the peace in regard to law enforcement.

An election of officers was held with the following officers named: Sergeant Smith, president; Jack Guderson, first vice president; Michigan Conservation Department; C. R. Brown, second vice president; Michigan Conservation Department; Ray Peck, secretary, justice of West Branch; Charles C. Kurtzrock, treasurer, chief deputy of Isosco County Sheriff Department.

The executive committee will meet every other Wednesday at noon and the general meeting will be every other month at various locations in the association.

Denounces Present Trend in Government

George A. Prescott, Isosco County clerk, (Rep.) today bitterly denounced recent trends in government which will be reflected in every tax bill received by the people this year.

Prescott said, "I can no longer keep silent. Basically, my first interests have always been my family and home; doing the best I know how in my work and watching my neighbors prosper, knowing that as they prosper, so do I."

"I would be shirking my duties and responsibilities," Prescott continued, "If I didn't call the people's attention to these continued encroachments on local government. I recently finished clerking the county tax allocation board meeting. With all apologies to the members of that board, it clearly appears that their authority is little and they are now a group in name only."

"There has been much discussion of the November 1954 supreme court ruling in the Pittsfield School District case, No. 9, versus Washtenaw County Board of Supervisors. I was particularly interested in the comment of John E. Hicks, chairman of the Central Michigan School Administrators Research Association on this decision in his introduction to a publication, 'Current Status of Local Property Valuations for Taxing Purposes.'"

"I quote from Mr. Hicks. 'It is important to emphasize here that the supreme court decision in the Pittsfield case clearly establishes that the county tax allocation board is without function or authority over tax rates until the combined budgets of local tax units require a combined millage in excess of 15 mills on the state equalized valuation.'"

"Just stop and think what that means," Prescott said. "Our tax allocation boards used to make equalized figures last year of \$17,800,000. That raised for all county taxing units last year \$267,000. Now, under the new system, let's compute what might arbitrarily be raised with the same 15 mills, applied to the state equalized figure which this year is \$38,200,000. My figures say \$573,000. More than double! Think of it! This possibility hangs over us from here on. There is no check to stop it now."

Mr. Prescott continued, (See Denounces, Back Page)

Potts Pitches No-Hit Game for Alabaster

Gerald Potts, young right handed pitching ace of the Alabaster club, turned in a no-hit, no-run performance Sunday afternoon as the "White Club" defeated the West Branch club.

The victory marked Alabaster's first win in two starts this season in Northeastern Michigan League play.

Potts' performance on the mound was near-perfect, allowing only one base on balls and struck out seven opposing batters. Only three other batters reached first base via three fielding errors by his mates.

In what proved to be one of the best pitching duels in recent years in NEM League play, Potts bested Johnnie Martin, veteran southpaw twirler for West Branch and a former Alabaster star hurler.

Martin turned in a three-hit pitching stint against the Alabaster club which is heavy on left-hand batters. The veteran hurler struck out 11 batters, but walked four, three in one inning, and committed a couple of costly fielding errors with men on the bases.

All three of Alabaster's runs were unearned, the first coming in the third inning after Martin had posted four strike-outs in the first two innings.

In the third, Elmer Erickson led off with a base on balls. Potts sacrificed the runner to second base and Erickson continued on to third on a bad throw by Martin. Pat Erickson walked and his brother scored later on a wild pitch. John Erickson walked. Grack fouled out to the first baseman. Mielock singled, loading the bases. McMurray grounded out second to first to end the inning.

Kids' Fishing Area Now Ready

The Kids' Fishing Area sponsored by the Isosco Sportsmen's Club on Cold Creek is now ready for use, this week started Val Fallu, club secretary. Final work on the picnic area was completed last Sunday by members of the club and other volunteers.

"The conservation department's game and fish division has been notified of the completion of the project and trout will be planted as soon as they can get to it," Fallu stated.

The club secretary said that a code of conduct for use of the kids' fishing area has been outlined as follows:

1. Keep grounds and stream clean at all times.  
2. Do not use any kind of fire for cooking.

3. Always use the stiles in crossing fences.  
4. Take fish only by legal means.

5. Take no more fish than your fair share.  
6. Be courteous to your fellow fisherman at all times.

7. Place all papers and other trash in receptacles.  
8. Use picnic area for eating lunches.

9. Prevent any damage to living trees, fence, stream banks and the property of others.

"This area is made available for the youngsters' use and enjoyment through the courtesy of the land owners and the effort of the Isosco Sportsmen's Club," Fallu states. The area is open to youngsters 16 years of age and under.

Whittemore Speedway Opens Saturday Night

Another season of stock car and jalopy racing will begin Saturday night, May 28, at the Whittemore Speedway on M-65 in Whittemore. Races will be held every Saturday night through the summer months.

According to Stanley Osinski, promoter of the speedway, time trials are held at 7:30 p. m. and racing starts at 8:30 p. m. All entries are accepted.

The Western Isosco County speedway has proven to be one of the most popular in Northeastern Michigan since its establishment several years ago. The oval boasts comfortable stands for spectators and refreshment booths.

In memory of those who died for a great cause, the fight to keep America the land of the free, Memorial Day services are being conducted in every village, hamlet and city throughout the nation. America is truly the home of the brave—all the brave men who gave their lives as a price for this freedom.

On Memorial Day, May 30, let us pause and rededicate ourselves to the cause for which these men died—to keep America a bulwark of freedom . . . a symbol to the world of the blessings of a democracy. Let's make this our tribute to those we honor on this Memorial Day.

## CONSERVE WATER---

Tawas City water users were notified this week of lawn and garden sprinkling hours which will go into effect on June 1. This measure is necessary during the summer months due to the inability of present pumps and water storage facilities in the municipality to provide enough water during the increased usage period.

Your city council and water department are at present preparing to go ahead with plans for drilling an additional well, construction of a second upright tank capable of storing an additional 200,000 gallons and an iron removal plant. It is highly important, however, that all citizens remember that this proposed system is still under consideration and, if approved, would not be ready until next summer.

Last August, this newspaper reported a very critical situation which developed when Tawas City's water pressure dropped at an alarming rate. The lack of pressure could be traced right back to the home owners who were not following the prescribed hours for sprinkling AND WERE CHEATING THEIR NEIGHBORS.

Your city officials are doing everything in their power to provide additional water facilities. In fact, the taxpayer should remember this critical shortage of water and vote accordingly when he is asked to approve a bonding election for the construction of such facilities in the near future.

In the meantime, it is up to each and every one of us to pay particular attention to the conservation of our water supply—use water thoughtfully and follow the water department's prescribed sprinkling hours. Only by following this course can we avert a serious water shortage.

**BANK ROBBERIES—**

The Federal Bureau of Investigation is being confronted by the biggest wave of bank robberies in 20 years. The worst year for banks in American crime history was in 1932, when 606 violations occurred. Two years later the FBI gained jurisdiction under a federal law and the annual total diminished steadily until 1944, the total had ebbed to 89. Then in 1951 the present upswing began until in 1954, 438 robberies were reported. In the first eight months of the current fiscal year, the total is 366, compared with 273 for a similar period in fiscal 1954.

The department of commerce reported that the business upsurge to near-record levels in the first quarter of 1955 showed no signs of abating.

**LEGISLATIVE NEWS LETTER**

Submitted by James Mielock House of Representatives Lansing, Michigan

The road program took a new lease on life when the house in an unprecedented action this past week, for the first time in the history of the Michigan Legislature, successfully moved to discharge a committee from further consideration of S. B. 1214, popularly called the "Coleman bill."

Similar moves have been attempted in the past, but not until this past week when a coalition of 46 Democrats joined with 10 Republicans to make it possible, such actions have been unsuccessful. It has always been argued that such a move would only slap at the committee or committees in question, but also a threat to the eventual breakdown of the time-honored committee system around which orderly legislative procedure has revolved. There is no question but what the committee has worked hard, diligently and sincerely, and as a result of its efforts, reported out H. B. 65 several weeks ago which the house passed unanimously. However, the senate took no action on the bill and the bill became stymied in conference committee.

Proponents of the move to bring the senate bill to the floor, argued that a road program was a "must" in this session, and the only way in which one could be effected was by this means inasmuch as the legislature was apparently hopelessly deadlocked in the two versions of a program. Opponents were unsuccessful in their efforts to defeat the action and a motion to reconsider was prevented by an adjournment motion which is not debatable. The bill, therefore, must remain on the floor and be considered by the entire body. Much bitterness has been caused and a fight is sure to occur when the bill comes up for debate and action by the entire body. The major difference between the house and senate versions lies in the distribution formula with S. B. 1214 giving 75 percent of the increased revenues to the state for arterial highways and 25 percent to the cities and counties. The house idea is a formula of 44 percent to the state, 37 percent to the counties and 19 percent to the cities, the same as present gas and weight tax monies are distributed.

S. B. 1162, amending the Affiliated Children's Act, received unanimous approval in the house. The bill would require hospital and medical bills to be submitted 90 days after discharge of the afflicted child from the hospital.

S. B. 1211, amending the motor vehicle sales finance act, requires that any excessive or prohibitive costs (in connection with the installment sales contract) paid by the buyer, shall be applied to the principal of contract. It passed without a dissenting vote.

The sportsmen's fishing law was amended in S. B. 1192 and received house approval by a 91 to 8 vote, prohibiting non residents of state from ice fishing in southwestern counties unless they produce tax receipts as proof

of property ownership in the state.

Senate Bills 1254, 1255, 1256, 1257 and 1258, passed the house with substantial votes. This package of five bills, the result of studies over a long period of time, overhauls the state-county relationship in foster care for children and is hoped will be effective in stopping delinquency through the placing of children in proper homes rather than in state institutions. Under these bills, which have approval of the probate judges, the counties would pay 50 percent of the cost of care in state institutions instead of the state assuming the full cost as at present, whereas the state would reimburse each county 50 percent of the cost of care for all children the county places in approved foster-care homes within the county. At present, the county assumes full cost of the care of a child placed in a foster home in the county.

S. B. 1382, implementing the constitutional amendment adopted by the people in the spring election, to provide for loans to school districts, came in for rather heated debate, before it was finally passed by the house 102-0, over the issue of whether or not gyms and auditoriums are considered classroom facilities. Pointing out that state law requires the districts to furnish facilities and class rooms for physical education, the chairman of the house education committee successfully led the fight to include both gyms and auditoriums upon proof they are needed in instruction programs.

By a vote of 96-0, the house

also passed S. B. 1383, authorizing the state to borrow up to 100 million dollars and issuance of its faith and credit bonds therefore, for the purpose of making loans to school districts.

S. B. 1009 passed the house without a dissenting vote. This bill would permit circuit judges to require persons under 22, convicted of felonies, to spend up to a year of their probation period in probation camps instead of prisons.

Also receiving house approval was S. B. 1106, permitting cities to acquire and operate exhibition areas for the display of commercial, industrial and agricultural products, and parking areas used in connection therewith.

In S. B. 1296, passed by the house 82 to 5, the common pleas court would have a permanent staff of court reporters in such number as provided by the board of supervisors of the county. Ap-

pointments would be made by the governor upon the recommendation of the judge or judges of the court.

**Childs Appointed Head of International Group**

State Police Commissioner Joseph A. Childs has been appointed chairman of the state and provincial section of the International Association of Chiefs of Police.  
He succeeds A. P. Bunderson, who has resigned as superintendent of the Idaho State Police to become field representative in the intermountain region of the National Safety Council.  
The state and provincial section is comprised of state police and highway patrols in the United States and similar enforcement groups in the provinces of Canada. It is an important part of the international association.  
The section is broken down into regional organizations, each with a vice chairman. Childs has been vice chairman of the east-north central region, which includes the states of Indiana, Illinois, Kentucky, Michigan, Ohio and Wisconsin and the province of Ontario. In accepting the chairmanship, he has appointed Superintendent Phillip M. Brown of the Illinois state highway patrol to succeed him as vice chairman.

**Quota Club Holds First Anniversary Dinner**

The deaf child must overcome three obstacles—he cannot hear, he cannot talk and he has no language pattern.  
These facts were further explained and illustrated by Stahl Butler, executive director, Michigan Association for Better Hearing, at the Quota Club of Isoco County's first anniversary dinner last Thursday evening, held at Ewing's Chicken House, Oscoda.  
Fifty-five Quotarians and guests, many of whom direct activities of other organizations this year, learned much that will help all to better understand the problems and needs of both deaf and hard of hearing people. They will also be more aware of the contribution being made to assist the Michigan Association for Better Hearing by Quota Clubs whose international project is aid for the hard of hearing.  
Mr. Butler told of the work being done in Michigan to provide diagnostic tests for people. A visit to one of six centers or the mobile hearing-testing unit can reveal whether there is a hearing problem. If so, an interview follows to help the person determine what assistance can be made available.  
"Too many hearing aids end up in a drawer before the end of one month," said Mr. Butler. That is because hearing aids do not restore hearing, they can only aid in using what is left. The new user will benefit greatly by attending lip reading classes.  
Mrs. M. Bethel Clifford, field consultant, Michigan Association for Better Hearing, organizes and conducts lip reading classes over the state. She said, "Lip reading opens a new life, way of conversation." In addition she finds that the chance to get acquainted, to visit together over refreshments served following class periods, is a therapy as valuable as the class itself. Quota Clubs provide this social time for class members in some centers.  
The hard of hearing problem is a community problem, too, because these people are refused jobs when it is learned they have a hearing difficulty.  
Mrs. Clifford noted that lip reading teachers are scarce. The need for trained personnel is great, and Quota Clubs in some places offer lip reading scholarships to help relieve the situation. Her own life-long interest in the hard of hearing dates back to her childhood when she was the "slow one" of twin girls. It was years before her hearing difficulty was discovered.  
With the help of Mrs. Margaret Courter, a member of the Flint Hard of Hearing Society, Mrs.

Clifford demonstrated lip reading techniques. Mrs. Courter has studied persistently, both while attending the Michigan School for the Deaf and in special classes since. She has won recognition in lip reading contests and speaks with a distinctness unusual among persons who never heard at all.  
Besides being the mother of two boys, she works in the office of a mail order house business, where one of her increasingly important duties is to act as an interpreter between her boss and other employees (he has a progressive ailment which slowly robs him of audible speech).  
In beginning the second year of Quota Club work, Leonora Hass, president, indicated more and larger projects are being planned, among them work on the hard of hearing service project.  
Mrs. Olive Barnett presided as toastmaster. Speakers were introduced by Mrs. Nita Green, chairman of the hard of hearing service committee.  
The Northernares, Larry Galbraith, Reginald and Olive Barnett, pleased everyone with musical selections.

**National Guardsmen Aid Police in Traffic Control**

With the help of 50 National Guardsmen ordered out by Governor Williams, Michigan State Police have planned an intensified traffic safety effort over the Memorial Day week-end.  
As the first step, Commissioner Joseph A. Childs has canceled all pass days from noon Friday, May 27, to noon Tuesday, May 31. The cancellation order also includes the Fourth of July and Labor Day week-ends.  
All state police enlisted personnel will be on traffic duty. Detectives and other officers on special assignment will work at post radio desks or be on patrol.  
Post commanders have been instructed to schedule patrols in accordance with traffic flows and to pay special attention to high accident areas.  
The National Guardsmen will not be used on patrol, but on point control where traffic becomes congested and jams up for considerable distances. Their use on point control proved very effective when the guard was called out to work with the state police, sheriffs and local police over the last Labor Day week-end.  
Twenty persons were killed in 19 accidents during the Memorial week-end last year.  
"We're going to try to reduce that toll this year," Childs said. "But the final answer, as always, is the driver himself. It's up to him to save his life by driving sensibly and watching out for the other fellow."  
"Traffic may reach an all time high for a Memorial week-end and that means drivers must be on the alert. And they shouldn't forget that safety does pay."  
The hurried-up retirement of General Matthew Ridgway, announced only a week or so ago, means that the nation is to lose one of its fightingest soldiers. Ridgway's retirement on June 30 comes—no doubt—as a result of his dispute with administration leaders on trimming down the size of the army.  
President Eisenhower, Secretary of Defense Charles E. Wilson and other leaders in the administration have voiced the opinion that the main reliance in today's defense program should be in air power.

**the Snapshot Guild**

Even if your connection with the flowers that bloom in the spring is limited to painting the flower pot, there's good snapshot material.

**Picture Your Gardening**

Do you remember the words of the good old Gilbert and Sullivan song, "And the flowers that bloom in the spring—tra-la—have nothing to do with the case"? Well, right now, we don't agree! We think that the flowers that bloom in the spring have a great deal to do with the case—especially when the case in question is taking pictures.  
Here we are in the merry month of May and most of us are armed with spade and trowel—up to the very elbows in seeds and sun-warmed earth. And whether those efforts are directed toward a man-sized vegetable garden designed to feed the family, or merely a two-foot-square bed of flowers, or even a miniature herb garden, you gardeners should plan on keeping a picture record of your activities this year.  
The day you break ground and plant the first seed is the day for your first snapshot. From then on, if you take pictures regularly right through the summer, you'll have an accurate "eye-witness" story of how your garden grew week by week. No one can deny the results of your spring labors when you have pictures in hand to show the mammoth size of your peonies or the ample girth of those prize tomatoes of yours!  
It's always a good idea to put people in some of your gardening pictures, too. But don't have them as the focal point of your picture or else the garden will serve only as incidental background. Let them be part of your picture—just posed but busy weeding, cutting, planting, showing interest in the garden, or calling attention to specific flowers or plants.  
—John Van Gulder

**DUST BOWL HIT BY FLASH FLOODS**

Portions of the drought area of southeast Colorado have been hard-hit by flash floods which have inundated many square miles of parched farm lands. Shown above, two men carry an outboard motor to a boat that is being used to evacuate people stranded in their homes near Junta, Colorado. Flood waters have receded slightly but are expected to reach a crest again.

**With the Iosco 4-H Clubs**

Monday, June 13—Dress Revue event and 4-H Club Council meeting at the Plainfield Township Hall.

4-H Club news is very short and sweet this week, but very important to you dairy project members.

That is because the Iosco County Fair is not too many weeks away and some 4-H Club members will have calves that need to be tested. If a blood test is needed and has not been given, the calf cannot be shown at the fair.

Here is how to find out whether or not your calf must be blood tested this summer: Just read down through this chart and find out which description fits your animal; then, act accordingly.

(Figure animal's age as of July 30, 1955.)

If under 12 months of age, and not vaccinated—No health slip requirement.

If over 12 months of age—Brucellosis blood test within 30 days of fair.

If within 12 to 20 months of age, and vaccinated with Strain 19 by veterinarian when six to eight months of age—A vaccination slip is required.

All dairy animals over 20 months of age—Brucellosis blood test within 30 days of fair.

No cattle may be unloaded unless the health requirements are met.

Have you determined by now, whether your animal must be blood tested?

If so read this. Any 4-H Club member wanting an animal blood tested should let us know here at the Cooperative Extension Service Office by no later than July 5. At that time arrangements will be made to have a veterinarian make a trip around the county to test all the 4-H Club animals which need it.

The Chamber of Commerce of the United States recently voted opposition to the guaranteed annual wage and to repeal of "right to work" laws.

By DOROTHY SCOTT  
Tuesday, May 31—Cooperative Extension Service Advisory Board Meeting.

The fourth and last of our cardiac work simplification classes was held Thursday morning, May 18, at the Federal Building in East Tawas. Mrs. Ruth C. Kettunen, Michigan State College home management specialist, has been the instructor.

We have been pleased to find that 36 different women have attended at least one of these four classes. When Mrs. Kettunen returns a copy of the enrollment and attendance sheet we will be able to tell the number of women attending two, three, or all four classes.

"These have been the most helpful meetings I've ever attended," a comment made by Mrs. E. L. Deacon, is typical of the response heard among the women. We are most happy that everyone has so much enjoyed coming. Further, we hope many of them will devise ways of using some of the many suggestions Mrs. Kettunen offered.

If there should be sufficient requests, we could arrange to have the series repeated at another time, perhaps at another location in the county.

Further discussion about saving energy at this week's meeting, calls to attention these facts: Reaching to three inches from the floor uses 19 times more energy than reaching to a height of 46 inches; reaching to 72 inches from the floor uses four times the energy required to reach 46 inches. Standing can use from eight to 30 percent more energy than sitting. Going upstairs uses one to 15 times as much energy as walking on the level.

Take stock of your reaching habits. Never stand when you can sit. Try to avoid trips up and down stairs. In these ways you will be "taking it easy."

**This '55 Buick must have something that folks just won't do without!**

TWO months ago, in the public print, we said that this looks like Buick's biggest year—and we weren't fooling.

But what has happened—and continues to happen—is almost beyond belief.

People buy up these stunning new Buicks practically as fast as we get them from the factory. Buick production—already revised upward several times—keeps forging ahead to new highs every month to meet the mounting demand.

And Buick sales keep soaring higher and higher—outstripping by far the phenomenal success of last year—the success that moved Buick into the "Big Three" of America's best sellers.

What is it about the '55 Buicks that folks buy by the

hundreds of thousands just won't do without? It's many things.

It's styling that's boldly distinctive and fresh as tomorrow. It's beauty of line and beauty of interior décor. It's a ride that's level, firm and steady. It's a new sweetness of handling. It's great power—walloping new V8 power of record might.

But above all, it's a new kind of performance, from a new kind of automatic transmission that was born of flight thinking.

It's Variable Pitch Dynaflo\*—engineered from the principle of the modern plane's switch-pitch propeller—and what it brings you in the way of pure thrill, mere words can't describe.

Just you drop in on us this very week and try it. That way you can see what a terrific automobile—and a terrific buy—the hottest-selling Buick of all time really is.

IN MEMORIAM

IN MEMORIAM In memory of my dear friend, Mrs. C. Prescott Sr., who passed away June 1, 1949. Your sunny smiles Your friendly ways Have brightened A many cloudy days. 21-1p Mrs. Annie R. Metcalf.

IN MEMORIAM In loving memory of our dear wife and mother, Mrs. Otto Remper, who passed away one year ago May 20, 1954. Although "Goodbye" is hard to say and parting hard to bear, May knowing that the one you love, is in the Master's care. Help ease the sorrow in your heart and bring assurance too, That you'll be reunited where your loved one waits for you. Sadly missed by her husband 21-1p and children.

IN MEMORIAM In loving memory of Frank S. Metcalf who passed away June 1, 1942—His wife, Annie, daughters, Jean (Mrs. George Seifert, Battle Creek), Elizabeth (Mrs. William Morgan, Paris, Kentucky), and Anne (Mrs. R. McClurg of Elmhurst, Chicago); Thomas of Nashville, Tennessee, and Melbourne at home. Remembrance is a golden chain Death tries to break—but all in vain To have to love and then depart Is greatest sorrow of one's heart The years can wipe out many things But this they wipe out never, The memory of those happy days When we were home together. 21-1b

Mother-Daughter Banquet Held Thursday Evening

A mother-daughter banquet was held at the St. Joseph's Social Center last Thursday evening at 6:30, sponsored by the Altar Society for the mothers and daughters of St. Joseph's Parish. There were 112 in attendance. Tables were decorated with white chrysanthemums and favors of miniature statuettes of the Virgin Mary. The banquet was served by the auxiliary of the order of Eagles. Mrs. Eva Peco was chairman of decorations. The toastmaster was Ethel Schramm. The principal speaker was Mrs. Grant Shattuck, who talked on the needs of the people of eight foreign countries and her work for them the past several years. She had a display of pictures of many of the people.

Mrs. August Lawrence gave some impromptu songs and poetry. Several children gave selections of poetry. Frances Wunderlee gave a toast to the mothers; Ethel Schramm, a tribute to daughters. Vocal solos were given by Judy Nelkie with Mrs. Rex Kochenderfer as accompanist. Hydrangea plants were presented the following: The oldest mother, Mrs. Chris Reinke; the youngest mother, Mrs. Beryl Hughes Jr.; Mrs. Harry Bolen mother of the largest family; Mrs. Adolph Cadorette, mother with the most daughters present.

Denounces

(Continued from Page One.) "Fortunately, we won't have to pay the whole cost this year because the combined budgets of all the taxing units do not reach that figure. But there's nothing to stop reaching that sum at any time. Our allocation board is powerless, if the presented budgets at any time of the county taxing units legitimately show that such a sum as \$973,000 is needed by taxation in this county. They would have to approve and authorize the levy."

Deadlock

Waters Defined for Bow and Arrow 'Fishing'

Bow and arrow hunters had a field day Monday shooting at carp which were migrating up the Tawas River. However, it was reported Wednesday by Conservation Officer Arthur Leitz that fishing with a bow and arrow is legal only on the AuSable River from the Detroit and Mackinac Railway bridge to the mouth of the river at Oscoda and on Cedar Lake north of Oscoda.

Services at Hale A memorial program will be held Monday at Evergreen Cemetery with the Glen Staley Post, American Legion, in charge. The program will start at 11:00 a. m. Principal speaker will be the Rev. Jack Richards, pastor of the Hale Baptist Church.

Services at Whittemore A community Memorial Day program will be held at the Whittemore Cemetery starting at 2 o'clock Monday afternoon. The address will be given by B. H. Doty of Gladwin. Services will be under the auspices of several civic and social organizations of that city.

The conservation officer said these waters were designated by the department in a special season which opens May 1 and closes May 31. The season reopens on July 15 through August 15.

In these waters, the bow and arrow hunter-fisherman may legally take gar pike, dog fish and carp during the specified season.

ADMITTANCES—Garth Mousseau, Hale; Mrs. Carolyn Hall, Oscoda; Mrs. Donna Farrand, East Tawas; Robert Hansen, Oscoda; Beatrice Dodson, Oscoda; Peter, Steffes, Oscoda; Arla Cruts, Oscoda; Marlene Bauld, East Tawas; Clarence DeLosh, Alabaster; Mrs. Elizabeth Reed, Greenbush; Mrs. Leah Wogaman, Alabaster; Edward E. Parsons, East Tawas.

Ohmer J. Curtiss, case worker supervisor of the Traverse City State Hospital, was guest speaker. He showed two very interesting films and told about the work at Traverse City. There was a question and answer period at the close of the meeting.

Under the plan, the department may authorize special hunting beyond the one-buck season. The small game bill would establish a separate hunting zone north of M-55, which meanders across the state from Tawas City to Manistee.

(Continued from Page One.) eighth inning with Alabaster leading 1-0. In that inning the winners added two insurance runs when, after John Erickson lined out to the third baseman, Grack was safe at first on an error by the West Branch second sacker and later reached second base on a wild pitch. Mielock was safe at first when Martin made a fielding error on his bunt, Erickson taking third. Erickson then scored with the second run on a passed ball by the catcher. Cliff Erickson promptly blasted the first pitched ball for a double, Mielock scoring. Peterson grounded out to end the inning.

The Alabaster club will soon lose the services of Potts, who is scheduled to leave for induction into the army early in June. He will go against the Oscoda club this Sunday afternoon at the Alabaster ball park. Game time is 2:30 o'clock.
