Shown above is the contractor's sketch of the new Tawas City Post Office, construction of which was awarded to the Northern Construction Company of East Tawas this week. Preparations for the start of construction will begin next week.

Northern Construction Co. Awarded New Tawas City Post Office Contract

According to an announcement made Tuesday by the United States Post Office Department, the successful bidder for construction of the new post office building in Tawas City was the Northern Construction Company of East Tawas.

This announcement from the department's regional realty manager office in Chicago came shortly after a communication received here from Congressman Elford A. Cederberg of Bay City, which stated that the local construction firm had been awarded the contract.

The new 30 by 60 building will be of cement block construction with a brick, stone and redwood front, stated Donald Pringle, manager of the construction firm. It will be located just east of the present post office building on Lake Street, formerly the William Hansen property.

Leased on a 10-year basis from the Northern Construction Company, owners, contract for construction of the new building calls for it to be ready for occupancy by February 1, 1956.

Mr. Pringle stated Tuesday that his firm would have an ideal location for an office or business adjoining the new post office building. Information can be obtained by calling (See Post Office, page eight.)

5 Outstanding Tawas Seniors to Compete in Scholarship Program

Five outstanding seniors at Tawas Area High School will compete in the new, multi-million dollar National Merit Scholarship Program, Principal R. W. Butterfield announced today. These high ranking local students will be aiming at some 350 four-year college scholarships that can carry up to full tuition and living expenses, depending upon the financial need of each winner. Winners will be chosen on the basis of their ability to profit from a higher education.

Terry Beadle, Carol Bolen, David Butterfield, James Pomcrantz and Marilyn Smith are the seniors named to take a preliminary screening test to be given in the high school October 26, as the first step. The competition is open to all secondary schools, and is the largest program of its kind.

The scholarship program is conducted by the National Merit Scholarship Corporation, an independent, non-profit educational organization set up by grants of \$20,500,000. (Aimed at

the discovering and helping the most talented students in the country, the merit program permits the winners, known as merit scholars, to choose any accredited college or university and any course of study.)

Some 800 runner-ups in the competition will be awarded certificates of merit, and their names will be announced to all colleges and other scholarship agencies as students of unusual ability.

Attends Kiwanis Convention

Russell Rollin was at Lansing during the past week-end where he attended the 38th annual Kiwanis convention as a delegate from the Tawas Kiwanis Club. He also participated at the meeting as a trustee of the Foreney Clement Foundation.

While at Lansing he was in attendance Monday at a meeting of the Teacher Recruitment and Certification Committee of the Department of Public Instruction.

Second Conservation Class Held Last Week

The second session of the class taking the field course in Conservation of Michigan Resources being offered by the University of Michigan was held in the East Tawas school unit Tuesday evening, September 20. Since most of the members of the class are from Hale, future meetings will be held in the Plainfield Township Rural Agricultural School.

Samuel T. Dana, dean emeritus of the School of Natural Resources, led the discussion Tuesday on conservation policy and administration. Dean Dana emphasizes the fact that Michigan has used its abundance of natural resources lavishly, and in retrospect not always too wisely, to build a great state.

"Trial and error," he stated, "have resulted in concentrating agriculture and industry largely in the southern part of the Lower Peninsula, with timber production, mining and recreation predominant in the northern part of the Lower Peninsula and in the Upper Peninsula." (See Conservation, page eight.)

90 Percent of Fires Could Have Been Prevented Says Musolf

Fires—90 percent of which could have been prevented—last year destroyed 11,000 lives and \$870,984,000 in property in the United States, Fire Chief Fred Musolf of Tawas City reported today as he announced the beginning of Fire Prevention Week, October 9 through 15.

Statistics of the National Board of Fire Underwriters show an estimated 845,116 fires in United States communities of 2,500 and over in 1954. This is eight percent less than the 1953 total of 913,304 fires, and 15 percent below 1952's 983,733.

The statistics also show, however, that residential fires, which constitute 72 percent of all building fires and 34 percent of fires of all types, decreased only four percent in the same two years. This is the weakest spot in the picture and also the most crucial from the standpoint of home and family.

For this reason, Chief Musolf urges each citizen of this community to observe Fire Prevention Week by thoroughly checking his home for fire hazards and correcting any unsafe conditions he may find there.

This week the Tawas City Fire Department distributed several hundred stickers to telephone subscribers in the Tawas City, Tawas Township and Alabaster Township area. "These stickers, imprinted with the fire department's phone number, PO 2-2328, should be fastened in the phone book for a handy reference in case it is needed," stated Chief Musolf.

"Plainfield Township Volunteer Fire Department is cooperating in the national observation of Iosco County and more especially to our fire protection area, convey at this time to the people of Iosco County and more especially to our fire protection area, is the fact that we are now equipped with an aqua lung for underwater rescue work and other places where it may be needed. We also have a respirator with personnel trained in its operation," states Kenneth Salisbury of the Hale Fire Department.

"We take pride in our meeting every Monday night for practices in fire fighting, first aid, artificial respiration and other duties in connection with the operation of a fire department," Mr. Salisbury said.

"We wish to inform area residents that the telephone number of the Hale Telephone Company area, to call in case of fire or other emergency is RAmpdolph 8-2300. Should you call this number in case of emergency, please give all details possible to the person who answers, that we may respond quickly and efficiently when called."

BUILDING PROGRAM CONTINUES IN FALL

Construction and remodeling of business and industrial buildings continues at a rapid pace here this month. Some of the buildings already completed include the Tawas Plating Company plant on Industrial Avenue and the near-completion of the Barnes Hotel and Fuelgas Company, Incorporated, showroom.

New projects undertaken during the past two weeks are the remodeling of two building fronts in the Tawas City business district. Work started last week on the new front for the Tuttle Hardware and the Iosco Hotel.

George Tuttle said Tuesday that the new front on the hardware building would be of brick and plate glass with redwood trim. The new entrance will be located in the center of the front with plate glass panels on each side.

Windows will be lowered to about 18 inches above street level with a marquee extending over the sidewalk. Depending on weather conditions, construction should be well underway in two weeks, stated Mr. Tuttle. Henry Oates is contractor.

Work on the new front for the Iosco Hotel started last week. Construction is by Henry Oates and the front will have a new concrete porch with stone railing planter box. New siding of green masonry will finish off the front with Pluralite glass windows.

Carl Peters, owner of the hotel, said that new windows would be installed throughout the building with an awning over the front entrance. Construction is expected to be completed in a month or six weeks.

October 1 Last Day to Pay Assessment

Property owners in Tawas City were reminded this week by the city water board that October 1 is the last day to pay frontage assessments on existing sewers in the city. After that date a current connection charge will be added to the cost when the connection is made.

At Monday night's water board meeting, a report from Clifford Spicer, city engineer, was read to the board regarding the new well recently drilled for the municipal water system. The letter was referred back for clarification on the amount of water which the well will produce.

A letter from Robert Parker of the Michigan Water Resources was received on the filtration methods to be used by the Tawas Plating Plant. The clerk was instructed to obtain more information from Mr. Parker. The method of processing this waste has received verbal approval from the commission.

According to a report read by Reginald Bublitz, superintendent of public works, 12 sewer and four water connections are to be installed during the next week by the department. Five connections were completed last week.

Catto Pleads Not Guilty to Charge

Marvin W. Catto of Oscoda entered a plea of not guilty to the charge of manslaughter when arraigned Tuesday before Judge Herman Dehnke. Tuesday was the first day of the September term of Iosco County Circuit Court.

The charge against Catto followed an automobile accident on May 12 which resulted in the death of Henry Lixey of East Tawas. The date of the trial has not been set.

Four other arraignments before Judge Dehnke were: Emerson Bowlsby, charged with breaking and entering in the night time, pleaded guilty. Sentence to be given after an investigation by probation officer.

Harold W. Doran and James W. LaFave, charged with breaking and entering in the night time, entered pleas of not guilty, and the case will come up for trial.

Daniel Migrants, charged with larceny, entered a plea of guilty. To be arraigned October 7.

Leo M. Burch, charged with larceny, is to appear October 8 before Judge Dehnke for arraignment.

Civil cases disposed of Tuesday were as follows:

On the petition to determine the water level of Bass Lake, Judge Dehnke ordered that petitioners must make some progress with case or it will be placed on the calendar for dismissal at the December term of court.

Marion Workman, individual and agent for Eustace Workman, vs. John Mandock. Judgment was taken in the amount of \$435.

Michigan Bell Telephone Company vs. Robert Brookbank. Held open.

Hattie Burmaster vs. Peter and Helen Young. Held open.

Emil Chiske vs. Adam Bischak and Elizabeth Bischak. Held open.

Because of the lack of progress for more than one year the following cases were dismissed without prejudice: Jesse Skimin vs. George Wainer, Michigan Employment Security Commission vs. E. L. McIntyre, Mabel McCoy vs. George A. Brown.

Salvation Army Worker Guest Speaker Here

The Tawas Community Council will hold its next regular meeting Monday, October 10, at the Community Building at East Tawas, starting at 8:00 p. m.

Principal speaker will be Donald Hoffman of the Salvation Army, Alpena. He will speak on the organization and benefits of a community or social service council.

TAWAS AREA BRAVES SNOWED UNDER BY STAGS

Pictured above is Rickey Morat, No. 25, half back for the Braves, about to be tackled by two Bay City players. Two Tawas players in the background are Don Ledsworth, No. 24, and Don Phillips, center, No. 13.—Tawas Herald Photo.

Bay City St. Stanislaus, scoring three times in the first quarter last Friday and dominating play throughout the afternoon, snowed under the Tawas Area Braves 67-0. This was the Braves second loss in a row during the 1955 fall football season. The game was played at East Tawas. Held to three first-downs during the entire game, Tawas Area was just unable to cope with the rugged, more experienced Bay City team. Although the St. Stanislaus Stags were held to the same number of first-downs, most of their long runs went for touchdowns.

The Stags played the entire last quarter with their reserve squad which made little difference to the offensive threat displayed by the Braves. Only on two occasions during the entire game did the Braves make

any semblance of an offensive stand when Coach Hickman sent in Carl Nemeth to quarterback his squad.

Nemeth flipped several completed passes, one hauled in by Darwood Leopard which was called back on a penalty, but interceptions and fumbles after the initial passing spurt cost the Braves more ground than they gained.

The Bay Cityans rang up three TDs in the first period when Ken Rybak, end, took a 20-yard pass from Quarterback Reg Shaffer. Bob Jatzek went around left end for 20 yards, and Shaffer hit Rybak with another aerial for a 30-yard scoring play.

An intercepted game for Tawas Area was held by Tom Wagner, fullback, went 40 yards for a touchdown while John Lobodzinski, left half, raced to paydirt on a 35-yard punt return.

Points after touchdown were made by Rybak, three placements; Dick Gwizdala, Shaffer, Bill Skibinski and Jatzek on runs.

The score by quarters: St. Stans. 14 16 19 20—67 Tawas Area 0 0 0 0—0

2-Car Crash Fatal to Flint Motorist

A two-car collision Saturday afternoon resulted in the death of a Flint motorist. The accident occurred 1 1/2 miles south of Tawas City on US-23.

Pronounced dead on arrival at Tawas Hospital was Leonard Howarth of 2208 West McCellan Street, Flint. Investigating officers said that the victim had no drivers license on his person and identification was made through papers found in his pocket.

Officers from the Michigan State Police Post at East Tawas said that Howarth, who was riding alone, apparently lost control of his car as it slipped off the right side of the pavement. The car then came back on the pavement and skidded across to the opposite side of the road striking a car driven by John Huber of Route Two, Tawas City.

Huber told investigating officers that he was traveling south on his way home from work when he saw Howarth's car out of control headed north. He said he drove onto the right shoulder, about five feet off the pavement, to avoid the collision. Huber, who was also alone, was uninjured.

After the impact Howarth's body was thrown out of the car and was found under the left front fender of the Huber vehicle.

The body of the victim was taken to the Jacques Funeral Home in Tawas City.

State Police reported two other traffic collisions over the week-end. Frances E. Steinbaugh of Detroit and Joyce Arlene Burch of Tawas City were involved in a two-car collision at the corner of First Street and US-23 in Tawas City last Saturday afternoon. According to the police report, Mrs. Burch failed to see the approaching Steinbaugh vehicle when she attempted to enter US-23 from First Street. She was ticketed for failure to yield right of way.

Joseph Oldeck of Footsite Village was ticketed for excessive speed last Saturday after he lost control of his car on the River Road near Footsite and it went off the pavement and struck a tree. He received bruises and slight lacerations to the head.

A collision south of Tawas City last Saturday resulted in the death of Flint motorist, Leonard Howarth. Shown above are the two cars following the crash.—Tawas Herald Photo.

Evans Funeral Home Improves Facilities

The Evans Funeral Home has been improved in its facilities very notably this spring and summer. A new preparation room has been constructed, an elevator has been installed making it easily accessible from the outside to the chapel rooms. Also, a new wide cement walk has been laid across the front and the rear of the building. These new improvements to the funeral home have been made solely for the purpose of giving better service to the public.

The electric sign in front of the funeral home has been re-lettered to read Evans Funeral Home.

A court of honor for Boy Scouts was held at the American Legion Hall last Thursday evening. Scout Master Carl Eckman was in charge. The ceremonies began at 7 o'clock. Parents of the Troop 111 were present.

Awards and advancements were made by Mr. Eckman.

Alpena Paper Mill Activity to Increase Business for D & M

The Detroit and Mackinac Railway Company announced this week in its publication, "The Turtle," that it expects to receive an increase in freight traffic when machinery, building material and supplies for the new Abitibi Power and Paper Company at Alpena begin to move in. Later, pulpwood shipments and finished product movements from the new plant will boost railroad traffic.

The proposed location for the Alpena Abitibi plant is a 72-acre site lying along the bay shore northerly from the mouth of the Thunder Bay River to the boundary of land owned by the Huron Portland Cement Company. Present plans call for opening of the plant and production prior to July 1, 1956.

According to present plans the buildings will consist of a power

plant approximately 70 by 100 feet near the river bank and a main plant approximately 250 feet by 400 feet along the north-west property line.

Finished product of the plant will be pressed board or hardboard made from wood fibre and chips. The plant will use upwards of 80,000 cords of pulpwood per year, the equivalent of eight to 10 carloads daily. It is anticipated all Michigan pulpwood from within a 100-mile radius of Alpena will be used.

Abitibi is one of the chief producers of newsprint in Canada. Up to now hardboard has been manufactured by the firm in Canada. However, the demand for the product in the United States has outstripped manufacturing capacity and distribution in this country had to be restricted.

National Newspaper Week—October 1-8

Newspapers throughout the United States will observe National Newspaper Week from October 1 through 8.

Its purpose is to focus your attention on the institution in whose operation you have a vastly greater hand than perhaps you have realized. The institution is your newspaper, daily, weekly or whatever.

The 1955 celebration, based on the theme, "Freedom of information," comes at a time when the press is engaged in a valiant struggle to maintain its position as the chief purveyor of the information needed to assure an informed public.

"Freedom of Information" means just one thing: The free flow of news about the public housekeeping.

Freedom of information is the means of which common, everyday citizens seek and receive information about their work, including new methods of work; about their living conditions, good or bad, and the reasons for them; about their state and national governments.

Freedom of information is the process by which people reach their decisions and make them felt by those in government.

Freedom of the press is, of course, priceless. It doesn't mean that a newspaper is free to do what it pleases, but that no government or other authority shall control the news. Only if this is so, does the public have a chance to get an accurate picture of what is going on. Freedom of the press, then, is a right of the people rather than of the press.

Dedicate Tree in Memory of Mrs. Pinkerton

Mrs. L. G. McKay Sr. was hostess at a luncheon for the East Tawas Garden Club last Tuesday. There were 19 members and one visitor, Mrs. C. S. Besancon of Detroit, present.

The occasion was the dedication of the flowering crab tree planted on the highway strip on US-23 in memory of Mrs. C. A. Pinkerton, who passed away last January. Mrs. F. E. Kunze recited the poem, "Trees," by Samuel Valentine Cole, in her honor. Several members spoke of incidents in Mrs. Pinkerton's life and of her efforts to improve the community life and the effect of her character on the lives of others.

Mrs. McKay paid tribute to her and talked on Mrs. Pinkerton's slogan, "The way will open up." Mrs. Pinkerton's Bible was displayed to those present and Mrs. Glenn Ettinger read from it one of Mrs. Pinkerton's favorite passages.

East Tawas

Mr. and Mrs. Richard Price and family have returned from a trip to Titusville, Pennsylvania, where they visited friends. They stopped at Detroit enroute home for a visit with relatives.

Mr. and Mrs. Roy Westfall, who have been residing in Hazel Park for many years, will arrive next week to take up their residence in East Tawas.

Mr. and Mrs. C. V. Miller were visitors at Pontiac on Sunday.

Mrs. Marian Bigelow left last Sunday from Detroit on a trip to El Paso, Texas, where she will visit her son, Lt. Col. Arland Bigelow.

Mr. and Mrs. Alfred Chapman of Pasadena, California, spent the week-end with Mr. and Mrs. Eugene Hanson, Mrs. Chapman is a niece of Mr. Hanson and is a daughter of Iver Hanson, formerly of East Tawas.

Over 1,300 Youngsters Guests at Wurtsmith

Over 1,300 youngsters visited Wurtsmith (Air Force Base in Oscoda, Saturday, September 24, as part of the Kids' Day program of Kiwanis International.

Through the cooperation of Colonel Ralph G. Taylor Jr., Wurtsmith commander, the Oscoda Kiwanis Club was able to arrange the Saturday morning event.

Kids from Harrisville, Alpena, West Branch, Oscoda, East Tawas and Tawas City were treated to a series of flying demonstrations and static displays that were run in rapid succession.

Wurtsmith, though the efforts of Lt. Col. Robert Woody, base executive officer, planned a series of events that surpassed the Armed Forces Day Open House held earlier in the summer for civilian visitors.

A formation flyover of four F-89D Scorpions, the jet fighter used at the Michigan base, was led by Major Dale Hudson, the 445th Fighter Squadron commander. The four scorpions flew over several times in tight wing to wing and diamond formations.

1st Lt. Bobbie Ruckman flew a solo demonstration in one of the F-89s making several high speed passes and after-burner climb demonstrations.

During the morning, the young visitors swarmed over static displays of the P-49, the T-33 jet trainer, a Bell helicopter and an F-86D sabre jet. The display even included a dummy hanging from an open parachute suspended from a frame attached to one of the large aircraft hangars.

The Wurtsmith fire department gave the visitors rides in some of the latest fire fighting equipment used by the air force. They also extinguished a blazing oil fire for the visitors.

The final flying demonstration of the morning was by Captain William Frewen flying one of the Wurtsmith helicopters.

After the show guests were treated to free hot dogs, donuts and soft drinks through the courtesy of the food service section at Wurtsmith. (Released through Office of Information Service, Wurtsmith AFB).

Exciting new body styles featuring a low-silhouette in all three series, three new Safety-Surge engines with major improvements in performance, and distinctive changes in exterior and interior trim and fabrics are introduced by Mercury for 1956.

The new cars will be displayed locally at the Orville Leslie and Sons showroom in Tawas City Thursday, September 29 (today). "A total of 13 models in the Montclair, Monterey and Custom series will enable Mercury for 1956 to penetrate further into all levels of the medium-price car market," said F. C. Reith, vice president and general manager of the Mercury Division.

"Our new models will be displayed and sold in 700 more showrooms compared to the 1955 introduction," he said, drawing attention to Mercury's sharply expanded dealer organization.

Further emphasizing the wide choice offered prospective customers, Mercury for 1956 will have a total of 13 attractive body colors and 60 two-tone combinations. A new low-price two-door sedan called the "Medalist" is one of six cars in the expanded Mercury Custom series. The "Medalist" was designed specifically for those who want big car performance and feel, yet at the same time require low cost transportation. It is an economy car that offers the chance to step up into Mercury engineer-

ing and performance at a budget-minded price. A new six-passenger four-door station wagon is another newcomer to the Custom series, which also includes a new low-silhouette hard top coupe, a four-door sedan, a two-door sedan and an eight-passenger four-door station wagon.

In offering a choice of three high compression, overhead valve, V-8 engines, Mercury has designed its power plants and its transmissions to complement each other. Displacement has been increased to 312 cubic inches, with a larger cylinder bore and a longer piston stroke. A 12-volt electrical system provides the additional voltage required for the higher compression engines, thus improving starting under all weather conditions and assuring efficient and economical operation of the new ignition system at all times.

Offo Marwinski Dies at Bay City

Offo R. Marwinski, one of the few remaining old time cigar makers, died Friday at Bay City. He had been in poor health for several years.

Born September 8, 1879, in East Prussia, Germany, a large portion of his life was spent at the cigar trade. He had been employed in many of the cigar factories of Michigan, including that of Peter Pfeiffer at Tawas City and the Schill factory at East Tawas.

He is survived by one brother, Hugo Marwinski of this city; a sister, Mrs. Helen McLean of Detroit; a niece, and several cousins.

Funeral services were held Monday afternoon at the Jacques Funeral Home, the Rev. Leonard Newman officiating. Burial was in Emanuel Lutheran Cemetery.

Starts Winter Program Next Tuesday

The Tawas Hospital Auxiliary opens its winter season with a membership banquet at the Barnes Hotel on Tuesday, October 4, at 7 o'clock. The regular business meeting will follow the banquet.

Reservations may be made with Mrs. Gordon Huck and Mrs. Nalbert Gerber and is open to all interested women.

Literary Club to Open with Banquet

The Ladies Literary Club will hold its first meeting October 5 at the Barnes Hotel at a 6:30 banquet. The meeting is open to husbands and guests.

The speakers will be the students, Judy Barkman and David Butterfield, who attended sessions of United Nations this summer.

Gospel Artist to Appear at Hale Baptist Church

The Rev. Ding Teuling, nationally-known Gospel artist, will be conducting a series of special meetings at the Hale Baptist Church starting Saturday, October 1, and continuing through Wednesday, October 5, beginning promptly at 8:00 p. m. Each evening Mr. Teuling will illustrate his clear Gospel message with a beautifully-drawn full-color picture which is drawn in full view of the assembled audience and is then exposed to the awe-inspiring black light, which will bring out hidden details and produce sensational effects. In addition he uses a battery of rheostatically-controlled colored lights which further enhance the picture.

Mr. Teuling is not new to this field. His sermons in word and pictures have been featured at many of the leading Bible conferences and in churches of many denominations. Before entering the ministry, Mr. Teuling was employed as a commercial artist on national accounts, but the call to the ministry caused him to give up this lucrative profession to devote his talents to the Gospel ministry. Today, Mr. Teuling is acclaimed as one of the leading men in the nation in this unique ministry, and is regarded by many as tops in his field. He is also noted as a speaker for his clear understandable presentations of Gospel truth, appealing especially to teen-agers. No one should miss this opportunity of seeing and hearing this unusual method of presenting the Gospel.

A feature of the campaign will be an attendance contest in which the artist will present several original framed drawings to the individuals who invite the greatest number of visitors. The contest is open to all and is not limited to the members of the church. The church is located one block east of the blinker light. A cordial invitation is extended to one and all.

Booster Night Program Held by Grange

The Whittemore Grange sponsored its 12th annual booster night program Friday evening, September 23, at the Grange Hall.

The program opened with an officers drill led by assistant stewards, Leo Sylvester Jr. and Mrs. Sylvester, and flag bearer, Mrs. Nelson Ostrander, with Mrs. Arthur Aulerich accompanying at the piano. A flag salute was given in unison and the chaplain, Mrs. Theodore Bellville, led the prayer.

Master Clarence Bellville welcomed the Grangers and their guests and explained the various phases of Grange work. He also introduced the lecturer, Mrs. Gerald Bellen, who presented the following program: Ardith Bellen and Mike Avram sang "Moonlight Bay" and "The Bible Tells Me So" with William Dunham accompanying on the piano. Gloria Siegrist entertained with two numbers, "Whispering Hope" and "Autumn Song," on her accordion.

The address written by Grange National Master Herschel Newson was read by Seth Thompson. The Burleigh Rural Agricultural School chorus sang several selections under the direction of Ernest Smith. Orval Fuerst gave an interesting account of his trip to Wolverine Boys State at Lansing last June.

Corsages for long membership in the Grange were presented to Mr. and Mrs. Charles Brown and Mr. and Mrs. Theodore Bellville.

The speaker of the evening was Senator Charles T. Prescott. Mr. Prescott encouraged the youth to get out and work to better themselves in whatever field they choose because although teachers, parents and others can do a great deal to help they cannot do it all. He also urged more individualism among the people of today.

Lunch was served at tables decorated with fall fruits and flowers.

HELP Your Safety Patrol

Winner, Eleventh National Traffic Safety Poster Contest

Michigan's 43,000 safety patrol boys guarded their posts last year without a single school child fatality at a school crossing. They couldn't have performed the feat without the cooperation of the pupils. Therefore, Automobile Club of Michigan asks parents to urge their youngsters to help their safety patrols by continuing to cooperate. Auto Club also reminds drivers to be extra cautious near schools, at both patrol-guarded and unguarded crossings. To bring this message direct to the Michigan school children, Auto Club has distributed almost 11,000 full-size copies of this poster to educational institutions throughout the state.

Quotarians Hear Talks On United Nations

Better informed about United Nations, that's Quotarians, following the excellent and interesting talks by Judy Barkman and David Butterfield.

Miss Barkman and Mr. Butterfield were delegates to the United Nations from the Tawas area early in the summer and were introduced by Vernon G. Hughes of the IOOF Lodge, one of the organizations sponsoring the trip.

Their program for Quota is first in a series to be presented for various groups and organizations. Citizens are urged to hear their story.

Two well attended September meetings at the new Barnes Hotel, one for business and one for program, marked resumption of bi-monthly meetings following a summer vacation.

Next meeting will be Wednesday noon, October 5, at the Barnes.

Plans are being made for a good attendance from this club at the annual convention of the 20th district, October 14-16 at Hotel Bancroft, Saginaw. Delegates named are Leonora Hass, president, and Dorothy Scott, secretary.

Auto production is dropping off in readying 1956 models.

Anything less is an old-fashioned truck!

New Chevrolet Task-Force Trucks

They're the most modern trucks on the road. If you don't get all the advantages they offer, you stand to lose money on the job today . . . and again at trade-in-time!

Most modern power—V8 or 6
In most new Chevrolet truck models, you have your choice of V8* or 6. Chevrolet's new truck V8's have the shortest stroke of any V8 in any leading truck! That means less friction and wear per mile. The valve-in-head sixes are new editions of the engines that have long been famous as the "work horses" of the truck world! And all Chevrolet truck engines have a modern 12-valve electrical system for quicker starting, better ignition and a greater electrical reserve.

The truck driver's "dream cab"
That's the closest we can come to describing the new Flite-Ride De Luxe cab. What truck driver wouldn't go for features like these: panoramic windshield for wider, safer vision; concealed Safety Step that stays clear of snow, mud and ice; High-Level ventilation that provides a more constant supply of outside air in all kinds of weather.

Most modern truck styling
We call it Work Styling—and you get it only in new Chevrolet trucks! Two fresh, functional styling treatments are offered—one for light- and medium-duty models, another for heavy-duty models. Your Chevrolet truck will do your job better—and look better doing it!

Most modern features throughout
Advanced suspensions, more rigid, ladder-type frames! Tubeless tires standard on 1/2-ton models! Come in and see all the ways you're way ahead with new Chevrolet trucks!

*V8 standard in L.C.F. models, an extra-cost option in all others except Forward Control models.

Tuesday, October 4—Sheep Day at Yards in West Branch, Ram Truck and breeding ewes available, as well as lamb pool.

Thursday, October 20—North-eastern Michigan Hereford Calf Association at West Branch.

Cattle found to be reactors in the Michigan brucellosis eradication program must be permanently identified. This identifi-

cation helps make sure reactors will not become confused with clean animals.

Reactor cattle must be branded with a letter "B" (two inches or larger) on the left jaw and a reactor tag placed in the left ear. If the reactor is to be kept in the herd for a time (possible under Plan B), a tattoo is also placed in the left ear indicating the date of reaction.

To qualify for indemnity payments for the reactor cattle, the owner must dispose of all of his reactors within 15 days after branding and appraisal. Appraisal must be made on the farm. Sale of the reactors must be made to an approved slaughterer or through an approved livestock auction yard.

Minimum indemnity paid on reactors is \$25 on grade cattle and

\$50 on registered cattle. Also, the indemnity cannot be more than one-third of the difference between the appraisal value and the net salvage value. Information on making application for indemnity payments may be obtained from the veterinarian doing the testing work or from one of the 24 area-supervising veterinarians in the state.

Blood testing done by state or federal veterinarians does not cost the herd owner. Retests may be made on reactor animals but at herd owner's expense \$30 to \$60 days after the original test.

Our hats are off to Arnold Lomom, vocational agricultural instructor of the Plainfield Township Rural Agricultural School, and his vocational agricultural member, James Greve, James and his dad, Roy Greve, of Hale bought a western ewe last year at our lamb day in West Branch. He harvested 10 lambs from those ewes and sold them through the September 20 lamb pool. Seven of the 10 were graded prime, one choice and two good. How is that for a start? James had never raised lambs before. I, for one, say he did an excellent job. I wish more of our vocational agricultural boys and 4-Hers would start lamb projects. Talk to Jim if you think it isn't profitable. His address is Hale.

The starting point of profit from sheep is a good ram. I have seven farmers who have ordered rams from the ram truck on October 4. The truck will be at the railroad yards on Tuesday, October 4, in West Branch.

Good rams will pay for themselves several times while poor rams always cost money no matter how cheaply they are bought. Iosco County sheepmen can get top-quality rams for their flock through the 1955 ram day and ram truck programs. These programs make possible a one-stop visit to the best purebred flocks in the state, by collecting rams in convenient locations.

Leading off the program is ram day at Michigan State University, October 3. Breeders will bring in yearling and two-year-old rams for sale. These rams will be placed in pens according to the asking price and sheepmen may choose the ram they want at the price they planned to pay.

Also that day, rams will be chosen to go on the ram truck. This truck will make six stops in Northern Michigan for sheepmen who have made orders to pick up their rams and for others to choose from the additional rams brought along.

These six stops are: October 4, railroad yards at West Branch; October 5, Julius Schaeffer farm, Clare; October 6, livestock auction yards, St. Louis; October 6 (8:00 to 9:30 p. m.), Joe Lilley farm, Glennie; October 7, Alpena auction yards, Alpena; October 8, (a. m.), feeder cattle yards, Gaylord.

The program is sponsored by the Michigan Sheep Breeders Association, the Michigan State University animal husbandry department and the county Co-operative Extension Service offices. If you want a ram, let me know by October 1.

Graydon Blank, Michigan State University sheep specialist, reminds us that it is not too early to start taking care of your next year's wool crop. Too many good clips of wool are ruined each summer and fall when sheep get in contact with burdock and other weeds of same type. Check your sheep pasture regularly, and remove and burn all the burdock plants. Even one plant can ruin quite a number of good fleeces.

Be sure to check around the fence rows and stone piles in hay and grain stubble before turning your sheep into them.

If there are a large number of burdocks, you may prefer to spray them with one of the chemical weed killers, such as 2-4-D. Remember that burdock is a biennial plant. If all plants are kept from seeding for two years, this plant can be practically eliminated from your farm.

With the Iosco 4-H Clubs

By DOROTHY SCOTT

"We'll probably ride to our next Community 4-H Club meeting on bulldozers and Euclids because of the condition of the road. Won't that be exciting? Last time we had to come on tractors."

Faye Pagel, reporter for Reno Toppnotchers, sends this news of different transportation to 4-H Club meetings. She also tells us the results of an election for 1955-56 4-H Club officers: David Sturtevant, president; Robert Waters, vice president; Neva Daugherty, secretary; Faye Pagel, reporter; Debora Nichols, song leader. Junior leaders were named: Knitting, Neva Daugherty; Dairy, Robert Waters; Food Preparation, Faye Pagel; Electrical, David Sturtevant.

Next meeting is at Sturtevant's on October 14. (Let us hear what projects are being started right now.)

Five quarts of tomatoes

caned by the next meeting was the home work assignment for members of the canning project in Friendship 4-H Club made at their September 14 meeting with Mrs. Phillip Watts, project leader.

Joyce Coates is project reporter and tells us that other project members are: Donna Coates, Diana Roughley, Phyllis Watts and Verna Kay Wehrman.

In addition to tomatoes, the girls were able to can peaches, applesauce and pears this fall, perhaps some plums. In the spring they can add other fruits such as rhubarb and strawberries.

Friendship, Laidlawville and Reno Toppnotchers have sent us information as to their officers for 1955-56 as well as plans for projects and leadership. Hale Happy Hustlers have had a leaders meeting, and perhaps a community club meeting by now. Alabaster-Whitney and Burleigh Wizards are as yet to be heard.

Construction activity climbed to almost \$4,000,000,000 in July and raised to \$23,100,000,000 the total for the first seven months of 1955. The labor and commerce departments said the figures are both new records.

Monday, October 3—"Togs for Tots" at Tawas Township Hall, 8:00 p. m.

Tuesday, October 4—"Good Taste in Dress" at Reno Township Hall at 11:00 a. m. and at the Federal Building, East Tawas, 7:30 p. m.

Wednesday, October 19—District Home Demonstration Rally at West Branch.

"Togs for Tots" is a dressed up way to say "Make-overs for children," and this workshop comes to us because of requests made by members of home demonstration groups for help in making it possible to dress their children attractively at low cost.

Anyone wanting to make garments for a child using material which can be salvaged from clothing outgrown by older children or no longer wearable by adults is invited to attend the first or preliminary meeting on Monday, October 3.

Meeting place is Tawas Township Hall because it is the most nearly central spot for the entire county that we can find. Location for later meetings will depend upon the number of women who enroll for the classes and where they live.

Bring to the preliminary meet-

ing the garments which you plan to make over for one of the children. Together we can discuss how they can best be used and decide upon a suitable pattern. Then we shall make plans together. Too, for the three workshop meetings to follow during the first week of November.

Miss Lola Belle Green, clothing specialist at Michigan State University, will be class instructor, making this class a real opportunity for women who want guidance in this kind of clothing construction.

Do you want to be well dressed? Are your clothes becoming, appropriate, fashionable, or do you have a closet full of clothes but never just the right thing at the right time?

Being sure your clothes are suitable and that you look your best gives poise and self-confidence.

"Good Taste in Dress" is timed nicely for our Iosco home demonstration program this year, because many will be preparing their wardrobes for fall and winter.

This lesson will be taught in two leader-training centers. The first is to be during the day, from 11:00 a. m. at Reno Township Hall. A second center is planned at the Federal Building, East Tawas, for 7:30 p. m.

This plan is being tried to make it possible for leaders to come at the time which is most convenient, daytime or evening. The woman who has clothes which are suitable, simple and appropriate to her daily living activities will always have something to wear for any occasion which may arise.

Get some pointers on how to do it by attending a home demonstration group meeting during October.

Mrs. Forrest Holmes came to see us this week about additional materials with which to launch a new and ambitious

upholstery project consisting of a davenport and matching chair.

Mrs. Holmes and Mrs. Harold Heine enrolled for the upholstery workshop held in May, completing a chair at that time. Each has already done some additional upholstering and has plans for more to be done this fall.

Some "new look" is being made possible in the homes of both women because they can do it themselves at considerable savings in money as compared to purchasing new furniture.

Learning to "do it yourself" is typical of home demonstration projects. Right now is the very best time of year for you to join or start a new home demonstration group. That's because the activities for 1955-56 season are about to begin in October.

Most recent community to be planning for a group is Wilber. Four women, Mrs. Alton Abbott, Mrs. Walter LaFave and two Mrs. Hyzers, met with members of Laidlawville, Tawas City, Tawas Homemakers and Oscoda groups at the Federal Building in East Tawas. Together they shared ideas and experiences as members and as groups as well as learned more about the program planned for this coming year.

Oscoda and Tawas Homemakers are new groups within the past year while Tawas City and Laidlawville have been organized for a longer time. Members of these groups at the informal get together were Mrs. Reuben Kaare, Mrs. Donald Wagner, Mrs. Harold Hammond, Mrs. Robert Botsford, Mrs. Marvin Davenport, Mrs. Donald MacDonald, Mrs. Arnold Pomerantz and Mrs. Ben Gabler.

Is clothing, selection and construction one of your particular interests? If so, you will be thinking at this point, that you want to arrange for participating in the two projects outlined above. If not, you will be wondering what else is to be offered during the year that might be of more interest to you. Following is a calendar of various activities, group lessons, special workshops, county, district and state events:

October—Togs for Tots (workshop); Good Taste in Dress (group meetings); District Rally; Winter Bouquets (group meetings).

November—Togs for Tots (workshop continued); Officers Training School; Christmas Gifts (open meeting).

December—Braided Rugs (group meetings); Refinishing Furniture (workshop); First Aid and Home Nursing (group meetings).

February—Use of Time and Energy (group meetings); Braided Rugs (workshops).

Mrs. Wilfred Youngs, Jerry, Betty Youngs and Howard Look were in Saginaw last Wednesday evening where they attended the Saginaw Fair.

Mr. and Mrs. Delbert Albertson and children called on her uncle, John McArde, Friday evening.

Mr. and Mrs. Richard Reinke and daughters of Bay City and Mr. and Mrs. Willard Bouchard of Flint spent the week-end with their parents, Mr. and Mrs. Victor Bouchard.

Mr. and Mrs. John Lake, who lived north of M-55 for a number of years, purchased the Roy Depot home in Tawas City and moved there several weeks ago.

March—Getting your Calories' Worth (group meetings).

April—Curtain Appreciation (open meeting); Selection of Curtains and Draperies (group meetings).

Summer—Homemaker's Conference; District Homemakers' Camp.

This program has been planned by Iosco home demonstration members for Iosco County homemakers.

"Hot Flashes Stopped" or strikingly relieved in 63-80% of cases in doctors' tests

• If you're miserable from the "hot flashes," and accompanying irritable, restless feelings, of "change of life" you may be suffering unnecessarily!

• For... in tests by doctors... Lydia Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 63% and 80% (respectively) of the women tested! Complete or striking relief!

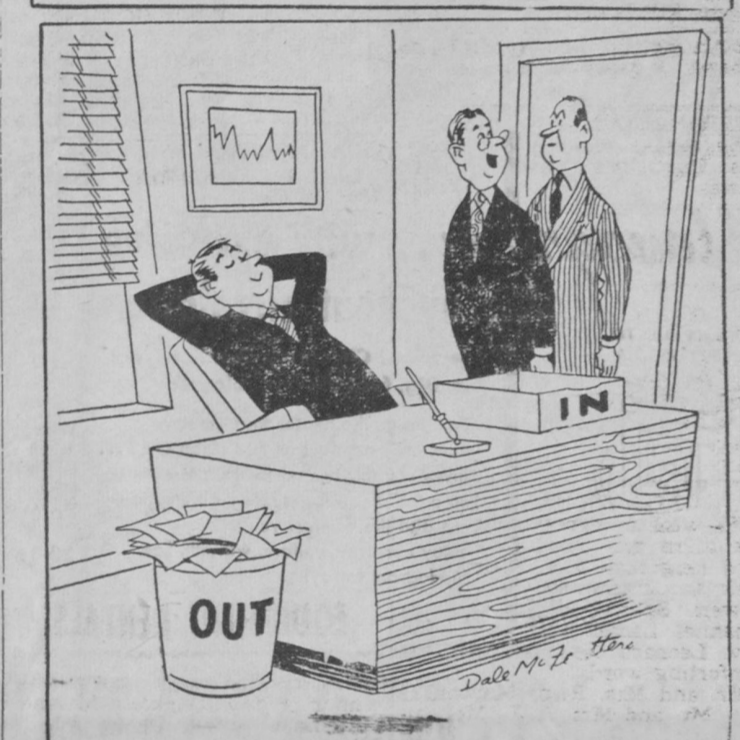

• Yes! Research has proved these medicines thoroughly modern in action... has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change!"

So... get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron! (Wonderful, too, for the functional pains of menstrual periods.)

It's through a woman's sympathetic nervous system to relieve distress of those awful "heat waves!"

"What shall I say to the Huber people, sir— shall I lose your temper?"

FEDERAL JOBS DOWN—

In the 1955 fiscal year, the government had an average of 2,367,290 civil employees, drawing aggregate salaries of \$9,621,700, according to Sen. Harry F. Byrd. This was a slight drop in the number of employees, as State compared with 1954, and a slight increase in the aggregate salaries.

Unusual Sign Works—

Wanting to keep people off the new asphalt parking lot near the statehouse in downtown Boise, Idaho, statehouse officials used the only signs available and they worked. The signs read: "State land, keep off. Remove no timber. Graze no stock without permit. No mining."

NOW! You can afford **WARM FLOOR HEATING** in every room!
 JUST LIKE A FURNACE... BUT WITHOUT COSTLY DIRT COLLECTING PIPES AND REGISTERS

Here's how **SIEGLER** pours heat over your floors throughout your home... Only Siegler gives you push-pull-double action heating. The built in powered air system, pushes heat into the rooms while it pulls the cold air out.

You pay for an ordinary heater over and over again because they continually waste heat out the chimney and on the ceiling!

SIEGLER is the revolutionary method of **WARM FLOOR HEATING** in every room!

Tropical Floor Heat
 QUICKLY GETS TO THE BOTTOM OF THE COLD FLOOR PROBLEM

AND LOOK— don't let **BTU RATINGS** confuse you!
 There is BTU INPUT... there is BTU OUTPUT, but what keeps your family warm is BTU USEPUT... the working BTU'S that heat your home! In BTU USEPUT, Siegler OUTHEATS 'EM ALL! A 50,000 BTU Siegler gives more USABLE HEAT than much higher rated ordinary heaters. A 75,000 BTU Siegler furnace-volume heater can only be compared to a central heating plant.

"Federal ownership of land in Michigan," Dean Dana pointed out, "dropped from virtually 100 percent to nearly zero and then rose again to around 2,500,000 acres. State ownership reached a maximum of about 12,000,000 acres, fell off to half a million acres, and is now back to more than 4,000,000 acres.

'The Nile Mother' to be Shown at East Tawas

Turning a spotlight upon one of the most remarkable personalities in modern history, "The Nile Mother," graphic color film story of Lillian Trasher and her work among the homeless children of Egypt, will be shown at the East Tawas Assembly of God by the Rev. Charles W. H. Scott, district superintendent of the Michigan Assemblies, on Sunday, October 2, at 7:30 p. m.

This photograph is a great graphic illustration of the manner in which Bay City St. Stanislaus ran rough-shod over the game, but inexperienced Tawas Area Braves last Friday. In the left foreground is shown Stags quarterback, Reg Shaffer, No. 47, racing toward the Tawas goal line behind the protective wall of three Bay City blockers. The one Tawas player at the far right is Don Ledworth, No. 24, end, who was unable to stop the winners from scoring on the play—Tawas Herald Photo.

ABOUT TOWN

Unfamiliar faces and unfamiliar streets greeted Mrs. William E. Koehler of Mt. Clemens when she visited Tawas City Tuesday and Wednesday of this week. The former Pearl Hurlbert, she is the daughter of Mrs. M. D. Hurlbert who many years ago operated a millinery store in building now occupied by The Tawas Herald.

Stray Goose Makes Landing

Reports of a stray goose landing in the Tawas City Park Monday morning sent a Herald photographer across the street to the park in quest of a close-up "shot" of the bird. The photographer and Edward Libka, an employee of the SS Overmiller, were able to get within 25 feet of the bird but it had other ideas about being photographed at the time.

Wednesday, October 5—Twenty-sixth Century Club hold its first meeting at Rollin's Cabin. 15th Anniversary Observed by East Tawas WSCS. On Tuesday evening at 8 o'clock the WSCS celebrated its 15th anniversary at the East Tawas Methodist Church parlors. Devotionals were led by Mrs. Kate Evans. Mrs. Horace Laderach presided at the piano for the program and devotionals.

Program chairman was Mrs. Glenn Hughes. The main feature of the program which centered around the theme, "Remember, Rejoice, Renew," was a candle-light ceremony with the WSCS officers taking part. Charter members of the organization were presented with corsages of chrysanthemums. Red roses were presented to all past presidents. The serving table was resplendent with lighted candles and a beautifully decorated anniversary cake. The committee comprised present officers.
