

TAWAS CITY

Mr. and Mrs. Christ Hoshach helped their two sons, Arnold and Leonard Hoshach, celebrate their birthday anniversaries on Sunday with a birthday dinner for them and their families.

Dr. and Mrs. E. C. Silverthorn Jr. and three children of Royal Oak visited his parents over the week-end.

Mr. and Mrs. Orville Leslie and Mrs. Albert Howison returned home last week from a vacation in Florida.

Miss Barbara Young has completed her boat training in the Waves at Bridgeland, Maryland, and arrived home Tuesday for a two-week visit with her parents, Mr. and Mrs. Peter Young. They met her at the Tri-City Airport Tuesday afternoon.

Helen, 13-year-old daughter of Mr. and Mrs. Arthur Stark, was taken to Tawas Hospital for an appendectomy Sunday.

Mr. and Mrs. Charles White of East Rockwood called on friends in the city last week while en route to Cheboygan.

Dr. E. C. Silverthorn is attending the annual meeting of the Michigan Chapter of the Academy of Optometry at East Lansing Wednesday and Thursday of this week.

Mr. and Mrs. James Boomer arrived home last Tuesday from St. Petersburg, Florida, where they enjoyed a winter vacation.

Mrs. Martha Krueger of Mt. Morris and Mrs. Minnie Phenix of Traverse City visited their sister, Mrs. Ida Ferguson, last week.

Mrs. William Schroeder left Sunday for a visit with her daughter in Petoskey.

Mr. and Mrs. Hugh Newberry of Flint called on relatives here last Sunday.

Mr. and Mrs. Carl Smith and children of Flint spent Sunday with her parents, Mr. and Mrs. O. J. Westcott.

Claude Wilson has returned to Lansing where he is employed.

Mr. and Mrs. Steven Ezo spent Friday and Saturday in Lansing on business.

Mr. and Mrs. Robert Steinhurst of Prudenville spent the week-end here with relatives.

John Goldsmith has returned home from a visit with relatives in St. Johns.

Misses Darlene St. James and Joyce Clark, both of Bay City, spent the week-end with Mr. and Mrs. John St. James.

EAST TAWAS

Lt. and Mrs. F. O. Neil of Detroit are the parents of a son born April 12. He has been named Eric Alan. Mrs. Neil is a daughter of Mr. and Mrs. Lawrence Gardner.

Mrs. Frances Bigelow, who spent the winter in Detroit, Algonac and Ann Arbor, has returned home for the summer.

The Faith Circle of the East Tawas Methodist W.C.S. entertained the Hope Circle at a breakfast in the church parlors last Thursday morning.

Mr. and Mrs. Fred Byer of Detroit are spending several days at their summer home in East Tawas.

George Price of New York and Donald Price of Lansing greeted friends in East Tawas last Friday. They were here to attend the funeral of their aunt, Mrs. Herbert Gordon.

The Rev. Robert Nelson is attending the Illinois conference in Batavia, Illinois, this week. Mrs. Nelson and two sons visited with her parents, at Rock Island, Illinois, during the week.

Mrs. Charles Bergh arrived last week-end from Chicago where she spent the winter with relatives. She will spend the summer season with her daughter, Mrs. Blaine Christeson, and family. Another daughter, Mrs. Dorothy Johanson of Chicago, brought her mother to East Tawas.

Misses Helen and Mary Hale of Detroit spent the week-end with their aunt, Mrs. Jed Harrington, and Mr. Harrington.

Mr. and Mrs. E. Lindstrom and daughter, Mrs. Jack Shepherd, and family of Detroit opened their summer home on the corner of Main and Franklin Streets last Saturday for their summer week-ends and vacation trips.

Mr. and Mrs. Nathan Barkman were in Chicago last week-end. They attended a wedding on Sunday of Mrs. Barkman's cousin, Robert Simon, to Miss Charlotte Tuber of Chicago.

About 15 members of Irene Rebekah Lodge are attending the district meeting at West Branch Thursday afternoon and evening of this week. Delegates representing the lodge are Noble Grand Muriel Davidson and Vice Grand Lyda Nelkie. On the program will be Miss Helen Appin, who will give a talk on "Community Service."

Mr. and Mrs. Lewis DeFrain have returned from Tampa, Florida, where they spent three months of the winter season.

Two Men Fined In Justice Court After Fist Fight

Arraigned before Justice A. J. Goulet last week were Gavin L. Reynolds and William T. Snedeker on disorderly charges. Reynolds was fined \$25 and \$6.35 costs and Snedeker \$35 and \$6.35. The men were involved in a fist fight with an East Tawas man last week.

BRONZE PLAQUE HONORING SHERIFF MILLER DEDICATED LAST WEDNESDAY

MEMBERS OF THE LATE CHARLES C. MILLER family are shown looking at a bronze plaque which was dedicated in his memory last Wednesday night by the Northeastern Law Enforcement Officers Association. Shown holding the plaque is Sgt. Lynn Smith of the West Branch Post, Michigan State Police, who is president of the association. In the back row at left is Mrs. Grace Miller, widow of the Isoco County sheriff who was killed nearly 22 years ago; sons, Charles, Kenneth and Allen, in front is Sheriff Miller's grandson, Charles, and the sheriff's mother, Mrs. John Miller. The bronze tablet will be erected in the lobby of the Isoco County Jail next to his picture.—Tawas Herald Photo.

Council Approves \$82,000 Water Improvement Plans

Approval of an \$82,000 addition to Tawas City's municipal water system was given by the common council Monday night. The council accepted plans for construction of a Zeolite softening plant, new well and pumping station and purchase of water meters, as presented by Clifford Spicer, city engineer.

This action came as a result of months of planning and numerous discussions and special meetings on the part of the council, water board and city engineer. Preliminary approval has already been given by the state.

The council authorized the city engineer to go ahead immediately with plans for the new system. At this stage the plans probably would be ready in about a month. However, the system can not be put into use this summer because of the length of time involved in selling bonds and actual construction.

The new well and softening system would produce about 150,000 gallons of water per day. That part of the estimated cost chargeable to the softening plant amounts to \$55,000.

Estimated annual operational costs of softening the water would be \$9,200. Based on 540 customers, the average cost per customer per year for Zeolite softening is \$17.

Mr. Spicer's report showed that to soften water in the home with soap and detergents, it would require 70 pounds of soap to soften 1,000 gallons of water which has a total hardness of 290 parts per million (present rate of hardness in Tawas City's water).

A conservative estimate on the cost of water per person per day is 1.5 gallons for dish washing, laundry and bathroom. Assuming four persons per family, the average water use per family per year would be 2,190 gallons. Based on a soap cost of 25 cents per pound, the average cost of soap per family is \$33.75. This represents only the soap or detergent required to soften the water and not the soap required for cleaning purposes.

Total water sales for the year ending March 31, 1955, was \$10,625. This represents an average revenue per customer of about \$20 per year.

Although the actual cost of water would be increased to about \$36 a year when the soft water system is installed, councilmen and water board members agreed that the saving in soap alone would more than pay for the extra cost. Revenue to finance the system would be gained through increased water rates, as determined by meter charge and consumption.

The city engineer stated that with construction of the new system (See Water, page 10.)

Isoco Valuation Increases \$1,293,730

An increase of \$1,293,730 in assessed valuation was revealed in the footings of the assessment rolls of the several townships and cities of Isoco County at the April meeting of the board of supervisors which ended Tuesday afternoon. This year's total is \$19,117,040. The 1955 rolls totaled \$17,823,310.

The following table gives assessed valuation of each taxing unit of the county:

	Total 1956	Increase 1955
Alabaster	\$1,578,750	\$184,650
Ausable	1,150,720	120,035
Baldwin	1,364,500	73,450
Burleigh	450,200	8,950
East Tawas	2,152,875	111,075
Grant	761,150	38,850
Oscoda	4,385,750	229,650
Plainfield	2,154,350	89,500
Reno	451,840	19,840
Sherman	1,335,175	141,050
Tawas	583,840	30,140
Tawas City, first ward	589,000	68,600
Tawas City, second ward	443,000	40,000
Tawas City, third ward	870,600	119,200
Whittemore, first ward	172,790	3,550
Whittemore, second ward	373,805	10,800
Wilber	373,805	3,920

The board equalized at the state board of equalization figures of approximately \$39,000,000.

A tentative budget of \$144,378 for county expenses was adopted by the board at this session.

Jack Barker, a recent graduate of the Michigan State Police training school, was assigned to the East Tawas post last week. Barker is a former Flint resident.

Tawas City Merchants 'Word Scramble' Contest Begins Today

Sharpen your pencils and your wits—today is the beginning of the Tawas City merchants "Word Scramble" contest. Unscramble the shopping slogan and you may win valuable merchandise prizes.

Clip the entry blank on page 5 or secure one at the stores of the participating merchants, fill in the "Word Scramble" contest letter on display there, complete the shopping slogan and return the entry blank to The Tawas Herald office.

Prizes will be awarded for the first two correct entries received and two grand prize drawing winners will be selected at the close of the contest Tuesday, April 24, at 5:00 p. m., giving all contestants an opportunity to win. Entries may be mailed to the Herald office and will be judged according to the postmark.

Prizes contributed by the contest sponsors are: First prize, first correct entry—Matched necklace and earring set, new summer style SALLY'S; two hot barbecued chickens, PARK-N-SHOP; Hot-point automatic appliance clock, cook your meals automatically, FUELGAS COMPANY of the (See Contest, page 10.)

Butterfield Resigns as Principal

According to an announcement made this week by the Tawas Area Board of Education, Ronald Butterfield has resigned from his position as school principal, effective at the end of the school term. The board accepted his resignation verbally on April 10.

Principal of schools since reorganization of the districts in 1952, Mr. Butterfield said the resignation was for "personal reasons." He will remain in the system as a teacher in the science department. Prior to 1952 he had been principal at East Tawas.

Board president, Randall Fox, said Wednesday that even though Mr. Butterfield's resignation was a loss as principal, the school would gain a valuable addition to its science teaching department staff when he becomes a teacher.

The board of education and Superintendent Reynold Mick are interviewing applicants for the position.

The following is a list of teachers under contract for next year:

- Elementary—Eleanor Cooke, kindergarten, East Tawas; Lulu Schaefer, kindergarten, Tawas City; Frieda Erickson, first grade, East Tawas; Emma Sloan, first grade, Tawas City; Hildur Rollin, grades, Alabaster; Nina May, second grade, East Tawas; Vina Groff, second grade, Tawas City; Emma Whipple, third grade, East Tawas; Hattie Eyril, third grade, Tawas City; Lois Moore, Vine Unit or first grade; Elizabeth Bably, fourth grade; Betty Cross, fourth grade; Isabelle Leslie, fifth grade; Chester Roberts, fifth grade; Ellen McGuire, Watts Unit; Mabel Myles, sixth grade; Lucy Sims, sixth grade; Virginia Coyle, vocal music.
- Junior High—Arthur Giddings, science; Fred Hickman, mathematics; Burnetta Miller, English; Ruth Lee, social studies; Howard Adams, boys physical education; Richard Ferguson, vocal music; Edward Rima, instrumental music. A girls physical education teacher is to be hired.
- Senior High School—Howard Adams, football coach, physical education; Ronald Butterfield, science; Dorothy Clark, home economics; Robert Deloria, commercial; Mark DeBoagh, social studies and shop; Richard Ferguson, French, vocal music; John Forsten, mathematics; Georgiann Klossowski, shorthand, typing; Jerold McEwen, dramatics, speech; English; Mary McEwen, English; William McIntosh, social studies, basketball, baseball; Graec Otis, English; Thomas Pintkowski, guidance, social studies; Edward Rima, band; Richard Stock, driver training, social studies; Shirley Stock, general mathematics, biology; Lloyd Soucie, shop, art; Robert Reasner, vocational agriculture. Teachers yet to be hired are library and history, and grade and girls physical education.

Discuss Trading Stamps; Membership Drive Moving

Board of directors of the Tawas Chamber of Commerce discussed establishment of a trading stamp division of the chamber at its regular meeting last Wednesday night.

W. D. Nunn of East Tawas told members that the East Tawas Retailers were in favor of the plan. It was discussed at the Thursday meeting of the Tawas City Businessmen's Association. No action was taken. Resort operators held their (See Chamber, page 10.)

SERVING LINE AT LEGION POST'S ANNUAL BEAVER SUPPER

SMILES ON THE FACES OF THESE FIVE MEN attest to the good time had by all at the annual beaver supper sponsored last week by the Jesse C. Hodder Post, American Legion. Shown lining up for a plate of beaver at the Tawas City Legion Hall are, from left to right, Glenn Long, Tawas Township supervisor; Walter Miller, Tawas Township clerk; Charles T. Prescott Jr. of Prescott; William Fitzhugh and Fred Marsh. The latter two men are World War I veterans, both members of the local post. On the serving line is James Dillon, post commander. Clyde Eyril, "mess sergeant," was busy preparing the beaver.—Tawas Herald Photo.

Long Sought M-65 Improvement May be Nearing Reality

Construction of the remaining seven miles of M-65 north of M-56 to Hale appears nearer reality with the state highway department resuming buying of necessary right of way last week.

If no complications arise, work could be started this year according to Edward Eusebi, West Branch, state department right of way purchasing agent.

Northern Telephone Company of Hale and Consumers Power Company have been notified to move their lines off the proposed right of way. The Reno Township Hall must also be moved.

This will replace several miles of very poor road which has been the scene of several fatal accidents in the past few years. The Tower Line Road one mile east of M-65 will be used as a detour.

NEM BASEBALL LEAGUE TO DECIDE ON NEW CIRCUIT

A meeting will be held at Standish April 20 to decide on the proposed formation of a northern circuit in the North-eastern Michigan Baseball League or as a separate unit.

This matter was brought up at the last league meeting two weeks ago, but due to a lack of attendance the directors present did not wish to commit themselves.

Formation of the new circuit has been studied for the past several weeks. The eight-team circuit involves Tawas City, Hale, Oscoda, Wurtsmith Air Force Base, Harrisville, Mikado, Black River and Lincoln.

Already organized, this group plans to operate under a separate constitution and officers. (See Baseball, page 10)

MORT NEFF FILMS FISHING ACTIVITIES HERE

Mort Neff of "Michigan Outdoors" television program was here last Saturday and Sunday to film the smelt run at the Whiskey Drain. He also visited the East Branch of the AuGres River and other streams where fishermen tried their luck with the steelhead run.

Although thousands of fishermen waited at the Whitney Drain over the week-end, the big run of smelt did not materialize. It is expected that another crowd of smelt dippers will again be on hand at the drain and the Tawas River this Saturday and Sunday.

The run is not expected to start in the river until the water warms slightly. Only a few fish were dipped over the week-end.

Sunday morning Neff filmed commercial fishermen at the Townline Road, the south boundary of Tawas Bay, lifting nets filled with smelt. Instead of swimming up the Tawas River to spawn, the smelt moved closer to the lake shore. Here, the outdoor cameraman pictured Edward Coyle, Tawas City commercial fisherman, dipping smelt from his nets.

During his stay in Tawas, the Michigan outdoor photographer and associates were guests of Donald and Rose Watson at Sunset Motel.

Mr. and Mrs. Alva Misener have returned from spending the winter with their daughter, Mrs. Helen Cook, and family in Zanesville, Ohio. They also spent several weeks in Florida.

Tawas City Bowlers Leave for ABC Tournament Today

Two teams from Tawas City leave today (Thursday) for Rochester, New York, to bowl in the American Bowling Congress 53rd annual championships tournament to be held in the newly constructed nine million dollar War Memorial Coliseum.

The Alpena Candy Company team, comprised of Mel Forney, Clarence Voll, Donald Hester, Clifford Beck and Louis Pfeiffer, will make the trek along with the Fuelgas Company team of Larry Leslie, Henry Neumann, Edwin Habermehl, Gordon Penman and Harold Moeller. The Alpena Candy Company team is a member of the Tawas City Commercial League and Fuelgas, an entrant of the Tawas City Major League. Each bowler is participating in each event, team, doubles and singles.

While in the Flower City, the bowlers will take a tour of Eastman Kodak Company and Eastman Optical Company plants, both in their field the largest in the world.

HERALD PHOTOG WINS IN MICH. PRESS CONTEST

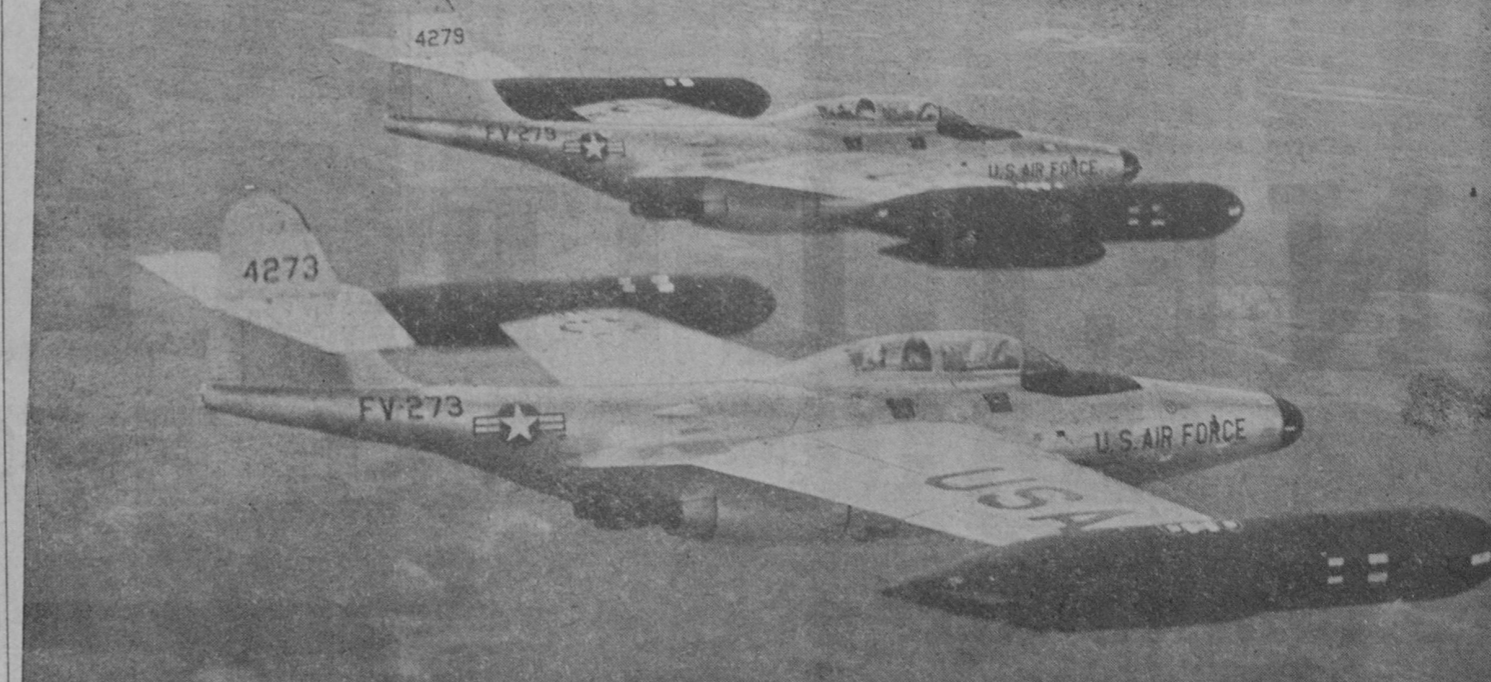

Four picture entries by Neil Thornton, staff photographer of The Tawas Herald, were winners in the Michigan Press Association photography contest which ended March 31. The prints will be exhibited at the association's annual meeting and short course at Michigan State University, East Lansing, this Friday and Saturday.

The Herald photographer won first, second and third places in the feature pictures class for weekly newspapers. Entries included, "The Old Swimming Hole," a picture of three boys swimming in Tawas River; "Who's Afraid of Goblins?" two youngsters wearing Halloween masks looking out of a window, and "What's My Line," two employees about to climb down a man hole.

"Tourist Dilemma on July 4th," a triple exposure at night showing "no vacancy" signs at three motels in Tawas City, won second place in the general news category.

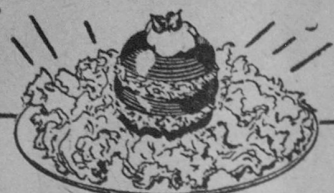

A member of the National Press Photographers Association, co-sponsors of the short course, Thornton plans to attend the meeting at East Lansing this week-end.

FIRST IN-FLIGHT PICTURES OF WURTSMITH'S NEW F-89H 'SCORPION' INTERCEPTOR

FIRST IN-FLIGHT PICTURES OF THE NEW F-89H "Scorpion" over Michigan terrain were taken last week by Airman Second Class Bernard J. Doyle of Wurtsmith Air Force Base. The aircraft is armed with the Falcon missile that can seek out and destroy enemy aircraft after it is released. The Falcon's range exceeds that of rockets or airborne cannon. The 89H, in addition to the Falcon, carries a complement of folding fin rockets. The first F-89Hs arrived at Wurtsmith on March 17. The public is invited to see the "Scorpion" and other air force aircraft at close range during Wurtsmith's Armed Forces Day open house on Saturday, May 19.—(Official United States Air Force Photo.)

FOREST FIRES—
Forest and range lands fires burned over 464,803 acres of interior department land during 1955 as compared with 1,624,701 acres burned in 1954. The worst fires last year were the three Okefenokee National Wildlife Refuge in Georgia, which burned over 284,230 acres.

No other truck can offer you as much as a new 1956 GMC

LOOK at the facts—no matter what kind of truck you need.
GMC's new light-duty power plants have as much as 16.2% greater displacement than the nearest competition. H.P.'s been upped as much as 20%. V8's are the latest in short-stroke design.
In the new half-tonners, a brand-new fast-ratio cruising axle gives you all the efficiencies of overdrive. And it's an option at a fraction of overdrive's usual price.
A new ride stabilizer gives Blue Chip

light-duties remarkable new riding comfort. No need to fight the steering-wheel—even on the poorest roads.
All GMC's now have a 12-volt electrical system. Tubeless tires are standard equipment. And a new boulevard styling makes a GMC far and away the best advertisement you can run.
In short, new 1956 Blue Chip GMC's are just about as impressive a line as you've ever seen. Values are even more remarkable. Drop by and see for yourself!

LOWER HEMLOCK

Mr. and Mrs. John Walraven and family of Essexville were week-end visitors of her parents, Mr. and Mrs. Leonard Bouchard, and Harold.
Paul Anschutz spent Wednesday in Bay City.

Otto Dettemer is at the home of his son, Arthur Dettemer, in Saginaw due to his not being well and unable to be alone at his home.

John McArdle entertained the eucure club at his home Sunday evening.
Mr. and Mrs. Charles Koepke went to West Branch hospital to bring her father, Joseph Ulman, home Wednesday.
Mrs. Joseph Wainwright was a patient at Tawas Hospital where she had her tonsils removed.

Roy Harris of Alpena called at the Theodore Anschutz home Friday evening.
Mr. and Mrs. Victor Bouchard were visitors in Bay City with their daughter, Mrs. Richard Reinke, and family.

The demonstration group of Laidlawville met with Mrs. Ida Schmalz Tuesday, April 10.
Mr. and Mrs. Willard Bouchard and baby, Wanda Lee, of Flint spent the week-end at the Victor Bouchard home.

Mr. and Mrs. Henry Fahselt entertained at Sunday dinner. Mr. and Mrs. Herman Fahselt and Mr. and Mrs. Albert Goff of Tawas City. Mr. and Mrs. William Gottleber of Saginaw joined them in the afternoon. The Gottlebers called on the Martin Fahsels during the day.

GOVERNOR'S WIFE TO SPEAK AT LINCOLN

Mrs. Nancy Williams, wife of the governor, has again been scheduled to speak in Alcona County, Friday, April 20, 8:30 p. m. at the Veterans Memorial Building in Lincoln.

She will speak on the subject of "Bringing About and Continuing Good Government in Your Community."
This meeting is open to the public and will be on a non-partisan level, sponsored by the Alcona County Democratic Committee.

AIA ASSOCIATION TO MEET AT LINCOLN ON MAY 1

The annual meeting of the AIA Association, Order of Eastern Star, will be held at Lincoln Tuesday, May 1. The afternoon meeting opens at 2:30 o'clock, the evening meeting at 7:30.

An interesting program is being planned, including a message from Worthy Grand Matron Glenna P. Hagle. Other honored guests to be present are Genevieve M. Nauman, grand secretary, and Evelyn L. Parks, grand treasurer.

A good representation from each chapter will be appreciated.

Mr. and Mrs. Paul Chevis and Mr. and Mrs. Clarence Earl of Tawas City were Saturday evening visitors of the William Struthers.

Farm Events

By MARVIN DAVENPORT
County Agent

Monday, April 23—Farm Bureau Resolutions Committee meeting at Ernest Dunnill's farm home, 8:30 p. m.

Friday, April 27—Extension Service Advisory Board meeting, 8:00 p. m.

Monday, May 14—Northeastern Michigan Regional ABA meeting, 7:00 p. m., Barnes Hotel in Tawas City. Members of board invited to attend.

"Dear Sir: I would like to know if there is a weed killer that can be used in my garden, the weeds, in the beans, in the corn and so on?" This is just one of many questions that have recently been asked of me. Another very popular one, at this time of the year, is how can I control weeds in my lawn.

Let's treat each of these separately. Gardeners do have chemical controls that they can use now in the controlling of weeds in beans and in other vegetable crops. Suffice to say we have a bulletin or little folder in our office that can give you all the controls you can use on most of the vegetable crops that we grow in Isoco County.

To answer this one on beans, we have a recommendation that is included in this folder on the use of Pre-Merge at the rate of from three to six pounds per acre. On the light or more sandy soils we use the three-pound rate, however, I would suggest anyone using Pre-Merge, follow the directions closely. It is to be used immediately after planting the beans, and follow the manufacturer's directions to the letter in order to get the proper control for the weeds that will be coming.

All of us are patiently waiting for the warm rains and those green lawns, but is it ever sad-denning to watch the growth of the weeds and chickweed that normally takes over our lawns. What can we do about it? This is the time of the year to be doing something about it. If you want to get in a good telling blow against lawn crabgrass about the middle of May, use a 2-4-D spray, with a 2-4-D that's a new recommendation from Michigan State University weed researchers after extensive tests. Dr. Grigsby said that the 2-4-D spray should be considerably stronger than that recommended for control of dandelions and other broad leaf weeds.

Four teaspoons of the ester form of 2-4-D per 800 square feet of lawn area is what is recommended. Remember to keep the spray away from shrubs that are about to leaf and do not let it drift towards your tulips or daffodils, that would be disastrous.

The lawn can be sprayed for early crabgrass control between now and mid-May. At the same time this will take care of your dandelion problem. You may need to spray the lawn in July with clordane and kerosene to get the later crabgrass, but a 2-4-D spray now will help the bluegrass keep the edge on this crabgrass. Another commercial preparation is called the SES or Crab herbicide can take the place of 2-4-D.

If controlling chickweed has been one of your problems in recent years, here is a recommendation to take into consideration early this spring. Use MCP on your lawn for the control of chickweed at the rate of four teaspoons in a gallon of water. This should treat approximately 800 square feet.

Space does not permit our listing all the various types of chemicals that can be used. It is time, too, for Isoco County strawberry growers to begin using disease control measures for this year's crop. R. H. Fulton, plant pathologist at Michigan State University, has developed a new spray schedule for strawberries that is less expensive and gives better results than former spray schedules.

The first spray should be applied right away while plants are still in the dormant stage. If the growth is not succulent, apply a spray of 2½ gallons of lime-sulfur in 100 gallons of water.

Organic mercury may also be used at a strength recommended on the label for apple scab control. Research showed that the first infection of stem and rot took place when the leaves and blossom buds first emerged through the crown in early spring. As a result we recommend a spray of fixed copper as soon as new leaves begin emerging from the crown. Use 1½ pounds of actual copper with four pounds of hydrated lime in 100 gallons of water.

Two fixed copper sprays before bloom and applied when rain is predicted will give good control of the stem end rot.

Two additional sprays are also recommended for strawberries, Captain, Ferbam, Ziram should be applied when the fruit is developing. Just before harvest spray with Captain. Both of the final sprays should be applied when the rain is predicted.

There is really nothing new about oat silage. Oats have been put into the silos for many years with very satisfactory results. A farm crop specialist at Michigan State University, Stevie Dexter, says that many farmers in Michigan have been using oats or a mixture of oats and field peas as silage to fill in when the pasture gets short. The crop comes along a little later than alfalfa or other grass silage. If the weather turns out so that it is not needed for silage, the crop can be harvested as grain.

Another advantage of this crop is that harvest time comes

between hay cuttings so it does not compete with hay making for the farmers time.

Oats should be cut for silage when they are between the milk stage and the late dough stage. It is an advantage to let them grow as long as possible. But oats require careful timing. They dry out very rapidly and become too dry for silage.

If you plant field grass along with the oats there is less danger of the crop becoming too dry because the peas do not dry out so quickly. The peas also make the silage pack better and the crop is ideal for direct chopping.

You can expect a ton of silage for every eight or 10 bushels of thrashed oats. The silage falls between corn silage and alfalfa silage and both total digestible nutrients and protein. Oat silage is an easy crop to handle and the amount of feed per acre that you will get will surprise you.

Five to \$25 per ewe, that is the difference per yearly income between saving a lamb or losing it at lambing time.

Eighty percent of the sheepman's income is from lambs. That makes lambing about the most important time of the year for a profitable operation.

Check ewes regularly now while lambing time is near. As I have traveled through the county and talked with farmers their lambing, in many cases, is almost over with. But be there at lambing time to assist the ewes if necessary and see that the lambs start breathing. Use iodine on navel cords to prevent infection. Check the lambs for those turned in eyelids. If it is not corrected lambs will be poor doers.

Put the ewes in a lambing pen and keep her and the lamb there for two or three days to give the lamb a good start.

Keep the level of humidity as low as possible. If necessary, open windows and doors. A heat lamp can be used to provide warmth.

Lambs can begin to eat hay and grain when they are three weeks old. It is an economical idea to start creep feeding them.

Right now my office desk is loaded with soil samples ready for the laboratory at Harrisville. I am glad to see them this early in the year. Now is the time to be testing your soil to see whether you need nitrogen, phosphorous or potash and the amounts in which you need them. Also, the test that is returned from the lab indicates the amount of lime that may be required of your soil. By checking now you can plan for the application at the right time, at least six

months ahead of those legume seedings.

Not all samples that are here in our office are those that have been sent to the laboratory are from our farm people. We have a number of folks who brought in soil samples from an area in which they wish to grow a lawn. Some wish to put in a garden. That also is an excellent idea.

If you need any help in regards to how to take a sample, drop me a line or phone, and we will give you what directions we can. Samples sent to the laboratory are checked by the technician. The only charge is 50 cents per sample for the technician's fee.

A half a pint of soil selected from your area that you wish to be tested is sufficient as a sample.

Office callers this week were: Mrs. George Biggs, Roy Spencer, Eleanor Durant, Stanley Peterson, Mrs. Joseph Barnes, Harold Black, Mrs. James Wang, Charles Smith, William Waters, Fred Letter.

Human Nature at Work

An elevator operator grew weary of constantly being asked the time of day, so he hung a clock in his cage. Now everybody asks him: "Is that clock right?"

In Cairo, Egypt, with the United Nations Secretary-General Dag Hammarskjold continuing his one-man peace mission, Maj. Gen. E. L. M. Burns (above) participates in his capacity of chief of staff of the UN Palestine truce supervision organization. If the unanimous agreement for observance of the Egyptian-Israeli general armistice can be established there will be an increase in the size and scope of the truce group.

North Plainfield Group Met Last Wednesday

The North Plainfield Farm Bureau group met with Mr. and Mrs. Fred Holzheuer Wednesday, April 11. Mr. and Mrs. Herman Drenberg, Mr. and Mrs. George Lake and Vida Bannister were present.

Mrs. Drenberg reported for women's committee. An all day meeting will be held at Hillman May 3 and two foreign students will be speakers. Women of Farm Bureau are planning a tour of Dow Chemical Company sometime in August.

Mr. Drenberg reported on the township board meeting. The group decided to move the meeting time back to 8:30. Mr.

Lake acted as discussion leader. Diana Lyke invited the group to her home in May. Refreshments were served by the hostess, Mrs. Holzheuer.

Style Show to be Presented at P-TA Meeting

Virginia Webb and her home economics group will present a style show at the next meeting of Plainfield P-TA Thursday, April 26, at the school in Hale.

The girls will model garments they have made in home economics classes. Refreshments will be served. If you know a good news story, telephone it in to The Tawas Herald.

First Choice of Auto Engineers

Premium in every way... still at regular gas price

New '56 Blue Sunoco
Used by more Auto Engineers than all other premiums combined

Of engineers who compared it with premium-priced brands:

- 93% say Blue Sunoco matches or excels premium-priced brands for overall performance!
- 86% say it matches or excels premium-priced brands for miles per gallon!

Once again, the most exacting gasoline jury in the world—the men who engineer America's great cars—has made Blue Sunoco its first choice over all other gasolines.

We recently invited a large group of automotive engineers to try New 1956 Blue Sunoco, boosted to a new high in octane, in their own cars and give us their reactions. The results, compiled by an independent, nationally-known firm of certified public accountants, make Blue Sunoco the favorite by an overwhelming margin.

43% already use Blue Sunoco
Of the 1,166 engineers who reported on '56 Blue Sunoco, 43% said they were already users of our gasoline. A far greater number than reported using all other premium gasolines combined!

Premium octane at regular price
Blue Sunoco is recommended for the newest high-compression cars when owners' manuals recommend a "premium". Yet Blue Sunoco sells at regular price, gives many more miles per dollar. Make your own 10-gallon test today.

COMPARISON CHART
This is what auto engineers reported after comparing Blue Sunoco with premium-priced gasolines in their own cars

93% say Blue Sunoco matches or excels premium-priced brands for overall performance	91% say Blue Sunoco matches or excels premium-priced brands for power and pick-up
85% say Blue Sunoco matches or excels premium-priced brands for anti-knock performance	86% say Blue Sunoco matches or excels premium-priced brands for miles per gallon

BLUE SUNOCO

America's Greatest Gasoline Value!

The only gasoline that meets new higher premium octane standards and sells at regular gas price!

McIVOR NEWS

Mr. and Mrs. Monroe Seymour and son, Vince, of Grand Blanc spent the week-end with her sister, Mrs. Herbert Schroeder, and family. Mr. and Mrs. Fred Pierson of Flint spent the week-end with their parents, Mr. and Mrs. Harry Pierson. John Allen and Robert Allen of Flint spent the week-end with their parents, Mr. and Mrs. Austin Allen. Peter Sokola visited his daughter, Mrs. Clyde Wood, and family Wednesday evening. William Schroeder and Frank Halterman of Lake Orion and Pontiac visited his brother and family Saturday morning. John Wehrman visited Mr. and Mrs. Elmer Winchell and family Wednesday evening. The box social and dance sponsored by the eighth grade was a big success due to the help of all the people who attended and also the dance band known as the Flint Ramblers. The eighth grade would like to thank everyone. The winners of prizes were: Mrs. Edna Marks, one basket of groceries; Mrs. Josephine Erigham, one five-gallon can of motor oil; Matt Jordan, one tackle box, and another box of groceries was won by Judy Cataline. Prizes were donated by Jordan's Grocery, National City; Rahl's Grocery, Roe Oil Company, Turner, and the Gamble Store, Prescott. Mr. and Mrs. Bud Newvine and son of Merrill spent the week-end with his parents, Mr. and Mrs. Lloyd Newvine. Mr. and Mrs. Harold Horton and daughter, Betty, and friend, Linda, of Flint spent Sunday with his sister, Mrs. Herbert Schroeder, and family.

TIPS ON GROWING EARLY TOMATOES GIVEN

Tomatoes in July are worth two to five times as much as they are in August. We have reports of ripe tomatoes here in the Tawas area as early as July 4, and several gardeners have reported ripe tomatoes as early as July 15. It really is something to brag about and the distinction puts a gardener in an elite class. It does take planning and a little extra effort to get the extra early tomatoes, but the satisfaction is worth it. The first step is to select an early variety. Burpees have originated two extra early and high producing varieties. They are Burpeeana Early Hybrid, 58 days, and Burpee Big Early Hybrid, 62 days. The second step is to start seed indoors several weeks before planting time. A greenhouse or hot bed is ideal but you can accomplish the same results in a south window where temperature remains between 60 and 70 degrees. Third step, place plants in bands, pots, straw-berry or cottage cheese boxes. Fourth step, transplant to garden when soil becomes warm using a high analysis starter solution. Cover with hot caps or tents and spray first blossoms with a blossom set hormone. Of course, a good rich garden soil fortified with a tomato fertilizer is essential to get rapid growth and early maturity, and to capitalize on the full potential of the hybrid vigor. Clark Farm Store now has the Burpeeana Early Hybrid tomato transplants. They carry the high analysis starter solution, fertilizers and Blossom-Set hormone. Adv.

ALL FOR OLD GLORY—A former Silver Valley queen, Seaman Recruit Barbara Ann Young, studies a pictorial exhibit of famous naval battles displayed in the WAVE study hall at the United States Naval Training Center, Bainbridge, Maryland. Barbara, daughter of Mr. and Mrs. Peter Young of Tawas City, will soon complete nine weeks of recruit training at the Maryland installation.

TAWAS AREA P-TA MET MONDAY NIGHT

The Tawas Area P-TA met in the Alabaster auditorium Monday, April 16. The meeting opened with a salute to the flag and a prayer led by the Rev. Charles Morcer. Edward Rima introduced Nancy Allen, Jo Ellen Fernetto and Joseph Czaiki, who entertained with instrumental solos which they had successfully played in a contest earlier in the year. Lois Vane and Bette Mercer acted as accompanists. Superintendent Reynold Mick introduced Randall Fox, president of the board of education, who presented other board members. Walter Niles reported the excellent progress that is being made on the new school building and stated that it seemed very possible that the classroom areas would be ready for full occupancy. Mr. Fox discussed the salary schedule recently adopted and named the new faculty members. Waldo Curry, with the use of charts, gave a very comprehensive financial report. Stuart White explained the transportation program, pointing out the need for bus discipline and interpreting traffic regulations relating to school bus stops. Following the program, refreshments were served by the following committee: Mrs. Maynard VanOrnum, Mrs. Albert Vane, Mrs. Charles Lemon, Mrs. Lloyd Katterman, Mrs. George Binder, Mrs. Gerald Hayes, Mrs. George Kendall and Mrs. Jerry Whitely. The May P-TA meeting will be held in the East Tawas Community Building and will feature pictures of the Rose Bowl game and parade.

LOOKING BACKWARD 40 Years Ago—April 21, 1916

Local option in Isoco County lost to the wet forces by a vote of 841 to 913. Elected were Eugene Bing, mayor of Tawas City; Charles Pinkerton, mayor of East Tawas; H. M. Belknap, mayor of Whittemore, and the following township supervisors: William Dickinson, AuSable; John Burt, Grant; John Sullivan, Baldwin; T. F. Robinson, Alabaster; George Anschuetz, Tawas; Lewis Nunn, Plainfield; A. R. Weir, Oscoda; George W. Schroeder, Sherman; John Searle, Wilber; James Osborne, Burleigh; Joseph Lindsay, Reno. Bert Stickney has been appointed forest ranger and stationed at Seven Mile Hill. C. T. Prescott left Thursday evening for Iowa where he will purchase several carloads of cattle. Leon Cadore left Monday for Brooklyn where he will join his baseball team. Eli Berube has returned from a visit of several weeks in Saginaw. The Barkman Bank at East Tawas has been improved with a new plate glass front. The Rev. Charles E. Edinger of Onaway will officiate Sunday at services in Christ Episcopal Church. Mr. and Mrs. Charles Morrell will take up their residence in Detroit this week. Miss Gladys Marontate is spending a few days with her parents. Charles Jahraus of Flint is spending a few days here with friends. Louis Chapelle of Sherman Township left Monday for Flint where he has employment. The Laidlawville Corn Club boys held their first meeting of the season Tuesday evening. Miss Genevieve White of Whittemore left Tuesday evening for Lansing. Mr. and Mrs. Benjamin Frost and family of Flint arrived in Hale Saturday for a visit with relatives. Nelson Smith of Flint arrived Saturday for a visit with relatives in Wilber. D. O. Scofield returned to Toledo, Ohio, after spending the winter at Hale. Clayton Irish is operating his sawmill in Grant Township. Glenn McLeod is home from Lansing. How Christian Science Heals—Mrs. Henry Slykhouse led devotional and the program, using the theme "Life as a Garden." The entertainment was a hard time party with members dressed in old fashioned clothes. Serving refreshments of sandwiches and brownies were Miss Ruby Evans, Mrs. Elwood Bronson and Mrs. Ethel Moore. The serving table was covered with a red checked table cloth and a geranium plant was the centerpiece.

Mrs. Walter Kelchner of Sherman Township left Thursday to join her husband at Lima, Ohio, where he has employment. Frank Dorcy of Hale was a business visitor here Friday. Mr. and Mrs. Ward Andrews of Burleigh Township are leaving within a few days for Montana. 10 Years Ago—April 19, 1946. Theodore Bellville was elected chairman of the Isoco County Board of Supervisors. Gordon Clute, formerly of Detroit, has established a welding and sheet metal shop here. The smelt run is in full swing. Adrian Ayling and Thomas White are at Detroit attending a meeting of road contractors. Mrs. Frank Long is spending a few days at Plymouth. Mr. and Mrs. Dudley Nelem of Houston, Texas, are visiting relatives here. Miss Margaret Weaver of Royal Oak is spending a few days with her parents. Mr. and Mrs. Duff Hern of Saginaw were visitors here Wednesday. Mrs. Etta Ann of McIvor is in New York. Clarence Herriman has sold his farm on the Hemlock Road. Ira Scofield is breaking ground for a new home at Hale.

Whittemore News

The Whittemore Women's Club met Thursday night at the home economics room at the high school and observed gentleman's night. Members husbands were guests at the 6:30 pot-luck dinner. Twenty-four persons were present including the superintendent of schools, John Halbert, and Mrs. Halbert. Superintendent Halbert was guest speaker presenting a very interesting talk on reorganization of schools and explained many things in the operation of the school. A short business meeting of the club was held with the president, Mrs. A. Miller, presiding. The next meeting of the club will be held this Thursday night, April 19, at the home of Mrs. Alma Pake. The Whittemore Area School P-TA met at the school Tuesday night with a good attendance. The program theme was "This is Your Life," with Mrs. Jennie Valley as the honored guest. The program was a complete surprise to Mrs. Valley. Mrs. Robert Phelps gave her life, the many years of teaching and the schools in which Mrs. Valley taught. County School Commissioner Russell Rollin and Mrs. Rollin were present. Mr. and Mrs. William Fuerst were in Lansing Monday afternoon and evening where they attended a dinner and reception at the Masonic Temple in honor of Viola Gram, a past grand matron of the Grand Chapter of Michigan, OES, which was given by her home chapter and all the past grand officers who served with Mrs. Gram. Mrs. Fuerst was a past grand warden. Mr. and Mrs. Harry Hill and two children of Lansing spent the week-end here and at the Mansfield Hunting Lodge near Prescott. Mrs. Charles Lail returned Sunday from a month in Bradenton, Florida. Jackie, son of Mr. and Mrs. Edward Graham, who has been a patient in Tawas Hospital with rheumatic fever, has returned to his home but will be in bed for several weeks. William Dorcy of the Great Lakes Naval Base is spending a two-week leave here at his home.

Youth for Christ to Meet at Masonic Temple April 21

The regular monthly Youth for Christ meeting will be held Saturday, April 21, at the Masonic Temple located on 35th west of the Tawas Hospital. The program will be in charge of a group from the Flint Voice of Christian Youth. There will be special music, congregational singing and the message of the evening will be given by the Rev. James Stoughtenborough, assistant director of the Flint Voice of Christian Youth. The meeting will begin at 8:00 p. m. and the public is cordially invited to attend. The book-of-the-month will be given to the largest youth group present. Youth for Christ program will be of interest to both youth and adults.

Faith Circle

The Faith Circle of the East Tawas WSCS met last week at the home of Mrs. Charles Ferguson at Tawas Point. Mrs. John Smith conducted the business meeting. Mrs. Henry Slykhouse led devotional and the program, using the theme "Life as a Garden." The entertainment was a hard time party with members dressed in old fashioned clothes. Serving refreshments of sandwiches and brownies were Miss Ruby Evans, Mrs. Elwood Bronson and Mrs. Ethel Moore. The serving table was covered with a red checked table cloth and a geranium plant was the centerpiece.

A group of neighbors held a "bee" last Monday and erected a barn for Garfield Provoast. Except for the roofing it was all completed in one day. Several of the neighbors helped Mrs. Provoast with dinner and supper for the hard working crew. Mr. and Mrs. Sterling Cataline returned home from Florida Monday afternoon. Mr. and Mrs. Nelson Ostrand-er, Mrs. Clarence Bellville and daughter, Marsha, and Mrs. Leo Sylvester spent Tuesday in Ann Arbor. Mr. and Mrs. Dornace Bellville and children, Beverly and James, spent Friday in Bay City. Mr. and Mrs. Theodore Bellville and Mr. and Mrs. Clarence Bellville and daughters spent Saturday in Midland with Mr. and Mrs. Virgil Bellville. Virgil underwent an appendectomy last Wednesday.

FEDERAL SPENDING—

The federal government expects to spend more than \$65,000,000,000 in the 1956-57 fiscal year, which will be \$1,000,000,000 to \$2,000,000,000 more than during the current fiscal year.

Sherman News

Harvey Smith and Doris Lambert were business shoppers in Bay City Saturday.

Mrs. Mabel Allen was a visitor at the Frank Smith home Wednesday evening.

Mr. and Mrs. Fred Bethel of Flint opened their cabins and restaurant for the trout fishermen Saturday.

Mr. and Mrs. George Smith are driving a new Ford.

Floyd Schneider of Flint was a week-end caller at the home of his parents, Mr. and Mrs. Joseph Schneider.

Mr. and Mrs. James Brigham spent several days at the home of their daughter and family in Maize.

Mrs. Ida Olson and Mrs. Frank Smith spent Friday at the teacher's institute in Bay City.

Robert Kavanaugh of Bay City spent the week-end at his cabin here.

The AuGres River was alive with trout fishermen Saturday, more fishermen than good fishing spots.

HEMLOCK NEWS

Mr. and Mrs. Victor Herriman spent the past week in Bradford, Ontario, visiting relatives and friends.

Mr. and Mrs. Henry Smith are entertaining her nephew and wife of Pigeon.

Mrs. Fred Pfahl and son, Richard, and Mrs. William Herriman spent Friday in Bay City.

Mrs. Clara Smith spent last week Wednesday in Tawas City with her brother, William Brown, and niece, Mrs. Chester Bielby.

Mr. and Mrs. Kenneth Herriman and family of Melvindale spent the week-end with her parents, Mr. and Mrs. Fred Pfahl.

Mr. and Mrs. Charles Brown called on William Brown in Tawas City last Thursday.

Mr. and Mrs. Kenneth Herriman were dinner guests Sunday of Mr. and Mrs. Jerry Herriman.

The Rural Women's Study Club will hold its annual mother and daughter banquet May 2 at Grant Township Hall.

Mr. and Mrs. Ray Peters and Randy of Saginaw and Miss Judy Freer of Bay City spent the week-end with Mr. and Mrs. Lester Biggs and Aida.

Grant Farm Bureau held its regular meeting last Wednesday night at the hall.

Mr. and Mrs. John Wehrman and Verna Kay called on their brother-in-law, Carson Wilson. They also called on Mrs. Clara Smith and Harvey Melvor recently.

Fred Smith of Detroit spent the week-end at his farm.

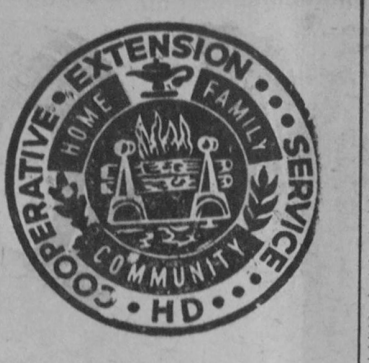

Earl Herriman was taken to the West Branch hospital for surgery. All hope for a speedy recovery.

Harry Herriman was dinner guest Sunday of Mr. and Mrs. Charles Brown.

Retail Sales Retail trade as a whole continues to lag a little behind the record pace of the closing months of 1955, according to the commerce department.

The "son" of the tiny cricket, an insect which is less than an inch long, can sometimes be heard as far as a mile. Mister Cricket is the only one who "sings a song." Mrs. Cricket makes no sound at all.

If thou wouldst profit by thy reading, read humbly, simply, honestly and not desiring to win a character for learning.—Thomas A. Kempis.

By Dorothy Scott County Agent

Friday, April 20—Recreation training school, at the school in Hale, 8:00 p. m.

Monday, April 30—Home demonstration hobby night, 7:00 p. m., Plainfield Township Hall.

Do not overlook the opportunity to attend this recreation training school April 20 at Hale.

It has been planned by a committee of women who attended a district school in February, and who wanted to pass along the ideas which they got and which they will be using in the organizations to which they belong.

Many are enjoying the sucker fishing in the west branch of the AuGres River.

Mr. and Mrs. Edward Slavinski were West Branch callers Wednesday afternoon.

William Fuerst of Whittemore was a business caller in town Friday.

Plans are going ahead for that home demonstration hobby night April 30. A committee chaired by Mrs. Marvin Davenport is working out the plans for different things that can be included as far as the displays are concerned and are selecting items to use as program numbers.

However, plenty of time is going to be planned for everyone to arrange her display and to have a chance to see and visit with the people who have made other displays.

All home demonstration members are inviting guests to attend this event and whether or not you receive an invitation you are still welcome, because this is an open invitation to anyone who is interested to see what goes on at the hobby night event to be present.

There is time for everyone to be finishing up orders for plat books at the discount price, because April 15 has rolled around and we are making a listing of all the books which have been ordered to better determine the number which will be printed.

Many of our organizations in the county have been selling books, or rather taking orders for books, which will be delivered as soon as the printing is done.

There is a discount for those ordered up until about this time which can be used by the organization in its treasury, so it is a help to them to take orders now.

If you would like to place an order and have not had a chance to do so yet, you might contact the chairman of an organization to which you belong or call the county extension office and order one in that way.

We would also like to call attention of anyone interested in advertising in this new plat book. Due to the fact that the deadline for advertising is about here, too, in order to have an ad you might contact the extension office or Harold Black, who is soliciting the advertising.

Mr. Black tells us that good progress is being made and that the number of spaces left in the book are becoming more and more limited. So, if you are interested be sure to get in touch with us very soon.

More than 60 people were present for the flower gardening discussion by Henry L. R. Chapman of the Iosco County Building in Tawas City April 11. This occasion was hosted by the Tawas City Garden Club which introduced Mr. Chapman and following the program served refreshments.

In his discussion, Mr. Chapman pointed out first of all, that plants which we grow are more interesting to us when something is known about their history. Very likely all of us would agree with that statement, although we have not really put the thoughts into words and realize that is the way we feel about it.

He also pointed out that the first and most important thing in growing a successful garden is light. The amount of light that is available determines what plants will grow, mature and bloom or how long it takes them to do so.

The second important gardening hint which he brought out is the importance of the soil in which we grow these plants. That many of our soils in this area stand some additional liming, particularly those which have a gray foliage.

One of the best and safest ways to add this lime is through the bone meal and you need not go to the extra expense of buying the steamed bone meal, the other is just as good, perhaps a little more smelly.

A third hint is that it is important for us to know the particular requirements of the plants we want to grow, as to the amount of light they need, kind of soil they need, the amount of water and various other things, as well as a place to locate them in the garden so they will be the most effective in relation to their position with other plants.

Fourth hint is that by all means the garden needs to include a lawn space. There are some kinds of grasses that grow better in the more shaded areas under trees, and other kinds that do best in the sunny areas. For the shaded areas, one of the shade mixes is desirable, while in the open sunlight there is nothing better than the Kentucky Blue, which is sometimes obtained under the term, Marion Grass.

The fifth thing which is necessary to a successful garden in your home area are some trees, but some that are somewhat smaller in scale, and preferably some of them that have a leafing habit which permits the sun to filter through. One of these which is very good is known as the Yellow Wood.

Mr. Chapman has provided us some lists of perennial plants and also of shrubs, which are suitable for gardens. These are not bulletins but mimeographed lists and we would be glad to supply them to those gardeners or garden lovers who would like to have them and request them from us at the office.

Speaking about lawns reminds us of another item we ran across the other day which says if you want to give a telling blow against lawn crabgrass this spring, it should be sprayed with 2-4-D at about the same time as your Forsythia blooms. This is a new recommendation from Michigan State University weed research work.

Curtains are important items in the furnishing of new homes and older homes. The problems in planning, selecting and caring for curtains and draperies are going to be discussed at the curtain and drapery selection training meeting this week and relayed by these leaders to the members of our 11 home demonstration groups in various parts of the county.

These meetings will be held in the latter part of April and the first part of May. Some of the women will likely want to go further and study about the making of curtains and draperies, maybe especially draperies. That lesson can be planned for fall if the memberships make their requests at this time because the selection of next year's program is being carried on through the groups during April.

CHRISTIAN SCIENCE—

How spiritual understanding of God, infinite Life, brings growth and progress to man will be brought out at Christian Science services Sunday.

The lesson-sermon entitled "Probation After Death" will include the following passages from the Bible (Ezekiel 18:31, 32): "Cast away from you all transgressions, whereby ye have transgressed; and make you a new heart and a new spirit; for why will I die, O house of Israel? For I have no pleasure in the death of him that dieth, saith the Lord God; wherefore turn yourselves, and live ye."

Correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (485:18-19): "Not death, but the understanding of Life, makes man immortal."

Members of an honor guard from the Marine barracks of the United States Navy Yard in Brooklyn carry the flag-draped casket of Marine Pvt. Norman Wood of Bay Shore, Long Island, New York, after the arrival of the body at Idlewild Airport.

Giving In...To His Practical Side!

We will tell you, in all honesty, that this gentleman was a little dubious when he first walked into the showroom.

There was no question, to be sure, about his wanting a Cadillac.

But, quite frankly, he wondered whether or not he was in a position to purchase a motor car as wonderful as the 1956 Cadillac.

But now he is learning some facts about this distinguished motor car that are removing the doubt from his mind.

First of all, he is learning that a Cadillac is relatively modest in its initial cost.

He is finding out about Cadillac's extraordinary dependability and freedom from repairs.

He is discovering the remarkable facts about Cadillac's traditionally wonderful resale value.

And, lastly, he is being told that, at this time of the year, his dealer is able to make Cadillac ownership even more practical than usual.

That's why we suspect that—having given in long ago to his heart—he is now giving in to his practical side. And that's a combination no man can resist!

If you have considered Cadillac the car in your future—but have postponed making the move for reasons of economy—we urge you to stop in soon.

As an experienced Cadillac dealer, we have established a wonderful relationship with fine-car motorists throughout the community. Our reputation for integrity is positive assurance of your satisfaction as a customer.

McKAY SALES COMPANY 325 LAKE STREET TAWAS CITY

SMALL FRY IN FIRE LINE—Little "smoke eater" Joseph Matera, five, parades alongside of his father, Fireman Michael Matera of Staten Island, as New York firemen picket the city hall. Some 6,000 firefighters marched in a long line before the building to support their demands for wage increases. Young Joseph showed up in fire chief's outfit to strengthen the ranks.

Bellville-Townsend
The Hale Methodist Church was the scene of the 4 o'clock double ring ceremony uniting Miss Laeberta Ann Townsend and Maurice Bellville in marriage Sunday afternoon. The Rev. Richard Jennings of Christ Episcopal Church, East Tawas, officiated.

Mr. and Mrs. Herbert S. Townsend of Hale are the parents of the bride and the groom is the son of Mrs. Charles Bellville of Whittemore and the late Mr. Bellville.

The bride, given in marriage by her father, wore a floor length gown of white Chantilly lace and silk tulle over white satin. Her fingertip length veil of silk tulle net was draped from a small pearl studded tiara. She carried a colonial bouquet of red roses and carnations with cascading ribbon streamers of rosebuds.

The maid of honor, Mary Lou Peters of South Branch, and the bridesmaid, Patricia Scofield of Hale, wore identical ice blue broadened nylon walking gowns and carried bouquets of variegated red and white carnations. The flower girl, Beverly Bellville of Whittemore, wore a yellow embroidered organdy floor length gown and carried a bouquet of pastel sweet peas.

The groom was attended by his brother, Clayton Bellville of Hale, as best man. The ushers were Gerald Bronson of Mt. Pleasant and Gene Burnside of Whittemore. Thomas Gitchell of Bay City was the ring bearer.

Proceeding the ceremony Miss Harriet Townsend of South Branch sang "Because" accompanied by Mrs. Gerald Wyatt of Hale.

Following the ceremony a reception for 250 guests was held at the Hale Masonic Temple. The bride's table was centered with a beautiful three-tier cake topped with a miniature bride and groom.

Out of town guests were from Sault Ste. Marie, Canada, Flint, Middleville, Detroit, Bay City, Midland, West Branch, Clio, South Branch, Long Lake, Standish, Tawas City, National City, Owosso, Rose City, Twining and Whittemore.

The bride is a graduate of Hale High School and the groom is a graduate of Whittemore High School. The young couple will reside in Hale following a short honeymoon.

Helen Klinger Honored at Party Thursday Night
Miss Helen Klinger was the guest of honor at a party Thursday evening at the home of Mrs. Earl Crown. Twenty guests played cards. Miss Klinger opened gifts of linen and cotton placed on a table decorated with a yellow cascade and centered with a bridesmaid's doll, decorated by Mrs. Mary Nemeth.

A lovely fruit salad and cookie assortment served with coffee ended the evening.

WINTER SPORTS PARKS INCREASE BUSINESS IN '56

A survey completed recently by the East Michigan Tourist Association in its area reveals that winter sports parks increased their business averaging approximately 25-30 percent this year in comparison to the previous year, which was a record breaker, according to Frank Davis, EMTA secretary-manager from Bay City. He said that these 15 parks showed a wide variation ranging from no increase to 300 percent increase. Grayling's revised park had an attendance of 20,000 winter sports patrons in comparison to 7,000 the year before. All of the parks with one exception showed increases. Two parks, brand new this year, also reported successful seasons. These were Mio Mountain and AuSable Ranch and Ski Club.

The East Michigan Tourist Association estimates there are 100,000 active skiers in Michigan who regularly make trips to winter sports areas for skiing. This is based on a survey made two years ago by the Department of Business Research of Michigan State University. "No one knows how many other than those who do not regularly take trips to the ski areas or how many friends and relatives come along," Davis said.

One of the new trends was the revival in attendance at the big general family parks that do not specialize entirely in skiing. These include Silver Falls near the Tawasess, Alpena Winter Sports Carnival and Grayling. All of these parks showed a substantial increase this year.

A new park for next year is being planned jointly by Onaway, Rogers City and Cheyenne and that probably will be other new ones in the area, according to Davis.

Great Lakes Greyhound reported that its chartered winter bus business was tripled from last year and that at times during the winter it had as many as 60 chartered buses operating during a week-end transporting winter sports customers.

District Scout Council Met Last Week at West Branch

The annual meeting of the Northland District Committee, Paul Bunyan Council, Boy Scouts of America, was held last evening at the West Branch High School. Forty-six representatives from five counties enjoyed a pot-luck dinner, listened to reports of the progress and activities of the past year and elected a slate of officers for the new year.

Returned to office as district chairman was William D. Lyon, East Tawas. Elected as vice chairmen were Arthur Cronin, Roscommon, and Glenn Bedell, Rose City. Representatives from the district committee, Sheldon Buck, executive board will be Stuart Scott, West Branch, and Merle E. Hopper, Higgins Lake. Members-at-large on the district committee will be Wayne Hall, Houghton Lake; Austin Sevener, Tawas City; Sheldon Buck, Branch; Donald Dow Sr., Roscommon; Joseph F. Babcock, Roscommon; Arthur Crawford, West Branch; Marion Richmond, Roscommon; Walter Thomas, Oscoda; Roland Yorty, Higgins Lake; James Hill, Prudenaville; A. Clair Mutch, Sterling; George Lodge, Frederic, and Frank Cherven, Roscommon. Featured at the meeting was a motion picture, "They Also Serve," depicting in an entertaining manner, the workings of the district committee. Special guests for the evening were Paul Bunyan's Council president, Ralph F. Prescott; chairman of camping and activities committee, Willard Perry, his wife and scout executive, Arthur E. Henry, and his wife, all of Midland. Next meeting of the district committee will be at the Frederic Township Hall, May 9.

Program Schedule

Weekly program schedule of Station WNEM-TV, Channel 5, Bay City, serving Saginaw, Bay City, Flint, Midland and North-eastern Michigan.

Saturday, April 21—

THREE NEW MEMBERS JOIN JUVENILE GRANGE

Jerome, David and Dennis Hall joined the Juvenile Grange at its regular meeting held Saturday afternoon. A short business meeting was conducted by Master Brian Bellville. Lunch was served at the close of the afternoon.

If you can remember the time when a man's importance was judged by the size of his key ring you are older than you will want to admit.

WITH THE IOSCO— 4-H Clubs

By Dorothy Scott
County Agent

Friday, April 20—Recreation Training School at Plainfield Township School in Hale, beginning at 8:00 p. m.
Monday, April 23—Friendship 4-H Club open house.
May 6—4-H Club Sunday.

May 6 is 4-H Club Sunday this year and we would like to remind all the 4-H Clubs that it is time to begin making some plans for observing that date. We have just received some guides for

helping you plan such observances. We suggest that you place your request with us for copies, or better yet, stop at the office and talk it over with us. We would like to have every one of the nine community 4-H Clubs this year plan for some type of observance as a part of a church service or attending church together as a 4-H Club. Report what you do so we can share it with others in the column a little later on.

We would like to remind you again that plat book sales are on and the period for selling or taking orders for them at discounts, which can be kept for your own treasury, is over this week. Be sure to let us know at the office how many such orders for books you have taken so it

will help us to determine how many books to have printed. Likewise, the space for advertising is almost gone and we suggest that anyone who has been thinking about having an ad in the plat book had better do it right away, or else he may find that all the space has been taken.

The 4-H Club Leader's Council meeting Monday, April 9, was held at Grant Township Hall. Mrs. Walter Laidlaw is president and Mrs. Harold Goedecke was selected as vice president to complete this term. Mrs. Laidlaw succeeds Franklin Bischoff, who has joined the armed forces.

Quite a number of things were discussed and tentative plans made for activities in 4-H Clubs during the summer. Following are some of the plans so that you can begin to make plans for participating.

To begin with, dairy members are reminded that if they wish to use ABA complimentary service during this year they should get their blanks well ahead of time so they will have it on hand when it is needed.

In June there will be the county-wide dress revue for the girls who are completing clothing and knitting projects. On the same evening after the dress revue is completed it is planned to have a square dance to complete the program.

June is also Dairy Month and one thinks of ice cream every time you think about dairy products. 4-H Clubs were asked if they would like to plan for holding an ice cream social some time during the month of June, as a means of helping to promote the dairy industry program.

During June and July most of the 4-H Clubs will be holding tours, we are quite sure, because most of them have another project to be completed before fair time. Some of the clubs have a few people whose projects were not quite completed at the open house and these folks need, also, to complete their projects and receive certificates prior to the fair.

Club week this year is being held in July which is a little later than it has been for several years. We will be having in attendance from Iosco County one girl who is selected at the dress revue event and will participate in a like event at club week and one boy who will be selected for outstanding membership during the year.

Also in July comes our county fair, and every 4-H Club mem-

ber will be planning to exhibit the projects which have been completed.

Another event that will take place some time this summer in June or July is the county rifle shoot.

Probably all 4-H Club members are wondering when the Hardwood Lake camp will be this year. It is to take place the very first week in August. To be eligible for attendance, a boy or girl must have completed two projects by fair time. It has been decided that the Iosco eliminations for the talent show will take place as a part of the camp program this year. This event will probably take place on a Friday evening. Any 4-H Club member or group of members may participate in this talent program activity. There are a number of different classifications for acts which we could clarify for you if you let us know of your interests in taking part in this contest. You will not need to be at camp the entire time. You could come in for this one evening's activity.

There has been considerable interest shown in demonstration and judging activities this spring, so we feel that it would be best to have the county eliminations contest at a time different than the fair, which we have tried the past two years. This county contest will take place very soon after the camping period. Following the county contest there will be the district round-up, where our county contestants will compete for further honors and hope that some of them will make the state show.

The state 4-H Club show comes at the end of August and the first part of September this year. It will provide a full week's trip for winners of the district round-up contest and an overnight trip for some other winners on a county basis.

Also in September will the county-wide 4-H Club family picnic, which will be the third one that will be held in Iosco County.

Clip this week's column from the paper and save all the things which are being planned for summer's activities. You can refer to it any time for information about what is going to happen and approximately when.

If you do not advertise, you are simply turning your back on a way to increase profits.

the Snapshot Guild

Don't always stay behind the camera. Have someone snap you at work on your hobby.

Picture Your Hobbies

Once the very learned physician, Sir William Osler, observed: "No man is really happy or safe without a hobby... Botany, beetles or butterflies—anything will do so long as he straddles a hobby and rides it hard."

And since April has been set aside as National Hobby Month, we thought it appropriate today to discuss how your camera can complement all your hobby interests.

For the hobbyist who collects shells, buttons, matchfolders, dolls, guns, stamps, glass animals, china and the like, a picture record of his collection can be a double source of enjoyment.

Because many of the items to be pictured are comparatively small ones, you'll have to figure on shooting from fairly close distances. With a box-type or fixed-focus camera you can only come within six feet of your subject. Should the item seem lost in the middle of your viewfinder at this distance, you'll need to add an inexpensive close-up attachment to your camera. Then you'll have

no difficulty in shooting as close as three and a half feet.

Since this kind of picture taking is usually done indoors, some source of artificial light will be necessary. The simplest answer is a synchronized flash attachment which fits right onto your camera and eliminates the need for setting up lights. Today's cameras are equipped to handle this neatly—and there's no guesswork—for as you snap the shutter it automatically flashes the bulb at precisely the right instant.

Of course, there are some hobbies that couldn't ever have become "collecting" hobbies at all without a camera. For example, if you're interested in old automobile models, aircraft, railroad engines, bridges, statues or architecture, your subjects would be practically impossible to collect except on film. But with a camera in hand, you can have an impressive "collection" of any of these items without acres of space or vast sums of money!

—John Van Guilder

TODAY'S BIG SPECIAL
at a price that will open your eyes (and Purse)

IF YOU'RE in the market for a real buy, take a good look at this one. It's a 1956 Buick SPECIAL—which means, of course it's a big car. But look again at the price news it carries. It tells you this big Buick SPECIAL can be yours for only a few dollars more than the price of the well-known smaller cars—for even less than some models of those very same cars. (And the price we'll show you proves how true that is.)

The gospel truth is—this brawny new beauty is the biggest bundle of high style and hot performance ever offered in Buick's lowest-priced Series. Even that, though, doesn't completely explain why Buick outsells every car in America except the two well-known smaller ones. To understand the big reason, you've got to know something about how much pure automobile you get for your money in a 1956 Buick—

The extra satisfaction of commanding Buick's walloping new 322-cubic-inch V8 engine—

The extra joy and comfort of Buick's new buoyant ride, Buick's matchless new handling ease, Buick's extra solidity of structure—

The extra thrill that comes from the world's most modern transmission. For, at your option, you can also have the new double-action take-off—and the extra gas-saving mileage—of Buick's advanced new Variable Pitch Dynaflow.†

Those are some of the things we'd like you to know, firsthand, about the 1956 Buick. And we'll let the car itself—and that low price tag—do the talking. Will you come in—real soon—this week maybe?

†New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

NEWS ABOUT IOSCO SERVICEMEN

Fort Knox, Kentucky—Pvt. Robert C. Champine, son of Mr. and Mrs. Charles O. Champine, Tawas City, recently completed 10 weeks of advanced individual training under the packet platoon system at the army's Armor Training Center at Fort Knox.

Champine was trained to drive the army's medium tank. He passed the .30 and .50 caliber machine gun proficiency tests and qualified as a gunner in the firing of the 90mm. tank gun.

Under the packet platoon system of training, each trainee becomes a permanent member of a tank crew.

Champine entered the army last November and completed basic training at Fort Leonard Wood, Missouri. He attended East Tawas High School.

TRAFFIC DEATHS—Motor vehicle fatalities in February equaled the all-time high for a February, according to the National Safety Council. It reported a total of 2,680 Americans killed, the same number as in February in 1941 and 1952. The total this year was 16 percent higher than for February 1955. The first two months of this year accounted for 5,590 deaths, 500 above the total for the same period of 1955.
