**FIRST BRICKS LAID THIS WEEK FOR NEW TAWAS CITY CHURCH**

FIRST BRICKS FOR THE NEW Immaculate Heart of Mary Catholic Church in Tawas City were laid this week by workmen of Davison-Rose Builders, Incorporated. Shown in the above photo is Olaf Rose and Arnold G. Rose, foreman, in the background studying blue prints for the new church. In the foreground is Kenneth Brown, shown laying one of the first bricks. Plans for the new church were completed last summer and the contractor brought the site to grade and poured foundations during the winter.—Tawas Herald Photo.

**Isosco Names Delegates to State GOP Meet**

Delegates to the state convention were named by Isosco County Republicans at their biennial county convention, held last Wednesday night at the Isosco County Building.

Named as delegates were Elmer Werth, East Tawas; James P. Mielock, Whittemora; Clarence Everett, Tawas City, and Charles McLean, Tawas City.

Alternates are Edna Otis, East Tawas; George Kimball, Oscoda; Grace L. Miller, East Tawas, and Herbert Hertzler, East Tawas.

A committee on resolutions presented the following resolution to the convention:

"We are proud of the record made by our national standard bearer, Dwight D. Eisenhower. His integrity is unquestioned; his administration has been featured with prosperity and peace; and his unflinching courage was shown within the week by his veto of the farm bill. This official act was devoid of politics, but represented his ideas of the situation before the country.

"We urge our county delegates to the state convention to use their votes and influence in electing delegates to the national Republican convention who will vote for the nomination of Mr. Eisenhower for president, to succeed himself."

By resolution, the county convention voiced approval of Rae C. Hooker as national committee woman and instructed delegates to vote for her retention in this office.

Relying upon the "integrity and political sagacity of the delegates to be chosen by this convention to the state convention and district caucus," the resolutions committee suggested that the delegates be instructed, "knowing that they will safeguard the Isosco County Republican Convention's interests, as well as doing what is best for the Republican party this year."

Members of the resolutions committee were Miss Otis, Mr. Mielock and Harold Black.

**NEW BASEBALL LEAGUE ORGANIZED LAST WEEK**

A new eight-team Huron Shore Baseball League, organized recently with William Hopcroft of Oscoda as president, came into being last week following a meeting with directors of the Northeastern Michigan League.

At last Friday night's NEM League meeting at Standish, directors voted against allowing the new league to become affiliated with the NEM as its northern circuit.

Directors promised cooperation with the new circuit, however, and a play-off between the two leagues will be held at the end of the season. Also planned was an all-star game between the two leagues during the summer.

This action came as a result of discussions at several meetings recently by teams in this area. Reason given for organizing the new league was the distance required to travel in previous years.

Teams representing the new league include Wurtsmith Air Force Base, Black River, Hale, Harrisville, Lincoln, Mikado, Oscoda and Tawas City.

Other officers of the Huron Shore Baseball League, besides Hopcroft, include Anthony Besky, vice president, Harrisville; Keith H. Jung, secretary, Wurtsmith Air Force Base, and Joseph Silverthorn, treasurer, Mikado.

A league schedule will be announced at a later date. Opening game of the season is tentatively scheduled for May 27.

**WORK STARTED ON M-55 IMPROVEMENT**

Work started last week on another road construction project in this area. A. S. Leffler and Company of Davison started removing trees along M-55 from the Ogemaw-Isosco County line west to the end of the present black top. Actual dirt moving operations will start as soon as road weight restriction are lifted so equipment can be moved.

This project, seven miles in length, calls for grading, drainage and surfacing with a seal-coat by November 30.

**Slogan Contest Winners Named**

"Do Your Shopping at Home" became a popular saying in the Tawas City business district last week-end. As "Word Scramble" contestants made the tour of the 16 contest sponsors' business places, securing the letters needed to complete the contest slogan, the timely shopping tip was easily un-scrambled.

The early bird and winner of the first correct entry prize was Mrs. Clarence Bariger. She will receive the following merchandise prizes: Matched necklace and earring set from Sally's; two hot barbecued chickens, cooked to perfection at Park-N-Shop, a Hotpoint automatic appliance clock from Fydas Company of the Tawas area, and at Raymond's Department Store, a Cannon gift towel set with cup and saucer.

Mrs. Minnie Wright, who submitted her correct entry a few minutes later, will receive the second place prize. They in-

**Water Meter Proposal Discussed**

Action taken by the Tawas City Council last week, authorizing the city engineer to go ahead with plans for an \$82,000 addition to the municipal water system, were discussed at Monday night's regular meeting of the water board.

Enlarging on reasons for installing water meters, one of several objectives approved in the council's new plan, it was pointed out that meters assured the fairest way of selling water as all customers pay in proportion to their respective consumption.

Other reasons were these:

1. The water department would have a good check on the amount of water sold and by comparison with readings on the meter at the source of supply, losses and leakage could be better established.
2. Knowledge of water consumption by various users is essential in establishing water rates and the only way this information can be obtained and analyzed is by metering all services.
3. It has been proven that as meters are installed, consumers' water wastage is reduced which in turn effect economies in pumping.
4. As water requirements are kept within bounds, including the control of water waste and the reduction of unaccounted for water, the number of wells, capacity of pumping station plus storage and distribution, are kept to a minimum, thereby keeping capital investments to a minimum.
5. With a sewage treatment plant operated on a utility basis, metering of water services makes possible an equitable basis for charging customers in proportion to the wastes discharged to the sewer system.

According to a report received from Allegan, after installation of meters water consumption is down two-thirds, water pumping power cost is down one-half and sewage pumping power is down about one-third.

One of the main reasons for meters pointed out in letters from Standish, Harbor Beach and other cities was the fact that meters revealed many leaks in the system, thus reducing pumping.

In other business taken up by the water board, the following resolution was passed: "In order to clarify assessment for sewer extensions, the sewer assessment for new sewer construction is to be at the standard rate per foot of the entire lot or lots frontage of the owners' property."

**OLEN HERRIMAN NAMED MANAGER OF TC INDIES**

Olen Herriman was named manager of the Tawas City Indians for his second year in succession at the baseball team's organizational meeting last week.

Other officers elected were Russell Anschuetz, director; Bernard Lorenz, secretary-treasurer, and Mern Warnar, general manager.

First practice of the season will be held at the baseball diamond this Sunday afternoon, weather permitting. Manager Herriman asks that all interested players who wish to try out for the team attend the session.

**L. R. Sanderson Retires as National Gypsum President**

**Company Has Great Growth in Past 5 Years**

Chairman Melvin H. Baker of National Gypsum Company Tuesday night announced the retirement of Lewis R. Sanderson as president of the company, effective April 30. Mr. Baker said the board of directors elected Fred A. Manske, executive vice president, to succeed Mr. Sanderson.

Mr. Baker, who will continue as chief executive officer of the company, also announced that operations vice president, Wells F. Anderson, has been elected a director filling the vacancy created by Mr. Sanderson's retirement. Mr. Anderson was also elevated to the rank of senior vice president.

Mr. Sanderson, 65, has been president of National Gypsum since 1951. Prior to this he had been associated with Atlantic Gypsum Company and the Red States-Gypsum Company.

During his service with the latter company, he came to Tawas, a young man with a minor position at Alabaster. During the years here he made rapid advancement, finally becoming superintendent.

Chairman Baker was host at a dinner in honor of Mr. Sanderson in the Buffalo Club Tuesday night. He referred to the retiring president as "a man of outstanding ability with the special qualification of a life time of experience in the gypsum industry culminating in five years of devoted service as president of National Gypsum."

"During his tenure as president," Mr. Baker told some 100 of Mr. Sanderson's friends, including many National Gypsum Company executives, "the company had its greatest period of growth." He recalled that sales had risen from 95 million dollars in 1951 when Mr. Sanderson was elected president to 148 million dollars in the same period jumping from 12 million dollars to more than 15 1/2 million dollars.

"The largest gypsum deposit in North America near Halifax, Nova Scotia," Mr. Baker continued, "was discovered and developed by the company during Mr. Sanderson's presidency. And at Shoals, Indiana, under his direction, our geologists discovered a vast and previously unknown deposit of gypsum."

Chairman Baker retraced the history of the company during the retiring president's five years as president. He recalled that other plants were built and other plants discovered. Full work has been laid for additional expansion; the completion of which is being passed on to Mr. Sanderson's successor.

"A great business," Chairman Baker said, "is being turned over to President-elect Manske." Turning to the new president, he said, "You have the experience and knowledge and we have confidence in your ability to successfully carry on where 'Sandy' is leaving off."

A native of Des Moines, Iowa, Mr. Sanderson entered the full work industry in 1914 soon after graduation from Iowa State College. He came to Tawas and Alabaster shortly after graduation. He rose through the ranks of the United States Gypsum Company. He stayed with the firm for 15 years. He married Miss Edith Richards of East Tawas in 1915.

In February 1928, while manager of USG, he resigned to join the Atlantic Gypsum Products Company. He rose through the ranks and was manager of the New York City plant of that company when it was purchased by National Gypsum in 1936. He continued in that post with National.

During World War II the retiring president headed up the giant Bluebonnet, Texas, Ordnance Plant which National Gypsum built and operated for the government. Under his direction (See Sanderson, page 8.)

**New Sales and Earnings Record Set by National**

Sales and earnings of National Gypsum Company in the first quarter this year were the highest for any quarter in the company's history. Chairman Melvin H. Baker reported at the annual meeting Tuesday.

Sales for the first three months of 1956 were \$39,509,831, up 18 percent over \$33,572,033 in the first quarter of last year.

Earnings for the first quarter this year jumped 28 percent over the like period a year ago. They were \$4,577,694 or \$1.54 a share on 3,222,541 shares outstanding compared with first quarter 1955 earnings of \$3,574,098 or \$1.24 a share on 2,784,627 shares outstanding a year ago.

Mr. Baker predicted that 1956 sales and earnings of National Gypsum, now in the midst of a \$95,000,000 expansion program, would top the record heights set last year. Included in the program is expansion of the company's quarry operations in Isosco County, announced several weeks ago.

**Investigate River Mouth Improvement**

Steps were taken this week by a group of interested Tawas City boat owners and businessmen to investigate means of getting state monies for development of the Tawas River mouth as a small craft harbor and refuge.

The Tawas River mouth, long a harbor for about 22 to 25 cruisers and fishing boats each year, is just about impassable at present. Silt has filled the outer reaches of the river mouth and entry into Tawas Bay with any craft other than an outboard motor boat is just about impossible.

For years interested boat owners have been pushing for development of this natural harbor with little success. Several times during recent years the river mouth was dredged using locally collected funds.

Today, the men pushing the development reason that the Michigan Waterways Commission should help finance such a project. They say that all of the boat owners pay a special state tax on their craft and buy gas which has a sales tax to be used for harbor development.

Spokesman for the local group say that if extra piling were placed in the river mouth and dredged it would be a low-cost development which would care for a great many more boats each year.

In 1945 an attempt was made to get federal help on development of the river mouth as a harbor. A special hearing was held, but the project was dropped by the Army Corps of Engineers.

In recent weeks the Tawas City Council was presented with a plan which would improve the river from the Tawas River bridge over US-23 to the M-55 bridge. No action was taken at the time but the project will probably be discussed at a future meeting.

**Few Fishermen Here As Smelt Start to Run**

After an "on-again off-again" sort of smelt run during the past few days, hordes of the silvery fish finally started their spawning run up the Tawas River Tuesday afternoon. With only a few fishermen on hand to dip the fish from the river it will only be a question of time before the run is over.

Last week-end, however, it was a different story. Thousands of down-state fishermen visited this area, the majority of them leaving for home late Sunday empty handed (unless they stopped at one of the local fish markets).

Local law enforcement officers had one of their busiest days in years. They handled just about every kind of charge, from two men carrying a concealed weapon to tipsy drivers. The Isosco County Jail proved to be the place where many of the fishermen spent their week-end.

The Saturday night crowd in the Tawas area and at Whitney Drain was estimated to be the largest in history. All facilities at motels, hotels and cabin courts were filled to capacity and a number of fishermen spent Saturday night sleeping in their cars.

The prospects for a good run of fish this week-end are still questionable. Tons of smelt are caught in Tawas Bay daily by commercial fishermen, but the question as to whether the fish will be running in the Tawas River, when the visiting dippers are here, is anybody's guess.

**DOG SHOT AFTER IT HAD BITTEN THREE PERSONS**

Sheriff Ivan O'Farrell reported Wednesday that his department was forced to shoot a dog this week after efforts to capture it failed. The dog had bitten three persons and the department attempted to capture it so as to keep it under observation. The dog's head was sent to the Michigan Department of Health criminal laboratory at Lansing for analysis.

Sheriff O'Farrell said the dog was owned by the Robert Struck family of East Tawas, who left town several days ago, and the dog was allowed to run loose.

Grace Luther League met with Hope Luther League of Oscoda last Sunday afternoon. The young people enjoyed a hike and a wiener roast.

**BUDDIES WHO 'HELPED,' GET JAIL CELL WITH PAL**

Eugene Yut of VanDyke and John MacKean of Detroit must have been observing "Help Your Buddy Week" last Sunday. The two men joined their friend, Robert A. Brown of Royal Oak, in the Isosco County Jail Sunday morning, although not to their own choosing, after making repeated efforts to get him out of jail.

Brown was arrested last Saturday night at East Tawas by Officer George Duff on a drunk and disorderly charge. Sheriff O'Farrell said that Yut and MacKean came to the jail about 4:30 Sunday morning in an intoxicated condition and wanted "out" for Brown.

They soon joined their buddy in the lock-up after becoming abusive to the sheriff. The three men were assessed a total of \$100 in fines and costs when they were arraigned in the court of Justice Arthur Goulet at East Tawas.

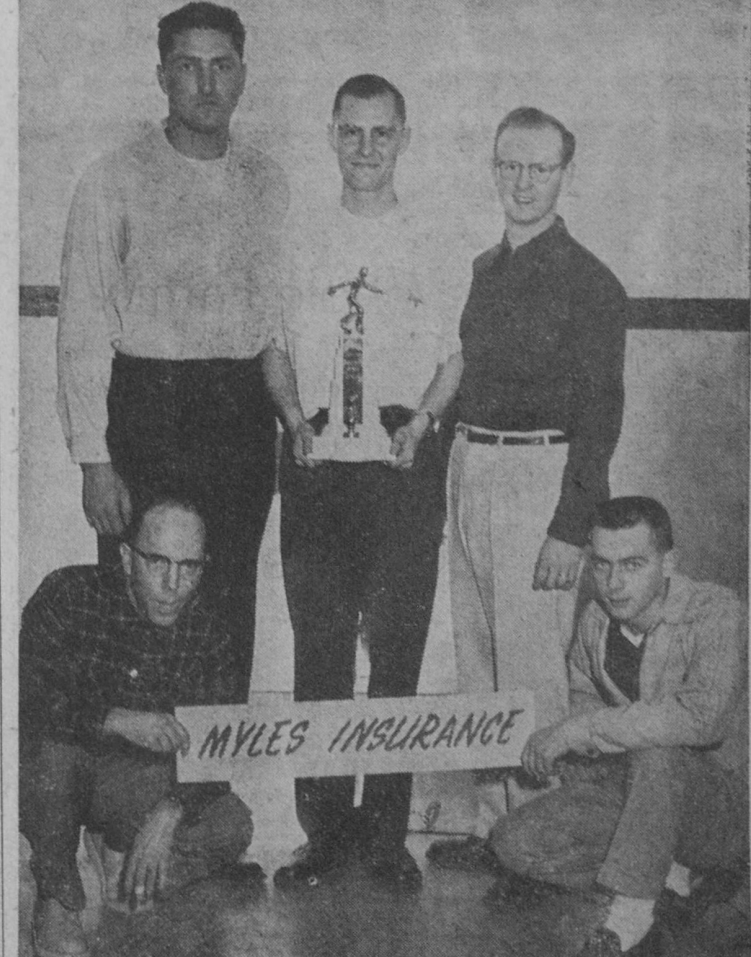

**Motorist Bound Over on Revoked License Charge**

Garth Mousseau of Hale was arrested by the Isosco County Sheriff's Department for operating a motor vehicle with a revoked operator's license. This being Mousseau's second arrest in recent months for the same offense, he was bound over to circuit court by Justice Arthur Goulet.

A STORY in a national publication tells of an exciting game in the city division of the Yankees. Information pertaining to the Yankees is an honest conviction. This is an honest conviction. As one insider put it, "What do they expect us to do, lay down and play only as well as last year us?"

The Tigers are confident that as the season wears on, their anticipated improvement in hitting and pitching will begin to tell and become a potent factor in the race. About their defensive abilities there is little question.

**Monnd Corps Strengthened**  
This writer, for one, is convinced that the Tigers are vastly improved in pitching. The trade brought back Virgil Trucks and the increased skill of Frank Lary, Bill Hottel, Duke Maas and established veterans Ned Garver and Steve Gromak, should help the team win many of the close ones that they had a habit of losing last year.

**Human Factors Count**  
The Yankees, Indians, White Sox and Red Sox, the four teams that finished ahead of the Tigers last season, have more human factors than human factors than human factors. Statistics like power hitters, fast ball pitchers and strong reserves, all of which contribute mightily to winning ball games. They think they've lost more of them every day.

The experts, in fact, see Detroit doing no better than last year. They have some support for their appraisal in the team's disappointing showing in spring training. But, says "Bucky" Harris and his aides won't predict a regulars get hurt, look out.

THEODORE O. LANGE DIED MONDAY AT ADA

Theodore O. Lange, 78, a former resident of Tawas Township, who was residing in Ada, died last Monday, April 16, at the Blodgett Hospital in Grand Rapids.

Funeral services were held last Thursday afternoon at the Zion Lutheran Church, Tawas City, with the Rev. E. E. Bickel officiating.

Mr. Lange was born in Tawas Township June 2, 1877, where he lived until six months ago when he moved to Ada.

Surviving are two sons, Clarence of Detroit and George of Rochester; a daughter, Mrs. Martha Wajohn of Tawas City; a sister, Mrs. Bertha Hagen of Ada; 12 grandchildren, and nine great grandchildren.

Interment was in the church cemetery.

Use a shade-tolerant species of grass like red fescue for light soils and poa trivialis for heavy soils to overcome the shading effect.

Since the tree roots compete for moisture and plant food, it is best to supply both in heavier than usual amounts.

Tyson Michigan State University turf specialist, says one pound of actual nitrogen per 1,000 square feet of shaded lawn area is all that is necessary once a month.

The usual recommendation for an open lawn is one pound of actual nitrogen three times a year.

To make sure the shaded lawn has enough water, the area should be soaked to a depth of several inches during dry period.

Be sure to rake up fallen leaves to keep the grass from smothering. Also, set your lawn mower to cut at a length of two to 2 1/2 inches.

Early transplanting of strawberries will pay off in bigger yields this next year.

Runners that form in June will produce twice as many berries the next year as runners that form in July.

Harry Bell, extension horticulturist, at Michigan State University, recommends setting out plants as soon as the ground can be suitably worked this spring.

Set plants about 28 inches apart. The ideal spacing is no more than four plants by September 1.

Many growers have been setting plants about 18 inches apart because of likely losses of several plants. However, plants have become more vigorous with increased control of diseases and insects so that fewer die now.

Earlier solutions can be a big help in getting strawberry plants off to a fast start after transplanting. These solutions can also do damage to the plants if applied too late in the spring.

May 1 is the latest starter solutions should be used in Isosco County. If irrigation is used, starter solutions can be used any time.

The purpose in using the starter solutions is to provide nutrients for the plants when the soil is cold. After the soil warms up, the necessary nutrients become available.

Here is good news for Isosco County's farmers. Mrs. Mary Byrd, ASC office manager, informs me that the federal and state ASC offices have approved 75 percent cost share on liming materials.

This means during 1956 Isosco County farmers will receive \$5.15 per ton of lime they apply, as a result of their soil tests.

Over 90 percent of the soil samples submitted by Isosco County farmers indicate the need of lime. Farmer's share per ton for spreading lime as a result of soil tests will be only \$1.75.

Contact Mrs. Byrd in East Tawas or my office for further details about this.

Here is the last warning to the peach tree growers. If you wish to control peach leaf curl, here is your last chance for a dormant spray.

It should be applied right away and there are several things you can do. One, apply Ferbam 1 1/2 pounds per 100 gallons of spray or use the lime-sulfur, five pounds per 100 gallons of spray.

Do not forget a thorough coverage is a must if you are going to control this disease.

Howard Sherman of the Social Security Administration was in my office the other day. Howard was quite pleased with a few of our Isosco County farm folks who were applying for social security benefits.

Whittemore News

The Whittemore Women's Club met at the home of Mrs. Alma Pake Thursday night with 19 members present. Mrs. A. Miller, president, presided at the meeting. Roll call was an item of 50 years ago, which proved to be very interesting. A memorial was given for all deceased members with Mrs. George Free, Mrs. Fred Morin, Mrs. Pake and Mrs. Roy Charters taking part. Two hymns were sung with Mrs. Robert Curtis at the piano. Mrs. Miller honored the past presidents. Nine past presidents were present; namely, Mrs. Belle Earhart, who was the first president of the club, Mrs. William Curtis, Mrs. Roy Leslie, Mrs. Pake, Mrs. Charters, Mrs. John Barrington, Mrs. Theodore Bellville, Mrs. Anna Cantelone, Mrs. Dahne. Each past president was given a pretty handkerchief by Mrs. Miller. A very tasty lunch was served by Mrs. Pake, Mrs. Wesenick and Mrs. Curtis.

Mrs. Ray Dorsey entertained a number of little boys and girls last Saturday afternoon in honor of her son, Donald, on his eighth birthday anniversary. Games and fun were enjoyed and a lunch served later. Donald received many nice gifts.

Whittemore Junior Class to Present Play Friday

Members of the Junior Class of Whittemore Area Schools will present their play "It's a Great Life," Friday, April 27, at 8:00 p. m. The play is under the direction of James Hoak and will be staged at the Whittemore Community Building. The interesting summary of the play's plot which appears below was submitted by Pat Polly, class president.

You'll like the Wilsons, for even though their life may be more complicated and more humorous than yours, they might be the people down the block or around the corner. There's a hen-pecked Mr. Wilson, interested in dramatics, ruled by the unbending hand of his wife and sister-in-law. And Tommy Wilson, who, with his pal, Ted, sympathizes heartily with his dad's position. And Mary Wilson, also under the domination of her aunt and mother; not to mention her chum, Marie; Marie's secret sweetheart, Wilbert Wiggins, and the local wrestler, "Muscles" O'Rourke.

But that isn't all. There's an evening of fun unfolds when Mrs. Wilson and Aunt Gertrude connive to have Wilbert Wiggins take Mary to the local club dance, breaking her date with her escort for the evening. But Tommy, Ted and Mr. Wilson, unknown to one another, arrange dates for her—Tommy and Ted with "Muscles" O'Rourke, and Mr. Wilson, explaining the circumstances to Chuck, with him. In the meantime, Miss Billings comes to interview Mary for a position and Mary must prove she is destitute to get it, while Mr. Wilson is trying desperately to get his part as the villain learned for the community play. But when Tommy learns that his father has arranged Mary's date with Chuck, and Mary pans on Wilbert, the situation really becomes complicated. Tommy and Ted finally hit upon the plan of having Tommy impersonate a woman to attend the dance with "Muscles," so that he won't become angry. Situation nines upon situation, until a satisfactory outcome is almost unbelievable.

Mr. and Mrs. William Curtis spent the week-end in Marshall with relatives.

CALENDAR

April 27—Advisory board meeting 8:00 p. m., Federal Building, East Tawas.

April 30—Hobby and guest night, 7:00 to 10:00 p. m., Plainfield Township Hall, Hale.

We are indeed sorry about the craft appreciation meeting postponement, due to the illness of Pauline McSparran, home industries specialist at Michigan State University, who was to have been our speaker.

Counties already having had craft appreciation as a beginning have gone ahead with projects in weaving, copper metal work, hooked rugs and leather goods.

In her lessons on craft appreciation, Miss McSparran expresses a desire that the program of home industries will lead to the production of Michigan crafts, which are useful, of good design, created by hand and original in design.

Other subjects included in the home industries program are: Clay and copper workshops, craft appreciation, craft design, copper enameling and designing with driftwood. In the next year we hope to begin development of one or more crafts which Iosco County women themselves select.

Be sure to watch for the new date arranged with Miss McSparran for the craft appreciation meeting.

The second Tawas City home demonstration group as yet nameless, met April 18 at the home of Mrs. James Lansky. An interesting meeting ensued.

Program chairman, Mrs. Edward Nelkie, led the discussion on possible topics for next year. The members present agreed to request these lessons: Wills and estates, cake decorating, oven and broiler meals, curtains and draperies construction, every day etiquette, sewing machine attachments.

Mrs. James Lansky conducted the business meeting. Among other things the members decided to select a name for their group next month and to answer roll call with a gardening hint. The May meeting will be held at the home of Mrs. William Groff Jr.

All too often the unsung heroes of the successful home demonstration program are those women who do the leadership. At the leader training meeting the other evening we learned about a couple of such instances. To begin with, Irene Mott and Dorothy Mielock, leaders in the Reno group,

walked to get from their homes along the M-55 detour to a place where they could take a car in order to come in for training meeting. Of course, they also had to walk back late at night and in the dark.

Wilma Ruckle is another. She helped the Whittemore group make up the lessons which their leaders had missed on the "Efficient Use of Time and Energy."

Twenty-two women from 11 home demonstration groups attended the curtains and draperies training meeting for leaders held in the Federal Building on the evening of April 16. This lesson will be topic for the group meetings held between now and May 16. This month the leaders are unusually fortunate in having illustrative material in the form of a loan kit, which will be passed from one group to another.

Attending the training meeting were: Ida Miller, Faye Johnson, Lulu Dahne, Alice Koepke, Helen Bouchard, Doris Proulx, Betty Hammond, Grace Quattlebaum, Hazel Davidson, Billie Botsford, Pat Roeske, Wilma Ruckle, Irene Mott, Dorothy Mielock, Sophia MacDonald, Ella Gabler, Anna Howarth, Lillian Rodman, Hilda Howarth, Clarice Davenport, Valjean Drenberg and Diana Lyke.

Are you enjoying the spring vegetable, asparagus? A cooking hint is this. To cut off the tips and add them to the boiling water during the last few minutes of cooking. That is because they cook much more quickly than the stalks.

You have a right to a smug feeling when you select asparagus because you are buying a vegetable high in vitamin A. It is also a good source of vitamin C. Delicious asparagus takes on even more grandeur when served with a creamy cheese sauce.

Make the sauce this way. Melt two tablespoons of butter, blend in two tablespoons of flour. Add one cup milk and cook over low heat until thickened, stirring constantly. Add one-half teaspoon salt, one-eighth teaspoon pepper and one-half cup sharp or medium aged cheddar cheese.

DISTRICT MEETING TO BE HELD AT HILLMAN

The spring district meeting of Farm Bureau woman's committee will be held at Hillman on May 3. It will start with a coffee hour at 10:00 a. m.

Mrs. Marge Karker, woman's co-ordinator, will welcome the women and bring them up to date on committee work.

Two exchange students, one from Germany and one from Norway, will speak of their homelands.

The main speaker will be Keith Tanner of the state staff of Michigan Farm Bureau. The women of Iosco County are invited to attend. There will be a pot-luck lunch.

Diplomatic note: A voluminous report sent by one nation to another, which will take up three solid columns of newspaper type.—Christian Science Monitor.

HOME DEMONSTRATION WEEK TO BE OBSERVED

By attending classes conducted by the Home Demonstration Service, Mr. and Mrs. Holmes learned upholstery methods.

After 20 years of raising a family, the large Pullman style davenport and chair, costing \$350 new, was looking a bit "seedy" as the expression goes.

More than a year ago Mrs. Forrest Holmes suggested something be done, maybe recover it themselves, but Mr. Holmes was reluctant to try it. The months passed and the furniture waited, looking less and less attractive to both of them.

Spring came and with it an opportunity for instruction in the reconditioning and recovering of furniture.

Yes, an upholstery workshop of four days duration was coming to Hale at the request of the home demonstration groups there. Mrs. Holmes belongs to one of them.

But the furniture pieces were so big and bulky to move to the workshop site in Hale! The Holmes live at Loud Dam. A way was solved, though, when Mrs. Harold Heine, a neighbor and home demonstration member, wanted to learn and had a smaller, occasional type chair that could be moved easily by car.

Both Mrs. Holmes and Mrs. Heine proved expert workers, learned quickly and well. Besides working on their own chair, they saw problems solved for articles of different construction.

During the summer the second chair, this time an arm chair, was done for Mrs. Heine's daughter, giving them more experience and confidence. Now and then Mrs. Holmes mentioned doing over the davenport and chair used in her living room. One day she brought home a piece of material. Something, maybe the color, or texture, confidence in Dorothy's newly acquired experience with upholstery, appealed to husband, Forrest, and he suggested they get more material and do the large pieces of furniture.

Dorothy is the first to say that she never could have done it without Forrest's help. Once started, he became so interested and enthused he could scarcely wait to finish breakfast and get going.

The furniture needed the springs reconditioned. Upon tearing down the old upholstery they found a spring construction different than any before seen. Dorothy's previous experiences were equal to the challenge, however, and soon the 31 springs in the davenport bottom were once more securely tied. And then the chair. Biggest problem of all was the channel back, for it, too proved to have springs in an unexpected way.

Count them. There are 375 decorative upholstery tacks carefully placed and spaced around the rather ornately styled dark wood trim on the davenport and chair. Not one is damaged or out of position.

"It's prettier now than when it was new," say the Holmes, and we agree. The original covering was a dark red wine

that blended with the wood. The new chateaux texture fabric is a lovely complement to the dark wood and brings out its richness.

How long did it take? How much the cost? These are important questions. Four days for the davenport, about two more on the chair (exclusive of cushions.) Out-of-pocket costs for materials and cushions is about \$85.

It is this kind of experience, and many others which homemakers all over America are observing during National Home Demonstration Week, April 30 to May 5. Are you participating? You can and should because it is your tax money that makes the Cooperative Extension Service, of which the home demonstration program is a part, possible.

If you have not already made the acquaintance of your Iosco County home demonstration agent, plan to do so soon. Visit her office at the Federal Building, East Tawas, or write her asking that she visit at your home in the near future.

Another way to get acquainted with home demonstration activities is to visit the hobby

night event planned for Monday, April 30, beginning at 7 o'clock in Plainfield Township Hall, Hale.

There will be on display many things women are interested in, some of them will have been learned through home demonstration activities. It is also an opportunity to meet friends and neighbors and to enjoy the program.

the Snapshot Guild

Spring sports, competitive or just-for-fun, are filled with good picture material.

Spring Sports in Snapshots

At this time of year, it is a pleasure just to have an excuse to be out of doors—and when the occasion is an athletic event and you have your camera with you, it all becomes doubly pleasant. You're out of doors, you're something interesting to watch, and in the pictures you take you can enjoy the event even whenever you wish.

Action and athletics are almost synonymous. This, of course, means that they are ideal picture subject material for the movie camera user and for the still snapshotter whose camera has a lens fast enough to stop the action.

But that doesn't mean that you who are devotees of the simple box camera should leave it at home. By all means, take it with you. You can shoot anything from the high jumper in action to the baseball moundsman in his wind-up.

The only thing to remember is that you have to pick your shooting moments more carefully than the users of the other cameras. There are certain points at which you can get a picture just as good as others, while a shutter opening at another moment might give you a blurred snapshot because it didn't operate fast enough to "stop" the action.

Do your shooting at what is called the peak of the action. At some point in every action—such as that at which a pole vaulter reaches the maximum height—there is virtual stillness. A pause before the downward motion begins is plenty long enough for you to snap a sharp, clear picture.

So, when you go out as a spectator for spring sports, don't leave your box camera at home. The pictures it will take are the ones that cover the highlights —John Van Guilder

"Monthly Pains" stopped or amazingly relieved

in 3 out of 4 cases in doctors' tests!

Chances are you're putting up—unnecessarily—with the functionally caused pains, cramps and weak "no good" feelings of menstruation.

For, in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases!

Lydia Pinkham's is modern in its action! So get Lydia's Vegetable Compound—or "new" improved Tablets with added iron. See if—taken through the month—it doesn't give relief from those backaches, jittery—help you feel better before and during your period!

Or—if you suffer from functional "hot flashes" of "change of life," find out how wonderful Pinkham's is for that, too!

It has a quieting effect on uterine contractions that often cause "period" pain!

The killing took place during a World War II espionage mission in Italy.

BURLEIGH NOTES

(Too Late for Last Week) The Burleigh Rural Ladies Club met Thursday at the Clarence Provost home with Mrs. Jovelynn Provost and Mrs. Margaret St. James as hostesses. The program books for the coming year were passed out. Secret friends names of the past year were revealed and new names drawn. The secretary gave the attendance record for the past year. Mrs. Leona Chipps and Mrs. Beryl Ward had the best records. The next meeting will be with Mrs. Eva Siegrist. Congratulations to Mr. and Mrs. Darrell Colvin on the birth of an 8 1/4 pound girl at the University of Michigan Hospital, Ann Arbor, on Wednesday.

Kenneth H. Johnson, M.D., of Lansing, representing the Michigan State Medical Society, looks on as Gov. G. Mennen Williams proclaims April 22-28 as Medical Education Week. The number of doctors now being graduated by the medical schools at University of Michigan and Wayne University is 68 per cent greater than in 1950, the Governor pointed out. He urged the citizens of Michigan to heed the State Medical Society's invitation to take wider interest in "the continuing needs for expanded and even better medical education facilities in our state" so that "the advantages of modern health care can be translated into everyday benefits for all."

BALDWIN

Mrs. Ashley Schreiber of East Tawas visited with her brother and wife, Mr. and Mrs. Edward Mochty, Sunday. Mr. and Mrs. Joseph Vishnauki and Mrs. Charles Brussel visited last Sunday with Mr. and Mrs. Clare Herriman on M-55.

Emanuel Lutheran Aid Met Last Thursday

The April meeting of the Emanuel Lutheran Ladies Aid Society was held on Thursday, April 19. The Rev. Leonard Newman utilized the fore part of the meeting with an interesting and enlightening treatise on "The Holy Communion." Discussion, questions and answers followed the pastor's presentation.

Clarence Pierson of Bay City visited Sunday with his grandmother, Mrs. Nelson Johnson. Mr. and Mrs. Robert Anderson and daughter, Mr. and Mrs. Edward Samelski and two children, all of Bay City, spent Sunday at the home of Mrs. Nelson Johnson.

The clothing drive being sponsored by the society was declared closed, and a committee named to pack the garments in preparation for shipment to a congregation in Munich, Germany. That material which is not sent to Germany will be forwarded to the Bethesda Lutheran Home for Children at Watertown, Wisconsin. The ladies in charge of preparing the clothing for mailing are Mrs. John Henry, Mrs. Leonard Hochbach and Mrs. Leonard Newman.

Mrs. Allen Brown returned Friday from Tucson, Arizona, where she spent three months with her sons, Alven and Stanley. The trip was made by plane. Mr. and Mrs. Andrew Holmes of Oscoda visited his uncle, Andrew Brussel, and family on Sunday. Elmer Sheldon left last Saturday for Green Bay, Wisconsin, to resume his duties on the "Adam E. Cornelius," sailing on the Great Lakes.

Those members who will be in charge of calling on shut-ins with the recorded services and the society's social activities for May are: Mrs. Albert Wehner, chairman; Mrs. Nelmar Zellmer, Mrs. Arnold Anschutz, Mrs. Frank Bean and Mrs. Walter Becker. Following the close of the business meeting, coffee and delicious coffee cake were served.

ANTIQUE AUTO CLUB TO MEET HERE NEXT SUMMER

A meeting of the Veterans Motor Car Club will be held here the last week in July. About 50 families are expected to participate. Facilities of Cable's Tawas Resort, Tawas Motel and Sunset Motel have been reserved.

Marine Division to Hold Annual Reunion at Chicago

The Third Marine Division is going to hold its annual reunion in Chicago the last week-end in June this year. An excellent program has been planned and everyone who served with this division is invited to attend with their families. This division saw service in the Pacific during World War II on Bougainville, Guam and Iwo Jima. For more information, write to Leonard Pritikin, 2942 West Rosemont Avenue, Chicago 45, Illinois.

Hemlock News

The Pine Crest Restaurant on the Sand Lake Road will open Friday with a pancake supper, benefit for heart fund. Recent guests of Mr. and Mrs. Russell Binder and sons were: Mr. and Mrs. Warren Wilson, Miss Pat Wilson, John Engstrom of Pontiac and Miss Carol Kysar of East Tawas.

Mr. and Mrs. George Woods had as their guests recently, Mr. and Mrs. George Woods of Whittemore and Mrs. V. Bietz of Tawas City. Charles Binder spent last week-end in Pontiac visiting friends. Mr. and Mrs. Wilton Finley and family spent Sunday evening with Mr. and Mrs. Russell Binder. Mr. and Mrs. Henry Smith entertained relatives over the week-end. Mr. and Mrs. Walter Giffon of Saginaw spent the week-end at Floyd Lake.

Ladies Aid Cleans New Lutheran Church at Hale

Lutheran Ladies Aid at St. Paul's Church, Hale, spent Thursday cleaning the new church. The ladies arrived early on Thursday with mops, dust cloths and vacuums and their lunches. Some of the girls from young peoples groups helped by washing windows. Some of the men were busy with the heavy lifting.

All enjoyed the large pot-luck lunch at noon and remarked on leaving for home that the church looked quite a lot different than when they arrived. Mrs. Arlene Vinnege, the chairman, conducted a short business meeting. The meeting in May will be at the home of Mrs. Joseph Barnes.

Golf League to Meet May 1 at Country Club

A golf league meeting will be held May 1 at the Tawas Country Club beginning at 8:00 p. m. All men interested in playing in league please attend.

HALE HEALTH COUNCIL MET LAST THURSDAY

Hale Health Council met Tuesday with nine groups represented. The secretary read her report and also read from medical health bulletins about a mobile chest x-ray trailer. This trailer is constructed so the x-rays can be developed right there, shortening the waiting period to get results. A request for funds in the last drive for pledges for Tawas Hospital was turned down by the group represented in the health council due to so many projects underway now in Hale that require funds.

The treasurer's report was read stating the council has received over \$700 to date from Easter Seal Drive. There is still some more material to come in this drive. A complete report will be made soon. Some of the loan supplies in the loan cupboard need replenishing. An invitation was sent to Mrs. John Dooley to meet with the health council in May. Mrs. Dooley is a member of the study committee for the Medical Health Center Fund here.

Miss Joyce Moore Honored at Shower Monday Night

Mrs. David Mielock and Mrs. Lester Klein were hostesses at a surprise shower Monday evening at the Klein home in honor of Miss Joyce Moore, whose marriage to Richard Hughey of West Branch will take place in June. Scramble games were played during the evening with prizes being won by Mrs. Harold Muelier, Mrs. Mark Sedgeman, Mrs. Edward Davison and Miss Moore.

The bride-elect was presented with many pretty and useful gifts from under a large yellow umbrella. A lunch was served by the hostesses.

The Rev. Gordon S. Anderson, youthful and dynamic television preacher from New York City, is to be the speaker at the "New Life Crusade" evangelistic meetings to be held in the East Tawas Community Building. The meeting will start Sunday evening, May 6, and will continue each night, closing Sunday evening, May 13. The music will be in charge of the Rev. Phillip Somers of the Detroit Bible Institute, Detroit. The meetings will begin each night at 8 o'clock.

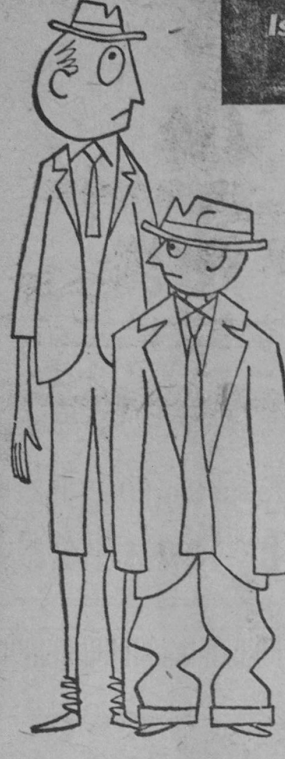

**PAST MATRONS CLUB MET WITH MRS. PARKER**

Mrs. Catherine Parker was hostess to the Past Matrons Club at her home last week at the regular meeting. A 6:30 pot-luck dinner was served. The business meeting followed with the president, Mrs. Frances Bigelow, in charge. Projects were discussed for the year. The program consisted of poetry on "Friendship" by Mrs. Nina May. Several members present gave short tributes on that theme. The next meeting of the club will be held at the C. V. Miller home on US-23.

**Christian Science**

The unflinching, supreme justice of God, which brings freedom and peace in the measure that it is understood and adhered to, will be brought out at Christian Science services Sunday in the lesson-sermon entitled "Everlasting Punishment." Scriptural passages will include the following from Proverbs (3:11,12): "My son, despise not the chastening of the Lord; neither be weary of his correction: For whom the Lord loveth he correcteth; even as a father the son in whom he delighteth." Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (642:19-21): "Let Truth uncover and destroy error in God's own way, and let human justice pattern the divine." The Golden Text is from Proverbs (13:21): "Evil pursueth sinners; but to the righteous good shall be repayed."

Buick Century 4-Door Riviera, Model 63D

**Makes Friends with the Meanest Roads**  
*(Have you tried Buick's great new ride?)*

**T**HE SWEET WAY a '56 Buick rides on all sorts of roads is something you find nowhere else on wheels. Capricious roads that twist and turn—unruly roads that rock and roll—tired roads, battered and beaten—they all seem to wear company manners the moment a Buick approaches. Why? Simply because Buick comes with what it takes to put any road on its best behavior—the completely ride-engineered combination of chassis, engine and automatic drive that is obtainable in no other car. And that's gospel truth whether you drive a new SPECIAL, CENTURY, SUPER or ROADMASTER. No other car matches the firm, true tracking of Buick's own ride foundation—buttressed by brawny X-braced frame and torque-tube drive—cushioned on coil springs and deep-oil shock absorbers. No other has such width of tread and length of wheel-base within dimensions so trim and tidy that Buicks turn, park and garage more easily than smaller cars. No other duplicates the assurance of steering, brakes and rear axle so precisely geared and gaited for the nimble handling that's a safety "must" in modern cars.

And certainly no other name plate promises the soaring sweep of power that wells from the big 322-cubic-inch V8 beneath every new Buick bonnet. Nor does any other automatic drive put power to its car's rear wheels with the swift, unruffled pace of Variable Pitch Dynaflo\*—and that goes double every time you "switch pitch" for whip-quick, safer passing. But why stop to count reasons—when results are what you're after? Wouldn't you rather really feel Buick's new "sense of direction" on straightaway, curves and corners? Wouldn't you rather relax in supreme comfort while tooling this powerful performer over roads you always hated to travel? Well, sir, we cordially invite you to drop in on us and do just that. Make it this week, won't you? Sample the ride that has charms to win any old road—and get first-hand figures on prices that make Buick owning a more positive pleasure. \*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

 April 27—Advisory board meeting, 9:00 p. m., Federal Building, East Tawas.  
 May 2—4-H Awards Committee meeting, 2:00 p. m., Federal Building, East Tawas.  
 May 3—Hale Happy Hustlers 4-H Club Community Club meeting.  
 May 14—Ottawas 4-H Club open house (Community Club).  
 A word to the leaders about the advisory board meeting on April 27, which is to be concerned primarily with the Iosco County plat book. The work is to include layout of material for the book as well as selecting of material which will be used in it. There will also be plans made for selling the book.

Community club leaders will be interested in the awards committee meeting May 2 at 2:00 p. m. here in the Extension Service office. At that time the candidates for state contest awards will be selected. The help of leaders is needed at this time and we hope it will be possible for a community leader or other leader representing the community leader to be present. The May 3 community club meeting of Hale Happy Hustlers is to feature some judging practice work in preparation for county contests. They will

also have a demonstration on wood finishing for benefit of the handicraft project members in the particular. Within the next few days there will be mailed to each community club some material that will be helpful in planning an observation of 4-H Club Sunday, which comes May 6 this year. Will you please tell us what plans are being made, so we can include it in the calendar for this column, which will be prepared next Friday. Last week we were reading an article about bicycle safety. It seems to be quite a problem knowing how to correctly operate a bicycle so you are not in danger of hurting yourself or perhaps someone else. Every boy and girl likes bicycling. The question is, how safe can it be? Can you make repairs when something goes wrong? Do you really know the bicycle rules of the road? Join a 4-H Club bicycle project and have fun learning the answers for the questions, along with other boys and girls who love to ride bicycles.

The Laidlawville 4-H Club had its open house event on April 14 at the school house. The program included a dairy demonstration by William Laidlaw and Wayne Bischoff. Special recognitions for 1955 4-H Club work were presented to Louella Goedecke, Joyce Welina and to William Laidlaw. These young people had received these medals for their girls record, dairy and electrical project work. Each of the 4-H Club members who completed two or more projects in 1955 were presented their calendar year pin.

The girls now completing a first 1956 project in knitting were presented with the certificate of completion. This was true for all those whose reports were on file and who had their sweaters or other knitted articles made on display at the open house. The following leaders and parents were present for the open house program: Mr. and Mrs. Walter Laidlaw, Mrs. Roy Atkinson, Mrs. Harold Goedecke, Mrs. Charles Timreck and Thomas Nelkie.

Ottawas gun safety project meeting was held on April 17 in the Federal Building. The members talked about the different gun safety meets in which the junior and senior teams could participate or could not participate as well as trip awards available to them. The open house day, planned for May 14, was explained to the members by the leader and posters were planned for the fair in July. There was also discussion about another gun shoot a little later on and the selection of a second 4-H Club project, which is to be photography. Present were Jim Mick, Bill Mick, Jack Jacques, Allen Moore, Kenny Davenport, Tim Fox, Don Cabbie, Fred Redlawsk, Bob Cabbie and parents, Mr. Moore, Mr. Redlawsk, Mr. Davenport, along with project leader, Cecil Cabbie, and Harold Hammond.

Mrs. Steve Kolonich, community club leader of the Ottawas 4-H Club, along with Iene Hatch, Sheila Dodson, Katherine Kolonich, Thelma Featheringill, Faye and Carolyn Rice, met at the Federal Building to discuss plans for the May 14 open house. Exhibits committees include: 4-H Club girl, Iene Hatch and Kitty Kolonich; food preparation, Sheila Dodson; gun safety, Geraldine Redfield. On the refreshments committee are Sheila, Thelma and Kenneth.

**ANNUAL BEAVER CATCH**

**INCREASING EACH YEAR**  
 Beaver and other seasons mean plenty of activity for some 4,000 Michigan trappers during late March and early April. Last year, trappers took about 16,700 beavers and an all-time high of 609 otters. The season record for beaver catch was set in 1953 when about 17,500 were trapped, more than were taken in Alaska that year. The annual catch by Michigan

trappers has been increasing in recent years, under conservation department regulations of season length and bag limits. Proper management practices promote balanced populations and sustained yield. **Careful Habits** Careful habits will often save somebody's life and the interesting part of it is that it might be your own life that is saved.

### RESOLUTION

Because of rapid developments occurring in the Township of Tawas Township Board hereby declares a condition of emergency exists, and that it is necessary for the public interest, health, comfort, convenience and the preservation of the public peace, safety, morals and general welfare to enact an Interim Zoning Ordinance in accordance with the provisions of Section 15 of Act 184 of the Public Acts of 1943, as amended, while a more comprehensive plan is being studied and prepared.

### DIRECTIVE

The Tawas Township Board directs the Township Zoning Board to submit as expeditiously as possible recommendations as to the provisions of an Interim Zoning Ordinance, and to submit such recommendations under the several limitations provided by Section 15 of Act 184 of the Public Acts of 1943, as amended.  
Moved by Grits and supported by Schmalz that the Township Board adopt the zoning resolution, which is to be published the week of April 26, 1956. Ayes: five. Nays: None. Carried. 17-1b

# A Subscription to The Tawas Herald Does Not Cost . . . IT PAYS! HERE'S WHY!

1. BECAUSE it is prepared to report and photograph news of your community as it happens.
2. BECAUSE it is a legal medium through which your city, township and county notices, regarding things which affect your pocket-book, are published.
3. BECAUSE it keeps you posted on all official actions by your board of education, school administration; it reports plans of official bodies which have the authority to levy taxes against your home, business or industry.
4. BECAUSE The Herald is your Shopping Guide, carrying the merchandising messages of bargains offered by your local stores, which saves you time and money by providing you an opportunity to prepare your shopping list in advance.
5. BECAUSE it provides a common meeting place for every reader in your shopping area where community affairs can be discussed and ideas exchanged to benefit all.
6. BECAUSE it sponsors, supports and boosts every worthwhile community project, including those of charitable nature, giving to community leaders the aid and support which they must have in order to keep the community abreast of the times in carrying out the responsibilities of a collective or social nature.

ANY member of a community who does not read the local newspaper is sadly uninformed on: CHURCH AFFAIRS, SOCIAL EVENTS, SCHOOLS, TAXES, GOVERNMENT, POLITICS, and ALL Co-operative Community Projects.

## Last--But Not Least

The Tawas Herald carries THE NEWS about your neighbors and friends, their social activities, their happiness and their sorrow, their successes, their marriages, births and deaths, their history in the making and their dreams of happiness and success to come.

the plant and its 6,000 employees won the highest production rating of any ordnance ammunition loading plant in the country.

In 1945 Mr. Sanderson was transferred to the home office of the company in Buffalo and named director of construction and reconstruction. In that post he directed National Gypsum's \$70,000,000 expansion and modernization program.

Later promoted to the position of vice president and director, Mr. Sanderson was elected executive vice president in 1950. In 1951 he was made president and a member of the board of directors.

Mr. Sanderson makes an annual visit to Tawas and greets and is greeted by his old friends of former days. Last summer he received his life membership in Tawas City Lodge No. 302, F and AM.

Mr. Sanderson was re-elected a director of the company at the annual meeting of the board of directors and stockholders at Buffalo Tuesday.

District Chairmen Named by Cancer Drive Chairman

Mrs. Herbert Hertzler, county chairman of activities, announces the annual cancer campaign for 1956 has started. Listed below is the breakdown by district and the chairmen for each area.

Alabaster, Mrs. Charles Lemon, \$35; Wilber, Mrs. John Newberry, \$35; East Tawas, Mrs. Harvey Watson, \$45; Tawas City, Mrs. Fern Rols, \$33; Oscoda-AuSable, Mrs. David Gilbert, Wurtsmith Air Force Base, Lieutenant Fetteroff, \$300; Hale, Mrs. Emil Wagner, \$125; Whittemore, Mrs. Florence Curtis, \$125.

Iosco County has stood near the top of the list each year in giving toward this worthy cause. Your continued support will be appreciated.

Organizations, industries and individuals may mail in their contributions directly to Mrs. Nathan Barkman, treasurer, East Tawas, if they so desire and will be credited to their district.

SPECIAL PROGRAM ON CANCER PRESENTED

Mrs. Bernard Sargent of West Branch, field representative for the sixth and seventh districts of the American Cancer Society, conducted a program Thursday, April 19, at the Tawas Area School Gymnasium with about 300 men attending. Thirteen pupils of Mrs. Carl Libka's biology class participated in a cancer quiz, sponsored by the society winning \$15 in quarters.

Members of the group were: Kenneth Lyons, Edward Nagy, Richard Mites, Carolyn Rose, Edward Martin, Mary Jo Agee, Robert Cable, Connie Roiter, Brenda Olson, Sharon Kendall, Donna Simmons, Patty Bennett, Carolyn Evans.

Mrs. Herbert Hertzler, Iosco County chairman of the American Cancer Society, introduced Mrs. Sargent; Mrs. C. Kate Evans, educational director; Mrs. Nathan Barkman, secretary-treasurer; Mrs. Harvey Watson, chairman of East Tawas campaign; and Dr. L. A. Lambert, chairman of the board, who spoke briefly.

The girls-gee club sang several selections and a picture, "146,000 Could Live," was shown. This program was very timely as the cancer campaign is now in Iosco County.

Mrs. David Gilbert is chairman of Oscoda. Miss Dorothy Colbath, AuSable; Mrs. Emil Wagner, Hale; Mrs. William Curtis, Whittemore; Mrs. Charles Lemon, Alabaster; Mrs. Edward Rols, Tawas City; Mrs. Verna Lacy, Oscoda; Louis Libka, Tawas City; Leonard O'Donnell, Imlay City; Leonard Pringle, Melvor; Charles E. Two Dearborn Men Jailed for Carrying Weapon

Two Dearborn men, charged with carrying a concealed weapon, waived examination in justice court Monday and were bound over to circuit court on \$300 bond. The men appeared before Justice A. J. Goulet.

The two men, Kenneth N. Bohn, 26, and Robert H. Wallis Jr., were apprehended Saturday night by Troopers Warner Palmer and James Even of the Michigan State Police.

First report of the men came when Margaret Bertsch, a waitress at a Tawas City restaurant, notified police that she saw one of them pick up a revolver off the seat of their car after they left the restaurant.

With a description of the car and license number, police soon apprehended the men as they were traveling south on US-23. The revolver and holster was found under the front seat of the car. Both men were held at the Iosco County Jail until Monday. Wallis reported that the gun, a 22 caliber Beretta nine-shot automatic, was his and a clip of shells was found in his pocket.

FOUR PERSONS INJURED IN THREE-CAR CRASH

Four persons were injured Sunday afternoon in a three-car collision five miles north of East Tawas during a late spring snow storm. All of the injured were taken to Tawas Hospital by ambulance.

Injured were: Agnes Sanders, 56, Hazel Park, fractured right leg. Leonard R. O'Donnell, 51, Imlay City, driver of one of the cars.

Betty White, 21, Oscoda, chest injuries.

Robert White Jr., two years old, head lacerations.

Michigan State Police officers from East Tawas said that O'Donnell's car, headed south on US-23, skidded in the snow and drove across the north-bound lane. A north-bound car driven by Robert J. White, who was reporting in for duty at Wurtsmith Air Force Base, struck O'Donnell's vehicle in the right side. A car driven by Joseph L. Michetti of Flint struck the O'Donnell car in the right rear as it was skidding.

Police said that the case would remain open until all drivers could be questioned. Michetti received a summons to appear in justice court for driving with an expired operators license.

Thieves Return Car After Driving 300 Miles

A 1950 Ford sedan was taken from the yard of John Giori of Sherman Township the evening of April 21 and returned sometime in the early morning hours the next day. The car had 300 miles added on the speedometer, a jammed rear fender and showed signs of hard usage.

Sheriff Ivan L. O'Farrell asks that anyone who can help clear up this matter contact him at the jail in Tawas City.

Mr. and Mrs. L. J. Trinklein are spending this week in Wisconsin on business.
