'Gun Safety' Projects Rate High With Isoco 4-H Club Boys and Girls

Gun safety, an important 4-H Club project which has great appeal to both boys and girls, rates high in Isoco County community. 4-H Clubs as a practical means of learning the safe and proper use of firearms.

At present there are four community clubs which sponsor such a program in the county, with about 30 members participating. These clubs include Taft Junior Gun Club, Ottawas 4-H Club in Tawas City, Alabaster Rovers and Oscoda 4-H Gun Club.

Through the study of their project, club members learn the "Ten Commandments of Firearm Safety," respect for fellow hunters and land owners and the respect for property and game laws. At the same time members study Michigan laws concerning firearms and its relation to hunting.

Members learn the four proper shooting positions and rules of safety on a rifle range. Through the study of the annual "Uniform Hunter Casualty Report," published by the National Rifle Association, members become acquainted with the cause and percentage of accidents and casualties in the woods from gunshot wounds.

An interesting program of competitive shooting on the Wurtsmith Air Force Base rifle range was held last Friday night, which included a county elimination shooting contest to select a junior and senior team of the five best marksmen in the county.

Arrival of 'Ben Calvin' Opens Navigation in Bay

The 1956 navigation season officially opened last week-end on Saginaw Bay with the arrival of the Great Lakes ore carrier, Ben Calvin, at the United States Gypsum Company plant at Alabaster.

The 10,000-ton carrier arrived at the huge off-shore bin at 2:30 a. m. Sunday where it was loaded and embarked for USG's East Chicago plant 12 hours later.

From now until the end of the navigation season in late fall, some 100 ore carriers will be loaded with gypsum rock at the Alabaster installation. This is on an average of about one ship every two and one-half days.

Filling the huge bin, located about one mile off-shore from the Alabaster plant, started March

5 Arraigned; Await Circuit Court Sentence

Five men are awaiting sentence following arraignment before Judge Herman Dehnke at the March term of Isoco County Circuit Court held Tuesday, Wednesday and Thursday of last week. The men entered pleas of guilty and sentence of the court will follow an investigation by Probation Officer J. W. Wells.

James LaFave, convicted of complicity in the robbery of the Huron Drug Store at Oscoda last August, was placed on five years probation by Judge Dehnke and ordered to make restitution amounting to \$495 and to pay \$100 court costs. When arraigned before the court in February, LaFave entered a plea of nolo contendere. He, with Harold W. Doran, had been identified with the robbery of the store. Doran's case went to trial in October. He was found guilty and was given a five to 15 year prison sentence.

The five men who pleaded guilty to the charge against them when arraigned last week before Judge Dehnke were:

Ernest Emory Riley Jr. and John Gaynor Pritchett, charged with breaking and entering in the night time.

Robert J. Egbert charged with fraud. The charge against Egbert arose through his issuing of a bad check here. Sought in California by Isoco County authorities, Egbert waived extradition for trial and was brought back to the county by Sheriff Ivan O'Farrell.

Allen Grear and Carroll Young charged with breaking and entering in the night time.

No objections were filed in the case of the petition of Auditor General Victor Targowski for the sale of certain lands for unpaid taxes and a decree was entered.

Judge Dehnke has been assigned to the Washtenaw County Circuit Court for the first two weeks in April.

Mr. and Mrs. Gerhardt Hosbach of Saginaw and Mr. and Mrs. Charles Eich of Northville were Easter week-end guests of their parents, Mr. and Mrs. Christ Hosbach.

HOWARD J. ADAMS

H. J. Adams Hired as Tawas Football Coach

Among contracts received by the Tawas Area Board of Education during the past week was one from Howard J. Adams of Laingsburg, who has been hired as head football coach. Coach Adams will take over as mentor of the Braves next fall, the school's first full year as a member of the Northeastern Michigan Conference.

A graduate of Michigan State University, the 27-year-old coach is a native of Jackson. He is married and has two sons.

During his college days, Adams won varsity letters in football and wrestling, both in 1947. He played football at MSU for four years.

In 1953 he became head coach of football and track at Laingsburg High School, where he will remain until the end of the school year.

He was also an assistant basketball coach at the school. Graduating with a bachelor of science degree at MSU, Adams majored in physical education, with biology and social science minors.

In the first year of conference play, the Braves football squad will play at Houghton Lake on September 14; at Arenac Eastern, September 21; Pinconning at Tawas, September 28; at Roscommon, October 5; Standish at Tawas, October 12; at West Branch, October 19; and Beaverton at Tawas, October 26.

One non-league game is scheduled to be held November 2 at Oscoda.

Board of Supervisors To Meet Next Week

The April session of the Isoco County Board of Supervisors will open next Tuesday. Organization, equalization of assessment rolls and receiving the annual report of the Board of County Road Commissioners are scheduled for this meeting.

Tax Allocation Board to Meet Monday, April 16

The Isoco County Tax Allocation Board will meet Monday, April 16. That will be the last day for filing local unit budgets.

Mayor Myles and Incumbent Officers Returned to City Posts

One 'Write-In' Successful at Whittemore

Republicans Elected With No Opposition At East Tawas

George W. Myles, Republican, was returned to office of mayor of Tawas City Monday, defeating Democrat Donald Watson by a 24-201 margin, as voters returned all incumbent candidates for another term in the spring election.

Although voters turned out in less numbers than was anticipated earlier, Monday's election saw 440 ballots cast in spite of bad weather. This total was slightly less than what was cast last year.

Mayor Myles carried all but one of the three wards, winning in the Second and Third with 76-43 and 98-76 margins, while losing in the First Ward to Watson, 70-52.

Democratic candidate for First Ward alderman, Walter Schuhmacher, defeated his Republican opponent, John N. Brugger, by a 93-59 margin. Schuhmacher, only successful candidate on his list, was up for re-election after filling out the term of Arthur Ziel, Republican, who resigned from office last year.

The other First Ward race saw incumbent Supervisor Clement Stephen defeating his Democratic opponent, Charles W. Rouiller, 83-57.

In the Second Ward, Fred Brabant, incumbent candidate for supervisor, defeated Thorald Curry, Democrat, 90-28, while Clyde Evril won in the race for alderman over Arnold Hosbach, 86-32.

Third Ward voters re-elected Clarence Everett over Richard Lanski, 100-63, in the race for supervisor. Alderman George Tuttle received about the same majority over Democratic opposition, Clarence King, 100-62.

City Clerk Albert H. Buch and Treasurer John Hosbach were re-elected without opposition.

In other elections in Isoco County, write-in candidates figured in final tabulations at Whittemore, with one of them, Elgin O'Farrell defeating Democrat J. D. Lehman for Second Ward alderman, 50-41.

In the other contest, Mayor Russell Williams Jr., Democrat, defeated write-in tabulations, Edward J. Dickey, 73-57.

All other Democratic candidates were re-elected without opposition. They were: Clerk, Henry Hasty; treasurer, C. J. Munroe; assessor, Edward Graham Jr.; first ward alderman, Archie Graham; constable, David Mills; constable, Raymond Dorcy; and justice, Lula Dahne.

At East Tawas the entire Republican slate was elected without opposition. With 210 votes, Mayor Elmer Welch; Fred Lomas, clerk; Georgina Bergeron, treasurer; Frank Wilkusi, Third Ward alderman. Newly elected candidates were Blaine Christeson, Second Ward alderman, and Joseph Pernette, Third Ward alderman.

Propose Cleaning Tawas River of Boat Obstacles

A proposal which, when completed, would result in safe navigation on Tawas River, was discussed by the Tawas City Council Monday night. Such a plan would make the river more attractive and rid the stream of several obstacles.

Although no action was taken on Mayor George Myles' proposition of cleaning up the river by cutting off spiles under bridges and deepening the channel, it probably will be discussed at the next session.

Mayor Myles said that Peter Beckett and Dr. E. B. Cavell approached him with a possible solution to the situation. Mr. Beckett owns a sand-sucker and under water saw which he was willing to loan to the city. Mr. Beckett plans to clear and deepen the river above his trailer court at the Tawas River bridge on M-55.

The council authorized the street committee to take action in repairing several streets in the city. Three citizens, one from the First Ward and two from the Third Ward, made the request.

Three building permits were approved by the council. One permit was presented by Cecil Cabbie for construction of a motel on US-23. Plans called for construction of cement block, (See City Council, page 8.)

City-Townships Collect 86.6 Percent of Taxes

City and township treasurers collected 86.6 percent of the 1955 taxes as revealed in a statement prepared by County Treasurer Grace Miller following the annual settlement with the townships and cities.

The collection percentages by townships and cities are as follows:

Alabaster	97.2
AuSable	80.2
Baldwin	82.9
Burleigh	78.5
Grant	95.5
Oscoda	89.6
Plainfield	87.5
Reno	83.3
Sherman	96.9
Tawas	86.6
Wilber	81.7
East Tawas	88.2
Tawas City	88.2
Whittemore	86.9

Tawas C. of C. Membership Drive Plans Set

The Tawas Chamber of Commerce's membership drive will get underway soon, it was reported at a meeting of the board of directors last Wednesday night. Kick-off for the campaign will be a membership breakfast, time and date to be set next week.

At the meeting last week it was pointed out that in 1955, the chamber of commerce published and distributed 10,000 resort and area folders, 5,000 Silver Valley folders, 5,000 perch and smelt run cards and made 141 news releases to radio and television stations and newspapers.

The chamber also sponsored three ads in Michigan. Out of Doors, a two-page county ad in the East Michigan Tourist Association Guide Book and a one-page ad in Michigan Waterways Guide Book.

A report from the treasurer indicated that \$7,228.26 was the total expense of the chamber from January 1, 1955, through December 31, 1955. Of this figure, \$1,268.07 was spent in advertising. The cities of Tawas City and East Tawas contributed \$120 each to the ad in the EMTA guide, plus a donation from the county.

In other matters discussed at the meeting, Gordon Huck of Consumers Power Company reported that the Lumbermen's Monument would soon be lighted at night, making it particularly attractive to visitors.

Fish shanties from Perchville are to be moved to the county garage as soon as possible. Elwood Brownson is in charge of transportation.

Edward Parker spoke on the problems of lamprey control and forced feeding of fish. After some discussion it was decided to make a resolution to encourage investigation of lamprey control and the fish-feeding program to be sent to the United States Fish and Wildlife Service, Senator Potter and Representative Cederberg.

A recent meeting of the US-23 Boosters was reported on by Walter Champion. The next meeting of that group is to be held at Oscoda and the following at Tawas.

City-Township Officials Guests of Firemen Tuesday

Thirty-nine persons attended the annual Tawas City firemen's banquet held at the Red Chief Bar-B-Q south of Tawas City Tuesday night. Fred Musolf, Tawas City fire chief, acted as host.

Guests of the firemen were supervisors and other officials of Alabaster and Tawas Townships, councilmen and city officers and their wives of Tawas City.

A barbecued chicken and spare rib dinner was enjoyed.

Announcements have been received of the birth of a daughter, Darcy Kay, to Sgt. and Mrs. James E. Carpenter on March 2. They are living at Anaheim, Germany, where the sergeant is stationed with the United States Air Force. Mrs. Carpenter is the former Gloria Farley of this city.

NEW LAUNDRY TO OPEN IN MOELLER BUILDING NEXT WEEK

The new Speedy-Wee Wash-It Laundry, located in the former Tawas City post office building, will open Monday, April 9. Owned by Mr. and Mrs. Fred Donahue, new equipment was installed in the building during the past few weeks. Mrs. Donahue is shown in the above picture looking at one of the new gas dryers.—Tawas Herald Photo.

SPORTSMEN TO SEE COLOR MOVIE OF TROUT FISHING

A color film, "Chasing Rainbows in Chile," by Mort Neff will be featured at a meeting of the Isoco Sportsmen's Club Thursday night, April 6, at the American Legion Hall in East Tawas. The program will start at 8:00 p. m. Refreshments will be served.

During the business session, members will discuss arrangements to start the "Kids Fishing Project" on Cold Creek. This program, sponsored last year by the organization, proved to be very popular with the young fishermen.

Penman Named to Head CG Auxiliary

Reorganization of the Tawas Flotilla Coast Guard Auxiliary, took place last Friday night at the United States Coast Guard Station at the Tawas Point Road. About 25 prospective members were in attendance.

Elected to head the organization was Gordon Penman, commander; Joseph Fox, vice commander; Dan Cater, training officer; and Albert H. Buch, secretary-treasurer.

The organization will meet the first and third Friday nights each month at the coast guard station. At present, the group is interested in signing up new members, particularly those who own boats or are interested in radio work.

Examination for boat inspectors is set for April 30. Activities of this unit will tie in with the civilian defense program in this county.

Among facilities already secured for us is a radio-equipped airplane, several cruisers and an amateur radio station which will work on the coast guard frequency when in use.

Tawas City Baseball Team To Organize Wednesday

The Tawas City baseball team will hold its organizational meeting Wednesday, April 11, at the city hall, starting at 8:00 p. m. A league meeting will be held at Standish Friday night, April 6. Anyone interested in attending should contact Russell Anschuetz.

Tawas Basketball Teams Honored by Kiwanis Club

Roy McMurray, physical education director of the Saginaw public schools, was guest speaker at the Tawas Kiwanis Club's luncheon Tuesday noon at the Barnes Hotel. Members of the Tawas Area High School basketball teams were guests of Kiwanians.

FORMER WILBER RESIDENT DIES AT ANCHORAGE

Lewis W. Krueger, former resident of Wilber Township, died March 23 at Anchorage, Alaska. He was employed by the Yellow Cab Corporation and had been assigned from Detroit to Anchorage in December.

Born June 21, 1908, in Wilber Township, he was the son of Mr. and Mrs. Carl Krueger. He went to Detroit in 1937.

Surviving are the mother; three brothers, Harry of Wilber Township, Clarence of East Tawas and Leo of Millington, and a sister, Mrs. George Blum of Saginaw.

The body was brought here and funeral services were held Saturday afternoon at the Jacques Funeral Home. The Rev. Leonard Newman of Emanuel Lutheran Church officiated. Interment was in Emanuel Lutheran Cemetery.

John Maragon, a former White House hanger-on, was given a job in the mail room of the house of representatives. Rep. Williams (R-Ohio) has charged that a disabled veteran was fired to make room for Maragon. Maragon served time for perjury following a congressional investigation of "five percenters" five years ago.

Mrs. Elizabeth Pollard

Mrs. Elizabeth Pollard, mother of G. A. Pollard of East Tawas, died at the Rest Haven Convalescent Home in Lapeer last Saturday, March 31, after an illness of five years. The body was taken to the Evans Funeral Home, East Tawas, where funeral services were held last Monday morning at 10 o'clock. The Rev. Ralph Edwards of the Methodist Church officiated. The grandsons of Mrs. Pollard were pallbearers. Interment was in Greenwood Cemetery.

Elizabeth Rehl was born in Stratford, Ontario, September 7, 1868. She was married to Charles Pollard in Sanilac County in May 1896. The family lived on a farm in Sanilac later moving to Tower. The past 34 years after the death of her husband, Mrs. Pollard made her home with her daughter, Mrs. Richard Crook of Flint. Mrs. Pollard was a member of the Baptist Church at Tower.

Surviving are two sons, George Pollard of East Tawas and Earl Pollard of Midland; two daughters, Mrs. Irene Crook of Flint and Mrs. Mary Ann Hilliard of Royal Oak, two brothers, Fred Rehl of Sanilac County and August Rehl of Hale; two sisters, Mrs. Clara Welch of Big Rapids and Mrs. Mary Caton of Hale. She also leaves 13 grandchildren, 25 great grandchildren and one great great grandchild.

107 Attend Easter Monday Card Party

The Easter Monday luncheon and card party sponsored by the Tawas Hospital Auxiliary was attended by 107 women. The affair was held at the Holland Hotel Monday afternoon.

Table prizes of decks of cards were donated by the Anderson Coinc Company and the Detroit and Mackinac Railway Company. Door prizes were red carnation bouquets with a card for free service to be presented at local business establishments.

"Monthly Pains" stopped or amazingly relieved in 3 out of 4 cases in doctors' tests!

Chances are you're putting up — unnecessarily — with the functionally caused pains, cramps and weak "no good" feelings of menstruation.

For, in actual tests by doctors, Lydia, Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases!

Lydia Pinkham's is modern in its action! So get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron. See if—taken through the month—it doesn't give relief from those backaches, jitters—help you feel better before and during your period!

Or—if you suffer from functional "hot flashes" of "change of life," find out how wonderful Pinkham's is for that, too!

It has a quieting effect on uterine contractions that often cause "terrible" pain!

The United States Army is replacing some of its sentries, now used on guard duty, with German Shepherd watchdogs. Army news recently revealed that the ground service is willing to pay up to \$120 for a good sentry dog. The dogs must meet high standards and can be either male or female German Shepherds. About 50 of the animals are being procured a month. The best features about the new inductees are that they need not be discharged after two or three years of service, they do not expect promotions, and believe it or not, they are more dependable.

Many thanks to my friends who cast their votes in my behalf. Your efforts were appreciated.

CHRISTIAN SCIENCE—

Availability today of God's healing and regenerative power will be brought out at Christian Science services Sunday. Readings from the King James Version of the Bible and correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will comprise the lesson-sermon entitled "Are Sin, Disease and Death Real?" "Christ Jesus' healing of the "man with an unclean spirit" will be read from Mark including the following (1:17): "And they were all amazed, inasmuch that they questioned among themselves, saying, What thing is this? what new doctrine is this? for with authority commandeth he even the unclean spirits, and they do obey Him." Among the correlative passages to be read from Science and Health is the following: (49:11): "It is not well to imagine that Jesus demonstrated the divine power to heal only for a select number or for a limited period of time, since to all mankind and in every hour, divine Love supplies all good."

The 101st Airborne Division is becoming the first atom-armed division.

In 1955 fewer forest fires burned out more acreage on federal lands than in 1954, according to a report of the United States Forest Service. A total of 8,160 fires burned over 365,905 acres, as compared to 10,462 fires, which burned 142,253 acres the previous year. Every accident prevented increases the national economy.

Legislative News Letter

From the Desk of James P. Mielock, House of Representatives, Lansing, Michigan.

The house, by an 88-2 vote, finally passed HB 318 which was amended to provide an appropriation of \$5,000 from the game and fish fund to allow the conservation department to plan the establishment of fish hatcheries for propagation and cultivation of pickerel, trout and white fish for restocking the Great Lakes bordering on the State of Michigan. Most of the argument and opposition stemmed from where the money should come, many members feeling it should come from the general fund, whereas others believed it should come out of the fish and game fund. Following its passage and transmittal to the senate, an effort was made by opponents of taking the money from the fish and game fund, to get the bill back from the senate, but the motion to request its return failed by a 46 to 30 vote.

Offered as an economy measure, both in time and money, HJR "H" proposes to allow and encourage people to vote on the question of amending the state constitution to provide that bills introduced in the first regular session of a term (the odd-year session) will hold over to the even year session. It was argued that many of the bills introduced in the odd year session and not acted upon, were reintroduced in the even year session at a considerable cost to the state and delay in time. The joint resolution received a 76 to 29 vote, and has now gone to the senate where it is hoped it will receive favorable action. HJR "E" proposing an amendment to the constitution to abolish the office of superintendent of public instruction as an elective office, was overwhelmingly defeated, 52 to 45. The resolution would have provided for the appointment of a state superintendent of education by an ex-

hibited board of education consisting of eight members, elected for staggered terms at the biennial spring election. HB 426 carrying a \$2,025,000 appropriation for the fiscal year 1956, to June 30, 1957, for aid to junior and community colleges, passed with but one dissenting vote (99-1), and was given immediate effect. The appropriation is based on a distribution of not in excess of \$195 per full and equated enrollment. Currently state aid to these educational institutions is approximately \$130, but in the next fiscal year with the anticipated increased enrollment under this bill, the distribution will be upped to a maximum of \$195. HB 201 to increase the state's payment from the present 10 cents to 15 cents an acre on homestead and swamp lands, passed 99 to 0. Based on the current 10 cents an acre, payment amounts to approximately \$411,000, and this bill will increase state payment by approximately \$205,000. HB 439, carrying an appropriation of \$19,288,732 for safety and defense received a 102-0 vote in the house, and was given immediate effect. This is an increase of \$3,826,281 over the 1955-1956 appropriation, and provides for an additional 150 state police troopers and 37 additional personnel; such as, detectives and clerical employees. HB 437 providing \$214,024,542 in appropriations for restricted purposes, earmarked for highways, conservation and agricultural purposes, was also unanimously passed under a suspension of rules and given immediate effect. This is an increase of 13 1/2 million dollars over the current year appropriation. SB 1072 which would make eligible for parole, after 17 years, those prisoners serving life sentences for murder who did not directly commit the act, ran head on into a lot of trouble, and after long and bitter debate where tempers flared, the bill was killed by re-referring it back to committee. By a 97 to 0 vote, the house passed SB 1203 permitting the sale, possession or use of industrial fireworks for purpose of pest control. In debate it was brought out that this type of industrial fireworks is manufactured and sold to those engaged in the business of pest control, and is used particularly in those areas where

flocks of birds are destroying the fruit crop. HB 1015 creating a board of veterinary medicine in Michigan was finally passed. This bill has been one of the most controversial bills in the house this year. Reported from state affairs committee twice, and later referred to the house judiciary committee and reported back to the house, it has yet to receive senate approval of house amendments. The bill was recommended by the state Farm Bureau, but its passage was protested by many farmers. However, to overcome objections, it was amended to permit anyone to practice veterinary medicine as long as he does not hold himself out as such and receive any compensation therefor. Another house amendment waters down the bill still further to permit the advertisement of those medicines, feeds, or any combination thereof, which will prevent or cure certain types of disease in livestock. As amended, bill passed 99-0. SB 1311 permits counties having over 100,000 population which operate hospitals for treatment of contagious and infectious diseases, to operate a psychiatric ward for the mentally ill patients, indigent and non-indigent, providing the ward is approved by the state department of mental health. Unanimous house approval was given the bill. SB 1299 providing for two or more counties to combine for construction and operation of regional minor custody facilities, passed without a dissenting vote. We adopted an adjournment resolution providing a long recess over Easter week-end, which means next week, our last week of the session, will be extremely heavy, with cleaning up the cal-

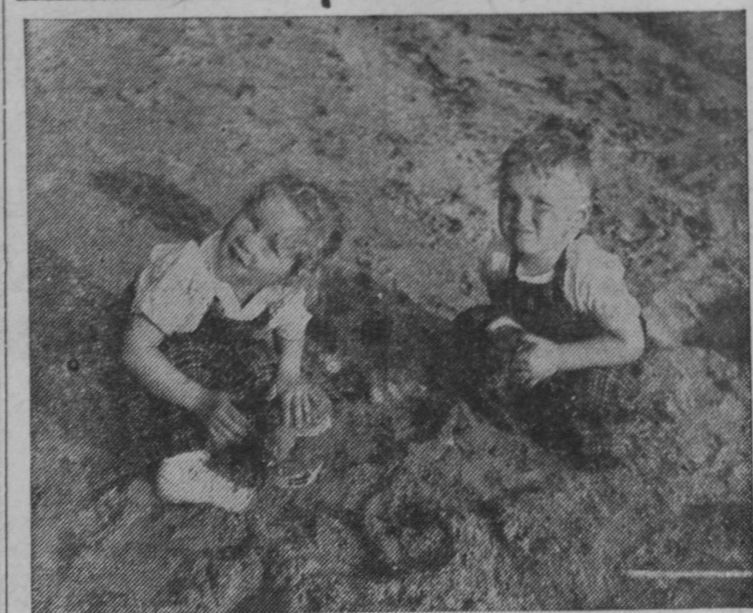

endar, settling differences between house and senate on numerous bills and conference reports.

A high camera angle on this picture shows the action clearly and provides a neutral background which helps tell the story.

Tried Any New Angles Lately?

We know some cynical souls who maintain that there is an "angle" to everything—but that's not the kind we're talking about. It's camera angles we're interested in today. We want to remind you that there are more ways to picture your children at play, for example, than to shoot them head on. In many situations there's much to be gained by taking a worm's eye view of the situation, or pretending you're snapping the scene from a helicopter. The picture we've chosen to illustrate this column shows clearly what happens when you look down on your subjects through the viewfinder. In this case it seems like an excellent idea, since the subjects have paused long enough in their play to observe the cameraman's activities and thus we get a good view of their faces. Here the camera angle gives a good clear picture of the activity and finds an ideally plain background that at the same time tells part of the story. By varying your camera angle you can many times find a good, non-distracting background in a situation which, if pictured in more straight forward fashion would present an unwanted mass of clutter to call attention away from the subject. Some subjects, however, are at their best when pictured straight ahead. Just don't let yourself get in a rut and use any one angle all the time. Take a minute or two to study your picture in the viewfinder from a number of angles and then shoot from the one which gives you the picture you like best. —John Van Guilder

CALENDAR—
April 4—Tourist and Resort Workshop, East Lansing.
April 11—Flower Gardening meeting, County Building, Tawas City, 8:00 p. m.
April 16—Selection of Curtains and Draperies. Lesson for leaders.
April 18—Craft Appreciation. This for everyone interested.
April 24—Recreation Training School at Hale School, 8:00 a. m.
April 30—County-wide Home Demonstration Event.
April 30-May 5—National Home Demonstration Week.

Has your calendar been well marked as to events and dates listed above?

"Something for Your Flower Garden Every Month" is subject for discussion and illustration with slides when flower gardeners and flower admirers come to the County Building on April 11 at 8:00 p. m. to hear Henry L. Chapman, Michigan State University horticulture specialist. Mr. Chapman is a well known authority on the subject of flowers. Many in the Tawas area met him on previous occasions.

Tawas City Garden Club is hosting the meeting and invites everyone who grows or likes flowers to come and enjoy the evening together.

We've said it before, but it seems important to say it again, the craft appreciation meeting is for any and every woman who is, or thinks she might be interested in learning to do a craft. She may be interested in it as a hobby or as a means of earning extra money. Here is a chance to explore the "ifs" and "buts", why's and wherefore's of crafts—what they are, and what they are not.

Is it up to you whether or not there is fun at the meeting place? Most clubs and organizations like entertainment, sometimes short and sometimes longer. The recreation training school at Hale Friday evening, April 20, beginning at 8 o'clock, is just the opportunity for you to pick up new ideas for things to do that are fun. There will be all kinds of activities, games, puzzle, songs, active and quiet things to do.

Hemlock News

April 30 is the first day of this year's National Home Demonstration Week and Isoco County groups will have a county-wide event in the evening of that day.

Chairman of the event is Mrs. Marvin Davenport. Theme for the program is to be hobbies. This was suggested at the last council meeting. Lessons and workshops over the years have provided the beginning for special interest activities for many women, and these can certainly qualify as hobbies which are definite as favorite pursuits.

Women have many kinds of favorite pursuits, maybe a certain kind of flower or plant, a special collection, making aprons to sell. Whatever yours is, it can be shown at the home demonstration event on April 30. More plans will be announced.

Food service operators, as well as operators of resorts, house-keeping cottages and motels, are this week discussing current and timely problems at the Tourist and Resort Institute being conducted at Michigan State University.

Gladys Knight, specialist in the field of food serving operations, tells us that the dessert and meat classes will be first of its kind on campus. Poultry and egg sessions are also on the program.

Other program topics include new ideas for remodeling, increasing business, planning motels, attractive interiors and guest entertainment.

Every now and then we like to share with readers a favorite recipe heard about from an enthusiastic user. Mrs. E. Jay Butler told me about this one for candy during our visit about the coming flower garden meeting. She says it is one of those easy-to-do recipes that never fails (do use a thermometer) and wonderful to eat.

Walnut Butter Crunch
1 pound (2 cups) butter or margarine.
2 cups white sugar.
¼ cup water.
2 tablespoons light corn syrup.
1 cup coarsely chopped walnuts.
1 six-ounce package (1 cup) semi-sweet chocolate pieces.
½ cup finely ground walnuts.
Melt butter over low heat in two-quart sauce pan. Add sugar, constantly until sugar is melted. Add water and corn syrup. Continue cooking over low heat until candy thermometer reaches 290 degrees. Remove from heat; stir in coarsely chopped walnuts. Spread in greased pan about 15 inches by 10 inches by one inch. Cool until hardened. Melt chocolate over hot (not boiling) water. Spread on crunch. Sprinkle finely chopped walnuts. When set, break into pieces. Makes two pounds.

Tawas Homemakers—
What do you want—for next year's program, that is? Let's have a vote—everyone's! Planning next year's lesson topics will be the main event of the regular monthly meeting Thursday, April 5, 7:30 p. m., at the home of Mrs. Donna Sylvester, Eleventh Avenue, Tawas City.

Junior Play Set for April 12-13 at Tawas

April 12 and 13 are the dates that the Junior Class of Tawas Area School has chosen to present its play, "Ghost Wanted."

"Ghost Wanted. Full time, healthful work, haunting lovely island home. Apply Ramshead Rock."

Hugo Bromley and Jeff Hall spotted the above advertisement and decided to apply. Their employers turn out to be two pretty and charming sisters by the name of Ginger and Gale Stormgray. These girls live with their grandmother on a desolate island off the coast of Maine. If the advertisement sounded unusual, their adventures at the Stormgray's seemed even more so.

Also visiting at Ramshead Rock are Professor de Vallan, authority on voodoo and zombies, and Madam Zolga, his strange assistant. And to make matters stranger yet, there appears on the island the zombie of the drowned fisherman, Simon Gore.

However the four young people finally get to the bottom of all the mystery.

Come and see how they cleared up the mystery, and meet some more unusual people at Ramshead Rock next Thursday and Friday at the Tawas City gymnasium. Tickets are available from any junior or at the door for 65 cents for adults and 35 cents for students.

AUTOMOBILES

Bearded officers of the Grenville Victory, back from the Antarctic, are (L-R in front): Roger L. Freeman, radio officer; Dante C. Ponzeline, purser, and Phillip E. Horst, first assistant engineer; (L-R in rear) Gunwald Gunderson, first officer; Capt. Leopold Duchowski, and Hipolito Gonzales, chief engineer. The Grenville Victory was the first supply ship to return to New York from "Operation Deep Freeze" near Adm. Richard E. Byrd's fifth expedition to the Antarctic.

How To Make A Good Lawn

Good lawns don't just happen. They have to be made. They are the primary foundation for the landscape. A good green turf lends beauty to the area. It protects the soil from wind and water erosion and keeps the sand and mud outdoors. A turf that is well fed with plant food will stand traffic and be free of most weeds.

To improve old lawns, fertilize regularly and allow grass clippings to return to the turf. A complete fertilizer that is high in nitrogen and also contains phosphorus and potash like 12-6-6 or 12-12-12 analysis, give sensational results for an old lawn. The nitrogen gives the green color to the grass and the phosphorus and potash develop the root growth. Good root development crowds out most weeds and makes the grass more drought resistant.

In establishing a new lawn it is important to make thorough preparation of the seed bed. A good seed bed must be rich in organic matter and contain a good supply of plant food. In fitting the seed bed grade for natural drainage. After smoothing the surface, work in a good lawn fertilizer (a 12-12-12 analysis is recommended). A week or 10 days later sow a good reliable grass seed mixture that contains a high percentage of the desirable grasses. Rake lightly and roll to press the seed to the moisture. A fertilizer spreader and seeder help to make even distribution. If the rains do not give adequate moisture, sprinkle thoroughly once or twice a week.

Desirable grasses for our climate are Kentucky Blue Grass, Merion Blue Grass and Chewings Fescue. Mixtures are desirable if the annual grasses are not more than 20 percent. Domestic Rye Grass is an annual and serves only as a nurse crop. It is unwise to buy a cheap grass seed mixture because they contain undesirable grasses and are high in annuals which die out leaving the lawn thin. Actually it costs little more to seed with better quality grass seed because it takes about one-half the quantity of the finer seed.

The Clark Farm Store carries the highest quality lawn fertilizer and these high quality grass seeds in bulk and can help you get the most for your money. Patrons are welcome to borrow spreader, grass seeder and roller. Clark Farm Store offers expert landscaping service including lawn seeding, fertilizing and weed control. Next week, "Controlling Crab Grass." adv.

HOME DESTROYED BY FIRE WEDNESDAY NIGHT

Fire, which started in the utility room at the home of Mr. and Mrs. Edward Tottingham Wednesday night, destroyed about half of the building and all clothing, except what they were wearing. The home was a total loss.

The fire had such a start that Mr. and Mrs. Tottingham were fortunate to escape. Mr. Tottingham is almost totally blind. They are staying at the home of their daughter, Mrs. Ira Scofield, at present.

Douglas Johnson, Eugene Reimer and Sandra Hewitt spent Easter vacation at the Dale Johnson home in Bay City.

Mrs. Sarah Graves was a business visitor in Tawas City Wednesday.

Mrs. Erma Churchill returned home Sunday from a three-week vacation with relatives in Detroit and Pontiac.

Mrs. Voelker of Grand Rapids was a business visitor in town last week.

Fred Humphrey is able to be out again after being disabled from a bad fall on the ice.

Mrs. Dessa Richards of Detroit spent Easter week with her son, the Rev. Jack Richards, and family.

Mrs. Doris Thayer and Mrs. Hazel Graves gave a surprise birthday party for Mrs. Zelma Richards Wednesday evening at the Thayer home. Coffee, cake and ice cream were served.

Mrs. Roy Redmond entertained some friends at a plastic party Monday evening.

Herman Huber returned to West Branch hospital on Monday for further treatment.

The Dr. Keiker Class of the Hale Baptist Church met Monday evening with 30 present. Mrs. Herbert Dunham and Mrs. Roy Redmond were hostesses.

Mr. and Mrs. Allan Chapman of Detroit and Mr. and Mrs. Robert Steadman of Bay City visited their parents, Mr. and Mrs. Charles Bills, over the week-end.

Mrs. Mary Dillenbeck of Bay City called on old friends in town Saturday.

Mrs. Albert Gardner returned home from the Saginaw hospital much improved in health.

Dan Thayer and Paul Kaven returned Thursday from a trip to Canada.

Mrs. Ella Millebrandt and grandson, Wendell Johnson, spent Easter vacation at the home of Mrs. John Dooley and helped to care for their father, Elmer Graves.

The home of Perry Shellenbarger was struck by lightning Sunday night.

Villagers Protest Suspension— Recently, Leonard J. Gardner, lack of all trades of Corfu, New York, was suspended by the village board on charges that he was "derelict in some of his duties." A scream of protest went up from the villagers and Gardner was reinstated as police officer, school crossing guard, water meter reader, rubbish collector and a "few other things." In recognition of the fact that he had so many things to do, he had to neglect some, an assistant was hired to run the village's water system.

"Hot Flashes Stopped" or strikingly relieved

In 63-80% of cases in doctors' tests • If you're miserable from the "hot flashes," and accompanying irritable, restless feelings of "change of life"—you may be suffering unnecessarily!

For... in tests by doctors... Lydia Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 63% and 80% (respectively) of the women tested! Complete or striking relief!

Yes! Research has proved these medicines thoroughly modern in action... has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change!" So... get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron! (Wonderful, too, for the functional pains of menstrual periods.)

Michigan Bell Plans Rural Expansion

The Michigan Bell Telephone Company plans to spend approximately \$3,500,000 to expand and improve rural service in 1956. This was revealed to T. C. Maher, area manager, today.

Expenditures this year will raise the company's total outlay for service in rural areas during the postwar period to \$31,500,000.

High on the list of improvements scheduled for this year is the conversion of five of the remaining eight magneto or crank-type exchanges to dial operation. The remaining three are scheduled to be changed over to dial next year.

A new development, called a "rural carrier system," so-called because one pair of wires can be used to provide four different circuits, will be inaugurated this year. The equipment has been thoroughly tested in field trials and will be utilized to extend telephone service to more farm families throughout Michigan Bell's territory.

According to company records, Maher pointed out that 75 percent of rural establishments in the company's territory now have telephone service compared with 66 percent at the beginning of 1950. The relative telephone gain in rural areas in 1955, he said, actually exceeded that of many urban communities.

Michigan Bell now serves 2,400,000 telephones throughout its territory and currently is gaining more than 12,000 telephones a month.

4-H Clubs

By Dorothy Scott
County Agent

CALENDAR—
Thursday, April 5—Hale Happy Hustlers 4-H Club Open House.

Monday, April 9—4-H Club Leaders' Council, Grant Township Hall.

Friday, April 20—Recreation Training School, School in Hale, 8:00 p. m.

Monday, April 23—Friendship 4-H Club Open House.

Sunday, May 6—4-H Club Sunday.

4-H Club members, especially those on the east side of the county, have an opportunity for help in developing demonstrations where they will bring their ideas, or perhaps give a beginning demonstration for which they want suggestions about ways to improve it.

Later on, after these demonstrations have been practiced, extension agents will give more help to those who ask for it. County contests are planned in the summer to choose the best demonstrations to compete for district honors in August. District winners go to state show where they compete for state recognition.

Those working on demonstrations can learn much, and teach others, too, by giving their demonstration for an audience. Farm Bureau, Grange, P-TA, church and home demonstration groups are among organizations that will be glad to have 4-H Club members take part in one of their programs.

Hale Happy Hustlers have asked for help with judging contests at their open house event. Would other clubs like to have training in judging contests at one of their regular community meetings?

May 6 will be 4-H Club Sunday. We are telling you real early so there will be time for every 4-H Club to plan for some kind of special observance on that day. 4-H Clubs all over the county cooperate with churches on this day. There are different ways to do this. Why not ask for help in choosing a way to join the 4-H Club Sunday observance?

It will not be long now, until 4-H Club members and leaders "pool" orders for plat books to be delivered this spring. In this way they can earn funds for various activities they want.

Who is recreation leader in your community 4-H Club? Remind him or her about the meeting at Hale on April 20 where ideas can be found for things to do in your 4-H Club meetings. The community leader may want to come, too.

This is a good time to renew your subscription to The Tawas Herald, or give a subscription to a friend or loved one. As a gift, it comes in many installments, all year round, and is constantly appreciated.

Thursday, April 5—Josco-Tawas ABA meeting. The inseminators ask, "shall we continue?" All board of directors members plan to be present at 8:00 p. m., Federal Building, East Tawas.

Thursday, April 5—Regional Soil Conservation District meeting at Standish from 10:00 a. m. until 3:00 p. m., Harry Krueger, Lyle Bielby, Gerald Bellen, Lyle Long and James Mielock invited to attend to represent the district.

Monday, April 23—Farm Bureau resolutions committee meeting at Ernest Dunnill's farm home 8:30 p. m.

Friday, April 27—Extension service advisory board meeting 8:00 p. m.

Recently I had an orchard and small fruits pruning and spray meeting in East Tawas. James Larzelere of Twining, Emerson Frank, Henry Fahselt, W. Harrison Frank, John H. Smith, Claude Benson, Otto Kasichke, Edwin L. Mroczek, L. Mroczek, Harold H. Heine and Willard Williams attended. Dr. Paul Larsen of the horticultural department at Michigan State University conducted the session showing color slides on how to prune orchard trees and small fruits.

He explained that Jonathan, Delicious, McIntosh and Northern Spy were still favorites in this area. Dr. Larsen further explained that two new peach varieties that appear worthy of note are the Sun Haven and Rich Haven. The Sun Haven is the early variety.

Dr. Larsen showed color slides of orchard trees and small fruits that had mineral deficiencies. He explained how these deficiencies can be easily and quickly overcome. May I suggest that the next week may see the end of pruning orchard trees? Dormant sprays, too, will no longer be available to the person hesitating too long. If peach trees are to be sprayed for control of peach leaf curl, it should be done before the buds begin to swell. Five gallons of lime sulfur in 100 gallons of water or one quart of lime sulfur in five gallons of water will help control peach leaf curl. Forban at the rate of two pounds per 100 gallons of water is another excellent method to control peach leaf curl.

Similar spray recommendations for all fruits and small fruits are available by just writing my office in East Tawas or phone FOrEst 2-3751.

Crops from the home vegetable garden can be disappointing unless you plan a season-long schedule for controlling insects and diseases.

If weather and other conditions are favorable, insects and diseases sometimes destroy a large part of the crop before harvest. Edward Klos and Ray Janes.

extension specialists at Michigan State University, recommend one all-purpose dust or spray mixture that will prevent most of the disease and insect losses. This mixture should be applied once a week throughout the growing season, starting when cucumbers emerge.

The mixture contains either fixed coppers or zineb to control disease, and either rotenone pyrethrum or rotenone along to control insects.

The fixed coppers and zineb dust should be seven percent in concentration. For spray, use one-third ounce or two tablespoonsful per gallon of water.

For rotenone alone, use a three-fourths percent dust. One-half ounce or three tablespoonsful of four to five percent concentration per gallon of water is recommended for the spray.

With both rotenone and pyrethrum, use one-third ounce rotenone (two tablespoonsful) and one tablespoonful of one percent pyrethrum per gallon of water.

Other materials may be used for this type of spray. If they are used, follow the manufacturer's directions. Better check at the store now. Do not wait until the bugs start eating up your garden.

One of the problems that has long bothered farmers is the fact that alfalfa seedlings in winter wheat do not take hold too well. The problem has been complicated in recent years by the fact that nitrogen applications on the wheat have made it even tougher for the alfalfa to compete.

Michael Tosar of Michigan State's farm crops department says that the answer to the problem does not lie in making the wheat weaker and easier to compete with, but in giving the alfalfa a better start.

An entirely new approach is being made to the problem, and results are good. The answer is to plant your alfalfa in August rather than in the spring. Plow down the wheat stubble right after the wheat is combined. Disc harrow the land to make a good seedbed, and then plant the alfalfa. Seeding should be made in early August, although successful seedlings can be made as late as August 31.

We recommend band seeding, followed by a cultipacker, because the soil is dry at that time of the year.

In this way you can get around the problem of having the alfalfa compete with the tall, strong wheat. That means you will not have your rotation disturbed because you could not get a stand of hay.

Office callers this week were: Edson Lewis, E. L. Deacon, Ronald McCormick, Mr. and Mrs. William Waters, Kenneth Grinke, Kenneth Sherman, Harold Wegner, Mr. Turrell, Mr. and Mrs. Harold Siegrist, Lionel Butler, Andrew Rousseau, Mrs. Joseph Barnes, Eilert Barnes, Harold Black, Robert Schellew, Dr. Armbrustmacher, Edward Deak, the Rev.
