

TAWAS CITY

Mr. and Mrs. Ervin Wakefield and son, George, of Flint, Mr. and Mrs. Newman Bamberger of Royal Oak were week-end guests of Mr. and Mrs. Eugene Coates.

Mrs. Charles Stark and son, John, of Flint spent Friday with Mr. and Mrs. P. N. Thomson. Mrs. Stark is the former Edna Thornton.

Harold Pfeiffer and Jack Bronson drove to New York City last week-end. They were accompanied by Pvt. Thomas Dillon, who is returning to duty in Germany, and Pfc. Henry Porter, who is stationed in New Jersey.

Mr. and Mrs. Joseph Stepanski returned Monday from Detroit where they spent the week-end. They attended the wedding of the latter's niece on Saturday.

Mrs. Harry Lathan and Mrs. Neva Anderson left Tuesday morning on a trip through the Upper Peninsula.

Mrs. Morris Tanner and children of Flint are visiting Mrs. C. E. Tanner this week.

Mr. and Mrs. Martin Greuber of East Detroit visited Mrs. Charles Moeller on Sunday. The Greubers have recently built a new cottage on South US-23.

Mrs. Ernest Zisch and family of Bridgeport visited relatives in the city over the week-end.

Mrs. Hazel Miller and children visited her sister, Mrs. Herbert McCary, and family at Interlochen recently.

Mr. and Mrs. Austin McGuire spent the week-end at Harbor Springs with their son, Barry McGuire and family. Barry is recreational director at the Wequetonsing Resort Area.

Mr. and Mrs. A. A. Bigelow left Sunday to visit their daughter, Mrs. Edgar (Phyllis) Lotte of Lafayette and Mrs. George (Beverly) Rowe of Rockville, Indiana, and their families.

Mrs. Lydia Hartman Rhoades has returned home to Ukiah, California, after a visit with relatives here. Mrs. Rhoades lived here 40 years ago, and enjoyed her visit with old friends and family.

Mrs. Benjamin Burr and son of Flint and granddaughter, Irene Dorf, of Davison, have been visiting with Mrs. Alfred Simmons. She accompanied them home for a few weeks visit.

Mr. and Mrs. Joseph Krokos and children have returned to their home at Neshanic, New Jersey, after a week's visit with Mr. and Mrs. John N. Brugger and family. Mr. Krokos and Mrs. Brugger are brother and sister. (See Tawas City, page 8.)

EAST TAWAS

Mr. and Mrs. Emil Loffman and daughter, Miss Shirley Loffman, of Detroit have been visiting with relatives in East Tawas.

Mr. and Mrs. Victor Abrams of Dearborn and Mrs. Abrams' parents from Ohio were guests of Mr. and Mrs. Christ Weltchff at their cottage at Avalon Beach for a few days. Mr. Weltchff was formerly employed at the Holland Hotel with owner, Ernie Zanis of Detroit. It was through Mr. Zanis that he purchased the Edward Nordstrom property at Avalon Beach.

Last Saturday the members of the Assembly of God Sunday School and Daily Vacation Bible School enjoyed the annual picnic. A soft ball game was played.

Mr. and Mrs. Askel Johnson and son, Blaine, their daughter and son-in-law, Mr. and Mrs. Ford Hunt, and friend, Chester Harper, all of Flint, spent the week-end in East Tawas. Mr. and Mrs. Johnson were on their way to a vacation at Sault Ste. Marie where they will visit Mr. Johnson's sister, Edna Young, and husband, Stephen Young.

Out of town relatives here for the funeral of J. C. Harrington were: Mr. and Mrs. Roy Harrington of Lansing; Mrs. Cora Harrington and daughter, Vida, of Port Huron; Mr. and Mrs. George Nash of Detroit; Mr. and Mrs. Robert Ross of Detroit; Mrs. Edith Ross Curry of Tawas City; Misses Helen and Mary Hale and Mrs. Grace Hale of Detroit.

Mrs. Minnie Chandler and sister, Miss Florence Staley, have returned from a visit in Pontiac and points in Canada. Julius Barkman has returned to New York City after a visit with his mother and brothers. (See East Tawas, page 8.)

WESTERN STATES' 'SISTER' MAY SEE CRUISE SERVICE

The Detroit and Cleveland sidewheeler, Greater Detroit, may be converted into a luxury cruiser, the new owners of the vessel reported last Thursday.

United States Coast Guard inspectors are aboard the big ship checking her condition, according to Norman Siegel, spokesman for the owners.

Plans for the Greater Detroit, if she is in good shape, call for conversion into a luxury cruiser, equipped for four and five-day cruises. Passenger accommodations would be between 1,000 and 1,200, reduction from the 2,500 capacity when the ship was the pride of the D and C fleet.

The Greater Detroit and two other D and C vessels, idle on the Detroit waterfront since 1951, were recently bought by Robert L. Rosen and Abraham Siegel, both of Detroit.

The new owners also purchased the Western States, another D and C sidewheeler, which is docked at the Tawas City Park undergoing conversion into a bayshore resort hotel.

Supervisors of Eight Counties Meet Today

Satisfactory Progress Made on 'B' Wing

Steel work on the auditorium at the new Tawas Area Junior and Senior High School on M-55 will start to go up this week, it was reported Tuesday by Reynolds Mick, superintendent of schools.

One Vacancy Left in Tawas Area Faculty

According to Superintendent Mick, all teachers have been hired by the school board for the opening of school in September, with the exception of a girls' physical education instructor. The superintendent said that he had contacted all sources in Michigan but no instructor has been found as yet to fill the vacancy.

Enrollment for high school students will start August 20 at the principal's office in the Tawas City unit. Hours are from 9:00 a. m. to 12:00 noon, and 1:00 p. m. to 4:00 p. m.

Extend Life of Tawas Hospital Association

The corporate life of the Tawas Hospital Association has been extended another five years by the Michigan Corporation and Securities Commission, states Judge H. Read Smith, secretary.

The association was organized and incorporated in August of 1946 for the purpose of financing the construction and establishing a hospital in this area.

This was successfully accomplished during the succeeding years and the present \$350,000 hospital at Tawas City is the result.

Members of the present board of directors of the association are: Dr. John D. LeClair, L. G. McKay Sr., Chester Busch, L. G. McKay Jr., R. W. Elliott, Nathan Barkman, E. D. Jacques, George Myles, George Baldwin, Judge H. Read Smith, Cecil Cabbie and John R. Watkins. The officers are: L. G. McKay Jr., president of the association and chairman of the board of directors; Nathan Barkman, vice president; Judge H. Read Smith, secretary; George W. Myles, treasurer.

While the financing of construction and equipping the hospital is now complete, several important parts of the project remain. These include landscaping the grounds and construction of drives and walks. Contributions for this purpose are now being solicited and every citizen of the area is invited to participate in making the grounds appear as beautiful as the hospital.

Cornerstone Ceremony for New Immaculate Heart Church August 26

Msgr. Sonfeld to Officiate at Ceremony

Cornerstone laying ceremonies for the new Immaculate Heart of Mary Church in Tawas City will be held Sunday afternoon, August 26. The program will start at 12:15 o'clock.

Msgr. John Sonfeld of St. Peter and Paul Parish, Saginaw, who is vicar general of the Saginaw Diocese, will officiate at the ceremony.

Among others who will be here for the ceremony will be the Rev. Fr. George Artman of Gladwin, the principal speaker, and the Rev. Fr. John Zachary of St. Patrick's College, Ottawa, Canada. The latter will narrate and explain the ceremony.

The Knights of Columbus honor guard of Council 414, Bay City, will lend color to the occasion. The Rev. Fr. Joseph Castanier, pastor of Immaculate Heart of Mary Church, will be master of ceremonies.

Foundations for the new church, located near the St. Joseph's School on US-23 overlooking Tawas Bay, started last fall. Completion date is expected in November or December.

Work is expected to start next week on the church's asphalt shingle roof. A limestone arch and nameplate on the front of the church were installed last week.

Father Castanier said Tuesday that work is going along on schedule. Workmen completed a nine-foot stone rose window frame this week.

Designed in the Solid Romanesque architecture of the twelfth century, with its steep pitched roofs and solid masonry walls as built in Northern Europe, the new church blends pleasantly with its Tawas Bay shoreline environment.

An invitation was extended by Father Castanier to people of all faiths in the area to join with his parish in the observance of the cornerstone laying ceremonies a week from Sunday.

Propose Change at Deadly Standish 'Y'

Of interest to Michigan motorists is the recent proposal by the state highway department which, if followed through, would remodel the M-76 "Y" intersection at Standish. Plans for the remodeling were presented to the Standish council a week ago.

This intersection is recognized by the highway department as one of the "bad" spots on US-23. Traffic has been kept under control throughout the summer by Standish and Arenac County law enforcement officers.

Northbound traffic on US-23 will come up the right lane through Standish and sweep off to the right on a 16-foot, one lane strip that will follow roughly the present line of US-23.

A large island will replace the present small island at the "Y" and southbound traffic from Oster will swing right on a new strip. The strip, which will be three lanes wide, will also carry traffic crossing over to US-23 from M-76. Two lanes will be for southbound US-23 traffic and one for northbound.

Northbound M-76 traffic will follow the left lane through Standish and swing up a new, one-way strip, designed to be two lanes wide. The northbound lanes on US-23 intersection will be separated from the two southbound M-76 lanes by an island similar to the one at Linwood Corners.

A stop light will control traffic at the intersection of northbound M-76 traffic and northbound US-23 traffic will be able to move at all times. US-23 north of the intersection will be widened to four lanes for a few hundred feet to allow traffic to merge and will then taper off to the existing two lanes.

The project is still in the planning stages and has not yet been scheduled for completion. Estimated cost is about \$40,000.

Owners Should Check Land Title Says Miss Scott

After going through hundreds of land title descriptions in proofs of the new Iosco County plat book recently received from the printers, Miss Dorothy Scott, home demonstration agent, said her proof readers are certain that many descriptions are still incorrect.

Col. Wilson to Take Command at Wurtsmith

Col. Thomas N. Wilson, 36, will assume command of Wurtsmith Air Force Base Friday. Brig. Gen. Benjamin J. Webster, 30th Air Division commander, made the announcement Tuesday of this week.

In a change of command ceremony Col. Ralph G. Taylor Jr., Wurtsmith commander for the past 19 months, will turn his duties over to Colonel Wilson.

Colonel Taylor has been reassigned as commander for the Air Force Operational Forces in Iceland.

Colonel Wilson comes from service headquarters, 30th Air Division, where he was special assistant to General Webster. Prior to his assignment to the 30th ADIV he was commander of the 4708th Air Defense Wing at Selfridge Air Force Base, Michigan.

In special ceremonies Tuesday noon, Colonel Taylor was honored by the Tawas and Oscoda Kiwanis Clubs. At the organization's regular weekly session, held at the Holland Hotel, Kiwanis President George W. Myles presented Colonel Taylor with a golf bag, gift of club members. Colonel Wilson was on hand for the affair and introduced to the group. Both officers gave short talks.

Colonel Wilson graduated from the University of Arizona in 1939 with a bachelor of science degree in civil engineering. He was called to active duty with the United States Cavalry in March 1941.

From the cavalry Colonel Wilson was assigned to flight training in 1942 at Randolph and Kelly Fields, Texas.

A veteran of 15 years military service, Colonel Wilson was one of the first pilots to receive special training in night fighter tactics. He served as operations officer and later as commander of the 427th Night Fighter Squadron in Italy and in the China-Burma-India theater in World War II.

He won the Distinguished Flying Cross while serving with the 427th.

Three Youths Admit Cemetery Vandalism

Three youngsters, all 10 years of age, were turned over to their parents after they admitted being implicated in recent acts of vandalism at the East Tawas Cemetery. Their names are being withheld because of their ages.

Restitution will be made by the parents after Chief of Police Harry Pelton completes his survey of damage to the cemetery and the amount needed to make repairs.

Some 87 head stones were damaged and other acts of vandalism were committed at the Greenwood, St. Joseph's and Veteran's cemeteries a week ago Monday night and the previous Thursday night.

The case was solved last week after an investigation at the scene conducted by Chief Pelton and Sgt. Frank Roti of the Michigan State Police. Only clue to the vandalism was a set of footprints found near one of the graves. Police followed the prints to the home of one of the boys.

After police questioned one of the boys, he admitted having been at the cemetery on two separate occasions and implicated the other two youths. All three of the boys were taken to the cemetery to point out the damage.

No court action will be taken by the East Tawas Council, which last week offered a \$250 reward for information leading to the arrest of persons responsible for the damage.

Tawas May be Site of '57 Road Commission Conclave

W. D. Nunn of East Tawas, chairman of the Iosco County Road Commission, revealed last week that Tawas is a prospective site for the 1957 convention of the Northern Michigan Road Commissioners' Association.

Nunn, who will be president of the association next year, told members of the Tawas Chamber of Commerce that he would like to see the convention here in 1957. A letter of invitation is to be sent to the group by the chamber of commerce.

Annual Picnic Proves to be Great Success

More than 800 picnickers had their fill of barbecue sandwiches and drank gallons of lemonade at the Hale Fire Department's first annual picnic at the High Rollways Park on the AuSable River Sunday afternoon.

Entertainment during the afternoon included sack and running races for youngsters, as well as competitive races for older people.

Highlight of the program was a water battle between members of the fire department and a youngsters' "greased pig" contest.

Purpose of the affair was to raise money for payment of new water rescue equipment recently purchased by the department. Those who attended were given the opportunity to view this new equipment which included an aqua lung, 14-foot aluminum boat and trailer with a 10-horse power motor and life jackets.

The Plainfield Township Fire Department, comprising 25 volunteers, also owns a rescuator which has been used frequently in rescue operations on lakes in the western part of the county during the past three years.

Other pieces of equipment owned and manned by this department includes a pumper truck and tank truck. All members are trained to operate each piece of equipment, besides being trained in life saving and first aid techniques. Weekly meetings are held with an average attendance of 70 percent of its members.

Fire Chief Carl Slosser said that through the proceeds from the picnic and other department-sponsored affairs through the years, the department has paid for all of its equipment. The men are volunteers and are not paid for their services to the public.

State Representative Mielock Speaker at Farm Bureau Picnic

Speaking before members of the Iosco County Farm Bureau last Sunday, at that organization's annual picnic at the High Roll Ways Park, State Rep. James Mielock reported that the blacktopping contract for M-85 is to be let on or after September 5 if present plans go through.

Representative Mielock said that the balance of M-55 is scheduled to be completed in 1957.

More than 200 Farm Bureau people attended this family affair, which featured games for the youngsters. The organization furnished ice cream at the potluck picnic.

Indies Win Over League-Leading Hale

League-leading Hale fell to its first defeat of the season in the Huron Shore Baseball League Sunday when Tawas City jumped off to an early first inning lead and was never headed as they won easily, 8-3. Going into the game, Hale was protecting a seven-game winning streak in league competition.

Hale still tops the league, leading second place contender, Lincoln, by one game. However the two teams have a protested game to make up, in which Lincoln holds the lead in the late innings of the game.

On the mound for Tawas City and receiving credit for the win was Don Westcott, big right-hander, whose side arm pitches and deceiving motion held Hale batters in check. Westcott limited Hale to five scattered hits and in only one inning were the losers able to collect more than one safety.

Standouts in the winners' 11-hit attack were "Casey" Cavell, Bill Ludwig and Herb Look, who each collected two hits. Two base blows were hit by Ludwig and Clare Herriman.

Hampering the league leaders' defensive cause were five costly errors, four of which figured in Tawas City's scoring column.

Errors paved the way for the first Tawas City runs in the opening inning when Lorenz reached first base when Shortstop Bernard muffed his ground ball. Cavell singled. Grack singled and both runs scored when Centerfielder Bannister erred. Grack scored later when Herriman hit a sacrifice fly to centerfield.

Tawas City was again quick to take advantage of an error in the second inning when Look singled and reached second base on an error. After R. Anschutz popped out to first base, Westcott singled to score the run.

Hale bounced back with one (See Tawas Wins, page 8.)

CHRISTIAN SCIENCE . . .

The fact that mankind can turn to the divine Mind, God, for intelligence and ability will be brought out at Christian Science services this Sunday.

Keynoting the lesson-sermon entitled "Mind" is the Golden Text from Psalms (147:5): "Great is our Lord, and of great power; his understanding is infinite."

The practical value of understanding God as divine Mind will be emphasized in readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following (258:21): "The human capacities are enlarged and perfected in proportion as humanity gains the true conception of man and God."

Included in the Bible readings will be the following advice of Paul to the Philippians (2:5): "Let this mind be in you, which was also in Christ Jesus."

FORMER EAST TAWAS BOY DIES IN AIR TRAGEDY NEAR KINROSS AFB

Word was received here by relatives of the tragic death of Eugene Nash Walz last Wednesday afternoon, August 8.

Formerly of East Tawas, Eugene a United States Air Force radar observer at the Kinross Air Force Base near Sault Ste. Marie, was on his way with the pilot, First Lt. Emory F. McWhorton, to the Truxav Air Force Base in Madison, Wisconsin, with 11 other jet fighter planes.

They had turned back because of engine trouble and their F-89 Scorpion fell in a heavily wooded area four miles from base. The wreckage burned a path 100 yards long and about 30 feet wide.

Eugene Nash was born in East Tawas April 6, 1932, and spent his boyhood in East Tawas. He was the son of George Nash, now in Detroit, and Louise Nash Walz of Bay City.

Eugene had attended military school at his leaving East Tawas and had been in the service for several years. His home was in Bay City with his mother and stepfather, Mr. and Mrs. T. S. Walz of 5050 Reinhardt Lane.

Funeral services were held Monday afternoon at the Arlington National Cemetery.

His mother is the former Louise Gackstetter of East Tawas. Eugene was in East Tawas two weeks ago greeting relatives and friends. His aunt is Mrs. Edwin Anderson of East Tawas, who left last Thursday morning to be with her sister. He was a grandson of the late Albert Nash and Annie Harrington Nash and of Mr. and Mrs. Peter Gackstetter of East Tawas.

HORSE PULLING CONTEST FEATURES SAGINAW FAIR

The 1956 national championship lightweight horse-pulling contests, staged annually by the Michigan Dynamometer Association and scheduled this year for the Saginaw Fair, September 9-15, promise the keenest competition in the long history of the event.

Highlighted by the 1955 national champions, owned and driven by Earl Ruby of Eaton, Ohio, and the Charles Roehl and Sons team from Smith's Creek, holder of five world records and seven national championships, more than 35 top teams from nine agricultural states are entered in this year's event.

The national championship pull is scheduled for Tuesday, September 11, at 1:00 p. m. in the front of the grandstand at the annual Saginaw Fair.

According to H. L. Moxley, secretary of the Michigan Dynamometer Association, preliminary reports indicate the big race this year will be between the Ruby team, last year's winners and current national champions, and the Roehl team from Smith's Creek.

Early entries have been registered from Missouri, Illinois, Indiana, Ohio, Kentucky, Wisconsin, Kansas, Iowa and Michigan.

The Saginaw Fair, recognized as the largest county fair in America east of the Rockies, plays host to the national lightweight championships every two years, with the national heavyweight pulling on the alternate years.

A bride of just four months tormented her neighborhood in Van Nuys, California, by going off on a wild shooting spree, firing more than 50 shots at nearby homes before police drove her from her house with tear gas. Mrs. Barbara Mihich, 24, started the shooting because "I was sore at my husband, he chopped off most of my hair." Most of the damage occurred to the furniture in her own home.

Tuesday, August 21—North-eastern Michigan Sheep and Lamb Improvement Association meeting for board of directors, West Branch.

Tuesday, August 28—Lamb pool, West Branch, 9:00 a. m. to 2:00 p. m. All sheep raisers are invited to bring their fat lambs.

Tuesday, September 25—Forest Tree Day at Lumbermen's Monument.

What can I do to wake up my lawn? That question, very well stated, points out a problem of many lawn raisers. Proper fertilization, water (and we have had plenty of that) can spell the difference of having or not having a lawn. If the soil is "sick" a soil test costing 50 cents can tell us the trouble. Bring a sample to our office.

Farmers who have only this year left to qualify for social security benefits should work out a plan to increase the income on which they pay social security tax. That is the advice of Arthur Mauch, farm economist at Michigan State University.

An increase of only \$20 in social security taxes this year might boost the income of the farmer and his wife \$20 a month for the rest of their lives.

Here are some tips to increase 1956 income and boost monthly payments after retiring: Sell livestock before they become part of the breeding herd. Sell market livestock and cash crops before January 1.

If you are filing on the gross income basis and are short of the \$1,800 maximum, feed market livestock to heavier weights. It is possible to increase both gross and net income by doing custom work for neighbors.

Net income can be boosted by cutting down or putting off cash expenses. Selling excess equipment to cut down annual depreciation and putting off building and machinery repair will help do this. If you can not put off buying equipment, feed, fertilizer and supplies, buy on credit and pay in 1957.

Other ways to lower cash expenses are to use unpaid family labor in place of hired labor where possible and feed home-grown feeds.

Here are some financial tips for dairy farmers. How do your figures for your farm business compare with these our Michigan State University specialists have compiled? You must have Cows that produce at least 10,000 pounds of milk each.

High quality roughage that must be fed liberally. A return of at least \$350 in milk sales per cow per year. At least \$1,500 income per \$1,000 invested in equipment. More than 200,000 pounds of milk sales per farm worker per year.

These were the conclusions of a committee of specialists at Michigan State University who studied the present dairy situation.

The specialists found that when a farmer is not making a reasonable return for his labor in dairying, he may be weak in any one or all of the points they listed.

Clarence Carpenter, our DHIA tester, sent us the July report of our leading Isoco County herds:

Controlling lice and mites in poultry is easier if you know how and where they live. Lice live on the birds and attach their eggs to the feathers. To control lice then, the birds must be treated. Michigan State University entomologists recommend two treatments of Black Leaf 40 applied to the perches 10 days apart. Two applications are needed to get live lice and any eggs that may hatch later.

Common chicken mites, on the other hand, live on cracks and crevices around the perches and nests. They come on the bird only to get the food supply. So, the surroundings must be treated to control these pests.

The specialists recommend treatment of the perches, perch supports and nests once a year for mite control. Anthrocoene oil, available in several commercial preparations, will do an effective job of control.

Malathion may also be used for parasite control in poultry houses. One pound of four percent malathion dust to 20 to 100 square feet of floor space is recommended. Part of the dust should be applied to roosts, nests and nearby areas.

Officer callers this week were: Robert Reasner, Gordon Hatch, Dr. Leslie Thayer, Dr. Fred Caulkins, Theodore Anschutz, R. E. Grimes, Ronald McCormick, Peter Bolen, Mrs. Joseph Reinke Jr., Daniel Gardner, Mrs. Fred Caulkins, Mrs. Earl Daugharty, Neil Ranger and Einer Olstrom.

BRAVES TO ISSUE UNIFORMS NEXT WEEK

Prospective candidates for the Tawas Area High School football squad are asked to be at the Tawas City gymnasium at 9:00 a. m. Wednesday, August 22, to receive physical examinations. Coach Howard J. Adams, who takes over as mentor of the Braves this fall, said that after the candidates receive physicals they will take examination cards home for the signature of their parents or guardians. After returning the signed cards to the school the boys will return to the gym to receive football equipment.

This season will be the school's first full year as a member of the Northeastern Michigan Conference, comprising schools from Houghton Lake, Arenac Eastern, Pinconning, Roscommon, Bay City, West Branch and Beaver-dish. Coach Adams said that the first workout for the Braves is set for August 27.

GI LOAN BILL

Congress has passed a one-year extension of the GI home-loan guarantee program for World War II veterans. The bill also permits a veteran's right to a GI loan to be restored under certain conditions. Another section allows GI borrowers to be released from liability for loans if they sell their property to a good credit risk, who assumes the unpaid balance.

What ever happened to the coy, feminine device for dropping a handkerchief to attract the attention of a handsome gent? It could be that this practice was abandoned when too many hankies remained unnoticed. Though few of us would advocate the return of the handkerchief-dropping era, we all must agree that a handkerchief, if distinctively pretty, will be noticed whether it is carried for usefulness, used as a costume accessory—or dropped.

FEMINE ATTRACTIVE The lacy-edged handkerchief, lightly scented with sachet or perfume, is a sign of true femininity. Despite the fact that women do not actually "wear" handkerchiefs, these lovely squares of linen and lace reveal the same personal qualities as do other parts of an ensemble. They may merely peek out of a purse or pocket, but it's a show of personal refinement. Of course, your pretty handkerchiefs are really on display if you tuck them inside one of those new, clear plastic purses.

So, if you want your hankies to be noticed and admired, trim them with dainty edgings of cotton lace that you have crocheted yourself. No matter how delicate in appearance the crocheted lace may be, when a good cotton is used it will launder as well as the handkerchief to which it is applied.

EDGINGS OF ELEGANCE Handkerchiefs edged with elegant, hand-crocheted lace fall into the ideal gift category. Every female admires them; even the tailored woman likes lace on her lingerie and handkerchiefs. Those who would like to have lovely hankies may feel it is too extravagant to buy them for themselves, but if you can crochet, you will find that by making the edgings you are able to create really inexpensive and beautiful gifts. Six types of hand-crocheted handkerchief edgings are pictured here to illustrate their gift appeal. Some were done in white, others were worked in a color predominant in the print of the hankie squares. Whether you prefer edgings of floral design or dainty mesh, you can take your pick from this selection. The crocheting directions may be obtained by sending a stamped, self-addressed envelope to the Needlework Department of this paper and asking for SIX HANDKERCHIEF EDGINGS, Leaflet No. S-971.

Fair Board Extends Thanks to Those Who Made Fair A Success

Hale, Michigan, August 13, 1956

The board of directors of the Iosco County Agricultural Society at this time wish to thank the residents of Iosco County who took part in making the 1956 fair a success. We also wish to thank the chambers of commerce in the Tawas, Whittemore and Hale for their assistance at the gates during the four-day event.

This spirit of cooperation was helpful and pleasing.

Signed: Board of Directors, Thurman Scofield, secretary.

Tawas City Mayor and Wife to Attend Detroit Riverama

Mayor George W. Myles and Mrs. Myles of Tawas City will join the mayors of more than 100 other Michigan cities participating in the opening ceremonies of Detroit's 1956 Riverama Civic Festival on August 17.

Their day's schedule calls for attendance at a civic luncheon at 11:30 a. m., followed by a tour of the new civic center on the waterfront and the new city-county building, finest of its type in the country.

Also, the Mayor and Mrs. Myles will be guests of the management of S. S. Aquarama, the new ocean type cruise ship. The party will be conducted on a tour of the ship.

Topping the day's events for Mayor and Mrs. Myles will be an evening at Aqua Follies, world famous stage and water show with a cast of over 100 well known swimmers, divers, dancers and singers. This extravaganza is the finest synchronization of each of these forms of entertainment to music with the most startling lighting effects ever staged.

For those who are able to remain and for thousands of others visitors there will be 15 more days, through September 1, full of fun and excitement. The Silver Cup, Gold Cup and Hamsworth Trophy; racing outdoors, Dancing Waters, the big boat show, and many other colorful events will provide lots of entertainment.

United States Motto

The 84th Congress passed, and sent to President Eisenhower, a bill adopting as the official motto of the United States the phrase, "In God We Trust." Congress, as early as 1865, voted to permit the phrase to be used on certain coins, and in 1908 required that the words be used on some coins. Then, last year, the legislators voted to require the use of the motto on all currency.

Hale FFA Chapter Awarded First Prize in Fair Parade

The Hale FFA Chapter has received a check for \$20 as first prize money for its float at the Iosco County Fair.

The theme this year was, "the future in farming" with the dream of remote control tractors and self fed cows for more leisure time under the old shade tree.

At this year's fair, \$115.80 was paid out to county Future Farmer members for exhibits in livestock and crops.

On August 9, Bruce Putnam, Lyle Adams, Jerry Barnes, William Bissonnette and Gay Putnam, representing the Hale FFA Chapter with their advisor, Arnold Loomis, made a tour through the Suttons Bay, Northport and Leelanau area. The purpose of the trip was to discover production, marketing problems and techniques of small fruits and vegetable crops.

E. E. Peterson, vocational agriculture instructor of the Northport and Leelanau schools, conducted the detailed tour and answered many questions from the boys on the above mentioned problems.

They also visited the Redray cherry orchards and discovered many interesting sidelights on orchard farming.

The final stop was at the Redi-Food processing plant where the group followed through the complete process of cooling, pitting, canning, freezing and USDA inspection of cherry processing.

the Snapshot Guild

The natural setting for the activity shown in this picture provides an excellent background.

BACKGROUND

The other day while thumbing through a volume of paintings by the great masters, we suddenly became aware of how carefully these artists selected backgrounds for their subjects. Portraits and character studies were generally painted against neutral backgrounds of velvet drapery or plain wall, such as Gainsborough used in his famous Blue Boy. In other instances, the artist chose to depict his subjects against a background of the natural setting of their activity.

In all the great works of art, as much careful attention was given to the backgrounds as to the subjects. And we feel that there's an important point here for all picture-takers to remember—namely, that a good picture deserves a good background, and that we must look not only at our subject but behind it before we shoot any picture at all.

Very often two clear, sharp, correctly exposed snapshots of the same subject taken from the same distance will present a totally different effect. In one, the subject seems to stand out

dramatically; in the other, too many elements compete for attention and the result is confusion. Without a moment's hesitation, you rate the first snapshot as outstanding, and reject the second as unsatisfactory.

Why does this happen? Simply because in many cases—where all other factors are equal—it's the choice of background that determines the success of a picture. All too frequently we are so concerned with our subject that we tend to neglect what's behind it. Yet the background against which it is seen is actually what draws the viewer's attention to the subject.

And, you may ask, what constitutes a good background? First of all, try to choose one that's simple and uncluttered—one that complements rather than complicates your picture story, and at the same time offers some contrast in color or brightness. Then decide whether a neutral background or a natural one would be more suitable for the total effect you want to achieve.

Former premier of Iran, Mohammed Mossadegh (above), has been released from prison in Tehran, Iran. Mossadegh's release, coming three years after his nationalization of Anglo-Iranian oil led him to his disgrace, comes at a time when another Middle East leader, Egypt's President Gamal Abdel Nasser, is jousting with the British and French over the nationalization of the Suez Canal. President Eisenhower called a conference of legislative leaders to discuss the seriousness of the present Suez crisis.

Mrs. Helen Subbagh of Palo Alto, California, and her son, Laith Paul, 23 months, are all smiles after their flight from Rome, Italy, and arrival in New York. The 27-year-old California mother, who fled with her child from her Moslem husband in Iraq, said she was forced to leave that country with no belongings other than the clothes on her back.

Calendar—
August 28-31—State 4-H Club Show, East Lansing.
Iosco 4-H Club members will compete at the district contests round-up in West Branch on Wednesday, August 15. Next week we shall be able to tell you

about winners, also list the exhibitors at the state show.

Mr. Davenport handed me a thank you item so all 4-H Club folk will know that Cordell Green of Hale was a real big help on the last day of the fair. They took down the lumber and saw horses used for exhibit tables in the community building.

Of her clothing project, Rosie Nardizzi wrote in her report, "I learned how to cut out a dress using a pattern, to hide stitches

and to tailor tack for darts. While trimming around my zipper I cut a hole in my dress. Then I had to make a patch. It was hard because the hole was so small."

"This year in first year sewing we learned to do many things; we learned to cut out cloths, baste, gather, sew on the sewing machine, tie threads and do hand sewing. We learned to miter corners, to sew a straight line and a circle. We did it on paper and on cloth. We learned to make a hem gauge. But the thing I did most was ripping out" . . . so explained Darlene Scofield.

Darlene was one of the 4-H campers who made the kaleidoscope and forgot to take it home. It is in our office and one of these days she will get it.

Charlotte Webb is completing her fourth 4-H sewing project and has this to say about it. "This year I have been more interested in sewing than any other year. My experience in 4-H has made sewing in home economics class much easier, and I have even helped other girls some with their sewing. It is much easier now for me to follow patterns and each year I make more of my own clothes."

East Tawas Garden Club to Present Annual Flower Show

The East Tawas Garden Club will present its fifth annual flower show on August 23 at the community building. Entries may be made between 9:00 a. m. and 12:00 noon and removed between 9:00 and 10:00 p. m. At 2:30 p. m. the doors will be open to the public. There will be no admission charge.

All gardeners in the vicinity are invited to enter specimen flowers and arrangements in any and all classes. Specimen entries must be given by the exhibitor and arrangements must be made personally by the exhibitor. All entries will be displayed but only entries by amateurs will be judged. Ribbons will be awarded by the judges to the best entries in each class.

Co-chairmen for the event are Mrs. R. J. Cooke and Mrs. Roy Sims. All club members are participating and serving on the various committees.

People continue to get themselves killed through avoidable accidents, and the toll will continue as long as men exist on this earth.

Be wiser than other people if you can; but do not tell them so. —Lord Chesterfield.

Sixty-six homemakers attended the second Homemakers' Camp at Hardwood Lake on August 8-9. Forty-two of them came full time, 24 part time. They came from home seven counties of Arenac, Alcona, Clare, Gladwin, Oscoda, Ogemaw and Iosco.

Mrs. Dorothy Koelsch, Standish home demonstration council chairman, directed much of the planning of the year's camp. She was assisted by home demonstration agents, Clemma Lenahan, Irene Baird and me.

On Wednesday afternoon campers took part in a flower arrangement workshop conducted by Julia Saigeon, home demonstration agent, Gaylord. Miss Saigeon first discussed arranging flowers they had brought from home. Each arrangement was criticized and improved with suggestions of the group. Needless to say, camp was splendid with flowers, beautifully arranged.

An outdoor supper featured barbecued chicken, done to a turn under the watchful eye of Paul Pennock, county agricultural agent from Standish. Seventy-one campers and agents made the 73 servings a mighty close estimate. No one needed seconds as each person was served half a chicken that weighed approximately 1 1/4 pounds.

Movies, games and folk dancing were evening entertainment directed by Marvin Davenport, Iosco County agricultural agent, and Einer Ostrom, associate supervisor of 4-H Clubs.

On Thursday morning the women took lightly the opportunity to sleep in and organized an early breakfast so craft activities could begin sooner. Choices were offered among aluminum etching, aluminum carving, potato printing, leather lacing and belt making or sunburst mats. These kept everyone busy until mid-afternoon when it was time to start for home. The three home demonstration agents, Dorothy Koelsch and Clarice Davenport taught the classes.

The overnight camp idea was tried for the first time last August with 49 campers. A good many of these folk were back again this year bringing with them other women. They said they enjoyed this short camping period. Many women cannot be away from home several days at a time, but by planning they can arrange to be gone overnight, or come for the day.

Snap beans in your garden now? They can be frozen successfully for next winter. Clean and trim them. Scald in boiling water two to three minutes, doing a pound at a time. Cool product in cold running water. Drain until free of excess water. Package enough for a meal and freeze immediately.

A quick-easy casserole for four is made with one pound snap beans, drained. Heat one can mushroom soup, adding two tablespoons rich milk. Combine with the hot beans in a casserole. Sprinkle top with grated cheese. Place dish under a broiler until cheese is melted.

Roast corn on the cob this way. First remove the one or two dry, outer leaves from ears of corn. Soak ears in cold water at least one-half hour. This moistens husk so they will not dry too

quickly in the coals and burn. Snip off the corn silk and bury the ears in red-hot coals, not a roaring fire, but coals. In 15 minutes, remove the corn. Have ready a pan of melted butter and a pastry brush.

Biggest fabric news is reappearance of surface interest or texture. Watch for enlarged weaves, ribbon weaves, close grainy weaves, flattened surfaces and crepe. Magnified patterns, big classic checks, stripes and plaids are important on the fashion scene.

In color, it's black plus five big families. Not just black, but "textured black" as a carrier of new weaves and new surfaces. First in colors is the entire brown family including a beige and taupe. Second in importance is red. Number three is blue, true blue. Fourth is green and fifth is a group of antique tones (brass, gold, copper, deep rust).

Information Published on Three State Resources

The latest information on the forest resources of Minnesota, Wisconsin and Michigan have been compiled and published by the Lake States Forest Experiment Station in St. Paul. Estimates of forest area, timber volume, growth, annual cut, and other items of interest to timber owners and users are included in the report according to M. B. Dickerman, director of the station.

The information was first compiled for the National Timber Resource Review, completed in October 1955. More detailed figures for the Lake States forests were added and the whole published as a statistical summary for the region.

Forests cover 55 million acres in the Lake States, 45 percent of the land area. Far from being a vanishing resource, timber volumes are building up as growth exceeds cut for nearly all species. The trouble is that the second growth stands are frequently inferior to the old growth in stocking and in quality of timber.

Forest conditions are constantly changing, Mr. Dickerman emphasized in announcing the report. No inventory of the region's timber is ever completely up to date because timber growth and use go on all the time. Forest surveys conducted by the station and its cooperators in the three states are a continuing job. The objective is to make solid estimates available as often as possible, to help in the planning of both public and private agencies concerned with forest resources.

Copies of the report entitled "Lake States Timber Resources" can be obtained from the Lake States Forest Experiment Station, St. Paul Campus, University of Minnesota, St. Paul 1, Minnesota.

Mrs. Frank LaFlamme
Mrs. Frank LaFlamme, who has been ill for the past four years, died at her home in East Tawas Saturday, August 11. The body was taken to the Moffatt Funeral Home.

She was the former Miss Isabella Kemp and was born in Auchterarder, Scotland, on July 20, 1883, and was 73 years old. She came to this country from Montreal, Canada, in 1918. She was married in Montreal November 28, 1913, to Frank LaFlamme. She was a member of the Presbyterian Church.

Surviving are her husband of East Tawas and two sisters, one residing in Scotland and one in Montreal. Funeral services were held Tuesday afternoon at 2 o'clock at the Moffatt Funeral Home. The Rev. William MacFarlane of the Assembly of God Church officiated. Burial was in Greenwood Cemetery.

Jed S. Harrington

Jed S. Harrington, 80, a resident of East Tawas most of his life, died at the Lincoln Haven Convalescent Home last Tuesday evening, August 7, following a paralytic stroke. He had been taken to the home a few weeks previous for medical treatment. He had been ill for several years. The body was brought to the Moffatt Funeral Home where services were held last Saturday afternoon at 2 o'clock with the Rev. Ralph Edwards officiating. Burial was in Greenwood Cemetery, Iosco.

Who Can Compete with a Moon?

"Caroline is false to the league," a girl growled at a strawberry festival. "False? How so?" said a visitor from the city. "Here we are," the girl explained, "selling kisses for charity, and Caroline is bootlegging them outside in the moonlight."

The Record

"They tell me your wife is outspoken." "By whom?"

History repeats itself, as everybody knows. But what some people are wondering is why it has to repeat itself so fast.

STRICTLY BUSINESS

"Daughter's doing all right too. Just out of college and making \$40 a week—not bad for an educated person!"

THESE WOMEN!

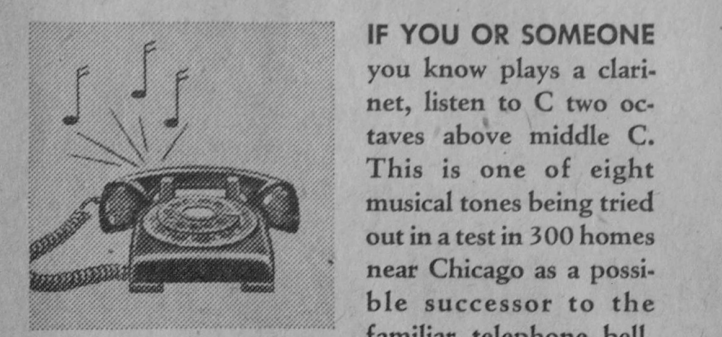

"I'm running down for some office supplies, boss. We're all out of nail polish, chewing gum and magazines!"

Telephone Lines of the Tawas

EVER HAPPEN to you? You drive about fifty miles on your vacation trip and suddenly think of something you forgot to do. Happily in most cases you don't have to turn back. Just stop at a convenient Public Telephone and set things right with a telephone call. And if you're going to arrive later or earlier than expected, Public Telephones make it easy for you to call ahead and tell your host. Outdoor phone booths are open 24 hours a day, every day of the year.

ACCORDING to old records, back in 1902 people were charged for the first 15 seconds of a Long Distance call, with an extra charge for each additional two seconds. Over the years the price of Long Distance calls has come down and down. After 6 P.M. or any time Sundays you can make a three-minute call clear across the country for about \$2. A three-minute call that far in 1915 (when transcontinental service began) would have cost you over \$20.

IF YOU OR SOMEONE you know plays a clarinet, listen to C two octaves above middle C. This is one of eight musical tones being tried out in a test in 300 homes near Chicago as a possible successor to the familiar telephone bell. The tone comes from a small loud-speaker in the phone and is interrupted about fourteen times a second to give an attention-getting but pleasant "chirp-chirp" effect. Don't call and ask for one now because the "tone ringer," as it is called, is still in the testing stage and isn't available except in the trial area.

Rescue workers remove the body of a blast victim in Cali, Columbia, as the clean-up operation continues after seven trucks loaded with government dynamite exploded. The death toll has been estimated to be as high as 1,200 and over 2,000 buildings have been destroyed or damaged. President Gustavo Rojas Pinilla charge that the blast, which destroyed the center of the city, was an act of political sabotage.

The human being is an incurable optimist. He believes that he has a pretty good chance to win a lottery prize but that there is scarcely the slightest chance of his getting killed in a traffic accident.

"Monthly Pains" stopped or amazingly relieved

In 3 out of 4 cases in doctors' tests! Chances are you're putting up — unnecessarily — with the functionally caused pains, cramps and weak, "no good" feelings of menstruation! For, in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases! Lydia Pinkham's is modern in its action! So get Lydia E. Pinkham's Vegetable Compound — or new, improved Tablets with added iron. See it — taken through the month — it doesn't give relief from those backaches, jitters — help you feel better before and during your period! Or — if you suffer from functional "hot flashes" of "change of life," find out how wonderful Pinkham's is for that, too!

It has a quiescing effect on uterine contractions that often cause "period" pain!

A Subscription to The Tawas Herald Does Not Cost

IT PAYS! HERE'S WHY!

1. BECAUSE it is prepared to report and photograph news of your community as it happens.
2. BECAUSE it is a legal medium through which your city, township and county notices, regarding things which affect your pocket-book, are published.
3. BECAUSE it keeps you posted on all official actions by your board of education, school administration; it reports plans of official bodies which have the authority to levy taxes against your home, business or industry.
4. BECAUSE The Herald is your Shopping Guide, carrying the merchandising messages of bargains offered by your local stores, which saves you time and money by providing you an opportunity to prepare your shopping list in advance.
5. BECAUSE it provides a common meeting place for every reader in your shopping area where community affairs can be discussed and ideas exchanged to benefit all.
6. BECAUSE it sponsors, supports and boosts every worthwhile community project, including those of charitable nature, giving to community leaders the aid and support which they must have in order to keep the community abreast of the times in carrying out the responsibilities of a collective or social nature.

ANY member of a community who does not read the local newspaper is sadly uninformed on: CHURCH AFFAIRS, SOCIAL EVENTS, SCHOOLS, TAXES, GOVERNMENT, POLITICS, and ALL Co-operative Community Projects.

Last--But Not Least

The Tawas Herald carries THE NEWS about your neighbors and friends, their social activities, their happiness and their sorrow, their successes, their marriages, births and deaths, their history in the making and their dreams of happiness and success to come.
