Cornerstone Ceremony for New Catholic Church Sunday

Church Was Established Here in 1952

Almost four years to the day that the Most Reverend Bishop Stephen Woznicki established the parish in Tawas City, the cornerstone for the new Immaculate Heart of Mary Church will be laid this Sunday at 2:15 o'clock. Formerly it had been a part of St. Joseph's Parish.

The Right Rev. Msgr. John L. Sonefeld of Saint Peter and Paul's Parish of Saginaw, who is vicar general of the Diocese of Saginaw, will officiate at the centuries-old ceremony.

Father J. A. Castanier, pastor, will be master of ceremonies. Father George Artman of Gladwin will give an address at the conclusion of the ceremonies.

The entire ritual will be narrated and explained by Father John Zachary, OMI, of St. Patrick's College in Ottawa, Canada. The Knights of Columbus Honor Guard of Council 414, Bay City, will be present to lend color to the occasion.

The parish altar society, under its president, Mrs. Walter Schumacher, will serve a buffet luncheon to the Knights and guests.

All altar boys of the parish will march in the procession from the rectory to the new church. The choir, led by Mrs. Frank Byrd, will sing the "Veni Creator" and Marian hymns. The children will assist in singing Benediction of the Blessed Sacrament. Father Henry DuRusell of Sacred Heart Church, Oscoda, will sing the psalms which are part of the ritual cornerstone-laying.

The new church, situated on the bend in Tawas Bay, will be observed by anyone traveling on busy US-23. Erected at a cost of \$180,000, the new church will seat 600 persons. Future plans call for a campanile towering 19 feet higher than the edifice itself.

The church has five entrances and provides plenty of parking space. The church is designed in the solid Romanesque architecture of the 12th century with its steep-pitched roof and solid masonry walls as built in Northern Europe.

The cornerstone will contain a picture of the first pastor of Immaculate Heart of Mary Parish, the Rev. Fr. Bernard Kirchner, who is now pastor of St. Francis Borgia Parish in Pigeon.

There will be many pictures concerning the history of the parish. One picture will be that of the theater building which answered the needs of the parish for the past four years. There will be parish financial statements and a list of church committeemen for the past four years. Also included among the contents of the cornerstone will be local newspapers, coins and a picture of the first baby baptized in the parish, Marcia Ann Ulman, daughter of Mr. and Mrs. Albert Ulman of Tawas City.

The first marriage in the parish was that of Raymond Briggs and Kathleen Frank, the first funeral was that of Henry A. McDonald.

Mr. and Mrs. Sunday Gates of Bay City were Sunday guests of Mr. and Mrs. Harold Grise.

50 Canoeists To Enter 1956 AuSable Race

On Saturday evening, September 1, at Grayling, some 25 canoes will embark on a non-stop, 240-mile race down the famous AuSable River to Oscoda on Lake Huron in the 10th Annual Michigan Canoe Marathon. They will be competing for more than \$2,000 in cash prizes, medals and the coveted Marston Trophy.

Among sporting events in the country, the Michigan Marathon is considered to be one of the toughest tests of endurance and sporting skill.

In past years, the field of two-man teams has included expert paddlers from Michigan, Ohio, Illinois, Minnesota and Canada. Winners of the Marathon for the last three years, Bernie Fowler and Donald Feldhauser of Grayling, will not compete this year. They are holders of the record time for the canoe classic: 17 hours and 33 minutes, set in 1953 and again in 1954.

Starting at 8:30 p. m., the canoeists will leave Grayling at 15-second intervals paddling all night down the twisting, swift flowing river. They will portage over six dams. Stock model canoes are required and they carry a minimum of gear including spare paddles, lights, food and water.

Of the 25 starters in last year's race, 15 finished as others dropped out due to damaged canoes and physical exhaustion.

A junior race on Sunday morning for youngsters 12 to 15 years old will start from Foote Dam at 11 o'clock and run 23 miles down the river to Oscoda.

Spectator activities at the finish line in Oscoda will include a water sports show on the river and an all-day ox-roast.

Every Precinct Represented at Convention

With about 50 delegates in attendance, every voting precinct in the county was represented at the Isosco County Republican convention held last Thursday evening at the courthouse. It was said to have been one of the best attended conventions held in many years.

Delegates elected Thursday evening to the state convention were: Elmer Werth of East Tawas, Charles McLean of Tawas City, Mrs. Ida Dorsey of Whittemore and Clarence Everett of Tawas City. Alternates named were: George A. Prescott of Tawas City, Mrs. Grace L. Miller of East Tawas, Richard Elliott of Oscoda and William Curtis of Whittemore.

Resolutions were adopted renewing allegiance to the principals of the Republican party as carried out by President Dwight D. Eisenhower and Vice President Richard M. Nixon and endorsing for the election the candidacy of Albert E. Cobo for governor, Charles T. Prescott for state senator and James Mielock for state representative, as well as the present county officers.

Members of the resolution committee were: Dale Bradley of Hale, Miss Edna Otis of East Tawas and J. Richard Newman of East Tawas.

Republican nominees for county officers named Mr. Werth as chairman of the Isosco County Republican Committee at a meeting held Wednesday. This is Werth's second term as head of the county committee.

Other officers of the committee are: Mrs. Elizabeth Beard of Oscoda, first vice chairman; Mrs. Ida Dorsey of Whittemore, second vice chairman; George A. Prescott of Tawas City, secretary, and Clarence Everett of Tawas City, treasurer.

Tawas Area School Announces List Of Faculty Members

With less than two weeks before the start of school, Tawas Area Schools this week announced its list of teachers and bus routes for the coming school year.

School will open with a teachers meeting on September 4.

All grade pupils through grade eight, and grades 11 and 12, will come to school on Wednesday, September 5. School will have only a half-day session on this day so that afternoon can be used by teachers for an adjustment in enrollment.

Grades nine and 10 will replace 11 and 12 on Thursday. These two days will be used for orientation of students to their schedules.

It appears likely that some pupils riding on the bus in grades one, two and three may have less crowded facilities if they attend at Tawas City Annex. After the enrollment is completed on Wednesday, this adjustment will be made.

CONSUMERS EMPLOYEES WIN SAFETY AWARD

Bay City division employees of Consumers Power Company have qualified for national recognition by working a million man-hours without a disabling injury.

Division Manager Louis A. Vaupre received telegraphic notice today that the division would receive the Safety Merit Award of the Edison Electric Institute in recognition of its achievement.

The 569 employees of the Bay City division, including those working in and out of Tawas City, East Tawas and Hale, have gone since October 3, 1955, without an accidental injury serious enough to cause any employee to take time off.

"In the utility industry, going a million man-hours without a time-off accident is like pitching a no-hit game or making a hole in one," said Mr. Vaupre. "Such a record can't be achieved without conscientious effort by every employee."

The Edison Electric Institute award will be presented at the Consumers company-wide safety conference to be held early next year at Michigan State University.

Iosco Cancer Society Unit Elects New Officers

The executive committee and workers of the Iosco County unit of the American Cancer Society met for the annual business meeting on August 14 at the home of Mrs. Herbert Hertzler.

Kate Evans, educational chairman; Mrs. Nathan Barkman, secretary-treasurer; Mrs. Ira Horton, service chairman; Mrs. Harvey Watson, publicity chairman; Nathan Barkman, campaign chairman.

Funds raised in the 1956 campaign totaled \$3,680.35, one-half of which is returned to be used in the county. Two hundred ninety-four dozens of dressings were made by volunteer groups throughout the county.

The following donations were made: \$1,000 to the University of Michigan Hospital for the purpose of research; a donation to the fund for a Kinescope to be used by physicians at the Tawas Hospital; two nurses scholarships were given to Iosco County girls.

Three wheel chairs and accessories were ordered to be used by any organization in the county, two to be stored at the Barkman Lumber Company and one at the home of Mrs. Evans.

Mrs. Hertzler reported that there had been an increased demand for assistance from the society this year, she also thanked the many workers in the county who helped in making the 1956 campaign a decided success. As a reminder, the service program offers loans from a revolving loan fund and donations for drugs, deep therapy and transportation.

Two Persons Injured Slightly in Auto Accidents

Two minor personal injury accidents were reported by Michigan State Police last week. Both of the accidents occurred on the National City-Whittemore Road.

Edgar Jones of East Tawas was treated at Tawas Hospital a week ago Monday after he suffered a broken rib and multiple contusions when his car hit a narrow bridge two miles east of Whittemore.

A four-year-old girl received minor injuries Wednesday, August 15, when the car which her mother was driving went into a ditch. Deborah Schult of Whittemore received cuts and bruises of the face. The accident occurred when her mother, Mrs. Florice A. Schult, reached over to fasten a door latch and the car went out of control.

Art Exhibitors Requested To Contact Mrs. Hertzler

All persons in Iosco County intending to enter art work in the arts and crafts exhibit at the East Tawas Community Building August 30-31, should contact Mrs. Herbert Hertzler, phone FO 2-2265, before Saturday, August 25.

Lorenz Homers As Tawas Wins Fourth Straight

Extending its win streak to four games, the Tawas City Indians again took the role of spoilers in the Huron Shore Baseball League by defeating second place Lincoln, 2-0. This marked the second week in a row in which Tawas has dropped one of the league-leading clubs.

To win this one took some doing by the Indians. The local team had to overcome a total of 14 strikeouts registering by Krenz, star pitcher for Lincoln and one of the best in the league. Tawas City had a total of seven hits.

The real game clincher for Tawas City proved to be a fifth inning home run by Bernie Lorenz and a five-out pitching stint by big Don Westcott. These two players, along with just about every other member of the team, turned in their best game of the year.

Highlight of the game for the fans came in the fifth inning when Lorenz stroked one of Krenz's fast balls over the left field fence for a home run. The Tawas City shortstop fanned in three other trips to the plate against the Lincoln left hander.

After Lorenz rounded the bases the Lincoln team protested to the umpires saying they had failed to touch first base. This touched off a long and heated argument between the two teams, which was finally settled by Lincoln's umpire, who was working behind the plate at the time. Lorenz's home run was upheld. (See About Town column, page 4.)

(Because of rained out games and the failure of several club secretaries to report completed games to the league secretary, standings of the Huron Shore Baseball League are unavailable again this week. This Sunday was to have been the final date in the schedule, but because of postponed games it will be extended to allow for make-up games.)

Racking up his third consecutive win in as many starts this season, Westcott was never better with his assortment of "junk" pitches served up to the Lincoln batters, along with his usual deceptive "curveball." Scattering only five hits to the opposing batters, the Tawas City twirler had some very good support by his mates with only one error being committed. Four of the hardest hit line drives of the afternoon came (See HOME RUN, page 8.)

Gerald Herriman Leaves for Overseas Assignment

Gerald L. Herriman transferred from his position as sanitation foreman at Wurtsmith Air Force Base for a two-year overseas assignment to Chateaufort Air Force Depot in France. He has worked under civil service at Wurtsmith for the past 5½ years.

Herriman left Willow Run via United Airlines at 9:45 Tuesday morning and arrived at McGuire Air Force Base, New Jersey, that afternoon. His flight to Paris left at noon Wednesday from McGuire.

His wife, the former Joyce Isola, and his three-year-old daughter, Diana, will join him at Chateaufort as soon as suitable housing is available.

COLONEL WILSON TAKES OVER COMMAND OF WURTSMITH AFB FRIDAY

CHANGE OF COMMAND CEREMONIES last Friday at Wurtsmith Air Force Base found these three air force officers as principals in the program. At the left is Brig. Gen. Benjamin J. Webster, 30th Air Division commander; Col. Thomas N. Wilson, who took over as new commander of Wurtsmith, and Col. Ralph G. Taylor, outgoing commander.—Official Air Photo.

Col. Thomas N. Wilson became new commander of Wurtsmith Air Force Base, Oscoda, Friday in formal ceremonies on the flight line, witnessed by several hundred civilian guests. He succeeds Col. Ralph G. Taylor Jr., who will leave in October for a year's assignment in Iceland.

Officiating at the ceremonies, which featured a parade and fly-by, was Brig. Gen. Benjamin J. Webster, 30th Air Division Commander. Colonel Wilson had formerly served as General Webster's special assistant.

Prior to the ceremonies, three flights of F-89H Scorpions lined up before the reviewing stand before taxiing up to the runway to

take off for the fly-by. Later, as troops passed in review before the stand, the Scorpions, led by Maj. John Odiorne, 445th operations officer, passed overhead in the formation fly-by.

For the fly-by, the 12 jet planes rendezvoused at Tawas Point, about 18 miles from the base. Then they flew the "T" above the guests and airmen assembled at the flight line for the ceremonies honoring Colonel Taylor, who had been commander of the base for 19 months.

During the ceremonies General Wilson presented a ground safety award to the base and a flying safety award to the 445th Fighter-Interceptor squadron.

Some 200 civilian guests watched the flight line ceremonies and later met the new commander and his wife in a reception in the officer's club.

As guests poured through the gates for the change of command ceremonies, the growth of Wurtsmith in the past year and a half was particularly noted.

Ready for the visitors was a newly-paved Skel Avenue, main artery for automobile traffic. On all sides workmen were busy with the erection of family housing units of varying size. Smartly modern red brick and wooden units were at various stages of completion.

Pastor Donald Howe Ordained as Minister Last Friday Night

Donald Howe, pastor of the Tawas City Seventh-day Adventist Church, was among eight men who were ordained as ministers in special services last Friday night at Grand Ledge.

The ordination ceremony came on the final week-end of the 88th annual camp meeting of the denomination in Michigan which has seen crowds the past week as high as 10,000 in attendance.

Howe, a native of Dodge Center, Minnesota, attended Emmanuel Missionary College, Berrien Springs, and worked his entire way through school by cooking and baking, also working as a colporteur during the summer vacations. He has made good use of his culinary talents on repeated occasions, serving as cook for youth camps. He was married in 1949 to Vivian Young of Rhineland, Wisconsin, and they have one daughter, Pamela Sue.

After graduation from the theological course in 1952, Howe served as pastor of the Hillsdale Adventist Church, moving to the Tawas City area in 1954, where at present he is pastoring in the Tawas, Glennie and Long Lake churches.

Adventist pastors, after completing their schooling, serve a four-year training period, before being ordained to the ministry. Presiding over the ordination services was the minister, who baptized Howe when he was 11 years old in Minnesota. Elder G. E. Hutches, now president of the Michigan Conference, Hutches also gave the welcome and issued the certificates.

Other leading church officials participating in the ordination rites were: Elder M. L. Rice, Lake States president, who gave the charge, and Elder R. R. Figuhr, international president of the denomination, who presented the ordination address, stressing the importance of being called to the ministry.

The total personal income of Americans reached an annual rate of \$323,000,000,000 in May, a new record.

Nobody ever gets anything for nothing, but a lot of people keep trying.

Proportions for different fruits? Consult the directions that come with the pectin you choose to use.

From the time sweet corn leaves the stalk to the minute you make your selection, it is important that it be kept cool. This slows up the change of the sweet, thin milk of the kernel to a thick, starchy consistency. Indeed, 40 percent of the sugar in corn changes to starch in 24 hours if the corn is not kept cool. A big part of the change occurs within the first two hours.

Described as a food for the gods are thinly sliced cucumbers allowed to stand for several hours in cold, salted water, and then combined with thinly sliced onions in a sour cream dressing.

It is peach pickling time in Michigan. The Red Havens are arriving on the markets, ready for eating, canning and freezing pleasure. Hale Havens will be right along soon, with Elbertas coming in around September 1.

When buying peaches, choose those that are firm but not hard, free from blemishes and whitish ground color that is either yellowish or yellowish. A too green ground color may mean a fruit too immature to ripen satisfactorily.

How to store paint that has been opened so it will be useable later on is always a question. This suggestion comes from Michigan State University home economists.

Pour a small amount of thinner over the unused supply of paint. Use turpentine or painter's thinner for oil base material, lacquer thinner for lacquer, or special thinners for synthetic resin products. Use only enough thinner to make a thin film.

Place the lid on the can and set it on the floor while pressing on the lid with your foot. Put a piece of paper over the can and drive the lid down with a hammer, until it fits tightly.

Be careful not to rock or shake the can. This is because the film thinner should not mix with the material but remain on top of it to prevent the formation of coating or skin.

When ready to use the paint, just stir the thinner in, and it is ready to use.

A man has tact who won't change his mind but will change the subject.

There is always a better way to do something.

Herald Uses New "Face" For Reading Matter

In case you have not noticed, starting this week The Tawas Herald is using a new type face for its body or reading matter (Corona with Erbar Bold). This new type is more readable and replaces a Linotype face which was adopted by the Herald shortly after World War II. Other behind-the-scenes changes at the Herald, which rarely come to the attention of the reader, is the installation of a four-page Miehle press and automatic folder, which is now used to print this newspaper. This equipment replaces a two-page press which was installed in 1947.

Weekly Bulletin Shows Progress of New Church

As a feature of its weekly bulletin, Immaculate Heart of Mary Parish has a picture showing progress made on its new church printed on the bulletin cover each week. Cornerstone laying ceremonies for the new church will be held this Sunday afternoon.

Fan Helps to Decide Disputed Play!

It is a rare occasion when a baseball fan sitting on the sidelines at the ballpark does not express his opinion when an umpire calls a play against his home team—a still rarer occasion is when the umpire actually asks a fan for advice on calling a play and then makes his decision. This situation happened Sunday afternoon at a four-page Miehle press and automatic folder, which is now used to print this newspaper. This equipment replaces a two-page press which was installed in 1947.

Drumm-Ulman

A beautiful church wedding was solemnized at St. Joseph's Catholic Church Saturday morning, August 18, at 9 o'clock. The altar was banded with white gladioli. About 150 guests attended. The bride was Miss Reata Ulman, daughter of Mr. and Mrs. Clayton Ulman of Tawas City, and the groom was Arnold Drumm of East Tawas, son of Mrs. Harvey Smiley. The double ring ceremony was performed by the Rev. Fr. Robert Neuman. The bride, given in marriage by her father, wore a floor length gown of white imported Chantilly lace over white satin with long lace wrist point sleeves. The fitted bodice was fashioned of lace over satin with sweetheart neckline and nylon net yoke leading to a mandarin collar. The gown was trimmed with imported iridescents. The full skirt was of nylon tulle over nylon net with satin underskirt. The skirt was complemented by wide horizontal panels of escoloped Chantilly lace. Her fingertip veil was secured by a cap trimmed with sequins and seed pearls. She carried a colonial bouquet of white roses and stephanotis. Her sister, Miss Mary Ulman, was the maid of honor. She wore a floor length gown of turquoise nylon chiffon with fitted shirred bodice and sweetheart neckline, styled with a shoulder drape ending in a waterfall panel at the back. The bridesmaid was Miss Joyce Schmidt in a maize floor length gown and the junior bridesmaid was Miss Janet Ulman, sister of the bride, who wore a coral waltz length gown. The gowns were styled similarly to the maid of honor's. All the attendants carried colonial bouquets. Annette Ulman, sister of the bride, was the flower girl in lace floor length gown with molded bodice and Salvia type neckline, full redingote skirt of lace over nylon net and taffeta. The best man was Orloff Drumm, brother of the groom. Ushers were Francis Drumm, another brother, and Robert Ulman, a brother of the bride. A nephew of the groom, Michael Drumm, acted as ring bearer. Breakfast was served to the bridal party after the ceremony at the VFW Hall. The mothers of both bride and groom wore light blue gowns with yellow corsages. A reception for 400 guests was held in the evening at the Eagles Hall. The couple left on a northern trip. For travel the bride wore a princess style dress in black and white with black accessories. Out of town guests were from Bay City, Alpena, Mt. Rose, Lansing, Pontiac, Flint, Lupton, Rose City, Highland Park, West Branch and Oscoda. The groom graduated from East Tawas High School and is employed by the Feather-Lite Company. The bride graduated from Tawas Area High School in June 1956.

TIME TO PLANT LAWN GRASS SEED. The lawn makes the place, whether town, suburbs or country. No one part of landscaping means so much to the beauty of the home as the lawn. A thick, green lawn without shrubs is far more attractive than a site with beautiful shrubs with an ugly lawn. Everyone appreciates the value of an attractive lawn but some are at a loss to know how to achieve it. There are many factors that must be considered in establishing and maintaining a good lawn. First: The soil must be reasonably fertile, containing a good supply of organic matter and plant food; Second: Tilling, grading and preparing a fine seed bed using seed killers or repeated cultivations; Third: Selecting high quality seed that will give permanent beauty; Fourth: Sow lawn seed in the fall. When selecting the seed one should be aware that permanency and hardiness are to be desired. Sowing an undesirable variety is foolish even though it is cheap. Usually cheap seed is coarse and it takes more pounds to get the right population of plants in the area. For the one who wants a good lawn, cheap seed is a poor investment. Check the Mixture Before Buying Seed. Prices of the various varieties of grass seeds are relatively the same throughout the country and the prices of mixtures are determined by the varieties and the percentages used and always the low price mixtures contain a high percentage of the low cost seeds. The following is a guide to help determine the value of a mixture. The varieties are listed in the order of cost and in most instances in order of desirability. Merion Blue Grass, Highland Bent, Kentucky Blue Grass, Red Top, Poa Trivialis, Chewings Fescue, Perennial Rye Grass, Common Rye Grass, Timothy. Buying ready made mixtures is a simple way to select a lawn grass seed, but by buying straight grasses in bulk of the varieties that meet your needs will be more satisfactory and more economical. The Clark Farm Store of East Tawas carries a wide variety of mixed and bulk grass seeds. They can help you with your lawn problems. (adv.)

Mice Like Money Meal—
Alejandro Lompapa, a sugarcane cutter from the Philippines, told police that mice had eaten his life savings of \$14,900—all in bills. The 55-year-old worker had packed the money into a space over his door and had not peeked at the board since last December. When he took a look at that remained were small bits of what once was 745 \$20 bills, only three of which were patchable.

Summer Reading Program Draws to a Successful Close
The summer reading club program of the Iosco-Arenac Regional Library is drawing to a close after a successful 2 1/2 month series of story hours with 26 clubs and a total membership of approximately 400 boys and girls.
This summer, reading club members took an imaginary cruise of the Great Lakes. Each club was identified on the map of Michigan by a miniature freighter with its own colors on the stack, the same as the Great Lakes fleet, and each meeting was a stop at one of the major ports of Michigan.
The children advanced in station with the number of books read until they had reached the rank of captain. The story hours were most interesting. Programs at the meetings consisted of stories and legends about Michigan and discussions of the important facts about each city visited.
Many of the children brought articles and pictures to show their club members. Phyllis Hopp of the Otter club showed Vivian, a sides of Holland and Mackinac Island when these ports were visited.
Miss Arlene Leslie, Tawas City librarian, told several stories that were written by Mrs. Paula Patterson. She also made the background and figures for the story "Charcoal," that was enjoyed by the following club members:
Robert Brugger, Brenda Brugger, Jack Brugger, Barbara Buch, Christine Buch, Thomas Coyle, Marilyn Coyle, Bruce Davenport, Kenneth Davenport, William Ezo, Laurie Ezo, Carol Fox, Kathy Fox, Kathleen Galliker, Tunney Fletcher, JoAnn Grimes, Joyce Grimes, Eileen Hatch, Carol Hosbach, Gerald Hosbach, Kathy Hosbach, Easton Hosbach, Hugo Keiser, Pamela Keiser, Janet Kasischke, Kay Kasischke, Carol Kuerbitz, Donna Kuerbitz, Bonnie Libka, Carol Libka, Bonnie Link, Jerry Link, Rosemary Link, Michael McArde, Georgia Mallon, Lois Mallon, Karen Montgomery, Mary Newman, Nancy Palumbo, Sally Roach, Becky Ross, Terry Ross, Cheryl Sue Ruppert, Jeri Lu Ruppert, Bonnie Sherwood, Gregory Staebler, Shirley Wendt, Susan Westcott.
East Tawas club members promoted from deckhand to captain were:
Becky Brandemuehl, Sandy Barnett, Nicki Blake, Kathy Blake, Kayanne Deckert, Dianne Dimmick, Tim Duff, Elizabeth Drumm, Priscilla Edwards, Janet Merschel, Joanne Moehring, Dianne Seiser, Susan Tasiar, Sue White, Kathy White, Susan Brandemuehl, Kay Bowman, Tim Blake, Pat Campbell, Billy Deckert, Maureen Dimmick, Dale Duff, Barbara Edwards, Nancy Lane, Mary Lou Miller, Johnny Moehring, Sally Tasiar, Nan White, Marianne White, Patty White.
The final meeting of each club was a party with games and refreshments and those who had earned the rank of captain were rewarded with a pin. Club members are looking forward to next summer and more story hours together.

Calendar:
Tuesday, August 28—Lamb pool, West Branch, 9:00 a. m. All sheep raisers are invited to bring their fat lambs.
Tuesday, September 25—Forest Tree Day at Lumbermen's Monument.
At the recent Iosco County Fair, our soil conservation district board of directors, Lyle Bielby, Gerald Bellen, Harry Krueger, James Mielock and Lyle Long, sponsored a tree identification contest. Gordon Hatch, soil conservationist, and Dale Rosenquist, his aide, assisted the district in setting up the display.
They selected native species of evergreen and everyone could enter the contest. If all men will kindly step aside because a member of the fairer sex was the only one to do the job 100 percent according to the judges.
The lady's name is Addie Scofield of Hale. Here are the correct identifications:
1. Black Spruce.
2. White Spruce.
3. Balsam Fir.
4. Eastern Hemlock.
5. White Cedar.
6. Jack Pine.
7. White Pine.
8. Norway Pine.
Mrs. Scofield received the \$5 cash award from the soil conservation district board of directors.
The soil conservation district board of directors has also sponsored a conservation photo contest for amateurs only, between the ages of 10 and 20 years. Lyle Bielby and myself were named co-chairmen and cash awards of \$25, \$15 and \$10 are being offered.
The contest closes September 10, with a committee of judges selecting the four best photos (black and white) 2 1/2 by 3 1/2 inches showing good land use practices and bad land use practices. A before and after type of photo would be ideal. Some of our 4-H'ers have entered, but this is open to all others, too. If you are interested, why not contact Mr. Bielby at Hale, or me?

I have had several requests lately regarding "yellowing" of second cutting alfalfa fields. Robert Reasner, vocational agricultural instructor, and I had an opportunity to discuss this recently and I pass the information on to you.
Do not blame the yellowing of your alfalfa on nutrient deficiencies right away. After observing a sample of alfalfa that he gave me, I noted leaf spot damage. There is a good chance that leaf spot damage and leafhopper are the causes of the yellowing. This type of damage and nutrient deficiencies look quite similar.
Leafhopper damage is usually the most severe when a portion of a field is cut early in June, according to S. T. Dexter, farm crops researcher at Michigan State University. The partial cutting fails to destroy the hopper eggs which are usually deposited later. In fact, the cutting merely provides tender young plants in the next growth for the young hopper to attach to when they hatch. Even if the entire field is cut early, the hoppers can still cause serious damage by laying eggs in weeds or other nearby plants and then moving to the alfalfa upon hatching.
Mr. Dexter tells us that you should cut off a portion or the end of a field rather than a swath around the field if early forage is needed. This practice will confine the damage to the end of the field rather than all the way around it. In fact, where yellowing is known to be a serious problem, he suggests avoiding early cutting if at all possible.
In most cases, the alfalfa stand will recover satisfactorily from yellowing to produce a suitable crop the following year.
The new Vernal variety of alfalfa is quite resistant to both leafhoppers and leaf spots as well as bacterial spot.

Starting in October, Michigan dairymen will have another method of keeping dairy records. Larry Johnson of the dairy department at Michigan State University says that on the first of October, the new weigh-month plan will go into operation.
It will take its place alongside the regular dairy herd improvement association and owner-sampler plans in use in Michigan.
The new plan will provide participating farmers with an approximate record of their cow's production. It is intended for the regular dairy herd improvement association and owner-sampler plans in use in Michigan.

THESE WOMEN! By d'Alesio
"Tee, hee! I think it's sweet of you to run out of gas after we've been married nine years!"
If your lawn needs seeding, you will never have a better time to do the job. As a matter of fact, your lawn seeding should be in by August 25, according to Carter Harrison, farm crops specialist at Michigan State University. He says grasses grow best during cool, moist weather. In Michigan that kind of weather occurs most often in September and October. By planting in August you get the rains and still make sure your grass seedlings have enough growth before winter comes to survive the cold weather.
Another point in favor of fall planting is that the grass has very little competition from weeds.
Harrison says that Kentucky bluegrass does the best on soil that is high in both organic matter and fertility. Red fescues do better on red and brown clays, and in sandy soils and in shady areas.
If you can not decide which to use, try a 50-50 mixture of fescues and bluegrass. The one best suited to conditions will win out.
Harrison also points out that it does not pay to be in too much of a hurry for your grass to come up. You can buy grass seed mixtures containing nurse grasses that will start much faster than the fescue or bluegrass alone. The catch is that the nurse grass becomes very coarse and competitive when it gets established.
It is a good idea to use the grasses you want to stay and be a little patient. Look for your grass seedlings two or three weeks after seeding.

Paper Sets Off Alarm—A Pasadena, California, newspaper boy tossed a newspaper high into the air. Falling back, it grazed the lever of a fire-alarm box, bringing six fire trucks to the intersection. The carrier, Ronald Vestal, 14, was considerably surprised.

ALL Over in One-Half Hour—
Rino Bianchi, 17, of Charleston, Illinois, bought a new car at 2:30 p. m., at 2:45 p. m. he insured the car and applied for licenses. At 3:00 p. m. the same day, he hit a pole and completely wrecked the new car.

Beauty on the beach—nicely posed for an informal group shot.

KEEP YOUR GROUP SHOTS SMALL, INFORMAL

In taking group shots, there are a few points to keep in mind. First of all, don't try to shoot too large a group at one time. You'll find two pictures are really better than one—if more than a half a dozen people are going to compose a single unit for your viewfinder.
Next, be sure your subjects have a center of interest so that you don't end up with the kind of stiff-necked, glassy-eyed composition popular in Grandmother's album. Just keep your camera trained on the little conversational groups that form naturally—several people sharing a joke, three or four guests admiring the table decorations, a happy couple or two having a hard time deciding what to select at the groaning buffet board. Natural groupings like these are your best insurance of good snapshots because the subjects are less likely to be self-conscious or even aware of the picture taking in progress.
If you're using flash to light your indoor snapshots, try to have all the members of your group at approximately the same distance from the camera. Otherwise, you'll have uneven lighting on your subjects, making those in the foreground appear too light and anyone in the background much too dark.
Any festive occasion just seems to beg for color film—and the newest type is a snapshotter's delight. It may be used in daylight or with flash without the addition of filters or blue flash bulbs to compensate for the different light. Imagine how wonderful it is to have one color film that can be used anywhere—indoors or out, with flash or without!
No doubt about it, a party lends a flip to daily living. Why not capture the fun on film so you can have a permanent memento of "the good time that was had by all?" —John Van Gulder

Police Identify 'Hovering' Lights South of Tawas City
Michigan State Police and the Iosco County Sheriff's Department received several reports of mysterious lights "hovering" above the trees on the Townline Road south of Tawas City Monday night. Investigating the matter, police, who were immediately dispatched in patrol cars, were quick to identify the lights. The Detroit and Mackinac Railway Company completed its new radio transmitter tower Monday and the lights seen by residents of that area, turned on for the first time, were aircraft warning signals at the very top of the structure. The tower is surrounded by trees and the lights on the lower part were blocked from the vision of the would be "flying saucer" reporters.

A. J. Carlson Addresses Meeting of Iosco Chapter

Last Thursday evening the Past Matrons Club of Iosco Chapter, OES, enjoyed a 6:30 dinner at Ossie's Restaurant. Following the dinner a business meeting and program were given at the home of Mrs. Kate Evans. Mrs. Frances Bigelow led the business session. The program consisted of a talk by A. J. Carlson, Methodist Baker Fellow and a graduate student in history at Princeton University, who discussed the first 500 years of the Christian Church. As a basis for his discussion he used a celebrated letter from the Roman emperor Trajan, written about 112 A. D.

After an early attempt at granting toleration to all local religions, the Romans became suspicious of the obstinate Christians who refused to worship the Roman emperor. This led to a gradually increasing persecution which culminated in the disastrous persecutions of 250 and 303 A.D., which might have destroyed the church. However, Mr. Carlson did not feel the Roman persecutions were actually as vigorous of as presumed as was at one time assumed.

As for the question, did Christianity bring down the fall of Rome, Mr. Carlson cited examples to show rather that the Christian Church held together all that we now know of Roman life. The victory of the church was due instead to the unique example of Christ, who brought the promise of an eternal life, guaranteed by a just and loving God, who for one brief instant in our history did become man. It was this promise to each individual, in a society in which individuals failed to count, which brought thousands of lonely souls into fellowship groups forming the nucleus of the Christian faith.

Home Run

(Continued from page 1.)
off the bats of Lincoln, only to be turned into outs.
Tawas City's insurance run came in the eighth inning after Krenz fanned the first two batters, Cavell and Gracik, for his 14-strikeout total for the afternoon. Next man up, Clare Herriman, singled. Gary Humphrey, who made his first appearance behind the plate this year in this game, hit a drive to right centerfield for a triple, Herriman scoring.
Tawas had only one other good scoring opportunity in the game. In the fourth inning the locals flied the bases with two out, but Krenz struck out Look to end the threat. Only two Lincoln batters were able to reach second base, where they were stranded.

Top batters for Tawas during the game, beside Lorenz, with his game-deciding blow, were Clare Herriman with a double and a single, and Westcott with two singles.
This Sunday Tawas City will play a double header at Mikado. One game is a replay of a contest which was postponed because of rain earlier in the season.
