New Gypsum Quarry-Port To be Ready by Spring-1958

"In July 1958 the first ore carrier will enter National Gypsum Company's new port south of Tawas City to be loaded with the first shipment of rock," Charles H. Hill, superintendent of the National City plant, told members of the Tawas Kiwanis Club Tuesday during his outline of the company's 19 million dollar Great Lakes expansion program.

At the same time, Mr. Hill discounted various rumors circulating around the county concerning the effect of the company's new quarry would have on the National City plant and also explained what steps will be taken to minimize dust and noise at the company's new shore loading facilities, when they are completed.

The plant superintendent also called on the help of local Kiwanians and other groups in the county to assist in locating homes for drivers of the Jefferson Trucking Company who expect to move to the Tawas, Hale and Whittemore areas in January. He said that there was a great need for housing facilities.

In outlining National Gypsum's huge development of its Isoco County holdings, Mr. Hill said that included was a new 75 million ton gypsum quarry, a new earth moving equipment and a new port in Lake Huron (Saginaw Bay).

Saying that by January 1957 the company expects to have two shifts

in operation developing the new quarry between its National City plant and Lake Huron, Mr. Hill said that work has already started on this project in a minor scale. Bulldozers are now removing overburden from the site along the Sand Lake Road.

Mr. Hill said that some of the new equipment which would be used in the quarry would arrive here in January, including four new 40-ton trucks, bulldozers, graders and drills. He said that construction on the crusher building, to be located on the east side of the Sand Lake Road, would start next March. Plans call for the quarry to be in operation by the spring of 1958.

When the quarry is completed, rock will be extracted by the open pit method. After going through a primary crusher, the rock would be sent by conveyor belt to a secondary crusher and then loaded in rail cars for shipment to a stockpile near the shore of Lake Huron and to its National City plant. Mr. Hill said a year's supply of rock would be stockpiled at its present plant, while the remainder would go to two new plants, one in Ohio and one in Illinois.

Crushed rock would be transported from a stockpile on the former LaPere property to the shore installation by means of a 52-inch-wide conveyor belt, for subsequent loading in the lake carriers.

National Gypsum will dredge a 12,000 foot channel, 250-foot wide, in Lake Huron from the deep water to shore to permit loading of lake carriers. The entire operation from quarry to ship will be highly mechanized.

By January 1957 National Gypsum expects to reach an all-time high in employment in Isoco County with the quarry development. The company presently employs some 360 men at its National City mill.

Dispelling some of the rumors which have been heard here, Mr. Hill said that the company will expand its present plant at National City along with the other developments. Included in the expansion here would be the addition of a new perlite plant.

He said that the two new plants would not affect employment at National City, although it would reduce the amount of overtime operation. He said that the plant has been operating around the clock, seven days a week for the past five years to meet market demands. The new plants would reduce the load here and National City would operate on a standard five-day work week.

"National Gypsum Company is progressing into all fields in order to make year-around employment at its installations," Mr. Hill stated. "The company is expanding its Canadian market and we look for

a very favorable year in 1957 and in years to come."

During a question and answer period, with Kiwanians participating, Mr. Hill said that the company was making every effort in its planning to minimize dust and noise at the shore installation. He said that the conveyor belt used to move crushed rock to the shore installation would be totally enclosed.

He announced that a second gypsum deposit only recently had been discovered in Isoco County, in addition to the new one already being developed. The company is now negotiating options on this newest 5,000 acre deposit.

Early Entries Received in Queen Contest

Several entries have already been received in the Silver Valley Winter Sports queen contest, it was reported by Elwood Bronson, chairman of the queen's contest committee, at Monday night's regular meeting. The contest was opened last week.

Bronson told winter sports committee members that early entries had been received from contestants from the Detroit area through advertising placed in Michigan metropolitan daily newspapers by the committee last week.

"With a prize list of \$2,500 and the grand prize being a 10-day trip to Mexico, all early indications point to a very successful contest this year," stated John Pinter, general chairman.

WINTER SPORTS COUNCIL TO MEET AT GRAYLING

Several members of the Silver Valley Winter Sports Committee will attend a meeting of the East Michigan Winter Sports Council today (Thursday). President of EMTA, Harold Gould of East Tawas, said Monday night that there is much more competition in winter sports this year as a number of new areas have been constructed, plus the fact that businessmen are now realizing that winter sports is big business.

One important change was made this week in the winter sports carnival week-end program, scheduled to be held February 1, 2 and 3. This was the substitution of Ross Mulholland of WWI-Detroit in place of Bud Davies, who was announced last week as master of ceremonies for the event.

A discussion of the proposed crowning ceremonies at Silver Valley during the carnival week-end was held at the SS Western States Thursday evening at 6 o'clock. The AuGres school superintendent will be a guest.

A new promotional folder is now being distributed by the winter sports committee. Printed in two colors, the pamphlet is illustrated with pictures taken at Silver Valley and Perchville last winter.

DEADLIEST AIRPLANE NOW ARMS WURTSMITH—Four of the new Convair F-102A all-weather interceptor-fighters arrived at Wurtsmith Air Force Base last Sunday. In the top photo, the plane piloted by Lt. Col. John M. Patton is shown on the flight line shortly after landing. In the bottom photo the drag parachute pops on Major John Odiorne's plane as it lands at a speed close to 200 miles an hour. The small inset picture shows Major Odiorne being greeted by Colonel T. N. Wilson, base commander. More of the F-102As are expected at Wurtsmith shortly.—Tawas Herald Photos.

New F-102A Jets Arrive at Wurtsmith After 4-Day Delay

Now assigned to Wurtsmith Air Force Base, Osceola, are darts-shaped supersonic all-weather interceptor-fighters known as the F-102As. In weeks to come, people of Northern Michigan will learn why air force pilots call it the "hottest" airplane yet, as they streak across the sky in performance of a vital mission—protecting Michigan industrial targets from attack by hostile enemy bombers.

The first four F-102As arrived at Wurtsmith last Sunday afternoon after a 90-minute hop from Tinker Air Force Base near Oklahoma City. The planes had been scheduled to arrive here last Wednesday, but for ferrying operations such as this, the air force insists that flying conditions enroute be very good, with five mile visibility and 5,000-foot ceiling.

As early as a week ago Monday the planes made it as far as Tinker Air Force Base, Oklahoma, on their trip from San Diego, California, to Wurtsmith. There they sat until Sunday due to unfavorable weather. Sunday noon the weather cleared and the jets took off. Cruising at about 40,000 feet, the planes averaged about 700 miles an hour for the 960-mile flight.

On hand to watch the planes land at Wurtsmith was a large delegation of spectators from the Osceola and Tawas areas. First to land was Lt. Colonel John Patton, 31st FIS commander. Captain Russell Brown and an air force ferry pilot were next. About 15 minutes later Major John Odiorne landed.

Greeting each pilot as he climbed down from the plane was Colonel T. N. Wilson, base commander, along with the families of

Retired D&M Employee Died Last Monday

Funeral services for Arthur W. Wilkins, 82, retired Detroit and Mackinac Railway Company employee, were held last Wednesday at Alpena. The Rev. Robert M. Barksdale officiated and burial was in Evergreen Cemetery.

Mr. Wilkins died suddenly Monday afternoon at his home in Alpena. He was born March 21, 1874, in Tawas City and moved to Alpena as a young man. He was married to the former Miss Laura Lietzke in Alpena November 17, 1897. She died July 4, 1955.

At the time of his retirement from the Detroit and Mackinac Railway on May 1, 1944, Mr. Wilkins held the record for continuous service with the company (54 years), having entered its employ in 1890.

From 1890 to 1898 he was a brakeman. He then became a freight conductor and held that position until 1906. From September of that year until April 1907 he served as yardmaster at Bay City. He then served as trainmaster until 1933 when the office was abolished. For the last 10 years of his employment he was a passenger conductor.

He is survived by a son, Arthur B. Wilkins, a municipal judge at Alpena.

Two Men Sentenced to Southern Michigan Prison

Two men were given prison sentences by Judge Herman Dehnke at a recent session of circuit court. The men were Robert K. Butler and Donald Hills. Both men had been convicted of breaking and entering. Butler, who at the time was on probation for other offenses, was sentenced two to 15 years at Southern Michigan Prison. Hills received a prison sentence of two to five years.

The civil suit of George Gollnik vs. William Arpin and Clifford Motevia will be given a jury trial Monday before Judge Dehnke. It is a trespass on the case action.

Search for Bandits Continues This Week

Search for three men who held up a gasoline station-grocery store at the US-23 and M-65 intersection last Thursday night continues this week. Michigan State Police and sheriff's departments from a five-county area were alerted shortly after the hold-up, but the bandits eluded blockades.

William Armentout of Twining, operator of the business, was alone in the building at the time. The three men came in and ordered him under gunpoint to open the cash register and hand over its contents.

Armentout told Sheriff Edward Bessinger of Arenac County and state police officers that one of the men held a .22 caliber rifle on him. One man carried a revolver

Tawas City Businessman to Leave For Chrysler Position

Announcement of the sale of the Fox Hardware in Tawas City to Cecil W. Cabbie was made last week by Randall Fox. Effective day of sale of the stock and building was Monday of this week.

Mr. Fox has accepted a position with Chrysler Corporation as material control general superintendent at a new plant in Newark, Delaware. The plant assembles Dodge and Plymouth automobiles for the eastern market.

The new owner of the hardware has been a resort operator in Tawas City since August 1947. Prior to that he had been in the gasoline service station business in Detroit for about 16 years.

Before purchasing the hardware business here from the late Eugene Bing in January 1946, Mr. Fox had been with the Fisher Body Division, General Motors Corporation, for nearly 10 years.

He will serve Chrysler Corporation in the same capacity as he did with GM, mainly production scheduling and supervision of purchasing, traffic, shipping and material handling.

During his more than 10 years in Tawas City, Mr. Fox has taken an active part in civic affairs, having served on the board of education, Tawas City Council and water board and was one of the first directors of the Tawas Chamber of Commerce when it was organized.

He served as president of the Tawas City Board of Education and when the schools of the area reorganized he was elected to the Tawas Area Board of Education. He has been president of the latter board for the past two terms.

During which time the people of the school district voted to build a new junior and senior high school which is now under construction.

Mr. Fox said early this week that he and his wife, Marguerite, and children, Randall, 16, Timothy, 13, Kathryn, nine, and Carol, eight, would move to Newark

Santa Claus to Visit Here Friday

Santa Claus is coming to town (Tawas City) this Friday night and will be at the city hall to say "hello" to all of his young friends.

The jolly old gentleman will have candy for the boys and girls. He will be there from 7:30 to 9:00 p. m.

Next Friday night, December 21, Santa will again pay a visit to the youngsters at the city hall.

School Superintendents Dine on SS Western States

Superintendents of Alcona and Isoco County schools will hold a dinner meeting aboard the SS Western States Thursday evening at 6 o'clock. The AuGres school superintendent will be a guest.

Veteran of War Against Spain Buried Friday

Henry A. Thompson, veteran of the Spanish-American War, died at his home in Whittemore last Tuesday evening following a long illness.

Born January 28, 1876, at Tawas City, he had been a resident of this county all of his life. Following his service in the army he operated a farm in Reno Township.

For several years he resided at Tawas City, eventually returning to Whittemore where he has since made his home.

He married the former Miss Mabel Allen of Whittemore on May 9, 1906, at Tawas City.

Mr. Thompson was a member of Whittemore Masonic Lodge and an honorary member of Jesse C. Hodder Post, American Legion.

Surviving are his widow; two sons, Clare of Whittemore and Thomas of Bloomfield Hills, and nine grandchildren.

Goodfellow Paper Goes On Streets This Saturday

The 11th annual Kiwanis Goodfellow newspaper sale will take place Saturday, December 15, in the Tawas area. Proceeds from the sale will be used to assist children in various ways throughout the year.

Cecil Cabbie is general chairman of the Tawas Kiwanis Club's Goodfellow committee this year. The committee will work with the underprivileged children in preparing baskets for the children.

Aiding Mr. Cabbie are Edward Nelkie, Arthur Evans, William LaCourse, Russell Rollin, Gerald Bronson, Dr. E. C. Silvertorn and Nathan Barkman.

The sale of the Goodfellow edition will start Saturday and continue throughout the day in the Tawas area.

Chairman Cabbie stated this week that the proceeds from this newspaper sale not only assists underprivileged children at Christmas time, but throughout the year.

The Kiwanis Club has donated money for such charitable things as Christmas gifts, \$787.74; Speech Clinic, \$400; Boys' State, \$40; Girls' State, \$37.50; March of Dimes, \$100, and kids' day at Wurtsmith Air Force Base, \$100.

entertained between 1,200 and 1,500 youngsters on National Kids' Day last fall at Wurtsmith Air Force Base. This meant supervision by Kiwanis and funds necessary to feed these youngsters all the hot dogs, buns, milk, pop and doughnuts they could eat. Approximately \$100 was the club's share of this event.

It was through the boys and girls committee that a vocational guidance counseling service has been included in the Tawas Area School curriculum.

The club fully supports and is active in the Tawas Community Council. Two members of the boys and girls committee are on the board of directors and a number of directors and members of Kiwanis are actively participating in this very important community organization.

Part of the money used for these projects was raised through the sale of the Goodfellow papers.

GET YOUR PAPER—Kiwanis Goodfellow papers will go on sale this Saturday morning. Be sure to buy a copy, this way you will be helping area youngsters. The salesman is Serge Thomsson.

COMPLETE PLANS FOR CHRISTMAS SEASON

The Whittemore Chamber of Commerce and the Whittemore businessmen have completed their plans for this Christmas season. The stores are decorated and holiday merchandise is on display.

A large Christmas tree is being erected near the center of town and the streets are lighted as in previous years. The Christmas season will climax at 4:00 p. m., Monday, December 24, with the appearance of Santa at the tree with treats for all the children and gifts from the merchants by their drawing of tickets which are being given with purchases now.

Christmas Caroling Is Custom Which Began Centuries Ago
Christmas caroling, so much a part of our present-day observance of Christmas, is said to have begun about the 16th century.

The first real Christmas carol is attributed to St. Francis of Assisi, who made a model of the Bethlehem manger to help him tell his people the Christmas story.

Christmas carols were then supposedly taken from Italy to England by the traveling clergy. The idea of caroling fitted into the English conception of Christmas as a combination of religious celebration and a day of good will, so it flourished in that country.

Little bands and groups of singers which sprang up in the towns and villages were called "waits." A natural explanation of the name seems to be that it refers to watching and waiting, for Christmas Eve is called the Vigil of Christmas.

As early as December 21, which is the day dedicated to St. Thomas, nummers and carolers would begin going from door to door, announcing the great feast at hand. It was natural for householders to offer hospitality to these troubadours, and gradually in many places the custom of giving and receiving presents of various kinds was established.

CHRISTMAS FOR CHILDREN

Awaiting the arrival of Santa Claus puts plenty of Christmas spirit in the young hearts and minds of children, but we can still help them to a greater appreciation of the holiday.

Santa has his proper place (despite the convictions of many of the older generation) but children who are old enough to understand should be often reminded that there is a truer meaning to our celebration of Christmas. The story of the Holy Birth is not a difficult one to tell to children, for it is essentially a simple story.

Children may be made to appreciate the other aspects of Christmas, too, by helping with the decorations, and in the selection and trimming of the tree. It's always fun to choose your Christmas tree, whether you get it from the woods or from the corner store.

Making tree decorations is another ideal family project. Strings of cranberries, popcorn or colored paper give trees a special Christmas glow. Even cutouts from Christmas cards add glamour. While adults trim the top of the tree, the children can trim the bottom.

Pine boughs and cones gathered from a nearby woods make pretty wreaths and table decorations. Children like to hike and look for these Christmas treasures.

But don't expect perfection from children. The important thing is the feeling of pride and accomplishment that children share in the knowledge that their efforts helped make the family Christmas a happier one.

Tawas City WSCS Held Meeting Thursday

The December meeting of the WSCS of the Tawas City Methodist Church was held Thursday evening, December 6. A 6:30 pot-luck dinner was served. Each table was decorated to represent a season of the year. Hostesses were Mrs. R. E. Mick, Mrs. Henry Darling, Miss Fernie Mark, Mrs. Donald Seymour and Mrs. Mark Sedgeman.

Mrs. Charles Vanform presided at the business session and Mrs. Matthew Hoag had charge of devotions. After the meeting the members took part in a march to the birthday tree where each deposited the amount equal to her age.

The program was in charge of Mrs. George Leslie. She read the Christmas story, according to Joseph's version. The choir assisted with the singing of carols, both old and new. At the close, all the members gathered around the altar singing "Oh Come, All ye Faithful."

A beautifully decorated birthday cake, made by Mrs. Seymour, was served after the program.

WORLD ILLITERACY

The United Nations Educational Scientific and Cultural Organization reports that more than 40 percent of the adult population of the world cannot read and write. The rate of illiteracy is highest in Africa, where between 77 and 81 percent of the inhabitants are unable to read and write.

BROOKLYN PIER FIRE—One of the many fire boats at the scene pours water over the burning wreckage of a 1,700-foot Brooklyn, New York pier, one of the waterfront's largest. An earth-shaking explosion ignited high tanks of acetylene gas and shook buildings for miles around. Police reported 12 known dead and at least 200 injured and the estimate of damages run to 20 million dollars.

**New Films Listed
By Regional Library**

Iosco-Arenac Regional Library lists the following outstanding films which are available to all organizations December 16 through January 13.

"Trout for Tarpon," a color film, runs 30 minutes. The story of a Wyoming resort operator and his Florida counterpart.

"Overseas Flying Classroom," color film, runs 30 minutes. A study of 11 European countries made by a group of American educators.

"American Cowboy," black and white film, runs 28 minutes. Shows the life and daily work of a modern American cowboy on a

large cattle ranch.

"Incredible Journey," black and white film, runs 27 minutes. This is a striking presentation of various hazardous beliefs that cause accidents. Closes with a strong emotional impact.

For bookings phone Iosco-Arenac Regional Library Headquarters in the county building, Tawas City.

REFUGEES

Nearly 100,000 Hungarians have fled into Austria in the last four or five weeks and are scattered throughout the country. Many are being housed in temporary camps. The American Red Cross is aiding in caring for these people who have left their homes in Hungary.

**Funeral Services
Held Tuesday for
Mrs. Betty Dresden**

Mrs. "Jerry" Dresden of East Tawas, who had been living in Sarasota, Florida, the past year, died last Wednesday, December 5, at a hospital in Tampa, Florida, where she was taken after suffering a fall in Miami while shopping with her parents. She did not regain consciousness after the fall. Her parents, Mr. and Mrs. Donald Huey of Tawas City, had gone to Miami a month ago for a visit with their daughter.

Mrs. Dresden, nearly 27 years of age, was a polio victim stricken in East Tawas in September 1954. She was at Mercy Hospital, Bay City, as a patient for many months. She had overcome the disease and was able to do all her household chores.

The body was brought to the Moffatt Funeral Home, arriving last Saturday, and funeral services were held at the East Tawas Methodist Church Tuesday afternoon at 2 o'clock. The Rev. Ralph Edwards officiated. Burial was in the Tawas City Cemetery.

Mrs. Dresden, the former Betty Alice Huey of Tawas City, was born in Detroit on January 19, 1930. She had lived most of her life in Iosco County and was married in East Tawas to Richard Jerome Dresden. She was a member of the East Tawas Methodist Church.

Surviving are her husband of East Tawas; two sons, Craig, five, and Kim, three years old; her parents; one brother, Donald Huey Jr. of Detroit; an aunt, Mrs. Lon Kramer of Hubbard Lake, and mother-in-law, Mrs. May Shuman, East Tawas.

**Dairy Herd Management
Theme of Year's Sessions**

The organizational meeting of the Tawas Area adult class in vocational agriculture was held Tuesday night at the high school building in Tawas City. It was decided that the primary theme for this year's sessions should be on "Dairy Herd Management," with special emphasis being placed upon the following areas:

1. The basic principles involved in feeding dairy cattle.
2. Balancing the ration for the dairy cow.
3. The production and utilization of forage crops.
4. A comparison of silages and their feeding values.

These topics should prove to be of considerable interest to the beef producer as well as the dairyman of the area.

This agricultural class is one of the first of its type to be offered in the area. It is under the direction of Robert C. Reasner, the vocational agriculture instructor of the Tawas Area Schools, and is a part of the total program of adult education being offered in the community this year.

The next meeting has been scheduled for Thursday, December 13, at 8 o'clock. Any new members wishing to enroll for this class may do so at the next meeting.

Calendar—

Thursday, December 20—Sheep and lamb raisers meeting, Reno Township Hall on M-65, 2:00 p. m.

Thursday, January 3—ABA Board of Directors, Federal Building, East Tawas, 8:00 p. m.

Monday, January 7—ABA annual meeting, 8:00 p. m.

Tuesday, January 8—Lamb pool at West Brant by railroad yards, 9:00 a. m. until 2:00 p. m.

Our county sheep and lamb raisers meeting on Thursday, December 20, is for 2:00 p. m. until 3:30 p. m. All sheep raisers are invited to attend. Some of our marketing problems, pasture, feeding and parasite control problems will be a part of the program. George Lake and Edwin Robinson must be replaced on the board of directors. Color slides of Iosco sheep raisers and our lamb pool operations will be shown.

Lyle Robinson related an interesting experience he had recently. He explained it to George Lake, Lester Robinson and myself. Ask him about it.

Soft corn has about the same feeding value as mature corn on a dry basis, for your dairymen.

It takes more pounds of soft corn to give the same feeding value as mature corn. The higher moisture content of the soft corn makes the difference.

About 1 1/2 pounds of soft shelled corn will equal one pound of No. 2 corn. About 1 1/2 pounds of soft corn and cob meal will equal one pound of corn and cob meal made from mature corn.

Soft corn should be used in cold weather because it spoils easily when weather is warm. Use soft corn in small amounts in grain mixtures to avoid heating and molding.

Dairy cows should be accustomed to soft corn gradually to prevent any digestive tract disturbances.

Soils scientists have devised a new method of mulching that promises to improve water penetration and erosion control on slopes and give better drainage to "tight soils."

Edward Longnecker of the soils science department at Michigan State University, says that the new practice is called "vertical mulching." Ordinary mulching consists of covering the surface of the soil with some material, usually organic. In the vertical mulching process, a deep slit is made in the soil with a subsoiling implement and filled with some material; such as, chopped straw, corn stover or corn cobs.

Longnecker tells of a demonstration where vertical mulching was used in clay soil. Ordinarily, the slit would soon close again. With the vertical mulch, the slit was still open a year later! Vertical mulching might be very useful in feeding water to a regular tiling system.

This is still a very new practice and is still being tested. The soils science department is not yet ready to recommend it, but it very

**CELEBRATES 94TH
BIRTHDAY WITH REUNION**

John Burgeson, who is 94 years old today (Thursday), celebrated his birthday with a reunion of the family at his home in Baldwin Township last week-end.

Attending were Mrs. R. C. Pochert of Owosso, Mr. and Mrs. Otto Ernst of Mt. Clemens, Mr. and Mrs. Joseph Feltz of Detroit, Mrs. Lawrence Mackay of Owosso, Mr. and Mrs. Nels Burgeson of Detroit, Mr. and Mrs. Emil Bygden at home and their son, Carl, and his family of Tawas Township.

The ladies are the former Edith, Louise, Alice, Jennie and Amelia Burgeson in order, daughters of Mr. Burgeson.

They also attended a christening of the daughter of Mr. and Mrs. Carl Bygden at Grace Lutheran Church Sunday morning.

Discussion Leaders Learn Whys and Wherefors of Brucellosis Eradication

Discussion leaders of Farm Bureau, home demonstration groups and Grange organizations learned many whys and wherefors of eradication of Brucellosis by 1960 at the training meeting December 7.

Held at the Grant Township Hall this training session for leaders was taught by George Parsons, extension specialist in dairy, and Dr. Glen Reed, extension veterinarian. Take home information was provided for leaders and members of these organizations.

Perhaps most important, from the viewpoint of all families, is the fact that it can cause a second disease called undulant fever. It affects humans, while Brucellosis affects livestock.

How all parts of the jig-saw puzzle fit together was explained by Mr. Parsons and Dr. Reed and will be relayed to group members by the leaders at meetings in the near future.

Well informed families understanding the tricky nature of Brucellosis among animals and how it is transferable to humans will go all the way in cooperating to make the state eradication program by 1960. They will be sure to use only pasteurized milk and cream and be extra careful about washing thoroughly with soap and water after working with livestock.

Attend a discussion meeting to learn more. Leaders were present from Whittemore and Hale Granges; the following Farm Bureaus: Towerline, Burleigh,

Christmas Tree, Though Beautiful, Potential Killer

Your Christmas tree is a beautiful and necessary Christmas decoration. It's also a potential killer. Decorative as it may be, your holiday tree is filled with pitch and resin—among the most combustible substances known.

Here are some suggestions that will eliminate the dangers of a tree fire in your home this holiday season:

Choose a small tree. It's less dangerous than a big one. Don't set it up until a few days before Christmas. Until then, keep it outdoors. Place it in the coolest part of the house, well away from fireplaces and radiators. And don't let it block an exit.

Stand it in water, or use a live tree planted in a tub. Never use cotton or paper for the decorations on or around the tree. Do not put electric lights under the tree. Use only electric lights, never candles, and see that wires are not frayed. Be sure that wiring sets for lights show they have been tested for safety. Provide a switch some distance from the tree for turning tree lights on and off. Don't plug or unplug them beneath the tree. Throw away all gift wrappings as soon as the presents have been opened. Don't let them pile up near the tree.

Don't leave the lights burning when no one is home. If needles near the lights turn brown, move the lights. When needles start to fall, take the tree down and discard it.

For happy holidays, see that children get at least their usual amount of sleep.

Uncooperative Patients Spreading Tuberculosis

Advantages of life-saving drugs may be denied children suffering from tuberculosis. Dr. Edna Jones of William H. Maybury Sanatorium at Northville warns that the increasing number of incompletely treated, uncooperative patients are spreading tuberculosis in a form resistant to drugs. These patients leave sanatoriums against medical advice.

These individuals may literally be snatching miracle drugs away from desperately ill persons including meningitis babies," Dr. Jones says in an article in the December issue of "Health" magazine, published this week by the Michigan Tuberculosis Association. Before the introduction of the drug isoniazid, all 10 of the children admitted to Maybury Sanatorium suffering from TB meningitis during a two-year period died. Fifteen percent of all children hospitalized with tuberculosis died. Since 1952, when isoniazid became available in combination with other drugs, only one death has occurred among the 600 children hospitalized.

More than 2,000 children with primary tuberculosis are being observed in 31 clinics throughout the United States, Mexico and in Toronto. Results from the study will not be available until all of the children have been under observation a full year.

FOREST FIRES

Over 70,000 acres of forests have been destroyed in the mountains of Southern California this year and the fires are continuing. Each acre of watershed that is burned off increases the danger of floods, when the rains arrive late in the winter.

ALBERT JACOB

Albert Jacob passed away Sunday at the Huron Rest Home where he had been the past week. He was born in Oscoda December 12, 1874. The body was taken to the Moffatt Funeral Home and services were held there Wednesday afternoon with the Rev. William MacFarlane officiating. Burial was in the Greenwood Cemetery.

There are no known survivors. He had lived in East Tawas the past year.

Mr. and Mrs. Willard Bouchard and daughter of Bay City were week-end visitors of his parents, Mr. and Mrs. Victor Bouchard.

Mr. and Mrs. Leonard Bouchard received word that their grandson, Gail Horner, oldest son of Mrs. Cecelia Horner, is quite ill in the hospital.

Robert Ulman, who is employed in Flint, was a week-end visitor of his parents, Mr. and Mrs. Clayton Ulman, and family.

Mr. and Mrs. Michael Blust were Sunday visitors in Laidlawville with his sister, Mrs. Randolph Proudfoot, and family.

Mr. and Mrs. Carl Grabow and family spent Sunday afternoon in Wilber with Mr. and Mrs. Anthony Lorenz.

Tuesday evening of last week a group of young folks met at the Clayton Ulman home to celebrate Richard Pfahl's birthday anniversary.

Cheryl Grabow was a Sunday afternoon visitor of Ann Blust.

On Sunday afternoon Mrs. Clayton Ulman entertained 15 little folks in honor of her daughter, Annette's, sixth birthday anniversary. The youngsters had a very enjoyable time. They were treated to ice cream and cake by Mrs. Ulman.

Mrs. Clarence Earl, Mrs. Cecil Warner, Mr. and Mrs. Herman Fahsel of Tawas City, Mrs. William Struthers, Mr. and Mrs. Andrew Anschuetz, Mrs. Edward Anschuetz, Mr. and Mrs. Victor Bouchard, Mrs. Wilfred Youngs and Paul Anschuetz were Bay City visitors during the past week.

The Laidlawville Farm Bureau met at the Laidlaw home Saturday evening.

Friends wish to extend their deepest sympathy to the relatives of Betty Huey Dresden.

Mrs. Johanna Staudacher entertained Mr. and Mrs. Arthur Leitz of Wilber at Sunday dinner in

Perhaps the most authentic duplication of the first manger scene was that prepared by St. Francis of Assisi in the year 1200.

The Stable of Bethlehem did not in any way resemble the elaborate and decorative scenes which we see about us today, with greenery, bright lights, and plaster of Paris animals and adoring shepherds.

There was no room in the inn that night, so Jesus was born in a stable; a crude shelter hewn into a rocky ledge of the Judean countryside. It was cold and dark and damp, and bare of ornaments.

With our many modern conveniences of today, we find it hard to imagine that weary Judean travelers often spent the night in such caves, welcoming rather than disdainful joint tenancy with beasts because the breath of the cattle and the heat of their bodies provided a little warmth.

The cave which was the birthplace of the Saviour is now a grotto beneath Bethlehem's Church of the Nativity, and though fascinated by the simplicity of the original Nativity scene, Christianity has still embellished it with comfort and ornamentation.

honor of Waldo I. Curry's birthday anniversary. Everyone is pleased to hear Mrs. Theodore Anschuetz is improving in health.

Genevieve Vleit visited her sister, Mrs. John Bellows of Grant Township, Saturday.

The Lower Hemlock Farm Bureau Group met at Johnnie's Shell Service south of town Wednesday evening for a Christmas party.

Mr. and Mrs. Charles Simons Jr. and sons were week-end visitors at their cabin near Alpena.

Mr. and Mrs. Donald Youngs of Coast Guard Road were Sunday visitors of his parents, Mr. and Mrs. Wilfred Youngs.

Mr. and Mrs. Clarence Earl of Tawas City were Sunday evening visitors of the William Struthers.

The Lower Hemlock Home Demonstration Group met with Mrs. Wilfred Youngs Wednesday evening for a Christmas party.

Wilber News

Mrs. Neil Abbott and children are now living in the Alexander McLellan cabin.

Mrs. Beth Simmons of Tawas City is visiting her sister, Mrs. Bertrum Harris.

Mrs. Walter LaFave was in Bay City Tuesday last week.

Animated Pincushion

Woe to the animal that decides to tangle with this bundle of prickly wildlife, for nature has given the plodding little porcupine a sort of armor plate. The "porky" carries about 1600 barbed quills in his tail and 30,000 elsewhere. The quills can't be thrown, but the porcupine can swish his tail sideways when attacked—leaving the loosely held quills imbedded in the attacker.

Twentieth Century Club Observes Guest Night

The Twentieth Century Club observed its annual guest night Wednesday evening, December 5, at the American Legion Hall. Dinner was served at 7 o'clock by the Legion Auxiliary. The tables were beautifully decorated with crystal Christmas trees and evergreens.

The speaker of the evening was Dr. Wallace F. Watt of the Michigan Department of Mental Health, Lansing. His topic was "The Father's place in the Family." A film on Puerto Rican family life was shown and a discussion followed.

Group singing preceded the address with Mrs. Frank Walker at the piano and Miss Marilyn Curry played two piano selections. Mrs. George Leslie welcomed the members and guests. Mrs. A. E. Giddings introduced the speaker.

Mrs. George Liske and Mrs. George Myles had charge of decorating and Mrs. R. E. Mick was ticket chairman.

This was the second visit of Dr. Watt to the Twentieth Century Club and his address was enjoyed by everyone. He brought out the fact that the fathers of today are five years younger than a generation ago, that they are taking a more active part in family life;

there is also more companionship in the marriages of today. The Christmas meeting of the club will be held on Wednesday, December 19, at the Legion Hall.

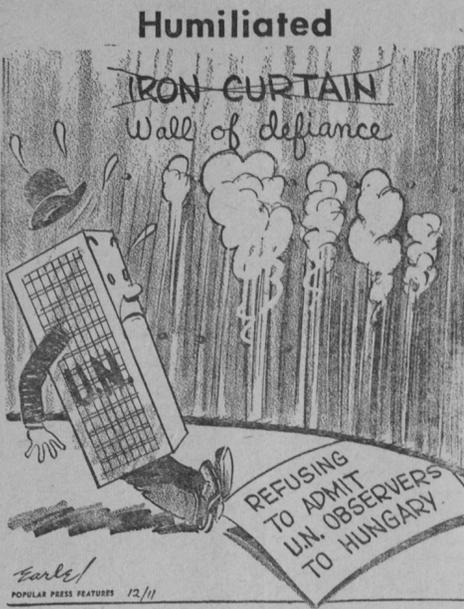

Coast Guard Auxiliary Held District Meeting

District meeting of Division 14, United States Coast Guard Auxiliary, was held at the Wenonah Hotel in Bay City Sunday afternoon. The following flotillas were represented: Algonac 14-1, Tawas 14-2, Port Huron 14-3 and Alpena 14-4.

Members of the Tawas flotilla who attended were: Gordon R. Penman, flotilla commander; Clarence S. Everett, William Borosch and Albert H. Buch.

Division officers elected were: Wayne Horten, Algonac, captain; Robert Richards, Alpena, vice captain, and Dr. John Bunting, Alpena training officer.

Lt. Commander Dodson of Cleveland led the discussion of problems pertaining to duties and services rendered by the flotillas. He suggested that during the winter months the various examinations should be given. Also educational programs for the public was suggested. These are to be sponsored by each flotilla.

Candy Patties Are a Holiday Treat

HOMEMADE CANDY AT HOLIDAY TIME is a treat which every homemaker would like to be able to offer her family and guests. But alas! Sometimes it seems one just can't find the time to prepare them.

Well, here's a recipe from Sugar Information, Inc., for a creamy concoction which we assure you can be turned out quickly, and with the greatest of ease. It's called Coconut-Mint Patties, and can be made up in a variety of colors for a really lovely effect.

Here is the recipe:

COCONUT-MINT CANDY PATTIES
2 cups sugar
1/2 cup milk
1/4 tsp. cream of tartar

1 teaspoon oil of peppermint
1/2 cup chopped coconut
Food coloring

Dissolve sugar in milk. Add cream of tartar. Cook slowly, stirring constantly until a small amount will form a soft ball in cold water (238° on candy thermometer). Add peppermint, coconut and food coloring. Stir well. Allow to cool slightly. Drop by spoon onto waxed paper to cool.

Yield: 1 1/2 dozen 2-inch patties.

Note: Mixture may be divided in half and half tinted green and the other half tinted red as traditional Christmas colors.

CHRISTIAN SCIENCE

"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the lesson-sermon at Christian Science services Sunday.

Scriptural readings include the following from Isaiah (55:8-11): "For my thoughts are not your thoughts, neither are your ways my ways, saith the Lord. For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts. For as the rain cometh down, and the snow from heaven, and returneth not thither, but watereth the earth, and maketh it bring forth and bud, that it may give seed to the sower, and bread to the eater: So shall my word be that goeth forth out of my mouth; it shall not return unto me void, but it shall accomplish that which I please, and it shall prosper in the thing whereunto I sent it."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following will be read (507:24-25): "Infinite Mind creates and governs all, from the mental molecule to infinity."

"Monthly Pains" stopped or amazingly relieved

in 3 out of 4 cases in doctors' tests!

Chances are you're putting up — unnecessarily — with the functionally caused pains, cramps and weak, "no good" feelings of menstruation!

For, in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases!

Lydia Pinkham's is modern in its action!

So get Lydia E. Pinkham's Vegetable Compound — or new, improved Tablets with added iron. See if — taken through the month — it doesn't give relief from those backaches, jittery — help you feel better before and during your period!

Or — if you suffer from functional "hot flashes" of "change of life," find out how wonderful Pinkham's is for that, too!

It has a quieting effect on uterine contractions that often cause "period" pain!

Services Held for William R. VanSickle

Services were held Tuesday afternoon at the Prescott Baptist Church for William Russell VanSickle, 76, a retired farmer, who died Saturday at the West Branch hospital.

Born in Canada, he moved with his parents to Tawas City at the age of 16 and had moved to Prescott three years later. He was married October 10, 1910, to Miss Anne Wilson.

After retiring from the farm they had moved into Prescott where he was employed seven years as a school bus driver until two years ago.

He was a member of the Prescott Baptist Church and a charter member of Prescott IOOF Lodge. Surviving are his wife; four daughters, Mrs. May Sageman, Mrs. Vera Oliver and Mrs. Muriel Fitzpatrick, all of Prescott, and Mrs. Anne Rogel, Shields; one sister, Mrs. Beatrice Solomon, Maple Ridge; 13 grandchildren and 16 great grandchildren.

The Rev. Robert Hill officiated at the services and burial was in Richland Cemetery.

CHARACTERS IN CLAY, SUBJECT OF ASSEMBLY

Students of Tawas Area High were treated to an assembly Monday morning which was both informative and enjoyable. Mr. Bogardus, presenting his program entitled "The Magic of the Hands," demonstrated the art of clay sculpture. Mr. Bogardus, using 90 pounds of clay, created a series of giant size heads of famous people. He used only his bare hands in forming the faces which were done with remarkable speed and accuracy.

Mr. Bogardus gave a brief commentary on clay and some of its many uses in an entertaining manner in an effort to create a desire in the students to try modeling as a pastime.

HI DRAMATICS CLUB INITIATES 20 NEW MEMBERS

The Hi Dramatics Club of Tawas Area High School, under the sponsorship of Jerold McEwen, had its initiation of new members Tuesday. The club's 40 members initiated about 20 new members.

The students being initiated wore the specified costume during school hours and Tuesday evening, at a meeting in the Tawas Area gymnasium, they were sworn in as members.

TEACHERS' CLUB HOLDS SEMI-MONTHLY MEETING

The teachers of Tawas Area High School met Monday for their monthly meeting. The members enjoyed the assorted Christmas cookies served by the refreshment committee, but most important were the committee reports.

One of the committees is beginning work on an outline for a student handbook which they hope to have ready by next fall.

HI DRAMATICS CLUB TO PRESENT PLAY FESTIVAL

The Hi Dramatics Club is planning its second annual one-act play festival to be presented the latter part of January. The plays to be presented are: "The Valiant," drama; "The Ugly Duckling," comedy; "Wedded But No Wife," melodrama.

Try outs will be held next week and parts are to be memorized during Christmas vacation.

Student directors working with Mr. and Mrs. Jerold McEwen will do most of the production work.

DEBATERS JOURNEY TO BIG RAPIDS

The debaters, with their coach, Jerold McEwen, traveled 150 miles last Friday to meet the Big Rapids debate team.

Both Tawas teams lost by very close decisions. Representing Tawas for the affirmative were David Barkman and Marti Westcott; for the negative, Paula Davison and Carolyn Evans.

This week the debaters travel to Cheboygan and the following week they will meet Alcona here.

Standish and Gladwin dropped from the undefeated ranks. West Branch and Eastern got on the winning wagon and Tawas, Houghton Lake and Roscommon continued in the all-winning class last Friday night. Tawas handed Beaverton its second loss of the young season, 44-23. Houghton Lake dropped Gladwin, 57-45. Roscommon won a hectic, double overtime, ball game at Standish, 56-54; Eastern hit the win column at Sterling, 56-52, and West Branch had little trouble overcoming Pinconning, 59-31.

Games on tap for this Friday, December 14, include Beaverton at Eastern, Roscommon at Tawas, Houghton Lake at Sterling, West Branch at Gladwin and Standish at Pinconning.

Bill McCormick, Arena's fine center, was high man among the point-getters for the night's play. McCormick picked up nine points on six buckets and seven free throws. Three men tied for the runner-up spot: Doug Hall, Gladwin forward; Howard Holloway, Laker forward, and Lyle Mead, Roscommon center. Each garnered 17 big points with Hall holding the league scoring lead after two games with a 36 point total.

Houghton Lake used its speed and shooting power to down Gladwin and drop them from the ranks of the undefeated. The Lakers jumped off to a 17-8 lead in the first quarter and held a 10 point lead at the intermission. A free scoring third period on the part of the Bobcats led the contest although the Flying G's came back strong in the final period against the winner's reserves.

Holloway and Hall tied for top scoring honors while Dave Lee, Laker guard, took over second place with 16 points on six and four. Pat Turner, Gladwin's tall center, tallied 14, as against his opponent, Arnold Goupiil's 11.

The Lakers' reserve squad made it two straight by trimming the visitor's JV squad, 55-23, with Terry Wareham and Herb Smith, high point getters for the winners.

In a wild, hectic and thrilling battle at Standish, Roscommon had to come from behind to knot the

score in regulation time and then fight into a sudden death overtime to emerge a two point winner. The home aggregation took a 16-13 lead in the first period which was increased to 28-24 at half-time. The Bucks narrowed the count to one point in the third quarter and tied the score in the final period, 54-54. Jim Granlund, senior guard, drove through for a layup in the second overtime for the big two points.

Mead was high man for both squads followed by Dennis O'Keefe, Golden Arrow forward, and Granlund with 15 each. O'Keefe picked up his points on four from the field and seven from the charity line while Granlund had five for five for his tally. Keith Hanna of the winners and Ken Schmidt and Dick Treichel of the losers were also in the double figures, getting 10 each.

Standish kept its slate clean in reserve ball by walloping the visitors, 52-25. Tom Logan had 13, Jan Noffsinger, 12, and Don Dudley, 11, for the winning squad while the best Bucks could put forth was Siderman with six.

Eastern opened its home play with a win, leading all the way. The Eagles took a 14-9 lead in the opening eight minutes which they increased to 30-22 at intermission time. Sterling took the third quarter with an 18-13 count but it was not enough to overcome the lead established by the winners.

McCormick took top scoring honors with his 19 points while a teammate, Elmer Hollenbeck, a guard, was the inner-spot spot with 16. Phil Keechel and Scott Allen, both forwards, were top men for the losers with 12 points each, the former on one and 10, the latter on five and two.

Eastern also took the reserve contest, 32-29, with Sageman high for the losers with 14 points and George Stamm top for the winners with 11.

West Branch got back into the winning side and kept Pinconning on the red side of the ledger with its easy victory. After a 19-8 first quarter, play slowed in the next period with the Branchers holding a 25-13 margin at half time. A big 21-7 third stanza score put the game away for the winners.

Gary Lobsinger, a forward and John Walsh, a guard, were high for the Orioles, getting 14 and 12 points, respectively, while Jim Wells and Bob Drouin were high for the losers with eight each.

The West Branch JVs made the evening complete by turning back Pinconning in an easy manner, 53-24, with Dick Buck hitting for 12, to lead both squads.

Whittemore Cards Win Over St. John's of Essexville

The Whittemore Cardinals started the basketball season off with a bang Friday night with a double victory over visiting Essexville St. John's. The varsity won an easy 58-45 victory and the reserves also won by a lopsided 40-23 score.

With only one regular, Orville Fuerst, left from last year's championship five, Coach Dudo is doing almost a complete rebuilding job using mostly sophomores and juniors to fill the large holes left by Fuerst and company.

The 1956-57 model Cardinals lack the overwhelming height of the past several seasons but will make it up with speed, especially late on as they gain more experience playing together. The games should be more interesting instead of the tremendous scores racked up by the tall Card teams of the past.

The Big Reds from Essexville started off in the lead Friday night and held a 6-3 bulge early in the first quarter. Orville Fuerst made it 6-5 with a field goal and then Harold Provoast put the cards in front, 7-6, with his first field goal.

The Cards pulled ahead steadily until they held a 32-16 lead at half-time.

The visitors gained one point on the Cards in the third quarter and two more in the last quarter, but did not have the drive necessary to catch the fast-moving Cards.

Three Cardinals scored in double figures, Jerry Dorcey leading with 15; Orville Fuerst, 13, and Harold Provoast, 12. Johnson led the visitors with 15 points.

Ronnie Aulerich led the way in the reserves contest with 18 points for the Cards. Bean scored 12 points for the losers.

WHITTEMORE ORIOLES WIN OVER ALCONA TUESDAY

The Whittemore Cards continued in their winning ways by taking a 64-54 decision over Alcona Tuesday night. It was the Cards all the way after racking up 26 points in the first quarter. Provoast led in scoring with 16 points, followed by Fuerst with 19.

The Whittemore JVs won over Alcona by the score of 40-19.

Trooper Waterbury Gets Meritorious Service Award

Trooper Max B. Waterbury of the Michigan State Police Post, East Tawas, was among 18 officers cited for meritorious service by Commissioner Joseph A. Childs last week. A former trooper who was stationed at East Tawas, Thomas J. Hebert, now of the Bridgeport post, also received a meritorious service award.

P.T.A. It will be in the Tawas Area gymnasium, Monday, December 17, at 8:00 p. m.

Music will be sung by the junior high students of Tawas Area School, the Tawas Area Choir and the Tawas Area Quartet. There will also be a short operetta and community singing.

Everyone is cordially invited to attend the concert.

Nature's Camouflage

The snowshoe hare, in summer gray and in winter white, changes his coat twice a year—spring and fall—to blend with the landscape as protection against enemies. This fellow also has a pair of huge hind feet—snowshoe size—that may not exactly be in the best woodland style, but nonetheless help him bound over snowy ground in a hurry. And he and his brothers and sisters produce enough youngsters so that hunters can harvest 200,000-500,000 during each hunting season.

Personalize Your Greeting Cards

You can personalize the greetings you send to special friends by making your own cards. Handmade Christmas cards are fun to make, send and receive and truly reflect the personality of the sender.

One simple way to make cards is to trace a design that reflects your family personality or a symbol of the season on a block of linoleum. Cut away all but the part you want to print, dip this part into colored ink, and stamp it on a folded piece of good quality paper. Then hand-letter your holiday message on the inside.

Other cards can be made by painting, or by cutting pictures and designs from last year's cards and putting them together in new designs to make fresh, personalized greetings.

Santa, As We Know Him Today, Created By Two Famous Men

Santa Claus, as we know him today—jolly smile, round red cheeks and chunky figure—is the creation of two famous men.

The first was Clement Clark Moore, author of "A Visit to St. Nicholas," better known to us as "Twas the Night Before Christmas." Moore actually described Santa and gave him the famous reindeer and sleigh.

The second man, who put the actual likeness of Santa on paper to illustrate Moore's poem, was Thomas Nast, a great cartoonist.

Nast drew the familiar, fat, merry old fellow with red cheeks and white beard, dressed in red, wearing a cap and boots, carrying a pack of toys and smoking a short pipe.

The artist then gave Santa a spy-glass so that during the year he might pick out the good children from the bad, and also a big book in which to write their names and keep records.

This conception of Santa Claus first appeared in 1863. Since that time the pictured Santa has been the same, although the spy-glass and pipe seem to have been dropped by the way.

In Fashion Now . . .

The Christmas season is the easiest time of the year to look gay and pretty. This is more true today than ever before because of all the wonderful creams and lotions available and our knowledge of a sensible way of eating and drinking.

The clothes do not make the woman—but they go a long way toward making her. If there is one time during the year when you can justify going over-board when choosing a dance or cocktail dress, this is it.

This year try a new, fuller hairstyle and a new cut in a cocktail dress or formal. Two minutes worth of hair brushing and a bright new lipstick can make a big difference between prettiness and a washed-out look.

The ball gown is black and has brought with it new evening accessories—beaded bags, graceful fans and even shoe bags to carry your very new velvet shoes to the party in.

Lace is still the top favorite, however, it is quite expensive. If you do break down, just remember that good lace lasts and lasts. Chiffon seems to be next. This is one fabric that is becoming to all shapes and sizes except the very young. It lends itself perfectly to the new back interest in dresses.

It is about time something was done about nylon hose. All too often, after just a few hours of wear, a run appears. It is up to the manufacturers to make a stronger nylon hose that is sheer at the same time. As long as we continue to be taken advantage of the manufacturer will become richer and richer. American women would be happy to pay a few cents more per pair for hose if they would just last.

By DOROTHY SCOTT Home Demonstration Agent

Styrofoam will be a central theme this Christmas season in many home demonstration member's homes.

Styrofoam sheets 12 inches by 36 inches by one inch have been and are available at the extension office. Saws, paring knives and cookie cutters are commonly used equipment for cutting the sheets into desired forms and shapes. Trimming includes spray, glue and glitter, sequins and stars.

Stop in and get your styrofoam sheets while the supply lasts. While here you may want to get some material for hot mats or aluminum craft.

The regular home demonstration council meeting was chaired by Mrs. Donald MacDonald on Monday afternoon, December 8. Present were: Mrs. MacDonald, Mrs. Nelson Provoast, Mrs. Gerald Ruckle, Mrs. Martin Siegrist, Mrs. George Bissonnette, Mrs. Paul Sayles, Mrs. Arnold Pomerantz, Mrs. Theodore Olson, Mrs. Robert Botsford, Miss Edna Otis.

Officers elected for 1957 are: Chairman, Mrs. MacDonald; vice chairman, Mrs. Olson; secretary, Mrs. Sayles. Other business will be covered by a copy of the minutes to be sent council members of all groups soon. There are several items needing attention of group members at January meetings.

Your children may like to make zippos for one of the Christmas confections.

1 1/2 cups chocolate morsels (1 1/2 six ounce packages).

1 1/2 cups bran cereal.

One-quarter cup raisins.

One-half cup chopped nuts.

One-sixteenth teaspoon salt.

Melt chocolate over hot water, add remaining ingredients. Stir until well mixed. Drop by teaspoonfuls on buttered cookie sheet. Chill until hardened.

Prepare for the holiday rush. Pack ice-box cookie dough in small, well greased soup cans. Store in refrigerator until ready to bake. Cut bottom out of can; push out dough and slice it.

Give your holiday fruit cake a nice gloss by placing a small container of water in the oven while the cake bakes.

Candy canes taped under a small box make a sleigh; Santa Claus in miniature may rise as a passenger on top. Or, mock candles may be arranged on the top of the package using candy canes of various sizes. Holes on the box support the canes and are easily disguised with little silver candies.

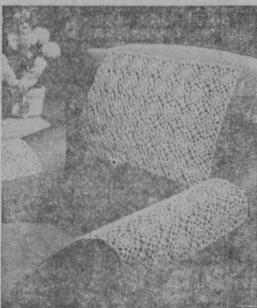

Wrapping paper with wide stripes makes a background for musical notes from foil paper. Paste the giant notes on the lines and spaces of paper.

Designs from last year's Christmas cards are fun to find on children's packages. Wrap the box in plain paper and paste on the cut-outs.

Needlecraft News

by Nancy Baxter

It's time we started thinking about our New Year's resolutions. Our plans for the coming year may be large or small but they should include a program of achievement that will help to better our lives. We ought to promise ourselves to do more needlework during 1957, for it is through this hand work that we can achieve the relaxation, pleasure and gratification that are often missing elements in our daily living.

CROCHET-FULL MOMENTS

True relaxation is hard to come by in these tension-filled days, but even doctors agree that crochet is an effective means of soothing the nerves. This is substantiated by many crocheters, especially men, who consider their hobby a pleasant and beneficial tonic to take after a day's hard work. I wish you could see all the enthusiastic statements, written by the male advocates of crochet, that attribute many restful moments to crochet activity.

So, if it's relaxation you seek, make the New Year a crochet year. Likewise, if you want to derive more enjoyment from your leisure hours, you will find a large share of it in crochet work. Do you promise yourself to save more money during the 365 days of the coming year? Again, crochet offers an answer, because the fine stitches you make with hook and thread, at very low cost, can provide you with beautiful fashion and household accessories that you normally could not afford to buy.

DECORATIVE CHAIR SET

When you want to dress up your home, consider what mercerized crochet cotton can do. Only two balls of white were used to decorate this easy chair. The three-piece set was made of dainty floral motifs to give new life to living room furniture. Each arm rest measures 8 x 10 inches, and the chair back measures 16 x 10 inches. Full crocheting instructions may be obtained by writing to the Needlework Department of this paper. Please enclose a stamped, self-addressed envelope with your request for CROCHETED FLOWER MOTIFS, Leaflet No. 100.11.

After your work on Christmas packages, put them under the tree as long before Christmas as possible. Then they can enjoy their beauty and originality through all your pre-Christmas festivities.

Does your Christmas tree shed its needles long before you want to take it down?

Some trees hold their needles much longer than others. Red, white and Scotch pine have excellent needle holding ability. In the low humidity and high temperature of your home, you may expect these trees to hold their needles for a month.

The most attractive tree is quite dense and has good balance. The setting will dictate what type of balance you need. A tree with three full sides and one rather flat side is perfect to use against a wall. A tree in the corner needs only two full sides while a tree in a picture window must have four attractive sides. A good taper is also important. The sides of a perfect tree taper at a 30 degree angle from the bottom straight to the top. The more closely a tree resembles a symmetrical cone the more attractive is its shape.

A dark green to blue-green tree is the most beautiful, while a greenish-yellow tree may look pale. Watch for trees that look pressed together; they probably have been cut very early and stored. These trees are not fresh

and will not be attractive very long. After you choose the right tree, take care of it. Cut 1 1/2 inches from the trunk and place the tree in a pail of water until ready to set it up. Use a stand which holds water to keep the tree fresh and safe, and replenish the water frequently. It will drink more than you think, so watch it. Water is as effective a fire retardant as the latex base sprays.

IRENE REBEKAH LODGE ELECTS NEW OFFICERS

At the regular meeting of Irene Rebekah Lodge, No. 137, the annual election of officers was held and the following were elected for the ensuing year: Noble Grand, Lyda Nelkie; vice grand, Mildred Jarovetz; recording secretary, Edith Davey; financial secretary, Cora Davey; treasurer, Naomi Bennett; three-year trustee, Pearl

Wickert; captain of the staff, Vergil Butler. The annual Rebekah Christmas party was set for Wednesday, December 19.

companies beside Michigan Bell would you say there are in this state? Five, ten, fifty? More than that; a lot more. Actually there are 121 telephone companies here, and they serve some 250,000 subscribers. These phone companies, operating in areas throughout the state, help to link your telephone to all the others in Michigan.

IT IS OFTEN SAID that the best gifts you can give are those you'd like to receive yourself. Wouldn't you like to receive, as a Christmas present, a bedroom or kitchen phone, or a phone for the den or workshop? Then wouldn't they make great gifts for Mother, Dad, or the teen-agers in your family? We can tell they've become popular as Christmas gifts because we're receiving more orders than ever before. And the cost is only a few cents a day after a small installation charge. To order beautifully packaged gift telephones for delivery before Christmas (to be placed under trees), just call your telephone Business Office.

CHRISTMAS IS GETTING

closer and closer and you probably have a hundred and one things to do—presents to buy, holiday parties to plan, and lots of errands to run. Just the spot for your telephone to come to the rescue. You can shop around by phone and find out if certain items are still available and what they cost. And for planning holiday get-togethers, there's no faster, easier way than doing it by phone. Holidays and every day, there's just no end to your telephone's usefulness.

WNEM's New Tower Now in Operation

WNEM-TV, Channel 5, is now telecasting from its new 1,060 foot tower. James Gerity Jr., president of WNEM-TV, announced Tuesday the completion of final tests on Eastern Michigan's tallest structure. The 100-ton structure, plus the five-ton antenna, guyed by approximately 10,700 feet of one inch cable was erected in only 75 days by the Tesco Corporation of Columbus, Ohio.

This new ultra high structure will generally increase Channel 5's coverage throughout Eastern Michigan sending a good signal distance of 100 miles or more. Channel 5 now becomes the only station to beam a Grade A (first class, strong and clear) signal into the City of Flint.

Postmaster Urges Extra Care in Mailing Christmas Parcels

Postmaster Martin Kasichke said today that while the post office still has a tremendous job ahead of it, efforts are being redoubled to deliver all mail on time and in good condition by Christmas Eve. He points out that by taking a little extra care with your Christmas mailings now, you will avoid disappointing friends and loved ones at Christmas time.

He asks for your special cooperation to be sure that your return address and the recipients address are plainly typed or written on all labels and Christmas cards. Use zone numbers, and it is a good idea to include an extra label inside your packages. Parcel post size and weight limitations vary according to destination. Ask about them when you go to the post office to buy stamps.

Speaking about stamps, the postmaster said, "Use three-cent postage on all your Christmas cards. This way they will be delivered promptly, and forwarded or returned, if necessary, providing you include your name and address on your Christmas card envelopes." First-class postage on your Christmas cards enables you to include handwritten messages, thus making your Christmas greetings more personal. By including your name and address on each Christmas card envelope, both you and your friends can keep your mailing lists up-to-date.

The postmaster urges that you mail all of your out-of-town Christmas cards and packages immediately, and certainly not later than December 15. Christmas mail for local addresses should be started on its way at least a week before Christmas.

You can do both yourself and the post office a special favor by securing free labels at the post office which read "All for out of town delivery" and "All for local delivery." Place these labels on bundles of cards for local addresses and on those for out-of-town destinations.

Try to mail your out-of-town Christmas cards several days in advance of those for local delivery, and those for nearby points should all be mailed by at least a week before Christmas.

The cooperation of all business firms in postponing the mailing of circulars and catalogs until after December 25 is requested.

The postmaster expressed his thanks for the excellent response to his "Mail Early" appeals to date, but warns that only by stepping up all mailing of Christmas packages and cards immediately, can the record mail load be processed and delivered on time.

Winged Performance and a Floating Ride make The Big M the road-hungriest car ever built

BIGGEST SIZE INCREASE IN THE INDUSTRY—Mercury is now over 17 1/4 feet long, more than 6 1/2 feet wide. Wheelbase is a big 122 inches. Inside there are inches more headroom, leg room—as much shoulder room, for example, as in many of the most expensive cars.

3-WAY POWER CHOICE

New 290-hp Turnpike Cruiser V-8—Wait till you feel its silk-and-dynamite performance! Optional on all Montclairs and Montereys.

New 255-hp Safety-Surge V-8 with Power-Booster Fan—A Mercury "first" in the Montclair Series. The engine fan coasts when not needed for cooling. You save horsepower other cars waste, enjoy a far quieter ride.

New 255-hp Safety-Surge V-8—Dream-car performance in the Monterey Series—Mercury's lowest priced line! Features another Mercury "first" which you get at no extra cost on all V-8 engines for '57—a Thermomatic Carburetor. It automatically controls the temperature of the air the engine breathes—helps keep it uniform summer and winter. Engine starting is easier, usable power and economy are increased.

YEAR'S MOST IMPORTANT RIDE IMPROVEMENTS

Exclusive Full-Cushion Shock Absorbers—One of Mercury's great Floating Ride features. The first shock absorbers in the industry to give such amazing bump-smothering control on rough roads without sacrificing a soft, satin-smooth ride on average roads.

New Swept-back Ball-Joint Front Suspension—Mercury introduces a new improved version of its famous suspension system. Because of the new swept-back design, the front wheels are now, in effect, pulled gently over bumps, rather than pushed into them.

New balanced weight distribution greatly reduces nose dipping on sudden stops and lurching on fast starts.

New road-hugging center of gravity—Everything is lower. Car height, passenger compartment, frame, and rear axle. You enjoy an amazing sense of "nailed-down" stability on curves.

You've got to feel Mercury's new Floating Ride to believe it. We invite you to do just that, today, at our showroom.

Investigate B and E's in Plainfield Township

Four breaking and entering cases in Plainfield Township are being investigated by the Iosco County Sheriff's Department.

One of the break-ins was at a trailer house located at Jose Lake, which occurred sometime between Labor Day and last week. Taken was a quantity of food.

The other three cases were at summer cabins owned by Earl Brown of Flint, Fred Jenkins of Essexville and Lee Wells of Lake Orion.

Investigating officers said that Mr. Brown had been staying in his cabin during the early part of the deer hunting season and then returned to Flint. When he came back to the house for the last two days of the season he found the cabin had been entered and a heating stove and cooking utensils had been stolen.

Mr. Jenkins told officers he had not checked his cabin for about a year. When he came here last week he found that nearly all of the household furnishings were stolen, including beds, bedding, cooking utensils and chairs.

Small tools and cooking utensils were taken from the cabin owned by Mr. Wells. Sheriff's officers believe that there may be some connection between all four of the larcenies.

A. Don Anderson Heads TC Lodge

Tawas City Lodge, No. 302, F and AM, held its annual meeting Tuesday evening at the Masonic Temple.

Officers elected are: A. Don Anderson, worshipful master; Harold Hammond, senior warden; C. W. Cagle, junior warden; C. L. McLean, treasurer; J. R. Forsten, secretary; C. F. Schaaf, senior deacon; Clare Herriman, junior deacon.

J. F. Mark was elected member of the Tawas Masonic Temple Board for a three-year term.

The annual meeting of Iosco Chapter No. 83, Royal Arch Masons, was held last Monday evening at the Masonic Temple.

The following officers were elected to serve during 1957: L. A. Anderson, excellent high priest; J. H. Hennigar, king; B. W. Brooks, scribe; J. F. Mark, secretary; D. A. Evans, treasurer; C. V. Miller, captain of the hosts; Frank Iams, principal squire; R. L. Frazer, Royal Arch captain; William Gillmore, master of the third veil; J. R. Colber, master of the second veil; C. J. King, master of the first veil; L. V. Davis, sentinel.

JET CRASHES—PILOT "BLOWS" TO SAFETY—An air force jet suffered a flame-out while approaching the Los Angeles International Airport near Inglewood, California. The pilot managed to put the plane between two houses and then "blew" himself from the cockpit by means of the release mechanism usually used for emergency bailouts. He ran to safety only seconds before the plane's jet fuel tank exploded and set fire to the homes. No one was reported injured.

Mrs. William DeLosh Led Field in Mystery Photo Identification

Records compiled by The Tawas Herald this week revealed that Mrs. William DeLosh of Tawas City has identified more mystery farms in this newspaper's farm photo contest than any other reader. During the year-long contest, Mrs. DeLosh called the Herald office a total of 28 times with the correct answer.

A prize will be awarded to Mrs. DeLosh this week-end by the publishers.

Others who followed closely behind the top contestant in total number of calls were: Mrs. John Katterman, 13; Mrs. Clarence Curry and Mrs. William Herriman, 12 each. A number of others had 10 or more calls.

The final picture in the series, which appeared in last week's issue, was recognized as the Melvin McCormick farm on the Sand Lake Road near the Meadow Road corner. The property was recently purchased by the National Gypsum Company and the house was moved to a new location on M-55, one mile from the end of the black top.

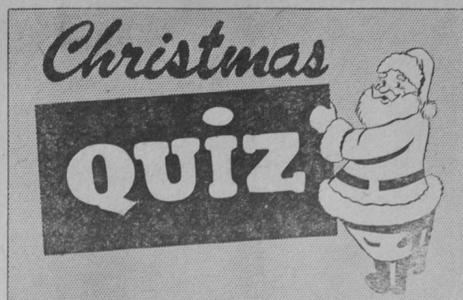

Mr. McCormick has been an employee of the gypsum company for the past 10 years. He and his wife, Irene, are the parents of two children.

The picture last week also included a house in the background, which is owned by Lloyd Newvine Jr.

Fourteen persons called the Herald office to make the identification. Final winners of the subscription contest were Mrs. Melvin Stoddard, Route 1, Tawas City, and Mrs. Stanley Vansickle, 708 West Washington, East Tawas.

Others who answered correctly were as follows:

Arthur Anschuetz, Route 1, Tawas City; Kay Earl, Route 1, Tawas City; Kenneth Herriman, Route 1, Tawas City; Mrs. Frank Nelkie, 607 East State Street, East Tawas; Mrs. Elmer Anschuetz, Tawas City; Mrs. Mabel Scarlett, Route 1, Tawas City; Mrs. William Norris, National City; Mrs. Harold Parent, National City; Mrs. Clara Gurry, Tawas City; Mrs. Reno Krumm, Route 1, Tawas City.

Include Safety in Holiday Planning

Homes, churches, schools and places of business planning holiday parties should make fire safety as much a part of those plans as the decorations or refreshments.

Holiday parties often center around a Christmas tree—and because trees are extremely combustible, these safety rules are suggested:

1. Don't set the tree up near any stairway or elevator shaft which would provide a draft.
2. The tree should not block a door or any exits.
3. Someone in authority should inspect the tree every day to determine whether it should be left up for a longer time.
4. Be sure plenty of ashtrays are provided for smokers. Don't allow smoking near the tree.
5. See that all decorations in the room have been flameproofed.

An added fire hazard exists if dresses, costumes or children's clothes made of net or gauze-like fabrics are worn. If it is impossible to avoid wearing them, they should be made flame-resistant with the following solution: Mix 3 ounces of borax and 4 ounces of boric acid in a gallon of water. Dip the fabric in this solution, wring by hand, then hang up to dry. Ironing does not affect the flame-resistance of the fabric, but the treatment must be repeated after each laundering.

Military police of the Montana National Guard were forced to go through an unscheduled gas warfare drill. A family of skunks had taken shelter under their barracks and had to be routed with tear gas.

Braves Post Win No. Two At Beaverton

In their first real test of competition in the Northeastern Michigan Conference, the Tawas Area Braves will go against the Roscommon Bucks at the school gymnasium in Tawas City Friday night. Both teams are undefeated, although Roscommon has run up against stiffer competition than what Tawas has played against in the first two games of the new season.

Last Friday night the Braves won a 44-33 "whistle-tooting" contest against Beaverton, during which referees called a total of 53 fouls against both teams. The final whistle found two Tawas players, Lanski and Frank, benched with five fouls each.

The Braves jumped off to an 18-8 lead in the first quarter, and were never headed during the rest of the game. The Braves narrowed the gap to five points in the final quarter, however, but by connecting on 20 out of 39 foul shot attempts, Tawas salvaged the lead.

Four Tawas players were evenly matched in the scoring department, Guyette leading the way with 11. Playing an outstanding game was Lanski, who garnered 10 points, followed by Laidlaw and Featheringill who each meshed eight points. Fasset topped Beaverton's squad in scoring with seven points.

Both teams missed a number of easy scoring opportunities during the game. The Braves connected on only 12 out of 34 field goal attempts for an average of 35 percent.

The Tawas Area JVs lost in a close-scoring game to the Beaverton reserves, 39-37. The Braves came from behind in the fourth quarter to take the lead and win by one bucket. Tawas Area led at the half, 20-12.

ATTACKS EDEN GOVERNMENT

Aneurin Bevin, the Labor Party's principal spokesman on foreign affairs in London, England, charged the Eden government with frivolity, blundering imbecility and inconsistency in their handling of the Suez crisis. "It will take us many years to live down what we have done," Bevin declared. In spite of this accusation, Prime Minister Eden returns to his office with the support of a strong vote of confidence in the house of commons. Balloting was 312 to 260.

New Jets

(Continued from page 1.)
The three pilots stationed here. Within the next few weeks, more of the F-102As will arrive to bring the 31st Fighter-Interceptor Squadron up to its full strength. The 31st will number some 400 airmen and 50 officers.

Security regulations still cloak the delta-winged, needle-nosed F-102A's maximum performance and flight data. The plane utilizes the latest electronic devices to guide itself to the shortest point of bomber interception. Its eyes can "see" by night and in any kind of foul weather.

It has already been proven that this plane can outlimb and outspeed the high-flying, globe-girdling B-52 intercontinental jet bomber. It can hold six Hughes GAR-98 Falcon self-homing air-to-air missiles in its retractable belly tray. The Falcons have electronic minds of their own and can follow an enemy bomber through evasive maneuvering until closing for the kill.

The 31st was activated as a pursuit squadron in February 1940 in the Panama Canal Zone. It led the transition to jet-propelled aircraft in 1944, but was deactivated in 1955. Only last June it was reactivated and reunited with its parent unit, the 412th Fighter Group at Wurtsmith.

An air force spokesman said open house ceremonies at Wurtsmith are now tentatively scheduled to be held for the general public sometime during January. Included would be demonstrations of the F-102A in landings and take-offs, and an opportunity for the public to view the plane.

After deciding to move to California, Miss Agnes Heinzmann of Decatur, Illinois, had to give away her cats—46 Siamese felines. She is taking two cats with her.

Christkindli Visits Kids in Switzerland

In Switzerland, it is not Santa Claus, but Christkindli, the Christ Child, who makes the rounds of Swiss homes on Christmas Eve.

The radiant angel is said to come from the North, traveling on a fairy-like sleigh, pulled by reindeer much like our Santa. Christkindli brings good Swiss children a beautiful tree, and many gifts. Like Santa, he insists that little children be good at all times, and he admonishes naughty youngsters.
