Council Studies Long Range Street Construction Program

Improvements Would Effect 6 Main Streets

Preliminary plans in a long-range street construction program were submitted to the Tawas City Council for study Monday night by Clifford Spicer of Saginaw, city engineer.

Total cost of the proposed project, which would effect six main traveled streets and avenues in Tawas City, was estimated at \$191,443.24. The report was turned over to the council's street committee for further study.

Supt. of Public Works Reginald Bublitz said that the report has been compiled by Mr. Spicer during the past year at the request of the council.

The cost of such a project would be borne by the city and property owners along the streets affected. Bublitz said the plan would be the first step in reconstruction of major streets in Tawas City.

Spicer's report stated that it was the usual procedure to assess the cost of excavation, curb and gutter, rebuilding of catchbasins and miscellaneous underground work to the abutting property owners. The stone base and bituminous surface to be paid for by the city at large out of Act 51 money or money derived from the general tax roll.

An average cost per foot on each side of the street for excavation, curb and gutter and catchbasins is \$3 per foot, the city engineer stated in his report.

The long-range paving program includes: First Street—Lake Street to Harris Avenue, 36 feet wide, total estimated cost \$70,656; Mathews Street—Railroad to Fifth Avenue, 36 feet wide, \$61,861.18; Fifth Avenue—Mathews Street to Second Street, 36 feet wide, total cost \$11,072; Whittemore Street—Lake Street to Fifth Avenue, 36 feet wide, total \$20,130.75; Second Street—Third Avenue to Harris Avenue, 36 feet wide, \$35,900.13.

Same Directors-Officers Elected at Peoples State

Directors and officers of the Peoples State Bank were not changed at the annual stockholders meeting held Tuesday and the meeting of the board of directors which followed. It was revealed at the meeting that an increase in assets of nearly a million dollars had been made by the bank during the past year. G. N. Shattuck, executive vice president and cashier, reported assets of \$5,592,335 as of December 31, 1954, \$6,496,691 on December 31, 1955.

Directors re-elected were: F. J. Adams, L. G. McKay, John Mielock, L. G. McKay Jr., R. G. Schreck, J. H. Schriber, G. N. Shattuck.

The officers of the bank are: L. G. McKay, president; G. N. Shattuck, executive vice president and cashier; Esther Look, John E. Hoshbach and R. L. Harwood, assistant cashiers.

Local skiers hope to see about six inches of new snow covering the slopes at the new Silver Valley ski area this week-end. Although the ski area did not have ideal conditions last week, another large crowd of winter sports fans were on hand to try their skill. Iosco 'March of Dimes' Drive Now in Progress

"The March of Dimes is under way. At the start no blast of trumpets, no band leading a parade, but the stern realization that we in Iosco County must recognize our responsibilities and do our share toward continuing the fight to defeat the dread disease of polio," stated John Watkins, chairman of the county committee, in urging support of the annual campaign.

"The past year has seen a real victory accomplished in the development of the Salk vaccine and its use nationwide. This means that fewer and fewer cases will develop in this country and in our local community. However, this in no way lessens our burden at this time, nor should it lessen our efforts. In the past two years this county has been called upon to expend in one case alone for which we are responsible a sum in excess of \$14,000, which amount is more than our campaigns have produced in the past four years. In addition to this case, there are several other cases that have developed in this county so that we have been forced to rely on the generosity of others for our needs.

"Radio and television are now telling the story of the obligation that is ours and the job that confronts us. The county committee has formulated its local plans and you will soon see canisters in the stores; the mothers March of Dimes will be held in four parts of the county. We need the support of every man, woman and child living here. Get behind the effort being made so that we can make this drive a marked success. We must not fail to meet our obligation this year," he concluded.

Winter Sports Meeting at Holland

East Michigan Tourist Association President James V. Murphy will be the featured speaker at the mid-winter meeting of the East Michigan Winter Sports Council to be held at the Holland Hotel, Thursday, January 19, at 12:00 noon. Murphy is vice president and general traffic manager of Great Lakes Greyhound Lines and has been associated with Greyhound since 1940.

Council members and winter sports area representatives will review the results of early season winter sports activity and discuss the council promotion program effectiveness, according to L. G. McKay, winter sports council president of East Tawas.

He said, "The council is making a preliminary survey to compare the current season's early business patronage with last year's. Returns to date indicate, that, despite increased competition from an increased number of ski parks, patronage at ski parks this year has, on an average, increased considerably over the 1954-55 season."

He further stated that, "Providing weather conditions are suitable, the current season should be, by far, the best winter sports season on record."

Whittemore Cards Win Two More

The Whittemore Cardinals won two games from the visiting Oscoda Owls Friday night before a capacity crowd in the Whittemore Community Building. The big Cards won an exciting 69-57 victory.

The Cards started off fast and held a 38-26 halftime lead. Coach Tate's Owls were not ready to give up as they came back fast to outscore the Cards in the third quarter, 21-11, to cut the lead to two points.

Coach Dudo's unbeaten Cards showed they had what it took under pressure in the fourth quarter. Center Francis Pagel sank a quick field goal, followed by four free shots by Butch Free, while the Owls were making two points to give the Cards a six-point lead. The Owls narrowed their lead to four points only to have Pavlik, Free and Pagel score nine straight points to win their eighth straight game.

Pagel led the Cards with 21 points while Dunham, playing a great game at guard, cracked through the Owl defense for 20 on 10 field goals. Miller led the Owls with 20 points.

The Card Junior Varsity won an easy 31-17 eighth straight victory over a surprisingly weak Owl squad. Dorcy led the little Cards with nine points while Graham and Ott chipped in with eight each. Green scored eight for the Owls.

The Oscoda basketball teams have probably seen more than they care to of the Cards in the past week-end. Last Wednesday night the Card junior high boys won a close 30-27 victory at Oscoda. The Card girls finished out the night with a 30-28 victory.

Winter Sports Carnival Events Now Scheduled

Plans for the big winter sports carnival week-end at Silver Valley and the Tawas were made by the Silver Valley Winter Sports Committee Monday night.

The three-day winter sports attraction is scheduled this year on February 3, 4 and 5. The coronation banquet will be held at the Barnes Hotel Saturday, February 4, and the queen's ball will be staged at the Community Building in East Tawas the same night.

Arrangements for the coronation banquet are being made by T. M. "Bill" O'Loughlin and his committee.

Ski Patrol Commended For First Aid Work

Members of the Silver Valley Ski Patrol were complimented for their first aid work at the ski area during the past two weeks. One skier, who was injured on the slope recently, sent a note of thanks to the patrol for its assistance. Carl Eklund, ski area chairman, said that a local doctor singled out Arnold Gilfix and Robert Donley Jr. for their professional-like treatment of a sprained ankle of an injured skier.

Elwood Bronson, co-chairman of the queen's contest committee, reported that the sale of tickets to select the 1956 winter sports queen is progressing rapidly. Queen's contest entries who sell five books of tickets by this Friday will receive a pair of ski gloves as an additional prize.

Mr. Bronson said that other contests to build interest in the ticket sales will be announced at the next meeting.

A report from the Detroit area Lutheran Caravan, which is scheduled to visit Silver Valley on January 28-29, was read to the committee by George Baldwin, chairman. A total of 40 buses will be here that week-end.

Silver Valley booster buttons were distributed to members of the committee to place in local business places for sale to the public. Purchase of the \$1 button will entitle the wearer to attend the coronation ball and all outdoor activities free of charge during the winter sports carnival.

The possibilities of construction of a chair lift at the toboggan slides was discussed by the members. The committee plans to write for information from various manufacturers who construct such a lift for future consideration.

A program for instructing beginning skiers was started at the valley last week. Some 35 beginners learned basic fundamentals of skiing from Carl Eklund, Edward Siefert, Charles Schreck and the Silver Valley Ski Patrol.

Chairman Baldwin reported that the winter sports area is getting a very large turnout of Wurtsmith Air Force Base personnel each week-end.

Edward Trudell of East Tawas, left, and Clyde Simmons of Tawas City, right, hold a 40-pound bobcat which was killed Tuesday night at the M-55 bridge over the Tawas River when it ran out in front of Simmons' car. The wildcat usually is killed only after long, hard work by a hunter and a pack of dogs and very rarely ventures so close to civilization. Simmons said he was going to have a rug made from the cat's hide by a Saginaw taxidermist.—HERALD PHOTO.

NBC-TV Pleased With 'Perchville' Telecast

A letter of thanks to the people who worked on the Perchville portion of the Wide World television program on January 1 was received by Harold Gould of East Tawas this week from a National Broadcasting Company executive.

Alan Beaumont, network program manager and director of the telecast here, said, "There were so many of your fellow winter sports enthusiasts from Tawas who helped us that I hope you will all share this general thank you to you as the spokesman for the entire group."

"Every report I have read from the press, the public and NBC in New York indicates that our Perchville story was one of the most successful originations Wide World has ever done," Mr. Beaumont said. "Aside from the fine work done by the crew and staff of WNET-TV, the largest measure of credit must certainly go to you and your friends for the successful undertaking of a monumentally large task in literally transplanting Perchville from Tawas to Bay City. Unfortunately, this is the kind of behind-the-scenes effort which so often goes by unrecognized by the public. However, rest assured that everyone connected with Wide World is fully aware and deeply appreciative of your tremendous cooperation."

Perchville Shanty Burned Friday

Chester Parker, mayor of Perchville, reported this week that the Schreck Lumber Company shanty at Perchville was destroyed by fire last Friday night around 5:00 p. m. Mr. Parker said that he checked the shanty earlier and it was being used by an elderly man. Flames and smoke from a burning oil stove ruined the interior of the shanty.

Nearly all of the reservations at the popular ice fishing village on Tawas Bay were used last week-end by downstate fishermen. Good catches of perch were reported to the chamber of commerce office.

The NBC executive concluded his letter by saying, "Please accept one more large assignment from us and pass the word around as far as possible that we say sincerely thank you. Hope we will be working with you on another originations from your area in the future."

Since New Year's Day when Perchville appeared over the NBC television network, literally hundreds of letters have been received by the Tawas Chamber of Commerce, businessmen and the people who appeared on the program from viewers in various sections of the country.

An estimated 60 million viewers watched the program and it is thought to be the largest single publicity outlet ever received by the Tawas area.

Mr. and Mrs. John Katterman Sr., Mrs. Arthur Wendt, Kirk and Carolyn were lunch guests of Mrs. Delbert Albertson and children on Sunday. They helped Donald celebrate his seventh birthday.

CONSERVATION DISTRICT TO MEET AT HALE FRIDAY

The annual meeting and election of directors of the Iosco County Soil Conservation District will be held tomorrow (Friday) at the Plainfield Township Hall at Hale.

Two directors are to be elected for three-year terms. Harry Krueger of Wilber Township and L. J. Blaylock of Hale are the directors whose terms are completed this year.

Norman Brown of the Michigan Department of Conservation will be the speaker.

The program starts at 1:00 p. m. with a movie and ends at 4:00 p. m. An oyster stew will be served at no charge after the address. Everyone within the boundaries of the soil conservation district is invited.

Mrs. Pierson Resigns From Library Board

The resignation of Mrs. Edd Pierson as member of the Iosco-Arenac Regional Library Board, was accepted at the January meeting of the Iosco County Board of Supervisors which convened this week.

Mrs. Pierson had been a member of the library board for a number of years, but is making an extended visit in California and felt this interfered with her duties on the board. N. D. Vaughan of Oscoda was appointed to fill the vacancy caused by her resignation.

The board adopted a resolution at Tuesday's session of the board recommending a change in the school code. At the present time members of the county boards of education are appointed.

The board of supervisors, in the resolution, asked this be changed to an elective office, and that the activities of the county board of education be reported to the board of supervisors in the same manner as all other departments of the county report their activities and business.

Annual reports of all departments of the county, with the exception of the county road commission, were made during the meeting of the board. The road commission furnishes its report at the April meeting.

Departments reporting Monday and Tuesday were: County clerk, county treasurer, register of deeds, sheriff, regional library and county agricultural agent.

Income from national forest lands amounting to \$2,911 was apportioned to the several townships with acreage in the forest area.

Chairman Theodore Bellville stated Wednesday morning that the board planned to complete its work Wednesday.

Braves Lose to Hale; Win from Bay City

After dropping their fourth loss in five times to the post this season Friday night, 46-43, to Hale, the Tawas Area Braves roared back to trip Bay City Visitation Tuesday night by a 80-68 score.

The game against Bay City proved to be just what the doctor ordered to bolster the Braves' spirits after a near famine on the winning side of the ledger this season.

Leading the offensive attack for Tawas Area was Guyette, who garnered 20 points. He was followed by Lepard with 17 and Binder with 16. Trombley for Visitation had 36 points.

Tawas was definitely "on," hitting 32 shots from the floor out of 68 tries, although they missed the first 11 before they scored.

In last Friday night's game, Center Shellenbarger staged nearly a one-man show for Hale when he popped one-hand jump shots from all positions to collect 27 points and lead his team.

(See Braves, page 8.)

Lined up in front of a chartered Greyhound bus at the Tawas City Recreation are members of the Tawas Women's Bowling Association, who traveled to Port Huron Saturday to compete in the state women's bowling association. Some 39 bowlers from here made the trip by bus. The Greyhound driver was Elmer Kusuro, formerly of East Tawas.—HERALD PHOTO.

SFC SMITH EXPLAINS RECRUITING PROGRAM

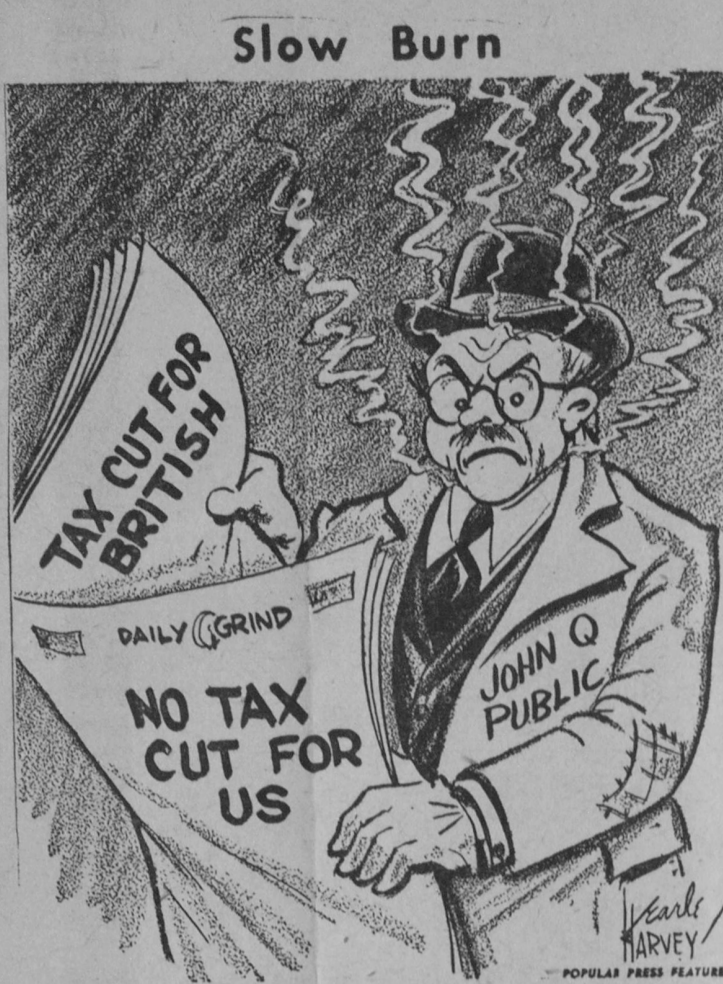

The Tawas area, a comparative baby in the recruiting service in Michigan, has turned out to be one of the most productive areas for the army recruiting program. Your local recruiter, SFC John J. Smith made his first appearance during the middle of June 1955 by establishing the army recruiting office in its permanent headquarters, room 216, post office building, East Tawas. The Tawas area is located in the heart of the Northeastern Michigan vacation land. The genuine hospitality extended to the recruiting service stationed here, and the military personnel sent here for special duty has made recruiting conditions in this area quite pleasurable.

The success, says Sergeant Smith, may be attributed to the cooperation he has received from the local merchants, the chamber of commerce, and the superior manner with which publicity has been handled by the local newspapers.

Pleasant working conditions are made possible only when the people making up the populace are willing to accept and assist the recruiter. Relationship between the army and the townspeople has made the mission of the army more successful than anyone had anticipated. In the past six months your local recruiter has enlisted a total of 53 men, a figure that can make the community quite proud.

One of the newest programs offered to the young men is the new Army Reserve Act of 1955. Young men may start fulfilling their reserve obligation while they are still attending high school. Through this program they may enlist now, complete their high school education, receive six months of active duty training after their graduation from school and then come back to their home town to fulfill the remainder of their military obligation by attending reserve meetings. Boys between the ages of 17 and 18½ are the age group eligible for this plan. The most recent program came into effect not too long ago, that offers the man his choice of "Branch of Service" before he enlists. This opportunity was offered to those men signing for three years, but it has been extended to the two year enlistees in order to give them an opportunity to choose the job or type of work they like. The two new programs, along with the high school enlistment plan, whereby the high school graduate may choose the school he wishes to attend before enlisting, promises to help Sergeant Smith make 1956 an ever more successful year for the army recruiting service in Tawas.

Any further information may be obtained by writing to Sgt. John J. Smith, room 216, Post Office Building, East Tawas, or calling F0rest 2-3107. There are also information cards that have been distributed in the post offices throughout this area for your convenience.

REPORT OF ARRESTS MADE BY IOSCO SHERIFF

Donald R. Brink, 26, of Flint, formerly of Whittemore, was returned here from Flint for violation of probation. Brink was arrested by sheriff's officers in 1952 for larceny from a auto and was then placed on three years probation. His probation was extended for a period of six months and he was released by Judge Herman Dehnke.

Earl J. Kennedy, 35, of Flint was bound over to circuit court last Thursday when arraigned before Judge Arthur Goulet of East Tawas. Kennedy is charged with writing checks without proper funds. Kennedy was arrested by Iosco County sheriff's officers on a complaint by the G. H. Dorsey Lumber Company of Hale. Kennedy is being held in the Iosco County Detention building in default of a \$750 bond.

Morrison Emery, 33, of Newaygo was arrested by sheriff's officers. Charged with forgery, he was arraigned before Judge Friedman of Tawas City and is being held in Iosco County Detention in default of \$2,000 bond. Complaint was brought against Emery by Paul Schlenker, tavern operator, of South Branch, after Emery forged 23 checks totaling more than \$350. Emery is on probation from circuit court in charge of grand larceny at the present time.

Joseph Mettner, 35, of Osceola, was sentenced to serve 15 days in Iosco County Detention when arraigned before Justice Friedman of Tawas City. Mettner pled guilty to malicious destruction of property. The complaint was signed by Mettner's wife after Mettner had come to her home and attempted to break in. Mettner was also ordered by the court to make restitution for the damage done to the cottage. Mettner was arrested by sheriff's officers.

Ralph VanPatten, 46, of Romeo, formerly of Tawas City, was sentenced to serve 45 days in the county jail on a contempt of court charge when taken before Judge Dehnke. VanPatten was arrested by sheriff's officers on a bench warrant and was returned to Iosco County from Romeo. VanPatten's charge was brought about after his failure to comply with a court order issued by Judge Herman Dehnke in that VanPatten was ordered to pay \$20 per week toward the support of his minor children.

Rollin Jr., all of Tawas. All were issued restricted permits, except Charters, Stonehouse and Rollin, and they were given general permits.

Christian Science. Why the spiritual qualities of honesty, unselfishness and obedience are important to an understanding of Truth will be brought out at Christian Science Services Sunday.

Scriptural selections to be read in the lesson-sermon entitled "Truth" will include Jesus' parable of the sower and his explanation of its meaning for his disciples (Luke 8).

Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (272:3-8): "The spiritual sense of truth must be gained before truth can be understood. This sense is assimilated only as we are honest, unselfish, loving, and meek. In the soil of an honest and good heart the seed must be sown; else it beareth not much fruit, for the sowing element will be human nature uproots it."

The Golden Text is from Psalms (86:15): "Thou, O Lord, art a God full of compassion, and gracious, long-suffering, and plenteous in mercy and truth."

Harold Bouchard accompanied John Beaubien to Saginaw Saturday where they spent the day.

Friends are very sorry to hear of Mrs. Walter Miller's illness and wish her a quick recovery. She was a patient at Tawas Hospital the past week.

Word was received recently by William Rapp's mother of his arrival in Korea.

Mrs. John Jordan of McIvor was a visitor at the home of her sister, Mrs. Charles Koepke, during the past week.

Mr. and Mrs. William Struthers and Mr. and Mrs. Theodore Anschuetz spent Wednesday evening of last week with the Clarence Earls in Tawas City.

The Laidlawville Demonstration Group met with Mrs. Inez Pomerantz Tuesday of last week. The euchre club met at the Glenn McLeod home last Sunday evening.

Visitors of Mr. and Mrs. John Katterman Sr. during the past week were: Mr. and Mrs. Austin Allen of McIvor, Mr. and Mrs. Andrew Anschuetz and Mr. and Mrs. Jane Vedmore spent a week in Virginia with her daughter and granddaughter.

Paul Anschuetz was a Sunday dinner guest of the Leonard Hosbachs at Tawas City.

Henry McLeod of Cabri, Saskatchewan, came Friday to visit the Glenn McLeods and renew acquaintances with old friends. This is Mr. McLeod's first visit here since the death of his father, the late Malcolm McLeod, in 1939.

Friends are glad to hear that Arthur Kobs is much improved in health and able to return home from the hospital in Saginaw.

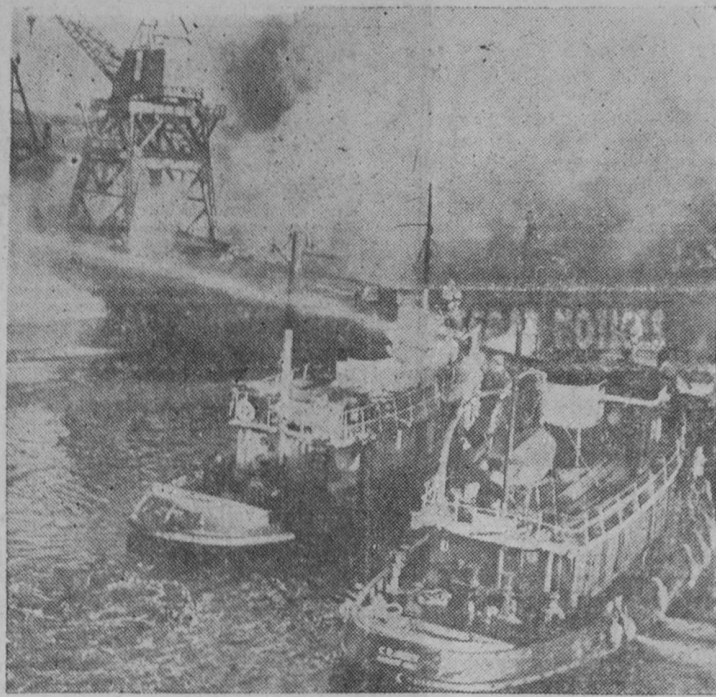

Mrs. Edward Anschuetz returned home from Tawas Hospital where she was a patient for several days.

January 31 Final Date for Approving ASC Loans

Lawrence R. Ball, chairman of the Isoco County Agricultural Stabilization and Conservation Committee, advises that January 31, 1956, is the final date for approving loans and purchase agreements for eligible 1955 crops of barley, wheat, oats, rye, soybeans, dry edible beans and flaxseed. However, applications must be in the county ASC office before this date to allow time to complete the necessary inspections and loan documents. Applications for farm-stored loans should be in at least 10 days before the final date to allow time for the samples to be taken and graded.

Isoco County has a small loan program; however, there are loans on file covering 917 bushels of wheat and 156 hundredweight of dry edible beans of the 1955 crop.

The department of defense has announced its plan to proceed with the development of a middle-range wingless missile, which would be supersonic and have the capability of blasting targets more than 1,000 miles from the firing site. The air force will have the primary role in developing this weapon.

Firemen play a stream of water on the pier in Houston, Texas, in an effort to save a 50-ton crane from a watery grave. Tugboats were used by the firefighters in an effort to extinguish the fire that consumed the pier and dry dock and did an estimated \$3,000 damage.

With Our SERVICEMEN

The following two men have been issued orders to report for physical examinations January 24: Richard C. Kilpatrick, East Tawas, and Curtis E. Kaufmann, Saginaw.

Five men will report for induction from Isoco County on February 1. They are: Larry E. Kindell, National City; James M. Bolen, East Tawas; Lawrence S. Bessey, Tawas City; Franklin Bischoff, Tawas City, and Richard E. Webb, Garden City.

Those seeking assistance through the program will find ready help available.

In 1954 a law was passed that ACP cost sharing could not be offered to any farmer who did not comply with the acreage allotment on his farm. But effective with the 1955 crop year there are no allotment restrictions tied to ACP. Isoco County farmers who overplanted their wheat allotment for extra feed, for instance, are no longer prohibited from participating in the ACP Program. This puts many farmers in a position to undertake conservation measures with the aid of ACP who were previously ineligible for its help.

The Agricultural Conservation Program shares with the farmer the cost of many conservation practices that are considered in the interest of the nation as a whole. The practices included in the Isoco County ACP Handbook for 1956 are establishing a permanent pasture; application of lime on farmland; contour strip-cropping; planting trees and shrubs; permanent improvement; thinning, release and protection of forest trees; establishing soil waterways; construction of field diversion and open ditches and file drains; winter and summer cover crops; green manure crops, and construction of structures for erosion control.

The Agricultural Conservation Program is one of the several programs handled by the Isoco County ASC Committee located in the Federal Building, East Tawas. A contact with Mrs. Mary M. Byrd, office manager; Lawrence R. Ball, chairman of the county committee, or one of the committee members, Carl Schmalz or Victor Herriman, might prove helpful. Applications for assistance by federal cost-share on the above mentioned practices are being taken now, and may be filed at the county office.

Name New Vestrymen at Christ Episcopal

Christ Episcopal Church named four new vestrymen at its annual parish meeting last Wednesday night, January 11.

Elected for three-year terms were George Gifford, Russell H. McKenzie, Charles Pinkerton and Bert Stoll. Retiring from the vestry are L. G. McKay Jr., Clarence R. McMullen, Dr. Arthur F. Bloesing and Clarence S. Everett.

Continuing vestrymen are C. M. Dwight Wood, J. Richard Newman, R. G. Schreck, Wayne A. Pollard, Charles Lemon, George F. Olmstead and Lewis Besancon.

A pot-luck supper in the parish hall preceded the annual meeting, at which reports of activities of the various church guilds, women's auxiliary, men's club and church school were presented.

The Rev. Richard P. Jennings, rector, presided.

WINTER IS OPPORTUNE TIME FOR CONSERVATION PRACTICES ON FARMS

With a new year lying ahead, many farmers are looking over their farmland at this time with a view toward installing some conservation measures. Many conservation practices can be planned now when the land is not covered with crops. Drainage and liming materials are two of these.

Farmers who are contemplating conservation measures would do well to check to see what are considered the most pressing conservation problems. Agricultural conservation program cost-sharing, materials and services are keyed to the local situation and usually the most needed conservation measures are those for which ACP assistance is offered.

Smartest Buy in the fine-car field

You've probably noticed that more and more people seem to be stepping into the upper circle of fine cars.

And there can be no doubt that "good times" have a lot to do with this.

But all by itself, it doesn't explain the sudden spurt in sales of the finest of Buicks—the 1956 ROADMASTER.

For it has always been our experience that folks with the wherewithal to buy any car they choose are apt to be the choosiest of all.

So it seems quite clear that the marked and increasing preference for ROADMASTER is in the fineness of the car itself.

We can tell you why very simply.

ROADMASTER starts off with all the virtues that have vaulted the full line of Buicks to soaring popular favor—then caps that acclaim with a worthiness all its own.

You sense this special eminence at once—in the individualized styling of this gracefully proportioned car.

You recognize it again—in the quiet elegance of its custom appointments—and in the good taste of its luxurious fabrics and color harmonies.

But you know it for sure in the lift and thrill and spirit of ROADMASTER performance.

For here is the obedient might of the highest-powered V8 engine in Buick history—coupled to the flash-fast response and absolute smoothness of an advanced new Variable Pitch Dynaflo—most modern transmission in motoring today.

And here is Buick comfort, Buick handling ease, Buick roadability, and the great Buick ride—each brought to its peak in this Buick of Buicks.

In all truth, no man who puts true merit above mere symbol could ask for more than is his in ROADMASTER.

If that applies to you, we'll be happy to arrange an introduction. Will you phone us—or come in—for a demonstration soon?

Whittemore C of C to Meet January 19

The Whittemore Chamber of Commerce will hold its next meeting Thursday, January 19, at the Methodist parish house at 8:00 p. m.

Reports will be given on the traffic safety meeting held in Saginaw on January 11.

A film entitled "The FBI" will be shown. A good attendance is urged.

More than 2,200 state and federal waterfowl specialists have begun their annual count of migratory waterfowl.

Juvenile Grange to Hold Skating Party

The Whittemore Juvenile Grange members met Saturday afternoon for their regular monthly session with Master Brian Bellville in charge. Plans were made for a skating party Sunday afternoon, January 22, at 2 o'clock at the Milford Blakely home. Members are urged to bring skates, sleds, tin pans, etc., and plan to have a good time. A wiener roast will complete the afternoon.

The members are going to work toward becoming an honor Grange in 1956.

Two games were played with Lecturer Sharron Sylvester in charge. Lunch was served.

CAVELL NAMED TO HEAD IOSCO SPORTSMEN

Named to head the Iosco Sportsmen's Club this year was Dr. E. B. Cavell, at a meeting of the board of directors held at the Barnes Hotel January 3.

Other officers elected were Val Fallu, vice president, and Wayne Vaughan, secretary-treasurer.

Earlier this year the club elected a new board of directors. New members include Clifford Guyette, Bert Johnson, Arthur Leitz, Wayne Vaughan, Val Fallu, Donald Hogaboam, William DeGrow, Walter Deering, Carl Wohlheiser Jr., Donald Phillips, Elmer Stensrud, A. Don Anderson and Ted Kysar.

Committee appointments were as follows: A. Don Anderson, program; Val Fallu advertising in MOOD; Donald Phillips and Bert Johnson, membership; Donald Hogaboam, wildlife; A. Don Anderson, legislature; Earl Wight, auditing; Arthur Leitz, rifle range; Robert Deloria, conservation education, and Clifford Guyette and Donald Phillips, publicity.

The club voted a total of \$30 to buy corn to feed the pheasants in this county by the conservation officer. The members voted to ask the conservation department to have the pheasant and partridge season open on the same day this fall.

Whittemore News

The Whittemore Women's Club met at the home of Mrs. William Curtis Wednesday night with Mrs. L. Armstead and Mrs. H. Heierman assisting hostesses. Twelve members answered to roll call.

Mrs. A. Miller, president, presided. In observing music night, Ernest Smith, with several of his pupils, presented clarinet, trumpet and piano selections. Those taking part were Karen Dickey, Sonna Charters, Betty St. John, David Sturtevant and Garwood Bronson. Mr. Smith gave a very interesting talk on music and explained different kinds of musical instruments.

A very tasty lunch was served by the hostesses.

Mrs. Sarah Chase is very ill in Tawas Hospital where she is in an oxygen tent after suffering a stroke.

Mr. and Mrs. Edward Duengel and two sons of Flint and the latter's father, William Austin, who were in an automobile accident the day after Christmas while bringing Mr. Austin home to Whittemore, were able to leave Mercy Hospital, Bay City, where they were taken after the crash.

The Rev. Wesley Dafoe of Detroit spent a few days here during the holidays with friends.

Mr. and Mrs. William Wercley entertained their family last week-end. The occasion was the birthday anniversary of Mr. Wercley and also their wedding anniversary. Those present were: Mr. and Mrs. Howard Cole and son of Alpena; Mr. and Mrs. Earl Sams and son and Mr. and Mrs. William Karr, all of Saginaw, and Mr. and Mrs. William Wercley Jr. and family of Hale.

Mrs. Emma Smith entertained her two sisters, Mrs. Mary Bartlette and Mrs. Esther Yarrington, both of Midland, and her two brothers, Hiram Brintnell of Twining and Oren Brintnell of Tawas, on Sunday. The occasion was Mrs. Smith's 84th birthday.

Mr. and Mrs. Reuben Edie spent Thursday in Ann Arbor where Mr. Edie entered the University Hospital for treatment.

Mrs. Cecil Bronson underwent an operation at Standish hospital the past week.

Mayor and Mrs. E. J. Williams and son left the past week for Tampa, Florida, to spend several weeks.

Mr. and Mrs. Donald Haddix and son and Mr. and Mrs. Donald Strayley and baby, Midland spent last Sunday afternoon at the William Fuerst home.

Mrs. Charles McKenzie has returned from spending the holidays in Lucky, Ohio, with her son, Howard, and family.

Mr. and Mrs. Gene Wood left Friday for a two-week visit in Texas with Mr. Wood's sister.

Mrs. Alma Pake and Mrs. H. Wesenick visited Mrs. Sarah Chase in Tawas Hospital Thursday afternoon.

Friends were sorry to hear that Mrs. Walter Redman fell on some ice last Saturday and suffered a broken leg.

Getting to Know Us

By Tawas Area High School Journalism Class

Once again the Tawas Area Band is in practice for the annual contest which is being held in Oscoda on February 23. The three numbers which were given to the Class B schools this year are: "Fugue in F Minor," "Overture in Classical Style" and "A Westchester Overture."

One of these numbers will be chosen by the Class B band directors. The number that is chosen will be the selected piece to be played by all Class B bands. In addition to this number there are two more pieces that are played by each band. The first is a warm-up march and the second is an overture which is selected by each band director. The two numbers chosen by the Tawas Area Band are: "Colonel Bogey March" and "Aurora Overture."

The band is looking forward to A1, the highest rating that a band can get.

The band is also getting ready for the annual band concert which is going to be presented to the public on February 10 and 11. Many hours of hard work are going into the pieces which will be played at the concert. The proceeds from this concert will be used to further the instrumentation of the band.

In the near future the band hopes to enlarge some sections, add other pieces, such as basson, bass trombone and tympanics.

In the future, Tawas Area will be very proud of the band which is under the very capable direction of E. J. Rima.

Rhoda Kelly will take her audience to Greece via color slides and show how women work in the field picking cotton and tobacco; how they cook outside, and how young girls embroider, spin and weave in making clothes for their dowry.

The dinner table experts, a panel of folks from the foods, public health and animal husbandry departments of Michigan State University, will welcome your questions on food preparation, baking, cooking, freezing, canning, storing food, food costs and other food subjects.

If you cannot be there in person, you can send your question in ahead of time. The program may be broadcast over WKAR and you could listen. Send questions to Roberta Hershey, Home Economics Building, Michigan State University, East Lansing.

Which day's programs could be most helpful and interesting to you? Will you be interested in attending the event for one or more days? If you would like to talk over the idea, call your Cooperative Extension Service office, FO 2-3751. Maybe we can plan for a carload of women to go down this year. Let's start planning early, though. Call us now, or write a note.

Officers installed by Installing Officer Georgia Yancer were: Netra Benson, president; Georgia Yancer, junior vice president; Hattie Dingman, chaplain; Hazel Deering, secretary-treasurer; Mildred Ulman, patriotic instructor; Ethel Featheringill, guide.

A delicious pot-luck chicken dinner was served before the meeting.

The next regular meeting will be held at the home of Mildred Ulman Wednesday afternoon, January 25, at 1 o'clock. Special chairman for the month of January are Hattie Dingman and Hazel Deering.

SHAMES DRUNK DRIVERS
Trying a new appeal against drunk driving, Parma (Ohio) police have erected a sign along a busy road, reading: "Shame on you for driving after drinking."

January 30-February 3—Farmers' Week, Michigan State University, East Lansing.

A look at the programs planned on Tuesday, Wednesday and Thursday during Farmers' Week is proof that names do not mean a thing. In other words, Farmers' Week is not for "men only."

On Tuesday you can learn about the serviceability of glass curtains, the worth of dry solids in diets, the ways families use their homes, nutritional value of family food purchases, fashioning the landscape for your home and hear of IFYE experiences by word and picture.

Wednesday programs provide a look at homes in other countries—Okinawa, England, Ceylon; a look ahead for Mrs. Consumer, and a chance to stomp the dinner table experts.

Thursday begins with pills, foods and fancies is followed by thoughts on living in today's world and a fashion story in fabrics (including a dress revue.)

Mrs. Edward Nelkie called to tell us about the interest at a meeting held by seven women who are considering a home demonstration group. Mrs. Walter Kasischke presented an excellent lesson on the topic, "Braided Rugs." She and Mrs. Reginald Bublitz will attend the January meeting for home demonstration group leaders and another meeting of this group is planned for February.

Any women who would like to meet with them can arrange to do so by calling any of the women named here, or call your home demonstration agent.

More names of women who wish to do furniture finishing or refinishing have arrived. Plans will be made to start this project during the week of January 16.

Soft water, either rain water or distilled water, is recommended for use in steam irons. Some manufacturers do say it is permissible to use regular tap water. However, hard water tends to form a lime deposit that cakes the sides of the cavity and may close the steam vents. If you must use hard water in your steam iron, occasionally fill the reservoir with distilled vinegar. Allow it to steam for 15 minutes, then leave it in the iron overnight. In the morning pour out the vinegar and thoroughly rinse the cavity with water.

AID TO SCHOOLS
Federal aid for the construction of schools, rather than use of federal funds to meet school operating expenses, is now being considered by the Eisenhower administration. The administration "will present to the congress a broadened and improved program of federal assistance to help erase the classroom deficit," according to Marion Folsom, secretary of welfare.

New Pastor Installed at St. Paul's Lutheran Church

The Rev. A. F. Schultz was installed as pastor of St. Paul's Lutheran Church, Hale, at services held last Sunday night. The Rev. Kenneth Vertz of Owosso performed the rite of installation and the Rev. Leonard Newman of Tawas City gave the sermon. Assisting were the Rev. Ernest Ross, the Rev. E. E. Bickel of Tawas City and the Rev. H. Lemke of Lincoln.

Mr. Schultz was formerly at St. Paul's Lutheran Church of Monroe, Michigan.

JUNE IN JANUARY!

Time was when fresh fruits made their appearance in Michigan only in the summer—when they were in season.

But—thanks to the fast, flexible transportation trucks provide—our eating habits have changed a lot the past quarter of a century—and much for the better, of course.

Now, no matter where you live in Michigan, food stores are filled with a bountiful array of choice things to eat in every department. Nowadays, delicacies know no season.

Merchants today don't have to order in large quantities that stay on their shelves until they lose their crisp freshness. Truck transport has turned miles into minutes—and your standard of living is better because of this.

The low angle of the camera makes the subject and the occasion stand out in importance in this appealing shot.

Angling for Importance

It's amazing how different one subject can look when pictured from various angles. That's why we so often remind you to think twice before shooting from the customary straight-on point of view.

Looking up, or looking down, on a subject through the viewfinder of the camera can change the whole feeling of the picture. Looking up at your subject tends to emphasize its importance, to give it stature.

The illustration we selected for today's column proves this point quite definitely. A straight-on shot of the young miss in her party dress would have made a very nice picture. But the picture taken from the low angle dramatizes the importance of the occasion and calls attention to her dress' part in this importance.

In this particular picture, the background is naturally charming and appropriate and could be

viewed satisfactorily from any angle. However, that's not always the case. Sometimes a change in camera angle can transform the background completely—turning it from a cluttered, distracting one into a neutral or complimentary setting for a lovely subject.

For example, in an indoor picture, a low angle may give you plain wall-space for a background, from a straightforward shot would reveal furniture to call some attention from the subject. Outdoors, the low angle shot can often make use of the sky as a background—and you won't find a better one.

No matter what your subject, don't be afraid to view it from more than one angle. The extra seconds spent looking through the viewfinder can pay big dividends in picture satisfaction.

DAYS ARE LONGER, BUT DON'T LOOK FOR SPRING

It may be hard to believe, as winter tightens its grip, that the days are already getting longer, and the sun shines on the United States a little longer each day.

This is because the winter solstice occurred in late December 1955, when the sun entered Capricornus.

Spring this year will come with the vernal equinox on March 20, at 10:21 a. m., when the sun enters Aries. It is hard to believe that spring is only about two months away, but that is when spring begins this year.

The summer solstice occurs on June 21 at 5:24 a. m. when the sun enters Cancer, and summer will last until the autumnal equinox on September 22, at 3:36 p. m. when the sun enters Libra.

Thereafter, autumn will continue until the winter solstice, which occurs on December 21 at 4 o'clock in the afternoon, when the sun once again enters Capricornus.

For those who watch morning and evening stars, Mercury is favorably situated to be seen as an evening star in January, as is Venus, which will be an evening star longer than Mercury, or until about June 22.

Thereafter, Venus will be a morning star for the rest of the year. Morning stars to be seen now include Mars, which will be a morning star until September,

when it will become an evening star for the rest of the year. Jupiter will be a morning star until February 16, and Saturn will be a morning star until May 20. From that date until November 27, Saturn will be an evening star.

The average price was \$1.31 a bushel, compared with \$1.43 last year. Cotton was second, valued at \$2,420,529,000. Tomatoes ranked first among fresh vegetables, with a value of \$141,032,000, while oranges led the fruits with a value of \$268,158,000.

Interesting Program Given at Grace Lutheran Church

An interesting program was given at the Grace Lutheran Ladies Aid meeting held at the church last Thursday evening. The Rev. Robert Nelson led devotionals.

The program theme was on the new year entitled, "More Stately Mansions." Taking part were Mrs. W. D. Nunn, Mrs. Richard Harwood, Mrs. Emma Sloan, Miss Helen Applin, Mrs. Robert Nelson, Mrs. Charles Nash. The "Chambered Nautilus" by Oliver Wendell Holmes was recited by Mrs. Sloan. Miss Applin was program chairman.

Mrs. J. J. Austin led the business session. Plans were made to serve meals February 18 and 19 for the Luther League of Bay City which will spend the week-end in East Tawas. Mrs. Elmer Werth is general chairman. A bake sale was planned for January 27.

After the meeting, refreshments were served from a table centered with an arrangement of yellow and white chrysanthemums flanked by pink candles in crystal candelabra. Hostesses were Mrs. William Ludwig, Mrs. Melvin Brown, Mrs. Charles McCormick and Mrs. Austin.

"Hot Flashes Stopped" or strikingly relieved

In 63-80% of cases in doctors' tests

If you're miserable from the "hot flashes," and accompanying irritable, restless feelings of "change of life" — you may be suffering unnecessarily!

For tests by doctors — Lydia Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 63% and 80% respectively of the women tested (Complete or striking relief)

Yes! Research has proved these medicines thoroughly modern in action — has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change of life."

So get Lydia E. Pinkham's Vegetable Compound — or new, improved Tablets with added iron! (Wonderful, too, for the additional pains of menstrual periods.)

It acts through a woman's cranial-nerve system to relieve distress of those "hot flashes."

FIVE CRASHES IN ONE

A fire engine, on its way to a house blaze at Norton, Virginia, roared down United States Highway 58. Paul Carroll, in a pickup truck, swerved to get out of the way and his truck skidded and dropped 15 feet over a bank. An ambulance, summoned to take Carroll to a hospital, was

hit on the left side by a passenger car as it pulled off. The passenger car blocked the flow of traffic. Another car skidded into a ditch trying to avoid vehicle No. 3. A fifth car missed the ditch but hit vehicle No. 3. All five vehicles suffered heavy damage, and, in the meantime, the house burned to the ground.

Friday, January 20—Soil Conservation District annual meeting, 1:00 p. m. until 3:30 p. m. at Plainfield Township Hall in Hale.

Monday through Friday, January 20 to February 3—Farmer's Week at Michigan State University, East Lansing.

How are your income tax and social security problems coming along? One thing many farm folks will find is the need for a Schedule F. If you need Schedule F or the 1040, let us know. Both the post office and our office have copies (while they last).

Any of our farm folks who "grossed" \$800 or more from the farm may be eligible to pay social security tax. "If in doubt, better find out." Let phone FO-2-3751 or drop in our office when you are in East Tawas.

Before the United States gets a farm program that will solve problems, people in general will have to realize that farmers have widely varied incomes.

They are going to have to get over the idea that price supports can even out those incomes or make them equal to those in some other business.

This is the opinion of Agricultural Economist Lawrence Witt of Michigan State University.

When people think of "the farm problem," they lump together many different kinds of people—part time, retired farmers, the highly skilled dairyman and the hog producer who raises grand champions.

Most people would agree that price supports give little help to the small-scale operator—the amount he produces would not make a good living if he sold it for twice the price he is getting now.

While price props help some farmers, goods they produce are priced out of export markets. Along with this, European farmers have applied some of our farm technology to help them produce cheaper food. All this has helped add to our surplus and the general income price decline of 20 percent since 1950.

Per capita farm income declined less than 10 percent during that time. Reason for the comparatively softer blow, according to Witt, was that 2,000,000 people moved out of agriculture during those years.

So, if the many of the poorer farmers would move out of agriculture into more profitable jobs, farm income would suffer less, Witt says. But he adds, "It costs money to change occupations and people resist such things for other reasons, too."

While the government tries to stem the blow of farm price declines with supports, the problem of low income continues, along with trade barriers, Witt says.

Actual performance is a good guide to the best new vegetable varieties.

After looking at new varieties in seed catalogs, I would suggest that gardeners try them alongside the usual proven varieties.

Of the new tomato varieties, Fireball impressed many early tomato growers last year, but others found it overly fruitful because of a warm spring. Fireball has a large, mild fruit or small bush and often ripens in early July. Wiltmaster and Alamo are new fusarium-resistant but ripen late in the Rutgers season. Roma is a fusarium-resistant variety similar to Red Top.

Two new cucumber varieties, Stono and Ashley, are downy mildew resistant. Wisconsin SMR 12 is scab and mosaic resistant to make it an excellent market or home grown pickle.

Gold Pak carrot is very long and slender and well adapted to pre-gardeners but it is not recommended for heavy soils.

Three new cabbage varieties conform to the latest cabbage fashion of small heads. They are Greenback, Badger Market and Badger Ballhead. Resistant Red Acre is slightly larger and later than regular Red Acre but not as deep red. C-C Cross Hybrid is extra early but not as yellow and resistant.

Rabbits can do serious damage to trees and shrubs in winter. Their normal food supply consists of shoots, branches and buds as well as bark. If rabbits are numerous in your area, apply a repellent on valuable trees and shrubs as a cheap and effective way to prevent rabbit damage.

Mix seven pounds of resin in one gallon of ethyl alcohol and allow to sit overnight before using. The Michigan State University specialists, Donald Hayne and H. A. Cardinell, point out that only ethyl alcohol should be used. Methyl alcohol (or methanol) will not dissolve the resin.

Do not heat the mixture. Do not be alarmed if the mixture turns white as its effectiveness is not harmed.

The final product is a heavy varnish-like mixture that should be applied to the tree with a paint brush. It is not effective on the snowshoe rabbit.

The United States Fish and Wildlife Service has recently developed a repellent called TNB-A which will be tested for use under Michigan conditions soon. TNB-A should not be used on coniferous trees such as evergreens.

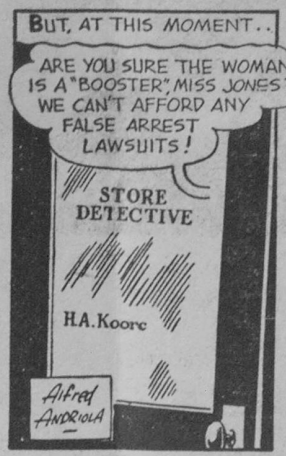

Michigan farmers will have a new and better alfalfa variety to seed next spring if they buy it quickly.

Michigan State University scientists say they have had extensive tests with the new variety, Vernal, and it is clearly superior to other varieties.

In two years of testing they found Vernal was more resistant to bacterial wilt than Ranger—previously the best variety—somewhat more winter-hardy and far more resistant to leaf diseases.

On top of all that Vernal yields almost a ton and a quarter more hay per acre during the two

years of testing, and it will cost only about 50 cents more per acre than Ranger seed.

Only certified Vernal seed should be used in Michigan. A short supply is available through most seed dealers.

Farmers should tell seed dealers early about their need for seed of the new variety. The seed supply of other recommended varieties is ample.

Iosco County already has 100 acres sown by Warren and Howard Brit, Joseph Barnes, Ralph Harris, Thomas Nelkie, Waldo J. Curry, Earl Daugharty, Victor Herriman and Martin and Harold Siegrist. They will harvest their first crop this year.

4-H Clubs

By Dorothy Scott County Agent

Saturday, January 28—4-H Club Officers Training School, Federal Building, East Tawas.

There is just one way to avoid a basketball game on Friday night and having a meeting on school nights—that is to have a Saturday meeting.

So that is what is being planned for some officers of the Community 4-H Clubs. At this time it is planned to help presidents, vice presidents, secretaries, treasurers and reporters to learn how to be the best possible officers of their 4-H Club.

The 4-H Clubs very likely have community and project reporters. We urge all reporters to come for the training meeting.

Do you know there are awards for the 4-H Clubs that have 100 percent attendance of the officers named and the community leader?

Saturday evening, January 28, from 8:00 p. m. to 9:30 p. m., at the Federal Building in East Tawas is the club officers training school.

Reporter Kay Bowman of the Clover Kiddies 4-H Club tells us, "This is the second to the last meeting of the breakfast project. It was decided that we would use the club dues to buy foods for the breakfast we are going to make at the end of the project. It will be at Mrs. Albert Conklin's home. Our leaders, Miss Scott and another guest will be invited."

"Our new secretary is Judy Bolen, Debby Barkman, vice president, is acting as president."

Dairy, livestock and food preparation project leaders, your attention please.

An opportunity to pick up some ideas, perhaps share a few of your own, is coming your way shortly.

Project leader training classes will be conducted by assistant 4-H Club leaders from Michigan State University on a district basis in February.

The meeting closest to Iosco leaders will be in Standish on February 14 from 10:00 a. m. to 3:30 p. m.

We will be very happy to arrange for transportation of dairy, livestock and food preparation project leaders who want to go.

By the end of this week every 4-H Club family should receive a large brown envelope containing a 1956 4-H Club calendar. It is provided you by one of Iosco "Friends of 4-H," Mathews five cents to five dollar store in East Tawas.

Right away mark the January 28 date for our officers training school. We hope you will find this special calendar convenient for keeping track of your 4-H Club dates during the coming year, other dates, too, for that matter.

More 4-H dates can be found right now in the supplement to the 4-H Club handbook which will also be found in this same envelope. It is packed with other information you will find useful and helpful during 1956.

1955 Highway Fatalities

Estimated at 38,500

The National Safety Council recently estimated that 38,500 persons were killed in 1955. This was a tentative estimate and official figures may prove the total to be even higher.

The estimate of dead in 1954 was 36,000.

In other words, the traffic death toll jumped several thousands in 1955. It approached the all-time record of 39,969, and official figures may show that it is closer to that figure than tentative compilations indicate.

In the Korean War, 33,417 United States soldiers, sailors, marines and airmen were killed in over three years of fighting. Yet the total does not equal the number killed on the highways and streets of the United States in 1955 alone.

Unless the trend is changed, 1956 is sure to be a record year, and deaths recorded on our highways and in the cities this year will exceed the all-time record of 1941, and top the 46,000 figure.

If the increase continues its present pace, it will only be about five years before we are killing about 1,000 Americans a week in traffic accidents. These figures are a pretty convincing argument in behalf of safer streets and highways and more care on the part of the drivers of motor vehicles.

NUMBER FOUR IN THE TAWAS HERALD'S MYSTERY FARM CONTEST

WHO OWNS IT?—Pictured above is another "Mystery Farm." If you can name the owner and give the location of the farm, you may win a free one-year subscription to this newspaper. Call or bring in the correct identification to The Tawas Herald office. The farm owner will receive a free five by seven inch mounted picture of his farm buildings by calling at this office.

Mystery Farms Getting 'Tougher'

"Mystery Farm" number four in the current series of aerial pictures appearing in The Tawas Herald has been identified as belonging to Charles and Raymond Kobs and is located five miles west and one mile north of Tawas City. Some 63 persons called the Herald office with their answers during this week's contest and there were 55 persons who correctly identified the farm.

Winners in the weekly contest were John A. Dickey of Whittemore and Herbert Cholger of Tawas City. Each received a free one-year subscription to this newspaper.

This week's photo on this page is another difficult farm to identify and should be a good test of the reader's ability in recognizing his neighbor's farm or his own, from an unusual angle.

Mystery Farm number four brought replies from several out-of-county readers. Edward Rempert of Livonia, Michigan, correctly identified the farm. He worked for Otto Kobs Sr. at one

time. A post card was received from Jack A. Allen of New Orleans, Louisiana, with his guess.

Last week's farm, Kobsdale Acres Dairy Farm, has been in the Kobs family for three generations. In 1879 the farm was purchased by August Kobs from Jacob Katterman and from 1903 to 1945 it was owned and operated by Otto Kobs Sr. The Kobs' two sons, Charles and Raymond, took over operation of the farm in 1945.

During the early years general farming was practiced by the Kobs and in 1945 Charles and Raymond switched to dairy farming. At present they own 48 registered Holsteins and recently changed to a new system of bulk cooling and handling of milk.

The farm is operated under a five-year crop rotation program and grass waterways are used for drainage problems. Corn silage is stored in a 350-ton trench silo.

Soil conservation practices at the farm include the annual planting of 1,000 to 2,000 Scotch pine and Norway pine.

The Kobs brothers are members of the Iosco County Farm Bureau, Iosco County Soil Conservation District, artificial breeders association, Holstein Friesian Association of America and the state Holstein Friesian Association.

Curriculum Discussed at P-TA Meeting Monday

"It takes more than a building to make a school," stated Ronald Butterfield, principal, who introduced 10 members of the high school faculty, during the program on curriculum planning at the Tawas Area Parent-Teacher Association meeting Monday night.

Taking part in the discussion were John Forsten, mathematics; Roland Duke, social studies; Richard Stock, vocational agriculture; Mark Deftbaugh, athletics; Helen Herber, music and art; Mrs. Harold Clark, home making; Edward Rima, band; Mrs. Jerold McEwen and Grace Otis, English, and Miss Georgjann Kiosowski, commerce.

Many practical suggestions were given. Outstanding in the recommendations were a greater variety of courses of study to preclude "drop-outs" and the employment of more teachers to prevent overcrowding of classes.

During the business meeting it was announced that the November room awards were won by the 11th grade and Frieda Erickson's first grade.

Cards

(Continued from page 1.) tory that required two sudden death overtime periods.

Whittemore rang up another victory Tuesday night by defeating Pinconning St. Michael 42-14. The losers attempted to use stalling tactics to keep the score lower, but this backfired when the Cardinals scored at will when the ball was in their possession. Pinconning attempted only three field goals in the first half.

Leading the victors was Freel with 15 points and Fuerst, who meshed 12.

The Whittemore Junior Varsity won over the Pinconning JV's 50-30. Ott and St. Johns led the winners with 13 and 12 points, respectively.

The next game scheduled will find Whittemore at Hale Friday night.

TWENTIETH CENTURY CLUB MET WEDNESDAY NIGHT

Members of the Twentieth Century Club met in the American Legion Hall on Wednesday evening, January 11. The business meeting was conducted by the president, Mrs. George Leslie. Among the items of business were plans for financing a record player for the Girl Scouts.

Mrs. Maude VanHorn led the group in meditation. Program chairman, Mrs. Arthur Giddings, conducted roll call by asking each member to tell the name of the book which she had read last. James Ruckle played two very fine piano solos.

Mrs. Giddings then introduced Miss Leonora Haas, regional librarian, who, with Miss Arlene Leslie and Mrs. Clara Stettner, had come to present the work of the library. Miss Haas told of the recent changes which had made the library into a regional, instead of a county library, and told how financing project was financed. The library now serves Arenac County as well as Iosco.

Miss Leslie told of the changes which this has made in the Tawas City branch and showed several new books to illustrate the variety of services provided for the public.

Mrs. Stettner told of her work with Big George, the Bookmobile, at her many stops in the two counties. In conclusion, Mrs. Stettner reviewed briefly in her most interesting manner many new children's books.

Refreshments were served by the hostesses for the evening, Mrs. Archie Ruckle, Mrs. R. W. Tuttle and Mrs. A. J. Sevensen.

Next regular meeting of the Twentieth Century Club will be held Wednesday evening, January 25, at which time Dr. and Mrs. J. J. LaRue will entertain with tales from Norway.

Braves

(Continued from page 1.) mates to victory. It was a close ball game all the way with Tawas outscoring from the floor, but were unable to convert free throws.

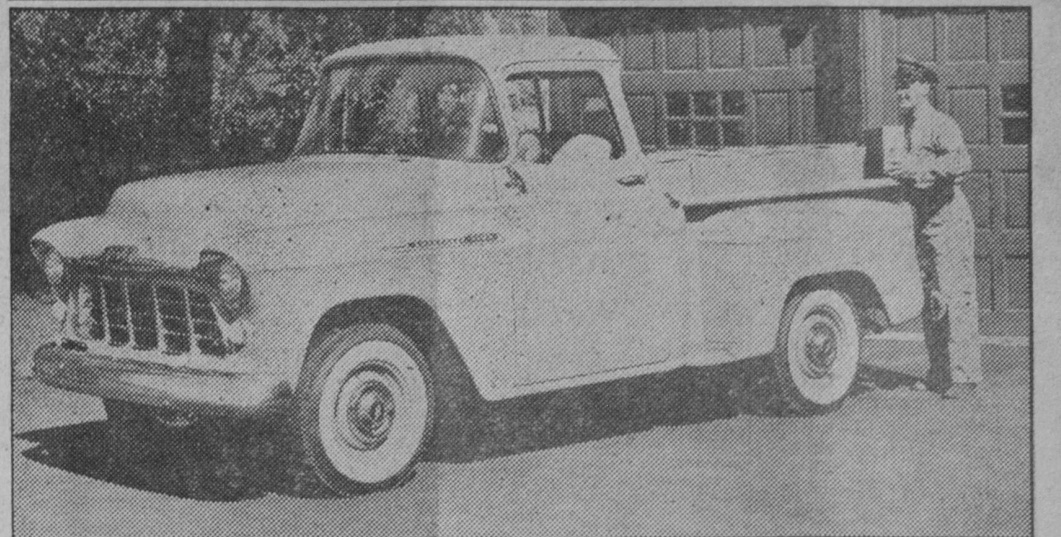

Leading Tawas in a losing cause was Dave Featheringill with 16 points and Guyette with 12.

The Tawas JVs won from Hale Friday night by a 50-36 score and then swamped Bay City Visitation Tuesday night 46-19. Ken Bublitz led the way against the Hale cagers with 18 points while Larry Frank produced 13 points to lead in the Visitation tilt. He was followed by Prescott with 10 and Bill Mick with six.

This Friday night A. L. A. n. t. a, who shellacked Tawas Area earlier in the season, will play here.
